SUBJECT: CDB-0006-16 – Design-Build Services - Horizontal & Civil Engineering – Children's Way/Nira Street Sidewalk
AMENDMENT 32A

Based on the Design Criteria Package developed by City Engineers, the Department of Public Works, in accordance with Design/Build CDB-0006-16, Contract No. 6533-54 has completed negotiations with J. B. Coxwell Contracting, Inc., to provide 100% design, permitting, post design, and construction related services for the sidewalk improvements to change the existing sidewalks to a 12' wide shared use path along Childrens Way/Nira Street. This project also includes the design and construction for the path over the Florida East Coast Railway and closure of the railroad crossing at Naldo Ave. Negotiations have resulted in the attached Scope and Fee, Exhibit HH-1 for the GMP amount of $1,170,183.73, which includes $15,000.00 in contingency and allows for the design and permitting phase to be completed in 150 days and construction within 210 days for a total of 360 days from the notice to proceed. J. B. Coxwell Contracting is committed to meeting the 10% JSEB participation goals established for this contract.

Accordingly, this is to recommend that Contract No. 6533-54, originally executed May 2, 2016, between the City and J. B. Coxwell Contracting, Inc. for Design-Build Services- Horizontal & Civil Engineering, be amended to incorporate the attached Scope and Fee Summary, Exhibit HH-1 for the Children's Way/Nira Street Sidewalk project for the GMP amount of $1,170,183.73, known as Amendment 32A.

To be encumbered as follows:

Re: Scope of Services & Fee Proposal for Childrens Way & Nira Street Sidewalks
100% Design, Permitting and Construction Services
Design-Build Construction Delivery for City of Jacksonville-RFQ CDB-0006-16
City Contract No. 6533-54

Dear Ms. Cox:

J.B. Coxwell Contracting, Inc. (JBCCI) is pleased to submit for your review and consideration the following design-build scope of services and attached lump sum Guaranteed Maximum Price (GMP) fee proposal for 100% design, permitting and construction of the above referenced project. This proposal is based on the COJ's Design Criteria Package dated October 8th, 2018, as well as revised DCP drawings dated January 2019, provided to JBCCI on May 13, 2019. The scope of the work is generally described as providing for 100% design, permitting, post design, and construction related services for the sidewalk improvements to change the existing sidewalks to a 12' wide shared use path along Childrens Way/Nira Street from the Southbank terminus of the Fuller Warren multi-use path to Kings Ave (some areas between to be constructed by developers). The specific areas to be re-constructed are outlined on pages 2 through 6 of the preliminary plans included with the DCP (revised January 2019). This project does not include drainage improvements, utility improvements, lighting, signal, or other roadway construction. The full details of the proposed improvements that served as the basis for this proposal are per the October 8th, 2018 Design Criteria Package and as outlined on the attached proposals.

As detailed on the attached documentation, the proposed total lump sum GMP amount for the 100% design, permitting and construction is One Million One Hundred Seventy Thousand One Hundred Eighty-Three Dollars and Seventy-Three Cents ($1,170,183.73) which includes a project contingency of $15,000.00. The project contingency is for project elements which have not been fully designed and permitted, and which may increase in quantity or cost during the final design phase or during construction. The project contingency is for the Design-Builder's benefit and not for changed field conditions, unknown field conditions or added scope of work. The design and permitting phase will be completed in one hundred and fifty days (150), and the construction will be completed within two hundred ten days (210), or a total of three hundred sixty days (360) from notice-to-proceed.

This lump sum GMP amount is inclusive of only those services noted on the attached proposals and which are anticipated at this time. No services or work other than those noted in the proposals are

included. Our proposal does not include tree mitigation fees, wetland mitigation fees as these fees are typically paid direct by the City of Jacksonville. In addition, any unknown condition(s) which may surface during design and construction or any other increase in scope of services may result in a request for additional services. No work will proceed however, without first obtaining approval from the City for any additional services.

Kelsey, our team has staff immediately available to begin this work upon your notice-to-proceed. We are again very appreciative of the opportunity to provide you with our design-build services. Should you have any questions or need any further information, please do not hesitate to contact us. We are also available to review and discuss this proposal with you and/or others at your convenience.

Regards,

J.B. Coxwell Contracting, Inc.

Clarifications/ Exclusions

1) Estimate does not include any fees associated with tree mitigation (tree removal, planting, or mitigation
2) Estimate does not include any new utility or drainage improvemewnts.
3) RXR Pedestrian Signal and Matting for Crossing is an Allowance.
4) One mobilization is included, assumes the COJ will award all options at one time.
5) Estimate assumes COJ will provide all temporary or permanent easements, and construction access
6) Estimate assumes COJ will provide all existing survey information and provide a benchmark for the project.
7) Estimate assumes all work to be performed in accordance with the COJ specifications.
8) Existing private and public utility locates, identification, protection, isolation, and relocation by others (including but not limited to electric, water, sewer, cable, telephone, misc. communications, traffic signal, street lighting, gas, fiber optic
9) Contingency fee included for construction and design aspects not known at the time of the proposal preparation.
10) This estimate excludes unknown subsurface debris removal/ disposal.
11) This estimate excludes unsuitable soil removal/ replacement, as we do not anticipate this scope to be required on the project.
12) This estimate excludes any work associated with the discovery or handling of hazardous or non-hazardous waste that may be encountered while constructing the drainage improvements on this project.

13) All public notices and informational meetings to be handled by the COJ.
14) Engineering fee for RXR Crossing is limited to coordination only, all other required services by COJ
14) Estimate based on NTP for project by July 2019

Re: Fee Proposal for 100% Design, Permitting and Post Design Services
Bicycle/Ped Path On Children's Way/Nira Street
Design-Build Construction Delivery for the City of Jacksonville
RFQ CDB-0006-16/City Contract No. 6533-54

Dear Mr. Smith:

In accordance with the terms and conditions of our master agreement for professional services dated 06-07-16, **GAI Consultants, Inc., (GAI)**, is providing you with this proposal for the above referenced project.

Project Understanding and Scope of Services

GAI is in receipt of a Design Criteria Package (DCP) issued by the City of Jacksonville dated October 8, 2018. This DCP and all of its attachments served as the basis for this proposal We assume that the City of Jacksonville will provide GAI with all electronic files and other project information procured to date.

The project is generally described as a 12' multi-use path along Chidiren's Way/Nira Street starting from the Southbank terminus of the Fuller Warren multi-use path to Kings Avenue. Sidewalk construction improvements are anticipated to be addressed within an approximate 2,200± LF stretch of Childrens Way/ Nira Street. The detailed project scope of work is outlined on pages 1 thru 4 of the DCP which is attached hereto for reference.

Based on the above, GAI proposes the following scope of services.

1. The survey fee is to verify the existing design, no right of way survey included.

2. 100% design, permitting, and post design services required to support the scope of work outlined on pages 1 thru 4 of the DCP attached hereto. This excludes lighting design, landscape plans, and permitting with the railroads. The GAI fee contains enough hours to support the City in their converations with the railroads, but does not include any design or permitting of the railroad crossing.

3. GAI will attend design review meetings with you and/or the City at the 100% Design stage, if required. GAI's scope of work will also entail managing the project, attending project design review meetings, providing quality assurance and quality control during and at the completion of the design, permitting and post design phases, documenting meeting results and directives as issued by the City, schedule evaluations, and budgetary controls.

Items <u>not</u> included in this scope of services:

1. Right of way survey investigation/delineation.
2. Utility Relocation Design
3. Drainage Design and Permitting outside of the project limits

4. Lighting Design.
5. Wetland Mitigation Fees.
6. Tree Mitigation Fees.
7. Construction Inspection.
8. Any other services not specifically itemized herein.

If you have any questions, please do not hesitate to give us a call.

Regards,

CITY OF JACKSONVILLE, FLORIDA

BICYCLE/PEDESTRIAN PATH ON CHILDREN'S WAY/NIRA STREET

RFQ-CDB–0006-16

RELEASE DATE – OCTOBER 8, 2018

1. INTRODUCTION AND LOCATION:

This Design Criteria Package (DCP) specifies performance-based criteria for the design and construction of a biking and walking path adjacent to Children's Way/Nira Street from Southbank terminus of the Fuller Warren multi-use path to Kings Ave. The purpose of this DCP is to furnish sufficient information to allow a Design Build Firm to prepare a response to the City's request for proposal (RFP) and to permit the City to enter into scope and fees negotiations for an amendment to design build City Contract No. 6533-54.

2. GENERAL:

The Design-Build firm is responsible for design, permitting, and construction as described in Section 4 of the RFQ CDB-0006-16. The Design Build Firm shall prepare and submit a Fee Proposal for the 100% design within twenty one (21) calendar days from the release date of the DCP. Therefore, the Fee Proposal shall be submitted no later than 5:00 P.M. on October 29, 2018 to Kelsey Cox, P.E., at 214 N. Hogan Street, Ed Ball Building, 10th Floor, Jacksonville, Florida 32202.

The Design Builder shall request a meeting (if needed) to discuss items pertaining to the proposed work within one week of the DCP issuance date. The Fee Proposal must include the proposed schedule for the tasks being performed up to and including the submittal of the final documents.

The provisions of the DCP represent the technical, material, and quality requirements for the foregoing project. The Design Build Firm is bound by these requirements for the duration of the project.

With the Fee Proposal J.B. Coxwell Contracting, Inc. shall provide the Guaranteed Maximum Price (GMP) and the Guaranteed Completion Date (GCD) for the 100% design. No more than one week after receiving the approved 100% design from J.B. Coxwell Contracting, Inc., the City shall commence negotiations to reach an agreement on terms of the GMP & GCD for the 100% design, permitting and construction of the multi-use path.

A DCP amendment for the design and construction plans for the construction of the proposed 12-foot multi-use path along the north side of Nira Street may be issued at the City's initiative or at the request of the Design Build Firm, upon the approval by the City Engineer, if the amendment is in the best interest of the City.

The Design Criteria Professional (Kelsey Cox, P.E.) may amend the provisions of the Design Criteria Package after it has been released to the Design Build Firm, but before the expiration of the 21-day period designated for submittal of the Fee Proposal.

3. SCOPE OF WORK:

The Design Build Firm shall deliver their Fee Proposal for 100% design based on this DCP for a 12 foot wide multi-use path along Children's Way/Nira Street starting from the Southbank terminus of the Fuller Warren multi-use path to Kings Ave. Intersection improvements at San Marco Blvd and Hendricks will also be included.

There are two segments along the Nira Street corridor that are being built by private developers and coordination efforts between parties will be needed. Those segments are from Larue Avenue to Flagler Ave and from Naldo Ave to Hendricks Ave.

Additionally, from Palm Avenue to San Marco Boulevard, four feet will needed to be added to the existing eight-foot (8') path.

The work associated with this project includes but is not limited to:

- Contacting Sunshine State One-Call of Florida for underground utility locates
- The DBF shall coordinate with utilities for conflict resolution. (100%)
- The DBF shall review City provided documents and surveying and request additional as necessary. (100%)
- MOT Devices and certified flaggers for Flagging Operations during demolition work that may require single lane closures.
- Installation of path signage
- All other work required to complete the work in accordance with the DCP.

There is a copy of a survey of the existing conditions along the corridor provided for use. The Design Build Firm shall be responsible to comply with the City and FDOT current standards.

4. PERMITS:

The DBF is responsible for applying for and attaining all permits required from the City and various agencies to perform the work associated with completion of this project per the RFQ CDB-0006-16. The 10-Set submittal shall be submitted at the 100% completion level of detail.

The DBF shall apply on behalf of the City, pay required application and permit fees and secure all approvals and permits from the City and the State regulatory agencies as required by law.

In addition, the Design Build Firm shall coordinate with all applicable utility companies as required and pay all applicable fees. A limited list of utilities that may be within the construction area are provided in RFQ CDB-0006-16 along with their contact information.

The DBF shall provide the Design Criteria Professional the review and approval of all reports, plans and specifications at the 100% project development phases. At each of these phases, the DBF shall provide the Design Criteria Professional with two sets of drawings, specifications and engineering calculations.

The DBF shall provide the Design Criteria Professional with five (5) sets of signed and sealed final plans, specifications, and engineering calculations prior to the Preconstruction Conference and the issuance of the Notice to Proceed. In addition, at the same time the DBF shall provide the Design Criteria Professional with the final documents consisting of two (2) copies of CDs with the electronic version of all contract documents (drawings (PDFs and AutoCAD format

files), specifications (PDFs), engineering calculations (PDFs), permits and approvals (PDFs), and as-built drawings (PDFs and AutoCAD format files)).
