SPECIFICATIONS

LIGHT VEHICLE WRECKER SERVICE REBID 2

1. PARTS

All parts utilized in the services requested in this bid solicitation must meet or exceed OEM specifications. Aftermarket parts are acceptable as long as they meet or exceed OEM requirements as specified by the manufacturer of the vehicle. Where there is not an aftermarket equivalent, or where stated, the vendor must use an OEM part.

Prospective vendor's markup percentage will be 20% for parts used on each repair. This percentage is to be the amount charged to the City over vendor's wholesale costs minus taxes. Periodic checks of wholesale prices may be made at any time during the contractual period. The awarded vendors must be prepared to provide documentation as to wholesale prices when requested. Furthermore, each invoice submitted for payment will list parts and materials used and an individual price breakdown of those parts and materials charged to the repair. Failure to comply will result in the award being rescinded.

2. COMPLIANCE WITH SPECIFICATIONS

Vendors must comply 100% with the bid specifications when performing the requested services of this bid. Failure to do so will result in the cancellation of award and the contract being awarded to the next lowest bidder. All work will be inspected by the Fleet Management Division Shop Supervisor to ensure that the work was completed according to specifications.

3. VENDOR QUALIFICATIONS

All vendors must have been in the Medium and Heavy Truck Steering, Suspension, and Repair business for more than two (2) years. By signing this bid solicitation, vendors agree to have all of the necessary tools and equipment to perform the requested services without outsourcing any of the work, unless otherwise specified by Fleet Management. Any vendor bidding on steering and suspension repair must have tools and equipment to service Pierce TAK 4 front suspensions and replace gearboxes on the Pierce trucks. The Fleet Management Division reserves the right to inspect the facilities of any responsive bidder to verify that the vendor has the ability to perform the requested services and meet the City's requirements. Based on that inspection, the City reserves the right to reject the bid or rescind award to the bidder.

No work may be performed without authorization from Fleet Management. If during the performance of the requested services, any other component needs replacement, the vendor must contact the shop supervisor at Fleet Management that sent the vehicle for authorized service. The time needed to complete the requested work will he considered to be acceptable if the vendor can complete the requested service within one (1) working day for gearboxes. two (2) working days for shocks and alignments and six (6) working days for all other services. The only exception that will be made is in cases where parts are not readily available. Once parts have been received, the vendor will fax or email a written notification of parts receipt to the shop supervisor that requested the service. Fleet Management reserves the right to use another vendor if the awarded vendor cannot complete the service in the specified time frame for vehicles deeded critical to the operations of Fleet Management.

4. FRONT END ALIGNMENT

Heavy Trucks

A heavy truck front-end alignment is to include castor, camber, and toe-in adjustment to factory specifications. Vendor will forward a data sheet of all readings (including before and after).

Medium Trucks

A medium truck front-end alignment is to include castor, camber, and toe-in adjustment to factory specifications. Vendor will forward a data sheet of all readings (including before and after).

4 Wheel Alignments — Heavy Truck

4 Wheel Alignments — Medium Truck

4 Wheel Alignments — Air Ride Suspension

Tiller Ladder Alignment — Fire Truck Tiller Steer

5. DANGEROUS SITUATIONS

Fleet Management is to be made aware of any potentially dangerous situations discovered during the completion of service. If at any time during the procedure, the vendor finds a potentially dangerous situation involving the vehicle (i.e. heavy wear, potential for accident), the vendor is to notify the Fleet Management Division immediately.

6. WARRANTY

Vendor shall attach any warranty and associated warranty form to the bid proposal. Alignments shall have at a minimum ninety (90) days warranty. For services involving the replacement of parts, the warranty shall be a minimum of one (1)

7. LOSS OF USE

Should any equipment or apparatus being serviced receive damage while in the vendor's possession, the vendor will be responsible for a loss of use cost of $100 per day for Fire Apparatus and Vac-Cons, $75 per day for rescue units and refuse trucks in addition to the damage repairs required to make the vehicle usable again. Loss of use payments will be calculated from the date of loss.
