Re: **Mike McCue Park and Boat Ramp**

Subject: **Request for Change Order #1 Alternate #1-Additonal Cost**

Daryl:
As discussed, Shoreline Foundation is will do proceed with the alternate 1 wall work at the boat ramp which would include completely removing the existing sheeting and replacing with new sheeting.
Since the alternate work was not accepted at the time of the bid, SFI has now been able to see and fully understand the work involved with this and are willing to accept the alternate work with an up charge of 25,000.00 plus the original alternate bid amount of 32,827.00 for a total cost of 57,827.00 for the alternate 1 work.

The additional cost is based on now having been on site and see the condition of the existing sheeting, the existing sheeting tops will need to be cut off to be able to get a sheet pile clamp on them to actually be able to pull them out, this will double the effort needed to remove the sheeting. Additionally, due to availability of sheet pile, SFI is using a different sheet pile profile which is project approved but will sit further back to the original wall foot print causing additional concrete work to tie the side of the boat ramp back to the new sheeting.

For the additional work listed above, SFI is proposing this request for change order in the amount of **Fifty-Seven Thousand Eight Hundred Twenty-Seven Dollars and 00/100 ($57,827.00).**

Exclusions:

- Permit or permit fees of any kind
- Engineering of any kind.
- Testing of Any Kind
- MOT
- Any other work other than what is listed above or on the attached spread sheet.

Respectfully,

Re: **Mike McCue Park and Boat Ramp**

Subject: **Request for Change Order (RCO) #002: 15"x15" Concrete Curb**

Daryl:
As requested, Shoreline Foundation (SFI) is providing this Request for Change Order (RCO) #002 for adding a 15" high x 15" wide cast-in-place concrete curb along the entire length of the new concrete cap per the RFI #06 response and the accompanying "RFI 6 – Cap Curb Details" drawing.

The associated scope of work consists of a new 15"x15" cast-in-place concrete curb running along the waterside edge of the new seawall concrete cap being built for the project. This will consist of extending the wood forms up an additional 15" above our current form height, along with constructing new forms on the top of the newly poured concrete cap. Additional #4 rebar stirrups every 12" and continuous bars shall be added along the cap tied into the existing cap rebar. Due to the weight limitations of the bridge before the entrance to the job site, SFI's plan is to transport concrete in 1.5 yd buckets utilizing a front-end loader and/or Lull to transport the concrete across the bridge and to place it into the forms.

For the additional work listed above, SFI is proposing this request for change order in the amount of **Forty-Seven Thousand Four Hundred Sixteen Dollars and 00/100 ($48,097.88).**

SFI is requesting Three (3) additional days be added to the schedule to accommodate the additional work as described above.

Exclusions:

- Permit or permit fees of any kind
- Engineering of any kind.
- Testing of Any Kind
- MOT
- Any other work other than what is listed above or on the attached spread sheet.

Subject: 15"x15" Concrete Curb Along Concrete Cap

Drawing: Field Discusion
Spec Section:
Cost Impact: Unknown
Schedule Impact: Unknown

Request:
Date Required:

We are being asked to price a 15'x15" concrete curb to run along the top of the concrete cap.
In regards to this, please confirm if this should be a solid build curb or should it have some kind of drainage openings along the curb. Ether just an opening to allow water to drain back and forth or some kind of weep hole cover. We have used Jet Filter Systems in the past for this kind of situation.

Requested by:

Response:

The proposed curb should be solid, with no drainage openings or weep holes. It shall be located at the front side (water side) of the bulkhead cap. The proposed curb is to be included at all locations where a new cast-in-place bulkhead cap will be built.

Please see the accompanying drawing, which shows the dimensions and reinforcement for the proposed curb. RS&H has arbitrarily chosen Section D-D (from page S-12 of the Contract Plans) on which to illustrate the curb details, but the same details apply at all other locations throughout the project.

WITNESSETH:

1) Owner hereby charters to Charterer Owner's steel **INLAND SPUD BARGE** vessel known as **"MB 149"**; Official Number: **1262979;** Dimensions: **120' X 45' X 7'; with (2) – Spuds & Mats,** with an **AMERICAN 9270 CRAWLER CRANE;** Serial Number: **GS16390, with Boom, Block and Ball**

2) The vessel shall be delivered to **JACKSONVILLE, FL** and the charter shall commence on the **TBD** day of **FEBRUARY, 2026**, and shall continue for a period of **MONTH TO MONTH**. On termination, the vessel shall be delivered to Owner in like good order and condition as when received, ordinary wear and tear expected, at Green Cove Springs, Florida and the charter hire shall continue until such delivery.

3) The Owner shall relinquish possession, command, and navigation to the Charterer upon delivery of the vessel.

4) Charterer has inspected the vessel and found it to be in first class condition and in every respect seaworthy and acceptance of the vessel to Charterer shall constitute full performance by and compliance with all obligations and warranties of Owner (except as to insurances hereinafter provided).

5) The charter hire shall be **$27,000.00 PER MONTH PLUS TAXES,** payable as follows: **NET 30.** In the event of default of punctual payment of charter hire Owner may, at its option, terminate the Charter Party, and withdraw the vessel immediately from the service of the Charterer.

6) The value of this vessel is agreed to be **$1,225,000.00 ($575,000.00 – barge; $650,000.00 – crane),** and Charterer hereby agrees to be responsible for any loss or damage to the vessel during the term of this charter to the full value as stated. Charterer does hereby indemnify and hold harmless Owner against any liens of whatsoever nature upon said vessel arising directly or indirectly out of the use or operation of the said vessel by Charterer except liens arising from matters covered by insurance outlined in paragraphs thirteen (13) and fourteen (14) hereof. Charterer does hereby indemnify and hold harmless Owner against any and all claims for bodily injury and property damage of whatsoever nature. Should any damage or loss occur, Charterer agrees to pay charter hire on the said vessel until it is repaired and returned to Owner in like good order as when received, ordinary wear and tear expected, provided that in the case of total loss, charter hire shall cease from the date the said vessel is determined to be a total loss.

7) Condition of Equipment and Acceptance by Charterer: Charterer shall inspect the equipment immediately upon delivery to the location set forth above. Unless Charterer notifies Owner, in writing within 48 hours after delivery, that the equipment is not in good, safe, and serviceable condition, and fit for use, it shall be conclusively presumed that Charterer has accepted the equipment and waived any claim as to its condition and fitness for Charterer's use. If Charterer does give the required notice, Owner shall have the option of replacing the equipment or putting it in good, safe, and serviceable condition within 72 hours. In said event rent shall abated for the time required to replace or repair the equipment. If Owner decides to replace the equipment, the cost of transportation of the defective equipment back to the Owner and the cost of the transportation of the new equipment to the location listed above shall be paid by the Owner. If Owner is unable to replace or repair the equipment within 72 hours either party may terminate the lease and Owner shall be responsible, at its own cost, for returning the equipment to its yard. Other than the abatement of rent for the time it takes for Owner to repair or replace the equipment, Charterer shall have no right to seek compensation for any loss or damage it incurs as a result of the need for the equipment to be replaced or repaired upon delivery, or if Owner is unable, for any reason, to replace or repair the equipment. Charterer shall be entitled to return of any security or advance rent it paid to Owner if the lease is terminated for Owner's failure to replace or repair the equipment within the time provided herein.

12. REPAIRS OR MAINTENANCE BY LESSOR:

If Lessee requests Lessor, or Lessor is required for any reason to perform repairs or maintenance to or on the Leased Equipment during the term of this Lease, Lessee agrees to and shall be solely responsible for all costs and expenses associated with the performance of such repairs and maintenance, including but not limited to the cost of parts, fluids, lubricants, labor, overtime labor and transportation with the exclusion of normal wear and tear. Normal wear and tear is the responsibility of the Lessor. Normal wear and tear does not include maintenance such as filters, oil or lube. Lessor will issue an invoice to Lessee for parts and labor, including overtime, at Lessor's rates listed in article 15. All invoices for repairs or maintenance shall be due and payable after 30 days after the invoice date, and shall be subject to the penalties for late payment. Failure of Lessee to pay any invoice for repairs, maintenance, labor or parts when due shall be considered a default under the terms of this Lease.

13. TAXES:

(a) Lessee shall be responsible for, and shall pay with each rental installment due hereunder, all applicable sales and use taxes. While this Lease is in effect, Lessee shall be responsible for tangible personal property or commercial personal property taxes levied upon the Leased Equipment by any taxing.

(b) Lessee agrees to indemnify Lessor for any sales or use taxes arising from Lessee's purchase or rental of the Leased Equipment, which Lessor is required to pay.

14. ASSIGNMENT/SUBLEASE: Lessee shall not assign its interests under this Agreement or sublet the Leased Equipment without the express written consent of the Lessor, which consent may be withheld in the sole and absolute discretion of the Lessor.

(e)	Over-Time weekend hourly rate	(weekend or Holidays)	@ 200% of standard/travel rate

16. INSURANCE:

Lessee shall insure the Leased Equipment for its full insurable replacement value against all risks of loss, theft or damage from any cause whatsoever, including damage or loss resulting from Lessee's negligence, occurring during the term of this Agreement or any extension hereof. Lessee shall also carry public liability insurance naming Lessor as an additional insured in the amount of 110% of the Replacement Value of the equipment. Lessee shall deliver to Lessor, prior to Lessor's delivering the Leased Equipment to Lessee, a certificate or certificates of insurance, issued by an insurance carrier acceptable to Lessor, naming Lessor as an additional insured and loss payee under both such policies. In the event of any loss or claim, Lessee shall be solely responsible for any deductibles, and shall indemnify the Lessor for the same. During the term of this Lease, Lessee shall not allow the insurance coverage to lapse or terminate, nor shall Lessee change insurers or coverage without Lessor's express written consent. obtaining, settling, and canceling such insurance and endorsing any drafts. Failure to fully comply with the terms of this paragraph shall be a material default under this Agreement by the Lessee.

17. TITLE:

The Leased Equipment, together with any replacement parts, shall remain the sole and exclusive property of the Lessor. In that regard, Lessee agrees to execute Uniform Commercial Code security instruments, upon Lessor's request, for filing as appropriate to secure Lessor's priority interest in the Leased Equipment.

(a) The Lessee is aware and insofar necessary agrees to it that ownership of the lease-object may be held by a third party or that the lease-object is (or will be) pledged to a third party, as security for the obligations of the Lessor to such third party on account of rental- and/or financial lease-agreements or any other (legal) relation.

(b) Notwithstanding the existence of this rental agreement Lessee will hand over the lease-object to aforementioned third party at its first request without being entitled to any right of retention if and as soon as such third party requires the handing over of the lease-object on the ground that the Lessor is in breach with its obligations to such third party. Because of such request this rental agreement will be terminated by operation of law with immediate effect. The handing over as referred to above will take place at a location of aforementioned third party or at the location indicated by such third party.

(c) If the situation of clause (b) occurs and aforementioned third party wishes to continue the use of the lease-object by the Lessee, the Lessee undertakes to enter into a rental agreement with such third party at its first request for the remaining term of this agreement and under uniform conditions.

(d) This third party clause is irrevocable by both Lessee and Lessor.

18. SIGNAGE:

Lessee shall not change, remove, obfuscate or obliterate any sign or insignia on the Leased Equipment which indicates the manufacturer or make of the Leased Equipment or the Lessor's ownership of the Leased Equipment.

19. DEFAULT:

(a) If Lessee fails to perform any of its obligations hereunder, or otherwise violates any of the terms herein, or if Lessee becomes insolvent or files a petition for bankruptcy, or if Lessor, in its sole discretion, determines that the Leased Equipment is being misused or abused, then Lessor, without notice, liability, or legal process, may at it option, enter the property where the Leased Equipment is kept and retake possession of the Leased Equipment.

(b) In the event of default by Lessee, the entire remaining balance of the rent shall become immediately due and payable along with any costs incurred by Lessor to retake possession of the Leased Equipment.

(c) Lessee agrees to pay all costs of collection incurred by Lessor, including, but not limited to, reasonable attorney's fees incurred to enforce Lessor's rights under this Lease, whether suit be filed or not.

20. LITIGATION:

(a) In any litigation concerning this Lease or the rights, liabilities or obligations of the parties, the prevailing party shall be entitled to an award of reasonable attorney's fees, including attorney's fees incurred on appeal or in prosecuting or protecting its right or interests in any bankruptcy proceeding.

(b) In the event Lessor or Lessee files suit to enforce or determine rights under this Lease, Lessee agrees to waive trial by jury and that venue shall be proper in Duval county, Florida.
