

# Animal Care and Protective Services

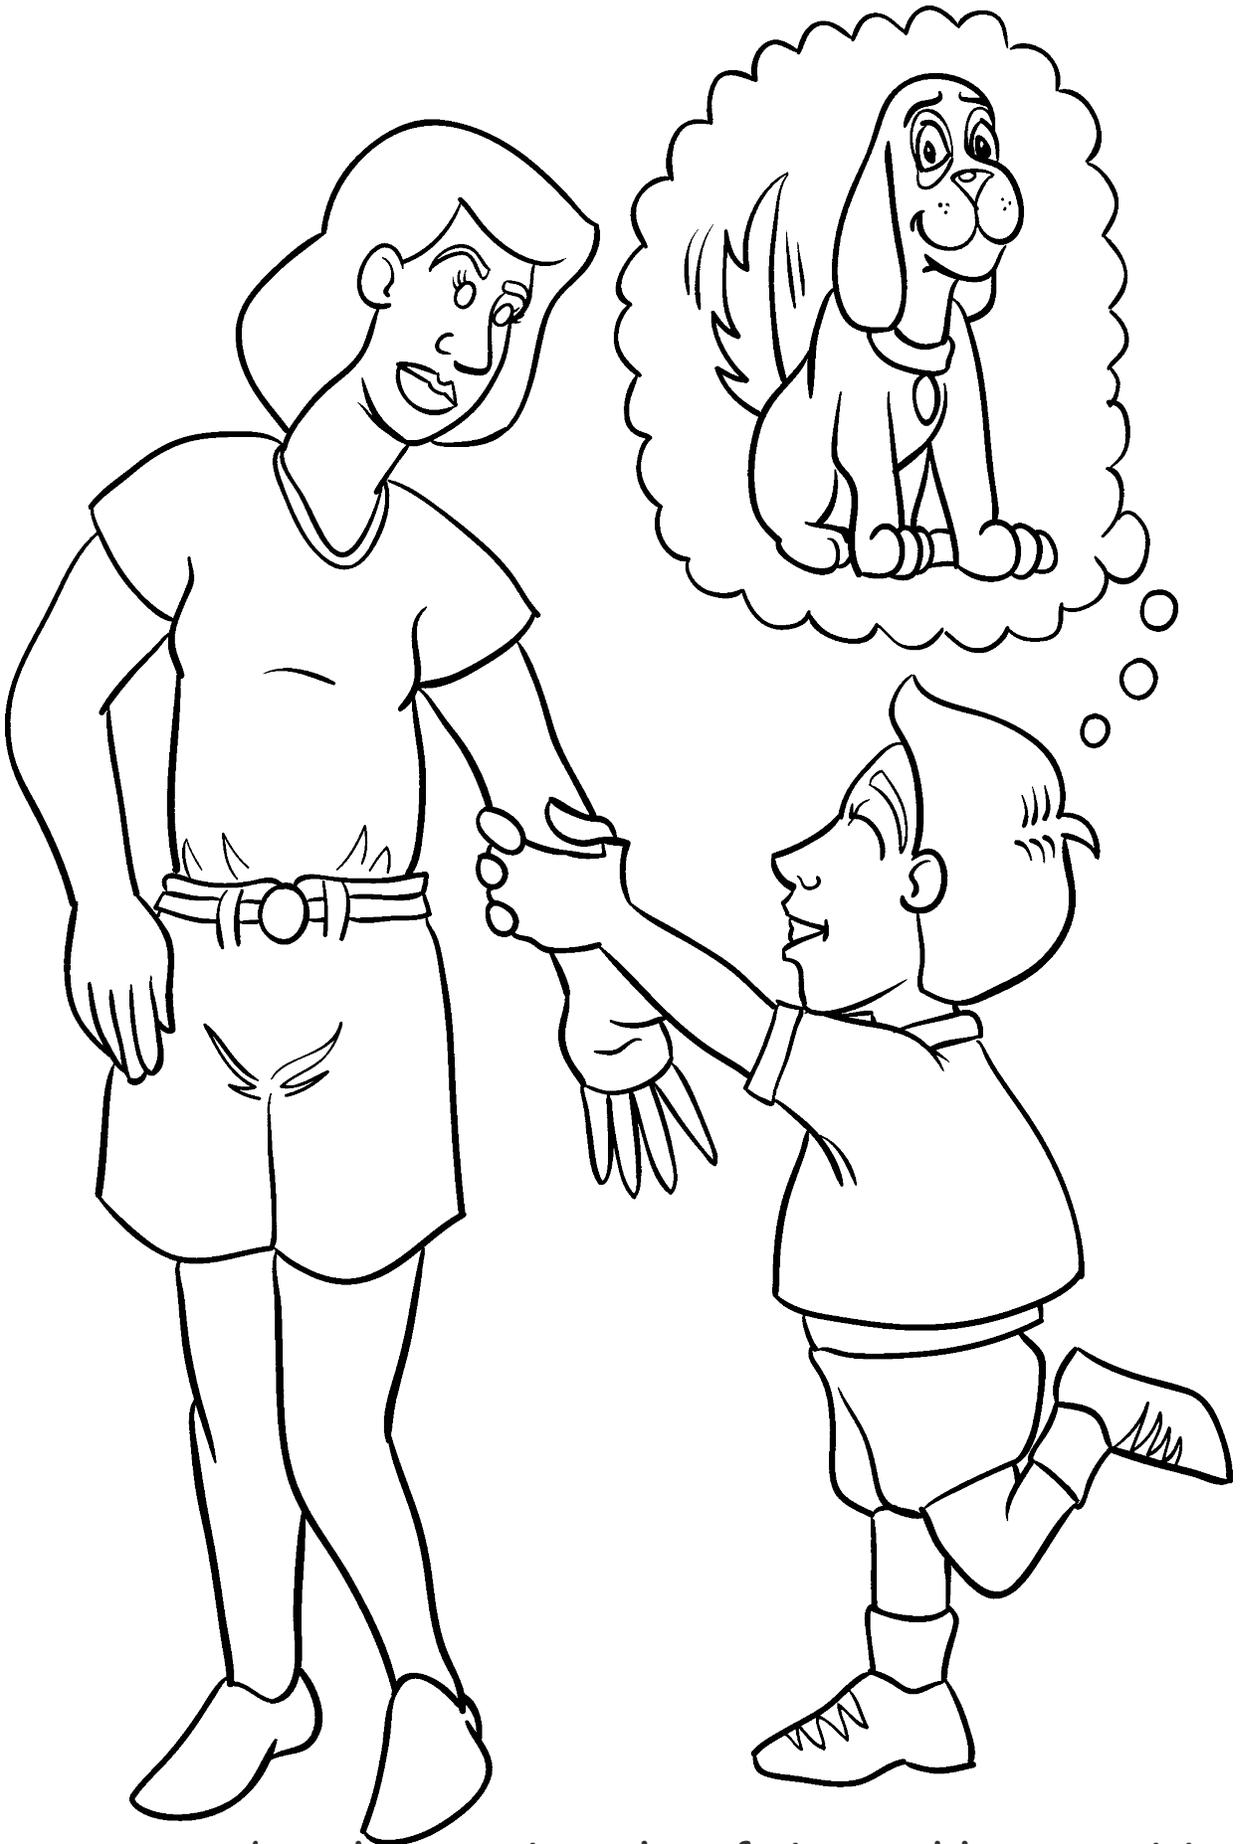

**Coloring  
Book!**

"Mommy & Daddy we learned about pet care at school today. Can we get a pet?"

“ Well let's first figure out what type of pet will fit our family.”

**"I'd love a puppy but they require a lot of time and house training. We are all gone during the day, so I don't think a puppy will work for us."**

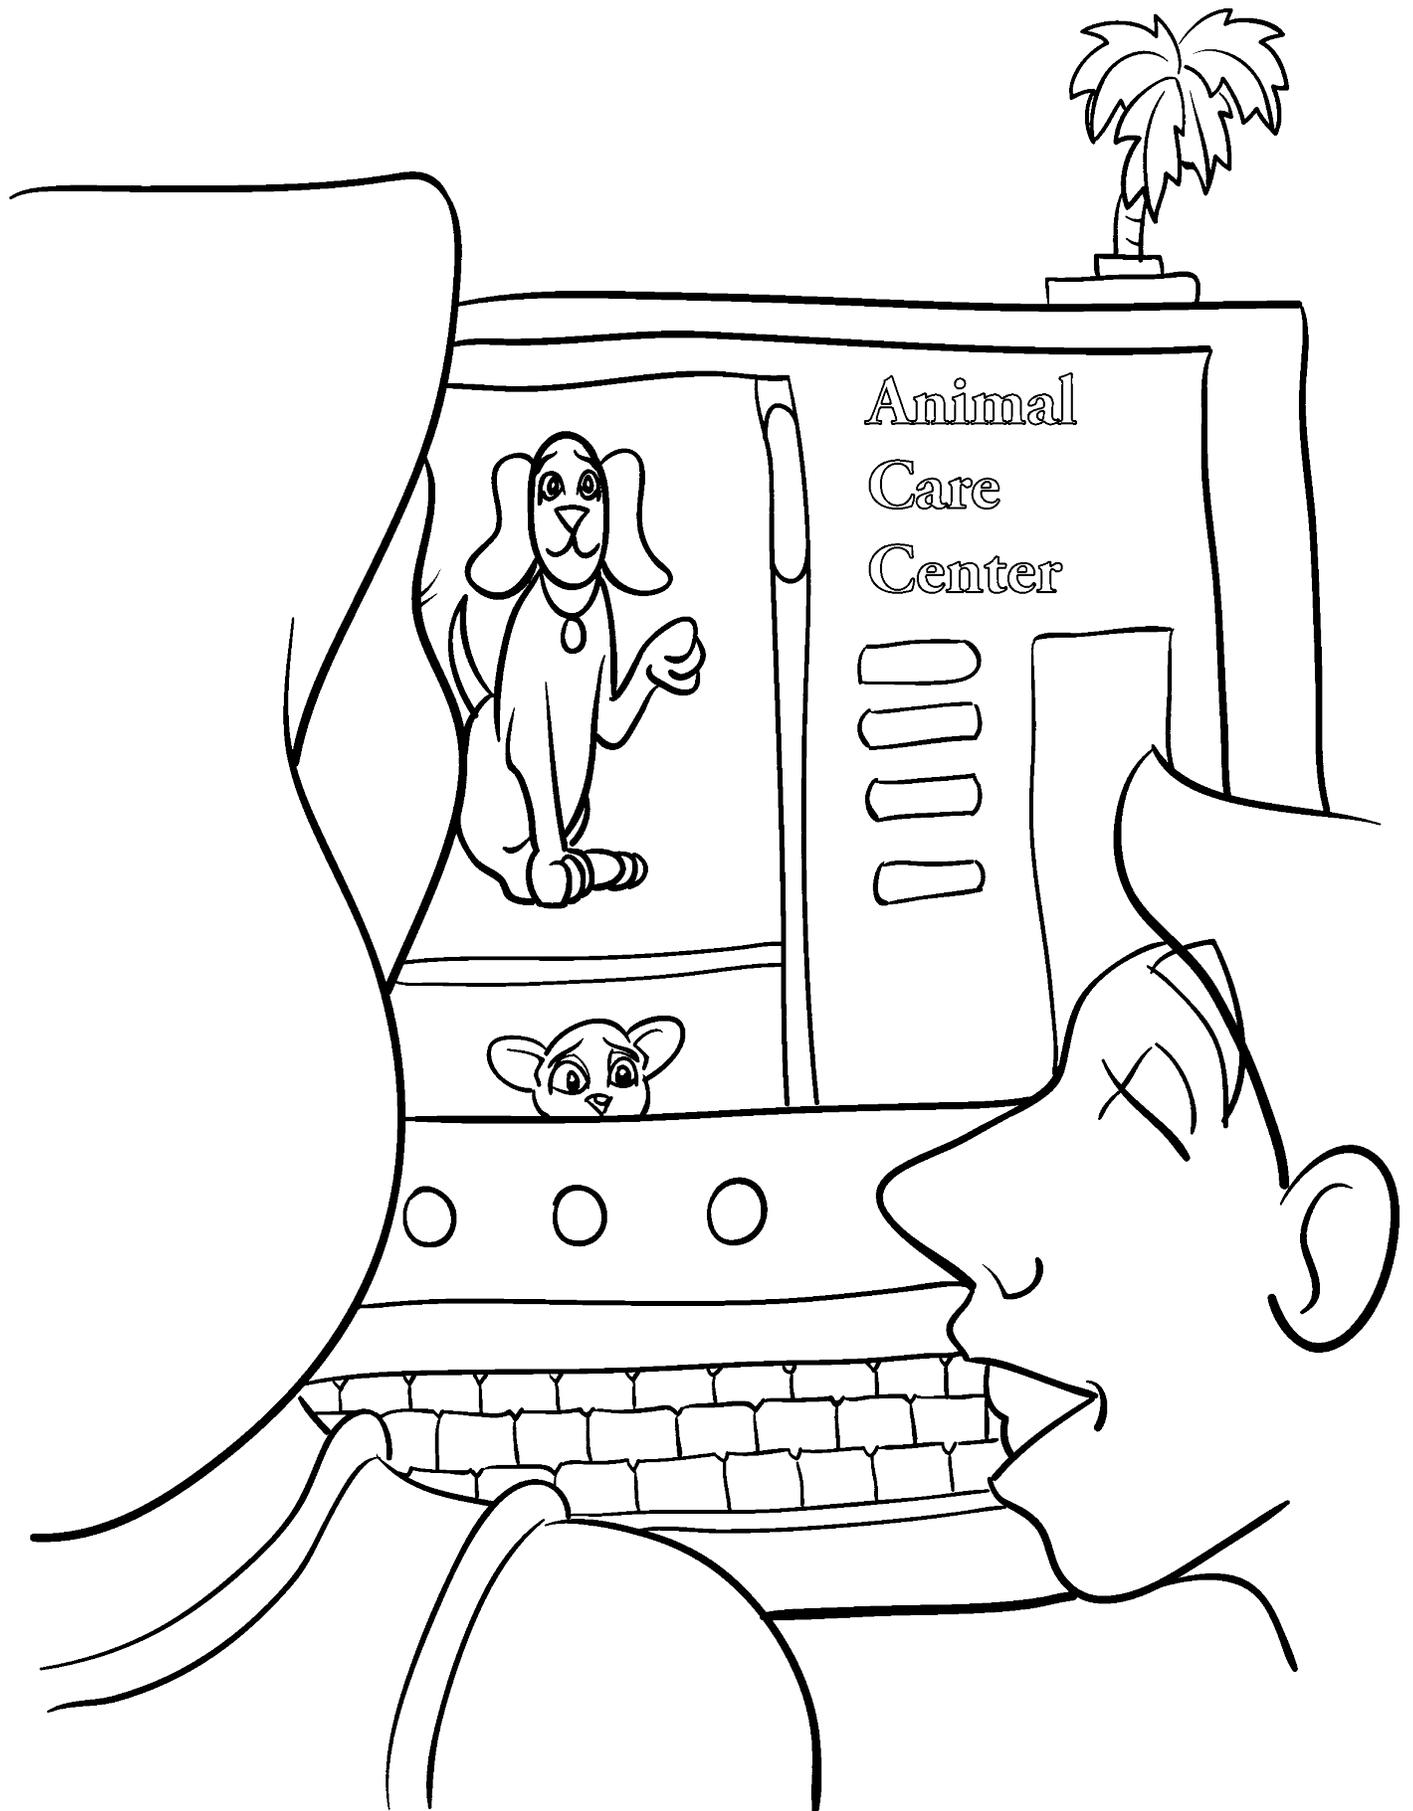

"I'd love a cat but Jill is allergic."

I was thinking a rabbit, but I don't know anything about them and they don't really do anything."

"Well Dad, what if we get an older dog that doesn't need to go out as much and is okay being home alone during the day."

"Well, let's go online to view the available adult dogs Animal Care & Control have for adoption.

"Wow! I didn't realize they had so many animals looking for homes!!"

**"Well let's go to Animal Care & Control and visit with a few dogs and figure out which one is best for our family."**

"Hi, we'd like to see the dogs you have for adoption."

"We'd like to interact with this dog."

"Mom and Dad this is the dog we want, he is so playful!"

"Alright, let's complete the application and get him home."

**Hey Kids!**

**Draw a picture of  
your family pet!**
