PAF Instructions
Part 1 (using agency)

Form Type: This form will be used for both Administrative Awards and JPAC Requests. Select type from dropdown options.

Goods and/or Services: Enter a brief description of the types of goods and services included in the request.

Requested Action and Justification: Enter a brief description of the requested action or authority being sought. i.e.; *Request permission to award the lowest, responsive responsible bidder for an ITB or award the highest ranked supplier for an RFP.* This block should also be used for additional information such as additional 4th account strings, or other information essential for contract execution.

Supplier: Enter awarded supplier name**.** If multiple, include in "Requested Action and Justification" box.

Basis of Award: Select from Lowest Price Technical Acceptable (LPTA), Highest Price Technical Acceptable (HPTA) or N/A.

Bid Opening Date: The date bids were unsealed by Procurement.

POA #: This is your 1Cloud generated Agreement number. Select Type, Enter Number.

PO #: Enter the PO number or agreement release number.

Change Order #: Provide the applicable change order number represented by this request.

Solicitation #: Select Prefix type, Enter Number, and Year.

Contract #: This number should be the same as your POA number (unless procured prior to 2020)

Contract Amendment #: Provide the applicable amendment number represented by this request.

Term: Select the Period of Performance or Term for the initial period.

Options: Period of time for each renewal or option.

Options Used: Prior to this request, enter how many options were already used.

Federally Funded: Select yes or no from dropdown if Federal Funds will be used.

JSEB Rec: Select Encouragement or JSEB Set Aside Option.

JESB %: If JSEB Participation, enter the percentage.

Bonds Waived Pursuant to: Select option from Drop down.

Funding Sources: Fund/Center/Account/Project/Activity, all fields are required even if zeros.

New NTE/GMP: Enter the new total not to exceed amount. Note, this should match the contract maximum indebtedness, if applicable**.**

Contingent Amount: If your agency requests an allowance for unforeseen additional expenses, then specify the amount of your requested increase and new NTE that represents the contingency allowance. This is over and above any quote.

DMP/ODPO Account: Enter the Direct Materials Purchase/Owner Direct Purchase Order Account. Used mainly for CIP (Capital Improvement/Construction) Projects

Using Agency/BU: Select one from the dropdown list.

Concurrence: Using Agency internal routing requirements for Electronic Signatures (follow Proc Manual for threshold requirements)

Title: Title of person electronically signing form.

Attachments: Included any supplemental information to the Procurement Award Form. i.e.; *Scope of work, previous awards*.

**Any field where there is no data available, or no entry is required, either leave it blank or enter N/A. Any fields where there is known data, include for informational purposes. Any changes to an original award should contain the data that is being changed and any other relevant data required for JPAC review and approval.*

Acknowledge	a. Acknowledge
10. General Requirements			
1 Scope of Services: The City of Jacksonville Mosquito Control Division is soliciting bids from qualified contractors to provide aerial treatment of adult mosquitos in Duval County, Florida, using fixed-wing aircraft, Unmanned Aircraft Systems (UAS), and/or rotary aircraft. Services will be performed upon request when surveillance data indicates that aerial mosquito control measures are necessary to address high populations of pestiferous and/or vector mosquitoes. Duval County has historically treated approximately 70,000 acres per year using Dibrom control products applied by air for adult mosquitoes. All quantities are estimates, and work will be performed as needed and as funds allow. The County does not guarantee any minimum or maximum number of acres. The Contractor shall provide all labor, materials, equipment, insurance, bonds, and all requirements for Federal Aviation Administration (FAA) certification and Environmental Protection application, in accordance with Chapter 388, Florida Statutes, and Rule 5E-13, Florida Administrative Code (FAC), governing Aerial Public Health Pest Control. All operational requirements, including landing and tie-down arrangements, are the responsibility of the successful bidder. a) The Contractor shall ensure UAS pilots maintain valid FAA Remote Pilot Certificates, when applicable. b) The Contractor shall provide all required fixed-wing aircraft, accredited pilots, vehicles, personnel, and all necessary equipment for transporting, handling, mixing, storing, disposing, loading, and applying public health pesticides. The Contractor shall also provide all fuel, oil, maintenance, tie-down fees, and other items required for performing the services. c) The Contractor shall comply with all insecticide label instructions. d) The Contractor shall comply with all applicable FAA regulations and any federal, state, county, or local regulations pertaining to aerial pesticide applications. e) The County will provide aerial treatment maps (Keyhole Markup Language – KMZ or Shapefile – SHP) for designated treatment areas. Contractors must possess GIS capabilities for mission planning and execution.		a. Acknowledge	a. Acknowledge
2 **Specification: Aerial Treatment for Adult Mosquitoes** a) Aerial adulticide treatments shall be conducted by low-flying aircraft beginning at dusk and continuing through nighttime hours. Military-grade night vision technology is required. b) Applications shall utilize adulticide formulations labeled for aerial use. Aircraft must be equipped with appropriate Ultra-Low Volume (ULV) application equipment (e.g., ULV rotary atomized spray systems) capable of applying the insecticide at the labeled rate and droplet size. **Aircraft Requirements** a) All aircraft used to apply pesticides under this contract must be registered annually with the Florida Department of Agriculture and Consumer Services (FDACS). b) Aircraft must be secured when not in use to prevent theft or unauthorized operation. c) Aircraft shall be equipped with a Differential Global Positioning System (DGPS) and maintained maintained by an FAA-certified aircraft maintenance technician. The DGPS must provide an accuracy range of zero to fifty-feet and be utilized for all spray missions. d) All aircraft must maintain a current Airworthiness Certificate and Federal Aviation Administration (FAA) certification. e) Aircraft must be authorized to operate over congested areas and comply with all applicable FAA rules and regulations throughout the contract term. f) Aircraft shall be equipped with technology and controls necessary to optimize application effectiveness while minimizing off-target drift. **Contractor Personnel** a) Pilots and ground crew must be knowledgeable of the work order and pesticide label, including all restrictions and precautions, and ensure applications are performed safely and in compliance with all applicable laws and regulations. b) Personnel involved in transporting, mixing, loading, or applying insecticides must hold valid public health certifications issued by FDACS. c) All personnel performing work under this contract shall wear appropriate Personal Protective Equipment (PPE) as required by product labeling and Safety Data Sheets (SDS). All safety precautions must be observed throughout contract performance. d) Pilot(s) are responsible for identifying and avoiding all navigation hazards. **Equipment and Calibration** a) Dispersal equipment must deliver the labeled pesticide rate uniformly and accurately. b) The Contractor shall provide annual proof of equipment calibration. The County reserves the right to require additional droplet size testing or recalibration at the Contractor's expense during the contract term. c) Aircraft chemical tanks must be leak-proof and designed to allow complete drainage. The Contractor is responsible for the cost of any pesticide loss or cleanup resulting from spills, leaks, or improper application, and all cleanup must comply with federal, state, and local standards. d) Mixing and application equipment must be constructed of corrosion-resistant materials and maintained through routine flushing, cleaning, and inspection. e) The Contractor must maintain sufficient backup equipment to ensure uninterrupted service. **Chemicals** a) The Contractor shall supply all pesticide products required for aerial adulticide applications. b) The Contractor must use Dibrom as the control product, with a minimum callout of 7,680 acres at an application rate of 0.5 ounces per acre. c) Pesticides must be securely stored in a locked, rigid facility to prevent unauthorized access. If not operating from a local airport or base, the Contractor is responsible for transporting and loading the adulticide. d) The Contractor shall load chemicals into the aircraft and provide all required pumps, coupling devices, and adapters required for transfer from storage to aircraft tanks. **Record Keeping** a) The Contractor shall comply with all applicable federal, state, and local record-keeping requirements related to mosquito control applications. Items listed in the bid are provided for price comparison purposes and are not intended to be all-inclusive.		a. Acknowledge	a. Acknowledge
3 Contractors must satisfy the following mandatory minimum requirements to have their responses evaluated. By submitting a response, Contractor warrants and represents that it meets these requirements. Failure to meet these requirements and provide written documentation as proof will result in the response not being evaluated and being rejected as non-responsive. a) Supplier shall provide proof of applicable local business license, if located within Duval County. b) Pilots assigned to this contract shall maintain the certifications required under Chapter 388, Florida Statutes, and Rule 5E-13 of the Florida Administrative Code for Aerial Public Health Pest Control. Provide a copy of all FAA certifications and registrations. c) Supplier shall comply with all FAA regulations as well as any state, county or local regulations that apply to aerial operations and pesticide applications. Provide a copy of all FAA certifications and registrations.		a. Acknowledge	a. Acknowledge
