Good morning Scott & Ron,

Thank you Scott. -Also, to recap our conversation, Med First's provided samples for Group 3 didn't meet the specifications, hence why we moved to the next lowest bid, Medgluv.

Ron, do you also concur with the primary and secondary recommendations as follows:

Group 1 Primary: Henry Schein
Group 1 Secondary: Medgluv

Group 2 Primary: Herma Holding
Group 2 Secondary: Medgluv

Group 3 Primary: Herma Holding
Group 3 Secondary: Medgluv

If all agree, I'll process & submit the award before COB Friday and have it on next week's GGAC/CSPEC agenda.

Thank you all for your input and expertise on this bid.

Sincerely,

Good Morning Cory,

After further review of the glove samples for the secondary supplier, we recommend the Medgluv bid of the MG500. The MG500 is the next in line that satisfies the requirements in the bid documents.

Please let me know if you have any further questions.

Subject: RE: POA-71532-22 Nitrile Gloves

Good Afternoon,
I have reviewed the bid package and samples provided. My recommendation is as follows:

Group 1:
The #1 low bidder, Clearwater Distribution, Submitted SemperMed, SemperGuard samples and documentation. The thickness is noted to be 4.7mil at the finger, 3.2mil at the palm and 2.8mil at the cuff. This falls short of the thickness requirements of the bid spec. Henry Schein submitted SemperMed, SemperShield gloves, which appear to meet the requirements. The SemperShield glove is available in both standard 9.5" length and extended cuff 12" length. Therefore, we recommend awarding Group 1 to the #2 low bid, Henry Schein.

Group 2:
The #1 low bidder, Hemera Holding submitted a sample of Monalisa gloves (purple). From what I can find, they appear to conform to the bid specs, therefore, we recommend awarding to Hemera Holding.

Group 3:
The #1 low bidder, Hemera Holding submitted a sample of Monalisa gloves (black). From what I can find, they appear to conform to the bid specs, therefore, we recommend awarding to Hemera Holding.

As a side note, Group 2 is the group specific to JFRD. I reviewed and researched the submissions on groups 1&3 to attempt to help JSO as Mark is no longer available to make a recommendation.

Please let me know if you have any questions. Thank you,
-Scott

NITRILE GLOVES FOR JSO AND JFRD

All questions or discrepancies regarding the bidding process or the bid documents must be submitted in writing to Corey Sidlo, Purchasing Analyst, at csidlo@coj.net by the date and time specified on the Bid Form.

When submitting a bid, please write the bid name and number and your company's name and phone number on the **outermost** sealed envelope or package.

Pricing:
Pricing must be based on the Product Description, the Unit of Measure, and the Estimated 6 Month Quantity on the Bid Proposal Form. Example: If the Unit of Measure is "Box", the product description calls for 100 gloves per box, and the Estimated 6 Month Quantity is 2,100 then the Unit Price would be the cost for one (1) box of 100 gloves and the Extended Price would be the cost for 2,100 boxes.

For bidding purposes, if the supplier's packaging quantity does not coincide with the packaging quantity on the Bid Proposal Form, supplier should determine the cost of his/her product as if it was packaged per the solicitation despite the fact that it cannot be ordered that way.

If the supplier's packaging requires a minimum number of an item to be ordered, indicate minimum ordering quantities on a separate paper. Example: If one (1) case contains ten (10) boxes and orders can only be placed by the case, please clearly indicate so.

Minimum Requirements:
All items furnished shall be completely new, unopened, free from defects, conform to ASTM D6319, and pass ASTM F1671 – 07. Any items found to not meet the expectations of the City of Jacksonville shall be cause for termination of the contract in part or in whole. Bidders shall attach the manufacturer's data sheet for the product(s) being offered. Failure to attach the manufacturer's data sheet may result in bid rejection. Awarded supplier(s) shall provide the product(s) offered in the bid response through the term of the agreement. Deviation of the product(s) without the prior written consent of the City of Jacksonville shall constitute a default of the contract and shall be grounds for termination of said contract at the City's discretion.

Bidding:
Bidders may submit pricing for all three groups, only one group, or any combination of groups. All items in a group must be bid for that group to be considered.

Samples:
Bidders **must** provide three (3) pairs of sample gloves in sizes Large and Extra Large in order for their bid submittal to be considered. Samples shall be provided in a separate sealed envelope and shall be submitted along with the bid submittal. Samples shall be clearly labeled as to what group they are for. Sealed envelopes for samples shall contain the same information as the sealed envelope for the bid submittal as noted above (bid name and number and your company's name and phone number).

Failure to provide samples will automatically disqualify the bid submittal and result in rejection of the bid.
