For State of Florida Funded Petroleum Impacted Sites
Recommend Award to AMEC Foster Wheeler (Wood Environment & Infrastructure Solutions, Inc.)

The Department of Public Works, Engineering Division is requesting that the award for P-02-17, be approved to the second ranked vendor. The incumbent contractor, TetraTech, Inc. has been terminated as an Agency Term Contractor by the State of Florida Department of Environmental Protection. As such, the City cannot utilize the services of this vendor for the City's state funded petroleum impacted sites cost share program.

Accordingly, we recommend that the award for the Contamination Assessment & Remediation Services For State of Florida Funded Petroleum Impacted Sites be awarded to the second ranked vendor AMEC Foster Wheeler (now Wood Environment & Infrastructure Solutions, Inc.). Please advise when this item will be placed on the agenda so a representative of the Public Works Department can attend. Thank you.
