Good Morning,

I wanted to inform you that Kathryn previous request did not cover the 10% increase for the entire contract, but Saralyn (as per Kathryn?) suggested for her to request the 10% from the contracted amount. I am submitting the updated budget in Teams for Ly-dea to approve. Once approved, I will upload it in Agiloft for further processing. Please see explanation below. Thank you.

Hi, Jodie,

As we have discussed, I would like to apply for the 10% increase to our budget. It is my understanding that I can request an additional $12,300 for the remainder of the contract. This is based on the increase of students in our program and our additional programming over the summer.

Now that I have received the reimbursement for February and March, I would like to try to move this increase through as quickly as possible, which I know will still take some time. Can you please direct me so I may get started ASAP?

Thank you!

Kathryn submitted the budget on the old form. I am not sure what you are reviewing because Kathryn uploaded a new form yesterday. Please review the attached form that Kathryn uploaded in the system. Please let me know if this is not the correct form. Thank you.

Good Afternoon Jodie,

I may have been confused on the process, but I think I get it now. The 10% increase budget looks great now, but that budget will have to go through procurement for the amendment process since the Contract will be increased (after the 1st budget is approved). I haven't approved the first budget in agiloft yet because the budget needs to be on the old budget form. That is the budget that's currently in the draft contract because that is what the contract is currently for. That budget needs to be updated on the correct form and uploaded in Agiloft so that I can approve it and continue the process. Once I approve the budget in agiloft then I can for the budget with the 10% increase to the Research and Grants team so that they can initiate the contract amendment. I will reject that budget in Agiloft back to you so that the Agency can put it on the original form. Also, please have them

correct the percentages if necessary. Please call me if you have any questions. Thank you.

Thank you for that information. Regarding the Budget form that was used, Jessica said that she's not sure why they were provided this form, but they should not have been given this form to use until the New RFPs are approved. They will have to submit the budget on the old form. I'm not sure if I have to reject the budget in agiloft back to you or if it can be uploaded while still in my queue. Since changes are required, she can add that the percentage is a percentage of the total cost. Please let me know if you would like me to reject it or if you would like to try to add it while in my queue.

Hi Ly-dea,

I talked with Kathryn and she stated that the amount is the % of the program for all three categories under the Program Consultants and Contractual section. She also stated that there may be some months that there may be a payment made thus why the percentage. She also confirmed that the teaching artist category include the same programs that was previously listed during the first half of the contract. Please let me know if you need additional information. Thanks

Subject: The Performers Academy

Good Morning Jodie,

I received the budget back in Agiloft for review and approval. After discussing the narrative update with finance, I have a few questions. In the first 6 months, the percentages for the program consultants and contractual were based off the total program cost. The percentages and funding amounts have changed, I need a little more clarity on what KHA will be reimbursing. Is the percentage amount a portion of the total program cost or is that the rate at which each position will be reimbursed? For instance, with the Executive Director monthly Salary of $4000.00, and the reimbursement rate at 50 percent, that will be $12,000 for the next 6 months. That leaves $3,000.00 for the remaining 2 positions in that category. That may not be the rate at which they're intending to be reimbursed at, so I want to get their feedback. I have the same question for the other two categories. Are the percentages based on the total cost or are we reimbursing each payment at the percentage listed? Based on the funding set for each category I don't want to exceed the amount listed so I'd like to be sure on their intentions.

Also does the teaching artist category include all the same programs listed on the last six month?
