Dear Kim,

I'm writing in response to your inquiry concerning alternate sourcing for the APX™ digital two way radios under consideration for purchase for the Jacksonville Sheriff's Office.

This product is distributed to the end user exclusively through Motorola's direct sales force. These products are not available through the Motorola dealer/reseller network. If you wish to purchase this equipment, please issue your purchase order to Motorola Solutions, Inc. and I will promptly process the order for you.

Sincerely,

Michelle Poole

Dear Kim,

Please follow the directions below to trade in the existing Astro Spectra Mobiles.

TRADE-IN PROCESS GUIDELINES THROUGH MOTOROLA SOLUTIONS TAKE BACK PROGRAM:

Protect the environment by properly disposing and recycling canceled XTS/ XTL radios through Motorola Solutions Product Take-back Program. Motorola Solutions ("MSI") has a contract with a leading electronic equipment recycler, SIMS Recycling Solutions, with over 13 different sites across North America to take care of your recycling needs. The process is easy: 1. Identify the XTS/ XTL radio equipment you will be trading in – we accept radios with or without antennas and batteries. 2. Go to website North America Take-back Program (http://motorolasolutions.simsrs.com) to create an account and shipment pick up request to have the equipment recycled. To qualify for APX trade-in promotion, during account setup you must fill the following fields with requested information: Remarks field: Must provide APX Factory Order (FO) number and XTS/XTL model and quantity 3. Once the pickup is submitted, SIMS Recycling Solutions Customer Service will contact you to schedule a pick up or tell you where to send the equipment. Arrangements will be coordinated with the primary contact. 4. The North America Take-back Program covers freight charges so Motorola customers will not get charged for freight. 5. Once the equipment is received, all items in the load are completely destroyed. Once the load is complete, a Certificate of Destruction (COD) is issued and kept on file with Motorola. Motorola is committed to the environment and the proper disposal of electronic equipment. You can find more information about our corporate environmental programs on the Motorola Corporate Responsibility website.

Please do not hesitate to contact me if you have any further questions.

Sincerely,

Michelle Poole

Great !

Sorry for the extra questions, but how do you see that 46k savings on the attachment she provided ? do I compare that total number to the number you added to our budget line item or 5 year plan number we provided ?

Thanks

Robert,

Attached is our updated offer for the 2017 mobile refresh purchase. This update offers additional incentives to counter act the base model catalog price increase. Also, as I relayed to Ken, we will extend our 3 year factory warranty an additional 6 months to offset the expected delay in installation. Please contact me if you have any questions. Have a great day!

Hi Michelle,

In our projects update meeting today there was discussion that you will be providing us with larger incentives and increased warranties on the Radios we will be purchasing. The larger incentives relate to original 2015 pricing incentives which we would expect some savings (or increased number of radios), and the warranty incentive was to give us an additional 6 months of warranty since we would be purchasing at the beginning of our fiscal year. Can you please clarify what we should expect to receive ?

Thank you Michelle,
