## Report of Independent Certified Public Accountants

The Honorable Mayor and Members of the City Council  
City of Jacksonville, Florida

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Jacksonville, Florida (the City), as of and for the year ended September 30, 2008, which collectively comprise the City's basic financial statements as listed in the table of contents. We also have audited the Jacksonville Retirement System pension trust fiduciary fund included in the accompanying combining individual fund statements and schedules for the year ended September 30, 2008, as listed in the table of contents. These financial statements are the responsibility of the City's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Jacksonville Port Authority, Jacksonville Transportation Authority, and Downtown Vision, Inc., which collectively represent 14%, 23%, and 12%, respectively, of the assets, net assets, and revenues of the aggregate discretely presented component units. In addition, we did not audit the financial statements of the Police and Fire Pension Plan Trust Fund, which represents 36% and 34%, respectively, of the assets and net assets of the pension trust funds. Those financial statements were audited by other auditors whose reports have been furnished to us, and our opinions, insofar as they relate to the amounts included for the aforementioned component units and the pension trust fund, are based solely on the reports of the other auditors. The prior year summarized comparative information has been derived from the City's 2007 financial statements and, in our report dated February 21, 2008 which refers to the reports of other auditors, we expressed unqualified opinions on the respective financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information.

We conducted our audit in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the City's internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audit and the reports of other auditors provide a reasonable basis for our opinions.

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City as of September 30, 2008, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in conformity with

accounting principles generally accepted in the United States. In addition, in our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Jacksonville Retirement System pension trust fiduciary fund of the City as of September 30, 2008, and the changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States.

As discussed in Note 20 to the basic financial statements, beginning net assets for the Special Bonded Debt-Better Jacksonville Plan Obligations and Special Bonded Debt Obligations funds as of September 30, 2008 have been restated in connection with an accounting change.

As discussed in Note 10 to the basic financial statements, the City adopted Governmental Accounting Standards Board Statement No. 45 related to accounting and financial reporting by employers for postemployment benefits other than pensions.

In accordance with *Government Auditing Standards*, we have also issued our report dated May 6, 2009 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Management's discussion and analysis, the schedule of revenue, expenditures and changes in fund balance – budget and actual – general fund, and the schedules of employer contributions and funding progress listed under required supplementary information on pages 6 through 21 and 142 through 149 are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. We and the other auditors have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining individual fund statements and schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied by us and the other auditors in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The information presented in the introductory and statistical sections has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on it.

The signature of Ernst & Young LLP, written in a cursive, handwritten style.

May 6, 2009

Report of Independent Certified Public Accountants on Internal Control Over  
Financial Reporting and on Compliance and Other Matters Based on an  
Audit of the Financial Statements Performed in Accordance with  
*Government Auditing Standards*

Honorable Mayor and Members of the City Council  
City of Jacksonville

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, the aggregate discretely presented component units, and the aggregate remaining fund information of the City of Jacksonville, Florida (the City), as of and for the year ended September 30, 2008, which collectively comprise the City's basic financial statements and have issued our report thereon dated May 6, 2009. Our report was modified to include reference to other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Other auditors audited the financial statements of the Jacksonville Port Authority, Jacksonville Transportation Authority, and Downtown Vision, Inc., which collectively represent 14%, 23%, and 12%, respectively, of the asset, net assets, and revenues of the aggregate discretely presented component units. In addition, we did not audit the financial statements of the Police and Fire Pension Plan Trust Fund, which represents 36% and 34%, respectively, of the assets and net assets of the pension trust funds. Those financial statements were audited by other auditors whose reports have been furnished to us, and our opinions, insofar as they relate to the amounts included for the aforementioned component units and the pension trust funds, are based solely on the reports of the other auditors. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

**Internal Control Over Financial Reporting**

In planning and performing our audit, we considered the City's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the basic financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management, the Mayor and Members of the City Council, federal and state awarding agencies, pass-through entities and the Auditor General, State of Florida and is not intended to be and should not be used by anyone other than these specified parties.

*Ernst & Young* LLP

May 6, 2009

**MANAGEMENT'S DISCUSSION  
AND ANALYSIS**

## MANAGEMENT'S DISCUSSION AND ANALYSIS

The City of Jacksonville's discussion and analysis is designed to provide an objective and easy to read overview of the City's financial activities, with a focus on significant financial issues, as well as identify material deviations from the financial plan (the approved budget), identify changes in the City's financial position (its ability to address the next and subsequent year challenges), and identify individual fund issues or concerns.

The Management's Discussion and Analysis (MD&A) is designed to focus on the current year's activities, resulting changes and currently known facts. The information contained within this MD&A should be considered only a part of the entire report.

### Financial Highlights

- Capital assets were \$2.7 billion on September 30, 2008, resulting in a \$158 million, 5.7% increase over last fiscal year.
- Property tax revenues experienced an \$11 million, 2.5% increase as compared to a \$57 million, 13.9% increase in FY2007, and a \$43 million, 11.9% increase in FY2006. Capital grants and contributions increased \$4 million, JEA charter revenues increased \$3 million, and utility service taxes increased \$10 million. A decrease of \$61.8 million occurred in other various revenues, with a significant portion being a reduction in interest income, \$15.8 million in BJP project revenues, net of debt service reduction of \$9 million, gas and fuel tax revenue reduction of \$5.7 million, sales tax revenue reduction of \$6 million, and general fund sales tax reduction of \$6.4 million.
- Decreases in governmental activities expenses were net \$93 million or 7%. The major portion of the decrease occurred in transportation as a result of a \$143 million payment made to the Jacksonville Transportation Authority (JTA) for state road building within the City in fiscal year 2007 that did not reoccur in fiscal year 2008.
- There was an increase in public safety of \$38 million for additional police and fire operations expenditures; however, the largest expenditure increase of \$57 million occurred in economic & physical environment due to a \$50 million increase in the estimated liability for pollution remediation at the ash sites which was reclassified to governmental from enterprise in fiscal year 2008.
- The City continues to maintain a \$40 million emergency reserve.
- The City's general fund operations had total revenues of \$934 million and resulted in an increase in undesignated reserves of \$13.4 million or 53.7% as compared to fiscal year 2007.

Additional information that explains these financial highlights may be found on pages 13 and 17 of this MD&A.

### City Highlights

- A major tax reform initiative was pursued by the governor and Speaker of the State House of Representatives to rollback local government (city, county and, to a lesser extent, school boards) property tax burden on taxpayers. A first statutory rollback to reduce the 2007-2008 millage and a second referendum to amend the State's constitution was passed in January 2008 which further reduced 2008-2009 property tax revenue by \$36.1million.
- In light of the actions in Tallahassee and an identified need to diversify the City revenue base, the mayor introduced, and the City Council approved three new fees common around the state but historically not used in the City:
  - A 3% franchise fee on electric, water and sewer.
  - A \$3 residential solid waste fee.
  - A \$5 per equivalent residential unit (ERU) stormwater fee.

The three fees were phased-in with partial impact in fiscal year 2008 with fees recorded of \$18 million, \$4 million and \$7.5 million, respectfully. The projections for a full year impact in fiscal year 2009 are \$39 million, \$10.6 million and \$25.5 million, respectfully.

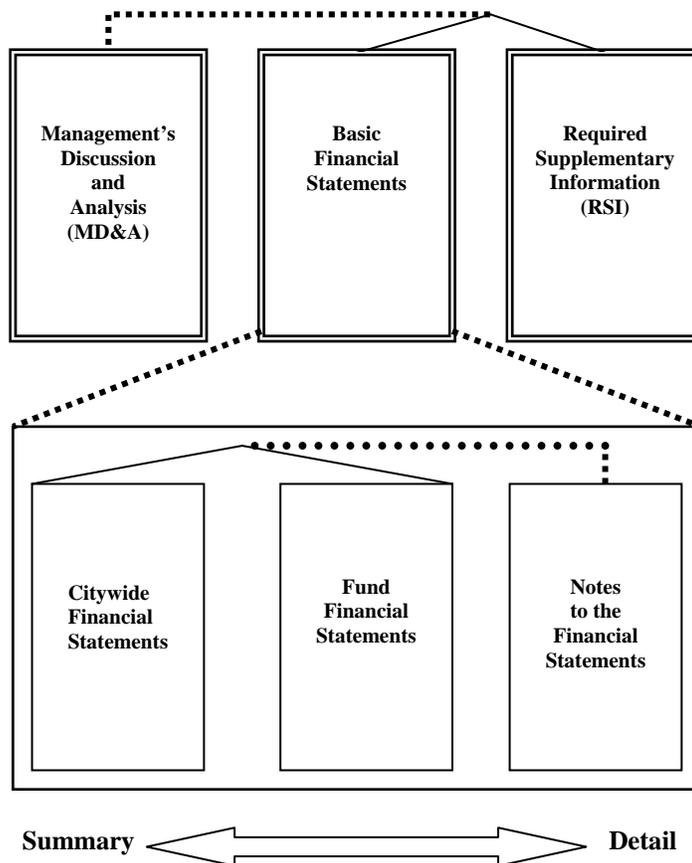

- To address the problem of violent crime, the mayor initiated a 150 member citizen commission to produce a multifaceted action plan. Included in the 2008-2009 budget was a \$31 million program to a) get tougher on convicted criminals; (b) put more police on the street; (c) guide ex-offenders away from crime and toward self-sufficiency; and (d) to provide appropriate supervision and guidance for children in after-school programs and summer activities.
- Given the referendum related property tax reduction and the crime initiative, the City originally anticipated a possible millage increase for 2008-2009, but in light of economic circumstances, elected to balance the budget without any “new” revenue proposals.

**OVERVIEW OF THE BASIC FINANCIAL STATEMENTS**

This discussion and analysis is intended to serve as an introduction to the City of Jacksonville’s basic financial statements. As indicated in the following graphic (Figure A-1), the City of Jacksonville’s basic financial statements are comprised of three components: 1) citywide basic financial statements; 2) fund financial statements; and 3) notes to the financial statements. This report also contains supplementary and statistical information in addition to the basic financial statements themselves.

**Figure A-1**

**COMPONENTS OF THE ANNUAL FINANCIAL REPORT**

## **Citywide Basic Financial Statements**

The citywide basic financial statements are designed to provide readers with a broad overview of the City of Jacksonville's finances, in a manner similar to a private-sector business.

The focus of the Statement of Net Assets is designed to be similar to bottom line results for the City and its governmental and business-type activities. This statement combines and consolidates governmental funds current financial resources (short-term spendable resources) with capital assets and long term obligations. The Statement of Activities distinguishes functions of the City of Jacksonville that are principally supported by taxes and intergovernmental revenues (governmental activities such as; police, fire, public works, recreation, and general administration) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities such as: solid waste, sports complex, motor vehicle, public parking and ferry operations).

Component Units, which are other governmental units over which the City can exercise influence and/or may be obligated to provide financial subsidy, are presented as a separate column in the citywide statements. The City of Jacksonville's component units are as follows: JEA, Jacksonville Transportation Authority, Jacksonville Aviation Authority, Jacksonville Port Authority, Water Sewer Expansion Authority, Jacksonville Housing Finance Authority, Downtown Vision, Inc. and Jacksonville Economic Development Commission. JEA, Jacksonville Transportation Authority, Jacksonville Aviation Authority, Jacksonville Port Authority and Downtown Vision, Inc. publish separately issued financial statements. For more information, see footnote 1.B. The focus of the statements is on the primary government and the presentation allows the user to address the relationship with the Component Units.

The two statements (Statement of Net Assets and Statement of Activities) demonstrate how the City's net assets have changed. Increases or decreases in net assets are good indicators of whether the City's financial health is improving or deteriorating over time. Other non-financial factors such as changes in the City's property tax base are important considerations to assess the City's overall financial condition.

## **Fund Financial Statements**

A fund is a grouping of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. Traditional users of governmental financial statements will find the Fund Financial Statements presentation more familiar. The focus is on Major Funds, rather than fund types, which provides detailed information about the most significant funds. The City of Jacksonville, like other state and local governments, uses funds to ensure and demonstrate compliance with financial requirements imposed by law, bond covenants and local administrative and legislative actions. All of the City's funds can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

### **Governmental Funds**

Governmental funds are used to account for essentially the same functions reported as governmental activities in the citywide basic financial statements. However, unlike the citywide basic financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Since the focus of governmental funds is narrower than that of the citywide basic financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the citywide basic financial statements. This allows readers to better understand the long-term impact of the government's near-term financing decisions.

Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Governmental fund information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Special Bonded Debt-Better Jacksonville Plan Obligations Fund, Bond Projects Fund, and Better Jacksonville Project Fund, all of which are considered to be major funds. Information from other non-major funds is combined into a single, aggregated presentation.

### **Proprietary Funds**

Proprietary funds provide the same type of information as the business-type activities in the citywide basic financial statements, only in more detail. The proprietary fund financial statements can be found in the Fund Financial Statements section of this report.

The City of Jacksonville maintains two major types of proprietary funds.

*Enterprise funds* are used to report the same functions presented as business-type activities in the citywide basic financial statements. The City uses enterprise funds to report separate information on operations such as solid waste, which is a major fund and sports complex activities, motor vehicle, ferry operations, and public parking, which are non-major funds.

*The internal service funds* are used to account for activities that provide goods and services to the City's other programs and activities. Since the internal service funds predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the citywide basic financial statements.

### **Fiduciary Funds**

The City of Jacksonville is the trustee, or fiduciary, for trusts such as the City employee's retirement plan. Because of a trust arrangement, these assets can be used only for the trust beneficiaries. The City is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the City of Jacksonville's fiduciary activities are reported in a separate statement of fiduciary net assets and a statement of changes in fiduciary net assets. These activities are excluded from the citywide basic financial statements because the assets cannot be used to support or finance the City's programs or operations. The Fiduciary Funds Statement of Changes in Net Assets can be found in the Fund Financial Statement section of this report.

### **Notes to the Financial Statements**

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the citywide and fund financial statements. The notes can be found as a part of the Basic Financial Statements section of this report.

## Other Information

This report additionally includes required supplementary information (RSI) containing budgetary comparisons with related notes and the progress of the City's employee pension obligations.

The combined statements in connection with non-major governmental and enterprise funds, internal service funds, fiduciary funds and nonmajor component units are presented following the required supplementary information.

Additional statistical information is presented to give report users a better historical perspective and assist in assessing current financial status and trends of the governmental unit.

Economic data is presented to allow a broader understanding of the economic and social environment in which the city government operates.

## CITYWIDE FINANCIAL ANALYSIS

Net assets may serve over time as a useful indicator of government's financial position.

As of September 30, 2008, the City of Jacksonville is able to report positive balances in overall net assets (See Table A-1).

**Table A-1**  
**Summary Statement of Net Assets**  
**(In Thousands)**  
**as of September 30, 2008 and September 30, 2007**

	Governmental Activities		Business Type Activities		Total Primary Government	
	2008	Adjusted 2007	2008	Adjusted 2007	2008	2007
Cash and Investments	\$ 710,501	\$ 609,957	\$ 94,181	\$ 78,223	804,682	\$ 688,180
Other Current Assets	339,518	280,201	32,316	29,783	371,834	309,984
Capital Assets	2,310,411	2,146,362	436,848	443,154	2,747,259	2,589,516
Total assets	<u>3,360,430</u>	<u>3,036,520</u>	<u>563,345</u>	<u>551,160</u>	<u>3,923,775</u>	<u>3,587,680</u>
Current Liabilities	268,192	180,581	21,732	11,687	289,924	192,268
Long-term obligations	2,401,428	2,196,351	403,475	433,487	2,804,903	2,629,838
Total liabilities	<u>2,669,620</u>	<u>2,376,932</u>	<u>425,207</u>	<u>445,174</u>	<u>3,094,827</u>	<u>2,822,106</u>
Net assets						
Invested in capital assets, net of related debt	1,000,539	966,127	108,100	113,841	1,108,639	1,079,968
Restricted	82,096	41,702	8,601	8,274	90,697	49,976
Unrestricted	(391,825)	(371,621)	21,437	7,251	(370,388)	(364,370)
Total net assets (deficit)	<u>\$ 690,810</u>	<u>\$ 636,208</u>	<u>\$ 138,138</u>	<u>\$ 129,366</u>	<u>828,948</u>	<u>\$ 765,574</u>

The fiscal year 2007 Capital Assets and Long-term Obligations balances were adjusted in Table A-1 for statement comparability due to transfers from general governmental funds to enterprise funds as shown in the schedule below.

	<u>Asset</u>	<u>Liability</u>	<u>Transfers In / (Out)</u>
Jacksonville Municipal Stadium	\$201,378	\$156,881	\$44,497
Veteran’s Memorial Arena	112,883	115,931	( 3,048)
Baseball Stadium	29,319	30,631	( 1,312)
Performing Arts Center	25,958	1,012	24,946
Convention Center	19,933	18	19,915
Equestrian Center	<u>15,003</u>	<u>2,500</u>	<u>12,503</u>
Totals	\$404,474	\$306,973	\$97,501

Liabilities in the amount of \$112,432 were transferred from the Pollution Remediation enterprise fund to general governmental.

See Notes 6, 8, and 13 for further discussion.

The largest portion of the City’s net assets reflects its substantial capital assets, net of related debt. This displays the City’s commitment to investing in assets that have useful lives in excess of the life of the debt issue used to finance the assets. The increase in capital assets in the 2008 governmental activity includes \$39 million from developer contributions for infrastructure assets.

The negative unrestricted net assets in the governmental activities is primarily due to non-asset related debt issued for various capital projects that belong to other entities, but the debt is a liability of the City. Some of the debt was issued under the Better Jacksonville Plan (BJP), which has a dedicated revenue sources for payment of the debt. See Note 18 for further discussion.

The City issued non-asset related debt:

- for the Jacksonville Transportation Authority for state highways projects within the City;
- for the Jacksonville Port Authority for their port terminal facilities;
- to finance improvements at Shands-Jacksonville – a large regional hospital serving the City’s citizens, including its indigent population;
- to provide economic development incentives to entice developers to invest in the downtown and other targeted areas of the City, while will using Tax Increment District funds to provide a dedicated revenue source for payment of the debt. (See Note 18 for further discussion.)
- for several other projects within the City, such as septic tank removals and sewer expansion and pollution remediation, etc.

On the following page, Table A-2 provides a summary comparison of the City’s operations for the 2007 and 2008 fiscal year ends. The fiscal year 2007 transfer balances were also adjusted for the above stated reclassifications for statement comparison.

**Table A-2**

### **Governmental activities:**

The City's governmental activities revenues decreased \$15 million from 2007 to 2008 (see Table A-2) and consists of:

- Increases for general revenues for property taxes were \$11 million, even though the ad valorem tax rate decreased from 9.6400 to 8.4841. Assessed property values increased by \$7.6 billion, which is less than half of the previous year's growth and reflecting the weakening housing market.
- The largest single source of decrease in revenue was a \$23 million decrease in intergovernmental revenue primarily representing a decrease of funds from the BJP project revenues net of debt service, gas and motor fuel tax and sales tax revenue of \$21.3 million and a \$6.4 million reduction in the General Fund ½ cent sales tax.
- Miscellaneous revenues decreased by \$33.5 million in fiscal year 2008, \$15 million was due to the downturn in the investment market and \$18.7 million was due to a refund received in fiscal year 2007 for investments made by the City to University of Florida & Shands Hospital. These funds will be reallocated in fiscal year 2009 CIP for capital projects.
- Fines & charges increase is due to \$15 million from the new franchise fee.
- Decreases in governmental activities expenses were \$93 million.
- Transportation expenses decreased \$137 million in 2008 as the result of fiscal year 2007 accelerated funding to the Jacksonville Transportation Authority for use on Better Jacksonville Plan projects of \$143 million that did not reoccur in fiscal year 2008.
- Public safety expenses increased \$38 million primarily due to a \$23 million increase in salaries and operations in the Sheriff's Office and the Fire Department, a \$2.9 million increase for fire department capital projects and \$9 million with the creation of the Emergency Incidents Fund that was set up as a result of Tropical Storm Fay. An emergency declaration was made by the mayor and City Council which authorized the City to request FEMA reimbursement, meeting the criteria for funding under the Stafford Act. The deficit in this fund relates to the approximate 12.5% coverage the City is ultimately responsible for. FEMA participates at 75% and the state matches 12.5%. The deficit will be eliminated by a transfer of funds from the General Fund in fiscal year 2009 as finalized numbers are processed.

### **Business Type activities:**

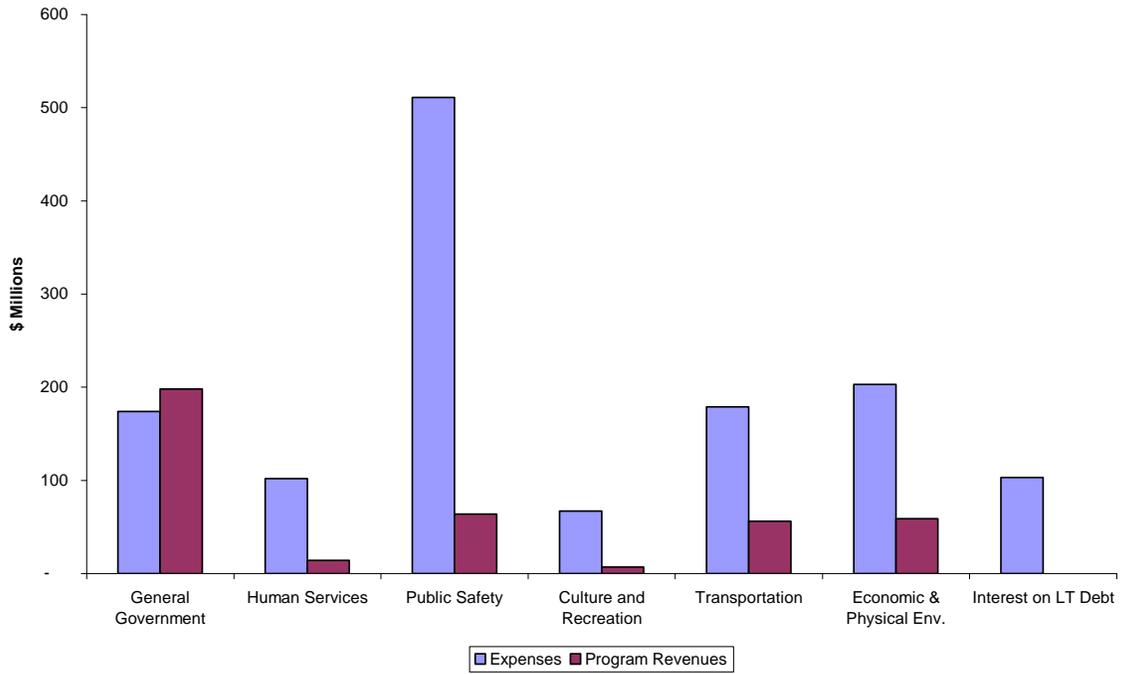

The City's business type revenues were not significantly changed from 2007 to 2008 (see Table A-2) and consists of:

- Increases in fines and charges for services due to implementing the new storm water fee of \$7.5 million in July 2008, representing a quarter of the fiscal year;
- Solid waste user fees for operations decreased even though a new \$4.0 million residential fee was enacted in April 2008 due to less tonnage recorded at the landfill;
- Miscellaneous revenues decrease \$3.9 million for the accounting loss in transferring the Mayport Ferry assets to the Jacksonville Port Authority. Interest revenues decreased in fiscal year 2008, due to the downturn in investment market:

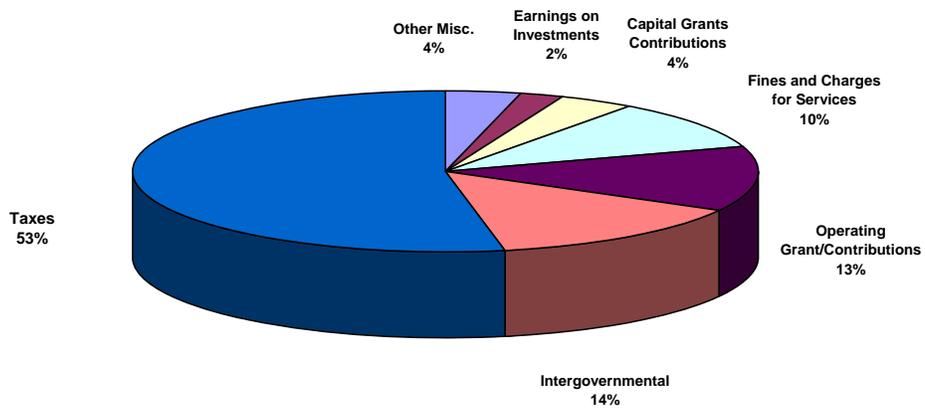

Decreases in business type activities expenses were \$6.0 million.

- Parking expenses decreased as fiscal year 2007 included a \$1.7 million expense for parking assets (a surface lot) that were transferred to developers for an economic development incentive and to resolve outstanding litigation between the parties;
- Decreases in landfill expenses due to less tonnage dumped at the landfill;
- Decreases in Mayport Ferry expenses as operations were transferred to the Jacksonville Port Authority on October 1, 2007.

## FINANCIAL ANALYSIS OF THE CITY GOVERNMENT'S FUNDS

As noted earlier, the City of Jacksonville uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental Funds:** The focus of the City of Jacksonville's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of fiscal year 2008. The City of Jacksonville uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

All non-major funds of each governmental fund type with legally adopted annual budgets are included in the Combining Schedule of Revenue, Expenditures, and Changes in Fund Balance – Budget and Actual. The General Fund Budget and Actual Schedule is included as Required Supplementary Information following the Notes to the Financial Statements.

The General Fund is the chief operating fund of the City of Jacksonville. At the end of the current fiscal year, the unreserved, undesignated fund balance of the General Fund was \$38 million. The General Fund's total fund balance was \$98 million, with \$40 million reserved by City Council as an emergency reserve.

The 2008 assessed tax roll is up \$4 billion over the prior year; an increase of 6.5%, which is substantially less as compared to 16.6% in 2007 and 14.9% in 2006.

Key factors affecting changes in major funds and fund balance in fiscal year 2008 operations are as follows:

### General Fund:

- Property taxes account for more than 50% of the general fund revenue and increased \$11 million or 2.4% over the previous year. The Ad Valorem millage rate was reduced for the thirteenth consecutive year, resulting in a 2.6 millage decrease over the past twelve years.

### Special Bonded Debt – Better Jacksonville Plan Obligations (BJP):

- Under the Interlocal Agreement, the City and JTA agreed to pledge the ½ cent sales tax and Constitutional Gas Tax to the payment of the BJP bonds. The ½ cent sales tax revenues decreased by \$6.9 million in fiscal year 2008 as compared to the prior fiscal year.
- Principal and Interest payments increased \$5.5 million per the debt schedules.

### Better Jacksonville Plan Construction Project Fund:

- The Better Jacksonville Plan continued major projects with \$88.2 million on Road Improvement projects, \$35.4 million on drainage projects, and an additional \$34 million on a combination of projects such as buildings, parks, fire stations, and other miscellaneous projects.
- Additional BJP debt of \$105 million was issued in fiscal year 2008, thus reflected in the \$131 million net increase in Long term debt. See Note 8 for further reference.

**Proprietary Funds:** The City of Jacksonville's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. Solid Waste, the Jacksonville Municipal Stadium and the Veteran's Memorial Arena are reported as major proprietary funds in fiscal year 2008. The \$6 million increase in charges for service revenues is representative of an increase in solid waste of approximately \$0.8 million, the new stormwater fees of \$7.5 million and a reduction of \$1 million in Performing Arts ticket revenue and elimination of the \$1 million Mayport Ferry revenue as the ferry was transferred to the Jacksonville Port Authority effective October 1, 2007

**General Fund Budgetary Highlights:** The overall budgeted revenues and expenditures increased less than 2% from the original and final budgets. Budgeted revenues increased \$20 million and budgeted expenditures increased \$18 million.

- As directed through the approval of ordinance 2007-1287-E, licenses and permits revenues were increased \$18 million from the JEA franchise fees; Public Works expenditures budget was increased \$18 million for the funding of Right of Way and Ground Maintenance projects.
- The Office of the Sheriff had an original to final expenditure budget increase of \$3 million for overtime as the mayor and City Council continue to address the high crime rate in the City. The \$3 million was appropriated from the Emergency Reserve account earlier in the fiscal year. The Emergency Reserve account was replenished at the end of the fiscal year from surplus funds.
- The City was reorganized into 8 specific business units in fiscal year 2008 which created the two new departments, Central Operation and Recreation and Community Services. Recreation and Community Services original to final budget was reduced by \$1.5 million as the City fine tunes these new areas.
- The Supervisor of Elections budget increased by \$1.8 million to assure the City's procedures and equipment were high quality during an election year.
- Overall actual expenditures for fiscal 2008 were \$94 million under final budget.

Actual revenues for fiscal year 2008 were \$29 million below the final budgeted amount. Positive variances in final budget to actual occurred with \$5 million additional property tax revenue. Intergovernmental was below final budget \$20 million primarily due to a decrease of the ½ cent sales tax and state shared revenues. Interest revenues were below final budget \$8 million due to market fluxuations.

## CAPITAL ASSETS AND DEBT ADMINISTRATION

### Capital Assets

The City of Jacksonville's investment in capital assets for its governmental and business-type activities as of September 30, 2008, amounts to \$2.7 billion (net of accumulated depreciation). This investment in capital assets includes land, buildings and improvements, furniture and equipment, infrastructure, and construction in progress (see Table A-3). With the completion of several major projects in fiscal year 2007, such as Buildings and Libraries, a focus was placed in fiscal year 2008 on areas such as Drainage Rehabilitation projects with an increase of \$11.7 million and \$7.1 million increase in Countywide Resurfacing. Both fiscal years experienced considerable costs in road projects due to the continuation of the Better Jacksonville Plan. Additional information on the City of Jacksonville's capital assets can be found in Notes to the Financial Statements, Footnote 6 of this report. Table A-3 FY 2007 balances have been adjusted to reflect the reclassification of assets from governmental to business-type for statement comparability.

**Table A-3**

Courthouse Project	6.5 million	4.5 million	2.0
Miscellaneous Projects	<u>2.7 million</u>	<u>1.3 million</u>	<u>1.4</u>
Total	\$ 167.9 million	\$133.7 million	\$ 34.2

**Debt Administration**

**Debt Service Funds** account for the accumulation of resources for, and the payment of, interest and principal on most general governmental obligations. Individual debt service funds are described below.

**The Special Bonded Debt Obligations Fund** accounts for the accumulation of resources for, and the payment of, principal and interest on the City’s special and limited bonded obligations payable solely from and secured by a lien upon and pledge of the revenues under the respective bond ordinances.

**The Special Bonded Debt - Better Jacksonville Plan Obligations Fund** accounts for the accumulation of resources for and the payment of, principal and interest on the City’s special bonded obligations payable, which are related to the Better Jacksonville Plan.

**The Other Non-Bonded Debt Obligations Fund** accounts for the accumulation of resources for and the payment of, principal and interest on other non-bonded debt obligations including the U. S. Government Guaranteed Notes Payable (HUD 108 loans).

At year-end, the City had \$2.1 billion in bonds and notes outstanding as shown in Table A-4. Additional information on the City of Jacksonville’s long term-debt can be found in Notes to the Financial Statements, Footnote 8 of this report.

<b>Total</b>	<b>\$ 2,109,357</b>	<b>\$ 1,971,409</b>	<b>\$ 355,683</b>	<b>\$ 362,792</b>	<b>\$ 2,465,040</b>	<b>\$ 2,334,201</b>

The City of Jacksonville’s debt increased by \$131 million as compared to fiscal year 2007.

New indebtedness of the City of Jacksonville consists of:

Closing Date	Par Amount	Source	Primary Use
September 2008	\$105,470,000	BJP Sales Tax Bonds	BJP Capital Projects
September 2008	\$ 54,215,000	Revenue Bonds – Banking Fund (BF)	Capital Projects
Various 2008	\$ 26,580,000	Increases in Commercial Paper – BF	Capital Projects

Between April and July of 2008, the City refinanced its outstanding auction rate and insured variable rate bonds due to disruptions in the municipal bond markets commencing in December 2007. While many jurisdictions replaced variable rate debt with fixed rate debt due to the scarcity of viable liquidity providers, the City was able to secure liquidity and replaced its auction rate and insured variable rate bonds with uninsured variable rate demand bonds, relying on the City’s underlying credit ratings.

Even with the significant interest rate fluctuations, the City managed its debt within original approved budgeted amounts.

The liquidity agreements available in the market at the time the City refunded its auction rate bonds were typically available for a maximum term of 364 days, shorter than agreements available prior to the market

disruption. As a result, the City's liquidity agreements for its auction replacement (Transportation Revenues Bonds Series 2008A and 2008B) will expire April 24, 2009 and May 12, 2009, respectively. Those agreements have mandatory purchase provisions by the issuing bank and three year term-out provisions with escalating interest rates should the facility not be renewed or replaced. As a result, the debt is classified as a long term liability. The City intends to replace the liquidity agreements or refund the variable debt with fixed rate debt that does not require a liquidity agreement. The City converted its prior liquidity agreements on its insured variable rate bonds to the uninsured variable rate bonds. Those agreements have a stated expiration of July 15, 2011.

## **ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES**

The State of Florida, by constitution, does not have a state personal income tax and therefore the State operates primarily using sales, gasoline and corporate income taxes. Local governments (cities, counties and school boards) primarily rely on property and a limited array of permitted other taxes (sales, gasoline, utilities services, etc.) and fees (franchise, occupational license, etc.) for their governmental activities. There are a limited number of state-shared revenues and recurring and non-recurring (one-time) grants from both the state and federal governments.

### **Other Economic Factors:**

- The unemployment rate for the City of Jacksonville is 6.4%. This compares to the state's average unemployment rate (6.4%) and the national average unemployment rate (6.2%). The Bureau of Labor Statistics reported that forty-eight states had statistically significant unemployment rate increases from 2007;
- Inflationary trends in the region compare favorably to national indices;
- Jacksonville has the largest Empowerment Zone in the nation;
- Jacksonville has a major port, home to the National Football League's (NFL) Jacksonville Jaguars, is the insurance and financial center of Florida, and is the site of key U.S. Navy bases.

### **Budget Highlights for fiscal 2008-2009:**

- For fiscal year 2009, the City held the millage rate of 8.4841 constant from fiscal year 2008. Combined with the additional homestead exemption of \$25,000 provided by the passage of Amendment One, this reduced property taxes for the owner of a homesteaded property with an assessed value of \$125,000 by \$180 in the current fiscal year.
- The Jacksonville Journey is a major anti-crime initiative that was launched to focus on crime prevention as well as boosting law enforcement efforts. The Jacksonville Journey provides an additional \$16 million toward keeping children safe and involved in positive activities, including expanded early literacy programs, supervised after-school guidance and recreational programs and expanded activities during the summer. Capital dollars are provided to reopen closed community centers within the City as well. Another portion of this \$16 million is dedicated to expand existing juvenile crime prevention programs. In addition, the FY09 budget allocates more than \$1.5 million for programs that will help ex-offenders make the transition to being productive citizens again.
- As noted above, The Jacksonville Journey provides funding for increasing the police presence within the community. An additional \$11 million has been allocated in the FY09 budget to hire 80 police officers, 80 correctional officers and 23 emergency communications operators. In addition, almost \$1 million has been set aside to eliminate crime havens with non-police resources. Finally, approximately \$1.7 million will be used to make safety improvements near commercial areas.
- Two new rescue units will be added in the Fire and Rescue Department as well as staffing needed for deploying an additional ladder truck. A much needed new radio system for the Sheriff's Office and the Fire Department will also be funded in the FY09 budget.
- Operational expenses in the Fleet Management Division's budget will be reduced by \$1.6 million. Part of this savings will be realized by the utilization of electric vehicles and other measures to reduce the consumption of petroleum-based fuels. Other savings include \$2.8 million in Information Technology operating expenses and reductions in insurance premiums of \$2 million as the result of positive claim experience.

- Eliminated 101 non-public safety positions in a continuing effort to reduce costs and right-size the government.

#### **CONTACTING THE CITY'S FINANCIAL MANAGEMENT**

This financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of the City's finances and to demonstrate the City's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Department of Finance, Accounting Division, 117 West Duval Street, Suite 375, Jacksonville, Florida 32202, or call (904) 630-1250.

**(This page is intentionally left blank.)**

**FUND FINANCIAL  
STATEMENTS**

**(This page is intentionally left blank.)**

## **MAJOR GOVERNMENTAL FUNDS:**

### **GENERAL FUND**

The **General Fund** is the principal fund of the City and is used to account for all activities not included in other funds. The General Fund accounts for the normal recurring activities of the City (i.e. police, fire, public works, courts, general government, etc.). These activities are funded principally by property taxes, intergovernmental revenues, and licenses and fees.

### **DEBT SERVICE FUNDS**

The **Special Bonded Debt Obligations Fund** accounts for the accumulation of resources for, and the payment of, principal and interest on the City's special and limited bonded obligations payable solely from and secured by a lien upon and pledge of the revenues under the respective bond ordinances.

The **Special Bonded Debt - Better Jacksonville Plan Obligations Fund** accounts for the accumulation of resources for, and the payment of, principal and interest on the City's special bonded obligations payable, which are related to the Better Jacksonville Plan.

### **CAPITAL PROJECTS FUNDS**

The **Better Jacksonville Plan Construction Projects Fund** receives revenues from the two local option sales tax programs and proceeds from the sale of bonded debt issued by the City to fund projects under the Better Jacksonville Plan.

**City of Jacksonville, Florida**  
**Reconciliation of the Governmental Funds Balance Sheet**  
**to the Statement of Net Assets**  
**September 30, 2008**  
**(in thousands)**

Total fund balances- governmental funds \$ 567,846

Amounts reported for governmental activities in the statement of net assets are different because:

Capital assets used in governmental activities 2,310,411  
are not financial resources and therefore are not reported in the funds

Long term liabilities - liabilities are not due and payable in the current period and are not reported in the funds:

Bonds and notes payable	(2,096,875)	
Unamortized bond discounts	3,315	
Unamortized bond premium	(20,246)	
Unamortized loss on advance refunding of debt	4,449	

Total bonds and notes payable (2,109,357)

Certain assets and liabilities reported in governmental activities are not financial resources and therefore are not reported in the funds:

Compensated absences	(60,867)
Reduction of accounts payable in debt service funds for debt principal and interest	109,031
Unamortized bond issuance costs	16,191
Estimated settlement for Shipyards project	(2,500)
Estimated liability for self insured losses	(83,192)
Other post employment benefits (OPEB) liability	(8,073)
Accrued liability for pollution remediation	(139,330)
Accrued liability to other governments - Home program	(2,480)
Interest payable	(34,004)
Capitalized lease obligations	(609)
Miscellaneous payable liabilities	(1,129)

Internal service funds are used by management to charge the costs of certain activities, such as fleet maintenance and insurance, to individual funds. The Capital Assets and Long term liabilities are consolidated with the governmental funds on an entity-wide basis.

This figure represents the net of Current Assets and Current Liabilities of the Internal Service Funds.

128,872

Net assets of governmental activities

\$ 690,810

**City of Jacksonville, Florida**  
**Reconciliation of the Statement of Revenues, Expenditures,**  
**and Changes in Fund Balances of Governmental Funds to the Statement of Activities**  
**For The Year Ended September 30, 2008**  
(in thousands)

Net change in fund balances- total governmental funds: \$ 51,769

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. Also, certain capital assets are contributed to the City upon completion, requiring recognition of income not reported in the funds.

Capital assets acquired by use of financial resources	208,553	
Capital assets contributed by developers	40,903	
Capital assets transferred from proprietary funds of the city	594	
Current year depreciation	(79,769)	
Loss on disposition of assets	(975)	
		169,306

Governmental funds report certain bond transactions as resources or uses. However, in the statement of activities these transactions are reported over the life of the debt as expenses.

Bond Issuance Costs	1,607	
Amortization of issuance costs	(794)	
Amortization of bond discounts	(156)	
Amortization of bond premium	1,510	
Additional bond premium with new debt issue	(3,928)	
Amortization - loss on refunding	(649)	
		(2,410)

Repayment of bond principal is an expenditure in governmental funds, but the repayment results in a reduction of long-term liabilities in the statement of net assets. Issuing debt provides current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net assets.

Long-term debt issued	(570,126)	
State debt	(14,768)	
Debt retired with refunding issue	410,460	
Principal repayment	74,365	
		(100,069)

Some revenues and expenses reported in the statement of activities did not require the use of or provide current financial resources and therefore are not reported in governmental funds:

Accrued interest expense	(322)	
Increases in compensated absences payable	(3,938)	
Enterprise fund bond principal paid by a governmental fund reflected as a general government expense	1,215	
Miscellaneous payable	(808)	
Payable to other governments	(2,480)	
Other post employment benefits liability	(7,640)	
Pollution remediation accrual	(50,278)	
Transfer in of liability from the Solid Waste enterprise fund for pollution remediation	(112,432)	
Net transfer of Assets to the enterprise funds Sports Venue	(97,925)	
Net effect-elimination receivable/payable	4,709	
		(372,378)

Internal service funds are used to charge the cost of certain activities to individual funds. The net revenue (expense) and transfers are reported with governmental activities.

Interest revenue	(83)	
Other non-operating expenses	(6,508)	
Operating income	(239)	
Transfers in, net	2,803	
		(4,027)

Change in Net Assets - Governmental Activities \$ (155,330)

See accompanying notes.

### **MAJOR ENTERPRISE FUNDS:**

**Enterprise Funds** account for operations that are financed and operated in a manner similar to private business enterprises and where the costs of providing goods or services to the general public are recovered primarily through user charges; or where the city has decided that determination of net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes. Individual major enterprise funds are described below.

**The Solid Waste Disposal Fund** accounts for collection, recycling and disposal of commercial and residential garbage services throughout the City, including the operation of three municipally owned landfill sites, two of which are closed.

**The Jacksonville Municipal Stadium Fund** accounts for events held at the stadium including National Football League and college football games, concerts and other activities.

**The Veterans Memorial Arena Fund** accounts for events held at the arena including concerts, college basketball games, and other entertainment events such as the circus, ice skating, gymnastics, professional wrestling and motor sports.

## **FIDUCIARY FUND LEVEL STATEMENTS**

**PENSION TRUST FUNDS** are funds administered by independent boards for which the City performs a fiduciary role under a defined benefit program. The participant's retirement annuity is based on a statutory formula using such factors as age, average salary, length of service and others.

**PRIVATE PURPOSE TRUST FUND** is used to report all trust arrangements, other than those properly reported in pension trust funds, under which principal and income benefit individuals. The City reports its James Brady Disabled Scholarship, Michael Jackson Music Scholarship, J.B. Smith Memorial Scholarship, and Lex Hester Memorial Scholarship funds as private purpose trusts.

**AGENCY FUNDS** are funds which hold monies in an agency capacity for various government units, individuals or funds.

## COMPONENT UNITS

**Component Units** are legally separate organizations for which the primary government is financially accountable. Financial accountability is defined as the appointment of a voting majority of the component unit's governing body with certain exceptions, and either (a) the ability to impose will by the primary government; or (b) the potential for the organization to provide financial benefits to, or impose financial burdens on the primary government. The City's major component units follow:

### MAJOR COMPONENT UNITS:

**The JEA** manages and operates an electric utility system and a water and sewer utility system in the Consolidated City of Jacksonville/Duval County area.

**The Jacksonville Transportation Authority** is responsible for construction, improvement, and maintenance of the Jacksonville Expressway System and operation of the City's mass transit systems, including bus and automated skyway express throughout Duval County.

**The Jacksonville Aviation Authority** manages and operates the City's aviation/airport facilities.

**The Jacksonville Port Authority** manages and operates the City's marine port facilities.

### COMPONENT UNITS THAT DO NOT ISSUE A SEPARATE REPORT:

**The Jacksonville Housing Finance Authority** provides money for loans and technical assistance for construction and rehabilitation of housing to alleviate a shortage of housing and capital for investment in housing in Jacksonville.

**The Jacksonville Economic Development Commission** provides a focal point for economic development in the City that results in a centralization of economic development programs.

**CITY OF JACKSONVILLE, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

---

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The accounting policies of the City of Jacksonville, Florida (the City) conform to accounting principles generally accepted in the United States (GAAP) as applicable to governments. The following is a summary of the more significant policies. Notes 1C. through 20 are note disclosures of the primary government with significant disclosures for major component units incorporated within. Additional significant component unit disclosures are presented in Note 17.

**A. Basis of Presentation:**

The accompanying financial statements of the City have been prepared in conformity with GAAP as prescribed by the Governmental Accounting Standards Board (GASB), the Financial Accounting Standards Board (FASB), and the American Institute of Certified Public Accountants (AICPA). Under the auspices of GASB Statement No. 20, the City does not apply FASB pronouncements issued after November 30, 1989, for proprietary activities, unless the GASB amends its pronouncements to specifically adopt FASB pronouncements issued after that date. GASB is the accepted standard-setting body for establishing governmental accounting and financial reporting principles for units of local government.

**B. Financial Reporting Entity:**

The City is a consolidated city/county political entity created by Chapter 67-1320 of the Laws of Florida. When consolidation occurred on October 1, 1968, all existing municipalities, authorities and public agencies within Duval County, except for the Duval County School Board, were merged into a single new corporate and political entity also known as the City of Jacksonville. At the same time, however, the cities of Jacksonville Beach, Atlantic Beach, Neptune Beach and the Town of Baldwin elected to retain local autonomy for certain municipal purposes and were reconstituted as separate and distinct urban service districts. The consolidated city government, which is comprised of an elected City Council (19 members) and mayor, provides, under the administration of the appointed Chief Administrative Officer, services to approximately 905,000 residents living in an 840.1 square mile area.

To conform to the traditional county organization of government in the State of Florida, the City retained the offices of the Sheriff, Property Appraiser, Tax Collector, Supervisor of Elections, and Clerk of the Circuit Court, which are also elected by the citizenry. These officers are considered to be not only county officers, but also officers of the consolidated government as well, and therefore are considered as part of the primary government. The three beach cities and the Town of Baldwin continue to function as separate municipal governments.

This report includes all funds, departments, agencies, boards and commissions, and other organizational units that are administered by the mayor and/or controlled by or dependent upon the City Council as set forth in the City Charter. The City, a primary government, has also considered for inclusion all potential component units for which it may be financially accountable and other organizations for which the nature and significance of their relationship with the city are such that exclusion would cause the City's financial statements to be misleading or incomplete. In GASB Statement No. 14, The Financial Reporting Entity, the GASB has set forth criteria to be considered in determining financial accountability.

**CITY OF JACKSONVILLE, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

---

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**B. Financial Reporting Entity: (continued)**

These criteria include appointing a voting majority of an organization's governing body and (1) the ability of the city to impose its will on that organization; or (2) the potential for the organization to provide specific financial benefits to or impose specific financial burdens on the City.

As required by GAAP, these financial statements present the City of Jacksonville (the primary government) and its component units. The City has identified and included within the financial reporting entity, as its component units, legally separate organizations for which the City is financially accountable or for which a significant relationship with the City exists such that exclusion would cause the City's financial statement to be misleading or incomplete.

The Jacksonville Public Library Board has been classified as a dependent special district by the State of Florida Department of Community Affairs. Per GASB Statement No. 14, the Library Board is not considered a component unit as it is not a legally separate organization. Therefore, its activity is included as part of the primary government.

**Blended Component Unit.** There is one component unit, which is legally separate from the City, but is so intertwined with the City that it is, in substance, the same as the City. It is reported as part of the City and blended into the appropriate funds.

The **Jacksonville Police and Fire Pension Board of Trustees**, created under Article 22 of the City Charter, provides retirement services and benefits to eligible employees of the Office of the Sheriff and the Department of Fire and Rescue. The City appoints two of the five-member board; one member is a police officer; one member is a firefighter; and the remaining member is appointed by the other four members. As sponsor, the City has the ability to modify the plan and to approve the defined benefit contribution to the Police and Fire Pension Board of Trustees in the City's annual budget. The Police and Fire Pension Board of Trustees issues separate financial statements on the fund, which may be obtained from its administrative office at One West Adams Street, Suite 100, Jacksonville, Florida 32202-3616. These transactions are blended in the Fiduciary Funds.

**Discrete Component Units.** These component units are entities which are legally separate from the City, but are financially accountable to the City, or whose relationships with the City are such that exclusion would cause the city's financial statements to be misleading or incomplete. The component units are reported separately to emphasize that they are legally separate from the primary government and are governed by separate boards. The footnotes include financial data of these entities. Each component unit listed below has a September 30 fiscal year end.

NOTES TO FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

---

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**B. Financial Reporting Entity: (continued)**

**Major Component Units**

**JEA** (formerly known as the Jacksonville Electric Authority) was created by Chapter 67-1569 of the Laws of Florida to own, manage, and operate an electric utility system and a water and sewer utility system in the City and any or all counties adjacent thereto. The governing body of the JEA consists of seven members appointed by the mayor and confirmed by the City Council. The City has the ability to impose its will on the JEA manifested principally through formal budgetary approval. The JEA engages only in business-type activities and issues separate financial statements, which may be obtained from its administrative office in the JEA Plaza at 21 West Church Street, Jacksonville, Florida 32202.

The **Jacksonville Port Authority** (JPA) was created by Resolution 2000-1104-A, and was initially called the Jacksonville Seaport Authority. This resolution abolished what was the former Jacksonville Port Authority and created new Seaport and Airport Authorities. However, during fiscal year 2003, the Seaport Authority changed its name back to Jacksonville Port Authority. The governing body of the JPA consists of seven members, four of whom are appointed by the mayor and confirmed by the City Council, and three of whom are appointed by the Governor. The City can impose its will on the JPA through modification and approval of its budgets, which ensures strong accountability to the local constituent citizenry. The JPA engages only in business-type activities and issues separate financial statements. Requests for information may be addressed to Director of Finance, Jacksonville Port Authority, P.O. Box 3005, Jacksonville, FL 32206-0005.

The **Jacksonville Aviation Authority** (JAA) was created by Resolution 2000-1104-A, which abolished what was the former Jacksonville Port Authority (JPA). The former JPA was created in 1963 by Chapter 63-1447 of the Laws of Florida, to own and operate marine and aviation facilities in the Consolidated City/County Government of Jacksonville/Duval County. These state laws were repealed and separate seaport and airport authorities were established. The governing body of the JAA consists of seven members, four of whom are appointed by the Governor, and three of whom are appointed by the mayor and confirmed by the City Council. The JAA is fiscally dependent upon the City because the City Council approves and modifies the JAA budget. The JAA engages only in business-type activities and issues separate financial statements. Requests for information may be addressed to the JAA Administrative Office at P.O. Box 18018, Jacksonville, Florida 32229-0018.

The **Jacksonville Transportation Authority** (JTA) is a public body politic and corporate agency of the State of Florida under Chapter 349 of the Florida Statutes. The governing body of the JTA consists of seven members, three of whom are appointed by the governor of Florida, three of whom are appointed by the mayor and confirmed by the City Council, and the seventh member is the district engineer of the Florida Department of Transportation.

**CITY OF JACKSONVILLE, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

---

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**B. Financial Reporting Entity: (continued)**

The JTA is empowered to construct, improve, operate and lease the Jacksonville Expressway System. The JTA is, however, fiscally dependent upon the city under Section 14 of the City Charter through approval of its budgets which ensures strong accountability to the local constituent citizenry. The JTA engages in both governmental and business-type activities and issues separate financial statements, which may be obtained from its administrative office at 100 North Myrtle Avenue, Jacksonville, Florida 32203.

**Component Units that do not issue a separate report**

The **Jacksonville Housing Finance Authority (JHFA)**, formerly known as the Duval County Housing Finance Authority ( DCHFA), was created by City Ordinance 2003-1058, to alleviate a shortage of housing and capital investment for the people of Duval County, pursuant to Florida Statutes, Section 159.604. The Mayor appoints three of the five board members. The city has the ability to impose its will on the JHFA. The JHFA operates in conjunction with the Jacksonville Housing Commission, also created by Ordinance 2003-1058, and has the rights and duties necessary under Florida Statutes, Chapter 159, Part IV, to preserve outstanding debt, issue new debt and to shield the City from financial liability. The bonds issued and outstanding are included in Note 8H. Conduit Debt. The JHFA engages only in governmental activities. There are no separately issued financial statements for the JHFA, whose financial activity is accounted for by the City. The JHFA does not issue a separate report. Therefore, JHFA fund financial statements are presented in the basic financial statements section of the City report.

The **Jacksonville Economic Development Commission (JEDC)**, created July 1, 1997, under Chapter 92-341, Laws of Florida, provides a focal point for economic development in the city that results in a centralization of economic development programs under the auspices of one agency, thus ensuring a more efficient and practical means of addressing the goals, objectives and strategies for future economic development in the city. The JEDC operates with all the powers and authority of a community redevelopment agency under Part III, Chapter 163, Florida Statutes and as an industrial development authority under Part III, Chapter 159, Florida Statutes. The mayor appoints the board members and a chairman, who are confirmed by the City Council, and the City has the ability to impose its will. The JEDC engages only in governmental activities. There are no separately issued financial statements for the JEDC, whose financial activity is accounted for by the City as a single special revenue fund during the year. For financial reporting purposes, fund financial statements for JEDC are presented in the Combining Individual Fund Statements and Schedules section of this report. The JEDC does not issue a separate report. Therefore, JEDC fund financial statements are presented in the basic financial statements section of the City report.

NOTES TO FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

---

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**B. Financial Reporting Entity: (continued)**

**Non-major Component Units**

**Downtown Vision, Inc.** (DVI) was established as a not-for-profit corporation under the Laws of Florida in 1997. DVI was created to provide community enhancements in the downtown area, with associated costs assessed to the properties benefited. The assessment is levied and collected by the City in accordance with the Enhanced Municipal Services Agreement, and was approved by City Ordinance 1999-1175-E. Therefore, DVI is fiscally dependent on the City. The DVI is governed by a 15-member Board of Directors, of which two are City representatives. The enhanced services are provided to property owners within several of the City's Downtown Community Redevelopment areas, including some properties owned by the City. DVI engages only in governmental activities and issues separate financial statements, which may be obtained from its main office at 214 North Hogan Street, Suite 120, Jacksonville, Florida 32202.

The **Jacksonville Health Facilities Authority** (JHFA), created under Chapter 490 of the City Ordinance Code pursuant to Chapter 154 Part III, Laws of Florida, provides appropriate additional means to assist in the development, improvement and maintenance of the public health. The JHFA provides a method for the financing and refinancing, on a tax-exempt basis, of projects on behalf of private corporations and organized not-for-profits that are authorized by law to provide hospital or nursing home services, thus providing facilities at favorable interest costs with a resultant decrease in health care costs for the users of health facilities within the City. All five members are appointed by the City Council, and the City is able to impose its will on the JHFA.

The bonds issued by the JHFA are special limited obligations of the JHFA and the principal and interest are payable from rental payments. The principal and interest on the bonds shall never constitute an indebtedness of the City of Jacksonville, Duval County, the State of Florida or any municipality or political subdivision thereof. Accordingly, the bonds issued and outstanding are included in Note 8.G. Conduit Debt. During the fiscal year presented, JHFA had no financial transactions or assets and liabilities to report. Therefore, there are no separately issued financial statements for JHFA.

The **Water and Sewer Expansion Authority** (WSEA) was created by City Ordinance 2003-586-E to allow property owners an opportunity to finance water and/or sewer infrastructure in their existing developed neighborhoods on a voluntary basis. The governing body of the WSEA consists of seven members appointed by the mayor and confirmed by the City Council. The City has the ability to impose its will on the WSEA principally through the mayor's ability to remove board members with two-thirds approval vote from the City Council, and the City Councils authority to review and approve the WSEA annual budget. WSEA issues separate financial statements, which may be obtained from its administrative office 21 West Church Street, T - 16 Jacksonville, Florida 32202.

**CITY OF JACKSONVILLE, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

---

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**B. Financial Reporting Entity: (continued)**

**Related Organizations**

The **Jacksonville Housing Authority (JHA)** is governed by a seven member board, whose members are appointed by the mayor and confirmed by City Council. However, the City does not have the ability to impose its will on JHA. The City cannot remove appointed members of the JHA Board at will. JHA managers are appointed by the JHA Board of Directors. The Board approves the operating budget and amendments to the budget. The City does not exercise influence in JHA management or operations. It does not approve JHA budgets, and does not provide or collect major revenues of the JHA. Accordingly, the financial activities of the JHA are not included in the City's financial statements.

The **Duval County Research and Development Authority (Authority)** is governed by a five member Board whose members are appointed by the City Council. However, the City does not have the ability to impose its will on the Authority. The City does not exercise influence in the management or operations of the Authority and is not financially accountable for the actions of the Authority. Accordingly, the financial activities of the Authority are not included in the City's financial statements.

**Jointly Governed Organization**

The Jacksonville Metropolitan Planning Organization (MPO) was previously reported by the City as a blended component unit. An Interlocal Agreement was entered into on February 27, 2004, by and between the Florida Department of Transportation, the Counties of Clay, Duval, and St. Johns, the cities of Jacksonville, Atlantic Beach, Jacksonville Beach, Neptune Beach and Saint Augustine, the Jacksonville Aviation Authority, the Jacksonville Port Authority, the Jacksonville Transportation Authority and the St. Augustine/St. Johns County Airport Authority to redesignate as the **First Coast Metropolitan Planning Organization (FCMPO)**. Pursuant to Section 339.175(3), Florida Statutes, by letter to Mayor John Peyton, the governor agreed to the apportionment plan of newly proposed members. The City Council no longer serves as the MPO Board. The mayor, three Jacksonville City Council Members and various other leaders of the involved agencies, make up the 16 member board, with three members being non-voting.

The City does not have an ongoing financial interest or responsibility to the FCMPO. However, since the board includes members from each of the governments that created it, the FCMPO is considered a jointly governed organization of the City.

**C. Basic Financial Statements:**

The basic financial statements include both citywide and fund level statements. The City, as the primary government, is reported separately from its component units. The citywide statements report on all of the activities of the City and its component units except those that are fiduciary in nature.

**CITY OF JACKSONVILLE, FLORIDA**  
**NOTES TO FINANCIAL STATEMENTS**  
**FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

---

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**C. Basic Financial Statements: (continued)**

Statements for fiduciary activities, such as employee pension plans, are presented in a separate section of this report. Both the citywide and fund level statements classify primary activities of the City as either governmental activities, which are primarily supported by taxes and intergovernmental revenues, or business type activities, which are primarily supported by user fees and charges.

The citywide statement of net assets reports all assets and liabilities of the City, including both long-term assets and long-term debt and other obligations. The statement of activities reports the degree to which direct expenses of City functions are offset by program revenues, which include program specific grants and charges for services provided by a specific function. Direct expenses are those that are clearly identifiable with a specific function or program. The net cost of these programs is funded from general revenues such as taxes, intergovernmental revenue and interest earnings.

The fund level statements report on governmental, proprietary and fiduciary fund activities. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund level financial statements.

Since the fund level statements for governmental activities are presented using a different measurement focus and basis of accounting than the citywide statements governmental column (as discussed under Basis of Accounting in this summary of significant accounting policies), a reconciliation is presented on the page following each fund level statement which briefly explains the adjustments necessary to convert the fund level statements into the citywide governmental column presentations.

As a general rule, the effect of interfund activity has been eliminated from the citywide financial statements.

**D. Fund Structure:**

The City's accounts are maintained in accordance with the principles of fund accounting to ensure compliance with limitations and restrictions placed on the use of resources available to it. Under fund accounting, individual funds are established for the purpose of carrying on activities or attaining objectives in accordance with specific regulations, restrictions or limitations. Each individual fund is a self-balancing set of accounts recording assets and other financing resources, together with liabilities and residual equities or balances and changes therein. For financial statement presentation, funds with similar characteristics, including those component units referenced above, are grouped into generic classifications as required by GAAP. A brief description of these classifications follows:

**Governmental Funds.** These funds report transactions related to resources received and used for those services traditionally provided by city/county government. The following are major governmental funds used by the City:

**CITY OF JACKSONVILLE, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

---

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**D. Fund Structure: (continued)**

General Fund - The General Fund is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.

Debt Service Funds:

The Special Bonded Debt – Better Jacksonville Plan Obligations Fund accounts for the accumulation of resources for, and the payment of, principal and interest on the City’s special bonded obligations payable, which are related to the Better Jacksonville Plan.

The Special Bonded Debt Obligations Fund accounts for the accumulation of resources for, and the payment of, principal and interest on the City’s special and limited bonded obligations payable solely from and secured by a lien upon and pledge of the revenues under the respective bond ordinances.

Capital Project Funds:

The Better Jacksonville Plan Construction Projects Fund receives revenues from the two local option sales tax programs and proceeds from the sale of bonded debt issued by the City to fund projects under the Better Jacksonville Plan.

Other Non-major Governmental Funds:

This is the aggregate of all of the non-major governmental funds. Individual fund statements for these funds are included in the Combining and Individual Fund Statements and Schedules Section. Proceeds from the Banking fund are also recorded within these funds.

**Proprietary Funds.** These funds report transactions related to activities similar to those found in the private sector. Major proprietary funds include:

Solid Waste Disposal Fund - This fund accounts for the collection, recycling, and disposal of commercial and residential garbage services throughout the City, including operation of three municipally owned landfill sites, two of which are closed.

The Jacksonville Municipal Stadium Fund accounts for events held at the stadium including National Football League and college football games, concerts and other activities.

The Veterans Memorial Arena Fund accounts for events held at the arena including concerts, college basketball games, and other entertainment events such as the circus, ice skating, gymnastics, professional wrestling and motor sports.

Other Non-major Enterprise - This is the aggregate of all of the non-major enterprise funds. Individual fund statements for these funds are included in the Combining Individual Fund Statements and Schedules Section.

**CITY OF JACKSONVILLE, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

---

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**D. Fund Structure: (continued)**

Proprietary funds distinguish operating revenues and expenses from non-operating revenues and expenses. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the funds' principal ongoing operation. The principal operating revenues for the City's enterprise funds are charges to customers for sales and services. Operating expenses include direct expenses of providing the goods or services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

In addition, the City reports the following fund types:

**Internal Service Funds** - These funds account for services provided primarily to various departments of the City and to other governmental agencies. Since these funds principally service City departments, internal service fund statements are consolidated into the governmental activities column in the citywide presentations. These activities are fleet management, copy center, data processing, legal, various risk management activities and internal banking fund. Services provided to other governmental agencies are not considered to be material.

**Private-purpose Trust Funds** - These funds account for resources legally held in trust for the benefit of individuals pursuing higher education in music and urban studies. Earnings on invested resources may be used to support these activities but no expenditure may be made from the principal of these funds.

**Pension Trust Funds** - These funds account for the activities of the general employees and the police and fire pension funds, which accumulate resources for pension benefit payments for qualified employees.

**Permanent Fund** - This fund is used to account for activities of the City relative to cemetery maintenance at specified locations. All resources of the fund, including earnings on invested resources, may be used to support these activities. There is no requirement that any portion of these resources be preserved as capital.

**Agency Funds** - These custodial funds account for monies held as an agent for other governmental units or individuals. The City utilizes several agency funds including the Treasurer Fund to clear cash received and disbursed, Tax Collector Fund accounts for the collection of all taxes, revenues and other cash, Clerk of the Circuit Court Fund accounts for revenues collected by the court system, Plat Deposits Fund accounts for collateral to insure the completion of public improvements, Duval County School Readiness Coalition Fund accounts for similar collections, Florida Retirement System Fund accounts for a multiple-employer, cost-sharing defined benefit plan for certain City employees who elected to remain with the State of Florida Retirement System.

**CITY OF JACKSONVILLE, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

---

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**E. Basis of Accounting:**

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The citywide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary and fiduciary pension trust fund financial statements. Under this method, revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenue in the year in which they are levied. Grants and similar items are recognized as revenue when all eligibility requirements imposed by the provider are met.

Governmental fund financial statements are reported using a current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases (i.e. revenues and other financing sources) and decreases (i.e. expenditures and other financing uses) in net current assets.

Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e. when they become both measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Major revenues that are determined to be susceptible to accrual include property taxes, taxpayer-assessed tax revenues including sales and utilities services taxes, state shared revenue, intergovernmental revenue, charges for services and investment income. Federal grants collected on a reimbursement basis are recognized as revenue when reimbursable expenditures are made, and the City considers amounts received within one year as available.

Revenues collected on an advance basis, including certain federal grant revenue, to which the City does not yet have legal entitlement, are not recognized as revenue until the related commitment arises. Generally, the City considers a 60-day availability period for revenue recognition.

Property taxes billed but uncollected as of the end of the fiscal year are reflected in the accompanying financial statements as due from individuals offsetting a liability due to other governments in the Tax Collector Agency Fund. These amounts are not considered to be available by the City to finance current operations. Accordingly, property taxes are recognized as revenue in the fiscal year in which they are collected and remitted to the City's General Fund by the Tax Collector Agency Fund. (See Note 5.)

Expenditures are recorded when the related fund liability is incurred, except for items that are not planned to be liquidated with expendable available resources. Exceptions to the general modified accrual expenditure recognition criteria include principal and interest on general long-term indebtedness and capital lease obligations, which are recognized when paid, and payments for compensated absences and claims and judgments which are recognized when due.

Agency funds are accounted for using the full accrual basis of accounting. Agency funds are custodial in nature (i.e. assets equal liabilities) and do not measure the results of operations.

**CITY OF JACKSONVILLE, FLORIDA**  
**NOTES TO FINANCIAL STATEMENTS**  
**FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

---

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**E. Basis of Accounting:** (continued)

The City's policy is to use restricted resources first, then unrestricted resources, when both are available for use to fund an activity.

**F. Cash, Cash Equivalents, and Investments:**

Cash, cash equivalents and investments and related accrued investment earnings are reported in the financial statements as "Equity in cash and investments" under the City's "pooling" concept. (See Note 3.) All monies, which are not legally restricted to separate administration, are pooled together for investment purposes while each individual fund and/or account is maintained on a daily transaction basis by the City Treasurer. Investment earnings are distributed in accordance with the participating funds' relative percentage of investments. All Fund Types deposit monies into the Equity in Cash and Investments Pool of the City. The Proprietary Fund Types use this pool as a demand deposit account, and accordingly all amounts in the pool are considered cash and equivalents for purposes of the Statement of Cash Flows. Investments are stated at fair value. Investments are stated at fair value based on quoted market prices. Short term investments are reported at cost which approximates fair value. Securities, traded on national or international exchanges, are valued at the last reported sales price at current exchange rates. Increases and decreases in the fair value of investments are reported as investment income.

The City of Jacksonville's swap policy allows for the use of interest rate swaps and other financial instruments to manage the City's financial exposure. This policy went into effect on October 1, 2003 and was revised on March 1, 2004. The City may utilize interest rate swaps to manage the interest rate risk associated with various assets. The City continuously works toward developing the optimal capital structure, including the amounts and types of variable rate exposure, in view of the City's risk tolerance to market fluctuations, capital market outlook, future capital funding needs, rating agency considerations, counterparty credit profiles, and competition. Interest rate swaps are one instrument used in achieving an optimal capital structure.

**G. Receivables:**

Receivables are stated net of estimated allowances for uncollectible amounts, which are determined, based on past collection experience and current economic conditions, except for mortgages receivable which are reported as a reservation of fund balance because they are not considered a current financial resource available for expenditure. Types of receivables include amounts that are principally due from the State of Florida for state-shared revenues. Receivables in other funds have arisen in the ordinary course of business.

**H. Inventories:**

Inventories of materials and supplies are determined by both physical counts and through perpetual inventory systems stated at cost, which approximates market, using the average weighted costing method. Reported inventories in governmental funds are equally offset by a reservation of fund balance since they are unavailable for appropriation. In proprietary fund types, inventories are expended when consumed.

**CITY OF JACKSONVILLE, FLORIDA**  
**NOTES TO FINANCIAL STATEMENTS**  
**FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

---

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**I. Capital Assets:**

All purchased capital assets are recorded at cost where historical records are available and at estimated cost where no historical records exist. Donated capital assets are valued at their estimated fair market value on the date received. Generally, capital assets costing \$1,000 or more and having a useful life of more than one year are capitalized. Infrastructure is capitalized based on the accumulated amounts charged to specific capital projects on an annual basis. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Capital assets are reported in the applicable governmental or business-type column in the citywide financial statements, and in the Proprietary Fund Level Statements.

Infrastructure capitalizations according to GASB 34 phase 1 were included in the City’s assets beginning in FY 2003 including the 20 year required prior totals.

Depreciation on all capital assets is calculated using the straight line method over the following useful lives:

Infrastructure - Other	12 - 50 years
Infrastructure - Bridges	100 years
Buildings and improvements	12 - 45 years
Furniture, equipment and library books	3 - 10 years
Software Development	10 years

The City capitalizes collections, such as artwork and library books. The City has a collection of artwork in various sites throughout the interior and exterior of public facilities. The value of the art is expected to either remain the same or increase over time, so it is not depreciated. Software development is capitalized if over a threshold of \$30,000.

**J. Contributions:** Contributions in the form of cash and capital assets to the governmental activities of the City are recognized on the Statement of Activities as revenues in the period they are received. Contributions of capital assets, primarily completed infrastructure from developers, are recognized at the fair value at the date of donation. All contributions are reported on the Statement of Activities as program revenues, with operating contributions reported separately from capital contributions.

**K. Interfund Activity:** Interfund activity within and among the City’s three fund categories (governmental, proprietary, and fiduciary) are classified as reciprocal interfund activity and nonreciprocal interfund activity.

Reciprocal interfund resource flows between funds with an expectation of repayment are reported as interfund receivables and payables. Reciprocal interfund resource flows, without an expectation of repayment within a reasonable time, are reported as transfers between funds. Interfund services provided and used are sales and purchases of goods and services between funds for a price approximating their external value and are reported as revenues and expenditures (or expenses) in the funds.

**CITY OF JACKSONVILLE, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

---

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**K. Interfund Activity: (continued)**

Nonreciprocal interfund activities are flows of assets between funds without an equivalent flow of assets in return or without a requirement for repayment are reported as transfers in governmental funds and nonoperating revenues and expenses in proprietary funds.

**L. Restricted Assets:**

Assets are reported as restricted in the citywide Statement of Net Assets and the enterprise fund level statements when constraints are placed on net asset use. The constraints are either: (1) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (2) imposed by law or through constitutional provisions or enabling legislation. Certain proceeds of the City's revenue bonds, both governmental and proprietary funds, as well as resources set aside for their repayment are classified as restricted assets on the statements.

**M. Compensated Absences:**

City employees may accumulate earned personal leave benefits (compensated absences) at various rates within limits specified in collective bargaining agreements. For all funds, this liability reflects amounts attributable to employee services already rendered, cumulative, probable for payment, and reasonably estimated in conformity with GASB Statement No. 16, Accounting for Compensated Absences.

Compensated absences liabilities are accrued when incurred in the citywide financial statements, and the proprietary and fiduciary fund level financial statements. No expenditure is reported in the governmental funds for these amounts until the payment is made. No liability is recorded for nonvesting, accumulated sick pay benefits. Compensated absences liability is determined based on current rates of pay.

**N. Risk Financing:**

The City is self-insured for general and automobile liability and up to \$1.2 million per occurrence for workers compensation. The liability for self-insured losses is based on individual case estimates for reported claims, historical loss data and valuations performed by independent actuaries at September 30, 2008, for incurred but not yet reported claims, claims development, and unallocated loss adjustment expenses. The liability for self-insured losses is accounted for in the Self-Insurance Fund (internal service fund) that pays for claims made against the City. The City has an excess liability policy which provides coverage for general liability at limits of \$1 million per occurrence and \$3 million in the aggregate, subject to a \$5 million self-insured retention; and employers liability at limits of \$1 million per occurrence and \$3 million in the aggregate subject to a \$1.2 million self-insured retention.

**NOTES TO FINANCIAL STATEMENTS**  
**FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

---

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**O. Pension Costs:**

Substantially all permanent, full-time employees of the City are covered under two City sponsored defined benefit pension plans. Employer contributions are recorded as pension expenditure/expenses when the related payroll is accrued based on an actuarially determined rate in accordance with GASB Statement No. 27, Accounting for Pensions by State and Local Governments.

**P. Landfill Closure and Postclosure Care Costs:**

The City recognizes municipal solid waste landfill closure and postclosure care costs under the State of Florida's Solid Waste Management Act of 1988 (the "1988 Act"), regulations of the Federal Environmental Protection Agency (EPA), and GASB Statement No. 18, Accounting for Municipal Solid Waste Landfill Closure and Postclosure Care Costs. For those landfills that stopped accepting solid waste prior to final implementation of the 1988 Act and EPA regulations, the estimated total cost of municipal solid waste landfill (MSWLF) closure and postclosure care is recognized as a deferred charge and a corresponding liability in the Solid Waste Disposal Enterprise Fund, in accordance with FASB Statement No. 71, Accounting for the Effects of Certain Types of Regulation, (FAS 71). The City issued bonds to pay for closure costs on closed landfills. Post-closure care costs on closed landfills are recorded as a liability based on engineer's estimates. The City Council establishes rates that are designed to recover costs and believes it is reasonable to assume that such rates, which will recover the costs, can be charged to and collected from customers. Accordingly, the provisions of FAS 71 are applied. The City intends to recover these MSWLF costs through future operating revenues of the Solid Waste Disposal Enterprise Fund. Accordingly, MSWLF costs are recognized as expense each year to match the flow of revenue and bonds principal payments, thereby reducing the deferred charge. Expenses for closure and postclosure care costs are recorded each year and the liability is adjusted to the engineer's estimate. MSWLF closure and postclosure care costs incurred for landfills accepting solid waste after final implementation of the 1988 Act and EPA regulations are recognized as an expense. A liability is recorded based upon the landfill capacity used during that year applied to the engineer's estimate of closure and postclosure care costs. (See Note 13.C.)

**Q. Long-Term Obligations:**

In the citywide financial statements, and proprietary funds in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary funds statement of net assets.

Special obligation bonds, which are supported by certain general revenues (other than ad valorem taxes), do not constitute a debt of the City within the meaning of any constitutional or statutory limitation or provision, and the City is not obligated to pay the bonds except from revenues pledged for such purposes.

Each governmental fund that has long-term liabilities, such as, compensated absences and pension liabilities, is responsible for liquidating the same.

**CITY OF JACKSONVILLE, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

---

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**Q. Long-Term Obligations: (continued)**

Non Asset Bonds are created when the City issues debt and either (a) constructs an asset which will become the asset of another entity (e.g. State of Florida); (b) contributes proceeds to another entity (e.g. Shands Jacksonville Hospital) to participate in a construction project; or (c) provides an economic incentive to a development or redevelopment project. Part of the Better Jacksonville Plan (BJP) referendum was to make improvements to state roads and/or interchanges with/between state roads.

While these projects enhance traffic movements in and around Jacksonville, the constructed assets and the future maintenance responsibility are transferred to the Florida Department of Transportation. Additionally, under the BJP program, the City provided for non-capital expenditures, such as septic tank remediation and ash clean up, from debt proceeds, which will not result in a capital asset of the City. The City has also provided grants to Shands Jacksonville Hospital, a provider of health care for indigents, from debt proceeds. The City and/or its Community Redevelopment Authority (CRA) districts, to encourage target development, will enter into incentive agreements (including grants loans) which are in some instances designed to be repaid by either the CRA's tax increment revenues and/or the developer.

**R. Reservations and Designations of Fund Equity:**

In the fund level statements, reservations of fund balance are established to identify the existence of assets that have been legally segregated for specific purposes. Assets of legally restricted budgetary funds are an example of this type of reservation. Reservations are also established for assets that are not current in nature, such as long-term advances, mortgages receivable and inventories. Designations of fund equity reflect management's plans for financial resource allocation in a future period. Such plans or intentions are subject to change and may never result in expenditures.

**S. Bond Discounts, Premiums and Issuance Costs:**

In the fund financial statements, governmental funds recognize bond discounts, premiums and issuance costs in the current period. The face amount of debt issued and bond premiums are reported as other financing sources while discounts on debt issuance are reported as other financing uses. Issuance costs, whether or not withheld from the debt proceeds received, are reported as debt service expenditures.

In the citywide financial statements and for proprietary funds, material bond discount, premium and issuance costs are deferred and amortized as a component of interest expense over the term of the bonds using the straight-line method, which approximates the effective interest method. Issuance costs are recorded as deferred charges and bond discount/premium are included in Long-Term Liabilities - Revenue Bonds.

**CITY OF JACKSONVILLE, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

---

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**T. Deferred Loss on Debt Refundings:**

Losses resulting from advance refundings of debt in the citywide and proprietary fund statements are deferred and amortized over the shorter of the life of the new debt or the remaining life of the old debt. The amount deferred is reported as a component of Long-Term Liabilities in the accompanying financial statements and is amortized and reported as a component of interest expense.

**U. Use of Estimates:**

The preparation of financial statements, in accordance with GAAP, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amount of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**V. Reclassifications:**

Certain amounts in the separately issued financial statements of component units have been reclassified to conform to the presentation of the primary government.

**W. Summarized Comparative Information:**

The basic financial statements include certain prior-year summarized comparative information in total but not at the level of detail required for a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the City's financial statements for the year ended September 30, 2007, from which the summarized information was derived.

**2. BUDGETARY DATA**

The City presents a Budgetary Comparison Schedule for the General Fund as Required Supplementary Information. For this reporting period, no special revenue funds met the major fund criteria. The City's budgetary comparison reporting and Notes to Required Supplementary Information containing descriptions of the City's budgetary policies and processes are included in the Required Supplementary Information section of this report.

(The remainder of this page is intentionally left blank.)

**CITY OF JACKSONVILLE, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

---

**3. CASH, INVESTMENTS AND SECURITIES LENDING**

**A. Equity in Cash and Investments:**

The City maintains a cash and investment pool that is available for use by all funds except for monies legally restricted to separate administration (i.e. pension plan custodians and deferred compensation plan administrators). The “Equity in cash and investments” on the Citywide Financial Statements, consists of cash and investments owned by each fund and defined as resources that can be liquidated without delay or penalty. Cash and investments held separately where contractual arrangements and bond covenants require such arrangements, are classified as “restricted assets.”

Investment earnings are allocated to the individual funds monthly based on the funds’ average daily cash balance.

- B. Cash on Deposit:** Monies on deposit with financial institutions in the form of demand deposit accounts, time deposit accounts and certificates of deposit are defined as public deposits. All of the City’s public deposits are held in qualified public depositories pursuant to State of Florida Statutes, Chapter 280, “Florida Security for Public Deposits Act,” and covered by federal depository insurance. For amounts in excess of such federal depository insurance the Act provides that all qualified public depositories are required to pledge eligible collateral having a market value equal to or greater than the average daily or monthly balance of all public deposits, times the depository’s collateral pledging level. The pledging level may range from 50% to 125% depending upon the depository’s financial condition and establishment period. The Public Deposit Security Trust Fund has a procedure to allocate and recover losses in the event of a default or insolvency.

When public deposits are made in accordance with Chapter 280, no public depositor shall be liable for any loss thereof. Any losses to public depositors are covered by applicable deposit insurance, sales of securities pledged as collateral and, if necessary, assessments against other qualified public depositories of the same type as the depository in default.

**C. Investments and Investment Practices- General Operating Investments**

The City’s operating fund investment guidelines are defined by City Ordinance Code Section 110, Part 2 and a written Investment Policy (the “Policy”) is approved by City Council. The investment policy establishes a diversified investment strategy, both by type of investment and by manager, a minimum credit quality, and duration limitations. An internal Investment Committee has oversight, within policy limits, of the implementation and direction of investment strategies. The Policy is reviewed annually for any adjustments due to changes or developments within the investment markets that may provide enhanced investment opportunities for the City.

**CITY OF JACKSONVILLE, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

---

**3. CASH, INVESTMENTS AND SECURITIES LENDING**

**C. Investments and Investment Practices: General Operating Investments (continued):**

The fair market value of the City's fixed maturity investments fluctuate in response to changes in market interest rates. Increases in prevailing interest rates typically translate into decreases in the fair market value of fixed maturity investments. Fair values of interest rate sensitive instruments may also be affected by the liquidity and duration of the instrument, creditworthiness of the issuer, prepayment options and other general market conditions.

All invested cash is managed by third-party money managers other than operating cash invested overnight through the City's zero balance sweep accounts. Within the aggregate portfolio, the Policy establishes a Liquidity Portfolio which is required to contain not less than 15% of the aggregate portfolio, and an Active Portfolio containing funds not earmarked to the Liquidity Portfolio. Performance benchmarks for the Liquidity and Active Portfolios are established in the Policy and performance benchmarks for each of the third party managers are established by the Investment Committee. The Policy defines the Average Duration and Compliance Categories for investments. Compliance Categories are stated as a percentage of the Normal Portfolio Balance (the average total portfolio balance for the proceeding twelve months). Performance and compliance reports for both portfolios are submitted to the Investment Committee monthly, and to the Finance Committee quarterly.

The City employs an independent investment custodian who takes direction from the money managers and independently settles all trades. In addition, the custodian provides performance and compliance reporting both for the portfolios and by individual managers. Managers are required to report any instances of noncompliance with investment guidelines.

Interest rate risk is controlled primarily through duration, which is a measure that approximates the change in value of a bond for a given change in interest rates. Shorter durations are less sensitive to interest rate shifts, while longer durations are more sensitive. To limit the portfolio volatility associated with changes in interest rates, the City's Investment Policy Statement restricts the duration of the overall portfolio to a range of 0.75 – 5.00 years; no more than 7.5% of the individual securities in the portfolio can have a duration greater than 8.5 years.

The following schedule reports the minimum and/or maximum investment percentages for each Compliance Category and shows the current percentages of investments per actual balances at year end and as a percentage of the Normal Portfolio Balance.

All Foreign Currency held in Fixed Income funds represents 1.14% of total investments.

The Operating Portfolio by Credit Quality reports on the General Operating Portfolio investment rating using Moody’s rating schedule as an indicator of investment credit quality. The City’s Investment Policy Statement is designed to control credit risk by requiring both minimum amounts that must be invested in the highest quality U.S. Government securities, as well as a maximum limit of 7.5% of the portfolio that can be invested in non-investment grade securities. Operating Fund by Credit Quality reports on the overall portfolio to illustrate the credit risk of the portfolio at year end.

The interest rate risk of the portfolio is controlled by placing limits; a duration band on the portfolio of between 0.75 to 5.00 years. In addition, no more than 7.5% of the individual securities in the portfolio may have duration greater than 8.5 years. Operating Fund Portfolio Characteristics reports duration for the portfolio at year end.

Note that Agency securities carry an ‘implicit’ government guarantee, meaning that in the event of default, it is believed rather than explicitly stated that the U.S. Government would ensure timely payments of interest and principal. Consequently, the quality is considered higher than the highest-rated corporate bonds, but below that of actual U.S. Government-backed instruments.

**FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

---

**3. CASH, INVESTMENTS AND SECURITIES LENDING (continued)**

**D. Securities Lending:**

The City participates in securities lending for both its operating and pension portfolios. The City has a contract with its custodian, The Bank of New York Mellon (the City's Operating Portfolio and the Jacksonville Retirement System) that allows the custodian, acting as agent, to lend securities held in the portfolios. The Police and Fire Pension fund withdrew from the Securities Lending program with Northern Trust Company in March 2008. The transactions are designed to be invisible to either the third party money managers or in-house staff who manage segments of various portfolios. The market for securities lending was developed to provide temporary access to a large portfolio of securities for broker/dealers who might have a need to borrow specific instruments. Securities are loaned against collateral that may include cash, U.S. Government securities and irrevocable letters of credit. U.S securities are loaned against collateral valued at a minimum of 102% of the market value of the securities plus any accrued interest. Non-U.S. securities are loaned versus collateral valued at a minimum of 105% of the market value of the securities plus any accrued interest. If the broker/dealer fails to return the security, upon request, then the custodian, acting as agent, will utilize the collateral to replace the security borrowed. The securities loaned are on a rolling daily basis and the cash collateral can be deposited and/or withdrawn from the investment on a daily basis. The weighted average maturity duration of the collateral investment at September 30, 2008 was 24 days for the City's Operating Portfolio and 21 days for the Jacksonville Retirement System.

The transaction establishes a rebate interest rate (assuming cash collateral), which is due back to the broker/dealer upon return of the security. The cash is then invested short-term and the City and the custodian share in the incremental return available above the rebated interest rate. The short-term fixed income instruments can be invested in high quality, dollar denominated fixed income instruments, with a policy dollar-weighted, average maturity limit of less than 30 days. The City, as a program participant, assumes the risk that (a) the overnight investment will not equal or exceed the rebate interest rate; (b) the overnight investment will experience a loss in fair value (i.e., principal); and (c) the collateral will not be sufficient if the borrower fails to return the security back to the lending bank. As noted above, cash collateral is invested in short-term income instruments. When non-cash collateral is provided the collateral must be obligations issued or guaranteed by the U.S. Government or its agencies and instrumentalities. The City cannot pledge or sell these obligations in the absence of a default by the borrower. The City would have credit risk if at any time the above-mentioned 102% daily adjusted collateral falls below 100%. As of September 30, 2008, the City of Jacksonville had no credit risk related to insufficient collateral. However, the Securities Lending program experienced a realized loss in the value of certain securities held in the collateral investment pool of \$5.7 million (\$2.9 million Operating , \$2.8 million Jacksonville Retirement System), which was reported as a reduction in income of \$2.0 million, (\$0.5 million Operating, \$1.5 million Jacksonville Retirement System), earned over the course of the year. These losses were recorded as deductions to interest revenues in the General Fund and Securities Lending gross revenue in the Pension Fund.

**CITY OF JACKSONVILLE, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

---

**3. CASH, INVESTMENTS AND SECURITIES LENDING (continued)**

**D. Securities Lending: (continued)**

The City periodically reviews the custodian’s practices to insure fair distribution of lending opportunities as well as risk evaluation of prospective broker/dealer borrowers. For accounting purposes, the Statements of Net Assets and Changes in Net Assets reflect the increase in assets, liabilities, interest income and expense associated with securities lending activity.

**4. ACCOUNTS AND MORTGAGES RECEIVABLE**

The accounts and mortgages receivable balances in the funds listed below, in thousands, are shown net of an allowance for doubtful accounts. No other funds had an allowance for doubtful accounts at September 30, 2008.

<b>Fund</b>	<b>Accounts Receivable</b>	<b>Allowance for Doubtful Accounts</b>	<b>Net Amount Shown on Balance Sheet</b>

**CITY OF JACKSONVILLE, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

---

**5. PROPERTY TAXES**

**A. Ad Valorem Property Taxes:**

Property tax collections are governed by Chapter 197, Florida Statutes. The Duval County Tax Collector bills and collects all property taxes levied within the consolidated city/county. Discounts of 4, 3, 2, and 1% are allowed for early payment in November, December, January, and February, respectively. The total millage rate levied by the City was 8.4841 for the fiscal year ended September 30, 2008.

The Florida Constitution, as amended under Article VII, Section 4, limits the increase in homestead property valuations for ad valorem tax purposes to a maximum of the lesser of (i) three percent (3%) of the assessment for the prior year, or (ii) the percent change in the Consumer Price Index for the preceding calendar year. The first tax year in which the limitations of these constitutional provisions apply is January 1, 1995. Calendar year 1995 is the base year upon which assessed just value of the homestead property is determined.

**B. Property Tax Calendar:**

The Tax Collector remits collected taxes at least monthly to the City. The City recognizes property tax revenue as it is received from the Tax Collector since virtually all taxes levied will be collected through the tax collection process. The calendar of events is as follows:

January 1	Property taxes are based on assessed value at this date as determined by the Duval County Property Appraiser.
July 1	Assessment roll approved by the state.
September 30	Millage resolution approved by the City Council.
October 1	Beginning of fiscal year for which taxes have been levied.
November 30	Last day for 4% maximum discount.
April 1	Unpaid property taxes become delinquent.
May 31	Tax certificates are sold by the Duval County Tax Collector. This is the first lien date on the properties.

In the fund financial statements, net transfers out are greater than total transfers in by \$111,840. This is due to the treatment of transfers of capital assets and debt from Enterprise Funds to the general government. No amounts were reported in the governmental funds as the amount did not involve the transfer of current financial resources.

**CITY OF JACKSONVILLE, FLORIDA**  
**NOTES TO FINANCIAL STATEMENTS**  
**FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

---

**7. INTERFUND RECEIVABLES, PAYABLES, ADVANCES AND TRANSFERS (continued)**

During fiscal year 1999, the self-insurance fund advanced \$14,000,000 to the capital projects fund for the purpose of fulfilling City obligations under a redevelopment agreement for a new 900-room hotel with substantial convention and business spaces. The total capital investment for the project is \$126.0 million. The City Council passed an ordinance to treat the funding from the self insurance fund as a loan which will be repaid from general fund revenues commencing on May 1, 2000 in equal annual installments over 20 years, plus simple interest of 4.4%. The balance of this advance was \$9,164,026 at September 30, 2008.

In fiscal year 2003, the City passed an ordinance to enter into a redevelopment agreement with Vestcor Companies and its subsidiaries for the redevelopment of the Lynch Building and the Roosevelt Hotel into apartment buildings as City historic landmarks. In fiscal year 2003, the City used internal self-insurance funds, in an amount of \$17,816,000, to provide permanent financing for the project. The self-insurance fund will be repaid on an annual basis with funds from the Northbank Downtown Tax Increment District. The terms of the repayment are a 30-year amortization, with a 20-year term at a fixed interest rate of 6% per year. Annual payments are \$1,294,313 which includes both principal and interest with a balloon payment of \$8,290,400 at the end of the 20-year period. The balance of the loan at September 30, 2008 was \$14,738,185 which is recorded in the Self Insurance Fund.

Vestcor will repay the City an amount of \$17,816,000 to the Downtown Economic Development fund as created by ordinance 2000-1079-E. The terms of the repayment will be a 40-year amortization, with a 20-year term at a fixed interest rate of 1.525% per year. Annual payments are \$595,248 which includes both principal and interest with a balloon payment of \$10,291,719. The balance of the loan at September 30, 2008 was \$16,077,833 which is recorded in the Jacksonville Economic Development Commission Fund.

During fiscal year 2008, the City had financial transactions with its discretely presented component units classified as follows for the financial reporting purposes:

**JEA: Enhanced Joint Agency Financing Program** – On November 5, 1996, JEA and the City executed a Financial Agreement in relation to the use of an “enhanced joint agency financing program” (the “EJ Program”) in conjunction with the issuance of \$57,150,000 Excise Tax Revenue Bonds, Series 1996B for the benefit of various marine facilities for the Jacksonville Port Authority (JPA). The City and JEA have agreed that annual contributions from JEA to the City under Article 21 of the City Charter and Section 106.202 (c) of the City Ordinance Code will be supplemented to offset any shortfall in certain cash flows in the City revenues dedicated for the benefit of the JPA (See discussion below concerning the allocation of three sources of revenue by the City to the JPA).

As of September 30, 2008, revenues dedicated for the support of debt service requirements of the 1993 Bonds and the 1996B Bonds have been sufficient so as to avoid the need to call upon supplemental contributions from JEA in support of the EJ Program.

**CITY OF JACKSONVILLE, FLORIDA**  
**NOTES TO FINANCIAL STATEMENTS**  
**FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

---

**7. INTERFUND RECEIVABLES, PAYABLES, ADVANCES AND TRANSFERS (continued)**

**JEA Charter Payment** - On October 1, 1968, the City turned its electrical department over to the newly created JEA. Additionally, on June 1, 1997, the JEA assumed the operation and all related assets and liabilities of the water and sewer system from the City. The JEA is required by the City Charter to contribute annually to the general fund of the City an amount not to exceed 5.513 mills per kilowatt per hour sold and at a rate of 2.149 mills per cubic feet of water sold. For the fiscal year ending September 30, 2008 these contributions totaled \$73,846,764 and \$20,340,780, respectively. Such contributions to the City's general fund are for the use of the public right-of-way in connection with its electric distribution system and its water sewer distribution and collection system and are based on calculations contained within section 21.07 of the City Charter.

**Jacksonville Transportation Authority (JTA) : Local Option One-Half Cent Sales Tax** On August 11, 1989, Jacksonville citizens voted for the removal of all tolls from county/city bridges and certain roads and replaced the revenue with a local option one-half cent sales tax that provides a permanent funding source for the construction and maintenance of the City's roads and bridges; the operation and maintenance of the bus system and the refinancing of existing bonds issued for the construction of such bridges and roads. All collections from the one-half cent sales tax are statutorily required to be remitted to the JTA. Accordingly, the City remitted all collections from the one-half cent sales tax to the JTA in the amount of \$72.3 million in fiscal year 2008. Such collection and payment by the City of this local option one-half cent sales tax is recorded in the Transportation Special Revenue fund as revenue and a transportation expenditure in the equal amount. The JTA reports the \$72.3 million transfer from the City as sales tax revenue.

In fiscal year 2000, the City and the JTA entered into an interlocal agreement for the purpose of jointly exercising the separate powers of each to the maximum extent allowable by the law in the development, scheduling, financing, planning, permitting, design, construction and implementation of a \$750 million Road, Bridge and Drainage Capital Improvement Work Program. The term of the agreement commenced on October 1, 2000 and is in effect until all of the bonds have been duly paid in full or defeased in accordance with their terms. The City and JTA agreed to pledge the sales tax and the constitutional gas tax for the payment of bonds issued to implement the program. Monies available above debt service would be collected in a Pay-As-You-Go fund to assist with the payment of program expenditures. The City is making available the Local Option Gas Tax for the operation of the JTA's Mass Transit Division.

**Jacksonville Port Authority (JPA): Interlocal Agreement** – In connection with a major port and marine facilities capital improvement project (the "Project"), the City and the JPA entered into an Interlocal Agreement upon the issuance of \$43,605,140 Excise Taxes Revenue Bonds, Series 1993 (the "1993 Bonds"). Subsequent to this transaction, the parties entered into an Amended and Restated Interlocal Agreement in conjunction with the issuance of \$57,150,000 Excise Taxes Revenue Bonds, Series 1996B (the "1996B Bonds"). The 1996B Bonds were refunded by the Excise Taxes Revenue Refunding Bonds, Series 2001A (the "2001 Bonds").

**CITY OF JACKSONVILLE, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

---

**7. INTERFUND RECEIVABLES, PAYABLES, ADVANCES AND TRANSFERS (continued)**

The 1993 Bonds were partially refunded by the Excise Taxes Revenue Refunding and Improvement Bonds, Series 2003C (the “2003C Bonds, and together with the 1993 Bonds, 1996B Bonds and 2001A Bonds, the “Bonds”).

Under the Amended and Restated Interlocal Agreement, the City agreed to issue the Bonds to finance the port and marine facilities capital improvement project, and the JPA, in consideration therefore, agreed to reimburse the City for debt service payments on the Bonds from certain revenues allocated to the JPA. Any insufficiency in the extent of such revenues allocated to the JPA under the Amended and Restated Interlocal Agreement or any changes in the Amended and Restated Interlocal Agreement does not affect in any manner any obligation of the City pursuant to the terms of the Bonds. The Amended and Restated Interlocal Agreement is not for the benefit of the holders of the Bonds and the JPA has no obligation under that Amended and Restated Interlocal Agreement to any third party bondholder. The revenues allocated to the JPA and supplemental contributions to the City from the JEA in conjunction with the Enhanced Joint Agency Finance Program (EJ Program) are not pledged as security for the Bonds. The Amended and Restated Interlocal Agreement provides for the allocation of three sources of revenue (collectively referred to as the “Pledged Revenues”) by the City to the JPA. The first source of revenue relates to the allocation of half of the increased revenues in the Telecommunications tax, which is 85% of the Communication Services Tax (the “Authority Allocation No. 1”). The second source of revenue relates to the amount calculated by multiplying one quarter (.25) mills by the gross kilowatt hours (as defined in Article 21 of the City Charter) sold by JEA during the twelve month period ending May 31 of the prior fiscal year (the “Authority Allocation No. 2”). The third source of revenues relates to the \$800,000 annual contribution remitted to the JPA as described in Section 5(a) of the JPA act. Such Pledged Revenues are to be applied by the City to the payment of debt service on the Bonds for such fiscal year prior to being paid to the JPA. To the extent that the debt service on the Bonds in any fiscal year exceeds the allocation of Pledged Revenues to the JPA, the amount of such deficiency shall be paid by JEA to the City.

For the fiscal year ended September 30, 2008, the allocation of Pledged Revenues from the City to the JPA exceeded the debt service requirements of the Bonds by the amount of \$2.89 million. During fiscal year 2008, \$3.81 million was distributed to the JPA. Additionally, \$3.5 million will remain in reserves at JPA to be applied to any future debt service shortfalls on the Bonds and the remaining amount will be expended on capital projects.

In previous years, the City expended \$43.1 million on the Project from proceeds of the 1993 Bonds for the benefit of the JPA under the Amended and Restated Interlocal Agreement, which completed the 1993 Bond Program. In previous years, the City expended \$64 million on the project from proceeds of the 1996B Bonds for the benefit of the JPA under the Interlocal Agreement. The City accounted for these expenditures in the Capital Projects Funds and did not capitalize these capital outlay expenditures.

Internal Service Funds predominantly serve the governmental funds. Accordingly, long-term liabilities of \$3,509 for compensated absences payable and \$609 for capital leases are included above in the totals for governmental activities.

Compensated absences for governmental activities are generally liquidated by the general fund.

\*Reclassifications: \$160,412 of total bonds outstanding were moved to Business-type activities (\$156,860 in complete Capital Improvement bond series and \$3,552 in bond series where the proceeds were split between Governmental and Business). \$146,562 in Special Obligation-BJP outstanding bond issues were moved to Business-type activities. \$89,052 in Pollution Remediation long-term liability was moved from Business-Type Activities to General Government. Pollution Remediation - Loans Payable was adjusted by \$23,380 for loan provided by an Internal Service Fund.

<b>Improvement Revenues:</b>	2019 - 2030	\$261,924,495	\$20,618,495	\$11,405,788	55.32%

**Excise Taxes:** Bonds have been issued to fund citywide capital projects, and are supported by a pledge against the proceeds of the Utilities Services Taxes and the Occupational License Taxes.

**Local Government 1/2 Cent Sales Tax:** Bonds have been issued to fund the River City Renaissance program and various citywide capital improvements, and are supported by a pledge against the proceeds of the local government half-cent sales tax.

**Guaranteed Entitlement Revenues:** Bonds have been issued to fund the construction and renovation of various criminal justice facilities, and are supported by a pledge against the City's "guaranteed entitlement" portion of the State's shared revenues under the Revenue Sharing Act for counties and municipalities, which is derived from the State's sales and use tax and Cigarette Tax.

**JEA Charter Revenues (Capital Project Bonds):** Bonds have been issued to fund drainage and general capital programs, and are supported by a pledge against the JEA Contribution, which is annually appropriated to the City from available Electric and Water & Sewer revenues.

**(Better Jacksonville) Transportation Sales Tax:** Bonds have been issued to fund acquisition and construction of road, bridge, drainage and other transportation projects, and are supported by a pledge against the discretionary half-cent Transportation Sales Tax and Gas Tax.

**Better Jacksonville (Infrastructure) Sales Tax:** Bonds have been issued to fund the acquisition and construction of capital projects constituting part of the Better Jacksonville Plan, and are supported by a pledge against the discretionary half-cent Infrastructure Sales Tax.

**Sports Facilities Capital Improvement Revenues:** Bonds have been issued to fund renovations to the Municipal Stadium, and are supported by a pledge against the proceeds of Franchise Fees, 15% of the Communications Services Taxes, Sports Facility Sales Tax Rebates, Convention Development Taxes and the Sports Facilities Tourist Development Taxes.

**CITY OF JACKSONVILLE, FLORIDA**  
**NOTES TO FINANCIAL STATEMENTS**  
**FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

---

**8. LONG-TERM OBLIGATIONS** (continued)

**E. New Indebtedness and Refunding Issued by the City:**

On April 25, 2008, the City closed on the sale of \$154,535,000 Transportation Revenue Bonds, Series 2008A with a true interest cost of 5.079% and a targeted average coupon rate of 4.60% with a mandatory sinking schedule beginning October 1, 2011 and a maturity date of October 1, 2032. The proceeds of the 2008A bonds were used to refund the City's Transportation Revenue Bonds, Auction Rate Series 2003A bonds (\$76,825,000) and 2003B bonds (\$76,800,000). The issuance provided net proceeds of \$153,927,848 after payment of underwriter's discounts and costs of issuance totaling \$849,422 and a bond premium of \$242,270. The refunding was undertaken to address failures in the auction rate market. Since both the refunded and refunding bonds are variable, no economic gain or loss (based on the present value differences of the debt service payment streams of the old and new bonds) was realized.

On May 14, 2008, the City closed on the sale of \$121,740,000 Transportation Revenue Bonds, Series 2008B with a true interest cost of 4.089% and a targeted average coupon rate of 3.61% with a mandatory sinking schedule beginning October 1, 2008 and a maturity date of October 1, 2027. The proceeds of the 2008B bonds were used to refund the City's Transportation Revenue Bonds, Series 2003 (\$41,975,000) and 2004A (\$79,075,000). The issuance provided net proceeds of \$121,050,000 after payment of underwriter's discounts and costs of issuance totaling \$690,000. The refunding was undertaken to address failures in the auction rate market. Since both the refunded and refunding bonds are variable, no economic gain or loss (based on present value differences of debt service payment streams of old and new bonds) was realized.

On May 15, 2008, the City closed on the sale of \$32,670,000 Commercial Paper Notes, Series A, with an initial coupon of 1.60% with an initial maturity date of June 10, 2008. The issuance provided net proceeds of \$32,600,000 after payment of cost of issuance totaling \$70,000.

On July 1, 2008, the City closed on the sale of \$134,570,000 Capital Projects Revenue Bonds Series 2008A (\$67,285,000) and 2008B (\$67,285,000) with a true interest cost of 5.53% and a targeted average coupon rate of 4.84% with a mandatory sinking schedule beginning October 1, 2008 and a maturity date of October 1, 2034. The proceeds of the 2008 bonds were used to refund the City's Capital Projects Revenue Bonds Series 1997-1, Series 1997-2, Series 1997-3, and Series 2002-1. The issuance provided net proceeds of \$135,785,000 after payment of underwriter's discounts and costs of issuance totaling \$880,823 and a transfer of assets from the refunded bonds of \$2,095,823. The refunding was undertaken to restructure the old bonds and eliminate the bond insurance which was causing the bonds to trade at higher interest rates than uninsured bonds of the City. Since both the refunded and refunding bonds are variable, no economic gain or loss (based on the present value differences of the debt service payment streams of the old and new bonds) was realized.

On September 4, 2008, the City submitted a draw request on its \$50 million State Infrastructure Bank loan. The draw request was for \$14,767,631, which included \$4,616,107 for reimbursable projects and an advance of \$10,151,524 for projects to be completed within the succeeding 12 months.

**CITY OF JACKSONVILLE, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

---

**8. LONG-TERM OBLIGATIONS (continued)**

**E. New Indebtedness and Refunding Issued by the City (continued):**

The advanced portion was inadvertently submitted and was not discovered until the receipt of funds. The City immediately alerted the program administrator of the matter, where the State agreed to allow the City to place the funds in escrow pending release upon actual project expenditures. This total draw together with previous draws of \$32,011,271 leaves an available loan balance of \$3,221,098. Interest on the loan will be paid at an annual rate of 2.5%.

On September 16, 2008, the City closed on the sale of \$105,470,000 Better Jacksonville Sales Tax, Series 2008 with a true interest cost of 4.63% and a targeted average coupon rate of 4.92% with a mandatory sinking schedule beginning October 1, 2011 and a maturity date of October 1, 2030. The proceeds of the 2008 bonds were used to fund the acquisition and construction of various capital projects constituting a part of the Better Jacksonville Plan. The issuance provided net proceeds of \$100,000,000 after payment of underwriter's discounts and costs of issuance totaling \$1,089,992 and a deposit to the Debt Service Reserve Fund of \$7,966,550.

On September 24, 2008, the City closed on the sale of \$54,215,000 Special Revenue Bonds, Series 2008 with a true interest cost of 4.97% and a targeted average coupon rate of 4.87% with a mandatory sinking schedule beginning October 1, 2011 and a maturity date of October 1, 2033. The proceeds of the 2008 bonds were used to finance the acquisition and construction of various capital equipment and capital improvements comprising the Banking Fund Projects. The issuance provided net proceeds of \$49,000,000 after payment of underwriter's discounts and costs of issuance totaling \$1,353,519, a bond premium of \$341,126, and a deposit to the Debt Service Reserve Fund of \$4,202,607.

**F. Demand Bonds Issued by the City:**

As described in Note 8D above, the City issued uninsured variable rate demand bonds to currently refund its two then outstanding auction rate series and two variable insured bonds series. The refundings addressed auction rate market failures as well as off market pricing for debt insured by downgraded bond insurers. Each demand bond series listed below meets the criteria for inclusion as long term debt of the City.

- **\$154,535,000 Transportation Revenue Bonds, Series 2008A**

*Bond Terms:* The Series 2008A Transportation Bonds are uninsured variable rate demand bonds which mature and are remarketed every seven days at a reset interest rate.

*Liquidity Agreement Terms:* Liquidity for the 2008A bonds is provided by a Standby Bond Purchase Agreement (the Agreement) with JPMorgan Chase (the Bank) dated April 1, 2008 expiring April 24, 2009.

The City paid a one year commitment fee of 32.5 basis points based on the lowest of any existing rating of any City Pledge Source.

**8. LONG-TERM OBLIGATIONS (continued)**

**F. Demand Bonds Issued by the City: (continued)**

*Terms of take out:* The Agreement contains a mandatory purchase provision requiring the Bank to purchase the Bonds if the Agreement is not replaced or renewed by the expiration date. The Agreement requires the City to amortize the balance of the Bonds purchased by the Bank commencing April 24, 2010 and continuing for 12 equal quarterly payments of principal thereafter ending on April 24, 2012.

The City intends to replace or renew this agreement prior to the expiration date.

As of September 30, 2008 the Bank was not holding any Series 2008A Bonds pending remarketing.

- \$121,740,000 Transportation Revenue Bonds, Series 2008B

*Bond terms:* The Series 2008B Transportation Bonds are uninsured variable rate demand bonds which mature and are remarketed every seven days at a reset interest rate.

*Liquidity Agreement Terms:* Liquidity for the 2008B bonds is provided by a Standby Bond Purchase Agreement (the Agreement) with Dexia Credit Local (the Bank) dated May 1, 2008, expiring May 12, 2009. The City paid a one year commitment fee of 32.5 basis points based on the lowest of any existing rating of any City Pledge Source.

*Terms of take out:* The Agreement contains a mandatory purchase provision requiring the Bank to purchase the Bonds if the Agreement is not replaced or renewed by the expiration date. The Agreement requires the City to amortize the balance of the Bonds purchased by the Bank commencing May 12, 2010 and continuing for 12 equal quarterly payments of principal thereafter ending on May 12, 2012.

The City intends to replace or renew this agreement prior to the expiration date.

As of September 30, 2008 the Bank was holding \$27,225,000 in Series 2008B Bonds pending remarketing. The full amount was remarketed by January 09, 2009.

- \$67,285,000 Capital Projects Bonds, Series 2008A

*Bond terms:* The Series 2008A Capital Projects Bonds are uninsured variable rate demand bonds which mature and are remarketed every seven days at a reset interest rate.

*Liquidity Agreement Terms:* Liquidity for the Series 2008A bonds is provided by a Letter of Credit and Reimbursement Agreement (the Agreement) with the Bank of America, N.A. (the Bank) dated July 1, 2008 expiring July 15, 2011. The City paid a one year commitment fee of 55 basis points.

*Terms of take out:* The Agreement requires the City to commence repayment of any advances against the Letter of Credit within six months of an advance. Repayment is required in ten equal semiannual installments.

**CITY OF JACKSONVILLE, FLORIDA  
NOTES TO FINANCIAL STATEMENTS

---

**8. LONG-TERM OBLIGATIONS (continued)**

**F. Demand Bonds Issued by the City: (continued)**

There were no advances outstanding under this Agreement as of September 30, 2008.

- \$67,285,000 Capital Projects Bonds, Series 2008B

*Bond terms:* The Series 2008B Capital Projects Bonds are uninsured variable rate demand bonds which mature and are remarketed every seven days at a reset interest rate.

*Liquidity Agreement Terms:* Liquidity for the Series 2008B Bonds is provided by a Letter of Credit and Reimbursement Agreement (the Agreement) with SUNTRUST Bank (the Bank) dated July 1, 2008 expiring July 15, 2011. The City paid a one year commitment fee of 52 basis points.

*Terms of take out:* The Agreement requires the City to commence repayment of any advances against the Letter of Credit within six months of an advance. Repayment is required in ten equal semiannual installments.

There were no advances outstanding under this Agreement as of September 30, 2008.

- G. Non-Asset Debt:** The City has issued debt for the benefit of its component units or other public use entities where the asset acquired or constructed will not be owned by the primary government. An expense is recorded by the City instead of a capital asset on the citywide statements, while the debt remains as a liability of the City. The following is a listing of the outstanding debt in the Governmental Activities that was issued for non-asset backed debt:

<u>Excise Taxes Bonds</u>	<u>Entity or Purpose</u>	<u>Amount</u>
Series 1993	Jacksonville Port Authority	\$ 7,545,140
Series 2001A	Jacksonville Port Authority	15,925,000
Series 2001B	Economic Development	44,090,000
Series 2002B	Shands Jacksonville Medical Center	59,920,000
Series 2003C (AMT)	Jacksonville Port Authority	33,010,000
Series 2003A	Shands Jacksonville Medical Center	18,445,000
 <u>Better Jacksonville Plan (BJP) Transportation Bonds</u>		
Series 2007	Jacksonville Transportation Authority (JTA) road projects	100,675,000

 NOTES TO FINANCIAL STATEMENTS  
 FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

---

**8. LONG-TERM OBLIGATIONS (continued)**

**H. Defeased Debt:**

The City has defeased certain serial bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the City’s financial statements.

The City presently has outstanding the following serial bonds, which are legally defeased (in thousands):

<u>ISSUE (a)</u>	<u>REFUNDED BY</u>	<u>PRINCIPAL BALANCE AT SEPTEMBER 30, 2008</u>	<u>INVESTMENT BALANCE WITH ESCROW AGENT AT SEPTEMBER 30, 2008 (b)</u>
Sales Tax Revenue Bonds, Series 1996 (RCR)	Cash Refunded on October 10, 2002	\$14,535	\$15,829

(a) Special Obligation Bonds payable from Specific Revenue Sources Other Than Ad Valorem Taxes  
 (b) Source: Escrow Agent’s Records

**I. Lease Obligations:**

At September 30, 2008, the City has two capital lease agreements in place. The leases meet the criteria of a capital lease as defined by FASB Statement No. 13, Accounting for Leases, which defines a capital lease generally as one which transfers benefits and risks of ownership to the lessee. The lease agreements contain options that allow the City to cancel the leases if sufficient funds are not appropriated. Since cancellation of the leases is not foreseen, the leases have been capitalized. Further, upon satisfaction of the lease obligations, asset title will pass to the City.

The City has Motorola radios which were acquired through a capital lease (recorded in the Information Technologies Internal Service Fund). Depreciation of the items acquired through this capital lease was \$310 thousand in fiscal year 2008 and was included in depreciation expense of capital assets. This was the last year for this lease.

The City has copy equipment which was acquired through a capital lease (recorded in the Copy Center Internal Service Fund). Depreciation of the items acquired through this capital lease was \$545 thousand in fiscal year 2008 and was included in depreciation expense of capital assets.

**CITY OF JACKSONVILLE, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

---

**8. LONG-TERM OBLIGATIONS (continued)**  
**I. Lease Obligations: (continued)**

The assets acquired through capital leases are as follows (in thousands):

	Internal Service Fund Copy Center
Asset:	
Furniture and Equipment	\$ 1,154
Less: Accumulated Depreciation	(545)
Net	<u>\$ 609</u>

The future minimum lease obligations as of September 30, 2008, were as follows (in thousands):

Fiscal Year Ending September 30,	General Fund
2009	\$ 323
2010	323
Total minimum lease payments	\$ 646
Less: Amount representing interest	(37)
Present value of minimum lease Payments	<u>\$ 609</u>
Classified as:	
Current	\$296
Non-current	313
Total	<u>\$609</u>

The City does not have any material operating leases.

**J. Conduit Debt:**

The City issued certain conduit debt in the form of industrial development revenue bonds (IDB's) and private activity bonds (PAB's) to provide financial assistance to private-sector entities for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest. Conduit debt refers to certain limited-obligation revenue bonds or similar debt instruments issued by the City for the express purpose of providing capital financing for a specific nongovernmental third party. Although conduit debt bears the name of the City as issuer, it is collateralized by the resources provided by the loan with the third party on whose behalf they are issued. The City acts solely as a conduit issuer with respect to the debt.

Conduit debt is collateralized by the property financed and is payable solely from payments received on the underlying mortgage loans. Upon repayment of the IDB's and PAB's, ownership of the acquired facilities transfers to the private-sector entity served the bond issue. None of the assets or revenues of the City are pledged to the payment of IDB's or PAB's and under the constitution and laws of Florida, the City may not legally pledge any of its revenues or assets to the payment thereof. Neither the City, the state, nor any political subdivision thereof is obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements.

**CITY OF JACKSONVILLE, FLORIDA**  
**NOTES TO FINANCIAL STATEMENTS**  
**FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

---

**8. LONG-TERM OBLIGATIONS (continued)**

**J. Conduit Debt: (continued)**

Effective January 1, 1983, the City pursuant to Chapter 159, Florida Statutes, assumed responsibility for approving applications for IDB's and PAB's. As of September 30, 2008, the City had authorized \$2,034,577,469 in IDB's and PAB's, of which \$1,648,563,523 have been issued. From time to time, certain issues of such conduit debt may be in default or under investigation as to tax-exempt status of interest on such debt, however, this has no effect on the City's financial position.

As of September 30, 2008, the City has authorized a total of \$776,236,000 Jacksonville Housing Finance Authority (JHoFA), formerly Duval County Housing Finance Authority (DCHFA), Single Family and Multi-Family Bonds, of which \$541,721,142 have been issued. The amount of Single Family Housing Revenue Bonds authorized and issued are \$513,290,000 and \$363,166,142, respectively, with a total amount outstanding of \$58,208,379. The amount of Multi-Family Housing Bonds authorized and issued is \$262,946,000 and \$178,555,000, respectively, with a total amount outstanding of \$107,205,000. There were \$73,500,000 Multi-Family Housing Revenue Bonds authorized but unissued during the fiscal year ended 2008. The amount of Multi-Family Housing Bonds both authorized and issued during the fiscal year ended 2008 is \$73,500,000 and \$0, respectively. Refundings of previous issues make up \$88,120,000 of the total amount authorized, \$87,875,000 of the total amount issued, and \$35,928,379 of the total amount outstanding.

As of September 30, 2008, the City has authorized \$907,415,000 of Jacksonville Health Facilities Authority (JHFA) Bonds, of which \$831,096,184 have been issued. JHFA did not issue any bonds in 2008.

**K. Interest Rate Swaps with Better Jacksonville Plan:**

On July 1, 2003, the City of Jacksonville entered into a 17-year floating receiver swap with Wachovia Bank rated A+. The notional amount of the swap as of September 30, 2008 was \$41,975,000 and has a termination date of October 1, 2020. There were no payments at the initiation of the swap. The City receives a floating rate of the BMA Index and pays a fixed rate of 4.01%, which could result in a basis risk if there are changes in the tax laws. The City receives payments monthly and makes payments semi-annually. The swap is related to the \$47,775,000 Transportation Revenue Bonds, Series 2003 (Auction Rate Securities), which, together with the \$80,275,000 Transportation Revenue Bonds, Series 2004A (with a swap notional amount of \$79,075,000), has been refunded by the \$121,740,000 Transportation Revenue Bonds, Series 2008B. The swap was structured as an integrated hedge with the same amortization as the bonds, which resulted in synthetic fixed rate debt. For purposes of credit, the swap is secured by the City's transportation sales tax and constitutional gas tax with a lien on parity to the bonds. The counterparty does not have the right to terminate this transaction unless a termination event occurs. The threshold for posting collateral is when the market value of the swap exceeds \$(25 million); which then requires the City to post an amount of collateral equal to the residual exposure.

**CITY OF JACKSONVILLE, FLORIDA**  
**NOTES TO FINANCIAL STATEMENTS**  
**FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

---

**8. LONG-TERM OBLIGATIONS (continued)**

**K. Interest Rate Swaps with Better Jacksonville Plan: (continued)**

Collateral is in the form of cash. A lower credit rating will also increase the amount of collateral required. The City retains the right to terminate this swap agreement at the market value prior to maturity.

As of September 30, 2008, the underlying swap had a fair value of \$(2,066,040). This fair value was obtained by the counter-parties' mark-to-market reports submitted to the City.

On September 30, 2004, the City of Jacksonville entered into a 23-year floating-to-fixed interest rate swap with Wachovia Bank rated Aa2/A+. The notional amount of the swap as of September 30, 2008 was \$79,075,000 and has a termination date of October 1, 2027. There were no payments at the initiation of the swap. The City pays Wachovia a fixed rate of 3.455% and receives floating based on 67% of 1-month LIBOR, which could result in a basis risk if there are changes in the tax laws. The swap is related to the \$80,275,000 Transportation Revenue Bonds, Series 2004A (Auction Rate Securities), which, together with the \$47,775,000 Transportation Revenue Bonds, Series 2003 (with a swap notional amount of \$41,975,000), has been refunded by the \$121,740,000 Transportation Revenue Bonds, Series 2008B. The swap was structured as an integrated hedge with the same amortization as the bonds, which resulted in synthetic fixed rate debt. For purposes of credit, the swap is secured by the City's transportation sales tax and constitutional gas tax with a lien on parity to the bonds. The counterparty does not have the right to terminate this transaction unless a termination event occurs. The threshold for posting collateral is when the market value of the swap exceeds \$(25 million); which then requires the City to post an amount of collateral equal to the residual exposure. Collateral is in the form of cash. A lower credit rating will also increase the amount of collateral required. The City retains the right to terminate this swap agreement at the market value prior to maturity.

As of September 30, 2008, the underlying swaps had a fair value of \$(4,011,132). This fair value was obtained by the counter-parties' mark-to-market reports submitted to the City.

As of September 30, 2008, the City was not exposed to credit risk (the risk of economic loss due to a counterparty default on the swap agreements) because each had a negative fair value. However, should interest rates change and the fair values of the swaps become positive, the City would then be exposed to credit risk in the amount of the swap's fair value.

As of September 30, 2008, the swaps expose the City to basis risk (the risk of loss due to the mismatch in interest-earning assets and interest-incurring liabilities). The agreement dated July 1, 2003 calls for the City to pay a fixed rate and receive a variable payment based on the BMA index. The City will pay or receive the difference between the fixed rate and the BMA index. If the fixed rate is greater than the rates on the BMA index the City will be liable for the difference. The agreement dated September 30, 2004 calls for the City to pay a fixed rate and receive a variable payment based on the one month LIBOR. The City will pay or receive the difference between the fixed rate and variable rate.

**CITY OF JACKSONVILLE, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

**8. LONG-TERM OBLIGATIONS (continued)**

**K. Interest Rate Swaps with Better Jacksonville Plan: (continued)**

If the fixed rate is greater than the rates on the LIBOR index, the City will be liable for the difference.

The City or the counterparty may terminate the swap if the other party fails to perform under the terms of the respective contracts. If at the time of the termination the swap has a negative value, as each does at September 30, 2008, the City would be liable to the counterparty for a payment equal to the swap’s fair value.

**Swap Payments and Associated Debt**

Using certified rates as of September 30, 2008, debt service requirements of the variable-rate bonds and the swap payments, assuming rates remain the same for their term, are as follows (in thousands):

Fiscal Year Ending Sept. 30	Outstanding Variable-Rate Bonds			Annual Interest (Fixed)	Annual Interest (Variable)	Total
	Principal	Interest	Total			
2009	\$4,170	\$6,304	\$10,474	\$4,335	\$2,802	\$12,007
2010	4,475	6,066	10,541	4,173	2,692	12,022
2011	4,535	5,824	10,359	4,004	2,578	11,785
2012	5,160	5,566	10,726	3,829	2,466	12,089
2013	4,680	5,298	9,978	3,648	2,335	11,291
2014-2018	35,170	21,448	56,618	31,087	9,198	78,507
2019-2023	37,450	10,401	47,851	7,235	3,529	51,557
2024-2028	26,100	3,032	29,132	2,270	917	30,485
	<b>\$121,740</b>	<b>\$63,939</b>	<b>\$185,679</b>	<b>\$60,581</b>	<b>\$26,517</b>	<b>\$219,743</b>

In FY 2008, the City of Jacksonville refunded the Transportation Revenue Bonds, Series 2003 and Series 2004A. The amortization schedules for each refunded series still governs the notional amount of the outstanding swaps.

\$41,975,000 Wachovia Floating-to-Fixed rate swap

The fixed rate paid by the City is 4.010%

The VRDO (Variable Rate Debt Obligation) rate paid on the refunding series as of September 30, 2008 was 7.920%

The BMA rate for swap payments received as of September 30, 2008 was 3.776%

\$79,075,000 Wachovia Floating-to-Fixed rate swap

The fixed rate paid by the City is 3.455%

The VRDO (Variable Rate Debt Obligation) rate paid on the refunding series as of September 30, 2008 was 7.920%

**L. Interest Expense:**

Total interest expense for the fiscal year ended September 30, 2008 was \$102.8 million for governmental activities and \$2.1 million for business-type activities.

**CITY OF JACKSONVILLE, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

**8. LONG-TERM OBLIGATIONS (continued)**

**M. JEA - Long-Term Debt:** The Electric System, SJRPP, Water and Sewer System and District Energy System revenue bonds (JEA Revenue Bonds) are each governed by one or more bond resolutions. The Electric System bonds are governed by both a senior and a subordinated bond resolution; the Bulk Power System bonds are governed by a single bond resolution; Water and Sewer Systems bonds are governed by both a senior and a subordinated bond resolution; SJRPP System bonds are governed by the First and Second Power Park Resolutions; and the District Energy System bonds are each governed by a single bond resolution. In accordance with the bond resolutions of each system, principal and interest on the bonds are payable from and secured by a pledge of the Net Revenues of the respective system. In general, the bond resolutions require JEA to make monthly deposits into the separate debt service sinking funds for each system in an amount equal to approximately one-twelfth of the aggregate amount of principal and interest due and payable on the bonds within the bond year. Interest on the fixed rate bonds, other than the SJRPP capital appreciation bonds, is payable semi-annually on April 1 and October 1, and principal is payable on October 1. In accordance with the requirements of the SJRPP First Power Park resolution and the Agreement for Joint Ownership and Construction and Operation of St. Johns River Power Park Coal Units #1 and #2 between JEA and FPL, FPL is responsible for paying its share of the debt service on bonds issued under the First Resolution Power Park Resolution. The various bond resolutions provide for certain other covenants, the most significant of which (1) requires JEA to establish rates for each system such that net revenues with respect to that system is sufficient to exceed (by a certain percentage) the debt service for that system during the fiscal year and any additional amount required to make all reserve or other payments required to be made in such fiscal year by resolution of that system, and (2) restricts JEA from issuing additional parity bonds unless certain conditions are met.

The following JEA long-term debt presentation contains highly summarized data. A more detailed debt presentation is available in JEA’s separately issued financial report, which may be obtained from its administrative office in the JEA Plaza at 21 West Church Street, Jacksonville, Florida 32202.

Long-term debt activity for the year ended September 30, 2008 was as follows (in thousands):

	Bonds Payable September 30, 2007	Par Amount of Bonds Issued	Par Amount of Bonds Refunded or Defeased	Principal Payments	Accretion of SJRPP Issue 2 Series 7 Capital Appreciation Bonds	Bonds Payable September 30, 2008	Current Portion September 30, 2008

The above JTA long-term debt presentation contains highly summarized select data. A more detailed debt presentation is available in JTA’s separately issued financial report which may be obtained from its administrative office at 100 North Myrtle Avenue, Jacksonville, Florida 32203.

**9. PENSION PLANS**

The City sponsors two employer public employee retirement systems (PERS), administered by two separate and distinct pension boards of trustees, that provide retirement, death and disability benefits: the City of Jacksonville Retirement System and the Police and Fire Pension Plan. Substantially all employees of the City participate in one of these two plans. In addition, less than 1% of City employees participate in the State of Florida Retirement System.

The City of Jacksonville Retirement System, as amended, encompasses the Corrections Officers Retirement Plan which was established by the Laws of Florida 2004-411, and covers all certified Corrections Officers. Currently, both the General Employees Retirement Plan and the Corrections Officers Retirement Plan have the same benefits. Both are governed by the same board.

Under both the City of Jacksonville Retirement System and Police and Fire Pension Plans, the State of Florida requires plan contributions be made based upon an actuarial valuation and any contribution shortfalls are the responsibility of the City to fund.

**CITY OF JACKSONVILLE, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

---

**9. PENSION PLANS (continued)**

The City of Jacksonville Retirement System and Police and Fire Pension Plan are considered to be a part of the City's financial reporting entity, as discussed in Note 1.B. Effective for the fiscal year ending September 30, 1997, these PERS adopted GASB Statement No. 25, Financial Reporting for Defined Benefit Pension Plans, intended to provide information needed to assess (1) funding status of a PERS on a long-term, going-concern basis; (2) progress made in accumulating sufficient assets to pay benefits when due; and (3) whether employers are making actuarially determined contributions. These PERS also follow GASB Statement No. 27, Accounting for Pensions by State and Local Governmental Employers, which require measurement and disclosure of an amount for annual pension cost on the accrual basis of accounting, regardless of the amount recognized as pension expenditures.

**A. Summary of Significant Accounting Policies:**

(1) **Basis of Accounting** -The City's pension trust financial statements are prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. Employer contributions to each plan are recognized when due and the employer has made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of each plan.

(2) **Method Used to Value Investments** - Investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities, traded on a national or international exchange, are valued at the last reported sales price at current exchange rates. The fair value of real estate investments is based on independent appraisals or estimates of fair value as provided by third party fund managers. Investments that do not have an established market are reported at estimated fair value as provided by third party fund managers.

**B. City of Jacksonville Retirement System:**

(1) **Plan Description** - The City of Jacksonville Retirement System is a cost-sharing, multiple-employer contributory defined benefit pension plan. All full-time City employees, the employees of JEA and the employees of JHA are eligible to participate in the General Employees Retirement Plan upon employment. All certified Corrections Officers employed by the City are eligible to participate in the Corrections Officers Retirement Plan upon employment. There are no separately issued financial statements for the City of Jacksonville Retirement System. The system is administered by a seven-member board of Trustees that makes recommendations to the City Council. The City Council is responsible for establishing or amending the pension plan provisions.

The payroll for members covered by the system was \$ 288.7 million during the 2008 fiscal year, consisting of \$166.7 million City of Jacksonville payroll, \$118.3 million JEA payroll and \$3.7 million JHA payroll. The total 2008 payroll was \$404.6 million for the City, \$153.8 million for the JEA, \$10.6 million for JPA, \$12.1 million for JAA and \$7.7 million for JHA, for a total of \$588.8 million.

**CITY OF JACKSONVILLE, FLORIDA  
 NOTES TO FINANCIAL STATEMENTS  
 FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

---

**9. PENSION PLANS (continued)**

**B. City of Jacksonville Retirement System: (continued)**

The City of Jacksonville Retirement System provides for retirement, survivor, death and disability benefits. Under normal retirement provisions, a member may retire after reaching the age of 55 with 20 years of credited service or at age 65 with five years or more of credited service. The requirements for early retirement are: (1) when an employee reaches age 50 and has 20 years of service, reduced 1/2% per month for retirement prior to age 55; (2) any age after 25 years of service adjusted to a benefit accrual rate of 2% per year; and (3) any age after 30 years of creditable service at an unreduced rate of 2 1/2% per year.

Benefits vest after five years of credited service equal to 2 1/2% of a member's average earnings for each year of credited service up to 32 years with a maximum of 80%. Average earnings is the average monthly salary or wages for the highest 36 months of employment within the ten years preceding retirement. The regular benefit is increased by 3% on the April 1 nearest the fifth anniversary of the initial benefit commencement date, and on each April 1 thereafter. A monthly supplement is payable equal to \$5 times the number of years of creditable service to subsidize retiree's health insurance. However, only that portion of the increase in excess of the supplement is payable. Members who terminate covered employment with less than five years of credited service shall be paid a refund of 100% of their contributions to the Plan. All members of the City of Jacksonville Retirement System are required to contribute 8% of their earnings actuarially determined and required by City Ordinance effective October 1, 1993. There is no mandatory retirement age.

At September 30, 2008, the Plan's membership consisted of:

Retirees and beneficiaries currently receiving benefits and terminated employees with future benefits	<u>General Employee</u>	<u>Corrections Officer</u>	<u>Total</u>
Retired	4,534	88	4,622
Current employees:			
Vested	3,523	449	3,972
Nonvested	1,628	104	1,732
Total Current Employees	5,151	553	5,704
Total Membership	9,685	641	10,326

(2) Contributions - The City's funding policy provides for contributions at actuarially determined rates that, expressed as percentages of annual covered payroll, are adequate to accumulate sufficient assets to pay benefits when due. Level percentages of payroll employer contribution rates are determined using the "entry age" actuarial cost method.

Under this method, the cost of each member's projected retirement benefit is funded through a series of payments, determined as a level percentage of each year's earnings, from age at hire to assumed exit age.

**CITY OF JACKSONVILLE, FLORIDA  
 NOTES TO FINANCIAL STATEMENTS  
 FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

---

**9. PENSION PLANS (continued)**

**B. City of Jacksonville Retirement System: (continued)**

The level-percentage-of-payroll method is also used to amortize the unfunded liability and changes in Plan provisions, actuarial assumptions and gains and losses over a period of 30 years. If the Plan is in a surplus position, the surplus is recognized as an amortization credit in a level dollar amount over ten years. The amortization period is closed.

City contribution requirements are, as part of the funding policy, met through two sources; cash payments from the City, and allocations from the Past Excess Contribution account, maintained as part of the pension fund in accordance with State requirements to track prior payments made in excess of the actuarially required amounts. Contributions during fiscal year 2008 totaled \$57 million. The City contributed \$32.5 million in cash with no allocation from the past excess contribution account. Employees paid \$24.5 million. Contributions during fiscal 2007 and 2006 were \$54.5 million and \$52.9 million, respectively. These contributions were made in accordance with contribution requirements determined through an actuarial valuation performed February, 2008. The actuarial methods used for this purpose are the same as those used in determining funding progress.

- (3) Trend Information - Trend information gives an indication of the progress made in accumulating sufficient assets to pay benefits when due. Six-year historical trend information is being developed on a year-by-year basis and is included in the accompanying required supplemental information. The Schedule of Funding Progress – Actuarial Assumptions for this pension plan are as follows:

Actuarial Accrued Liability - Present values are determined under the Individual Entry Age Actuarial Cost Method.

Investment rate of return	8.4%
Projected salary increases	4.0% to 7.5%
Includes inflation at:	3.5%
Cost-of-living adjustments	3.00% and Def. 5yrs.
Amortization method	Level percent open
Remaining amortization period	24 to 30 years
Asset value method	5 year smoothing
Actuarial value of assets – General Employees	\$1,673,435
Actuarial value of assets – Corrections	\$ 83,056
Actuarial Accrued Liability – General Employees	\$2,004,279
Actuarial Accrued Liability – Corrections	\$ 137,830

- (4) The schedule of funding progress immediately following the notes to the financial statements presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over the time relative to the actuarial accrued liability for benefits. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

**9. PENSION PLANS**

**C. Police and Fire Pension Plan:**

(1) Plan Description - The Police and Fire Pension Plan (the “Plan”) is a single-employer contributory defined benefit pension plan covering all full-time civil-service members of the City of Jacksonville’s Sheriff’s Office and Fire and Rescue Departments. The Plan is administered solely by a five-member board of trustees. There are separately-issued financial statements for the Police and Fire Pension Plan. The City’s payroll for members covered by the Plan was \$148 million during the fiscal year, excluding DROP participants. The Plan, as amended effective April 1, 2001, provides, in general, a 3% annual rate of accrual for retirement benefits after 20 years of credited membership, regardless of age, with a minimum benefit of 60% of the average salary received for the 52 pay periods immediately preceding retirement. An additional 2% for each completed year over 20 up to a maximum of 80% may be earned. There is no mandatory retirement age. Effective April 1, 2000, the Fund provides for a cost of living increase to pensioners and their beneficiaries of 3% per annum. The Plan uses a level percent closed amortization method with 23.5 years remaining in its amortization period. Pension benefits may be vested after a minimum of five years of membership. Benefits are computed based on average salary for the 52 pay periods immediately preceding vesting multiplied by 3% times the number of credited years of service. Employees, in this category, may alternatively select a 100% payout of member contributions to the Plan without interest, upon withdrawal from the Plan.

At September 30, 2008, the Plan's membership consisted of:

Retirees and beneficiaries currently receiving benefits and terminated employees with future benefits	1,916
DROP Participants	248
Active plan members	<u>2,534</u>
Total current employees	<u>2,782</u>
Total membership	<u>4,698</u>

(2) The City is currently contributing 32.11% of Plan members’ salaries. The Plan members contribute 7.00% of salaries, and DROP participants contribute 2.00%. The remaining required contribution is primarily comprised of state insurance contributions, fines and forfeitures, and transfers from reserve account.

The State of Florida requires funding of pension contributions to be made based upon an actuarial valuation; the most recent valuation is as of October 1, 2006. The City Council has the authority to amend its contribution to the Plan to not less than the minimum state requirement.

**CITY OF JACKSONVILLE, FLORIDA  
 NOTES TO FINANCIAL STATEMENTS  
 FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

---

**9. PENSION PLANS (continued)  
 C. Police and Fire Pension Plan: (continued)**

(3) Net Assets Available for Benefits - Net assets available for benefits are designated pursuant to an agreement between the Police and Fire Pension Plan Board of Trustees and the City effective April 1, 2000, consisting of the following actuarially computed components as of September 30, 2008 (in thousands):

Combined Reserve Account <sup>(1)</sup>	\$ 18,794
Base benefits fund	761,826
Total net assets available for benefits	<u>\$ 780,620</u>

<sup>(1)</sup> The value of the Combined Reserve Account is composed of the value of the City Budget Stabilization Account and the Enhanced Benefit Account.

The City stabilization reserve account was established for the purpose of cushioning actuarial losses in the base benefits fund and giving the City greater flexibility in its funding of the Plan. The enhanced benefits account was established to hold any remaining State premium tax refunds not assigned to offset City contribution requirements. The base benefits fund consists of the assets pledged to provide fund benefits. The combined balances as of September 30, 2008, have been calculated under the terms of the 2000 agreement between the Plan and the City of Jacksonville.

(4) Trend Information - Trend information gives an indication of the progress made in accumulating sufficient assets to pay benefits when due. Six-year historical trend information, on a year- by-year basis, is included in the accompanying required supplemental information. The Schedules of Funding Progress – Actuarial Assumptions for this pension plan are as follows:

Actuarial Accrued Liability - Present values are determined under the Entry Age Normal Actuarial Cost Method for the October 1, 2006 valuation.

Net investment rate of return	8.5%
Projected salary increases	5.0%
Includes inflation at:	3.5%
Cost-of-living adjustments	3.0%

See Note 1.B. concerning financial statement availability.

(5) During the fiscal year, the Plan received a remittance from the State of Florida in the amount of \$9.4 million pursuant to Chapters 175 and 185, Florida Statutes. Such remittances are generally earmarked under state policy and legal guidance for the purpose of granting enhanced benefits to public safety pension plans throughout the State of Florida. The remittances received by the Plan are governed by a Restated Agreement executed between the Plan and the City.

**CITY OF JACKSONVILLE, FLORIDA  
 NOTES TO FINANCIAL STATEMENTS  
 FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

---

**9. PENSION PLANS (continued)**

**C. Police and Fire Pension Plan: (continued)**

The Agreement stipulated that \$6.5 million of the \$9.4 million remittance received during the fiscal year is to be allocated for expenditures authorized within the current benefit structure, with the remaining \$2.9 million being uncommitted and earmarked for use in funding future benefits and/or ad-hoc, non-recurring expenditures as authorized by the Trustees of the Plan. During the fiscal year, \$1.6 million of the \$2.9 million uncommitted element was expended for ad-hoc non-recurring expenditures.

(6) Annual Pension Cost and Contributions - The Fund had an annual pension cost of \$65,389,407 for the fiscal year ended September 30, 2008, which was equal to the actual and required contributions. Three-year trend information is as follows:

Plan Fiscal Years Ended September 30th	Annual Pension Cost ("APC")	Percentage of APC Contributed	Net Pension Obligation
2006	\$53,263,387	100%	-
2007	55,926,556	100%	-
2008	65,389,407	100%	-

**D. Florida Retirement System:**

(1) Plan Description - The City also participates in the Florida Retirement System (FRS), a multiple-employer cost-sharing retirement system which covers less than 1% of the City's full-time employees. FRS is a defined-benefit contributory retirement plan, administered by the State of Florida, Division of Retirement. The City payroll for employees covered by FRS was \$3.2 million during the fiscal year; the City's total payroll for all employees was \$437.4 million.

The System provides vesting of benefits after six years of creditable service. Members are eligible for normal retirement after they have met one of the following; (1) after 30 years of service regardless of age; (2) six years of service and age 62; or (3) 25 years special risk service (age 55 if not continuous). Early retirement may be taken any time after completing six years of service; however, there is a 5% benefit reduction for each year prior to normal retirement. Benefits are computed on the basis of age, average final compensation and service credit. Average final compensation is the average of the five highest years of earnings. The System also provides death and disability benefits. Benefits are established by state statutes.

(2) Contributions – For the fiscal years ended September 30, 2008, 2007, and 2006, the City contributed \$569,000, \$577,000 and \$528,000 respectively, to the System for covered employees. For the fiscal year ended September 30, 2008, the contributions represented less than 1% of the System's total contributions required by all participating employers of \$3.2 billion. Contributions in fiscal years 2007 and 2006 were also less than 1% of the total contributions required by all participating employers, which amounted to approximately \$3.0 and \$2.3 billion per year.

**CITY OF JACKSONVILLE, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

---

**9. PENSION PLANS (continued)**

**D. Florida Retirement System: (continued)**

The funding methods and the determination of benefits payable are provided in various Acts of the State Legislature. These Acts require that employers make contributions actuarially determined at the rates in effect at September 30, 2008, of 9.85% of the compensation for regular members, 20.92% for special risk members, 16.53% for elected county officials, 13.12% for senior management and 10.91% for DROP Plan members.

(3) Trend Information - Ten-year historical trend information showing the System's progress in accumulating sufficient assets to pay benefits when due is presented in the System's June 30, 2008 annual financial report. The report may be obtained from the State of Florida, Department of Management Services, Division of Retirement P.O. Box 9000, Tallahassee, Florida 32315-9000.

**10. POST EMPLOYMENT BENEFITS OTHER THAN PENSION (OPEB)**

Plan Description: The City provides retirees with the option to purchase health insurance from the City's single employer, experience rated health insurance contract plan (Plan) that provides medical benefits to active and eligible retirees at the City's group rate as mandated by Florida Statute 112.0801 and therefore has an implicit rate subsidy benefit for the retirees' participation. As of the valuation date, the Plan had approximately 7,779 active participants and 1,472 retirees receiving benefits. The Plan does not issue a separate publicly available financial report.

Transition Year: GASB Statement #45 was implemented prospectively resulting in a zero net OPEB obligation at transition. There was neither an OPEB asset or liability at transition.

Funding Policy: To date, the City has followed a pay-as-you-go funding policy, contributing only those amounts necessary to provide for its portion of current year benefit costs and expenses plus any addition to the reserve for accrued costs incurred but not yet reported, as determined as part of the insurance contract. The contribution requirements of Plan members are established by the City. The City pays any remaining required amounts after contributions of plan members are taken into account. Currently, retired members pay the full premium associated with the coverage elected; no direct City subsidy is currently applicable; however, there is an implicit cost discussed below. Spouses and other dependents are also eligible for coverage, and the member is responsible for payment of the applicable premiums.

State of Florida law prohibits the City from separately rating retirees and active employees. The City therefore assigns to both groups equal, blended-rate premiums. Although both groups are assigned the same blended rate premiums, GAAP requires the actuarial liabilities to be calculated using age-adjusted premiums approximating claim costs for retirees separate from active members. The use of age-adjusted premiums results in the full expected retiree obligation recognized in this disclosure.

Annual OPEB Cost and Net OPEB Obligation: The City's annual other postemployment benefit cost (expense) is calculated based on the annual required contribution of the employer (ARC).

**CITY OF JACKSONVILLE, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

---

**10. POST EMPLOYMENT BENEFITS OTHER THAN PENSION (OPEB) (continued)**

The City has elected to calculate the ARC and related information using the Entry Age Actuarial Cost Method. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs each year and to amortize any unfunded actuarial liability (or funding excess) over a period not to exceed 30 years. Annual requirements include a 4% discount rate, compounded annually, based on assumptions that the plan will be unfunded. The annual health care cost trend rate was assumed to decline gradually over the next several years from 10% at October 1, 2007 to an ultimate rate of 5% on and after 2012. The economic rates are based on an assumed inflation rate of 3.5% per annum.

The actuarial accrued liability (AAL) was determined as of September 30, 2007, based on the above assumptions and cost method, and applied to member data current at April 2007. Liabilities were developed based on age adjusted costs for retirees currently receiving Plan benefits as of September 30, 2007, with an AAL calculated to be \$175.1 million, which is unfunded (or 0% funded). The annual covered payroll is \$436.9 million, resulting in an unfunded AAL of 40.1%. The actuarial calculations reflect a long-term perspective using methods and assumptions that are designed to reduce short-term volatility in AAL and actuarial value of assets. The Plan provisions affecting the valuation were those in effect on April 1, 2007.

OPEB Government Accounting Standards Board (GASB) 45 results are not based on the assumption that all members terminate service as of the valuation date, but rather on the assumption that the various forces of decrement - future disablement, future mortality, future termination of employment, and future retirement – continue to be operative.

Plan Obligation:

Annual Required COJ Contribution (ARC)	\$ 13,280,398
Interest on Plan Obligation	-
Adjustment to ARC	-
Annual Plan Retiree Cost	13,280,398
Contributions Made	(5,037,444)
Change in Plan Obligation	8,242,954
Plan Obligation Beginning of Year	-
Plan Obligation End of Year	<u>\$ 8,242,954</u>

At fiscal year end 2008, the City accrued \$8.073 million in the Governmental Statement of Net Assets, \$156,000 in the Business-Type Statement of Net Assets, and \$15,000 in the Jacksonville Economic Development Commission (JEDC), a discreetly presented component unit.

**CITY OF JACKSONVILLE, FLORIDA  
 NOTES TO FINANCIAL STATEMENTS  
 FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

---

**11. DEFERRED COMPENSATION PROGRAM AND 401A PLAN**

The City offers its employees a deferred compensation program created in accordance with Internal Revenue Code (IRC) Section 457 and Chapter 112.215, Florida Statutes. During the year ended September 30, 1999, the City complied with the requirements of subsection (g) of IRC Section 457 and, accordingly, all assets and income of the plan are held in trust for the exclusive benefit of the participants and their beneficiaries. Pursuant to the provisions of GASB Statement No. 32, Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans, the financial statements do not display deferred compensation balances in an Agency Fund.

The City also provides a defined contribution plan under the Internal Revenue Code, Section 401(a). The plan provides an employer-paid, pre-tax allowance for employees under certain union contracts, managerial and confidential, and some appointed personnel. It also allows employees to participate on a post-tax basis. This benefit does not replace a pension plan, or serve in lieu of a qualified pension plan. The City contributes from .25% to 1.00% of the base salary of the employee depending on the bargaining unit and specific leave plan. For the year ended September 30, 2008, the City contributed \$1,051,855 for 401A plan benefits.

**12. RISK FINANCING**

The City is exposed to various risks of loss related to torts, theft, damage to and destruction of assets, and natural disasters. The Risk Management Division (“Division”) administers the public liability (general liability and automobile liability) and workers’ compensation self-insurance program (“Program”) covering the activities of the City general government, JEA, Jacksonville Housing Authority, Jacksonville Port Authority and the Jacksonville Aviation Authority.

The Program’s self-insurance fund provides coverage for the workers’ compensation and tort liability of the City, its officers, employees or agents. It is established pursuant to Jacksonville City Ordinance, Chapter 128. The Program is a combination of self-insurance, coupled with a layer of excess coverage to mitigate aberrant and substantial unexpected losses.

While the City self-insures for automobile liability and automobile first party property damage, general liability and workers’ compensation, it transfers its risk through the purchase of insurance for its other exposures.

**Major Categories of Policies purchased to transfer risk**

<u>Type of Policy</u>	<u>Principal Named Insured</u> <sup>(1)</sup>
Crime Policy	City, JAA, JPA
Excess Workers’ Compensation And General Liability Policy	City, JEA, JAA, JPA, JHA
Aircraft Hull and Liability Policy	City, JEA, JAA, JPA, JHA
Watercraft Hull and Liability Policy	City, JEA, JPA, JHA
Wharfinger Policy	City
Fine Arts Policy	City

<sup>(1)</sup>City – City of Jacksonville, JAA – Jacksonville Aviation Authority, JPA- Jacksonville Port Authority, JHA-Jacksonville Housing Authority, JEA – JEA

**CITY OF JACKSONVILLE, FLORIDA  
 NOTES TO FINANCIAL STATEMENTS  
 FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

---

**12. RISK FINANCING (continued)**

The following schedule indicates the types of insurance and reinsurance acquired, the deductible or retention level (per occurrence), and where appropriate the limit of the reinsurance coverage acquired (per occurrence):

<u>Retention Level</u>	<u>Coverage</u>	<u>Policy Limit</u>
\$5,000,000	General Liability	\$1,000,000 <sup>(1)</sup>
\$1,200,000	Employer's Liability	\$1,000,000 <sup>(1)</sup>
\$1,200,000	Workers' Compensation	Statutory
\$100,000	Property (Real & Personal)	\$500,000,000 <sup>(2) (3) (4)</sup>
\$50,000	Boiler & Machinery	\$100,000,000
\$50,000	Employee Dishonesty Bond (Includes computer fraud)	\$3,000,000

<sup>(1)</sup>Under the General Liability, and Employer's Liability policies there is an annual \$3,000,000 aggregate limit. In addition to the deductible amounts, the City is responsible for the excess payments above the policy per occurrence and aggregate limits.

<sup>(2)</sup>The property retention and limits are on a per occurrence basis.

<sup>(3)</sup>The policy deductible for named windstorm losses is equal to 5% of total values of the locations involved in the occurrence, subject to a minimum retention of \$500,000 and maximum of \$25 million.

<sup>(4)</sup>The property policy provides coverage only to the City, Jacksonville Airport Authority, and Jacksonville Port Authority. The property retention and limits are shared between the entities.

The Division performs the following functions internally: loss prevention, workers' compensation claims, general liability and automobile liability claims, and related management activities.

Annually, as of September 30, the Program has a third party actuary review of the claim history for all open claim years. The actuary projects the ultimate claim payment obligation (including the incurred but not reported claims and claim development) for each year's claim experience and the probable loss fund cost for the new year. These projections are provided as a range of estimates (low, middle and high) with a discounted alternative for each of the three estimates. The liability is established at the middle undiscounted range. The following table reflects the discounted and undiscounted estimates:

<b>Estimated Risk Management Liability <sup>(1) (3)</sup></b>		
<b>(In thousands)</b>		
	<u>Discounted <sup>(2)</sup></u>	<u>Undiscounted</u>
Low	\$56,076,051	\$67,908,840
Middle	\$62,511,519	\$75,675,616
High	\$68,946,990	\$83,442,392

<sup>(1)</sup> Actuarial projection excludes property liability.

<sup>(2)</sup> 4 % yield on investments assumption

<sup>(3)</sup> Actuarial ULAE projections are \$6,106,816 discounted and \$7,249,334 undiscounted. Actuarial ULAE projections are not included.

**CITY OF JACKSONVILLE, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

**12. RISK FINANCING (continued)**

The probable loss fund estimate is used to budget the self-insurance fund for general liability, automobile liability and workers' compensation. As an internal service fund, charges are billed to the various funds and component units of the City. If an adjustment is necessary to increase the reported fund liability to reflect the actuary's estimated ultimate claim payment, then the self-insurance fund will either draw upon its accumulated net assets and/or initiate a year-end billing to the City itself and component units of the City. The City's practice of cash funding the projected ultimate claims payment is intended to temporarily accumulate net assets, which can be used to meet changes in estimates over time. Projected ultimate claims payment experience is as of the end of each fiscal year, even though some payments may not be made until a later date.

The City maintains separate fiscal year accounting, which allows any excess revenues available to be returned to the City itself, and component units and the accumulation of an operating reserve authorized by the City of Jacksonville Ordinance Code Section 106.106. As of September 30, 2008, the City has available excess revenues in the Self-Insurance fund of \$2,513 (in thousands) and an operating reserve in the amount of \$1,923 (in thousands) for a combined net asset of \$4,436 (in thousands). In the Supplemental Section of the City's Comprehensive Annual Financial Report, is a trend information schedule for general/auto liability and workers' compensation, entitled "Schedule of Self-Insurance Ten Year Claims Development Information," which reflects the claims paid and liability projection development of each of the most recent ten years as of September 30, 2008.

The following schedule presents the changes in aggregate claims liabilities for the past two years of the self-insurance fund's general liability, automobile liability and workers' compensation.

**SELF-INSURANCE FUND  
CHANGES IN AGGREGATE CLAIMS LIABILITIES (including ULAE)  
FOR THE YEARS ENDING SEPTEMBER 30 (in thousands)**

---

**13. OTHER REQUIRED INDIVIDUAL FUND AND COMPLIANCE DISCLOSURES**

**A. Compliance With Finance Related Legal and Contractual Provisions:**

In the opinion of management, the City has no violations of finance related legal and contractual provisions.

**B. Fund Deficits:**

The following individual funds had a fund deficit at September 30, 2008, (in thousands):

	<b><u>Fund Balance/ Net Asset</u></b>
Major Enterprise Fund:	
Veterans Memorial Arena	\$ (1,526)
Non-Major Enterprise Fund:	
Baseball Stadium	(988)
Public Parking	(419)
Non-Major Special Revenue Fund:	
Public Safety	(544)
Internal Service Funds:	
Banking Fund	(368)
Copy Center	(187)

The Veterans Memorial Arena Net Asset deficit is due to transferring \$112.9 million net book value for assets and \$115.9 million of related debt to the enterprise fund from Governmental Activities citywide. The transfer was made to align all activity for the arena into one fund. The deficit will be eliminated over time as the bond principal payments will be greater under the debt schedule as compared to the reduction in net book value for the assets due to the straight line depreciation recorded over the life of the assets in the fund.

The Baseball Stadium Net Asset deficit is due to transferring \$29.3 million net book value for assets and \$30.6 million of related debt to the enterprise fund from Governmental Activities City wide. The transfer was made to align all activity for the arena into one fund. The deficit will be eliminated over time as the bond principal payments will be greater under the debt schedule as compared to the reduction in net book value for the assets due to the straight line depreciation recorded over the life of the assets in the fund.

The Public Parking deficit is due to the transfer of the Daniel Building Parking Garage to the Adams Mark Hotel in 1999 as part of an economic development incentive given by the City. A loss of approximately \$9.6 million was recognized by the Public Parking Fund due to the net book value of the parking garage at the time of the transfer. It is anticipated that future revenues will eliminate this fund deficit.

**CITY OF JACKSONVILLE, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

---

**13. OTHER REQUIRED INDIVIDUAL FUND AND COMPLIANCE DISCLOSURES**

**B. Fund Deficits: (continued)**

Public Safety - The Emergency Incidents fund was set up as a result of Tropical Storm Fay. An emergency declaration was made by the mayor and City Council which authorized the City to request FEMA reimbursement, meeting the criteria for funding under the Stafford Act.

The deficit in this fund relates to the approximate \$1.1 million, 12.5%, coverage the City is ultimately responsible for. FEMA participates at 75% and the state matches 12.5%. The deficit will be eliminated by a transfer of funds from the General Fund in fiscal year 2009 as finalized numbers are processed.

The Banking Fund Net Asset deficit is due to recording the GASB #31 Fair Value adjustment on investments. As discussed in Note 3 of the CAFR, the market declined significantly towards the end of the fiscal year. The fair value of investments is expected to recover sufficiently enough in FY2009 to eliminate the deficit. The fund is monitored closely and rates charged to customers will be adjusted accordingly if needed.

The Copy Center's rates are being reviewed and will be adjusted to eliminate the fund deficit in FY2009.

**C. Landfill Closure and Postclosure Care Costs:**

The State of Florida's Solid Waste Management Act of 1988 (the "Act") and regulations of the U.S. Environmental Protection Agency (EPA) and the State of Florida Department of Environmental Protection (FDEP) require the City to be responsible for constructing and maintaining the final landfill cover, monitoring ground water and methane gas, and continuing leachate management 30 years after its municipally owned landfills stop accepting solid waste and are closed. The estimated total costs of municipal solid waste landfill (MSWLF) closure and postclosure care costs reported by the City are based upon professional consulting engineers' studies prepared annually pursuant to rules promulgated by EPA and FDEP. However, existing EPA and FDEP closure and postclosure regulations may change which might require the City to revise its MSWLF cost estimates used in the future.

MSWLF costs, for open landfills, are recognized in accordance with GASB Statement No. 18, Accounting for Municipal Solid Waste Landfill Closure and Postclosure Care

Costs. A liability of the Solid Waste Disposal Enterprise Fund (the "Fund") is recorded based upon landfill capacity used at fiscal year-end and a current operating expense of the Fund in the fiscal year in which the MSWLF costs are recovered through earned, operating revenue.

**CITY OF JACKSONVILLE, FLORIDA**  
**NOTES TO FINANCIAL STATEMENTS**  
**FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

**13. OTHER REQUIRED INDIVIDUAL FUND AND COMPLIANCE DISCLOSURES**  
**(continued)**

**C. Landfill Closure and Postclosure Care Costs: (continued)**

The estimated liability for MSWLF closure and postclosure care costs at September 30, 2008, is (in thousands):

	Balance, September 30, 2007	Accrual of Costs	Payment of Costs	Balance, September 30, 2008
Closed Landfills -				
Postclosure care costs	\$ 12,271	(\$ 477)	(\$461)	\$ 11,333
Operating Landfill -				
Closure and Postclosure care costs	33,567	1,343	-	34,910
Total Landfill Postclosure Care Costs	45,838	866	(461)	46,243
Waste Dump Site -				
Long Term Care Costs	762	(7)	(55)	700
Total Liability for Landfill Closure, Postclosure, Decontamination and Long Term Care Costs	\$ 46,600	\$859	(\$516)	\$ 46,943

At September 30, 2008, the closure and postclosure care costs for the closed landfills (North and East sites) had been fully accrued as these two landfills both stopped accepting solid waste in April 1992. Of the total MSWLF closure and postclosure care cost liability, \$46.6 million had been paid for the cost of closure and \$0.343 million had been reduced for postclosure care costs through September 30, 2008.

Funding MSWLF costs for these two closed landfills will be provided from future operating revenues of Solid Waste Disposal Enterprise Fund activities. As discussed in Note 1.P., after adjustments for the current year change in estimate, the \$61.2 million in MSWLF closure and postclosure care costs recorded for the City's two closed landfills, North and East, and the \$9.1 million in Waste Dump Site decontamination costs has been capitalized and recorded as a deferred charge in the Solid Waste Disposal Enterprise Fund. Through fiscal 2007, \$24.9 million of this deferred charge had been expensed to solid waste disposal operations. Additionally, during fiscal 2008, \$2.5 million of this deferred charge was expensed to solid waste operations, resulting in a balance at September 30, 2008, of \$22.4 million. It is the intent of the City that these costs be recovered from future operating revenues of the Solid Waste Disposal Enterprise Fund, and accordingly will be recognized as operating expenses as such revenue is earned.

The total closure and postclosure liability for the operating landfill (Trailridge) is \$34.9 million. This total is based on the estimated capacity used of 66.2811% or 13,201,343 tons used with a total estimated capacity of 19,916,904 tons. The City will recognize the remaining estimated cost of closure and postclosure costs of \$44.8 million as the remaining capacity is filled.

**CITY OF JACKSONVILLE, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

---

**13. OTHER REQUIRED INDIVIDUAL FUND AND COMPLIANCE DISCLOSURES  
(continued)**

**C. Landfill Closure and Postclosure Care Costs: (continued)**

These amounts are based upon what it would cost to perform all closure and postclosure care in 2008. The City expected to close the landfill in approximately four years (2012); however, it is presently extending the life of the landfill by increasing the capacity (Phase III) and the life to 24 more years (2036). As mentioned, actual costs may be higher due to inflation, changes in technology, or changes in environmental regulations.

The liability for the Waste Dump Site at September 30, 2008, of \$0.7 million is based on the most recent estimate by the Federal Government of the City's allocated share of the clean-up and long term care cost of the site under a Participation Agreement and Consent Decree with the Environmental Protection Agency. The City was identified as a responsible party, sharing 65% of the total clean-up costs.

Annually, the Florida Department of Environmental Protection (FDEP) requires the City to meet a proof of financial responsibility for its two closed (East and North) and one open (Trailridge) municipally owned landfills. This proof of financial responsibility provides assurance to FDEP that future closure and postclosure care costs will be adequately funded by the City. At September 30, 2008, this proof of financial responsibility has been met by the City under Rule 62-701.630(5)(c) of the Florida Administrative Code by \$36.9 million in deposits made to a restricted cash escrow account of the Solid Waste Disposal Enterprise Fund.

The amount to be deposited into the escrow account is based on estimates made annually by a registered Professional Engineer plus an adjustment for additional future costs associated with the closing of the Trail Ridge landfill. The escrow account was comprised of the following estimated components at September 30, 2008 (in thousands):

	<u>Trail Ridge</u>	<u>North</u>	<u>East</u>	<u>Total</u>
Current cost of closure (1)	\$12,717,663	\$ -	\$ -	\$12,717,663
Annual cost of postclosure care (2)	-	872,324	372,842	1,245,166
Total estimated closure and postclosure care costs	<u>\$ 12,717,663</u>	<u>\$ 872,324</u>	<u>\$ 372,842</u>	<u>\$ 13,962,829</u>
Balance in escrow account (3)	\$ 35,770,701	\$ 872,324	\$ 372,842	\$ 37,015,867
City funding above state minimum (4)	\$ 23,053,038	\$ -	\$ -	\$ 23,053,038

1) Trail Ridge – Total submitted cost of \$ 15,897,079 x 16/20 (requirement is to annually fund current estimate divided by years remaining in landfill life; landfill is expected to reach capacity in 2012; at September 30, 2008 16 years of the 20 year landfill life have passed), North – landfill was certified closed in October 1999, East landfill was certified closed in April 1995.

**CITY OF JACKSONVILLE, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

---

**13. OTHER REQUIRED INDIVIDUAL FUND AND COMPLIANCE DISCLOSURES  
(continued)**

**C. Landfill Closure and Postclosure Care Costs: (continued)**

2) Trail Ridge – Total cost of \$ 24,595,757 x 0/30 (since landfill is not closed yet, 30 year post closure care period has not begun) North – total cost of \$ 17,446,486 x 1/20 (requirement is to fund one year of postclosure care), East – total cost of \$ 7,456,837 x 1/20 (requirement is fund one year postclosure care).

3) The \$37,015,867 escrowed amounts are accounted for in the Solid Waste Disposal Fund, in separate subfund 443 - Landfill Closure per City of Jacksonville Ordinance and is legally restricted. It consists of subfunds to meet DEP funding requirements, with remaining funds to meet the additional amount required by the City of Jacksonville funding ordinance.

4) The City funding above the state minimum of \$ 23,053,038 represents the difference between the funding required by the State of Florida and the funding required by City ordinance. The funding of landfill closure is based on a formula passed by city ordinance, which approximates the projected cash flow needs for the future liability as calculated under GASB 18 – Accounting for Municipal Solid Waste Landfill Closure and Postclosure care costs. The liability is based on a per cell closing methodology utilized by the Solid Waste Division of the City.

**14. LESSOR OPERATING LEASE**

**A. Jacksonville Jaguars, Inc.** - The City has entered into a lease dated September 7, 1993, pursuant to which the City leases the Jacksonville Municipal Stadium and adjacent practice facilities to the Jacksonville Jaguars, Inc. (Jaguars) for a period of 30 years from the first National Football League (NFL) regular season play in 1995; Amendment 5, executed September 6, 2002, extends the lease an additional five years.

The lease entitles the Jaguars to use the stadium on game days, for practices and summer training camp, and for the period necessary before game days. During other periods of time, the City has the right to use the stadium, except for certain administrative spaces, training facilities, suites, and other areas that are for the exclusive use of the Jaguars.

For the first five years, rent is deferred in the amount of \$250,000 per year; in years 6-10 rent is \$500,000 per year; in years 11-20 \$1,000,000; and in the final 15 years \$1.25 million, including the lease extension. Amendment 8, executed January 2006, reduced the total Jaguars rent obligations by \$8,600,000, which was provided through rental reductions in the amount of \$1,433,333 for six payments beginning with the November 2005 payment through the June 2008 payment.

Amendment 8 also reduces supplemental lease obligations, with the City's acceptance of payment from the Jaguars in the amount of \$10,197,891 for the full satisfaction of amounts due for Super Bowl net revenues. Rents from years 11 through the end of the lease are subject to escalation based on one-half of any increase in the Consumer Price Index, but not to exceed 2.5% per year.

**CITY OF JACKSONVILLE, FLORIDA  
 NOTES TO FINANCIAL STATEMENTS  
 FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

---

**14. LESSOR OPERATING LEASE (continued)  
 A. Jacksonville Jaguars, Inc. (continued)**

In addition, the Jaguars are obligated to pay supplemental rent in an amount equal to the annual debt service incurred by the City for certain costs of renovation of \$53.1 million requested by the Jaguars over a 30 year period with interest computed on a tax-exempt basis; inclusive of Amendment 7 executed May 27, 2004.

The lease generally permits the City to retain revenues from City events at the stadium, with some exceptions. Amendment 8 outlines provisions for advertising revenue generated from electronic signage for different stadium functions. The City is required to provide electricity, water and sewer services for the stadium at its expense. The City must maintain the Stadium and all leasehold improvements. Per Amendment 8, the City agreed to provide \$1,000,000 for additional electronic signs. The City is required to pay for game day personnel, excluding concessions, on the days of Jaguar games. Amendment 8 gives the Jaguars the responsibility to provide concessions to all events within the concessions area. The Jaguars retain all net revenues from concessions and similar sales on NFL game days. The lease obligates the Jaguars to maintain its franchise at the stadium in Jacksonville and to not relocate unless it pays the City certain guaranteed amounts.

A summary of scheduled lease payments is as follows:

<u>Year</u>	<u>Payment</u>
2009	\$ 4,002,881
2010	3,964,861
2011	4,127,519
2012	4,091,334
2013	4,047,200
2014 - 2018	22,219,581
2019 - 2023	21,075,785
2024 - 2028	28,273,742
2029 - 2030	9,786,485

**B. Shands Jacksonville**

Under an agreement with a not-for-profit corporation, Shands Jacksonville, formerly known as University Medical Center, the City leases to Shands certain capital assets, principally land and buildings, over a term to September 30, 2027 with an option to renew for an additional 40 years to 2067 at \$1 per year. In addition, Shands is to be a full service hospital in support of the indigent care programs of the City of Jacksonville and Duval County under the agreement. Shands is to maintain, in good condition, and make improvements and betterments to the hospital as necessary over the life of the lease. At termination of the lease, all leased property shall revert to the City.

**CITY OF JACKSONVILLE, FLORIDA**  
**NOTES TO FINANCIAL STATEMENTS**  
**FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

---

**15. LITIGATION, CONTINGENCIES, AND COMMITMENTS**

**A. Litigation:**

The City is named as party in legal proceedings which occur in the normal course of government operations. Such litigation includes, but is not limited to, claims asserted against the City arising from alleged torts, alleged breaches of contract, condemnations proceedings and other alleged violations of state or federal laws.

It is not possible at the present time to estimate the ultimate outcome or liability, if any, to the City for these proceedings. However, it is the City's opinion that ultimate liability in these matters, if any, is not expected to have a material adverse effect on the City's financial position.

**B. Grants and Contracts:**

The City participates in various federal and state assisted grant programs that are subject to review and audit by the grantor agencies. Entitlement to these resources is generally conditional upon compliance with the terms and conditions of grant agreements and applicable federal and state regulations, including the expenditure of resources for allowable purposes. Any disallowance resulting from a federal or state audit may become a liability of the City. All City agencies and departments are required to comply with various federal regulations issued by the U.S. Office of Management and Budget if such agency or department is a recipient of federal grant, contracts or their sponsored agreements. Certain agencies and departments may not be in total compliance with these regulations. Failure to comply may result in questions concerning the allocability of related direct and indirect charges pursuant to such agreements. It is believed that the ultimate disallowance pertaining to these regulations, if any, will be immaterial to the overall financial condition of the City.

**C. Self-Insurance:**

Through the City's Risk Management Division, the City maintains an insurance and self-insurance program (See Note 12). The division administers the public liability (general liability and automobile liability) and workers' compensation self-insurance program covering the activities of the City general government, JEA, Jacksonville Housing Authority, Jacksonville Port Authority and Jacksonville Aviation Authority under the City's Ordinance Code Chapter 128. The City purchases commercial insurance for workers' compensation claims in excess of \$1.2 million. Under the laws of the State of Florida, the City has sovereign immunity for state tort claims in excess of \$100,000 per person, and \$200,000 per occurrence. The City retains coverage on all other types of insurance including real and tangible property. The self-insured programs of the City, which are included in the Self-Insurance Internal Service Fund, are funded on a dollar-for-dollar basis determined actuarially for the estimated losses for claim development and incurred but not reported claims, and unallocated loss adjustment expenses. Claims are reserved on an ultimate probable cost basis.

**D. Environmental Matters:**

There are claims pending against the City as a potentially-responsible party (PRP) for cleanup of hazardous and other contaminated waste sites under federal and state superfund and other environmental laws as follows:

**CITY OF JACKSONVILLE, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

---

**15. LITIGATION, CONTINGENCIES, AND COMMITMENTS (continued)**

**D. Environmental Matters (continued)**

The USEPA identified the City as a PRP at the Whitehouse Waste Oil Pits Superfund Site in western Duval County. The City and other PRPs participated in the USEPA's Pilot Allocation Project which resulted in the EPA assuming as much as 65% of the liability at the site, with the City being allocated less than 10% of the liability. The USEPA estimates \$20 million site costs, with the City paying approximately \$2 million over the life of the project (which includes a 30 year operations and maintenance period). Site work was substantially complete in October 2006 when operations and maintenance work began. The PRPs have more than \$1.9 million on deposit to fund operations and maintenance; however until USEPA officially declares the remedial action complete, the prospect for additional work remains. In January 2008, the City met with adjacent property owners to negotiate the purchase of additional private property to account for the location of the remedial berm. Negotiations are ongoing, with the estimated additional purchase within the limits of the remaining funds contributed by PRPs. The City and other PRPs settled with the USEPA which had sought reimbursement of its cost of a removal action in 1995, regarding the Bill Johns Waste Oil Site. The City's liability is based on contracting with the waste oil service to empty used oil collection points operated under a recycling grant from the State. The Florida Department of Environmental Protection (FDEP) has submitted a demand to the PRPs to assess the site further to determine the extent of contamination that may remain after the removal action. Liability to FDEP is being assessed, but the site may be eligible for the state-funded clean up program, relieving the City of any financial exposure.

Because of the uncertainty as to the amount of any environmental cleanup costs which may ultimately be paid by the City, no accrual has been made in the accompanying financial statements at September 30, 2008, except as disclosed in Note 13.C.

Incinerator Ash Site Pollution Remediation: The City has identified four sites that were used for incinerator ash waste. The common practice during the 1950s and 1960s was to incinerate garbage and then mix the residual ash waste with other soil and use it as fill dirt.

The City and the U. S. Environmental Protection Agency (EPA) signed an agreement in 1999 to develop a plan to remediate the four sites. In order to make the sites and surrounding areas safe from a variety of residual pollutants, the City has proposed to the EPA a plan to clean up the areas by removing the top two feet of soil, placing a barrier, and then replacing the topsoil with untainted dirt. The project is estimated to take several years to complete once started and a cost estimate of \$98.4 million has been accrued based on the City's estimate used in its five year capital project plan. Approximately \$10 million was appropriated in the FY2009 budget.

Department of Environmental Protection (DEP) Sites: The City, working in conjunction with the DEP, have identified four sites of potential liability including the Burke St. Lime Pitts, Doe Boy Dump Site, Gold Merit / Pope Plan and Southside Incinerator Site. The project, which is estimated to take several years to complete once started, has an estimated cost of \$35.4 million, which has been accrued by the City and included in the City's five year capital projects plan.

**CITY OF JACKSONVILLE, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

---

**15. LITIGATION, CONTINGENCIES, AND COMMITMENTS (continued)**

**D. Environmental Matters (continued)**

Various other remediation sites exist within the City and \$5.5 million has been accrued for their estimated liability based on their inclusion in the City's five year capital projects plan.

During the fiscal year 2009 budget process, City management concluded that the pollution remediation costs for the Ash sites, EPA sites, and various other sites would be paid from general revenue sources, including the issuance of general governmental debt. It was determined that solid waste rates would not be used as a revenue source since the liability was not due to current operating functions of the solid waste enterprise fund and therefore, the liability was transferred from the solid waste enterprise fund to the entity wide governmental activities column in the Statement of Net Assets. Fiscal Year 2007 amounts were adjusted accordingly in the applicable financial statements for comparative purposes.

**E. Shipyards Project:**

In previous fiscal years, the City provided economic development grant monies to a developer totaling approximately \$36.5 million, funded by tax exempt bond proceeds (City of Jacksonville, Florida Excise Tax Revenue Bonds, Series 2001B). The grant was to provide for certain public improvements related to a project titled "Shipyards". The original developer did not complete the improvements anticipated in the public offering, and a City review of the project determined that the developer had inappropriately spent City grant proceeds (financed by the bonds) on private use elements of the overall project and/or business expenditures not related to the project, and therefore was in default under the Redevelopment Agreement. The City also determined that the original developer's default resulted in the private use portion of the bond proceeds exceeding limits allowed by the tax code. On June 28, 2005 the City reached agreement with a new replacement developer to provide the anticipated public improvements with some modifications.

The City anticipates that over time, this agreement will preserve the tax exempt status of interest on the bond issue. To the extent the replacement developer does not provide the modified public improvements, the City will be required to make additional public improvements from public funds other than tax exempt bond proceeds. The City elected to notify the Internal Revenue Service of the matter and enter into voluntary negotiations intended to preserve the tax exempt status of interest on the bonds and provide for a city settlement payment. The settlement is anticipated to address the time period between the point of misuse and the substitution of appropriate public uses, and the incremental cost between tax exempt and taxable debt. The City estimates that the eventual settlement payment could be as much as \$2.5 million and this is accrued in the entity-wide financial statements as due to independent agencies and other governments. The arrangement with the replacement developer provides for an eventual repayment of this amount from excess tax increment revenues after certain priority uses thereof.

**CITY OF JACKSONVILLE, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

---

**15. LITIGATION, CONTINGENCIES, AND COMMITMENTS (continued)**

**F. Other Litigation:**

There are other claims pending against the City, as follows:

The City is involved in a state law claim for negligent maintenance of a city right of way. A possible settlement was negotiated and is pending court approval. Maximum potential liability exposure is \$200,000.

The City is involved in a federal civil rights claim pending in United States District Court. A trial date has not been determined. Maximum potential liability exposure is \$300,000.

The City is involved in an equitable contract adjustments claim alleging improprieties in the administration of contracts under a city program. The City is investigating the claim. Approximate maximum potential liability exposure is \$1,000,000, with the probability of a significant lesser amount if there is any recovery.

The City is involved in a class action suit on behalf of persons in Duval County whose driver's licenses were suspended following a failure to schedule a hearing to contest a civil traffic citation. In the event of liability, the City would be responsible for 15% at the most, with the remainder being attributable to the state.

The City is involved in a state law claim for negligent maintenance of a City-owned park. The lessee at the time of the incident agreed to assume the defense of the City and will partially indemnify the City pursuant to a contract. Maximum potential liability exposure is \$100,000.

The City is involved in a without cause termination of a contract claim. The parties mediated the claim and have come to an agreed upon resolution which would result in a settlement of \$286,000 and full release of further claims, pending approval by the Mayor's Office and City Council.

The City is involved in two Fair Labor Standards Act claims including allegations that the City failed to properly compensate employees. Trial is scheduled for November 2009 for one claim and the date is pending for the other. Maximum potential liability exposure is \$500,000 and \$400,000, respectively.

The City is involved in a state law claim for negligence involving a City garbage truck striking a stopped car at a red light. Maximum potential liability exposure is \$100,000.

The City is involved in a federal court matter concerning a breach of contract and prompt payment claims. The plaintiff is seeking \$11,000,000 from the City and JEA collectively. An offer of \$170,000 to the plaintiff is pending, per the City Construction Dispute Resolution Board opinion. If the offer is rejected, the suit will continue in federal court.

---

**15. LITIGATION, CONTINGENCIES, AND COMMITMENTS (continued)**

**F. Other Litigation: (continued)**

Since September 30, 2008, the City settled several legal matters including: federal civil rights claims, state law claims for negligence and a federal equal pay act and retaliation claim. The City does not consider the settlement amounts to be material.

In accordance with FAS 5, no accrual has been made in the accompanying financial statements for these cases because relevant criteria have not been met. Funding for these payments, if any, will be from general revenue sources and earnings.

**G. Construction Commitments:** At September 30, 2008, the City had major construction contracts for the following projects:

<b>Animal Care and Control Building</b>	\$ 7,776,543
<b>Public Works Projects</b>	
Ed Ball Building	1,256,284
<b>New Fire Stations and Renovations</b>	2,180,610
<b>Economic Development Projects</b>	
Beaver Street Fisheries/Farmers' Market	500,000
Edward Waters College	550,000

**16. SUBSEQUENT EVENTS**

**A. JEA Debt Issuance**

On November 25, 2008, JEA issued \$77,945,000 of its Bulk Power Supply System Revenue Bonds, Scherer 4 Project Issue, 2008 Series A to fund capital expenditures and repay the \$15,000,000 prior year line of credit balance and the \$3,000,000 October 2008 line of credit draw related to Bulk Power Supply capital expenditures.

**17. MAJOR DISCRETELY PRESENTED COMPONENT UNITS - ADDITIONAL DISCLOSURE**

**A. JEA/City of Jacksonville**

JEA is a separately-governed authority and is also considered to be a discretely presented component unit of the City of Jacksonville. JEA provides electric, water and sewer service to the City and its agencies and bills for such service using established rate schedules. JEA utilizes various services provided by departments of the City, including insurance, legal and motor pool. JEA is billed on a proportionate cost basis with other user departments and agencies. The revenues for services provided and expenses for services received by JEA for these related-party transactions with the City were as follows (in thousands):

	<u>Revenues</u>	<u>Expenses</u>
Fiscal year 2008	\$ 28,756	\$ 8,527

During Fiscal Year 2004, the calculation of the City contribution was reconsidered. The approved calculation formula is based on 9.8% of the revenues, as defined, of the Electric System and Water and Sewer System. This calculation is subject to a minimum average annual increase of \$2.75 million per year using 2004 as the base year for the combined assessment for the Electric System and Water and Sewer System. There will also be a maximum annual assessment for the combined Electric System and Water and Sewer System.

The JEA Electric System is required to contribute annually to the City’s General Fund an amount not to exceed 5.5 mills per kilowatt hour delivered by JEA to retail users in JEA’s service area, and to wholesale customers under firm contracts having an original term of more than one year, other than sales of energy to FPL from JEA’s St. Johns River Power Park System. The contribution for Fiscal Year 2008 amounted to \$73,847,000. The JEA Water and Sewer System is required to contribute annually to the City’s General Fund an amount not to exceed 2.1 mills per cubic foot of potable water and sewer service provided, excluding reclaimed water service. The contribution for fiscal years 2008 amounted to \$20,341,000.

Although the calculation for the annual transfer of available revenue from JEA to the City is based upon formulas that are applied specifically to each utility system operated by JEA, JEA may, in its sole discretion, utilize any of its available revenues regardless of source to satisfy its total annual obligation to the City.

**CITY OF JACKSONVILLE, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

---

**17. MAJOR DISCRETELY PRESENTED COMPONENT UNITS - ADDITIONAL DISCLOSURE**

**A. JEA/City of Jacksonville (continued)**

In addition to the contributions described above, JEA is also obligated to make semi-annual payments with respect to a portion of the debt service for the City's Excise Tax Revenue Bonds, Series 1999A and 1995A through Fiscal Year 2009. In Fiscal Year 2008, JEA made principal and interest payments to the City of \$1,996,000. The total remaining principal amount due to the City as of September 30, 2008 was \$1,070,000.

**Franchise Fees** - Effective April 1, 2008, the City enacted a 3% franchise fee from designated revenues of the Electric and Water and Sewer Utility systems. The ordinance authorizes JEA to pass through these fees to its electric and water and sewer funds. For the year ended September 30, 2008, JEA accrued \$14,979,000 and \$3,361,000 in its electric and water and sewer funds, which are included in JEA operating revenues and expenses.

**Risk Management** - JEA insures its risks related to general liability, automobile liability, and workers' compensation through the City's self insurance program. The City's Director of Administration and Finance manages the self-insurance program, estimates the liabilities through actuarial and other methods, and assesses the user departments and agencies. JEA purchases property insurance separate from the City for its insurable assets. In addition, JEA purchases property, liability and workers' compensation insurance for its St. Johns River Power Park facility, including ownership interest of Florida Power and Light Company, as an additional insured.

**Better Jacksonville Plan** - The City is providing funding for sewer improvements as a part of the Better Jacksonville Plan. The City receives sales tax revenues, a portion of which are used for capital contributions to JEA for sewer improvements. These contributions amounted to \$2.9 million in fiscal year 2008.

**Change in Accounting** - JEA has elected early implementation of GASB No. 53, Accounting and Financial Reporting for Derivative Instruments. The annual changes in the fair value of effective hedging derivative instruments are required to be deferred – reported as deferred inflows and deferred outflows and included in noncurrent assets and liabilities on the balance sheet. Deferral of changes in fair value generally last until the transaction involving the hedged item ends. JEA currently has two types of hedges, both have been associated with an item that is eligible to be hedged and determined to be effective. As such, JEA has restated its 2007 financial statements to reflect the adoption. The effect of the early adoption was to increase 2007 beginning net assets by \$2,404 thousand. Additional information may be provided in JEA's separately issued financial report, which may be obtained from its administrative office in the JEA Plaza at 21 West Church Street, Jacksonville, Florida 32202.

**B. Non-major component unit** - A non-major component unit changed the presentation to its financial statements from that of a business type activity to a governmental activity (as defined in GASB statement 34) to better reflect the operating characteristics of the organization. As a result, there was a \$ 1.4 million change to beginning net assets.

**CITY OF JACKSONVILLE, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

---

**17. MAJOR DISCRETELY PRESENTED COMPONENT UNITS - ADDITIONAL DISCLOSURE (continued)**

C. **JTA** - JTA governmental activities net assets invested in capital assets and restricted net assets as of September 30, 2007 have been restated to reflect a change in the method of applying an accounting principle as it pertained to the recognition of revenue related to custodial construction projects. The impact of this restatement is a reduction of net assets invested in capital assets of \$364,213,187 and a reduction of restricted net assets of \$110,408,471. Business type activities net assets invested in capital assets have been restated to reflect the correction of an error in the capitalization and depreciation of completed construction projects. The impact of this restatement is a reduction of \$1,589,092 in net assets at September 30, 2007. Business type activities unrestricted net assets have been restated to reflect the correction of an error in the accrual of the liability for compensated absences. The impact of this restatement is a reduction of \$256,855 in net assets at September 30, 2007. Additionally, business type activities net assets have been restated to reflect the correction of an error in the deferral of revenue recognition. The impact of this restatement is an increase of \$2,070,336 in net assets at September 30, 2007. Additional information may be provided in JTA's separately issued financial report, which may be obtained from its administrative office at 100 North Myrtle Avenue, Jacksonville, Florida 32203.

**18. NET ASSETS:**

The government-wide and business-type Fund Financial Statements utilizes a net assets presentation. Net assets are categorized as invested in capital assets (net of related debt), restricted, and unrestricted.

**Invested in Capital Assets** (net of related debt) - is intended to reflect the portion of net assets which are associated with non-liquid, capital assets less outstanding capital asset related debt. The net related debt is the debt less the outstanding liquid assets and any associated unamortized cost.

**Restricted Assets** – are liquid assets (generated from revenues and not bond proceeds), which have third-party (statutory, bond covenant or granting agency) limitations on their use. The City would typically use restricted assets first, as appropriate opportunities arise, but reserves the right to selectively defer the use there of to a future project or replacement equipment acquisition.

**Unrestricted Net Assets** – typically represents unrestricted liquid assets. While City management may have categorized and segmented portions for various purposes, the City Council has authority to revisit or alter these managerial decisions.

While the Unrestricted Net Assets balance is a single number in accordance with GASB Statement 34, the impact of non-asset debt will appear to reduce the year-end discretionary balance available to the government.

**CITY OF JACKSONVILLE, FLORIDA  
 NOTES TO FINANCIAL STATEMENTS  
 FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

---

**18. NET ASSETS: (continued)**

However, in the City’s case, given that a portion of these non-asset bonds/loans reported in the Governmental Activities column have a dedicated revenue source (to amortize the debt over time) the year-end available portion of the Net Assets to the City is greater than is apparent. The following schedule illustrates these differences (000s):

Governmental Unrestricted Net Assets (per statement – page 24)	\$ (391,825)
Impact of Better Jacksonville Plan’s (BJP) bond financed capital expenditures incurred by component units and other entities. Includes refinancing of state held debt for associated component unit.	449,704
Economic Incentives to be repaid by TIF revenue and/or Developer	<u>46,494</u>
Governmental - Unrestricted Net Assets (adjusted for dedicated revenue funded portions)	<u><u>\$ 104,373</u></u>

Because the BJP program has dedicated sales tax revenue sources which will be used to repay the related debt service and either the CRA’s tax increment financing (TIF) revenue or the Developer repayments are anticipated to address the related debt service principal and all or a portion of the interest, the Government Unrestricted Net Assets (adjusted for dedicated revenue funded portions of non-assets debt) more truly reflect the General Government’s available (although partially tentatively targeted) portion of net assets.

**19. EMERGENCY RESERVE:**

Within the Fiscal Year 2008 budget ordinance, the City reauthorized a \$40 million emergency reserve, which was classified as a reservation of fund balance within the General Fund. The emergency reserve shall not be used except as initiated by the mayor through written communication to City Council, explaining the emergency, and subsequent approval by two-thirds vote of the Council.

**20. RESTATEMENT OF FUND BALANCE**

The City implemented a change in application of accounting principles relative to the accumulation of debt service resources and the related repayment of debt. The City historically provided resources to its governmental debt service funds during each fiscal year ending on September 30<sup>th</sup> in anticipation of the debt service payment being made on October 1, the first day of the subsequent fiscal year. These accumulated resources were reported as fund balance in the City’s debt service funds. The City elected to report a liability as of September 30, 2008 for the debt service payments made on the next day, October 1. Both methods are acceptable under Generally Accepted Accounting Principles.

**CITY OF JACKSONVILLE, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

---

**20. RESTATEMENT OF FUND BALANCE (continued)**

This change in application resulted in the need to restate fund balances at the beginning of the current fiscal year. The schedule below shows the changes to beginning Fund Balances.

	Special Bonded Debt – Better Jacksonville Plan <u>Obligations</u>	Governmental Funds- Special Bonded <u>Debt Obligations</u>
Beginning Fund Balance, October 1, 2007	\$ 92,605	\$ 81,147
Less adjustments from change in application of accounting principle	<u>(37,591)</u>	<u>(70,305)</u>
Fund Balance, October 1, 2007 as restated	<u>\$ 55,014</u>	<u>\$ 10,842</u>

**CITY OF JACKSONVILLE, FLORIDA**  
**NOTES TO REQUIRED SUPPLEMENTARY INFORMATION**  
**FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

---

**1. BUDGETARY DATA**

The City uses the following procedures in establishing the budgetary data reflected in the financial statements.

**A.** The City adopts its budget in accordance with Chapters 129 and 200, Florida Statutes, the City Charter and Municipal Ordinance Code.

(1) The Mayor's Proposed Budget is presented to the City Council on the second Tuesday in July; the budget ordinance, millage levy ordinance and related resolutions are introduced.

(2) During the first Council meeting in September, public hearings are held on both the budget and the millage rate. Following the public hearings, the Council adopts a tentative budget and tentative millage rate. A final budget and millage is adopted by full Council, and is effective on October 1.

The City presents a Budgetary Comparison Schedule as Required Supplementary Information for the General Fund and each major special revenue fund with a legally adopted budget. For the Fiscal Year 2008, no special revenue funds met the criteria to be reported as a major fund. The City has opted to make this presentation in the format and classifications of the budget document. These schedules report actual expenditures using generally accepted accounting principles as well as expenditures on the budgetary basis, which include amounts encumbered for future spending.

**B.** All funds of each governmental fund type with legally adopted annual budgets are included in the Schedule of Revenue, Expenditures, and Changes in Fund Balance - Budget and Actual.

**C.** The City adopts annual budgets for the General Fund, certain Special Revenue Funds, and Proprietary Funds. The City reports Budgetary Comparisons for its General Fund and Major Special Revenue Funds in the Required Supplementary Information section of the report. None of these funds had an excess of expenditures over appropriations for the year ended September 30, 2008. Proprietary Fund budgets are adopted for management control purposes. The City is not required to include Budgetary Comparisons for Proprietary Funds in this report. Project or program budgets, which may not coincide with the City's fiscal year, or which may exceed a single annual period, are adopted by separate ordinance for most Special Revenue Funds and Capital Project Funds. Budgets are not formally adopted for Debt Service Funds as internal spending controls are set by compliance with bond covenants. The Special Revenue Funds which are not budgeted annually include the following: Community Development Block Grant, Job Training Partnership Act Grant, Maintenance, Parks and Recreation, Metropolitan Planning Organization, Other Federal, State and Local Grants, Better Jacksonville Trust Fund, Housing and Neighborhoods and Non-Budgeted General Government.

**D.** Level of Budgetary Control - Expenditures may not exceed appropriations and are

**CITY OF JACKSONVILLE, FLORIDA**  
**NOTES TO REQUIRED SUPPLEMENTARY INFORMATION**  
**FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

---

**1. BUDGETARY DATA** (continued)

controlled in the following manner:

- (1) The budget is adopted by ordinance which sets the legal level of control at the fund level by department.
- (2) The City has adopted more stringent administrative policies that control expenditures at the major category (Personal Services, Operating Expense, Capital Outlay, Debt Service) level within divisions within individual funds.
- (3) The City, additionally, has adopted a Municipal Ordinance Code Policy that provides transfer authority to the mayor, without City Council approval, within an individual fund if the total transferred funds for a specific purpose, project or issue is under \$750,000 during the fiscal year. These transfers are reported to the Finance Committee on a quarterly basis.

**E.** Supplemental Appropriations - The City Council may, through passage of an ordinance, amend the budget in any manner permissible under state and local law, with one exception. Bond covenants, trust and agency agreements, and certain clauses of ordinances in effect may restrict certain budgetary items in terms of amount or use.

In certain instances the City may supplement the appropriations in a fund due to unexpected high levels of receipts or under estimates of carry forward balances. Supplemental appropriations to the Fiscal Year 2008 Annual Budget Ordinance were made throughout the year, the effects of which were not material.

**F.** All appropriations in annually budgeted funds, except for amounts corresponding to outstanding encumbrances, lapse at year-end or at the close of the authorizing project/program, unless specifically carried forward by ordinance.

**G.** Formal budgetary integration is used as a management control device for all funds of the City, except certain Debt Service Funds as explained in Note to RSI 1.C.

**H.** The City's Annual Financial Plan, or published budget document, may be obtained from the City's Budget Office located at 117 West Duval Street, Suite 325, Jacksonville, Florida 32202.

**I.** The Clerk of Court special revenue budget is not approved by the City. It is submitted and approved by the state.

(The remainder of this page is intentionally left blank.)

2008	4,329	4,350	-	4,350	100%

Certain adjustments are made to the annual required contribution if the plan carries a net pension obligation (NPO). The net pension obligation (asset if a credit) is defined in GASB No. 27 as the cumulative difference at the date of adoption (or transition) between annual requirements and actual contributions plus the cumulative difference between the requirements and contributions after that date. For 2008, additional interest credits attributable to the timing of contribution payments resulted in a net pension credit (negative NPO) of \$117 thousand for General Employees and \$21 thousand for Corrections.

Note that the net pension asset is not the same as "past excess contributions," which stands for the difference, including interest, between the City's contributions for a plan year and that year's funding requirement determined as though the fund's assets did not include any contributions made in a prior year in excess of that year's requirement.

# **Single Audit**

Report of Independent Certified Public Accountants on Compliance with Requirements Applicable to Each Major Program and on Internal Control Over Compliance In Accordance With OMB Circular A-133 and Chapter 10.550, *Rules of the Auditor General*

The Honorable Mayor and Members of the City Council  
City of Jacksonville, Florida

*Compliance*

We have audited the compliance of City of Jacksonville, Florida (the City) with the types of compliance requirements described in the US Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* and the requirements described in the Executive Office of the Governor's State Projects Compliance Supplement, that are applicable to each of its major federal programs and state financial assistance projects for the year ended September 30, 2008. The City's major federal programs and state financial assistance projects are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs and state financial assistance projects is the responsibility of the City's management. Our responsibility is to express an opinion on the City's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*; and Chapter 10.550, *Rules of the Auditor General, State of Florida*. Those standards, OMB Circular A-133 and Chapter 10.550 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program or state financial assistance project occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the City's compliance with those requirements.

In our opinion, the City complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs and state financial assistance projects for the year ended September 30, 2008. However, the results of our auditing procedures disclosed instances of noncompliance with those requirements, which are required to be reported in accordance with OMB Circular A-133 and Chapter 10.550 and which are described in the accompanying schedule of findings and questioned costs as items 08-02, 08-03, 08-04, and 08-05.

### *Internal control over compliance*

The management of the City is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts and grants applicable to federal programs and state financial assistance projects. In planning and performing our audit, we considered the City's internal control over compliance with the requirements that could have a direct and material effect on a major federal program or state financial assistance project in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in the entity's internal control that might be significant deficiencies or material weaknesses as defined below. However, as discussed below, we identified certain deficiencies in internal control over compliance that we consider to be significant deficiencies.

A *control deficiency* in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program or state financial assistance project on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program or state financial assistance project such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program or state financial assistance project that is more than inconsequential will not be prevented or detected by the entity's internal control. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as item 08-01 to be significant deficiencies.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program or state financial assistance project will not be prevented or detected by the entity's internal control. We did not consider any of the deficiencies described in the accompanying schedule of findings and questioned costs to be material weaknesses.

The City's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit the City's responses and, accordingly, we express no opinion on them.

### *Schedule of Expenditures of Federal Awards and State Financial Assistance*

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, the aggregate discretely presented component units, and the aggregate remaining fund information of the City as of and for the year ended September 30, 2008, which collectively comprise the City's basic financial statements, and have issued our report thereon dated May 6, 2009. Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The

accompanying schedules of expenditures of federal awards and state financial assistance are presented for purposes of additional analysis as required by OMB Circular A-133, and Chapter 10.550, Rules of the Auditor General, and are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

*Ernst & Young LLP*

**Notes to Schedule of  
Expenditures of Federal Awards  
And State Financial Assistance**

## City of Jacksonville

### Notes to Schedule of Expenditures of Federal Awards and State Financial Assistance

Year Ended September 30, 2008

#### **1. General**

The accompanying Schedule of Expenditures of Federal Awards and State Financial Assistance (the Schedule) presents all activity of all federal and state awards programs of the City of Jacksonville, Florida (the City) for the year ended September 30, 2008. The City's structure is described in Note 1 to the City's basic financial statements. Federal and state awards received directly from federal or state agencies as well as awards passed through other governmental agencies are included on the Schedule.

#### **2. Presentation and Basis of Accounting**

The accompanying Schedule is presented using the modified accrual basis of accounting for expenditures recorded in governmental funds and the accrual basis for expenditures recorded in proprietary funds. Under the modified accrual basis, revenue is recognized if it is both measurable and available for use during the fiscal year and expenditures are recognized in the period liabilities are incurred, if measurable. The grants reflect transactions for the fiscal year irrespective of the year of grant award and, accordingly, the Schedule does not include a full year's financial activity for grants awarded or terminated on dates not coinciding with the City's fiscal year.

#### **3. Program Clusters**

Office of Management and Budget (OMB) Circular A-133 defines a cluster of programs as a grouping of closely related programs that share common compliance requirements. According to this definition, similar programs deemed to be a cluster of programs are disclosed accordingly.

#### **4. Contingency**

The grant revenue amounts received are subject to audit and adjustment. If any expenditures or expenses are disallowed by the grantor agencies as a result of such an audit, any claim for reimbursement to the grantor agencies would become a liability of the City. In the opinion of management, all grant and grant matching expenditures are in compliance with the terms of the grant agreements and applicable federal and state laws and regulations.

City of Jacksonville

Notes to Schedule of Expenditures of Federal Awards and  
State Financial Assistance (continued)

Year Ended September 30, 2008

**5. HUD Section 108 Loan Guarantee Program**

As of September 30, 2008, the City had U.S. Government Guaranteed Notes outstanding in the amount of \$6,630,000 as follows:

Prior Year Loans Previously Recognized as Federal Expenditures

U.S. Government Guaranteed Note Payable, Series 1995, payable in semi-annual installments to 2014, with interest ranging from 4.32% to 5.19%.....	\$2,580,000
U.S. Government Guaranteed Note Payable, Series 1996, payable in semi-annual installments to 2012, with interest ranging from 6.70% to 6.88%.....	320,000
U.S. Government Guaranteed Note Payable, Series 1996B, payable in semi-annual installments to 2015, with interest ranging from 6.70% to 7.03%.....	1,830,000
U.S. Government Guaranteed Note Payable, Series 1997, payable in semi-annual installments to 2016, with interest ranging from 6.70% to 7.08%.....	815,000
U.S. Government Guaranteed Note Payable, Series 1997, payable in semi-annual installments to 2010, with interest ranging from 6.70% to 6.78%.....	180,000
U.S. Government Guaranteed Note Payable, Series 1997, payable in semi-annual installments to 2016, with interest ranging from 6.70% to 7.08%.....	540,000
U.S. Government Guaranteed Note Payable, Series 1997, payable in semi-annual installments to 2015, with interest ranging from 6.70% to 7.03%.....	365,000

These notes are guaranteed under Section 108 of Title I of the Housing and Urban Development Act of 1974 and a pledge of certain future Community Development Block Grant revenues. The Section 108 Loan Guarantee Program is considered federal financial assistance under the Single Audit Act and OMB Circular A-133.

	<b><u>Yes</u></b>	<b><u>No</u></b>
Any audit findings disclosed that are required to be reported in accordance with Circular A-133 (section 510(a))?	X	

City of Jacksonville, Florida

Schedule of Findings and Questioned Costs (continued)

For the Year Ended September 30, 2008

**Part I—Summary of Auditor’s Results (continued)**

Identification of major Federal programs:

<u>CFDA Number(s)</u>	<u>Name of Federal Program or Cluster</u>
14.239	Home Investment in Affordable Housing
20.205	Department of Transportation
93.914	Ryan White Care Act I Formula
97.036	FEMA Disaster Relief

Dollar threshold used to determine Federal Type A programs:

\$2,230,000

Identification of major State projects:

<u>CSFA Number(s)</u>	<u>Name of State Project</u>
37.024	Petroleum Contamination Site Cleanup (Task 7)
55.008	County Incentive Grant Program
55.020	State Infrastructure Bank
55.023	State Highway Project
37.039	Statewide Surface Water Restoration and Wastewater
45.032	Historic Preservation Fund Grants-in-aid

Dollar threshold used to determine State Type A programs:

\$920,000

Auditee qualified as low-risk auditee?

<u>Yes</u>	<u>No</u>
<u>X</u>	

City of Jacksonville, Florida

Schedule of Findings and Questioned Costs (continued)

For the Year Ended September 30, 2008

**Part II—Financial Statement Findings Section**

This section identifies significant deficiencies, material weaknesses, and instances of noncompliance related to the financial statements that are required to be reported in accordance with *Government Auditing Standards*.

No matters were reported.

**Part III—Federal Award Findings and Questioned Costs Section**

This section identifies significant deficiencies, material weaknesses, and instances of noncompliance, including questioned costs, related to the audit of major federal programs, as required to be reported by Circular A-133 section 510(a).

**Finding No. 08-1**

Agency: All

Program: All

Finding Type: Significant Deficiency

Questioned Costs: None

Requirement: Reporting

Condition: During our audit, we noted deficiencies in the City's process regarding the compilation of the Schedule of Expenditures of Federal Awards and State Financial assistance (the Schedule). Such deficiencies resulted in errors originally reported on the schedule that required adjustments.

Context: We noted amounts on the Schedule that were misstated due to control deficiencies and apparent miscommunication between grant managers responsible for administering grant funds and activities and the accounting department responsible for financial reporting on the schedule of expenditures. We noted miscommunications and lack of adequate response to issues identified in Federal and State Programs, which led to many of the current year findings and questioned costs, and adjustments to the Schedule. Errors identified have been adjusted.

City of Jacksonville, Florida

Schedule of Findings and Questioned Costs (continued)

For the Year Ended September 30, 2008

**Part III—Federal Award Findings and Questioned Costs Section (continued)**

**Recommendation:** Grant managers and the accounting department must work together to prepare the Schedule to ensure that accurate financial reporting is taking place. Grant managers should review the Schedule, or other financial reports, for their grants on a regular basis, and communicate errors back to the accounting department. The accounting department should follow up on errors reported by the grant managers, and should work to resolve them and make adjustments necessary for accurate financial reporting. Final, corrected reports should then be reviewed again by grant managers.

*Views of*

**Responsible Official:** *Management agrees with recommendation. We will reinforce the monitoring of expenditures for Federal Awards and State Financial Assistance throughout the fiscal year. In addition, the Schedule of Expenditures will be prepared by Grant Accounting and reviewed by the Program Managers to ensure accurate financial reporting in the proper period before final submission.*

**Finding No. 08-02**

**Agency:** U.S. Department of Health and Human Services

**Program:** Ryan White Care Act I Formula

**CFDA No.:** 93.914

**Finding Type:** Noncompliance

**Questioned Costs:** None

**Requirement:** Allowable Costs and Cash Management

**Condition:** Based on our procedures, certain amounts reimbursed by the grantor were not based on actual reimbursable costs incurred.

City of Jacksonville, Florida

Schedule of Findings and Questioned Costs (continued)

For the Year Ended September 30, 2008

**Part III—Federal Award Findings and Questioned Costs Section (continued)**

**Context:** The City enters into annual contracts with subrecipients to provide the types of services deemed necessary by the Planning Council. Contract provisions require that the City reimburse for actual allowable expenditures, which fall within the scope of the approved budget, are accurately invoiced and documented. During our audit, we noted monthly subrecipient invoices being paid at 1/12<sup>th</sup> of the agreed upon budget instead of at actual reimbursable costs.

**Recommendation:** The City should review its internal procedures surrounding processing of monthly subrecipient invoices to ensure invoices are based on actual reimbursable costs incurred, and that supporting documentation is sufficient. Grant managers should review the Schedule to determine whether their projects are reported accurately.

*Views of Responsible Official:* Management agrees with recommendation. The City's accounting division will work with departments to confirm responsibility for all invoices, and that services billed are based on actual reimbursable costs incurred. These processes will be repeated on a continuing basis.

**Finding No. 08-03**

**Agency:** U.S. Department of Health and Human Services

**Program:** Ryan White Care Act I Formula

**CFDA No.:** 93.914

**Finding Type:** Noncompliance

**Questioned Costs:** None

**Requirement:** Subrecipient Monitoring

**Condition:** During our audit, we noted that one of the three subrecipients tested had not filed audited financial statements or a single audit with the City.

City of Jacksonville, Florida

Schedule of Findings and Questioned Costs (continued)

For the Year Ended September 30, 2008

**Part III—Federal Award Findings and Questioned Costs Section (continued)**

**Context:** The City enters into annual contracts with subrecipients to provide the types of services deemed necessary for performance of the grant services. According to the terms of the subrecipient contract with the City, a subrecipient who receives funding from the City in excess of \$500,000 is required to provide the City with audited financial statements conducted in accordance with *Governmental Auditing Standards* and the provisions of a single audit in accordance with the Office of Management and Budget's *Circular A-133*.

**Recommendation:** The City's Behavioral and Human Services Division should be informed of the requirements of contracts with its subrecipients. The City should strengthen its policies regarding reimbursement of costs to those subrecipients who fail to comply with contractual requirements. If contractual requirements are not met, the City may also be at risk of losing program funding.

**Views of Responsible Official:** *Management agrees with recommendation. The subrecipient provided a financial audit as required in the agreement; however the financial audit was not in compliance with Circular A-133. The subrecipient's funding period was March 2008 through February 2009. The subrecipient will provide a financial audit in compliance with Circular A-133 for the State of Florida's FY09, which is July 2008 through June 2009 that will expand the scope to include March 2008 through June 2008.*

*The City's accounting division will work with Program Managers/Departments to establish monitoring procedures to assure timely receipt and review of all audit reports required by Circular A-133 for subrecipients.*

City of Jacksonville, Florida

Schedule of Findings and Questioned Costs (continued)

For the Year Ended September 30, 2008

**Part IV—State Financial Assistance Projects Findings and Questioned Costs Section**

This section identifies significant deficiencies, material weaknesses, and instances of noncompliance, including questioned costs, related to the audit of major state financial assistance projects, as required to be reported by Chapter 10.550, *Rules of the Auditor General*, State of Florida.

**Finding No. 08-04**

Agency: Florida Department of Transportation

Program: State Infrastructure Bank

CFSA No.: 55.020

Finding Type: Noncompliance

Questioned Costs: None. See views of responsible official.

Requirement: Cash Management / Reporting / Period of Availability

Condition: A reimbursement request was submitted, and expenditures recorded on the Schedule, for costs that were not incurred in accordance with the grant contract. In addition, there is lack of sufficient supporting documentation for reimbursable costs.

Context: The City reimburses the Jacksonville Transportation Authority (JTA), a component unit of the City, for costs incurred for projects allowed per the State Infrastructure Bank (SIB) loan agreement with the City. The City requests draws from the SIB once reimbursable costs have been incurred by JTA, and upon receipt, the City remits to JTA. The SIB requires that funds are requested as needed and should be used within a short time frame (45 days). The City requested a draw on its loan of \$10,151,524 to reimburse costs that JTA had not yet incurred and did not incur within 45 days, and were therefore outside the period of availability. In addition, JTA requested the reimbursement from the City, but provided insufficient supporting documentation.

City of Jacksonville, Florida

Schedule of Findings and Questioned Costs (continued)

For the Year Ended September 30, 2008

**Part IV—State Financial Assistance Projects Findings and Questioned Costs Section (continued)**

Recommendation: The City's employees should be informed of grant requirements and what constitutes sufficient supporting documentation, and grant managers should review the Schedule to determine whether their projects are reported accurately. In addition, JTA employees should be informed of the City's requirements of supporting documentation. The City should enforce compliance with its requirements by not reimbursing JTA until sufficient supporting documentation has been received.

*Views of Responsible Official: The schedule that supported the City's request for funds contained both current and future draws. The City inadvertently requested both the current year and subsequent year draw and the error was not detected until after the close of the fiscal year but before the end of audit fieldwork. In discussions with City representatives, the Florida Department of Transportation representatives authorized the City to retain the improper advance so long as it was used within the 2008-09 fiscal year. JTA representatives assured that it would be.*

**Finding No. 08-05**

Agency: Florida Department of Environmental Protection

Program: Petroleum Contamination Site Cleanup (Task 7)

CFSA No.: 37.024

Finding Type: Noncompliance

Questioned Costs: Unknown

Requirement: Allowable Costs

Condition: Indirect cost calculation was not based on actual reimbursable costs incurred.

City of Jacksonville, Florida

Schedule of Findings and Questioned Costs (continued)

For the Year Ended September 30, 2008

**Part IV—State Financial Assistance Projects Findings and Questioned Costs Section (continued)**

**Context:** This project allows for indirect costs to be reimbursed by the State. During our audit, we noted that the City applied a budgeted indirect cost rate of 5% to budgeted costs. Upon inquiry, management agreed that the use of budgeted costs is the wrong base for applying the indirect cost rate, however they also applied an incorrect indirect cost rate. Management has calculated an indirect cost rate of 16.66%. We requested, but were not provided with, supporting documentation for an indirect cost rate that has been approved by the grantor. By applying an incorrect indirect cost rate on an inappropriate base amount, management has either understated or overstated the indirect costs expended under this grant.

**Recommendation:** The City should contact the grantor to determine the approved indirect cost rate, and calculate any amounts due or amounts to be returned based on the approved rate. In addition, the City's employees should be informed of grant requirements and the appropriate methods of calculating, and requesting reimbursement for, indirect costs, and grant managers should review the schedule of expenditures to determine whether their projects are reported accurately.

*Views of*

*Responsible Official:* *Management agrees with finding. The City will contact the grantor to determine an applicable indirect cost rate and to define the method used for calculation.*

*The City is eligible to recover 16.66% according to our OMB Circular A-87 cost allocation plan. The City's budget and accounting division will work with Program Managers/Departments to comply with policies and procedures for calculating indirect cost rates.*

City of Jacksonville, Florida  
 Summary Schedule of Prior Audit Findings  
 For the Year Ended June 30, 2008

Prior Finding No.	Program	Description	Status
07-01	55.020 State Infrastructure Bank	<p>Allowable costs are defined within the State Infrastructure Bank (SIB) Loan Agreement between the City of Jacksonville, Florida and the Florida State department of Transportation (FDOT) (SIB Loan Agreement). Currently, the City reimburses the Jacksonville Transportation Authority (JTA), a component unit of the City, for costs incurred by JTA for projects allowed per the SIB Loan Agreement. The City should have adequate controls in place to determine that the expenditures paid by JTA with SIB proceeds are for allowable costs.</p> <p>We noted documentation deficiencies in the current year at finding 08-04; therefore this finding has not been corrected.</p>	An appropriate cost review process has been implemented beginning with the 2008-09 fiscal year.
