PAF Instructions
Part 1 (using agency)

Form Type: This form will be used for both Administrative Awards and JPAC Requests. Select type from dropdown options.

Goods and/or Services: Enter a brief description of the types of goods and services included in the request.

Requested Action and Justification: Enter a brief description of the requested action or authority being sought. i.e.; *Request permission to award the lowest, responsive responsible bidder for an ITB or award the highest ranked supplier for an RFP.* This block should also be used for additional information such as additional 4th account strings, or other information essential for contract execution.

Supplier: Enter awarded supplier name**.** If multiple, include in "Requested Action and Justification" box.

Basis of Award: Select from Lowest Price Technical Acceptable (LPTA), Highest Price Technical Acceptable (HPTA) or N/A.

Bid Opening Date: The date bids were unsealed by Procurement.

POA #: This is your 1Cloud generated Agreement number. Select Type, Enter Number.

PO #: Enter the PO number or agreement release number.

Change Order #: Provide the applicable change order number represented by this request.

Solicitation #: Select Prefix type, Enter Number, and Year.

Contract #: This number should be the same as your POA number (unless procured prior to 2020)

Contract Amendment #: Provide the applicable amendment number represented by this request.

Term: Select the Period of Performance or Term for the initial period.

Options: Period of time for each renewal or option.

Options Used: Prior to this request, enter how many options were already used.

Federally Funded: Select yes or no from dropdown if Federal Funds will be used.

JSEB Rec: Select Encouragement or JSEB Set Aside Option.

JESB %: If JSEB Participation, enter the percentage.

Bonds Waived Pursuant to: Select option from Drop down.

Funding Sources: Fund/Center/Account/Project/Activity, all fields are required even if zeros.

New NTE/GMP: Enter the new total not to exceed amount. Note, this should match the contract maximum indebtedness, if applicable**.**

Contingent Amount: If your agency requests an allowance for unforeseen additional expenses, then specify the amount of your requested increase and new NTE that represents the contingency allowance. This is over and above any quote.

DMP/ODPO Account: Enter the Direct Materials Purchase/Owner Direct Purchase Order Account. Used mainly for CIP (Capital Improvement/Construction) Projects

Using Agency/BU: Select one from the dropdown list.

Concurrence: Using Agency internal routing requirements for Electronic Signatures (follow Proc Manual for threshold requirements)

Title: Title of person electronically signing form.

Attachments: Included any supplemental information to the Procurement Award Form. i.e.; *Scope of work, previous awards*.

**Any field where there is no data available, or no entry is required, either leave it blank or enter N/A. Any fields where there is known data, include for informational purposes. Any changes to an original award should contain the data that is being changed and any other relevant data required for JPAC review and approval.*

Price Increase effective 01/01/2026

Dear Customer,

We would like to inform you that we had a 10% price increase from our vendors Zoll and Conmed products, effective **January 1st, 2026**.

Over the past week, we have experienced continued increases in manufacturer costs, freight, and operational expenses. Despite our best efforts to absorb these increases, a price adjustment has become necessary to continue providing the high level of product quality, service, and reliability you expect from us.

We value your business and appreciate you're understanding and continued partnership. If you have any questions or would like to review pricing on specific items, please do not hesitate to contact our team.

Thank you for your continued trust.

June 6, 2025

To Our Valued Customers:

Like other healthcare manufacturers, ADC has been following trade developments closely over the past several months. Our costs have already increased due to tariffs and the resulting economic uncertainties, but we held off on issuing new pricing while pursuing strategic remedies, including alternative sourcing locations.

Substantial production of the ADC line happens in our New York headquarters. We employ more than 100 here, assembling, testing, and packaging 70% of the products we sell. A full 90% undergo some value-added finishing.

But components and some finished goods are sourced globally from the world's leading ISO 9000 manufacturers, so blanket tariffs have a consequential impact on our costs. At the moment, our products are subject to charges from 10%-55%.

Although these rates are still fluid and court cases are pending, we have decided to issue a new price list (DPL131a) now to ensure we remain fully stocked and ready to ship throughout 2025. **New pricing will take effect July 15, 2025**. Please note: To maintain inventory levels that can support all ADC customers, we reserve the right to limit order quantities based on historical purchases.

While most of our prices are increasing, adjustments are limited in scope and scale to products impacted by tariffs. We have further mitigated the increases by absorbing a portion of the higher costs ourselves. We hope these adjustments will be singular and short lived.

Whether you've been an ADC customer for months, years, or decades, we thank you for your partnership and continued trust. Please let us know if you have any questions.

Sincerely,
American Diagnostic Corp.

Subject – Dynarex Products Impacted by Government Tariffs

This letter will serve to confirm the need for price increases on the Dynarex products listed below because of impacts caused by new federal government tariffs. These price changes were effective January 1, 2025. The increases range from 10-60%

Thank you for your understanding and continued support.

John Moulden
Senior VP/Sales
Dynarex Corporation

3/17/25

Dear Valued Partner,

Thank you for your continued partnership. Dukal remains committed to providing you with the market leading value you have come to expect. Every Dukal team member is working tirelessly to minimize the impact of the recently imposed tariffs affecting imports from US trading partners around the globe. Depending on the item the new tariff impact ranges from 20% to 45%.

Mitigating the risk of tariffs has been a core mission of Dukal over the last 5+ years. Over the past few years, we have made great strides by moving production and diversifying the geographical locations of our supply chain by establishing dual sources in key categories. These moves have mitigated tariffs on hundreds of Dukal products allowing us to maintain our prices in these categories.

However, there are still categories where even with the added tariffs, China remains the best value option. It is on these items that we are forced to revise pricing effective immediately.

We urge you to work with your Dukal sales team member to identify new categories where we can work with you to help mitigate the increases you are seeing from other vendors. For example, our cotton gauze products are not being hit with the tariffs. This could present a great opportunity for us to expand our partnership.

We understand the importance of maintaining competitive pricing and will continue to find solutions that support our mutual success. Please note, as we strive to offer the best fill rates possible, "Bulk Buys" or "Stock Piling" will not be supported during this time.

A Dukal sales team member will be in contact with you to implement the above referenced pricing.

Thank you again for your ongoing support. We are in this together.

Regards,

Chris Brooks,

Senior Vice President of Sales

Dukal, LLC.

Life-Assist
Helping Heroes Save Lives

Dear Customer,

It's that time of year again! Updated Pricing for the City of Jacksonville has been renewed. We are pleased to offer you the lowest overall prices along with our commitment to providing you with the highest level of customer service.

Bid Reference: 16330-25

Contract No: 32202CTY

Start Date: 2/13/2026 – 2/12/2027

- Your prices will remain consistent whether you order items individually or in case quantity.
- When we enter your account # on our computer, your pricing is automatically displayed, allowing us to process your orders more efficiently and accurately. If you sign up at Life-Assist.com we'll make your pricing automatically available to you.
- Each year Life-Assist will automatically renew your contract pricing, increasing only those prices that the manufacturers have increased. Therefore, if there is no price increase to us, there is no price increase to you!
- Proof of price increases from Manufacturers provided upon request
- Most importantly, Life-Assist's contract pricing provides you best pricing, helping you to keep your operating costs down.

To access your CONTRACT PRICING LIST:

If you have previously registered on our website, you can access your pricing online at Life-Assist.com.

If you have not yet registered, I'd be happy to help you through that process or you can sign up and our contracts department will connect your online account to your pricing in 24 hours or less.

If you would prefer a printable copy, email or call me and I'll get it to you right away.

Please let me know if you have any questions or have specific pricing or product needs, I can assist you with.

Thank you for the opportunity to earn your business!

Subject: Amsino 2026 Price Change Notification

Dear Valued Customer,

We appreciate your continued partnership with Amsino and the opportunity to support your medical device needs. Please find attached our updated price list, which will take effect January 1, 2026.

This update reflects adjustments driven by ongoing changes in raw material costs, logistics, and manufacturing expenses, while maintaining our commitment to quality, service, and supply reliability.

Please review the attached pricing in advance of the effective date. Please partner directly with your Amsino sales representative with any questions.

Thank you for your continued trust in Amsino. We look forward to supporting your business throughout 2026 and beyond.

Sincerely,

Jeff Reid

CONMED.com

Dear Valued Customer,

Like many in our industry, CONMED has been navigating through the repercussions of widespread price increases affecting plastics, resins, packaging, and labor. These increases have had a significant ripple effect throughout supply chains, echoing the global economic challenges unleashed by the pandemic. These challenges have led to elevated production, transportation, and distribution costs, impacting businesses worldwide, including ours.

To sustain our commitment to quality and innovation, we must adjust our prices. We've strived to mitigate these costs to lessen the impact on our customers, but adjustments are necessary to maintain our service and product excellence.

We're actively working with our partners to manage these challenges efficiently. Despite these changes, our dedication to providing high-quality healthcare solutions remains unchanged.

We apologize for any inconvenience and value your continued support. For alternative cost-saving solutions, please contact us. We're committed to navigating these times together and offering high-quality healthcare solutions.

Thank you for your understanding and partnership.

Warm Regards,

James Topelski
Director of Sales, AET Patient Monitoring

November 17, 2025

To whom it may concern,

Please be advised that there have been price increases on Laerdal Products for 2026, effective January 1, 2026.

This price increase is due to inflationary pressure on our raw materials, manufacturing, travel expenses, and shipping costs, all of which have been exacerbated by recent global supply chain issues.

As always, should you have any questions, please do not hesitate to contact me. Thank you for your support and promotion of Laerdal Products.

Mercury Medical®
Superior Solutions

May 19, 2025

Subject: Price Increase Update

Dear Valued Mercury Medical Distributor,

At Mercury Medical, we remain dedicated to delivering clinically differentiated critical care technologies with the highest quality and exceptional service you expect.

Although we implemented a limited product line price increase on select EMS products effective June 1, 2025, continued inflationary pressures—particularly in raw materials, labor, and freight—now compel us to expand that adjustment. As a result, effective July 21, 2025, we will implement a broader price increase across many of our EMS products on the attached EMS Distributor price list. This update will also include a modest additional increase on a few items previously adjusted for June 1st.

Please note: existing contracted rebate pricing will remain unchanged in accordance with the terms and effective dates of those agreements. To maintain normal inventory levels, we will closely monitor all EMS Distributor orders above 10% average monthly ordering volume until this price increase goes into effect.

We recognize the challenges this may pose and assure you we are actively executing cost-containment strategies to reduce the impact on our valued partners. Despite these efforts, this pricing action has become necessary to maintain the reliability, innovation, and service you rely on.

This increase is solely the result of current manufacturing and supply chain cost escalations and is not tied to any tariff-related factors. We continue to monitor global economic conditions closely and will keep you informed of any significant developments.

We truly value your partnership and thank you for your continued trust in Mercury Medical.

Thank you for your understanding and support.

Tuesday, June 24, 2025

Dear Contracts Team:

I am writing to inform you that the **ZOLL WebStore** does not publish documentation for price adjustments. Therefore, we are unable to provide you with a price increase letter.

Upon checking current pricing for 2025, we show various items incurred increases ranging from 2% to 42%.

Please let us know if you have any questions.

Thank you,

Michelle Neves Biernacki
Assistant Purchasing Manager
800-824-6016 Customer Care

PAF Instructions
Part 1 (using agency)

Form Type: This form will be used for both Administrative Awards and JPAC Requests. Select type from dropdown options.

Goods and/or Services: Enter a brief description of the types of goods and services included in the request.

Requested Action and Justification: Enter a brief description of the requested action or authority being sought. i.e.; *Request permission to award the lowest, responsive responsible bidder for an ITB or award the highest ranked supplier for an RFP.* This block should also be used for additional information such as additional 4th account strings, or other information essential for contract execution.

Supplier: Enter awarded supplier name. If multiple, include in "Requested Action and Justification" box.

Basis of Award: Select from Lowest Price Technical Acceptable (LPTA), Highest Price Technical Acceptable (HPTA) or N/A.

Bid Opening Date: The date bids were unsealed by Procurement.

POA #: This is your 1Cloud generated Agreement number. Select Type, Enter Number.

PO #: Enter the PO number or agreement release number.

Change Order #: Provide the applicable change order number represented by this request.

Solicitation #: Select Prefix type, Enter Number, and Year.

Contract #: This number should be the same as your POA number (unless procured prior to 2020)

Contract Amendment #: Provide the applicable amendment number represented by this request.

Term: Select the Period of Performance or Term for the initial period.

Options: Period of time for each renewal or option.

Options Used: Prior to this request, enter how many options were already used.

Federally Funded: Select yes or no from dropdown if Federal Funds will be used.

JSEB Rec: Select Encouragement or JSEB Set Aside Option.

JESB %: If JSEB Participation, enter the percentage.

Bonds Waived Pursuant to: Select option from Drop down.

Funding Sources: Fund/Center/Account/Project/Activity, all fields are required even if zeros.

New NTE/GMP: Enter the new total not to exceed amount. Note, this should match the contract maximum indebtedness, if applicable.

Contingent Amount: If your agency requests an allowance for unforeseen additional expenses, then specify the amount of your requested increase and new NTE that represents the contingency allowance. This is over and above any quote.

DMP/ODPO Account: Enter the Direct Materials Purchase/Owner Direct Purchase Order Account. Used mainly for CIP (Capital Improvement/Construction) Projects

Using Agency/BU: Select one from the dropdown list.

Concurrence: Using Agency internal routing requirements for Electronic Signatures (follow Proc Manual for threshold requirements)

Title: Title of person electronically signing form.

Attachments: Included any supplemental information to the Procurement Award Form. i.e.; *Scope of work, previous awards.*

**Any field where there is no data available, or no entry is required, either leave it blank or enter N/A. Any fields where there is known data, include for informational purposes. Any changes to an original award should contain the data that is being changed and any other relevant data required for JPAC review and approval.*
