LIFE SCAN WELLNESS CENTERS: BACKGROUND AND EXPERIENCE

Life Scan's background is in the area of Wellness Centers with professional medical services specifically for public safety departments with over twenty years' experience in the development and implementation of programs for state, municipalities and counties to fit their specific needs. We have recognized the vital importance of combining the key components of health, wellness, and fitness to generate the healthiest, most productive employees. In 2001 we worked together with your leadership and health officers at Jacksonville Sheriff's Office to develop our unique model of early detection public safety physicals and since then Life Scan has been your "Partner in Prevention" and ongoing provider of annual physicals and the OSHA Respiratory Program. Through our exclusive services that are unique to Life Scan in scope, protocol, and procedure, we have saved hundreds of lives and had a positive impact in your employees' long-term health and longevity.

The Life Scan public safety physical is an integrated medical approach to occupational exams that combines public safety physicals with the Wellness Fitness Initiative fitness evaluations, and OSHA 1910.134 Respirator Medical Clearance and Mask Fit Testing with advanced medical assessments for the early detection of the major diseases such as heart disease, stroke, cancer, diabetes, and aneurysms before they reach a catastrophic level. It provides your employees with a thorough assessment of their health as well as recommendations for achieving and maintaining long term health and managing medical risks. Each Life Scan physical exam follows the guidelines of NFPA 1582/1583, FDLE, OSHA, Wellness Fitness Initiative and yet has the added-value benefit of ultrasound imaging assessments of the internal organs and cardiovascular system, more extensive laboratory blood profiles, diet and nutritional analysis, a state-of-the-art fitness evaluation, and a personalized wellness plan.

As your ongoing provider for over twenty years, we propose to continue the long-term relationship and trust developed between Life Scan and JSO that is critical to the health of your employees and to provide continuity of care. I appreciate your consideration and look forward to continuing to provide the Jacksonville Sheriff's Office with our Life Scan Wellness Program.

Hi Deidra,

I appreciate that you sent the request for the renewal, and we agree to renew. As a reminder, though, we agreed with JSO to waive the EMR/Data Management fee until this renewal year which we bill out at the rate of $25.00 per patient on a monthly basis. Of course, we are well into this renewal year, so we are very happy to discuss. (I forwarded you the original email with Teri for your review as well.)

FYI, I have included Chief Todd LeDuc, CEO onto this email. We are proud to announce that we appointed Todd as the new CEO of Life Scan and I am excited to sit on the Board as Chairman. Todd spent over 30 years at Broward SO in a command staff role and came onboard with Life Scan 6 years ago with our vision to have him lead our company into the future.

He will be taking on the responsibilities of daily operations and leadership. I am very excited for all of you to meet him personally when he is in Jacksonville within the next few months. You know that JSO holds the most special place in my heart, and I will always be here for you!

THANK YOU!

LIFE SCAN WELLNESS CENTERS: BACKGROUND AND EXPERIENCE

Life Scan's background is in the area of Wellness Centers with professional medical services specifically for public safety departments with over twenty years' experience in the development and implementation of programs for state, municipalities and counties to fit their specific needs. We have recognized the vital importance of combining the key components of health, wellness, and fitness to generate the healthiest, most productive employees. In 2001 we worked together with your leadership and health officers at Jacksonville Sheriff's Office to develop our unique model of early detection public safety physicals and since then Life Scan has been your "Partner in Prevention" and ongoing provider of annual physicals and the OSHA Respiratory Program. Through our exclusive services that are unique to Life Scan in scope, protocol, and procedure, we have saved hundreds of lives and had a positive impact in your employees' long-term health and longevity.

The Life Scan public safety physical is an integrated medical approach to occupational exams that combines public safety physicals with the Wellness Fitness Initiative fitness evaluations, and OSHA 1910.134 Respirator Medical Clearance and Mask Fit Testing with advanced medical assessments for the early detection of the major diseases such as heart disease, stroke, cancer, diabetes, and aneurysms before they reach a catastrophic level. It provides your employees with a thorough assessment of their health as well as recommendations for achieving and maintaining long term health and managing medical risks. Each Life Scan physical exam follows the guidelines of NFPA 1582/1583, FDLE, OSHA, Wellness Fitness Initiative and yet has the added-value benefit of ultrasound imaging assessments of the internal organs and cardiovascular system, more extensive laboratory blood profiles, diet and nutritional analysis, a state-of-the-art fitness evaluation, and a personalized wellness plan.

As your ongoing provider for over twenty years, we propose to continue the long-term relationship and trust developed between Life Scan and JSO that is critical to the health of your employees and to provide continuity of care. I appreciate your consideration and look forward to continuing to provide the Jacksonville Sheriff's Office with our Life Scan Wellness Program.

Sincerely,

Patricia Johnson
