SUBJECT: CDB-0008-16 – Design-Build Services – Active and Passive Parks Projects

---

The current expiration for Contract 8150-15, awarded under CDB-0008-16 was September 26, 2021. Proposals received to replace this contract are going thru the approval process to select the #1 ranked firm. Continued Design Build services are needed until the replacement contract is executed. In addition, the maximum indebtedness established for Contract 8150-15 is at $33,000,000. Projects that have been assigned to date have almost reached the current limit and there are a number of additional projects and amendments to current projects that cannot be processed until the upper limit is raised. There is no rate increase associated with this amendment. Acon Construction Co., Inc. is committed to meeting the 10% JSEB participation goals established for this contract.

We therefore recommend that Contract 8150-15, originally executed March 28, 2016, be amended to ratify the dates and extend the expiration date from September 27, 2021 thru December 26, 2021 and to increase the upset limit by $1,500,000.00 to a new limit of $34,500,000.00.

Importance: High

Procurement needs concurrence from you that you're ok extending your current contract an additional 3 months and increasing the limit by another $1,500,000.00. That will change the expiration from 9/26 to 12/26/21 and the upset to $34,500,000.

Please advise ASAP.
