THRU: John P. Pappas, P.E.
Director

FROM: William J. Joyce, PE
Director of Operations

Robin Lumb
Director of Policy

SUBJECT: RECOMMENDATION TO REJECT ALL BIDS

RE: Purchase of Nitrogen Reduction Metric Ton Credits
Bid No.: ECF-0125-18
Award Amount: N/A
Account #: TBD

Public Works has reviewed the four (4) proposals received on the referenced request. All four exceed the City's anticipated costs.

Public Works therefore recommends that the proposals received for ECF-0125-18 for the Purchase of Nitrogen Reduction Metric Ton Credits be rejected at this time. The City of Jacksonville will be considering other options concerning this service.

	CONFLICT OF INTEREST:			
	BUSINESS/CORPORATE REFERENCES:			
	ADDENDUMS (1 ,2,3) ACKNOWLEDGED:			

1) One (1) original signed version of its Response clearly marked as "ORIGINAL." The Response must be signed by an officer or employee having authority to legally bind Contractor.

2) Five (5) hard copies of the entire Response.

3) One (1) digital scanned copy (in pdf format) of entire Response, on a separate CD-ROM or flash drive. Large files may be scanned as several separate PDF files.

4) One (1) REDACTED scanned copy of the Response (if necessary pursuant to Section 2.12). This copy should be marked "Confidential – Trade Secret" or something comparable to alert the reader of Contractor's claim of a public records exemption.

All copies are to be placed in a sealed package. The outside must be marked with (i) the RFP title and number, and (ii) Contractor's name, address, contact person, and telephone number.

It is the sole responsibility of each Contractor to assure all copies are EXACT duplicates of the original Response. Photocopies or CD copies will be used for the purpose of evaluating the Responses. Any information contained in the original Response which has not been transferred to the CDs or photocopies will NOT be considered. The original document will be used solely for official record keeping and auditing purposes.

2.5 Evaluation of Responses:

A. Buyer will determine the qualifications, interest and availability of Contractors by reviewing all Responses and, when deemed necessary in the sole discretion of Buyer, by conducting formal interviews of selected Contractors.

B. Before making an award, Buyer reserves the right to seek clarifications, revisions, and information it deems necessary for the proper evaluation of Responses. Failure to provide any requested clarifications, revisions or information may result in rejection of the Response.

C. Buyer reserves the right to accept or reject any and all Responses, or separable portions thereof, and to waive any minor irregularity, technicality, or omission if Buyer determines that doing so will serve Buyer's best interests. Buyer may reject any Response not submitted in the manner specified by the RFP.

2.6 Award of Contract:

A. The process for contract award is set forth in Jacksonville Ordinance Code Sections 126.204. Generally, Buyer will award the Contract to the responsible and responsive proposer whose Response is determined in writing to be the most advantageous to the City of Jacksonville, based solely on the relative importance assigned to price and of the criteria set forth in Attachment B. The award may be contingent on the outcome of direct negotiations under Section 126.201(d) (4) and 126.201(n), *Ordinance Code.* If an agreement cannot be reached with the highest ranked Contractor, Buyer reserves the right to make an award to the next highest ranked Contractor or subsequent Contractor(s) until an agreement is reached. Depending on the proposed solution and financial commitment required by the City, the contract resulting from this award may require City Council approval.

B. Buyer may make an award within sixty (60) days after the date of the Responses are due, during which period the Responses shall remain firm and shall not be withdrawn. Any Response that expresses a shorter duration may, in Buyer's sole discretion, be accepted or rejected. If award is not made within sixty (60) days, the Response shall remain firm until

Additional Information:

Revised Section 2.6 (C)

C. Except as may otherwise be expressly set forth in the RFP, Buyer intends to award one contract, but reserves the right to enter into a contract with multiple Contractors or to reject all Responses. Although it is not required that the contractor's proposal meet the entire 53 metric ton reduction in their proposal, in the event they do not, the City reserves the right to award to the next highest scoring contractor (s) for the balance of the credits to achieve the full 53 or greater metric ton reduction or release a new RFP to achieve the same result. . For Contractors proposing more than one solution for nitrogen reduction within a single proposal Buyer reserves the right to select and award individual solutions from within the proposal based on what is in the best interest of the City.

Revised Answer to Question 2. From Addendum 1

Question:

The bid seems to request a single unit price per metric ton of nitrogen removed. Being that you will have multiple responses, with likely none being able to meet the entire 53-metric tons needed, you will end up with a number of proposals that will need to be added up to get to the 53-metric tons. It is also plausible that proposers will be including multiple solutions and each solution will have a different cost per ton. If a respondent is required to offer only 1 price, the City may be missing out on the ability to accept a lower cost alternative. For instance, a company may be combining two or more solutions to end up at a single blended cost, however, one of those solutions may be half or less of the blended costs, and, if so, wouldn't the City want the opportunity to select that lower cost solution if it is cost competitive and the proposer meets all other requirements?

Answer: Vendors may only submit one proposal and should not submit multiple proposed solutions to achieve the total number of credits.

Revised Answer: The City has reviewed this request and will allow multiple proposed solutions within **a single RFP submission**. When multiple solutions are proposed, the response should include the per-ton rate for each proposed solution. The City reserves the right to consider the totality of a proposed solution and calculate a blended rate. However, the City will not accept more than one RFP submission from each respondent to the RFP.

If multiple solutions are proposed within a single RFP response they will be scored as a whole using the evaluation criteria. If multiple solutions are proposed within a single RFP submission, and based on the overall score of the particular RFP submission, COJ reserves the right to select from within the RFP only those solutions that it believes to be the most practicable and beneficial for its purposes.

either the Contract is awarded or Buyer receives from Contractor written notice that the Response is withdrawn. [Note: Withdrawal of a Response may be requested within 72 hours (excluding State holidays, Saturdays and Sundays) after the date and time Responses are due. Buyer will not accept an amended Response after the date and time Responses are due.]

C. Except as may otherwise be expressly set forth in the RFP, Buyer intends to award one contract, but reserves the right to enter into a contract with multiple Contractors or to reject all Responses. Although it is not required that the contractor's proposal meet the entire 53 metric ton reduction in their proposal, in the event they do not, the City reserves the right to award to the next highest scoring contractor (s) for the balance of the credits to achieve the full 53 or greater metric ton reduction or release a new RFP to achieve the same result.

D. Based on the evaluation results, Buyer shall electronically post a notice of intended award at Buyer's website. Please contact the Contact Person if you are uncertain of Buyer's website address or if you experience problems accessing it. Any person who is adversely affected by the decision shall file with Buyer a notice of protest in accordance with the Protest provisions of the RFP. Buyer does not intend to provide tabulations or notices of award by telephone.

2.7 **Terms of Agreement:** After award to the successful Contractor, Buyer and Contractor will promptly enter into a written agreement (the "Contract") incorporating the terms of the RFP, the successful Response, and other terms and conditions as may be agreed to between the parties. To the extent the Response contains exceptions to or modifications of the RFP, such exceptions or modifications are stricken unless Buyer affirmatively accepts the exceptions or modifications in the Contract. The Contract will be substantially in the form set forth in an attachment to the RFP, or such other contract form as determined by the City's Office of General Counsel. Buyer will not be obligated to pay Contractor for the RFP services until the Contract is signed by both parties. Buyer retains the right to reject all bids and/or amend its notice of award at any time prior to the full execution of the Contract.

If the successful Contractor fails to perform the Services as agreed, Buyer reserves the right to (i) issue a new solicitation for the Services; (ii) reopen the RFP for the purpose of awarding a second contract to another Contractor in accordance with the criteria and processes set forth herein; and/or (iii) take such other actions permitted by law.

2.8 **Public Meetings and Special Accommodations:** Any meetings of the RFP evaluation committee (i.e., the Competitive Sealed Proposal Evaluation Committee), shall be noticed on Buyer's website and shall comply with Florida's Open Meetings Laws. Please contact the Contact Person if you are uncertain of Buyer's website address or if you experience problems accessing it. Persons requiring a special accommodation because of a disability should contact the Contact Person identified in Section 1 at least forty-eight (48) hours prior to the meeting.

2.9 **Ex-Parte Communications**: Communications regarding the RFP by a potential vendor, service provider, bidder, lobbyist or consultant to city employees, staff, or hired consultants are prohibited. This prohibition includes communications with the Buyer's Office of General Counsel unless the Contact Person has authorized those communications in advance. Violations may result in the rejection/disqualification of a Response.

These prohibitions on ex-parte communications do not apply to the following:
