Subject: 1/21 JTC Committee meeting
Date: Friday, January 17, 2025 8:58:21 AM

EXTERNAL EMAIL: This email originated from a non-COJ email address. Do not click any links or open any attachments unless you trust the sender and know the content is safe.

Good morning and Happy Friday!

I hope this email finds you well. I wanted to touch base with you regarding our upcoming JTC meeting.

Due to some internal changes within our organization, Dr. Tice's priorities and workload have shifted for the week of 1/21. As a result, I will be rescheduling our JTC Committee meeting to the following week.

I apologize for any inconvenience this may cause and appreciate your flexibility during this time. I wanted to give you an advanced notice prior to making the change.

If the new day and time do not work for your schedule, we will send out meeting notes to everyone.

If you have any questions or concerns, please reach out to me. Thank you for your understanding and enjoy your day.

Heather Rogers

988 Steering Committee Mtg Agenda 4.15.25.pdf

EXTERNAL EMAIL: This email originated from a non-COJ email address. Do not click any links or open any attachments unless you trust the sender and know the content is safe.

Good Morning 988 Steering Committee,
We are scheduled to convene via Teams for our quarterly meeting Tuesday 4/15/25 at 8:00.

At 988, one way we support is by creating a safe, welcoming space 24/7/365 for community members to discover a new way of relating to uncertainty, making the next step possible in recovery from trauma, SUDs, MH conditions, suicidal intensity, and the pain of living.

“Trust the wait. Embrace uncertainty. Enjoy the beauty of becoming. When nothing is certain, anything is possible.”

-Mandy

Good morning,

Hope this email finds you well today.

I have attached the presentation from Gayle Popp reviewed with us as well as some notes that I took during our meeting on 10/15.

I also wanted to provide an update regarding our task force committee's:

Refrigeration task force- we had our first meeting as of 10/15. We will have monthly meetings moving forward and will provide an update if any in our monthly JTC meeting.
Find Help task force – we have met as a team, received a proposal that we will be reviewing and then provide an update to the JTC meeting when able.
Safety Net Clinics – we have met with our Safety Net Clinics, Kelli and Lynn will provide an update at our next meeting.

If you are interested in joining one of our task force committee's above, we welcome you. Please just send me an email and I will make sure you are added for any future meetings.

I have now changed our JTC series to once a month, 3rd Tuesday from 3-3:45 to allow time for members to complete any action items and provide updates.

I will be scheduling an in person JTC Committee meeting on November 11/13. We will be meeting with our consultants, Jonathan Spector, and Regina Perkins. This meeting will take place at the mayor's office in the Naomi. T. Glover conference room. More details will be added to the meeting invite. We encourage you to attend if your schedule permits.

Please reach out to me if you have any questions. Have a great day!

Good morning team,

Hope everyone is doing well today.

I wanted to send a quick email to ask, if you were in person last Friday for our JTC meeting, and may have taken any notes, please send to me. You can send me pictures of your notes and/or any documents.

I will combine your notes with Kelli's and then send them out to the group, so everyone has the same information.

If you should have any questions, please let me know. Thank you for your help with this and have a great day!

Good Morning 988 Steering Committee,
Sending you and your teams the energy of gratitude as we continue to advance the goals that brought us together in 2021. Thank you to all organizations who have sent representatives to serve on the subcommittees.

Along with minutes from our February subcommittee meetings, attached is, the first guidance document of its kind, published 1/27/25 by the National Emergency Number Association----best practices for collaboration of 911 and 988 in serving callers in a mental health crisis.

Thank You to our subcommittee co-chairs who have stepped up to lead:

988 Access Subcommittee Co-Chairs:
Sarah Sayer, Executive Director, Angel Kids Foundation
Stella Johnson, CEO, Hope Haven

988 Youth Subcommittee Co-Chairs:
Jeanine Hoff, LCSW, Nemours

Victoria Bartow, BRAVE Regional Supervisor, UF Health

988 Crisis Response Subcommittee Co-Chairs:
Emma Hayes, LMHC, Mobile Response Director, St. Augustine Youth Services
Suzanne Mailloux, Executive Director, NAMI Jacksonville

Upcoming Meetings:
988 Steering Committee: 8:00 AM Tuesday April 15, 2025
Access Subcommittee: 9:00 AM Monday March 10, 2025
Youth Subcommittee: 11:00 AM Monday March 10, 2025
Crisis Response Subcommittee: 9:00 AM Tuesday March 11, 2025 and 9:00 AM Tuesday April 8, 2025

Have a great week and remember to take a moment for you.

Warm Regards,

Hannah Hackworth, LCSW, MBA

Good Evening 988 Steering Committee,
Happy New Year. It is going to be a powerful year for us as we move forward together to ensure that all members of our community in crisis have a warm, welcoming experience at every stop along our crisis care continuum.

"If you lose hope, you lose the vitality that keeps life moving, you lose that courage to be, that quality that helps you go on in spite of it all. And so today I still have a dream."

-Dr. Martin Luther King, Jr.

At its essence, crisis work is about being present and creating a welcoming space where others can rediscover the light of hope that is within each of us, that carries us through the darkness to expanded awareness.

I'm looking forward to seeing you on Tuesday at 8:00 AM via Teams for our first convening of the year. Attached you will find our 1/21/25 agenda and notes for our 988 December Subcommittee meetings, drafted with the assistance of ReadAI.

Dear Community Health Partners,

As 2024 draws to a close, we want to take a moment to thank you for the invaluable role you've played in addressing the critical health needs of our Jacksonville community. Your dedication has made a profound impact in areas such as improving access to primary care, expanding pediatric and adult mental health services, reducing infant mortality, training community health workers, addressing elderly food insecurity, tackling social determinants of health, increasing access to insurance for those in need, and so much more.

At the heart of our work, we share core values that guide and inspire our efforts:

- **Equity** – Ensuring every individual, regardless of circumstance, has the opportunity to live a healthy and fulfilling life.
- **Collaboration** – Recognizing that it takes a unified approach to build lasting solutions.
- **Compassion** – Putting the well-being of people first, always.
- **Innovation** – Embracing creative strategies to meet the evolving needs of our community.

Your daily commitment to these values directly benefits families navigating barriers to care, children and seniors seeking support, and countless individuals striving for better health and well-being. Because of you, our community is stronger, healthier, and more resilient.

As we celebrate this season of gratitude, we wish you and your loved ones a joyful holiday season and a New Year filled with health, happiness and success. We are energized by the possibilities that 2025 holds.

We hope to continue this incredible journey with you!

With deepest appreciation and warm regards,

Sunil and Lynn

Good afternoon,

We are looking forward to your visit of Mayo Clinic's Advanced Care at Home program tomorrow, 01/09. We are located in the Vincent Stabile North building. The best way to get there is to turn onto WM Davis Pkwy from San Pablo and then make a left onto Mellish DR. Once you reach the first four-way intersection, make a left and you will find the visitor parking.

Should you need further assistance with direction or locating the building, please don't hesitate to contact me directly at 407-421-3743!

Thank you,

Thomas Brino

Good morning JTC members,

I would like to invite you to this event on February 10th to meet our agency partners (Pantries and Food Distributors) all in one room. If you have services or resources that you would like to share with them, please plan to attend. The meeting will be a networking event as well as an opportunity to hear from them about how we (FNEFL) can better serve them. We will also be asking them to share what they are hearing from those they serve. If you are able to attend, please reach out directly to me and also register here -Agency Partner Breakfast - Feeding Northeast Florida. Have a great weekend!

Best regards.

Laureen

Good afternoon,

Hope this email finds you well.

I realized today after putting our deck together for next week, that I sent the December notes to only Lynn and Dr. Tice. I wanted to be sure you have received them prior to our next meeting, 1/21.

Going forward you will have the meeting notes by end of the week of the meeting taking place.

Please review and let me know if you have any questions. Thank you and have a good day!

Hey Phil & Heather,
I've attached a press release for your review. This is from AmeriPro who will be facilitating community health screenings this month where they can connect patients to Healthlink JAX. They'd like to send this to Jacksonville media and we offered to assist in that effort.

If there are any further edits you'd like to make, please do so and return to me at your earliest convenience. If you have any questions, don't hesitate to ask.

Thank you for any feedback you can provide.

Subject: Ark Sober Living - Healthlink JAX Information Session
Date: Sunday, April 13, 2025 4:37:00 PM
Attachments: image002.png

Hi Erin and Paul,

Ark Sober Living of Ark Transition Homes, LLC's director, Ronald Coleman has about 25 residences who he would like introduced to health link JAX. Florida Blue attends their House Meetings, but many can't afford it. He heard about HLJ and would like an in- person information session. They have frequent "House Meetings" on Tuesdays where all residents are required to be present.

Will you contact him to let him know if someone can attend a meeting?

Full disclosure…the director is my older brother. I'm copying him on this email.

Thanks, and let me know if you have any questions for me. Otherwise, I will leave it to you to contact him.

Kind regards,

Lynn

Hi Heather,

Here are the summaries from Cantrece's team on their outreach. I'm trying to get a meeting with her to discuss the 3rd month of outreach but also to get more details on canvassing efforts, libraries they went to along with updates on community contacts that she was working on to get the word out about HLJ. Waiting to see what that yields.

Good morning Angela.
Thank you for the nudge on LinkedIn. I would love to catch up and talk about the work you are doing and how the Healthlink JAX program can be a resource for the farmers and farm workers that you are interacting with. As I told you it is a free virtual care navigation and physician service for any uninsured residents of Duval county. I have attached a couple of flyers in both English and Spanish, feel free to share.

I am available Thursday morning around 9:00 or between 11:30 and 1.
I can also meet Monday the 4th between 11:00-1:00
Friday the 8th between 10:00-12:00

I might be able to find a few other times if you want to meet virtually,

I look forward to catching up.

Hi Lynn and Sunil,

Hope all is well! The City of Detroit (Fire Chief, Chief Medical Officer and staffer's from the Mayor's Office) is looking at coming to Jacksonville on Tuesday, April 29th to learn more about Healthlink JAX. I will be putting together a run of show but wanted to see what times you have open that day.

The potential ROS would be having them over at Dalton to discuss the marketing of the program and then go over to City Hall to meet with you. From there we would look at taking their team to Baptist to highlight the health system partnership with the city.

Let me know what your schedule looks like that day and I'll start to build the day out.

Thanks!

Dear Community Health Partners,

Can you believe we have already completed the **1st quarter of 2025**?

We are requesting your quarterly reports that will cover your program outcomes for **January, February, and March**.

This is budget season for the City of Jacksonville, so it is vital that we receive your report **no later than Wednesday, April 23, 2025**. These are still the areas we need you to address, along with random examples to help guide your responses:

1. Statistical Data and Number of People Served
2. Improvement in Quality of Life
3. Anticipated Needs
4. Lessons Learned
5. Program Evolution and Support Needed

Remember, the Submission Deadline is Wednesday, April 23, 2025.

Please don't hesitate to reach out if you have any questions or need clarification on anything. We look forward to reding your quarterly report.

Thank you so much for all you do to keep the citizens of Jacksonville healthy!

Kind regards,

Lynn and Sunil

Subject:	Community Health Partners" 2nd Quarter Report
Date:	Friday, January 10, 2025 10:58:00 AM
Attachments:	image001.png

Dear Community Health Partners,

Happy New Year! We hope you are off to a great start.

We have arrived at the end of the 2nd quarter of your funding period, we are requesting your report on the outcomes of your program activities for October, November, and December.
This report is vital for us to assess the progress and impact of the grant and understand how we can support your work moving forward. Below are the key areas we would like you to address, along with random examples to help guide your responses:

1. **Statistical Data and Number of People Served:**

- We'd love to see any available data showing the reach of your program. This could include the number of people you've served, demographic details, or other metrics that reflect the scale of your efforts.

- ***Example:*** "Over the past quarter, we provided health services to 500 individuals, 60% of whom were uninsured. Our health clinic also provided 100 social determinants of health services such as transportation, food, etc. We reached three new areas in Duval where access to healthcare services has been historically limited."

2. **Improvement in Quality of Life:**

- This section is key for us to understand how your program has made a meaningful difference. Please share specific examples or measurable improvements that highlight how the lives of those you serve have improved. This could include health outcomes, emotional well-being, or increased access to resources.

- ***Example:*** "Since launching our diabetes management workshops, 75% of participants reported improved blood sugar control within three months, and 90% stated that they now feel more confident managing their condition. These improvements have led to reduced emergency room visits and overall better health outcomes."

3. **Anticipated Needs:**

- We recognize that the needs of the community are dynamic and may change over time. Please share any shifts in needs that you have observed and what you anticipate will be necessary for the next phase of your program.

- ***Example:*** "We've noticed an increase in mental health concerns, particularly among younger individuals, as more people are reporting anxiety and depression related to financial instability and chronic health issues. We anticipate a growing need for mental health counseling services in the upcoming quarter."

4. **Lessons Learned:**

- Reflecting on the past quarter, we would love to hear about any key takeaways or lessons your team has gained. What approaches have worked well, and where have you encountered challenges? How have these insights shaped your thinking about the program moving forward?

- ***Example:*** "Initially, our community health workshops were not attracting as many participants as we had hoped. After collaborating with local churches and community leaders to spread the word, attendance has tripled, showing us the power of grassroots outreach. We've also learned the importance of providing childcare during sessions, which has made it easier for parents to attend."

5. **Program Evolution and Support Needed:**

- As you look toward the future, how do you see your program evolving to meet emerging challenges or opportunities? We are committed to helping you grow, so if there are resources, training, or additional support that could facilitate this evolution, please let us know.

- ***Example:*** "To address the mental health needs we've identified, we plan to introduce a telehealth component for remote counseling sessions. However, we will need additional funding to invest in the necessary technology and train staff on virtual care platforms. Expanding our staff to include bilingual counselors would also help us reach non-English-speaking populations more effectively."

For some of you, we reached out after you submitted your report to ask for additional details because of the uniqueness of what you do. Please include those details in this report.

Submission Deadline:

Please submit your report by **Friday, January 31st,** so that we can provide a report to the Mayor in a timely manner.

Please don't hesitate to reach out if you have any questions or need clarification on any of these points. We are here to support you and ensure that you have everything you need to continue making a lasting impact.

We look forward to reading about the amazing progress you've made and how we can work together to continue this important work!

Thank you so much for all you do!

Sincerely,

Sunil Joshi, MD and Lynn Sherman

Happy New Year Paul!!!

Thanks for the invite to UNF program. That is going to be SOO fun!

I wanted to share with you this info. As you maybe aware Google has a software known as Gemini. It is very helpful to nonprofits who are writing for funding and such. I wanted to make sure you had this and may want to share it with the organizations you work with.

Hi Jose,

I hope you are doing well. Last week I presented the COJ Health Programs to the Leadership Jacksonville cohort. There were a few members of the class who work for DCPS who asked for connections to folks helping us run Healthlink Jax.

I have included Erin Harris, Paul Sapia and Matt Thompson on this email. They are with Telescope Health, our private partner in Healthlink Jax.

This connection should be valuable in DCPS' efforts to help families improve access to health care in Duval County.

Let me know if you have any questions!

Sunil

Good afternoon Sunil
Here is the draft of the letter. Please feel free to make any edits. Once you are good with it, can you please sign it? It would be best to have it on COJ letterhead as well.
Let us know if you have any questions.

Thank you

Hey Phil & Heather,
I'm assuming you're aware but just wanted to get us all on the same page – Dr. Joshi and Telescope Health's Chief Population Health Officer Paul Sapia will be on First Coast Connect on Monday to discuss Healthlink JAX. Al Emerick will be filling in for Anne Schindler on the episode and it sounds like the producers had a direct line to Dr. Joshi to schedule his involvement.

They'd like to make this a little longer of an interview, so I've drafted a potential run of show. If you have any questions before Monday's interview, please let me know.

Thank you,

chris obarski

Good Afternoon Partners,

We are hosting another event on March 8th at our warehouse that I wanted to share with you. The Duval County Food Summit will be a **free** conference style event that presents the opportunity to hear and interact with experts in Senior Hunger, Childhood Nutrition, Urban Agriculture, and Food Policy. We want to invite you all to come and join us to make sure that food charity is represented in the conversation! We also want to invite the people that we serve so I've included that flyer that you can share out with your networks. There will be breakfast and lunch provided and several organizations will be sharing information on the services that they provide.

Please reach out to me if you have any questions or thoughts on the event!

Please register here: https://www.eventbrite.com/e/seeds-of-change-planting-the-future-of-food-in-duval-county-tickets-1223795397979?aff=oddtdtcreator

I look forward to seeing you there,
Colman

Hi Greg,

I hope this message finds you doing well. As the leader of Jacksonville's Small and Emerging Businesses (JSEB), I thought this would be a City initiative that you would want your members to know about.

You may be aware that Mayor Deegan's health team initiated a telehealth emergency room diversion initiative that allows uninsured people to talk directly to a doctor instead of going to the emergency room for an issue that can be treated in a doctor's office. The program also assists them with connecting to a Federally Qualified Health Center that will provide ongoing primary care for employed but uninsured people. Since it began in October 2024, this program has saved local taxpayers 1.4 million dollars.

We want to introduce and connect this program to local small businesses for employees not covered by insurance through their employers. Can you assist us with making them aware of this opportunity for healthcare for their employees?

We would like the opportunity to get in front of them if possible. If not, figure out a way to share the attached collateral. I have attached collateral used to explain the program.

I have copied Erin Harris on this email, who works with Telescope Health. She can help you with how to best offer this opportunity to your small business leaders.

Erin and I look forward to learning your thoughts on this possibility.

Kind regards,

Lynn

Hi Lauren,

Hope this week is treating you well. We would love to update the locations on the Healthlink JAX landing page tomorrow afternoon as we will not be going to JASMYN in April. Edits to the locations already on the page are in red and we are adding the "Family Fun Day as well. Let me know if you have any questions. Thanks!

Gateway to Heaven

Gateway to Heaven Christian Church offers a clothes closet and food pantry serving the Jacksonville community.

Hours: 1st and 3rd Saturday of the month from 8:30am to 12pm
Location: 929 Peninsular Place, Jacksonville
Services: Preventative health checks with an EMT during food pantry distribution.

Mount Olive Primitive Baptist Church

Mount Olive Primitive Baptist Church Food Pantry serves the Jacksonville community by providing essential groceries to those in need.

Hours: 2nd Thursday of the month from 10:30am to 1:30pm
Location: 1319 Myrtle Ave N, Jacksonville, FL 32209
Services: Preventative health checks with an EMT during food pantry distribution.

Family Fun Day presented by Duval County Public Schools

Free community resources for the whole family as we work to improve health outcomes for all Jacksonville residents through culture, community, and connection. Presented by the Duval County Public Schools

Hours: Saturday, April 12th from 10am to 12pm
Location: Englewood Elementary School (4359 Spring Park Rd. Jacksonville, FL 32207)
Services: Preventative health checks with an EMT during the community resource fair.

Hi Lynn,

I will be working on compiling the list of pastors that you and Paul would like to invite to the lunch on November 12th. I plan to send this list to Munz to see if there is anyone from his network that should receive an invite. Would you mind sending me your list on Monday when you get a chance?

I'll also have Sydney send over the invite image for your approval as well.

Thanks!

Hi Lynn and Cantrece,

Here is the list from Paul of his contacts in faith community that he would like to invite to the lunch on Tuesday, November 12th at Seasons 52. I would love to include leaders that you feel would help spread the word of Healthlink JAX to their community. After I have the full list tomorrow I'll send it over to Michael and the Dalton agency to see if they have any additions. Thanks so much!

Hi Lynn,

Hope all is going well for you today. Wanted to give a quick update as to where we are with the Faith Leader Lunch on Tuesday, November 12th:

RSVP/Attendee List

RSVP List

	Name	Church
2	Paul Sapia	
3	Erin Harris	
4	Lynn Sherman	
5	Bishop Dinkins	
6	Pastor Amos McPhee	Hope Of Glory COGIC
7	Rev. Dr. Chris McKee	First Baptist of Oakland
8	Minister Owens	First Baptist of Oakland
9	Lillian Brown	Philippian Community Church
10	Deborah Brabham	Philippian Community Church
11	Minister Stanley Barnes	Legacy Ministries
12	Pastor Mack Harris	House Of Faith COGIC
13	Guest	House Of Faith COGIC
14	Pastor Amos McPhee	Hope Of Glory COGIC
15	Pastor Walter Johnson	Gateway to Heaven Christian Church
16	Dr. Fudge	Greater Dimensions Ministry
17	Pastor Gundy	Mt. Sinai Missionary Baptist
18	Waynet Gundy	Mt. Sinai Missionary Baptist
19	Pastor Issac Mccullugh	Mt. Sinai Missionary Baptist
20	Glenda Mccullugh	Mt. Sinai Missionary Baptist

I am waiting to hear back from the following if someone from their leadership can attend:

- Shiloh Baptist
- Impact Church
- Potter's House
- Greater Refuge Temple
- Arlington Church of Christ

We are waiting to hear from Bethel Baptist, would you mind asking Bill Adams if anyone could attend?

Here is a list of ones we just haven't been able to get anyone. If you happen to know any of them that may want to attend we would love to have them. Looking to get everyone's RSVP's by this Friday. Thanks!

Cannot reach by email or phone messages:

Church	Contact
Central Baptist Institutional Church	Rev. Dr. Karl L. Hodges Sr

Good afternoon,

I have attached the notes from our Find Help task force that took place on 10/16, please accept my apologies getting them out so late.

We would like to schedule another session with this group to discuss further steps and review the Find Help proposal that has been sent.

Please let me know if you are available below for a follow up meeting:

	11/7: 3-3:30	11/8: 3-3:45	11/14: 10-11	11/18: 9-11
Kelli Tice	Yes	Yes	Yes	Yes
Coretta Hill				
Paul Sapia				
Jessie Roush				
Paula Bides				
Lynn Sherman				
Lisa Moore				

Once I hear from you, I will schedule. Thank you for your help and have a great day!

Good afternoon team,

Hope everyone is well today.

We met with different Healthcare organizations on 3/6 regarding the FindHelp platform and how they are using them today.

Please review the above notes and let us tomorrow in our JTC Health workgroup if you have any questions.

Thank you and have a good day!

Good Morning Partners,

Thank you all so much for coming and joining us at our warehouse and making it a great event! And thank you to our amazing panelists who shared some amazing resources. Attached are resources shared by our panelists. Paul Sapia, Chief Population Officer with Telescope Health has provided info on Healthlink JAX.

Additionally, Lynn Sherman, Executive Director of Health Programs, City of Jacksonville has shared some fliers regarding Mental Health First Aid and 988. You can reach the program coordinators for each program in Jacksonville here:

Mental Health First Aid:

Mary Kelley Lancaster, RCSWI
Program Manager (she/her) **M:** 904-316-2626 **E:** mary@talkablecommunities.org

988 Director
Hannah Hackworth, LCSW, MBA
Crisis & 988 Director
United Way of Northeast Florida

Office: (904) 314-7414
Email: hannahh@uwnefl.org

Finally, below is a message from Jessie Roush, VP of Health Strategies, American Heart Association regarding how to reach out for resources through them:

"The First Coast American Heart Association is addressing nutrition insecurity with our pantries in Baker, Clay, Duval, Nassau and St. John's counties. When possible we donate commercial refrigeration and other pantry equipment to support pantries' capacity to store and provide the healthier food options. We also work with pantries to set up small blood pressure hubs so that clients have increased access to blood pressure screening and free healthcare resources for our local safety net clinics through JaxCareConnect. Additionally, we can also work with pantries to provide health education via our local healthcare partners and their providers.

We are currently looking to support faith-based organizations, as well as community centers within Duval's Health Zone One (32202, 32204, 32206, 32208, 32209, and 32254), and our more rural communities in Nassau, Baker, and Clay counties to address historic CPR and cardiac arrest survival disparities amongst our communities of color, and our low-income and rural community members. If your organization is in need of AED/CPR certification support, or pantry support please reach out to Jessie Roush, Vice President of Health Strategies, at jessie.roush@heart.org. Even if your organization does not fall into one of the aforementioned categories it may be possible for us to support you."

Once again, thank you to all our partners for coming and starting their week with us and sharing all your feedback! For those that have signed up for the Partner Advisory Council, I will be reaching out to you on a county by county basis shortly to organize an initial call. If you would like to be included in those calls, please email me with your name, organization, and county!

Have a great week,
Colman

Good morning JTC members,

I would like to invite you to this event on February 10th to meet our agency partners (Pantries and Food Distributors) all in one room. If you have services or resources that you would like to share with them, please plan to attend. The meeting will be a networking event as well as an opportunity to hear from them about how we (FNEFL) can better serve them. We will also be asking them to share what they are hearing from those they serve. If you are able to attend, please reach out directly to me and also register here -Agency Partner Breakfast - Feeding Northeast Florida. Have a great weekend!

Best regards.

Karen –

It's been a long time since I have run into to you, but I sure keep up with you and thrilled with all your success.

I read about HealthLink Jax and wondered if they might be interested in an offering we have for uninsured people who need blood work. They can go to the Medical Express site and order low price blood work. The cost included the doctor's order and the collection site cost. We do this for many of the doctors in Jacksonville who have patients with no insurance or high deductibles.

If you think there might be an interest, please let me know.

Good afternoon Lynn and Sunil
Here are our numbers from the first few months of the Healthlink JAX program. We are still building out a few additional things to track that will give us even more insight into the types of patients, time of day and various diagnosis. Please take a look at what Jonathan sent and let us know if there is anything else you would like to add or if the format is what you are looking for.

Thank you so much for all of your support and the partnership to make this successful.

Have a great weekend.

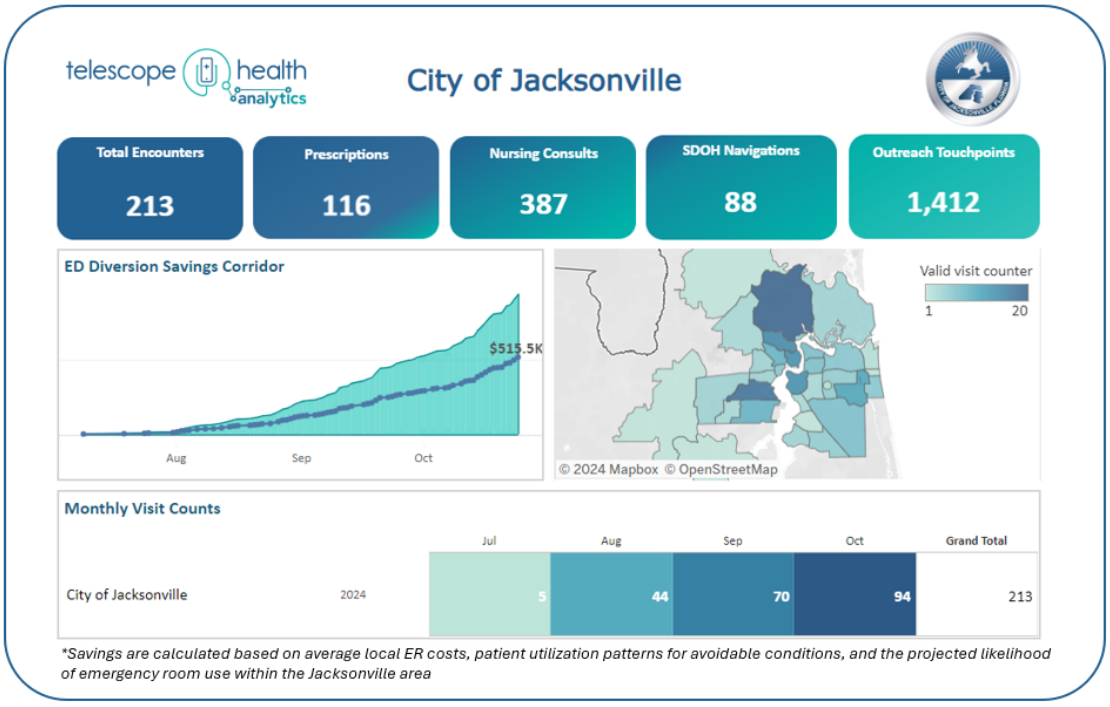
Good afternoon,

We've compiled some initial insights for the City regarding our ongoing efforts and patient interactions. While we're still fine-tuning certain aspects—like time of day patterns, NPS tracking, and visit reason groupings—this report offers an initial overview.

Data definitions:

- *Encounter = Physician virtual visits with patients*
- *Nursing Consults = Nursing-led sessions focused on care coordination and support*
- *SDOH Navigations = Patients identified and assisted with one or more SDOH-related needs*
- *Outreach Touchpoints = Outreach efforts with patients shared by partner health systems*



Let me know if you have any questions.

Thank you,

Jonathan Crist, MHA

Great to see you both this morning and congratulations to the entire team on the success of the PATH outreach team!

Please allow me to e-introduce you to Erin Harris and Paul Sapia - providers of the city's Healthlink JAX program.
This is the program I mentioned this morning. It's perfect for folks who are uninsured (homeless or folks JFRD encounters) that do not necessarily need to go to the ER. This program has already saved the city $1 million and the more folks know about it, the more money can be saved.

Paul and Erin, I'll leave it to the two of you to take it from here. As always, if there is anything I can do, please let me know.

Subject: Healthlink JAX Landing Page- Preventative Health Checks

Hi Lauren,

Hope this week is treating you well. For the "Important Dates" section on the Healthlink JAX landing page can you please place the following information in that section:

_____

These community locations are offering **preventative health checks** provided by EMTs in partnership with our virtual doctors. Services will be available through the end of December. See below for dates and locations:

- **The Daily Manna**
  - The Daily Manna is a non-profit food pantry serving the Jacksonville community.
  - **Hours**: Thursdays, 9am to 11am
  - **Location**: 2669 Edison Ave, Jacksonville
  - **Services**: Preventative health checks with an EMT during food pantry distribution.

- **JASMYN**
  - JASMYN supports LGBTIA+ youth in Duval County with resources and a safe space.
  - **Clinic Hours**: Every Wednesday, 12pm to 4pm
  - **Location**: 929 Peninsular Place, Jacksonville
  - **Services**: Preventative health checks by EMTs, open to all in a welcoming clinic setting.

_____

Thanks again for the help! Towards the end of December I'll send over the new locations for you to post.

Hi Lynn,

Hope your Friday is going well! We are looking at launching our media campaign for Healthlink JAX and the Dalton team needs assistance in linking the Google Ads account to the HLJ landing page. I've left messages for Lauren and Sherry but I think they might be out of town. What do you recommend? Any guidance you can give would be greatly appreciated.

Thanks!

Subject: Re: Healthlink Jax Website - Google Ads Account Access Needed

Hi all,

@McGuire, Sherry - TS just wanted to follow up on my note below!

As a part of our Healthlink Jax campaign, our team requires access to the Google Ads account linked to the Healthlink Jax website to set up proper optimizations and tracking for reporting. The campaign is set to go live early next week, so if you could help grant access to the below email addresses **before EOD tomorrow 3/28**, that would be great.

- skremp@daltonagency.com
- Daltonagencyanalytics@gmail.com

Thank you!

Hi Lauren,

Happy Tuesday! My name is Jamie, account manager at Dalton, where we're working with Erin and the Telescope Health team on the upcoming Healthlink Jax paid media campaign.

As a part of the campaign, our team requires access to the Google Ads account linked to the Healthlink Jax website to set up proper optimizations and tracking for reporting. The campaign is set to go live early next week, so if you could help grant access to the below email addresses this afternoon/tomorrow morning, that would be great.

- skremp@daltonagency.com
- Daltonagencyanalytics@gmail.com

Erin let us know we could reach out to you for assistance, but please let me know if you have any questions on the above.
Thank you!

Hi Sonya,

It was great chatting with you about Healthlink JAX! I truly appreciate your willingness to help us bring this important program to your part-time staffers.

To recap the program:

Healthlink JAX, is a new initiative from the City of Jacksonville, offering uninsured Duval residents' **FREE** access to on-demand virtual doctor visits. The service is available 24/7, providing medical care, prescription refills, and connections to free local clinic resources. This saves our uninsured residents the time and money that going to an ER would entail, which many feel is their only option for care.

The services can be used by the entire family, and we offer translation services for over 240 languages.

I've attached one of our collateral pieces and here is a link to the City of Jacksonville website that has additional social media pieces: www.healthlinkjax.com

You mentioned your "Hot Schedules" messaging, one write-up some of our partners have put out for those types of systems is the below:

> ***If you're uninsured and need care, contact Healthlink JAX.***

*This free, 24/7 service connects Duval County residents without health insurance to doctors via video call. Our doctors and care navigators are available to answer questions, treat illnesses, refill prescriptions, and guide patients to free clinic resources. Call **904-925-CARE (2273)** to get started.*

Looking forward to working together to make sure this program reaches those who need it most. If you need any physical collateral, posters or postcards please let me know, would be happy to supply. Happy to run thru the program on Zoom with anyone on your team that would like to dive deeper into it.

Talk soon and stay warm,

Erin

Hi Paul and Erin,

Just sharing this in case you are interested in having a booth See below for details.

I will be sending you another opportunity soon for April 19, so hold the date. A minority health fair primarily Hispanic at UNF. She is modifying the flyer now.
This event was very popular among the Hispanic community before 2020 and they are working on breathing life back into it.
They will bus people to UNF's Adam Herbert Conference Center.

Kind regards,

Lynn

Join Us Again for an Even Better Wellness Event!

Hello,

We would like to formally invite you to Firsthand's 2nd Annual Wellness Fest. We believe that a mobile cancer screening presence would be beneficial for community awareness. Our inaugural event had such a fantastic turnout and the incredible community connections we built, we're excited to announce our second annual wellness event!

Save the Date: April 12, 2025 10 AM - 2 PM Location: Riverside Park

We would be thrilled to have you join us again this year. Your presence made a huge impact, and we'd love to see you back!

We've taken all the valuable feedback from last year to heart and made some fantastic improvements:

- **Effortless Setup:** Volunteers will be on hand to help with setup and breakdown, making it easier for you.
- **Flexible Booth Spaces:** Set up upon arrival on a first-come, first-served basis for added convenience.

We're creating a dynamic marketing flyer for the community and would love to feature your logo and information. Please send them over as soon as possible to ensure you're included!

Remember, registration, participation, and admission are entirely **free of charge.** Please note that no alcohol or sales of any kind are permitted. You are more than welcome to invite additional organizations by sharing the vendor flyer. You are able to find **link to registration** here**.**

If you have any questions or concerns, don't hesitate to reach out. Thank you, and we look forward to seeing you at this year's event!

Hi Bill,

It was great to catch up with you today and provide those postcards on Healthlink JAX. I really appreciate all that you do for the community. I wanted to mention, we are having a faith leader lunch coming up on November 12th at Seasons 52. Lynn provided a list of faith leaders to invite including Bishop McKissick which we sent out yesterday.

If you or any other leaders from Bethel would like to come to hear about Healthlink JAX and how this could help uninsured members of the congregation, I would love to have them. Let me know if there is anyone I can outreach and invite.

Thank you again!

Dear Bishop McKissick,

We are excited to invite you to join us for lunch to learn about an impactful initiative that could serve the **healthcare needs of your uninsured congregants** and surrounding community.

In partnership with the **City of Jacksonville,** Healthlink JAX offers **24/7 healthcare access for uninsured residents** in our city. Our team of dedicated doctors and care navigators is available at all hours to provide answers, treat illnesses, refill prescriptions, or perform preventive checkups—for **FREE** to those who need it most.

This is more than healthcare; it's about creating a healthier, stronger Jacksonville. **At this lunch event, we'll share how you and your congregation can access these resources, ask questions, and explore ways we can support the well-being of those in your community.**

Healthlink JAX Faith Leader Lunch

- Date: Tuesday, November 12th
- Time: 12:00pm
- Location: Seasons 52- 5096 Big Island Drive, Jacksonville

Please RSVP by November 7th to Erin Harris (904-756-2717 text/call) to ensure we reserve your seat. We're honored to have the chance to partner with you in making a difference and look forward to the opportunity to work together for the well-being of our community.

RSVP to Erin Harris by Thursday, **November 7**

February 2025

The latest news and insights about hot topics, collaborations, events and resources for our national network.

CEO INSIGHTS

We are three weeks into the new administration, and

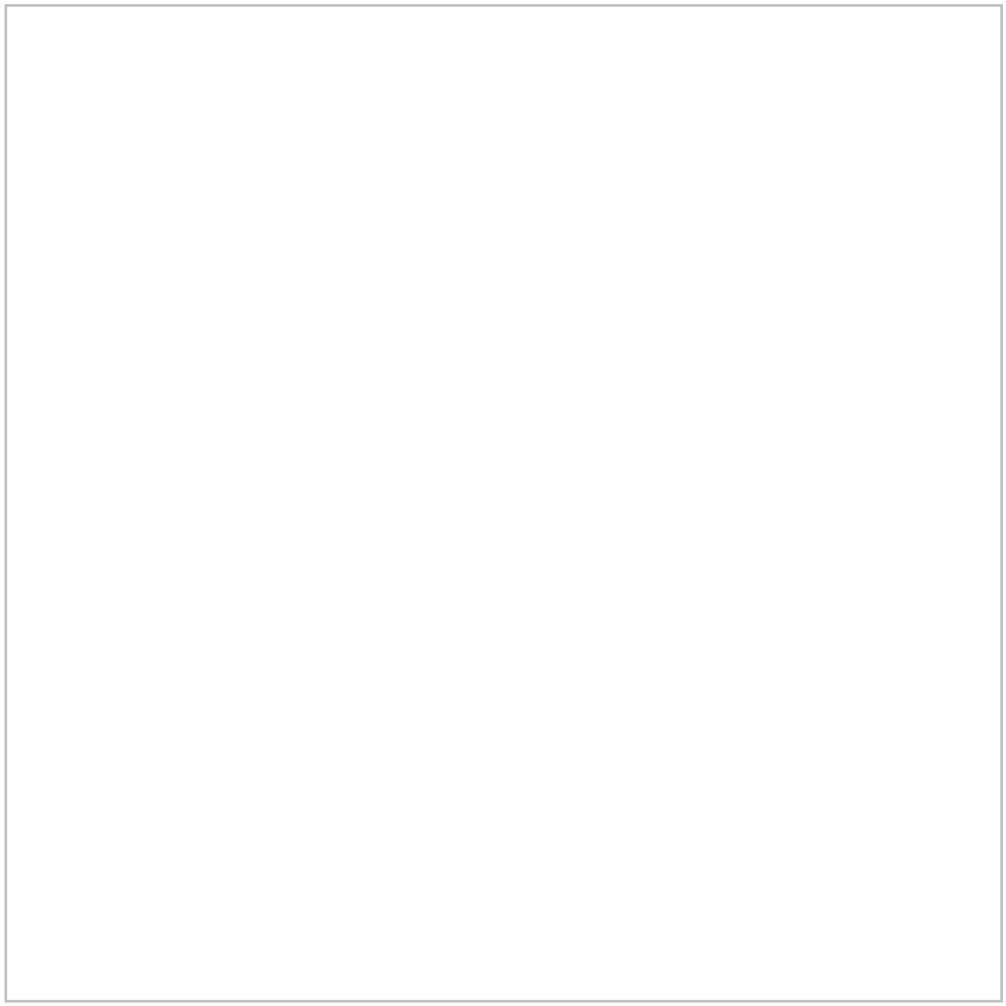
as most of you have shared, there is a lot going on. Our job at LSA is to focus on the facts, separate the wheat from the chaff, and work directly with you—our members—to set the tone and lead the way. This issue highlights the many ways we are working together in faith and partnership.

— Alesia Frerichs, President & CEO

Highlights from this issue:

- The federal funding freeze
- Threats to Medicaid in 2025
- Capitol Conversations webinar on Medicaid funding

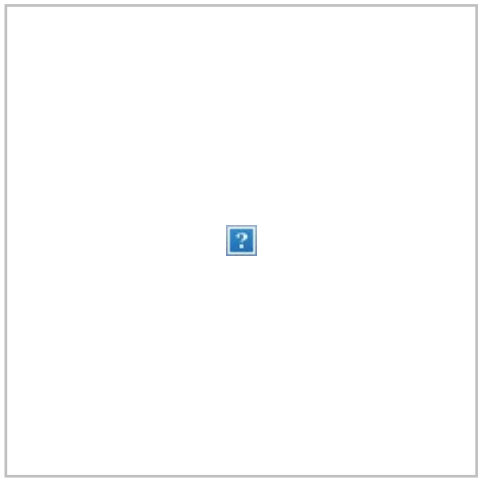
LEADING TOGETHER



Our Network Unites at CEO Summit

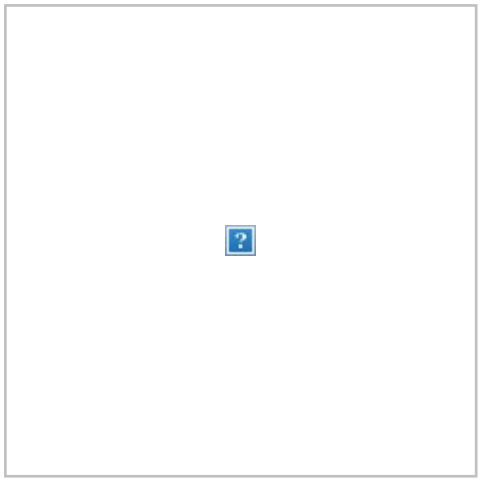
This year's CEO Summit was an inspiring gathering where ideas ignited, partnerships flourished, and friendships deepened. Our goal is always to create a program with unique, high-impact content, and this year was no exception. Over two and a half days, we didn't just discuss today's challenges—we explored the possibilities of tomorrow. And we did it together—united by our shared faith tradition of service. For a full list of resources, please contact Kim Roque.

VIEW FROM THE HILL



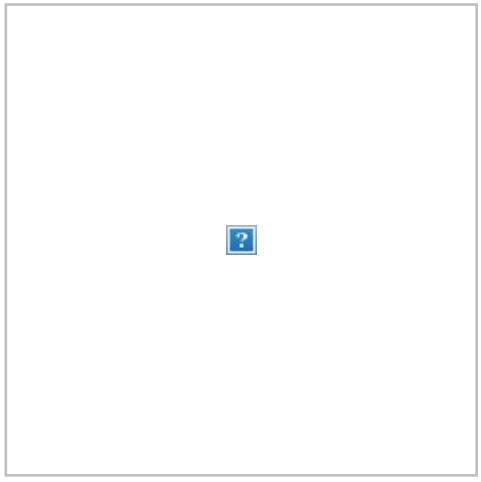
Update: Federal Funding Freeze

Federal funding disruptions continue despite legal challenges. Lutheran Services in America is monitoring the situation and advocating for uninterrupted social services while supporting impacted organizations.

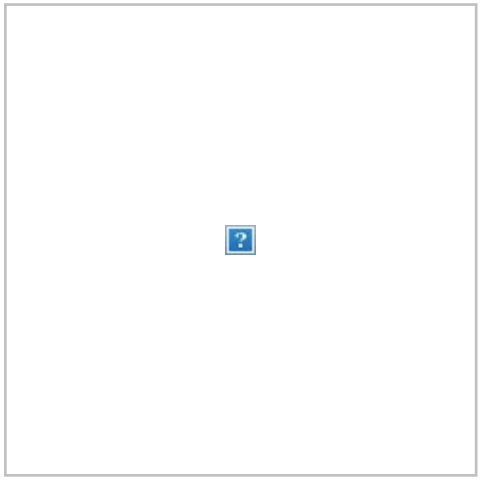


New Americans and the Lutheran Response

Lutheran social ministries responded swiftly to false claims about our legitimacy, and mobilized support, and emphasized our vital role in strengthening communities despite ongoing challenges.



Medicaid at Risk: Take



Leadership of Key

Action to Prevent Cuts

Congress is considering cuts and caps to Medicaid that risk exacerbating health challenges in communities nationwide. Join us in urging lawmakers to protect this vital program.

Congressional Committees Finalized

Republicans have finalized leadership positions on key committees that oversee healthcare, workforce, and housing policy. Lutheran Services in America will engage these leaders in partnership with members to strengthen relationships and advance advocacy priorities.

Stay current on our public policy efforts by subscribing to our advocacy alerts.

YOUR NETWORK AT WORK

Members Recognized for Exceptional Leadership

Congratulations to **Linda Timmons** (Mosaic), **Sam Sipes** (Lutheran Services Florida), and **Colleen Frankenfield** (Lutheran Social Ministries of New Jersey) for receiving awards for their exceptional work and leadership at CEO Summit 2025. We commend all three recipients for their contributions to their organizations, communities, and our network!

New Studies Reflect our Impact in Strengthening Families

Through our Strengthening Families Initiative, we set out to develop new partnerships with Medicaid Managed Care Organizations (MCOs) to improve individual and community outcomes. A new set of case studies demonstrate members' work to understand innovative approaches and provide an environmental scan of ongoing efforts to align health and social care.

MARK YOUR CALENDAR

What's at Stake: Medicaid at Risk in the Expiring Tax Cuts and Jobs Act

February 13, 2025 (Virtual)

Join our Capitol Conversations webinar to hear from policymakers and experts on Medicaid funding, its significance for Lutheran Services in America's advocacy, and its role in ensuring healthcare access nationwide.

Find resources and more information for events on our website.

OPPORTUNITIES & RESOURCES

What We're Hearing

The Centers for Medicare & Medicaid Services launched the first public-facing components of its long-awaited nursing home staffing campaign. Most notably, CMS published a new website for certified nursing assistant recruitment and career pathways that includes easily accessible links to state listings of CNA training programs.

- VISIT WEBSITE

Congress passed a short-term extension of Medicare telehealth flexibilities as part of the American Relief Act, 2025 (ARA). The Medicare telehealth waivers, originally enacted as part of the COVID-19 public health emergency and subsequently extended through legislation, were set to end on December 31, 2024. These flexibilities, along with the Acute Hospital Care at Home waiver program, are now set to expire March 31, 2025.

- READ MORE

Funding

Find the latest funding announcements from key federal agencies. Opportunities include:

- Improving Adult and Youth Crisis Stabilization and Community Reentry Program
- Rural Communities Opioid Response Program - Overdose Response
- New Grant Opportunity to Advance Workforce Strategies

Additional Opportunities and Resources

Careers: Check out the latest career opportunities from across our network.

CEO transitions: Welcome incoming CEOs and bid farewell to outgoing leaders.

Stay in the loop: Sign up for the latest news and resources.

PARTNER CONNECTIONS

We gratefully acknowledge our partners for their contributions.

February 2025

The latest news and insights about hot topics, collaborations, events and resources for our national network.

CEO INSIGHTS

We are three weeks into the new administration, and

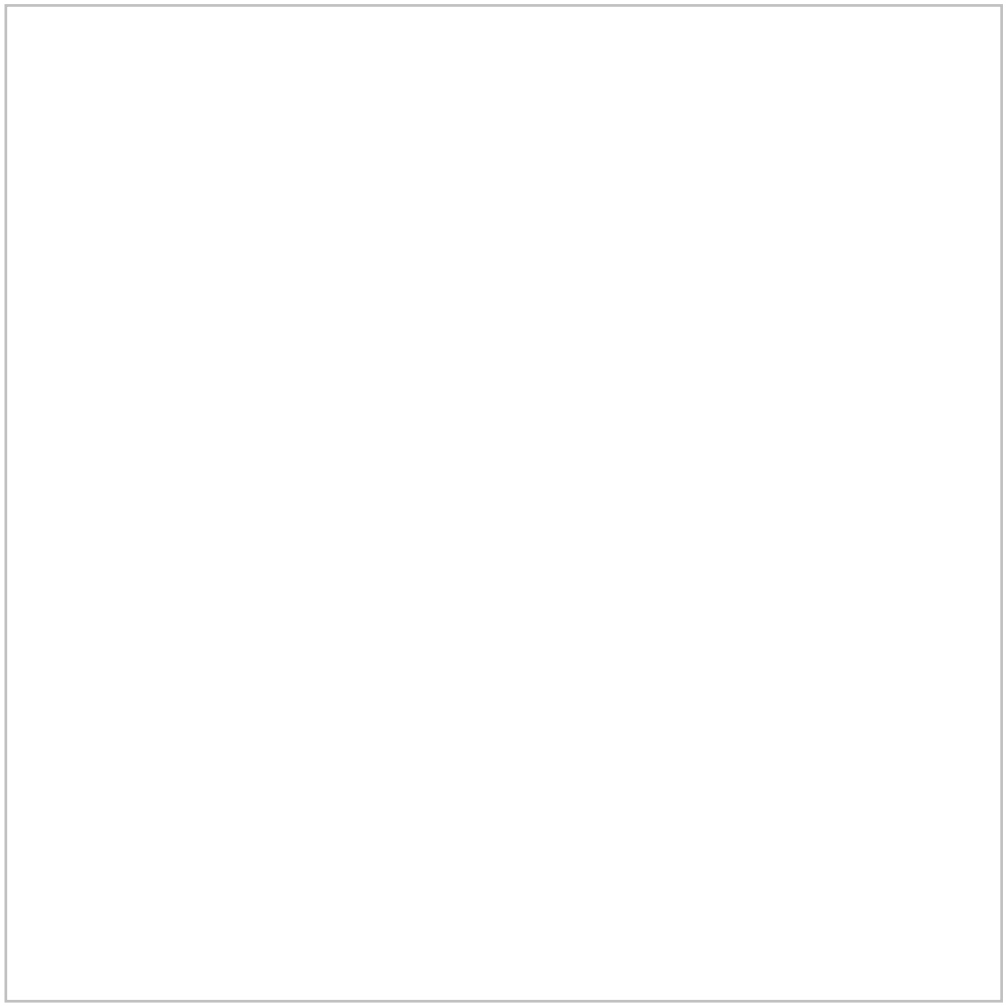
as most of you have shared, there is a lot going on. Our job at LSA is to focus on the facts, separate the wheat from the chaff, and work directly with you—our members—to set the tone and lead the way. This issue highlights the many ways we are working together in faith and partnership.

— Alesia Frerichs, President & CEO

Highlights from this issue:

- The federal funding freeze
- Threats to Medicaid in 2025
- Capitol Conversations webinar on Medicaid funding

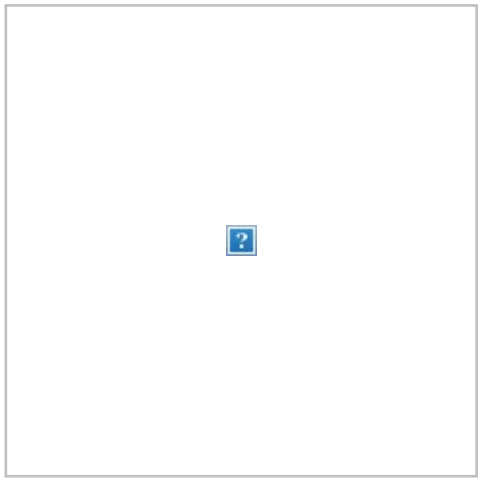
LEADING TOGETHER



Our Network Unites at CEO Summit

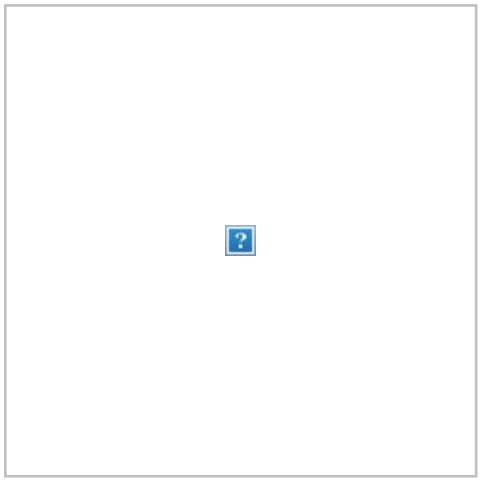
This year's CEO Summit was an inspiring gathering where ideas ignited, partnerships flourished, and friendships deepened. Our goal is always to create a program with unique, high-impact content, and this year was no exception. Over two and a half days, we didn't just discuss today's challenges—we explored the possibilities of tomorrow. And we did it together—united by our shared faith tradition of service. For a full list of resources, please contact Kim Roque.

VIEW FROM THE HILL



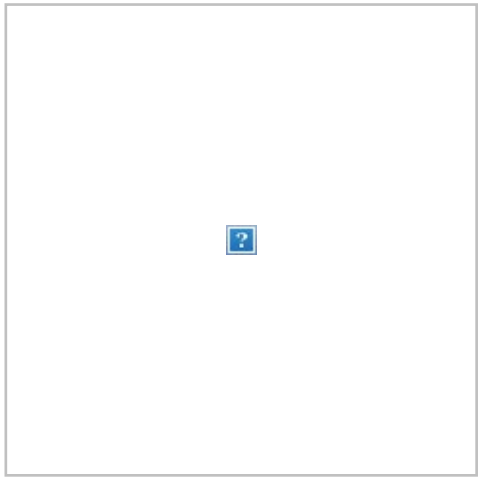
Update: Federal Funding Freeze

Federal funding disruptions continue despite legal challenges. Lutheran Services in America is monitoring the situation and advocating for uninterrupted social services while supporting impacted organizations.

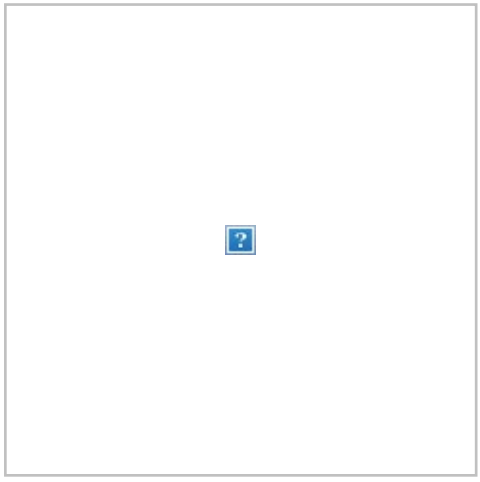


New Americans and the Lutheran Response

Lutheran social ministries responded swiftly to false claims about our legitimacy, and mobilized support, and emphasized our vital role in strengthening communities despite ongoing challenges.



Medicaid at Risk: Take



Leadership of Key

Action to Prevent Cuts

Congress is considering cuts and caps to Medicaid that risk exacerbating health challenges in communities nationwide. Join us in urging lawmakers to protect this vital program.

Congressional Committees Finalized

Republicans have finalized leadership positions on key committees that oversee healthcare, workforce, and housing policy. Lutheran Services in America will engage these leaders in partnership with members to strengthen relationships and advance advocacy priorities.

Stay current on our public policy efforts by subscribing to our advocacy alerts.

YOUR NETWORK AT WORK

I will be sending you an invite formally . I wanted to know if the city wold like to have a table at this event featuring the virtual healthcare access through Telescope(or any thing else you would like to feature). The event will be 11-3. Standard Feed and Seed is helping us produce this, will be family friendly with face painting, a bounce house , food, etc. Planning opening ceremony for 12 noon. Have not heard from Mayor's office , did send form you sent me and got acknowledgement of receipt. Can you find out if she is coming or does she have someone who would speak on her behalf for the City?

Subject: [FL Voices] Register Now! Central Florida Town Hall Meeting on Impact of Proposed Federal Cuts to Medicaid and SNAP

Good morning, coalition!

Quickly wanted to share that on **Wednesday**, **March 19** from **5:30 to 6:45 p.m.**, Florida Policy Institute (FPI), Florida Impact, and Florida Voices for Health, in conjunction with the Safety Net Advocacy Coalition (SNAC), are hosting an **in-person town hall meeting** at the **Community of Faith United Methodist Church** in **Davenport**. The purpose of the event is to discuss proposed federal cuts to food and health care assistance programs, what they would mean for everyday Floridians, and how community members can get involved to defend these critical programs.

The event will feature a panel discussion moderated by FPI CEO Sadaf Knight, followed by a Q&A session with community members. Panelists include:

- Kim Johnson, President/CEO, Florida Impact
- Scott Darius, Executive Director, Florida Voices for Health

Seating is limited - register now and reserve your spot!

Please reach out with any questions. If you're in the area, we hope to see you there!

Hi Dr. Joshi and Lynn,

Wanted to pass along this patient testimonial that Baptist Social Responsibility received about HLJ. Sydney and I are currently putting together a running list of quotes from patients to send over this week.

Great Morning!

I just wanted to share a testimony that was sent to me yesterday evening from a new patient name Vernice Jones about her experience with HealthLink Jax. I ask her if I could share it, and she gave me the "yes".

Hi Paul,
The mayor's communications and writing team are compiling the reports Sunil and I submitted. They asked if we could provide the highlighted information in the list below. Are you collecting this data? I know you are out of town today. Who else on your team I should reach out to?

Thanks for your help!

Program with soft launch in August and full launch with press conference on October 9th 2024. The data is as follows:

- Total Encounters (Physician Virtual visit with patients): 213
- SDoH Navigations (Patients identified and assisted with one or more SDOH-related needs: 88
- Outreach Touchpoints: 1412
- Nursing Consults (Nursing-led sessions focused on care coordination and support): 387
- Prescriptions: 116
- Emergency Department savings: $515,500. The savings are calculated based on average ER costs, patient utilization patterns for avoidable conditions and the projected likelihood of emergency room use within the Jacksonville area.
- Number diverted from ER:
- Number diverted from UF ER:
- Number referred to JaxCare Connect:
- Reporting period is July 15 – September 30

Kind regards,

Lynn

Team,
Attached are the program areas which received funding via Transition Task Force legislation. 2024-087;808;847 are all also attached for your reference.
There is a table beneath each program.
For example:

Afterschool and Summer Literacy Program Expansion. $1,900,000

This $1,900,000 investment will expand literacy-rich programming to additional students during the school year and more students in the summer.
Funding will support additional after-school slots, summer slots, and enhanced security measures in accordance with Florida State law.
Oversight Department: *KHA*

Result To Date	Benefit To Date	Future Focus/Goals

The “RESULT” would capture the statistical data available i.e. Number of students enrolled in reading program.
The “BENEFIT” would focus on how those statistics are improving quality of life for citizens. Feel free to use measurement against anticipated need as part of the ’Benefit’ narrative. i.e.:
Roof repair sold out with X number still needing service.
Down payment assistance sold out. Could have served at least X more families.
Etc.

The ‘FUTURE FOCUS/GOALS” is your opportunity to discuss what’s been learned from this program, how it can evolve, what support is needed in order to make that possible, etc. (Each of those cells is expandable to fit as much information as you’d like to provide. We will work to clean up formatting before delivery.)
Please return your section by Thursday November 7th.
Thank you for all the work done in implementing these programs.
Thank you in advance for helping show the great results.
Please feel free to reach out with any questions and suggestions.
All the best.
J

Dear Team Duval Ag,

Friday, today, will mark the end of my journey as the Manager of Urban Affairs, Agriculture, Agroecology, and Land Use Policy for the City of Jacksonville due to city budget cuts. While this chapter closes, I remain deeply proud and committed to what we've accomplished together.

Together...

We increased food production acreage, gathered 200 people at City Hall for an intro meeting, held meetings to expand the networks between producers/growers, worked to advance urban agriculture policies (stay tuned for this), infrastructure development in areas such as the Duval County Public Schools, JEA HQ grow walls and at the generating plant oyster project, addressing social determinants of health with Jacksonville Transformation Committee, Leadership JAX, UNF and Mayo, every project was a step toward creating a more equitable and sustainable future for the citizens of Duval County.

I got to work alongside incredible colleagues, community leaders, and stakeholders, and this has been an honor. Together, we laid a foundation for meaningful change in agriculture, urban agriculture, cattlemen/poultry sectors, equestrian, FFA, 4H, allied ag, water and fisheries conservation and sustainable land use policy. Though my role here ends, my dedication to these principles remains steadfast, and I will continue to work on initiatives that empower communities, support farmers, and advocate for sustainable practices.

Thank you, Jacksonville, for the opportunity to serve, learn, and grow with you. This is not goodbye—this is "see you soon."

I can be reached on my personal cell at 9043863856 or email tenbroecka@gmail.com

Dear Mayor Deegan, Lynn, Sunil, and the entire staff (please forward),

This Thanksgiving, we are thankful for your leadership.

You held on to your ideals and created something for this city that did not yet exist.
We are honored to be a part of this.

You have already provided hope for hundreds of people who have been overlooked in our healthcare system.
We are honored to be a part of this.

You have shown both sides of the aisle and countless organizations that collaboration creates action.
We are honored to be a part of this.

You have led Jacksonville to be an example of innovation and cost reduction for the rest of the state and country.
We are honored to be a part of this.

Telescope Health is so grateful for your partnership. We will do great things for this community together!

Sincerely,

Dr. Matt and Team Telescope

Good Afternoon Evaluators -

All Health Literacy Micro-grant applications have been assigned in the grants portal for review. Logon - Grant Lifecycle Manager – Temp Password is Grants2025! All evaluators were assigned no more than 3-4 applications each.

If you have not completed the attached COI please do so ASAP. Also attached is the detailed rubric, presentation slides and recording for your convenience.

Health Literacy Evaluator Orientation Option _1-20250314_100151-Meeting Recording.mp4.url

Lastly, use the link here - https://doodle.com/group-poll/participate/dJzLjyld to submit your date/time preference for the evaluations follow up discussion.

Please reach out with any system issues or application questions.

Thanks!

Hi all,

We will have our EMTs set up at the Community Impact Day at Edward Waters University this weekend. Wanted to run this social post by you all for approval to publish tomorrow to get the word out.

Image attached
Caption:

"Join Healthlink JAX at Community Impact Day on February 22, 10 AM – 12 PM for free preventative health checks through our EMT Outreach Program!

Our EMTs will provide on-site health screenings—checking vital signs, weight, and blood sugar—to help identify health concerns early. If needed, they'll connect you with a virtual doctor on the spot for immediate care.

Stop by and get checked for free.

Learn more about our EMT Outreach Program at healthlinkjax.com."

Thank you!

Hi Sharyn,

I wanted to check on some details for the JaxReady Fest. We will be there to represent Healthlink JAX.

Here are my questions:

- Are tables/chairs are provided or do we need to bring our own?
- Do we remove our materials on Friday and bring them back on Saturday?
- Does our staff need to bring their lunch or will there be food options close by?

Thank you!

Hi there!

Below are two posts to share this week with attached images we'll license and add the Healthlink JAX logo on. Let me know if you'd like any edits!

Post 1:
Healthlink JAX and the @City of Jacksonville are providing uninsured #Jacksonville residents with 24/7 #healthcare access. Our team of doctors and care navigators are here for you anytime to answer questions, treat illnesses, refill prescriptions, or get preventative checkups.

Connect with our care team by calling 904-925-CARE (2273).

Learn more: [LINK to landing page]

Post 2:
Accessing #healthcare just got easier for Duval County residents. With Healthlink JAX and @City of Jacksonville, uninsured residents can get medical care anytime, anywhere - completely free. Whether you need a check-up, prescription refill, or help with an illness, our doctors are ready to help.

Call 904-925-CARE (2273) or visit our website to learn more: [LINK to landing page]

Thank you!

Dr. Elias,

We had a great meeting with Chief Willie King and Captain Parramore today to give an overview of the city funded Healthlink JAX program. Telescope Health would love to host you and your leadership again to talk about how Telescope Health can support JFRD.

Friday 1/17 at 10am
The Telescope Health/ERG office is located in the One Call building at 814 Prudential Drive Suite 1410 32207.

Including our Chief Population Health Officer, Paul Sapia, and our Chief Marketing Officer, Erin Harris to assist with anything else you need!

Talk soon!

Dr. Matt

Good morning!

Linked here is the February Healthlink JAX social media calendar for review. Please let me know if any edits need to be made.

Side note: The February 28 post may be replaced with an EMT site announcement once those are set for the month of March, and I will circle back once our team confirms location/dates.

Thank you!

Hi Lauren,

Hope this week is treating you well. For the "Important Dates" section on the Healthlink JAX landing page can you please place the following information in that section:

_____

These community locations are offering **preventative health checks** provided by EMTs in partnership with our virtual doctors. Services will be available through the end of December. See below for dates and locations:

- **The Daily Manna**
  - The Daily Manna is a non-profit food pantry serving the Jacksonville community.
  - **Hours**: Thursdays, 9am to 11am
  - **Location**: 2669 Edison Ave, Jacksonville
  - **Services**: Preventative health checks with an EMT during food pantry distribution.

- **JASMYN**
  - JASMYN supports LGBTIA+ youth in Duval County with resources and a safe space.
  - **Clinic Hours**: Every Wednesday, 12pm to 4pm
  - **Location**: 929 Peninsular Place, Jacksonville
  - **Services**: Preventative health checks by EMTs, open to all in a welcoming clinic setting.

_____

Thanks again for the help! Towards the end of December I'll send over the new locations for you to post.

-Erin

Hi Captain Parramore,

Hope you're week is going well! We are putting into production business cards in Spanish for PATH but I wanted to see if there was any other languages we could tackle for your team?

Let me know what other collateral items you may need and will reach out once those Spanish versions are completed. Thanks!

Good afternoon Lynn and Sunil.
Here are the slides that I sent via text this morning. We are still working on some final editing for the end of quarter report, but wanted to give you the preliminary numbers. We are excited for the progress we continue to make. Please let us know if there is anything else you would like to see. We are planning on including our referrals to Jax Care Connect or other resources soon.

Thanks again for your support.

Hi Lynn & Sunil,

I hope this message finds you well on this cold day. I wanted to let you know that RingCentral, our phone system, is currently experiencing services outages across North America. Our team is actively monitoring the situation, and we'll provide an update to all our partners as soon as RingCentral resolves the issue and restores service.

Thank you for your understanding and please don't hesitate to reach out if you have any questions in the meantime.

Talk soon,

Erin

Good afternoon Sunil and Lynn
It has come to our attention that some board members have expressed concerns regarding the source of funding for Healthlink JAX. Specifically, there are questions about whether the funding we have received from the city has impacted the funding allocated to the JaxCare Connect program.

This topic was addressed during our last quarterly Safety Net Collaborative meeting, where Sunil provided an excellent explanation of the different funding streams. To ensure clarity and consistency in our communications, I believe it would be beneficial to send an email to the leaders of each partner organization. This email would outline our funding sources, the intent of the Healthlink JAX program, and how we are expected to integrate with their workflows. If a leader of one of the partner programs gets this question, they would be able to respond appropriately.

Please let me know if you agree with this approach or if you have any additional suggestions.

Thank you

Hi All,

Wanted to share with everyone the new HLJ video. Our goal with the video is to include it within the HLJ landing page, push it to all community partners, and utilize it with social (organic/paid).

Healthlink JAX Explainer

Here is the social post we plan to utilize that we would like Heather/Phil to approve:

Social Post

Post Date: 3/13

Caption: *Tired of long ER waits and missing work or family time to get the care you need? Now there's a better way! Healthlink JAX connects you to free 24/7 virtual care—no insurance needed. Skip the waiting room, talk to a provider anytime, and get the care you need. Available for uninsured Duval County residents.*

Phil- You mentioned to Heather Houston & Chris Obarski that you wanted to talk thru HLJ messaging. Would love to get together so let us know what dates/times work for you.

Thanks!

-Erin

Hi All,

Wanted to share with everyone the new HLJ video. Our goal with the video is to include it within the HLJ landing page, push it to all community partners, and utilize it with social (organic/paid).

Healthlink JAX Explainer

Here is the social post we plan to utilize that we would like Heather/Phil to approve:

Social Post

Post Date: 3/13

Caption: *Tired of long ER waits and missing work or family time to get the care you need? Now there's a better way! Healthlink JAX connects you to free 24/7 virtual care—no insurance needed. Skip the waiting room, talk to a provider anytime, and get the care you need. Available for uninsured Duval County residents.*

Phil- You mentioned to Heather Houston & Chris Obarski that you wanted to talk thru HLJ messaging. Would love to get together so let us know what dates/times work for you.

Thanks!

-Erin

Hi Lauren,

Happy Tuesday! My name is Jamie, account manager at Dalton, where we're working with Erin and the Telescope Health team on the upcoming Healthlink Jax paid media campaign.

As a part of the campaign, our team requires access to the Google Ads account linked to the Healthlink Jax website to set up proper optimizations and tracking for reporting. The campaign is set to go live early next week, so if you could help grant access to the below email addresses this afternoon/tomorrow morning, that would be great.

- skremp@daltonagency.com
- Daltonagencyanalytics@gmail.com

Erin let us know we could reach out to you for assistance, but please let me know if you have any questions on the above.
Thank you!

jamie brunken
account manager

Hi Greg,

It was a pleasure speaking with you today about Healthlink JAX and the meaningful impact the program is having in our community. We appreciated the opportunity to share more about our work, and have attached several collateral pieces for your review, along with links to key resources that further explain the program:

- Healthlink JAX Landing Page - Program overview and eligibility details
- TEDx Jacksonville- Dr. Thompson's talk discussing barriers to care and how Healthlink JAX is addressing them
- Healthlink JAX Explainer- A concise breakdown of how the program works.

Here is the site for Get Covered JAX to add to your arsenal of resources: Jacksonville.gov - Get Covered Jax

We are excited to explore different options to inform the JSEB businesses about this great tool for their employees to be aware of this resource.

Let us know which events you would like Paul to talk about Healthlink JAX so we can start to block off his calendar. I'm looking forward to connecting with Adam Dillon to explore what collateral materials he will need and how we can partner.

Talk soon,

-Erin

Hi Captain Parramore,

Hope you are staying warm in this weather. It was great to talk to you last week and learn more about PATH. I wanted to see if I can swing by the fire station Thursday morning to drop off more business sized cards. How many would help? 100? More than that?

Let me know if you have any questions in the meantime or if you need anything. Thanks!

Drew, Keera and Gisselle
Thank you so much for the time this morning to talk about the Healthlink JAX program. We are excited for the partnership and ready to set up follow up meetings to build awareness of the program for your teams and to look for ways to more thoroughly create referral links so that it is easy for you to get your patients connected to the Healthlink JAX program when appropriate.
Keera and Gisselle.
Janice, Trey and Jonathan can connect with you to better understand your current processes and see how we can integrate and help your team.

We look forward to working with you all.

Thank you.

Good afternoon Reed.
Thank you again for your time this afternoon.
Here is some of the basic information about the Healthlink JAX program along with the City landing page. This should be a good start on giving you some information to share with your team and leaders to get the partnership moving forward.

We appreciate your willingness to be a part of the work and I am sure it will be beneficial to all of us.

Have a great rest of your week and open to having further discussions at your convenience.

Hi Sonya,

It was great chatting with you about Healthlink JAX! I truly appreciate your willingness to help us bring this important program to your part-time staffers.

To recap the program:

Healthlink JAX, is a new initiative from the City of Jacksonville, offering uninsured Duval residents' **FREE** access to on-demand virtual doctor visits. The service is available 24/7, providing medical care, prescription refills, and connections to free local clinic resources. This saves our uninsured residents the time and money that going to an ER would entail, which many feel is their only option for care.

The services can be used by the entire family, and we offer translation services for over 240 languages.

I've attached one of our collateral pieces and here is a link to the City of Jacksonville website that has additional social media pieces: www.healthlinkjax.com

You mentioned your "Hot Schedules" messaging, one write-up some of our partners have put out for those types of systems is the below:

> ***If you're uninsured and need care, contact Healthlink JAX.***
>
> *This free, 24/7 service connects Duval County residents without health insurance to doctors via video call. Our doctors and care navigators are available to answer questions, treat illnesses, refill prescriptions, and guide patients to free clinic resources. Call* ***904-925-CARE (2273)*** *to get started.*

Looking forward to working together to make sure this program reaches those who need it most. If you need any physical collateral, posters or postcards please let me know, would be happy to supply. Happy to run thru the program on Zoom with anyone on your team that would like to dive deeper into it.

Talk soon and stay warm,

Erin

Hi Erin and Paul,

I would like to introduce you to Yolanda Hooper CEO of CSI Media and Events. She is providing an large healthy Living Symposium on April 5th 1- - 3:30. I have attached the flyer where you can find the details.

The event will be located downtown in the open area on Bay Street where City Hall used to be. She has partnered with Channel 4 and other organizations to make it a success and well attended. She is very much interested in having Healthlink JAX have a presence.

Yolanda,
Erin Harris and Paul Sapia are a part of the executive team at Healthlink JAX and will let you know of their availability to participate.

Kind regards,

Lynn

Hi Lynn,

Hope all is well! We wanted to see if there was a contact and more information on the April 19th tabling event for Hispanic Outreach at UNF. Just want to confirm what items are needed for us to bring (table, chairs, insurance) and to shore up the timing for our staff.

If you could point us in the right direction then Sydney can connect with them.

Thanks!

Hi Dr. Joshi & Lynn,

Hope you both had a great weekend. Attached you will find the storyboard for our 30 second explainer video on Healthlink JAX. This eye catching animation will help people understand the use case of receiving care where and when they need it.

The two edits we will incorporate into this would be adjusting slide 7 to state "24/7" in that line and we would animate the end frame to bring in the COJ seal.

We are looking to start production in the next day or so to be ready by mid-December.

Let me know if you approve/have any feedback and we'll get this into production.

Thanks!

-Erin

Hi Dr. Joshi & Lynn,

Hope you both had a great weekend. Attached you will find the storyboard for our 30 second explainer video on Healthlink JAX. This eye catching animation will help people understand the use case of receiving care where and when they need it.

The two edits we will incorporate into this would be adjusting slide 7 to state "24/7" in that line and we would animate the end frame to bring in the COJ seal.

We are looking to start production in the next day or so to be ready by mid-December.

Let me know if you approve/have any feedback and we'll get this into production.

Thanks!

-Erin

Hi there!

We've outlined a number of posts to share on Healthlink JAX's social pages throughout the remainder of the month. Of course, as relevant, timely things occur we can slot in additional posts as needed, but wanted to go ahead and get a holistic review on some general promotional posts to ensure we have content ready and prepared throughout the month. Calendar is linked here for review.

Looking forward to your thoughts – there is a "Client Notes" column if you'd like to add direct feedback into the shared document, or can reply with any edits or revisions directly to this email.

Thank you!

Hi there!

We'd like to add a social post on Monday, sharing the What the Health Just Happened podcast that Paul was recently a part of, speaking about Healthlink JAX.

Below is copy for review:
Paul Sapia, Chief Population Health Officer at @Telescope Health, recently appeared on the 'What the Health Just Happened?' podcast to discuss Healthlink JAX, an initiative created in partnership with the @City of Jacksonville that aims to provide over 100,000 uninsured residents in Duval County with free, round-the-clock access to healthcare services.
Learn more about Healthlink JAX and catch the full episode here: https://www.youtube.com/watch?v=cOVztA2D6nY

For visual purposes, we'll utilize a clip provided by the podcast for Facebook, linked here. For Instagram, however, we'll utilize the attached photo. We cannot use the same clip due to it being filmed horizontally, and all videos on Instagram are now shared vertically, as you see in Instagram reels.

If you'd like any edits, please let me know!

Hi there!

We pushed out the second of the two posts I shared last week yesterday, so wanted to run a post by you all to share later this week.

Copy is below and the photo we'd like to use is attached. One question for clarification in photos, is it okay to use the visual of a face-to-face telehealth appointment? Or since the program is initially with a direct phone call would you prefer photos with people talking on the phone traditionally? Looking forward to your feedback – thank you!

A care navigator helps patients access care and community resources, ensuring they get the support they need.

Backed by a team of doctors and care navigators, Healthlink JAX and the @City of Jacksonville are providing #healthcare access day or night to those who are uninsured.

To see a doctor, call 904-925-CARE (2273) and visit our website to learn more: [LINK to landing page]

Good afternoon,

Hope this email finds you well.

I realized today after putting our deck together for next week, that I sent the December notes

to only Lynn and Dr. Tice. I wanted to be sure you have received them prior to our next meeting, 1/21.

Going forward you will have the meeting notes by end of the week of the meeting taking place.

Please review and let me know if you have any questions. Thank you and have a good day!

Good morning,

Hope everyone is doing well today.

I wanted to follow up on a meeting request that I sent over for an in-person meeting on Wednesday, 11/13 from 3-5.

The location will be at the mayor's office. Can you please let me know if you will be able to join us. Parking is free in the library parking garage and at Duval & Main St.

Please let me know by Monday afternoon if you will be able to make it, and just respond to me so not everyone gets all the emails.

Thank you for your help with this and have a great Friday!

Good morning Dr. Arikawa
I would like to introduce you to Angela Tenbroeck. I have known Angela for the past six or seven years and I have been incredibly impressed by the work she is doing with urban farming, agriculture and food policy. She is now working in the Mayor's office to help connect local farmers to the existing food infrastructure and help promote the positive impacts of eating locally grown foods.
I think she would be a good addition to the advisory board you are putting together for UNF.

Angela, I am a big advocate for the work you do and for the potential impact an organization like UNF can have both locally and across the country. Dr. Arikawa has impressed me with the way she really is thinking creatively to get the UNF students engaged in community and build recognition

Hi Paul,

Hope you and your family had a wonderful Thanksgiving and are getting ready for the upcoming holiday season. I would like to introduce you to Johnna Palic who is our Operations Manager for our Advanced Care at Home team. Her and I were talking about telescope, but specifically Healthlink Jax. We have several programs within our Advance Care at Home, but specifically our Stat Care at Home Program that aligns with the work of Healthlink Jax and ability to continue to work together and our teams learn about the programs existing in Jacksonville to better serve the community and patients.

It would be great to get you, Jenny O'Donnel from Jax Care Connect and potentially Lynn Sherman COJ out to Mayo Clinic's campus for a tour of our advanced care at home facility as well as a presentation from you all on HealthLink Jax to our team with Advanced Care at Home which will include some of our case managers. Copying Lynn on here as well to know the potential ask.

I will let the two of you take it from here, but please Johnna include me in the site visit and presentation.

Thank you so much for all each of you do!

All,

Thank you for attending today's JaxReady Fest Exhibitor Meeting. We appreciate your time and participation as we prepare for a successful event. Attached you'll find the materials we referenced in the meeting, which include:

- JaxReady Fest FAQs
- Event Map
- Event Flyer
- Social Media Graphic

Please use these resources to help your team get ready and help spread the word about JaxReady Fest. If you have any questions, or need additional support, don't hesitate to reach out to us.

Thank you again for being part of JaxReady Fest.

Stay JaxReady,

Hello Shannon,

I hope you are having a nice Monday. Our Health Link Jax partners are interested in participating in the upcoming JaxReady Fest!

Hopefully, it is not too late for them to register.

I have included Erin Harris of Telescope Health on this email.

Thank you!
Sunil

Hi Lynn,

Hope all is going well this week! I wanted to when your contact with the JFRD Homeless Program has time to meet and chat with us in January? Would love to get something on the books and look at ways to educate on HLJ with them.

Thanks again!

Erin

Hi Aleksandra,

Happy New Year and I hope that you are doing well!

I am connecting you with members of Telescope Health who have been amazing partners in Healthlink Jax.

Erin and Paul,

Aleksandra works with the Jacksonville Human Rights Commission and is interested in working with you guys to help promote the program at future JHRC events.

Thanks so much and have a nice weekend!

Dear Pastor Carter,

We are excited to invite you to join us for lunch to learn about an impactful initiative that could serve the **healthcare needs of your uninsured congregants** and surrounding community.

In partnership with the **City of Jacksonville,** Healthlink JAX offers **24/7 healthcare access for uninsured residents** in our city. Our team of dedicated doctors and care navigators is available at all hours to provide answers, treat illnesses, refill prescriptions, or perform preventive checkups—for **FREE** to those who need it most.

This is more than healthcare; it's about creating a healthier, stronger Jacksonville. **At this lunch event, we'll share how you and your congregation can access these resources, ask questions, and explore ways we can support the well-being of those in your community.**

Healthlink JAX Faith Leader Lunch

- Date: Tuesday, November 12th
- Time: 12:00pm
- Location: Seasons 52- 5096 Big Island Drive, Jacksonville

Please RSVP by November 7th to Erin Harris (904-756-2717 text/call) to ensure we reserve your seat. We're honored to have the chance to partner with you in making a difference and look forward to the opportunity to work together for the well-being of our community.

RSVP to Erin Harris by Thursday, **November 7**
call/text 904-756-2717 or

Dear Pastor Nesbitt,

We are excited to invite you to join us for lunch to learn about an impactful initiative that could serve the **healthcare needs of your uninsured congregants** and surrounding community.

In partnership with the **City of Jacksonville,** Healthlink JAX offers **24/7 healthcare access for uninsured residents** in our city. Our team of dedicated doctors and care navigators is available at all hours to provide answers, treat illnesses, refill prescriptions, or perform preventive checkups—for **FREE** to those who need it most.

This is more than healthcare; it's about creating a healthier, stronger Jacksonville. **At this lunch event, we'll share how you and your congregation can access these resources, ask questions, and explore ways we can support the well-being of those in your community.**

Healthlink JAX Faith Leader Lunch

- Date: Tuesday, November 12th
- Time: 12:00pm
- Location: Seasons 52- 5096 Big Island Drive, Jacksonville

Please RSVP by November 7th to Erin Harris (904-756-2717 text/call) to ensure we reserve your seat. We're honored to have the chance to partner with you in making a difference and look forward to the opportunity to work together for the well-being of our community.

RSVP to Erin Harris by Thursday, **November 7**
call/text 904-756-2717 or

Dear Kenneth,

We are excited to invite you to join us for lunch to learn about an impactful initiative that could serve the **healthcare needs of your uninsured congregants** and surrounding community.

In partnership with the **City of Jacksonville,** Healthlink JAX offers **24/7 healthcare access for uninsured residents** in our city. Our team of dedicated doctors and care navigators is available at all hours to provide answers, treat illnesses, refill prescriptions, or perform preventive checkups—for **FREE** to those who need it most.

This is more than healthcare; it's about creating a healthier, stronger Jacksonville. **At this lunch event, we'll share how you and your congregation can access these resources, ask questions, and explore ways we can support the well-being of those in your community.**

Healthlink JAX Faith Leader Lunch

- Date: Tuesday, November 12th
- Time: 12:00pm
- Location: Seasons 52- 5096 Big Island Drive, Jacksonville

Please RSVP by November 7th to Erin Harris (904-756-2717 text/call) to ensure we reserve your seat. We're honored to have the chance to partner with you in making a difference and look forward to the opportunity to work together for the well-being of our community.

In partnership with the **City of Jacksonville,** Healthlink JAX offers **24/7 healthcare access for uninsured residents** in our city. Our team of dedicated doctors and care navigators is available at all hours to provide answers, treat illnesses, refill prescriptions, or perform preventive checkups—for **FREE** to those who need it most.

This is more than healthcare; it's about creating a healthier, stronger Jacksonville. **At this lunch event, we'll share how you and your congregation can access these resources, ask questions, and explore ways we can support the well-being of those in your community.**

Healthlink JAX Faith Leader Lunch

- Date: Tuesday, November 12th
- Time: 12:00pm
- Location: Seasons 52- 5096 Big Island Drive, Jacksonville

Please RSVP by November 7th to Erin Harris (904-756-2717 text/call) to ensure we reserve your seat. We're honored to have the chance to partner with you in making a difference and look forward to the opportunity to work together for the well-being of our community.

RSVP to Erin Harris by Thursday, **November 7**
call/text 904-756-2717 or

Hi Adam,

Great chatting with you about promoting Healthlink JAX to the JSEB membership. I would like to introduce you to Paul Sapia, our Chief Population Health Officer, as he would be a great fit for any speaking engagements at the EBO Forums or any other opportunities with JSEB.

Will send collateral materials thru to you today and thank you again!

-Erin

Good afternoon,

Hope this email finds you well.

I realized today after putting our deck together for next week, that I sent the December notes to only Lynn and Dr. Tice. I wanted to be sure you have received them prior to our next meeting, 1/21.

Going forward you will have the meeting notes by end of the week of the meeting taking place.

Please review and let me know if you have any questions. Thank you and have a good day!

Date: Thursday, February 6, 2025 1:34:59 PM

EXTERNAL EMAIL: This email originated from a non-COJ email address. Do not click any links or open any attachments unless you trust the sender and know the content is safe.

Good day Health (Equity) Workgroup:

I wanted to provide a couple of important updates.

1. The JTC steering committee met to discuss the use of the word "equity" in our workgroup titles (health equity and education equity). They would like our name to be changed to **Health Workgroup** and **Education Workgroup** respectively.

2. Lynn and I met after our discussion about the impact of recent ICE raids on access to critical community resources and health services. As an immediate solution, we are reaching out to the leads at all of our safety net organizations to encourage them to offer **HealthLink Jax** as an immediate interim virtual visit solution for their patients who are reluctant to come to clinic sites.

3. The Data workgroup is being stood up and we have an opportunity as a workgroup to ask for data we need, as well as identify the trends that should be monitored.

More to come.

Kelli Tice, MD
VP Medical Affairs and Chief Health Equity Officer

Dear all,
Sorry for all the changes, but we need to go back to the Tampa room, because we have a few advisory board members who will be connecting via zoom.
The Tampa conference room is located on the second floor on the left side of the building. When you go in, take the stairs on the left side or, if you take the elevator to the second floor, go to the left as you exit. You will see a sign towards the end of the hall that says Orlando/Tampa Rooms.
Again, the parking code is 279GFR.
See you soon!
Andrea

Dear Community Health Partners,

Happy New Year! We hope you are off to a great start.

We have arrived at the end of the 2nd quarter of your funding period, we are requesting your report on the outcomes of your program activities for October, November, and December.
This report is vital for us to assess the progress and impact of the grant and understand how we can support your work moving forward. Below are the key areas we would like you to address, along with random examples to help guide your responses:

1. **Statistical Data and Number of People Served:**

- We'd love to see any available data showing the reach of your program. This could include the number of people you've served, demographic details, or other metrics that reflect the scale of your efforts.

- ***Example:*** "Over the past quarter, we provided health services to 500 individuals, 60% of whom were uninsured. Our health clinic also provided 100 social determinants of health services such as transportation, food, etc. We reached three new areas in Duval where access to healthcare services has been historically limited."

2. **Improvement in Quality of Life:**

- This section is key for us to understand how your program has made a meaningful difference. Please share specific examples or measurable improvements that highlight how the lives of those you serve have improved. This could include health outcomes, emotional well-being, or increased access to resources.

- ***Example:*** "Since launching our diabetes management workshops, 75% of participants reported improved blood sugar control within three months, and 90% stated that they now feel more confident managing their condition. These improvements have led to reduced emergency room visits and overall better health outcomes."

3. **Anticipated Needs:**

- We recognize that the needs of the community are dynamic and may change over time. Please share any shifts in needs that you have observed and what you anticipate will be necessary for the next phase of your program.

- ***Example:*** "We've noticed an increase in mental health concerns, particularly

among younger individuals, as more people are reporting anxiety and depression related to financial instability and chronic health issues. We anticipate a growing need for mental health counseling services in the upcoming quarter."

4. **Lessons Learned:**

- Reflecting on the past quarter, we would love to hear about any key takeaways or lessons your team has gained. What approaches have worked well, and where have you encountered challenges? How have these insights shaped your thinking about the program moving forward?

- ***Example:*** "Initially, our community health workshops were not attracting as many participants as we had hoped. After collaborating with local churches and community leaders to spread the word, attendance has tripled, showing us the power of grassroots outreach. We've also learned the importance of providing childcare during sessions, which has made it easier for parents to attend."

5. **Program Evolution and Support Needed:**

- As you look toward the future, how do you see your program evolving to meet emerging challenges or opportunities? We are committed to helping you grow, so if there are resources, training, or additional support that could facilitate this evolution, please let us know.

- ***Example:*** "To address the mental health needs we've identified, we plan to introduce a telehealth component for remote counseling sessions. However, we will need additional funding to invest in the necessary technology and train staff on virtual care platforms. Expanding our staff to include bilingual counselors would also help us reach non-English-speaking populations more effectively."

For some of you, we reached out after you submitted your report to ask for additional details because of the uniqueness of what you do. Please include those details in this report.

Submission Deadline:

Please submit your report by **Friday, January 31st,** so that we can provide a report to the Mayor in a timely manner.

Please don't hesitate to reach out if you have any questions or need clarification on any of these points. We are here to support you and ensure that you have everything you need to continue making a lasting impact.

We look forward to reading about the amazing progress you've made and how we can work together to continue this important work!

Sincerely,

Sunil Joshi, MD and Lynn Sherman

Dear Community Health Partners,

Can you believe we have already completed the 1st quarter of 2025?

We are requesting your quarterly reports that will cover your program outcomes for January, February, and March.

This is budget season for the City of Jacksonville, so it is vital that we receive your report **no later than Wednesday, April 23, 2025**. These are still the areas we need you to address, along with random examples to help guide your responses:

1. Statistical Data and Number of People Served
2. Improvement in Quality of Life
3. Anticipated Needs
4. Lessons Learned
5. Program Evolution and Support Needed

Remember, the Submission Deadline is Wednesday, April 23, 2025.

Please don't hesitate to reach out if you have any questions or need clarification on any of these points. We look forward to reding your quarterly report.

Thank you so much for all you do to keep the citizens of Jacksonville healthy!

Kind regards,

Lynn and Sunil

Dear Stephanie and Michelle,

I hope the New Year is off to a great start for you! The wonderful Robin Cartwright recently spoke to you about the City of Jacksonville's newest health initiative, Healthlink JAX. I'm so pleased to hear that Martin County has an interest in learning more about Healthlink JAX. It's an exciting program that we are passionate about, and we would love to help you explore how it might align with your community's needs.

To ensure you have all the resources and expertise needed, I'm connecting you with three key individuals who can provide valuable insights and answer any questions you have about the program:

- Dr. Sunil Joshi, Chief Health Officer, City of Jacksonville
- Lynn Sherman, Executive Director of Health Programs, City of Jacksonville
- Paul Sapia, Chief Population Health Officer, Telescope Health

They bring a wealth of knowledge, perspective, and will be great resources for your inquiries. Their emails are copied in.

Please don't hesitate to reach out to me if you need anything further.

Have a great week,

Erin

All,

Thank you for attending today's Northeast Florida Coalition for Access to Healthcare!

On behalf of the Health Planning Council of Northeast Florida, I want to extend a special thanks to our incredible speakers: Cary Quinones, Program Manager from the Health Planning Council of Northeast Florida, IDD United Founders Dr. Geraldine Edrei and Jennifer Campbell. Access to healthcare remains a priority for our most vulnerable communities in Northeast Florida and our speakers provided a wealth of information to assist us in those endeavors!

Attachments include today's meeting Agenda, the participant's list and power point presentations from both of the presenters.

Good afternoon Mary and Lynn.
Our Healthlink JAX/Telescope nurse navigators, patient services representatives and some of the team are interested in taking part in the Mental Health First Aid training. We have requested information on training and dates and have not heard anything back yet. Are you able to connect with Sonia and Ariane (copied) to get them information on the program? I have been trained and know how valuable that it will be for our team as we interact with the uninsured population and other partners.

Thank you for your help.

Good morning JTC members,
I just received this list from the truancy officers who are trying to find out why at any given time 40-60% of the kids at Northwestern are not showing up to school – they lack basic hygiene products. The principal now has a washer/dryer to wash kids clothes☹. If there is anything your organization can do to help, please let me know and I will connect you with the principal or the Giving Closet which is housed there.
Thanks, Laureen

Good morning team,

Hope everyone is doing well today.

I wanted to send a quick email to ask, if you were in person last Friday for our JTC meeting, and may have taken any notes, please send to me. You can send me pictures of your notes and/or any documents.

I will combine your notes with Kelli's and then send them out to the group, so everyone has the same information.

If you should have any questions, please let me know. Thank you for your help with this and have a great day!

Good afternoon!

As we approach the holiday break, I would like to find a suitable time to schedule the first meeting of our newly established Nutrition and Dietetics Advisory Board.

Please take a moment to indicate your availability by January 3rd, 2025. Your prompt response will help us finalize the meeting date and ensure maximum participation.

Thank you again for your willingness to serve on this board. I look forward to our productive discussions and collaborations.
Best regards,
Andrea

Good morning JTC members,
We would like to extend an opportunity on the agenda for you to share what is going on with your organization that can support the work of our agency partners. Jessie has already agreed to do that. We were thinking of a short panel presentation (5 -7 minutes) where you can talk about some of the resources or initiatives that you have that partners should know about to help residents especially right now. Please let me know if this is of interest as we finalize the agenda. Thanks, Laureen

All,

This is just a friendly reminder that the Northeast Florida Coalition for Access to Healthcare's virtual meeting is tomorrow at 11:00. Tomorrow's featured speaker is Pamela Hull, the Assistant Deputy Secretary for Medicaid Operations. She will be speaking about the very recent changes the Statewide Medicaid Managed Care program. Many of you have community partners who are working with consumers with chronic illnesses utilizing SMMC. This program may prove invaluable to them. Please see the attached flyer for more details about this event. For questions or more information, please do not hesitate to contact me.

Feel free to share with your community partners who may be interested as well.

All,

This is just a friendly reminder that the Northeast Florida Coalition for Access to Healthcare's virtual meeting is tomorrow at 11:00. Tomorrow's featured speaker is Pamela Hull, the Assistant Deputy Secretary for Medicaid Operations. She will be speaking about the very recent changes the Statewide Medicaid Managed Care program. Many of you have community partners who are working with consumers with chronic illnesses utilizing SMMC. This program may prove invaluable to them. Please see the attached flyer for more details about this event. For questions or more information, please do not hesitate to contact me.

Feel free to share with your community partners who may be interested as well.

Joyce Case
Program Director
Health Planning Council of Northeast Florida, Inc.

Good morning and Happy Friday!

I hope this email finds you well. I wanted to touch base with you regarding our upcoming JTC meeting.

Due to some internal changes within our organization, Dr. Tice's priorities and workload have shifted for the week of 1/21. As a result, I will be rescheduling our JTC Committee meeting to the following week.

I apologize for any inconvenience this may cause and appreciate your flexibility during this time. I wanted to give you an advanced notice prior to making the change.

If the new day and time do not work for your schedule, we will send out meeting notes to everyone.

If you have any questions or concerns, please reach out to me. Thank you for your understanding and enjoy your day.

Subject: 988 NEFL Steering Committee

EXTERNAL EMAIL: This email originated from a non-COJ email address. Do not click any links or open any attachments unless you trust the sender and know the content is safe.

Good Morning 988 Steering Committee,
Sending you and your teams the energy of gratitude as we continue to advance the goals that brought us together in 2021. Thank you to all organizations who have sent representatives to serve on the subcommittees.

Along with minutes from our February subcommittee meetings, attached is, the first guidance document of its kind, published 1/27/25 by the National Emergency Number Association----best practices for collaboration of 911 and 988 in serving callers in a mental health crisis.

Thank You to our subcommittee co-chairs who have stepped up to lead:

988 Access Subcommittee Co-Chairs:
Sarah Sayer, Executive Director, Angel Kids Foundation
Stella Johnson, CEO, Hope Haven

988 Youth Subcommittee Co-Chairs:
Jeanine Hoff, LCSW, Nemours
Victoria Bartow, BRAVE Regional Supervisor, UF Health

988 Crisis Response Subcommittee Co-Chairs:
Emma Hayes, LMHC, Mobile Response Director, St. Augustine Youth Services
Suzanne Mailloux, Executive Director, NAMI Jacksonville

Upcoming Meetings:

988 Steering Committee: 8:00 AM Tuesday April 15, 2025
Access Subcommittee: 9:00 AM Monday March 10, 2025
Youth Subcommittee: 11:00 AM Monday March 10, 2025
Crisis Response Subcommittee: 9:00 AM Tuesday March 11, 2025 and 9:00 AM Tuesday April 8, 2025

Have a great week and remember to take a moment for you.

Warm Regards,

Hannah Hackworth, LCSW, MBA
Crisis & 988 Director

Subject: 988 NEFL Steering Committee

EXTERNAL EMAIL: This email originated from a non-COJ email address. Do not click any links or open any attachments unless you trust the sender and know the content is safe.

Good Morning 988 Steering Committee,
Sending you and your teams the energy of gratitude as we continue to advance the goals that brought us together in 2021. Thank you to all organizations who have sent representatives to serve on the subcommittees.

Along with minutes from our February subcommittee meetings, attached is, the first guidance document of its kind, published 1/27/25 by the National Emergency Number Association----best practices for collaboration of 911 and 988 in serving callers in a mental health crisis.

Thank You to our subcommittee co-chairs who have stepped up to lead:

988 Access Subcommittee Co-Chairs:
Sarah Sayer, Executive Director, Angel Kids Foundation
Stella Johnson, CEO, Hope Haven

988 Youth Subcommittee Co-Chairs:
Jeanine Hoff, LCSW, Nemours
Victoria Bartow, BRAVE Regional Supervisor, UF Health

988 Crisis Response Subcommittee Co-Chairs:
Emma Hayes, LMHC, Mobile Response Director, St. Augustine Youth Services
Suzanne Mailloux, Executive Director, NAMI Jacksonville

Upcoming Meetings:

988 Steering Committee: 8:00 AM Tuesday April 15, 2025
Access Subcommittee: 9:00 AM Monday March 10, 2025
Youth Subcommittee: 11:00 AM Monday March 10, 2025
Crisis Response Subcommittee: 9:00 AM Tuesday March 11, 2025 and 9:00 AM Tuesday April 8, 2025

Have a great week and remember to take a moment for you.

Warm Regards,

Hannah Hackworth, LCSW, MBA
Crisis & 988 Director

Good Morning 988 Steering Committee,
Sending you and your teams the energy of gratitude as we continue to advance the goals that brought us together in 2021. Thank you to all organizations who have sent representatives to serve on the subcommittees.

Along with minutes from our February subcommittee meetings, attached is, the first guidance document of its kind, published 1/27/25 by the National Emergency Number Association----best practices for collaboration of 911 and 988 in serving callers in a mental health crisis.

Thank You to our subcommittee co-chairs who have stepped up to lead:

988 Access Subcommittee Co-Chairs:
Sarah Sayer, Executive Director, Angel Kids Foundation
Stella Johnson, CEO, Hope Haven

988 Youth Subcommittee Co-Chairs:
Jeanine Hoff, LCSW, Nemours
Victoria Bartow, BRAVE Regional Supervisor, UF Health

988 Crisis Response Subcommittee Co-Chairs:
Emma Hayes, LMHC, Mobile Response Director, St. Augustine Youth Services
Suzanne Mailloux, Executive Director, NAMI Jacksonville

Upcoming Meetings:

988 Steering Committee: 8:00 AM Tuesday April 15, 2025
Access Subcommittee: 9:00 AM Monday March 10, 2025
Youth Subcommittee: 11:00 AM Monday March 10, 2025
Crisis Response Subcommittee: 9:00 AM Tuesday March 11, 2025 and 9:00 AM Tuesday April 8, 2025

Have a great week and remember to take a moment for you.

Warm Regards,

Hannah Hackworth, LCSW, MBA
Crisis & 988 Director

988 Steering C. 2025.pdf
Crisis Con 2024 Keynote_Monica Johnson.pdf

EXTERNAL EMAIL: This email originated from a non-COJ email address. Do not click any links or open any attachments unless you trust the sender and know the content is safe.

Good Afternoon 988 Steering Committee Members,

Thank you for our time together this morning. 2025 is going to be an important year for us. We are committed to the interconnection of our care continuum and ensuring all community members in crisis have a warm, welcoming experience of care and support.

For those of you not available to join us today, here is an update:
Suzanne of NAMI announced and we agreed to adopt a new purpose statement in the form and mission and vision for our 988 Steering Committee. Thank you Susan and work group!
Vision: A community that together fosters a caring network of hope and healing on our journey to mental wellbeing.
Mission: To connect our community to immediate help and compassionate support for mental wellbeing through a defined network of community care.

We agreed to convene as a full steering committee quarterly, with our next gathering Tuesday April 15, 2025 at 8:00 AM. Our subcommittees will meet the months that the steering committee does not. Our subcommittees objective for February and March is to develop a Road Map for the goals we selected. A helpful question to consider—What will be true if we accomplish our goal? I will adjust our meeting invitation sequence accordingly and send out subcommittee invitations for February and March.

Attached you will find the deck I shared with you this morning. If you hover over slide 25 (QPR slide) the link to a two minute video call to action for us from Paul Quinnett will pop up. He has been a friend and advisor to me over the last five years. We were short on time so I did not get to this slide.

The second attachment is the keynote address slides I pulled from in the presentation this morning, by Monica Johnson, M.A., L.P.C., Director of 988 & Behavioral Health Coordinating Office, SAMHSA.

If you have not, and wish to join a subcommittee, select your subcommittee by clicking here.

Subcommittee 1: Access

Focus is increasing access to timely crisis support and services and closing the loop to ensure community members received the help they needed.

Goal: Everyone in a mental health crisis receives the right services at the right time and has a supportive, recovery-oriented experience of care.

Subcommittee 2: Youth Crisis Support

Focus is collaboration and innovation to advance equity and support our youth in crisis.

Goal: Youth in mental health crisis and their families receive developmentally-appropriate services and supports.

Subcommittee 3: Crisis Response

Focus is improving collaboration among 988, Mobile Response, and Law Enforcement to provide recovery-oriented experiences of care and increase diversion from higher levels of care.

Goal: Law enforcement involvement in a mental health crisis is the exception, not the rule.

Our path forward is emerging and I'm grateful to be on this journey together.

Warmly,

Hannah Hackworth, LCSW, MBA
Crisis & 988 Director
United Way of Northeast Florida

Subject: 988 Steering Committee Mtg 1/21/25

Good Evening 988 Steering Committee,
Happy New Year. It is going to be a powerful year for us as we move forward together to ensure that all members of our community in crisis have a warm, welcoming experience at every stop along our crisis care continuum.

“If you lose hope, you lose the vitality that keeps life moving, you lose that courage to be, that quality that helps you go on in spite of it all. And so today I still have a dream.”

-Dr. Martin Luther King, Jr.

At its essence, crisis work is about being present and creating a welcoming space where others can rediscover the light of hope that is within each of us, that carries us through the darkness to expanded awareness.

I’m looking forward to seeing you on Tuesday at 8:00 AM via Teams for our first convening of the year. Attached you will find our 1/21/25 agenda and notes for our 988 December Subcommittee meetings, drafted with the assistance of ReadAI.

Best Regards,

Hannah Hackworth, LCSW, MBA

988 Steering C. 2025.pdf
Crisis Con 2024 Keynote_Monica Johnson.pdf

EXTERNAL EMAIL: This email originated from a non-COJ email address. Do not click any links or open any attachments unless you trust the sender and know the content is safe.

Good Afternoon 988 Steering Committee Members,

Thank you for our time together this morning. 2025 is going to be an important year for us. We are committed to the interconnection of our care continuum and ensuring all community members in crisis have a warm, welcoming experience of care and support.

For those of you not available to join us today, here is an update:
Suzanne of NAMI announced and we agreed to adopt a new purpose statement in the form and mission and vision for our 988 Steering Committee. Thank you Susan and work group!
Vision: A community that together fosters a caring network of hope and healing on our journey to mental wellbeing.
Mission: To connect our community to immediate help and compassionate support for mental wellbeing through a defined network of community care.

We agreed to convene as a full steering committee quarterly, with our next gathering Tuesday April 15, 2025 at 8:00 AM. Our subcommittees will meet the months that the steering committee does not. Our subcommittees objective for February and March is to develop a Road Map for the goals we selected. A helpful question to consider—What will be true if we accomplish our goal? I will adjust our meeting invitation sequence accordingly and send out subcommittee invitations for February and March.

Attached you will find the deck I shared with you this morning. If you hover over slide 25 (QPR slide) the link to a two minute video call to action for us from Paul Quinnett will pop up. He has been a friend and advisor to me over the last five years. We were short on time so I did not get to this slide.

The second attachment is the keynote address slides I pulled from in the presentation this morning, by Monica Johnson, M.A., L.P.C., Director of 988 & Behavioral Health Coordinating Office, SAMHSA.

If you have not, and wish to join a subcommittee, select your subcommittee by clicking here.

Subcommittee 1: Access

Focus is increasing access to timely crisis support and services and closing the loop to ensure community members received the help they needed.

Goal: Everyone in a mental health crisis receives the right services at the right time and has a supportive, recovery-oriented experience of care.

Subcommittee 2: Youth Crisis Support

Focus is collaboration and innovation to advance equity and support our youth in crisis.

Goal: Youth in mental health crisis and their families receive developmentally-appropriate services and supports.

Subcommittee 3: Crisis Response

Focus is improving collaboration among 988, Mobile Response, and Law Enforcement to provide recovery-oriented experiences of care and increase diversion from higher levels of care.

Goal: Law enforcement involvement in a mental health crisis is the exception, not the rule.

Our path forward is emerging and I'm grateful to be on this journey together.

Warmly,

Hannah Hackworth, LCSW, MBA

Subject: 988 Steering Committee Mtg 1/21/25

Good Evening 988 Steering Committee,
Happy New Year. It is going to be a powerful year for us as we move forward together to ensure that all members of our community in crisis have a warm, welcoming experience at every stop along our crisis care continuum.

“If you lose hope, you lose the vitality that keeps life moving, you lose that courage to be, that quality that helps you go on in spite of it all. And so today I still have a dream.”

-Dr. Martin Luther King, Jr.

At its essence, crisis work is about being present and creating a welcoming space where others can rediscover the light of hope that is within each of us, that carries us through the darkness to expanded awareness.

I’m looking forward to seeing you on Tuesday at 8:00 AM via Teams for our first convening of the year. Attached you will find our 1/21/25 agenda and notes for our 988 December Subcommittee meetings, drafted with the assistance of ReadAI.

Best Regards,

Hannah Hackworth, LCSW, MBA

Good afternoon,

We are looking forward to your visit of Mayo Clinic's Advanced Care at Home program tomorrow, 01/09. We are located in the Vincent Stabile North building. The best way to get there is to turn onto WM Davis Pkwy from San Pablo and then make a left onto Mellish DR. Once you reach the first four-way intersection, make a left and you will find the visitor parking.

Should you need further assistance with direction or locating the building, please don't hesitate to contact me directly at 407-421-3743!

Thank you,
Thomas Brino

Good morning JTC members,

I would like to invite you to this event on February 10th to meet our agency partners (Pantries and Food Distributors) all in one room. If you have services or resources that you would like to share with them, please plan to attend. The meeting will be a networking event as well as an opportunity to hear from them about how we (FNEFL) can better serve them. We will also be asking them to share what they are hearing from those they serve. If

you are able to attend, please reach out directly to me and also register here -Agency Partner Breakfast - Feeding Northeast Florida. Have a great weekend!
Best regards.

Good afternoon,

Hope this email finds you well.

I realized today after putting our deck together for next week, that I sent the December notes to only Lynn and Dr. Tice. I wanted to be sure you have received them prior to our next meeting, 1/21.

Going forward you will have the meeting notes by end of the week of the meeting taking place.

Please review and let me know if you have any questions. Thank you and have a good day!

Hi, we were wondering if it could be written so that the focus is more on our program, as opposed to the company providing it? See attached for some suggestions to that end. Thanks!

Hi Phil and Heather,
Bringing this back up to the top of your inbox. Any chance you can take a look at this and advise if we can send this out? There's a time element to it for December so we're hoping to get it out soon. We are working through some details to potentially do this in January as well, but the dates/locations have yet to be decided.

If you have any questions, just let us know. Thank you.

Hey Phil & Heather,
I've attached a press release for your review. This is from AmeriPro who will be facilitating community health screenings this month where they can connect patients to Healthlink JAX. They'd like to send this to Jacksonville media and we offered to assist in that effort.

If there are any further edits you'd like to make, please do so and return to me at your earliest convenience. If you have any questions, don't hesitate to ask.

Thank you for any feedback you can provide.

Hey Heather,
Just a quick note - AmeriPro was good with the changes and they'll be taking the lead on distributing it to media. Will keep you all updated on subsequent coverage and requests.

Subject: AmeriPro press release

Hey Phil & Heather,
I've attached a press release for your review. This is from AmeriPro who will be facilitating community health screenings this month where they can connect patients to Healthlink JAX. They'd like to send this to Jacksonville media and we offered to assist in that effort.

If there are any further edits you'd like to make, please do so and return to me at your earliest convenience. If you have any questions, don't hesitate to ask.

Thank you for any feedback you can provide.

Hey Heather,
Just a quick note - AmeriPro was good with the changes and they'll be taking the lead on distributing it to media. Will keep you all updated on subsequent coverage and requests.

Hi, we were wondering if it could be written so that the focus is more on our program, as opposed to the company providing it? See attached for some suggestions to that end. Thanks!

Hi Phil and Heather,
Bringing this back up to the top of your inbox. Any chance you can take a look at this and advise if we can send this out? There's a time element to it for December so we're hoping to get it out soon. We are working through some details to potentially do this in January as well, but the dates/locations have yet to be decided.

If you have any questions, just let us know. Thank you.

Good afternoon Lynn.
I would be glad to join a call. I will be in the car traveling to another appointment at 2, but glad to speak to them. I love that groups are seeing the Healthlink JAX announcement and reaching out to be a part of it.
I have copied Dr. Thompson on this as well in case he can join and get his input.

Thank you for reaching out.

Karen –

It's been a long time since I have run into to you, but I sure keep up with you and thrilled with all your success.

I read about HealthLink Jax and wondered if they might be interested in an offering we have for uninsured people who need blood work. They can go to the Medical Express site and order low price blood work. The cost included the doctor's order and the collection site cost. We do this for many of the doctors in Jacksonville who have patients with no insurance or high deductibles.

If you think there might be an interest, please let me know.

Karen –

It's been a long time since I have run into to you, but I sure keep up with you and thrilled with all your success.

I read about HealthLink Jax and wondered if they might be interested in an offering we have for uninsured people who need blood work. They can go to the Medical Express site and order low price blood work. The cost included the doctor's order and the collection site cost. We do this for many of the doctors in Jacksonville who have patients with no insurance or high deductibles.

If you think there might be an interest, please let me know.

Jane

Hi Sunil and Lynn,

Happy Friday! I wanted to share a quick update—the leadership team from Detroit has encountered a scheduling conflict and is now looking at Friday, May 30th as the new date for their visit to Jacksonville.

Would you be available to join us on that day?

With this change, we'll go ahead and release all calendar holds for Monday, April 29th.

Let me know if May 30th works for you. Thanks!

Erin Harris

Hi Lynn,

That is great, I've secured Angela/Jenny to represent the safety net clinic side of the conversation and Catherine Graham/Parker Brigance for Baptist.

Sunil- Whatever you have free that day I will work the schedule to best accommodate what you and Lynn have going on that day. Thanks!

Hi Lynn and Sunil,

Hope all is well! The City of Detroit (Fire Chief, Chief Medical Officer and staffer's from the Mayor's Office) is looking at coming to Jacksonville on Tuesday, April 29th to learn more about Healthlink JAX. I will be putting together a run of show but wanted to see what times you have open that day.

The potential ROS would be having them over at Dalton to discuss the marketing of the program and then go over to City Hall to meet with you. From there we would look at taking their team to Baptist to highlight the health system partnership with the city.

Let me know what your schedule looks like that day and I'll start to build the day out.

Thanks!

Hi Lynn,

That is great, I've secured Angela/Jenny to represent the safety net clinic side of the conversation and Catherine Graham/Parker Brigance for Baptist.

Sunil- Whatever you have free that day I will work the schedule to best accommodate what you and Lynn have going on that day. Thanks!

Erin,

Thank you for circling back on this! Right now, I have no conflicts on 4/29.

It is not a day that Sunil is in the office, so he will let you know when or if he will be available.

Kind regards,

Lynn

Hi Lynn and Sunil,

Hope all is well! The City of Detroit (Fire Chief, Chief Medical Officer and staffer's from the Mayor's Office) is looking at coming to Jacksonville on Tuesday, April 29th to learn more about Healthlink JAX. I will be putting together a run of show but wanted to see what times you have open that day.

The potential ROS would be having them over at Dalton to discuss the marketing of the program and then go over to City Hall to meet with you. From there we would look at taking their team to Baptist to highlight the health system partnership with the city.

Let me know what your schedule looks like that day and I'll start to build the day out.

Thanks!

Hi Sunil and Lynn,

Happy Friday! I wanted to share a quick update—the leadership team from Detroit has encountered a scheduling conflict and is now looking at Friday, May 30th as the new date for their visit to Jacksonville.

Would you be available to join us on that day?

With this change, we'll go ahead and release all calendar holds for Monday, April 29th.

Let me know if May 30th works for you. Thanks!

Hi Lynn and Sunil,

Hope all is well! The City of Detroit (Fire Chief, Chief Medical Officer and staffer's from the Mayor's Office) is looking at coming to Jacksonville on Tuesday, April 29th to learn more about Healthlink JAX. I will be putting together a run of show but wanted to see what times you have open that day.

The potential ROS would be having them over at Dalton to discuss the marketing of the program and then go over to City Hall to meet with you. From there we would look at taking their team to Baptist to highlight the health system partnership with the city.

Let me know what your schedule looks like that day and I'll start to build the day out.

Thanks!

Erin Harris

Hi Sunil and Lynn,

Happy Friday! I wanted to share a quick update—the leadership team from Detroit has encountered a scheduling conflict and is now looking at Friday, May 30th as the new date for their visit to Jacksonville.

Would you be available to join us on that day?

With this change, we'll go ahead and release all calendar holds for Monday, April 29th.

Let me know if May 30th works for you. Thanks!

Good morning Erin,

This is exciting! I can make myself available between 8 and 10:30 am on the 29th.

Please let us know if that would fit into the schedule.

Thank you,

Sunil

Hi Lynn,

That is great, I've secured Angela/Jenny to represent the safety net clinic side of the conversation and Catherine Graham/Parker Brigance for Baptist.

Sunil- Whatever you have free that day I will work the schedule to best accommodate what you and Lynn have going on that day. Thanks!

Erin,

Thank you for circling back on this! Right now, I have no conflicts on 4/29.

It is not a day that Sunil is in the office, so he will let you know when or if he will be available.

Kind regards,

Lynn

Hi Community Health Partners,

I am forwarding this request for your quarterly report again because I know a lot happened last week, and I want to make sure it does not get lost in the many emails you receive and the many things you do.

Because we need to receive your report by **Friday, October 25**, please reply to this

email to confirm that you've received the report request. Take a look at the details below.

Thanks so much!

Kind regards,

Lynn

Subject: COJ Health Programs Quarterly Report

Dear Community Health Partners,

We hope you're doing well and your team weathered Milton as well as possible. Thank you for providing your grant invoices for July, August, and September for processing. As we are at the end of the first quarter of funding, we request your quarterly report on the outcomes of your program activities. This report is vital for us to assess the progress and impact of the grant and understand how we can support your work moving forward. Below are the key areas we would like you to address, along with random examples to help guide your responses:

1. **Statistical Data and Number of People Served:**

- We'd love to see any available data showing the reach of your program. This could include the number of people you've served, demographic details, or other metrics that reflect the scale of your efforts.

- ***Example:*** "Over the past quarter, we provided health services to 500 individuals, 60% of whom were uninsured. Our health clinic also provided 100 social determinants of health services such as transportation, food, etc. We

reached three new areas in Duval where access to healthcare services has been historically limited."

2. **Improvement in Quality of Life:**

- This section is key for us to understand how your program has made a meaningful difference. Please share specific examples or measurable improvements that highlight how the lives of those you serve have improved. This could include health outcomes, emotional well-being, or increased access to resources.

- ***Example:*** "Since launching our diabetes management workshops, 75% of participants reported improved blood sugar control within three months, and 90% stated that they now feel more confident managing their condition. These improvements have led to reduced emergency room visits and overall better health outcomes."

3. **Anticipated Needs:**

- We recognize that the needs of the community are dynamic and may change over time. Please share any shifts in needs that you have observed and what you anticipate will be necessary for the next phase of your program.

- ***Example:*** "We've noticed an increase in mental health concerns, particularly among younger individuals, as more people are reporting anxiety and depression related to financial instability and chronic health issues. We anticipate a growing need for mental health counseling services in the upcoming quarter."

4. **Lessons Learned:**

- Reflecting on the past quarter, we would love to hear about any key takeaways or lessons your team has gained. What approaches have worked well, and where have you encountered challenges? How have these insights shaped your thinking about the program moving forward?

- ***Example:*** "Initially, our community health workshops were not attracting as many participants as we had hoped. After collaborating with local churches and community leaders to spread the word, attendance has tripled, showing us the power of grassroots outreach. We've also learned the importance of providing childcare during sessions, which has made it easier for parents to attend."

5. **Program Evolution and Support Needed:**

- As you look toward the future, how do you see your program evolving to meet emerging challenges or opportunities? We are committed to helping you grow, so if there are resources, training, or additional support that could facilitate this evolution, please let us know.

- ***Example:*** "To address the mental health needs we've identified, we plan to introduce a telehealth component for remote counseling sessions. However, we

will need additional funding to invest in the necessary technology and train staff on virtual care platforms. Expanding our staff to include bilingual counselors would also help us reach non-English-speaking populations more effectively."

Submission Deadline:

Please submit your report by **Friday, October 25**. This will allow us to review the outcomes in a timely manner and provide results to Mayor Deegan.

Please don't hesitate to reach out if you have any questions or need clarification on any of these points. We are here to support you and ensure that you have everything you need to continue making a lasting impact.

We look forward to reading about the amazing progress you've made and how we can work together to continue this important work!

Sincerely,

Lynn Sherman and Sunil Joshi, MD

---

Hi Paul,

The Mayor's communications and writing team are compiling the reports Sunil and I submitted. They asked if we could provide the highlighted information in the list below. How can we get this information?

Thanks for your help!

Program with soft launch in August and full launch with press conference on October 9th 2024. The data is as follows:

- Total Encounters (Physician Virtual visit with patients): 213
- SDoH Navigations (Patients identified and assisted with one or more SDOH-related needs: 88
- Outreach Touchpoints: 1412
- Nursing Consults (Nursing-led sessions focused on care coordination and support): 387
- Prescriptions: 116
- Emergency Department savings: $515,500. The savings are calculated based on average ER costs, patient utilization patterns for avoidable conditions and the projected likelihood of emergency room use within the Jacksonville area.
- Number diverted from ER:
- Number diverted from UF ER:
- Number referred to JaxCare Connect:
- Reporting period is July 15 – September 30

Kind regards,

Lynn

Good afternoon Lynn and Sunil
Here are our numbers from the first few months of the Healthlink JAX program. We are still building out a few additional things to track that will give us even more insight into the types of patients, time of day and various diagnosis. Please take a look at what Jonathan sent and let us know if there is anything else you would like to add or if the format is what you are looking for.

Thank you so much for all of your support and the partnership to make this successful.

Have a great weekend.

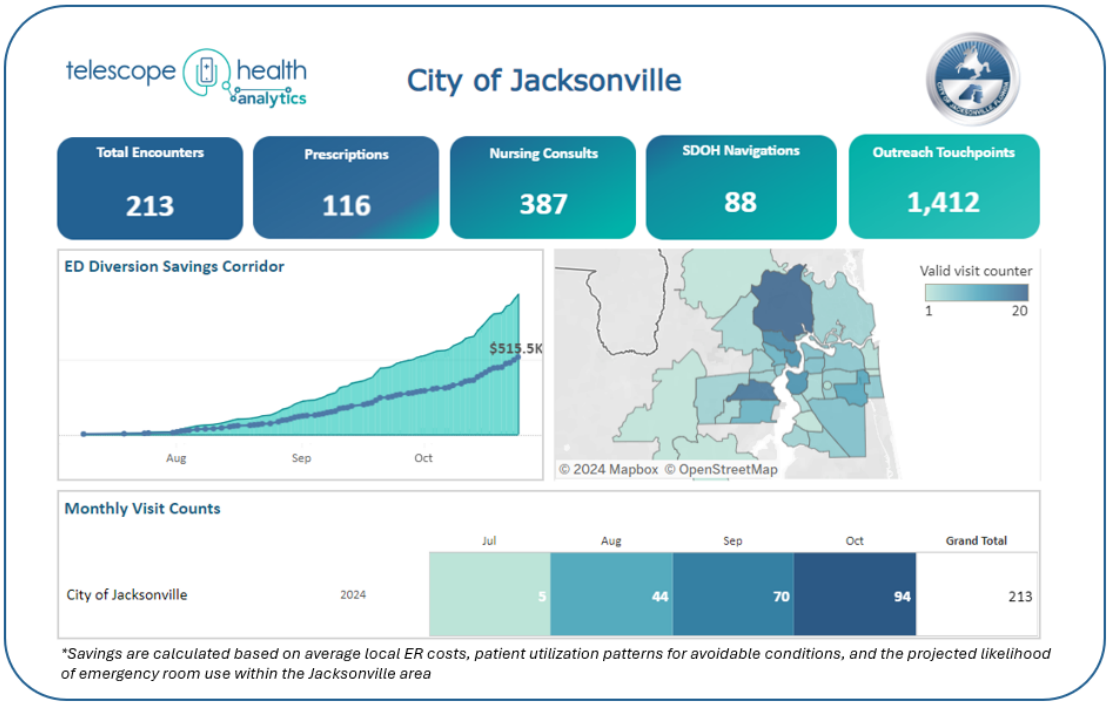
Good afternoon,

We've compiled some initial insights for the City regarding our ongoing efforts and patient interactions. While we're still fine-tuning certain aspects—like time of day patterns, NPS tracking, and visit reason groupings—this report offers an initial overview.

Data definitions:

- *Encounter = Physician virtual visits with patients*
- *Nursing Consults = Nursing-led sessions focused on care coordination and support*
- *SDOH Navigations = Patients identified and assisted with one or more SDOH-related needs*
- *Outreach Touchpoints = Outreach efforts with patients shared by partner health systems*



Let me know if you have any questions.

Thank you,

Jonathan Crist, MHA

Hi team,

Thank you for sharing the amazing early data. There are a few additional questions we will need to answer even this early in the program:

1. Of the 213 people seen virtually by a physician, how many were planning to go to the ER/activate EMS?
2. How many were planning to go to UF Health specifically?
3. How many were referred to JaxCare Connect? Or back to their own PCP?

Also please include any improvement in Quality-of-Life data that you may be able to share at this early stage (probably limited at this point).

Finally, what should the future focus/goals of the program be as move into the next quarter?

Thank you so much!

Sunil

Hi team,

Thank you for sharing the amazing early data. There are a few additional questions we will need to answer even this early in the program:

1. Of the 213 people seen virtually by a physician, how many were planning to go to the ER/activate EMS?
2. How many were planning to go to UF Health specifically?
3. How many were referred to JaxCare Connect? Or back to their own PCP?

Also please include any improvement in Quality-of-Life data that you may be able to share at this early stage (probably limited at this point).

Finally, what should the future focus/goals of the program be as move into the next quarter?

Thank you so much!

Sunil

Good afternoon Lynn and Sunil
Here are our numbers from the first few months of the Healthlink JAX program. We are still building out a few additional things to track that will give us even more insight into the types of patients, time of day and various diagnosis. Please take a look at what Jonathan sent and let us know if there is anything else you would like to add or if the format is what you are looking for.

Thank you so much for all of your support and the partnership to make this successful.

Have a great weekend.

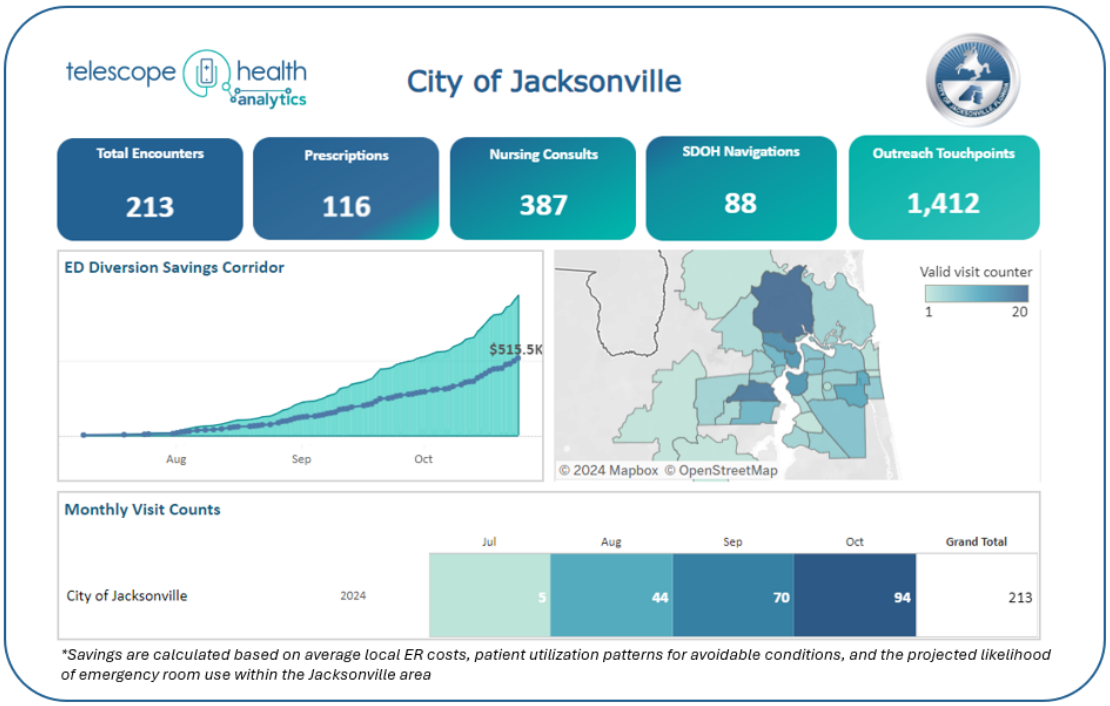
Good afternoon,

We've compiled some initial insights for the City regarding our ongoing efforts and patient interactions. While we're still fine-tuning certain aspects—like time of day patterns, NPS tracking, and visit reason groupings—this report offers an initial overview.

Data definitions:

- *Encounter = Physician virtual visits with patients*
- *Nursing Consults = Nursing-led sessions focused on care coordination and support*
- *SDOH Navigations = Patients identified and assisted with one or more SDOH-related needs*
- *Outreach Touchpoints = Outreach efforts with patients shared by partner health systems*



Let me know if you have any questions.

Thank you,

Jonathan Crist, MHA
Business Intelligence Manager

---

Hi team,

Thank you for sharing the amazing early data. There are a few additional questions we will need to answer even this early in the program:

1. Of the 213 people seen virtually by a physician, how many were planning to go to the ER/activate EMS?
2. How many were planning to go to UF Health specifically?
3. How many were referred to JaxCare Connect? Or back to their own PCP?

Also please include any improvement in Quality-of-Life data that you may be able to share at this early stage (probably limited at this point).

Finally, what should the future focus/goals of the program be as move into the next quarter?

Thank you so much!
Sunil

Good afternoon Lynn and Sunil
Here are our numbers from the first few months of the Healthlink JAX program. We are still building out a few additional things to track that will give us even more insight into the types of patients, time of day and various diagnosis. Please take a look at what Jonathan sent and let us know if there is anything else you would like to add or if the format is what you are looking for.

Thank you so much for all of your support and the partnership to make this successful.

Have a great weekend.

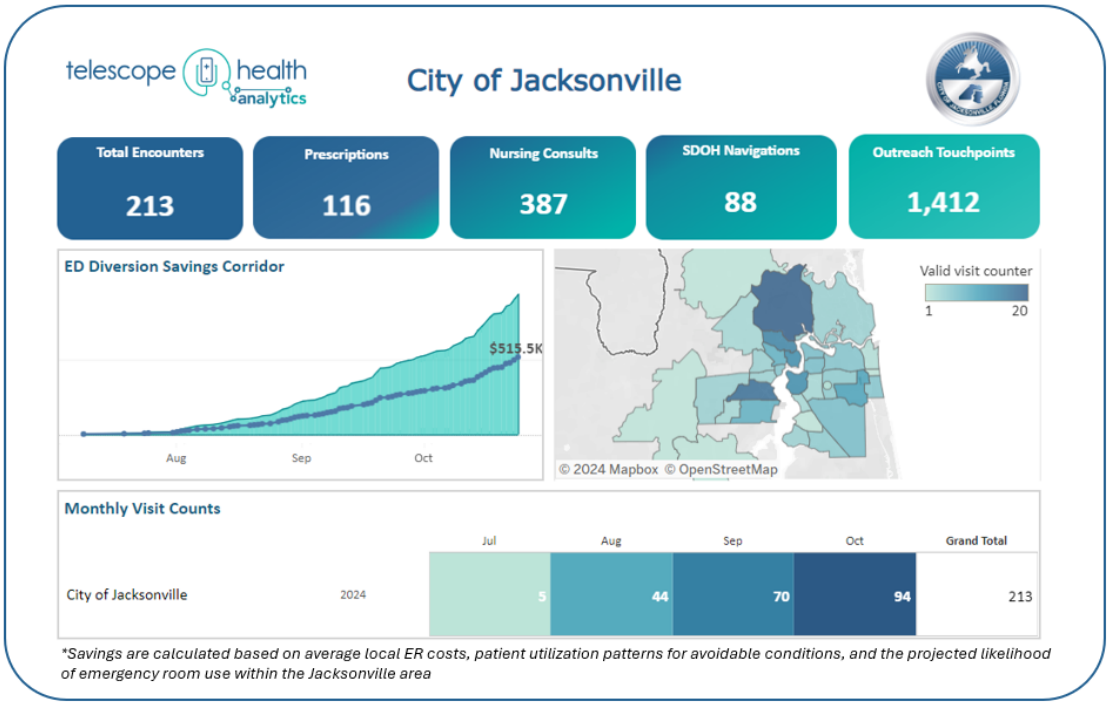
Good afternoon,

We've compiled some initial insights for the City regarding our ongoing efforts and patient interactions. While we're still fine-tuning certain aspects—like time of day patterns, NPS tracking, and visit reason groupings—this report offers an initial overview.

Data definitions:

- *Encounter = Physician virtual visits with patients*
- *Nursing Consults = Nursing-led sessions focused on care coordination and support*
- *SDOH Navigations = Patients identified and assisted with one or more SDOH-related needs*
- *Outreach Touchpoints = Outreach efforts with patients shared by partner health systems*



Let me know if you have any questions.

Thank you,

Jonathan Crist, MHA
Business Intelligence Manager

---

Hi Paul,

The Mayor's communications and writing team are compiling the reports Sunil and I submitted. They asked if we could provide the highlighted information in the list below. How can we get this information?

Thanks for your help!

Program with soft launch in August and full launch with press conference on October 9th 2024. The data is as follows:

- Total Encounters (Physician Virtual visit with patients): 213
- SDoH Navigations (Patients identified and assisted with one or more SDOH-related needs: 88
- Outreach Touchpoints: 1412
- Nursing Consults (Nursing-led sessions focused on care coordination and support): 387
- Prescriptions: 116
- Emergency Department savings: $515,500. The savings are calculated based on average ER costs, patient utilization patterns for avoidable conditions and the projected likelihood of emergency room use within the Jacksonville area.
- Number diverted from ER:
- Number diverted from UF ER:
- Number referred to JaxCare Connect:
- Reporting period is July 15 – September 30

Kind regards,

Lynn

Subject:	RE: Community Health Partners" 2nd Quarter Report- Healthlink JAX
Date:	Monday, February 3, 2025 8:07:32 AM
Attachments:	image001.png image002.png image003.png image004.png image005.png image006.png image007.png image008.png

Good morning Erin,

Thank you so much for the impressive report. I have a few questions:

1. Of the 333 patients seen this quarter, 38.7% would have gone to the ER (based on your data). That would mean about 129 were diverted from the ER. By estimating that taxpayers were saved 805K, that would mean that the ER visit would have been estimated to be $6200. This seems a bit higher than the typical averages.
2. In the patient ER survey distribution, UF Health is listed at 11.3%. Does this mean that of the 38.7% who were planning to go to the ER (129 patients) this quarter, 11.3% were planning to go to UF Health ER for care (14-15 patients)? The graph states that 38 pts were planning to go to UF. Just want to make sure we are clear on this number.
3. 76 patients were referred to JCC this quarter, which is great. Do we have data on how many of these patients were actually seen?

Once again thank you all for your amazing work!

Sunil

Hi Sunil and Lynn,

Thank you for giving Erin and I time to answer these questions. We actually have a few revisions based on the most recent data and Erin will send an updated Second Quarter Report via email shortly. **Please distribute this newly revised report as it most accurately reflects our results.**

For your reference as you are fielding questions from the public and Mayor Deegan, here are some more robust answers to your questions.

Let us know if you have any additional questions. We are excited to see the amazing impact and know this program will continue to reach more lives month over month. Great things ahead for Jacksonville!

Sincerely,

Dr. Matt

Question 1: ***Of the 333 patients seen this quarter, 38.7% would have gone to the ER (based on your data). That would mean about 129 were diverted from the ER. By estimating that taxpayers were saved 805K, that would mean that the ER visit would have been estimated to be $6200. This seems a bit higher than the typical averages.***

Our Estimated Direct ER Diversion Oct-Dec 2024 Cost Savings is actually $887,178

- 333 virtual patients seen x 55% ER Diversion Rate = approx. 183 Patients diverted from the ER
- $4,844 average charge for Duval ER

- 333 x 55% x $4,844 =$887,178
- Total savings since launching is nearly $1.5 million!

How We Got This Number

- Our estimate of direct ER diversion savings takes several variables into account:
    - Blended 55% total population ER diversion rate as supported below.
    - Newly available data from the Florida Agency of Health Care Administration shows an average charge of $4,844 for Duval County ER care for self-pay patients discharged home (figure 1). For comparison, Medicaid average charges in Duval County is actually >$5,000. Florida is extremely costly for ER patients.

- Our post-visit survey (40 participants) showed that 38.7% would have chosen the ER as immediate alternative care. Additionally, we accounted for typical behavior patterns of those who sought no care or alternative options but would have likely ended up in the ER. Studies show that freestanding ERs are often confused with urgent cares. Per NHS, a significant number of patients avoiding care or seeking a clinic end up in the ER. This model, a combination of immediate ER choice and those redirected to the ER from other options, results in a **blended ER diversion rate of approximately 55%**.

- We believe these methods for building a health savings estimate are still conservative. The estimate does not include additional health savings achieved by downstream behavioral and long-term health changes, economic workforce improvements, or preventative care resulting in better management of chronic disease.

Showing 1 to 10 of 10 entries | Previous 1 Next

Figure 1. AHCA Results on Duval County self-pay discharged ER patient charges by hospital

We will continue using our blended ER Diversion Rate (55%) to report on overall direct cost savings. Survey response rates are expected to naturally rise over time as more patients trust and utilize Healthlink JAX services. We will use this survey data to validate diversion rates and understand how each health system is positively impacted by our virtual care.

Sources:

1. fsed-and-ucs_info-paper_final_110215.pdf
2. National Health Statistics Reports, Number 90, 2/18/16

Question 2: In the patient ER survey distribution, UF Health is listed at 11.3%. Does this mean that of the 38.7% who were planning to go to the ER (129 patients) this quarter, 11.3% were planning to go to UF Health ER for care (14-15 patients)? The graph states that 38 pts were planning to go to UF. Just want to make sure we are clear on this number.

11.3% of our survey results, obtained from visits in late December, indicated UF Health ER use as the planned location for immediate care. If we apply this number to our total population of patients seen by a virtual provider from October through December (0.113x333), then **38 potential UF Health ER patients received care through Healthlink Jax.**

Question 3: 76 patients were referred to JCC this quarter, which is great. Do we have data on how many of these patients were actually seen?

Healthlink Jax navigation team refers as many people as possible through JCC. Out of the 333 virtual physician visits, 76 patients agreed to a referral to JCC. Based on available data, more than 70% (54 patients) are active in the JCC network and have been connected to a safety net clinic, such as Agape, MASS, or Sulzbacher.

Good morning Erin,

Thank you so much for the impressive report. I have a few questions:

1. Of the 333 patients seen this quarter, 38.7% would have gone to the ER (based on your data). That would mean about 129 were diverted from the ER. By estimating that taxpayers were saved 805K, that would mean that the ER visit would have been estimated to be $6200. This seems a bit higher than the typical averages.
2. In the patient ER survey distribution, UF Health is listed at 11.3%. Does this mean that of the 38.7% who were planning to go to the ER (129 patients) this quarter, 11.3% were planning to go to UF Health ER for care (14-15 patients)? The graph states that 38 pts were planning to go to UF. Just want to make sure we are clear on this number.
3. 76 patients were referred to JCC this quarter, which is great. Do we have data on how many of these patients were actually seen?

Once again thank you all for your amazing work!

Sunil

Hi Sunil and Lynn,

Thank you for giving Erin and I time to answer these questions. We actually have a few revisions based on the most recent data and Erin will send an updated Second Quarter Report via email shortly. **Please distribute this newly revised report as it most accurately reflects our results.**

For your reference as you are fielding questions from the public and Mayor Deegan, here are some more robust answers to your questions.

Let us know if you have any additional questions. We are excited to see the amazing impact and know this program will continue to reach more lives month over month. Great things ahead for Jacksonville!

Sincerely,

Dr. Matt

Question 1: ***Of the 333 patients seen this quarter, 38.7% would have gone to the ER (based on your data). That would mean about 129 were diverted from the ER. By estimating that taxpayers were saved 805K, that would mean that the ER visit would have been estimated to be $6200. This seems a bit higher than the typical averages.***

Our Estimated Direct ER Diversion Oct-Dec 2024 Cost Savings is actually $887,178

- 333 virtual patients seen x 55% ER Diversion Rate = approx. 183 Patients diverted from the ER
- $4,844 average charge for Duval ER

- 333 x 55% x $4,844 =$887,178
- Total savings since launching is nearly $1.5 million!

How We Got This Number

- Our estimate of direct ER diversion savings takes several variables into account:
    - Blended 55% total population ER diversion rate as supported below.
    - Newly available data from the Florida Agency of Health Care Administration shows an average charge of $4,844 for Duval County ER care for self-pay patients discharged home (figure 1). For comparison, Medicaid average charges in Duval County is actually >$5,000. Florida is extremely costly for ER patients.

- Our post-visit survey (40 participants) showed that 38.7% would have chosen the ER as immediate alternative care. Additionally, we accounted for typical behavior patterns of those who sought no care or alternative options but would have likely ended up in the ER. Studies show that freestanding ERs are often confused with urgent cares. Per NHS, a significant number of patients avoiding care or seeking a clinic end up in the ER. This model, a combination of immediate ER choice and those redirected to the ER from other options, results in a **blended ER diversion rate of approximately 55%**.

- We believe these methods for building a health savings estimate are still conservative. The estimate does not include additional health savings achieved by downstream behavioral and long-term health changes, economic workforce improvements, or preventative care resulting in better management of chronic disease.

Good morning Erin,

Thank you so much for the impressive report. I have a few questions:

1. Of the 333 patients seen this quarter, 38.7% would have gone to the ER (based on your data). That would mean about 129 were diverted from the ER. By estimating that taxpayers were saved 805K, that would mean that the ER visit would have been estimated to be $6200. This seems a bit higher than the typical averages.
2. In the patient ER survey distribution, UF Health is listed at 11.3%. Does this mean that of the 38.7% who were planning to go to the ER (129 patients) this quarter, 11.3% were planning to go to UF Health ER for care (14-15 patients)? The graph states that 38 pts were planning to go to UF. Just want to make sure we are clear on this number.
3. 76 patients were referred to JCC this quarter, which is great. Do we have data on how many of these patients were actually seen?

Once again thank you all for your amazing work!

Sunil

Hi Sunil and Lynn,

Thank you for giving Erin and I time to answer these questions. We actually have a few revisions based on the most recent data and Erin will send an updated Second Quarter Report via email shortly. **Please distribute this newly revised report as it most accurately reflects our results.**

For your reference as you are fielding questions from the public and Mayor Deegan, here are some more robust answers to your questions.

Let us know if you have any additional questions. We are excited to see the amazing impact and know this program will continue to reach more lives month over month. Great things ahead for Jacksonville!

Sincerely,

Dr. Matt

Question 1: ***Of the 333 patients seen this quarter, 38.7% would have gone to the ER (based on your data). That would mean about 129 were diverted from the ER. By estimating that taxpayers were saved 805K, that would mean that the ER visit would have been estimated to be $6200. This seems a bit higher than the typical averages.***

Our Estimated Direct ER Diversion Oct-Dec 2024 Cost Savings is actually $887,178

- 333 virtual patients seen x 55% ER Diversion Rate = approx. 183 Patients diverted from the ER
- $4,844 average charge for Duval ER

- 333 x 55% x $4,844 =$887,178
- Total savings since launching is nearly $1.5 million!

How We Got This Number

- Our estimate of direct ER diversion savings takes several variables into account:
    - Blended 55% total population ER diversion rate as supported below.
    - Newly available data from the Florida Agency of Health Care Administration shows an average charge of $4,844 for Duval County ER care for self-pay patients discharged home (figure 1). For comparison, Medicaid average charges in Duval County is actually >$5,000. Florida is extremely costly for ER patients.

- Our post-visit survey (40 participants) showed that 38.7% would have chosen the ER as immediate alternative care. Additionally, we accounted for typical behavior patterns of those who sought no care or alternative options but would have likely ended up in the ER. Studies show that freestanding ERs are often confused with urgent cares. Per NHS, a significant number of patients avoiding care or seeking a clinic end up in the ER. This model, a combination of immediate ER choice and those redirected to the ER from other options, results in a **blended ER diversion rate of approximately 55%**.

- We believe these methods for building a health savings estimate are still conservative. The estimate does not include additional health savings achieved by downstream behavioral and long-term health changes, economic workforce improvements, or preventative care resulting in better management of chronic disease.

Total	**165,247**	**100.0%**	**$800,514,124**	**100.0%**	**$4,844**

Showing 1 to 10 of 10 entries | Previous 1 Next

Figure 1. AHCA Results on Duval County self-pay discharged ER patient charges by hospital

We will continue using our blended ER Diversion Rate (55%) to report on overall direct cost savings. Survey response rates are expected to naturally rise over time as more patients trust and utilize Healthlink JAX services. We will use this survey data to validate diversion rates and understand how each health system is positively impacted by our virtual care.

Sources:

1. fsed-and-ucs_info-paper_final_110215.pdf
2. National Health Statistics Reports, Number 90, 2/18/16

Question 2: In the patient ER survey distribution, UF Health is listed at 11.3%. Does this mean that of the 38.7% who were planning to go to the ER (129 patients) this quarter, 11.3% were planning to go to UF Health ER for care (14-15 patients)? The graph states that 38 pts were planning to go to UF. Just want to make sure we are clear on this number.

11.3% of our survey results, obtained from visits in late December, indicated UF Health ER use as the planned location for immediate care. If we apply this number to our total population of patients seen by a virtual provider from October through December (0.113x333), then **38 potential UF Health ER patients received care through Healthlink Jax.**

Question 3: 76 patients were referred to JCC this quarter, which is great. Do we have data on how many of these patients were actually seen?

Healthlink Jax navigation team refers as many people as possible through JCC. Out of the 333 virtual physician visits, 76 patients agreed to a referral to JCC. Based on available data, more than 70% (54 patients) are active in the JCC network and have been connected to a safety net clinic, such as Agape, MASS, or Sulzbacher.

Hi Community Health Partners,

Sunil and I want to say THANK YOU to those of you who have already turned in your 2nd Quarter Report.

We just want to send a reminder to everyone else of the importance of providing your program report no later than Friday 1/31.

This will allow us time to provide our required reports to the Mayor as soon as possible.

We appreciate all you!

Kind regards,

Lynn

Lynn C. Sherman, MHA, CCHL

A NEW DAY.

From: Sherman, Lynn - Mayor's Office
Sent: Friday, January 10, 2025 10:58 AM
Cc: Joshi, Sunil - Mayor's Office <SJoshi@coj.net>
Subject: Community Health Partners' 2nd Quarter Report

Dear Community Health Partners,

Happy New Year! We hope you are off to a great start.

We have arrived at the end of the 2nd quarter of your funding period, we are

requesting your report on the outcomes of your program activities for October, November, and December.
This report is vital for us to assess the progress and impact of the grant and understand how we can support your work moving forward. Below are the key areas we would like you to address, along with random examples to help guide your responses:

1. **Statistical Data and Number of People Served:**

- We'd love to see any available data showing the reach of your program. This could include the number of people you've served, demographic details, or other metrics that reflect the scale of your efforts.

- ***Example:*** "Over the past quarter, we provided health services to 500 individuals, 60% of whom were uninsured. Our health clinic also provided 100 social determinants of health services such as transportation, food, etc. We reached three new areas in Duval where access to healthcare services has been historically limited."

2. **Improvement in Quality of Life:**

- This section is key for us to understand how your program has made a meaningful difference. Please share specific examples or measurable improvements that highlight how the lives of those you serve have improved. This could include health outcomes, emotional well-being, or increased access to resources.

- ***Example:*** "Since launching our diabetes management workshops, 75% of participants reported improved blood sugar control within three months, and 90% stated that they now feel more confident managing their condition. These improvements have led to reduced emergency room visits and overall better health outcomes."

3. **Anticipated Needs:**

- We recognize that the needs of the community are dynamic and may change over time. Please share any shifts in needs that you have observed and what you anticipate will be necessary for the next phase of your program.

- ***Example:*** "We've noticed an increase in mental health concerns, particularly among younger individuals, as more people are reporting anxiety and depression related to financial instability and chronic health issues. We anticipate a growing need for mental health counseling services in the upcoming quarter."

4. **Lessons Learned:**

- Reflecting on the past quarter, we would love to hear about any key takeaways or lessons your team has gained. What approaches have worked well, and where have you encountered challenges? How have these insights shaped your thinking about the program moving forward?

- ***Example:*** "Initially, our community health workshops were not attracting as many participants as we had hoped. After collaborating with local churches and community leaders to spread the word, attendance has tripled, showing us the power of grassroots outreach. We've also learned the importance of providing childcare during sessions, which has made it easier for parents to attend."

5. **Program Evolution and Support Needed:**

- As you look toward the future, how do you see your program evolving to meet emerging challenges or opportunities? We are committed to helping you grow, so if there are resources, training, or additional support that could facilitate this evolution, please let us know.

- ***Example:*** "To address the mental health needs we've identified, we plan to introduce a telehealth component for remote counseling sessions. However, we will need additional funding to invest in the necessary technology and train staff on virtual care platforms. Expanding our staff to include bilingual counselors would also help us reach non-English-speaking populations more effectively."

For some of you, we reached out after you submitted your report to ask for additional details because of the uniqueness of what you do. Please include those details in this report.

Submission Deadline:

Please submit your report by **Friday, January 31st,** so that we can provide a report to the Mayor in a timely manner.

Please don't hesitate to reach out if you have any questions or need clarification on any of these points. We are here to support you and ensure that you have everything you need to continue making a lasting impact.

We look forward to reading about the amazing progress you've made and how we can work together to continue this important work!

Thank you so much for all you do!

Sincerely,

Sunil Joshi, MD and Lynn Sherman

Sunil- Thank you for this great introduction.

Jose- we would love to chat about Healthlink JAX and opportunities to collaborate on this program. If you can let me know what your schedule looks like over the next two weeks, I'll set up a meeting.

Looking forward to chatting. Have a great weekend!

Hi Jose,

I hope you are doing well. Last week I presented the COJ Health Programs to the Leadership Jacksonville cohort. There were a few members of the class who work for DCPS who asked for connections to folks helping us run Healthlink Jax.

I have included Erin Harris, Paul Sapia and Matt Thompson on this email. They are with Telescope Health, our private partner in Healthlink Jax.

This connection should be valuable in DCPS' efforts to help families improve access to health care in Duval County.

Let me know if you have any questions!

Sunil- Thank you for this great introduction.

Jose- we would love to chat about Healthlink JAX and opportunities to collaborate on this program. If you can let me know what your schedule looks like over the next two weeks, I'll set up a meeting.

Looking forward to chatting. Have a great weekend!

Erin

Hi Jose,

I hope you are doing well. Last week I presented the COJ Health Programs to the Leadership Jacksonville cohort. There were a few members of the class who work for DCPS who asked for connections to folks helping us run Healthlink Jax.

I have included Erin Harris, Paul Sapia and Matt Thompson on this email. They are with Telescope Health, our private partner in Healthlink Jax.

This connection should be valuable in DCPS' efforts to help families improve access to health care in Duval County.

Let me know if you have any questions!

Good Afternoon Sunil and Team,

Thank you for the communication, I will be making sure I make the connection with the right team to make sure these conversations happens.

My reason for contacting you all was to invite you to our annual Free Community Resource Fair event designed to connect Jacksonville residents with essential services. This event aligns perfectly with your organizations mission of empowering the community, and we believe your participation would be invaluable.

Event Overview:

This event aims to address critical community needs by:

- **Increasing awareness:** Connecting residents with essential resources such as healthcare, food assistance, and housing support.
- **Providing direct access:** Offering on-site services like health screenings, immigration assistance, and mental health consultations.
- **Fostering community:** Creating a welcoming space for residents to connect with service providers and each other.

Key Activities:

- Healthcare screenings and consultations
- Immigration service guidance and resources
- Mental health support services
- Food pantry access and nutritional guidance
- Clothing closet access for students and families
- Transportation assistance options
- Case management services
- Educational workshops (e.g., English language acquisition)
- And many more…

Event Details:

- **Date:** Saturday, April 12th
- **Time:** 10:00 AM - 12:00 PM
- **Location:** Englewood Elementary (4359 Spring Park Rd, Jacksonville, FL 32207)

By partnering with your organization, we can create a positive and impactful event for the people of Jacksonville.

We would be grateful for your attendance and participation. Please feel free to contact me or Ms. Marian Ocaña (CC'd) with any questions.

Thank you for your time and consideration.

Best Regards,

Sunil- Thank you for this great introduction.

Jose- we would love to chat about Healthlink JAX and opportunities to collaborate on this program. If you can let me know what your schedule looks like over the next two weeks, I'll set up a meeting.

Looking forward to chatting. Have a great weekend!

Erin

Hi Jose,

I hope you are doing well. Last week I presented the COJ Health Programs to the Leadership Jacksonville cohort. There were a few members of the class who work for DCPS who asked for connections to folks helping us run Healthlink Jax.

I have included Erin Harris, Paul Sapia and Matt Thompson on this email. They are with Telescope Health, our private partner in Healthlink Jax.

This connection should be valuable in DCPS' efforts to help families improve access to health care in Duval County.

Let me know if you have any questions!

Sunil

Good Afternoon Sunil and Team,

Thank you for the communication, I will be making sure I make the connection with the right team to make sure these conversations happens.

My reason for contacting you all was to invite you to our annual Free Community Resource Fair event designed to connect Jacksonville residents with essential services. This event aligns perfectly with your organizations mission of empowering the community, and we believe your participation would be invaluable.

Event Overview:

This event aims to address critical community needs by:

- **Increasing awareness:** Connecting residents with essential resources such as healthcare, food assistance, and housing support.
- **Providing direct access:** Offering on-site services like health screenings, immigration assistance, and mental health consultations.
- **Fostering community:** Creating a welcoming space for residents to connect with service providers and each other.

Key Activities:

- Healthcare screenings and consultations
- Immigration service guidance and resources
- Mental health support services
- Food pantry access and nutritional guidance
- Clothing closet access for students and families
- Transportation assistance options
- Case management services
- Educational workshops (e.g., English language acquisition)
- And many more…

Event Details:

- **Date:** Saturday, April 12th
- **Time:** 10:00 AM - 12:00 PM
- **Location:** Englewood Elementary (4359 Spring Park Rd, Jacksonville, FL 32207)

By partnering with your organization, we can create a positive and impactful event for the people of Jacksonville.

We would be grateful for your attendance and participation. Please feel free to contact me or Ms. Marian Ocaña (CC'd) with any questions.

Thank you for your time and consideration.

Subject: DCPS and HealthLink Jax

Hi Jose,

I hope you are doing well. Last week I presented the COJ Health Programs to the Leadership Jacksonville cohort. There were a few members of the class who work for DCPS who asked for connections to folks helping us run Healthlink Jax.

I have included Erin Harris, Paul Sapia and Matt Thompson on this email. They are with Telescope Health, our private partner in Healthlink Jax.

This connection should be valuable in DCPS' efforts to help families improve access to health care in Duval County.

Let me know if you have any questions!

Sunil

Thanks, Heather. This has been shared with Stacey. I think we can keep it pretty high-level with future goals – planning to expand to meet more patients' needs throughout the region. That should cover it.

And no worries on anything political – I'll make sure Paul knows.

Thank you. Just so you are aware, Dr. Joshi is joining virtually, and has a hard stop at 925/930 (I spoke to Stacey earlier and she is aware).

Also, they will take calls and listeners comments during the segment, since it's the lead.

Are you planning to send this to Stacey? She had asked me for some numbers, which

I was planning to send this afternoon, but this covers them. Only other numbers she wanted were ones related to future goals - do we have those?

Lastly, please let Dr. Joshi handle any questions they may ask that veer more into anything political.

Thanks!

Hey Phil & Heather,
I'm assuming you're aware but just wanted to get us all on the same page – Dr. Joshi and Telescope Health's Chief Population Health Officer Paul Sapia will be on First Coast Connect on Monday to discuss Healthlink JAX. Al Emerick will be filling in for Anne Schindler on the episode and it sounds like the producers had a direct line to Dr. Joshi to schedule his involvement.

They'd like to make this a little longer of an interview, so I've drafted a potential run of show. If you have any questions before Monday's interview, please let me know.

Thank you,

Subject: eIntroduction: Health Link Jax

Hi Greg,

I hope this message finds you doing well. As the leader of Jacksonville's Small and Emerging Businesses (JSEB), I thought this would be a City initiative that you would

want your members to know about.

You may be aware that Mayor Deegan's health team initiated a telehealth emergency room diversion initiative that allows uninsured people to talk directly to a doctor instead of going to the emergency room for an issue that can be treated in a doctor's office. The program also assists them with connecting to a Federally Qualified Health Center that will provide ongoing primary care for employed but uninsured people. Since it began in October 2024, this program has saved local taxpayers 1.4 million dollars.

We want to introduce and connect this program to local small businesses for employees not covered by insurance through their employers. Can you assist us with making them aware of this opportunity for healthcare for their employees?

We would like the opportunity to get in front of them if possible. If not, figure out a way to share the attached collateral. I have attached collateral used to explain the program.

I have copied Erin Harris on this email, who works with Telescope Health. She can help you with how to best offer this opportunity to your small business leaders.

Erin and I look forward to learning your thoughts on this possibility.

Kind regards,

Lynn

Hi Greg,

I hope this message finds you doing well. As the leader of Jacksonville's Small and Emerging Businesses (JSEB), I thought this would be a City initiative that you would

want your members to know about.

You may be aware that Mayor Deegan's health team initiated a telehealth emergency room diversion initiative that allows uninsured people to talk directly to a doctor instead of going to the emergency room for an issue that can be treated in a doctor's office. The program also assists them with connecting to a Federally Qualified Health Center that will provide ongoing primary care for employed but uninsured people. Since it began in October 2024, this program has saved local taxpayers 1.4 million dollars.

We want to introduce and connect this program to local small businesses for employees not covered by insurance through their employers. Can you assist us with making them aware of this opportunity for healthcare for their employees?

We would like the opportunity to get in front of them if possible. If not, figure out a way to share the attached collateral. I have attached collateral used to explain the program.

I have copied Erin Harris on this email, who works with Telescope Health. She can help you with how to best offer this opportunity to your small business leaders.

Erin and I look forward to learning your thoughts on this possibility.

Kind regards,

Lynn

Hi Greg,

I hope this message finds you doing well. As the leader of Jacksonville's Small and Emerging Businesses (JSEB), I thought this would be a City initiative that you would want your members to know about.

You may be aware that Mayor Deegan's health team initiated a telehealth emergency room diversion initiative that allows uninsured people to talk directly to a doctor instead of going to the emergency room for an issue that can be treated in a doctor's office. The program also assists them with connecting to a Federally Qualified Health Center that will provide ongoing primary care for employed but uninsured people. Since it began in October 2024, this program has saved local taxpayers 1.4 million dollars.

We want to introduce and connect this program to local small businesses for employees not covered by insurance through their employers. Can you assist us with making them aware of this opportunity for healthcare for their employees?

We would like the opportunity to get in front of them if possible. If not, figure out a way to share the attached collateral. I have attached collateral used to explain the program.

I have copied Erin Harris on this email, who works with Telescope Health. She can help you with how to best offer this opportunity to your small business leaders.

Erin and I look forward to learning your thoughts on this possibility.

Kind regards,

Lynn

Subject: eIntroduction: Health Link Jax

Hi Greg,

I hope this message finds you doing well. As the leader of Jacksonville's Small and Emerging Businesses (JSEB), I thought this would be a City initiative that you would want your members to know about.

You may be aware that Mayor Deegan's health team initiated a telehealth emergency room diversion initiative that allows uninsured people to talk directly to a doctor instead of going to the emergency room for an issue that can be treated in a doctor's office. The program also assists them with connecting to a Federally Qualified Health Center that will provide ongoing primary care for employed but uninsured people. Since it began in October 2024, this program has saved local taxpayers 1.4 million dollars.

We want to introduce and connect this program to local small businesses for employees not covered by insurance through their employers. Can you assist us with making them aware of this opportunity for healthcare for their employees?

We would like the opportunity to get in front of them if possible. If not, figure out a way to share the attached collateral. I have attached collateral used to explain the program.

I have copied Erin Harris on this email, who works with Telescope Health. She can help you with how to best offer this opportunity to your small business leaders.

Erin and I look forward to learning your thoughts on this possibility.

Kind regards,

Lynn

Hi Lynn,

I will be working on compiling the list of pastors that you and Paul would like to invite to the lunch on November 12th. I plan to send this list to Munz to see if there is anyone from his network that should receive an invite. Would you mind sending me your list on Monday when you get a chance?

I'll also have Sydney send over the invite image for your approval as well.

Thanks!

Hi Lynn and Cantrece,

Here is the list from Paul of his contacts in faith community that he would like to invite

to the lunch on Tuesday, November 12th at Seasons 52. I would love to include leaders that you feel would help spread the word of Healthlink JAX to their community. After I have the full list tomorrow I'll send it over to Michael and the Dalton agency to see if they have any additions. Thanks so much!

This is wonderful Lynn. I'll send over the invite for your approval tomorrow. Then you can let us know if there are any you want to personally invite or if you just want to be cc'd on their invite.

Thanks!

My two cents…

Do you think you should add something that will connect this program to their congregants? That's what they really care about and I'm not sure we should make the assumption that they will pick that up from the invitation as it is.

Discover how Healthlink JAX can support all healthcare needs of your uninsured congregants and the surrounding neighborhood.

Free Program!

Yes, we can certainly adjust that on the image. I also thought about including the following written message:

Dear [Faith Leader's Name],

We are excited to invite you to join us for lunch to learn about an impactful initiative that could serve the **healthcare needs of your uninsured congregants** and surrounding community.

In partnership with the **City of Jacksonville,**Healthlink JAX offers **24/7 healthcare access for uninsured residents** in our city. Our team of dedicated doctors and care navigators is available at all hours to provide answers, treat illnesses, refill prescriptions, or perform preventive checkups—for **FREE** to those who need it most.

This is more than healthcare; it's about creating a healthier, stronger Jacksonville. **At this lunch event, we'll share how you and your congregation can access these resources, ask questions, and explore ways we can support the well-being of those in your community.**

Healthlink JAX Faith Leader Lunch

- Date: Tuesday, November 12th
- Time: 12:00pm
- Location: Seasons 52- 5096 Big Island Drive, Jacksonville

Please RSVP by November 7th to ensure we reserve your seat. We're honored to have the chance to partner with you in making a difference and look forward to the opportunity to work together for the well-being of our community.

Good afternoon,

I have attached the notes from our Find Help task force that took place on 10/16, please accept my apologies getting them out so late.

We would like to schedule another session with this group to discuss further steps and review the Find Help proposal that has been sent.

Please let me know if you are available below for a follow up meeting:

	11/7: 3-3:30	11/8: 3-3:45	11/14: 10-11	11/18: 9-11
Kelli Tice	Yes	Yes	Yes	Yes
Coretta Hill				
Paul Sapia				
Jessie Roush	Yes	Yes	No	Yes
Paula Bides				
Lynn Sherman	Yes	No	No	No
Lisa Moore				

Once I hear from you, I will schedule. Thank you for your help and have a great day!

Good afternoon,

I have attached the notes from our Find Help task force that took place on 10/16, please accept my apologies getting them out so late.

We would like to schedule another session with this group to discuss further steps and review the Find Help proposal that has been sent.

Please let me know if you are available below for a follow up meeting:

	11/7: 3-3:30	11/8: 3-3:45	11/14: 10-11	11/18: 9-11
Kelli Tice	Yes	Yes	Yes	Yes
Coretta Hill				
Paul Sapia				
Jessie Roush	Yes	Yes	No	Yes
Paula Bides				
Lynn Sherman	Yes	No	No	No
Lisa Moore				

Once I hear from you, I will schedule. Thank you for your help and have a great day!

Subject: UNF Nourish to Flourish/CCFP

Hi Jamie,

During our meeting today Angela mentioned the Child Care Food Program (CCFP) at the Department of Health which is very closely aligned to Nourish to Flourish. This opportunity adds a

component of profiting $5.46 per meal. Additionally, becoming CCFP provider would bring to fruition the vision of the Benefactor - to become a national program. I have attached additional information for you to review.

There is an upcoming info session that Angela would like for us to attend. I have copied her on this email so that we can begin dialogue. Dr. Arikawa mentioned interns could also assist.

Subject: UNF Nourish to Flourish/CCFP

Hi Jamie,

During our meeting today Angela mentioned the Child Care Food Program (CCFP) at the Department of Health which is very closely aligned to Nourish to Flourish. This opportunity adds a component of profiting $5.46 per meal. Additionally, becoming CCFP provider would bring to fruition the vision of the Benefactor - to become a national program. I have attached additional information for you to review.

There is an upcoming info session that Angela would like for us to attend. I have copied her on this email so that we can begin dialogue. Dr. Arikawa mentioned interns could also assist.

For the Center, we are truly focusing on the sustainability of the current programs. We don't have the resources to maintain let alone start new programs.

Collaborating with other organizations would be ideal. City contracts with consistent income like the one you mentioned (CCFP) would be a great partnership and help sustain programs. This would also allow us to expand the current programs to serve more individuals.

I think student engagement (internships, TLO's clinical rotations, etc.) and research are probably the main interests of the Department, but I will let Dr. Arikawa speak to that.

Dear Mayor Deegan, Lynn, Sunil, and the entire staff (please forward),

This Thanksgiving, we are thankful for your leadership.

You held on to your ideals and created something for this city that did not yet exist.
We are honored to be a part of this.

You have already provided hope for hundreds of people who have been overlooked in our healthcare system.
We are honored to be a part of this.

You have shown both sides of the aisle and countless organizations that collaboration creates action.
We are honored to be a part of this.

You have led Jacksonville to be an example of innovation and cost reduction for the rest of the state and country.
We are honored to be a part of this.

Telescope Health is so grateful for your partnership. We will do great things for this community together!

Sincerely,

Dr. Matt and Team Telescope

Subject: Health Literacy Evaluator Orientation Option #2
When: Friday, March 14, 2025 10:00 AM-10:30 AM.
Where: Microsoft Teams Meeting

Thank you all for agreeing to volunteer as evaluators for our Health Literacy Microgrant. We are actively working to make the community aware of the opportunity and we have begun to collect applications. Below is a timeline for the grant process so that you can plan accordingly. Shortly, I will be sending calendar invites for the orientations next week. Keep in mind that we are only asking you to attend **one** of the orientation times, and the sessions will be recorded for those who are not able to join us.

Evaluator Orientations	**Two Options** - Tuesday, March 11, 2025 (2:00 p.m. - 2:30 p.m.) OR Friday, March 14, 2025 (10:00 a.m. - 10:30 a.m.)
Grant Application Closes	Friday, March 7, 2025
Evaluators Assigned Applications	Monday, March 17, 2025
Evaluator Reviews Due	Tuesday, April 1, 2025
Huddle with Evaluators to Review Results	Wednesday, April 9, 2025 OR Friday, April 11, 2025 (Time TBD - Poll will be sent)
Grant Awards Announced	April 14, 2025
Grant Programming Begins	May 1, 2025

Feel free to reach out to me with any questions or concerns. We look forward to working with you to help us decide on the most appropriate grantees.

All the best,

Angela

Hi Erin,

Thanks for sending the logo samples. I have added Phil Perry and Melissa Ross to the distribution because Heather is on vacation this week.

All of the logos look great, but my favorite is concept 2b or 2d. The experts on our team will weigh in soon.

And…Thank you for the presentation yesterday! I'm so excited about how this innovative initiative is already helping the uninsured in Jacksonville!

Kind regards,

Hi all,

We will have our EMTs set up at the Community Impact Day at Edward Waters University this weekend. Wanted to run this social post by you all for approval to publish tomorrow to get the word out.

Image attached
Caption:

"Join Healthlink JAX at Community Impact Day on February 22, 10 AM – 12 PM for free preventative health checks through our EMT Outreach Program!

Our EMTs will provide on-site health screenings—checking vital signs, weight, and blood sugar—to help identify health concerns early. If needed, they'll connect you with a virtual doctor on the spot for immediate care.

Stop by and get checked for free. ✅

Learn more about our EMT Outreach Program at healthlinkjax.com."

Thank you!

Hi all,

We will have our EMTs set up at the Community Impact Day at Edward Waters University this weekend. Wanted to run this social post by you all for approval to publish tomorrow to get the word out.

Image attached
Caption:

"Join Healthlink JAX at Community Impact Day on February 22, 10 AM – 12 PM for free preventative health checks through our EMT Outreach Program!

Our EMTs will provide on-site health screenings—checking vital signs, weight, and blood sugar—to help identify health concerns early. If needed, they'll connect you with a virtual doctor on the spot for immediate care.

Stop by and get checked for free. ✅

Learn more about our EMT Outreach Program at healthlinkjax.com."

Thank you!

Hi Sharyn,

I wanted to check on some details for the JaxReady Fest. We will be there to

represent Healthlink JAX.

Here are my questions:

- Are tables/chairs are provided or do we need to bring our own? **Yes, there will be a table, 2 chairs and a trash can at each booth.**
- Do we remove our materials on Friday and bring them back on Saturday? **No, you can leave materials overnight.**
- Does our staff need to bring their lunch or will there be food options close by? **They can bring their own food, have food delivered, or can grab something from Smoke Stax in the West Concourse. They provide Grab & Go fast and convenient service for all. Please note the concessions are cashless, accepting all major credit cards and Apple Pay.**

Thank you!

Hi there!

Below are two posts to share this week with attached images we'll license and add the Healthlink JAX logo on. Let me know if you'd like any edits!

Post 1:
Healthlink JAX and the @City of Jacksonville are partnering to provide uninsured #Jacksonville residents with 24/7 #healthcare access. Our team of doctors and care navigators are here for you anytime to answer questions, treat illnesses, refill prescriptions, or get preventative checkups.

Connect with our care team by calling 904-925-CARE (2273).

Learn more: [LINK to landing page]

Post 2:
Accessing #healthcare just got easier for Duval County residents. With Healthlink JAX and @City of Jacksonville, uninsured residents can get medical care anytime, anywhere - completely free. Whether you need a check-up, prescription refill, or help with an illness, our doctors are ready to help.

Call 904-925-CARE (2273) or visit our website to learn more: [LINK to landing page]

Thank you!

Hi Lauren,

We have another EMT location to be added to the Healthlink JAX page.

- **Mount Olive Primitive Baptist Church**
  - Mount Olive Primitive Baptist Church Food Pantry serves the Jacksonville community by providing essential groceries to those in need.
  - **Hours:** 2nd Thursday of the month from 12pm to 2pm
  - **Location:** 1319 Myrtle Ave N, Jacksonville, FL 32209
  - **Services:** Preventative health checks with an EMT during food pantry distribution.

Thank you!

Sydney Reid, MBA
Marketing Coordinator

Hi Lauren,

Happy Friday! We have another EMT location we would like to have added to the Healthlink

JAX page. Let us know what else you may need. Thanks again!

-Erin

- **Gateway to Heaven**
  - Gateway to Heaven Christian Church offers a clothes closet and food pantry serving the Jacksonville community.
  - **Hours**: 1st and 3rd Saturday of the month from 9am to 12pm
  - **Location**: 929 Peninsular Place, Jacksonville
  - **Services**: Preventative health checks with an EMT during food pantry distribution.

Great to see you both this morning and congratulations to the entire team on the success of the PATH outreach team!

Please allow me to e-introduce you to Erin Harris and Paul Sapia - providers of the city's Healthlink JAX program.
This is the program I mentioned this morning. It's perfect for folks who are uninsured (homeless or folks JFRD encounters) that do not necessarily need to go to the ER. This program has already saved the city $1 million and the more folks know about it, the more money can be saved.

Paul and Erin, I'll leave it to the two of you to take it from here. As always, if there is anything I can do, please let me know.

Tracye

Hi Al,

Please allow me to e-introduce you to Paul Sapia and Erin Harris. I met with them yesterday about the City's Healthlinks Jax program (see attached materials). This program has already saved the city over $1 million and counting by reducing the number of people going to our local emergency rooms for nonemergent healthcare needs.

Paul and Erin, I'll leave it to the two of you to describe more about this impactful program.

Thank you, Director Polson.

Erin and Paul, let's get together to discuss how we can potentially integrate your services into our everyday operations. Do you have availability next week?

Great to see you both this morning and congratulations to the entire team on the success of the PATH outreach team!

Please allow me to e-introduce you to Erin Harris and Paul Sapia - providers of the city's Healthlink JAX program.
This is the program I mentioned this morning. It's perfect for folks who are uninsured (homeless or folks JFRD encounters) that do not necessarily need to go to the ER. This program has already saved the city $1 million and the more folks know about it, the more money can be saved.

Paul and Erin, I'll leave it to the two of you to take it from here. As always, if there is anything I can do, please let me know.

Happy New Year Dr. Torres,

Please allow me to e-introduce you to Paul Sapia and Erin Harris. I met with them yesterday to learn more about the City's Healthlinks Jax program and how it can be a resource for folks in shelter and also that our JFRD PATH team are encountering on our streets.

Paul and Erin, I'll leave it to the two of you to take it from here.

Best,

Tracye

Hi Paul,

I know you are out of the office until Monday but I wanted to e-introduce you to Paul Sapia and Erin Harris. I met with them yesterday to learn more about how the City's Healthlinks Jax program can be a resource for folks in shelter and that our JFRD PATH team is encountering on the streets. This is a critical healthcare resource and has already proven to reduce emergency room visits and costs.

Paul and Erin, I'll leave it to the two of you to take it from here.

Best,

Tracye

Hey Jen,

Great to see you this morning. I'm so in awe of the outreach and impact you and your team are having in our city!

I mentioned to you the call I had yesterday with Erin and Paul about Healthlinks Jax. Allow me to e-introduce you to them and also my colleague - Lynn Sherman.

Paul and Erin, quick question - what resources are available for older people who are in wheelchairs currently unsheltered/unhoused? The folks the JFRD PATH team are encountering are mostly older and not as ambulatory (and a couple are incontinent).

Thank you so much for your collaboration and partnership!

Thank you, Director Polson.

Erin and Paul, let's get together to discuss how we can potentially integrate your services into our everyday operations. Do you have availability next week?

Subject: Fw: Healthlink JAX Collatearl

Great to see you both this morning and congratulations to the entire team on the success of the PATH outreach team!

Please allow me to e-introduce you to Erin Harris and Paul Sapia - providers of the city's Healthlink JAX program.
This is the program I mentioned this morning. It's perfect for folks who are uninsured (homeless or folks JFRD encounters) that do not necessarily need to go to the ER. This program has already saved the city $1 million and the more folks know about it, the more money can be saved.

Paul and Erin, I'll leave it to the two of you to take it from here. As always, if there is anything I can do, please let me know.

Tracye

Hi Al,

Please allow me to e-introduce you to Paul Sapia and Erin Harris. I met with them yesterday about the City's Healthlinks Jax program (see attached materials). This program has already saved the city over $1 million and counting by reducing the number of people going to our local emergency rooms for nonemergent healthcare needs.

Paul and Erin, I'll leave it to the two of you to describe more about this impactful program.

Thank you so much for the introduction Tracye.

It is a pleasure to "meet" you Dr. Torres.
We would appreciate the opportunity to provide you with more information about the Healthlink JAX program and our efforts to connect the uninsured population in Jacksonville to the healthcare system, avoiding the emergency room as the first option. We collaborate closely with all JaxCare Connect safety net clinics to ensure individuals are referred to appropriate clinics for better management of their healthcare needs.
We believe there are significant opportunities for collaboration with the Salvation Army to offer options for those you encounter through your outreach or other programs.
Please let us know a convenient time over the next few weeks for us to visit and gain a better understanding of your full spectrum of services and explore potential partnership opportunities.

Thank you and Happy New Year!

Thank you so much for the introduction Tracye.

It is a pleasure to "meet" you Dr. Torres.
We would appreciate the opportunity to provide you with more information about the Healthlink JAX program and our efforts to connect the uninsured population in Jacksonville to the healthcare system, avoiding the emergency room as the first option. We collaborate closely with all JaxCare Connect safety net clinics to ensure individuals are referred to appropriate clinics for better management of their healthcare needs.
We believe there are significant opportunities for collaboration with the Salvation Army to offer options for those you encounter through your outreach or other programs.
Please let us know a convenient time over the next few weeks for us to visit and gain a better understanding of your full spectrum of services and explore potential partnership opportunities.

Thank you and Happy New Year!

Happy New Year Dr. Torres,

Please allow me to e-introduce you to Paul Sapia and Erin Harris. I met with them yesterday to learn more about the City's Healthlinks Jax program and how it can be a resource for folks in shelter and also that our JFRD PATH team are encountering on our streets.

Paul and Erin, I'll leave it to the two of you to take it from here.

Best,

Tracye

Good afternoon Chief Blanton.
I apologize for the late response. We did meet with Jennifer Parramore and Chief King this morning to discuss. I believe we have a meeting coming up on Friday the 17th with Dr. Elias. He wanted to invite some others from the JRD team, so please join if you can. Otherwise, I would be glad to discuss the program with you at your convenience.

Thank you.

Great to see you both this morning and congratulations to the entire team on the success of the PATH outreach team!

Please allow me to e-introduce you to Erin Harris and Paul Sapia - providers of the city's Healthlink JAX program.
This is the program I mentioned this morning. It's perfect for folks who are uninsured (homeless or folks JFRD encounters) that do not necessarily need to go to the ER. This program has already saved the city $1 million and the more folks know about it, the more money can be saved.

Paul and Erin, I'll leave it to the two of you to take it from here. As always, if there is anything I can do, please let me know.

Subject: RE: Healthlink JAX Collateral

Thank you so much for the introduction Tracye.

It is a pleasure to "meet" you Dr. Torres.
We would appreciate the opportunity to provide you with more information about the Healthlink JAX program and our efforts to connect the uninsured population in Jacksonville to the healthcare system, avoiding the emergency room as the first option. We collaborate closely with all JaxCare Connect safety net clinics to ensure individuals are referred to appropriate clinics for better management of their healthcare needs.
We believe there are significant opportunities for collaboration with the Salvation Army to offer options for those you encounter through your outreach or other programs.
Please let us know a convenient time over the next few weeks for us to visit and gain a better understanding of your full spectrum of services and explore potential partnership opportunities.

Thank you and Happy New Year!

Happy New Year Dr. Torres,

Please allow me to e-introduce you to Paul Sapia and Erin Harris. I met with them yesterday to learn more about the City's Healthlinks Jax program and how it can be a resource for folks in shelter and also that our JFRD PATH team are encountering on our streets.

Paul and Erin, I'll leave it to the two of you to take it from here.

Best,

Tracye

Good afternoon Chief Blanton.
I apologize for the late response. We did meet with Jennifer Parramore and Chief King this morning to discuss. I believe we have a meeting coming up on Friday the 17th with Dr. Elias. He wanted to invite some others from the JRD team, so please join if you can. Otherwise, I would be glad to discuss the program with you at your convenience.

Thank you.

Great to see you both this morning and congratulations to the entire team on the success of the PATH outreach team!

Please allow me to e-introduce you to Erin Harris and Paul Sapia - providers of the city's Healthlink JAX program.
This is the program I mentioned this morning. It's perfect for folks who are uninsured (homeless or folks JFRD encounters) that do not necessarily need to go to the ER. This program has already saved the city $1 million and the more folks know about it, the more money can be saved.

Paul and Erin, I'll leave it to the two of you to take it from here. As always, if there is anything I can do, please let me know.

Thank you so much for the introduction Tracye.

It is a pleasure to "meet" you Dr. Torres.
We would appreciate the opportunity to provide you with more information about the Healthlink JAX program and our efforts to connect the uninsured population in

Jacksonville to the healthcare system, avoiding the emergency room as the first option. We collaborate closely with all JaxCare Connect safety net clinics to ensure individuals are referred to appropriate clinics for better management of their healthcare needs.
We believe there are significant opportunities for collaboration with the Salvation Army to offer options for those you encounter through your outreach or other programs.
Please let us know a convenient time over the next few weeks for us to visit and gain a better understanding of your full spectrum of services and explore potential partnership opportunities.

Thank you and Happy New Year!

Happy New Year Dr. Torres,

Please allow me to e-introduce you to Paul Sapia and Erin Harris. I met with them yesterday to learn more about the City's Healthlinks Jax program and how it can be a resource for folks in shelter and also that our JFRD PATH team are encountering on our streets.

Paul and Erin, I'll leave it to the two of you to take it from here.

Best,

Tracye

Good afternoon,
I'm looking forward to meet you in person as well. Tracye passed on the Healthlink Jax info to me this morning. This will be a wonderful needed resource to many individuals we encounter. I have forwarded it over to the team. I would be available to meet next week on 1/8 or 1/14. Let me know if one of these days work for you.

Thank you,
Jen

Thank you so much for the introduction Tracye.
It is a pleasure to meet you. We would like to discuss Healthlink JAX and our collaboration with JaxCare Connect and other organizations to enhance healthcare access for the uninsured in our community. We believe there is a significant opportunity to support the PATH team in assisting individuals in need.
Regarding your question, Tracye, I am currently unsure of the answer but will investigate further to provide assistance.

@Lynn Sherman, are you aware of any programs that might be beneficial?

Jen, please let us know if you have time either next week or the later in January to meet.

Thank you and we look forward to meeting you in person.

Hey Jen,

Great to see you this morning. I'm so in awe of the outreach and impact you and your team are having in our city!

I mentioned to you the call I had yesterday with Erin and Paul about Healthlinks Jax. Allow me to e-introduce you to them and also my colleague - Lynn Sherman.

Paul and Erin, quick question - what resources are available for older people who are in wheelchairs currently unsheltered/unhoused? The folks the JFRD PATH team are encountering are mostly older and not as ambulatory (and a couple are incontinent).

Thank you so much for your collaboration and partnership!

You don't often get email from psapia@telescopehealth.com. Learn why this is important

CAUTION: This email originated from outside the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Thank you so much for the introduction Tracye.

It is a pleasure to "meet" you Gary. We would appreciate the opportunity to provide you with more information about the Healthlink JAX program and our efforts to connect the uninsured population in Jacksonville to the healthcare system, avoiding the emergency room as the first option. We collaborate closely with all JaxCare Connect safety net clinics to ensure individuals are referred to appropriate clinics for better management of their healthcare needs.
We believe there are significant opportunities for collaboration with Trinity Rescue Mission to offer options for those you encounter through your outreach or in the shelters.
Please let us know a convenient time over the next few weeks for us to visit and gain a better understanding of your full spectrum of services and explore potential partnership opportunities.

Thank you and Happy New Year!

Hi Gary,

Allow me to e-introduce you to Paul Sapia and Erin Harris. I met with them yesterday about how the City's Healthlinks Jax program can be a resource for folks in shelter and those who our JFRD PATH team are encountering. There is material attached to this email, too.

Paul and Erin, I'll leave it to the two of you to take it from here and share more with Gary how this program can be a benefit to those we are working with in Jacksonville who are currently unhoused/unsheltered.

Best,

Tracye

Thank you for the quick reply Jennifer.
It looks like Erin and I are available on 1/8 from 9-12:00. I will be out of town on the 14th.
Let us know where is convenient for you to meet, or we can meet at Happy Brew on Hendricks if that works for you.

I look forward to seeing you.

Good afternoon,
I'm looking forward to meet you in person as well. Tracye passed on the Healthlink Jax info to me this morning. This will be a wonderful needed resource to many individuals we encounter. I have forwarded it over to the team. I would be available to meet next week on 1/8 or 1/14. Let me know if one of these days work for you.

Thank you,
Jen

Thank you so much for the introduction Tracye.
It is a pleasure to meet you. We would like to discuss Healthlink JAX and our collaboration with JaxCare Connect and other organizations to enhance healthcare access for the uninsured in our community. We believe there is a significant opportunity to support the PATH team in assisting individuals in need.
Regarding your question, Tracye, I am currently unsure of the answer but will investigate further to provide assistance.

@Lynn Sherman, are you aware of any programs that might be beneficial?

Jen, please let us know if you have time either next week or the later in January to meet.

Thank you and we look forward to meeting you in person.

Hey Jen,

Great to see you this morning. I'm so in awe of the outreach and impact you and your team are having in our city!

I mentioned to you the call I had yesterday with Erin and Paul about Healthlinks Jax. Allow me to e-introduce you to them and also my colleague - Lynn Sherman.

Paul and Erin, quick question - what resources are available for older people who are in wheelchairs currently unsheltered/unhoused? The folks the JFRD PATH team are encountering are mostly older and not as ambulatory (and a couple are incontinent).

Thank you so much for your collaboration and partnership!

Hi Tracye,

Wonderful catching up with you today about Healthlink JAX. Attached is the collateral we spoke about.

Appreciate the time you gave us and looking forward to connecting further.

Happy New Year,

Erin

Thank you Tracye

It is a pleasure to "meet" you Councilman Ferraro.
We would appreciate the opportunity to provide you with more information about the Healthlink JAX program and our efforts to connect the uninsured population in Jacksonville to the healthcare system, avoiding the emergency room as the first option. We collaborate closely with all JaxCare Connect safety net clinics to ensure individuals are referred to appropriate clinics for better management of their healthcare needs.
We believe there are significant opportunities for collaboration with the city housing efforts to offer options for those you encounter through your programs. It only makes sense to bring together the city led initiatives to address some of these quality of life issues.
Please let us know a convenient time over the next few weeks for us to visit and gain a better understanding of your full spectrum of services and explore potential partnership opportunities.

Thank you and Happy New Year!

Hi Al,

Please allow me to e-introduce you to Paul Sapia and Erin Harris. I met with them yesterday about the City's Healthlinks Jax program (see attached materials). This program has already saved the city over $1 million and counting by reducing the number of people going to our local emergency rooms for nonemergent healthcare needs.

Paul and Erin, I'll leave it to the two of you to describe more about this impactful program.

Hey Jen,

Great to see you this morning. I'm so in awe of the outreach and impact you and your team are having in our city!

I mentioned to you the call I had yesterday with Erin and Paul about Healthlinks Jax. Allow me to e-introduce you to them and also my colleague - Lynn Sherman.

Paul and Erin, quick question - what resources are available for older people who are in wheelchairs currently unsheltered/unhoused? The folks the JFRD PATH team are encountering are mostly older and not as ambulatory (and a couple are incontinent).

Thank you so much for your collaboration and partnership!

Hi Tracye,

Wonderful catching up with you today about Healthlink JAX. Attached is the collateral we spoke about.

Appreciate the time you gave us and looking forward to connecting further.

Happy New Year,

Erin

Thank you so much for the introduction Tracye.

It is a pleasure to "meet" you Dr. Torres.
We would appreciate the opportunity to provide you with more information about the Healthlink JAX program and our efforts to connect the uninsured population in Jacksonville to the healthcare system, avoiding the emergency room as the first option. We collaborate closely with all JaxCare Connect safety net clinics to ensure individuals are referred to appropriate clinics for better management of their healthcare needs.
We believe there are significant opportunities for collaboration with the Salvation Army to offer options for those you encounter through your outreach or other programs.
Please let us know a convenient time over the next few weeks for us to visit and gain a better understanding of your full spectrum of services and explore potential partnership opportunities.

Thank you and Happy New Year!

Happy New Year Dr. Torres,

Please allow me to e-introduce you to Paul Sapia and Erin Harris. I met with them yesterday to learn more about the City's Healthlinks Jax program and how it can be a resource for folks in shelter and also that our JFRD PATH team are encountering on our streets.

Paul and Erin, I'll leave it to the two of you to take it from here.

Best,

Tracye

It is a pleasure to meet you. We would like to discuss Healthlink JAX and our collaboration with JaxCare Connect and other organizations to enhance healthcare access for the uninsured in our community. We believe there is a significant opportunity to support the PATH team in assisting individuals in need.
Regarding your question, Tracye, I am currently unsure of the answer but will investigate further to provide assistance.

@Lynn Sherman, are you aware of any programs that might be beneficial?

Jen, please let us know if you have time either next week or the later in January to meet.

Thank you and we look forward to meeting you in person.

Hey Jen,

Great to see you this morning. I'm so in awe of the outreach and impact you and your team are having in our city!

I mentioned to you the call I had yesterday with Erin and Paul about Healthlinks Jax. Allow me to e-introduce you to them and also my colleague - Lynn Sherman.

Paul and Erin, quick question - what resources are available for older people who are in wheelchairs currently unsheltered/unhoused? The folks the JFRD PATH team are encountering are mostly older and not as ambulatory (and a couple are incontinent).

Thank you so much for your collaboration and partnership!

Thank you so much for the introduction Tracye.
It is a pleasure to meet you. We would like to discuss Healthlink JAX and our collaboration with JaxCare Connect and other organizations to enhance healthcare access for the uninsured in our community. We believe there is a significant opportunity to support the PATH team in assisting individuals in need.
Regarding your question, Tracye, I am currently unsure of the answer but will investigate further to provide assistance.

@Lynn Sherman, are you aware of any programs that might be beneficial?

Jen, please let us know if you have time either next week or the later in January to meet.

Thank you and we look forward to meeting you in person.

Hey Jen,

Great to see you this morning. I'm so in awe of the outreach and impact you and your team are having in our city!

I mentioned to you the call I had yesterday with Erin and Paul about Healthlinks Jax. Allow me to e-introduce you to them and also my colleague - Lynn Sherman.

Paul and Erin, quick question - what resources are available for older people who are in wheelchairs currently unsheltered/unhoused? The folks the JFRD PATH team are encountering are mostly older and not as ambulatory (and a couple are incontinent).

Thank you so much for your collaboration and partnership!

Thank you Tracye

It is a pleasure to "meet" you Councilman Ferraro.
We would appreciate the opportunity to provide you with more information about the Healthlink JAX program and our efforts to connect the uninsured population in Jacksonville to the healthcare system, avoiding the emergency room as the first option. We collaborate closely with all JaxCare Connect safety net clinics to ensure individuals are referred to appropriate clinics for better management of their healthcare needs.
We believe there are significant opportunities for collaboration with the city housing efforts to offer options for those you encounter through your programs. It only makes sense to bring together the city led initiatives to address some of these quality of life issues.
Please let us know a convenient time over the next few weeks for us to visit and gain a better understanding of your full spectrum of services and explore potential partnership opportunities.

Thank you and Happy New Year!

Hi Al,

Please allow me to e-introduce you to Paul Sapia and Erin Harris. I met with them yesterday about the City's Healthlinks Jax program (see attached materials). This program has already saved the city over $1 million and counting by reducing the number of people going to our local emergency rooms for nonemergent healthcare needs.

Paul and Erin, I'll leave it to the two of you to describe more about this impactful program.

Good morning!

Linked here is the February Healthlink JAX social media calendar for review. Please let me know if any edits need to be made.

Side note: The February 28 post may be replaced with an EMT site announcement once those are set for the month of March, and I will circle back once our team confirms location/dates.

Thank you!

Hi Captain Parramore,

Hope you are staying dry in this weather! I will be in Zone 1 today and wanted to see if I can drop off the Spanish Business Cards for HLJ for you. What is the best fire house to drop those off at? Thanks!

Good morning Erin,
Spanish would be great. I have not encountered many other languages besides

English and Spanish. I had someone that spoke French Creole, but luckily I had my partner translate.

Thank you,
Capt. J. Parramore

Hi Captain Parramore,

Hope you're week is going well! We are putting into production business cards in Spanish for PATH but I wanted to see if there was any other languages we could tackle for your team?

Let me know what other collateral items you may need and will reach out once those Spanish versions are completed. Thanks!

Hi Captain Parramore,

Hope you're week is going well! We are putting into production business cards in Spanish for PATH but I wanted to see if there was any other languages we could tackle for your team?

Let me know what other collateral items you may need and will reach out once those Spanish versions are completed. Thanks!

-Erin

Good morning Erin,
Spanish would be great. I have not encountered many other languages besides English and Spanish. I had someone that spoke French Creole, but luckily I had my partner translate.

Thank you,
Capt. J. Parramore

Hi Captain Parramore,

Hope you are staying dry in this weather! I will be in Zone 1 today and wanted to see if I can drop off the Spanish Business Cards for HLJ for you. What is the best fire house to drop those off at? Thanks!

Hi Paul,

Great data and great work as always! As we plan to externalize the data, here are a few comments or suggestions for information.

1. Yes, we would love to have the data on referrals to JCC for a variety of reasons.
2. Numbers for ER diversions and the number that would have gone to UF Health (or even broken down by hospital system).
3. I love the heat map with zip code usage! It would be great for us to be able to give exact numbers per county (so we are prepared if this comes up).
4. Thank you for the gender and age data. It would be great to have a racial/ethnic breakdown as well.

Thanks so much and “see” you at the primary care/dental care meeting this afternoon.

Sunil

Good afternoon Lynn and Sunil.
Here are the slides that I sent via text this morning. We are still working on some final editing for the end of quarter report, but wanted to give you the preliminary numbers. We are excited for the progress we continue to make. Please let us know if there is anything else you would like to see. We are planning on including our referrals to Jax Care Connect or other resources soon.

Thanks again for your support.

Hi Lynn & Sunil,

I hope this message finds you well on this cold day. I wanted to let you know that RingCentral, our phone system, is currently experiencing services outages across North America. Our team is actively monitoring the situation, and we'll provide an update to all our partners as soon as RingCentral resolves the issue and restores service.

Thank you for your understanding and please don't hesitate to reach out if you have any questions in the meantime.

Talk soon,

Erin

Hi Lynn & Sunil,

I hope this message finds you well on this cold day. I wanted to let you know that RingCentral, our phone system, is currently experiencing services outages across North America. Our team is actively monitoring the situation, and we'll provide an update to all our partners as soon as RingCentral resolves the issue and restores service.

Thank you for your understanding and please don't hesitate to reach out if you have any questions in the meantime.

Talk soon,

Erin

Hello Healthlink Jax Team!

Thank you so much for this updated information. We continue to be impressed with the impact that is being shown by Healthlink Jax!

This is truly a great program, and its impact will continue to grow as it becomes more and more popular.

Thanks, as always for being amazing partners in our efforts to balance health inequities and improve outcomes!

Sunil

Subject: RE: Healthlink JAX question

Paul,

Thanks for letting us know that is an issue. I can understand how it could be mistaken for what actually occurred. I saw Angela Strain at a luncheon today and she mentioned wanting to ask about something later. Perhaps this is what she wanted to talk about.

We should not have a problem putting it in writing for the CEOs to explain to their board members. We are planning to schedule a meeting with all of them to discuss a different subject at a time they can all attend. We will use part of that time to discuss it further.

Kind regards,

Lynn

Subject: Healthlink JAX question

EXTERNAL EMAIL: This email originated from a non-COJ email address. Do not click any links or open any attachments unless you trust the sender and know the content is safe.

Good afternoon Sunil and Lynn
It has come to our attention that some board members have expressed concerns regarding the source of funding for Healthlink JAX. Specifically, there are questions about whether the funding we have received from the city has impacted the funding allocated to the JaxCare Connect program.

This topic was addressed during our last quarterly Safety Net Collaborative meeting,

where Sunil provided an excellent explanation of the different funding streams. To ensure clarity and consistency in our communications, I believe it would be beneficial to send an email to the leaders of each partner organization. This email would outline our funding sources, the intent of the Healthlink JAX program, and how we are expected to integrate with their workflows. If a leader of one of the partner programs gets this question, they would be able to respond appropriately.

Please let me know if you agree with this approach or if you have any additional suggestions.

Thank you

Hi All,

Wanted to share with everyone the new HLJ video. Our goal with the video is to include it within the HLJ landing page, push it to all community partners, and utilize it with social (organic/paid).

Healthlink JAX Explainer

Here is the social post we plan to utilize that we would like Heather/Phil to approve:

Social Post
Post Date: 3/13
Caption: *Tired of long ER waits and missing work or family time to get the care you need? Now there's a better way! Healthlink JAX connects you to free 24/7 virtual care—no insurance needed. Skip the waiting room, talk to a provider anytime, and get the care you need. Available for uninsured Duval County residents.*

Phil- You mentioned to Heather Houston & Chris Obarski that you wanted to talk thru HLJ messaging. Would love to get together so let us know what dates/times work for you.

Thanks!

-Erin

Hi All,

Wanted to share with everyone the new HLJ video. Our goal with the video is to include it within the HLJ landing page, push it to all community partners, and utilize it with social (organic/paid).

Healthlink JAX Explainer

Here is the social post we plan to utilize that we would like Heather/Phil to approve:

Social Post
Post Date: 3/13
Caption: *Tired of long ER waits and missing work or family time to get the care you need? Now there's a better way! Healthlink JAX connects you to free 24/7 virtual care—no insurance needed. Skip the waiting room, talk to a provider anytime, and get the care you need. Available for uninsured Duval County residents.*

Phil- You mentioned to Heather Houston & Chris Obarski that you wanted to talk thru HLJ messaging. Would love to get together so let us know what dates/times work for you.

Thanks!

-Erin

Hi Lauren,

Happy Tuesday! My name is Jamie, account manager at Dalton, where we're working with Erin and the Telescope Health team on the upcoming Healthlink Jax paid media campaign.

As a part of the campaign, our team requires access to the Google Ads account linked to the Healthlink Jax website to set up proper optimizations and tracking for reporting. The campaign is set to go live early next week, so if you could help grant access to the below email addresses this afternoon/tomorrow morning, that would be great.

- skremp@daltonagency.com

- Daltonagencyanalytics@gmail.com

Erin let us know we could reach out to you for assistance, but please let me know if you have any questions on the above.

Thank you!

Hi Phil,

Hope you had a great weekend! Please let myself and Jamie from Dalton know what other information your team might need from us so we can launch the media campaign for Healthlink JAX this week. Jamie needs assistance in linking the Google Ads account to the HLJ landing page per the below access requests.

Thanks!

Hi Lauren,

Happy Tuesday! My name is Jamie, account manager at Dalton, where we're working with Erin and the Telescope Health team on the upcoming Healthlink Jax paid media campaign.

As a part of the campaign, our team requires access to the Google Ads account linked to the Healthlink Jax website to set up proper optimizations and tracking for reporting. The campaign is set to go live early next week, so if you could help grant access to the below email addresses this afternoon/tomorrow morning, that would be great.

- skremp@daltonagency.com
- Daltonagencyanalytics@gmail.com

Erin let us know we could reach out to you for assistance, but please let me know if you have any questions on the above.
Thank you!

Hi all,

Hope everyone had a great weekend.

@Spencer, Lauren - AFIT and @McGuire, Sherry - TS just wanted to follow up on the below request – hoping someone can help grant the below emails access to the Google Ads account linked to the Healthlink Jax website in order for our team to set up proper optimizations and tracking for reporting for the upcoming campaign, which is set to be live this week.

- skremp@daltonagency.com
- Daltonagencyanalytics@gmail.com

Please let me know if there are any questions or if there's someone else that may be able to assist.
Thanks!

Hi Lynn,

Hope your Friday is going well! We are looking at launching our media campaign for Healthlink JAX and the Dalton team needs assistance in linking the Google Ads account to the HLJ landing page. I've left messages for Lauren and Sherry but I think they might be out of town. What do you recommend? Any guidance you can give would be greatly appreciated.

Thanks!

Erin Harris

Hi Lynn,

Hope your Friday is going well! We are looking at launching our media campaign for Healthlink JAX and the Dalton team needs assistance in linking the Google Ads account to the HLJ landing page. I've left messages for Lauren and Sherry but I think they might be out of town. What do you recommend? Any guidance you can give would be greatly appreciated.

Thanks!

Erin Harris

Hi all,

@McGuire, Sherry - TS just wanted to follow up on my note below!

As a part of our Healthlink Jax campaign, our team requires access to the Google Ads account linked to the Healthlink Jax website to set up proper optimizations and tracking for reporting. The campaign is set to go live early next week, so if you could help grant access to the below email addresses **before EOD tomorrow 3/28**, that would be great.

Hi Lauren,

Happy Tuesday! My name is Jamie, account manager at Dalton, where we're working with Erin and the Telescope Health team on the upcoming Healthlink Jax paid media campaign.

As a part of the campaign, our team requires access to the Google Ads account linked to the Healthlink Jax website to set up proper optimizations and tracking for reporting. The campaign is set to go live early next week, so if you could help grant access to the below email addresses this afternoon/tomorrow morning, that would be great.

- skremp@daltonagency.com

- Daltonagencyanalytics@gmail.com

Erin let us know we could reach out to you for assistance, but please let me know if you have any questions on the above.

Thank you!

Hi Greg,

It was a pleasure speaking with you today about Healthlink JAX and the meaningful impact the program is having in our community. We appreciated the opportunity to share more about our work, and have attached several collateral pieces for your review, along with links to key resources that further explain the program:

- Healthlink JAX Landing Page - Program overview and eligibility details
- TEDx Jacksonville- Dr. Thompson's talk discussing barriers to care and how Healthlink JAX is addressing them
- Healthlink JAX Explainer- A concise breakdown of how the program works.

Here is the site for Get Covered JAX to add to your arsenal of resources:
Jacksonville.gov - Get Covered Jax

We are excited to explore different options to inform the JSEB businesses about this great tool for their employees to be aware of this resource.

Let us know which events you would like Paul to talk about Healthlink JAX so we can start to block off his calendar. I'm looking forward to connecting with Adam Dillon to explore what collateral materials he will need and how we can partner.

Talk soon,

-Erin

Hi Greg,

It was a pleasure speaking with you today about Healthlink JAX and the meaningful impact the program is having in our community. We appreciated the opportunity to share more about our work, and have attached several collateral pieces for your review, along with links to key resources that further explain the program:

- Healthlink JAX Landing Page - Program overview and eligibility details
- TEDx Jacksonville- Dr. Thompson's talk discussing barriers to care and how Healthlink JAX is addressing them
- Healthlink JAX Explainer- A concise breakdown of how the program works.

Here is the site for Get Covered JAX to add to your arsenal of resources:
Jacksonville.gov - Get Covered Jax

We are excited to explore different options to inform the JSEB businesses about this great tool for their employees to be aware of this resource.

Let us know which events you would like Paul to talk about Healthlink JAX so we can start to block off his calendar. I'm looking forward to connecting with Adam Dillon to explore what collateral materials he will need and how we can partner.

Talk soon,

-Erin

Greg,
Thank you for the introduction, I will get right on this project!

Erin,
Let's please meet as soon as possible to discuss getting this initiative collaborated with JSEB and disseminated to our JAX small business community.
There is a calendar link on this email. Please find a time for us to connect that is convenient for your schedule. I look forward to speaking very soon!

Erin and Paul: It was a pleasure meeting with you and learning more about Healthlink Jax.

Sunil and Lynn: Thank you for the introduction. This is an awesome administration initiative.

Adam Dillon: Meet Erin Harris with Telescope Health. The City of Jacksonville has engaged an initiative with this organization that provides equitable healthcare access to citizens that face difficulty gaining health insurance. I would like to ensure that small businesses have access to this healthcare option offered through the City of Jacksonville. Here is the link: https://www.jacksonville.gov/getcoveredjax

[Jacksonville.gov - Get Covered Jax]

Get Covered Jax! Beginning on November 1, 2024, eligible individuals can enroll in a private healthcare plan through the Florida Health Insurance Marketplace at healthcare.gov.And in the interest of building a healthier

Hi Greg,

It was a pleasure speaking with you today about Healthlink JAX and the meaningful impact the program is having in our community. We appreciated the opportunity to share more about our work, and have attached several collateral pieces for your review, along with links to key resources that further explain the program:

- Healthlink JAX Landing Page - Program overview and eligibility details
- TEDx Jacksonville- Dr. Thompson's talk discussing barriers to care and how Healthlink JAX is addressing them
- Healthlink JAX Explainer- A concise breakdown of how the program works.

Here is the site for Get Covered JAX to add to your arsenal of resources: Jacksonville.gov - Get Covered Jax

We are excited to explore different options to inform the JSEB businesses about this great tool for their employees to be aware of this resource.

Let us know which events you would like Paul to talk about Healthlink JAX so we can start to block off his calendar. I'm looking forward to connecting with Adam Dillon to explore what collateral materials he will need and how we can partner.

Talk soon,

-Erin

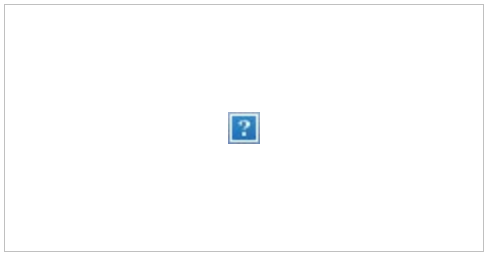
Erin and Paul: It was a pleasure meeting with you and learning more about Healthlink Jax.

Sunil and Lynn: Thank you for the introduction. This is an awesome administration initiative.

Adam Dillon: Meet Erin Harris with Telescope Health. The City of Jacksonville has engaged an initiative with this organization that provides equitable healthcare access to citizens that face difficulty gaining health insurance. I would like to ensure that small businesses have access to this healthcare option offered through the City of Jacksonville. Here is the link: https://www.jacksonville.gov/getcoveredjax



Jacksonville.gov - Get Covered Jax

Get Covered Jax! Beginning on November 1, 2024, eligible individuals can enroll in a private healthcare plan through the Florida Health Insurance Marketplace at healthcare.gov.And in the interest of building a healthier Jacksonville – for everybody – we are here to help you get

www.jacksonville.gov

Please schedule a meeting with Erin Harris to work with our JSEBs and ensure they are informed about this healthcare access option.

Jacksonville.gov - Get Covered Jax

We are excited to explore different options to inform the JSEB businesses about this great tool for their employees to be aware of this resource.

Let us know which events you would like Paul to talk about Healthlink JAX so we can start to block off his calendar. I'm looking forward to connecting with Adam Dillon to explore what collateral materials he will need and how we can partner.

Talk soon,

-Erin

Hi Greg,

It was a pleasure speaking with you today about Healthlink JAX and the meaningful impact the program is having in our community. We appreciated the opportunity to share more about our work, and have attached several collateral pieces for your review, along with links to key resources that further explain the program:

- Healthlink JAX Landing Page - Program overview and eligibility details
- TEDx Jacksonville- Dr. Thompson's talk discussing barriers to care and how Healthlink JAX is addressing them
- Healthlink JAX Explainer- A concise breakdown of how the program works.

Here is the site for Get Covered JAX to add to your arsenal of resources:

Hi Sonya,

It was great chatting with you about Healthlink JAX! I truly appreciate your willingness to help us bring this important program to your part-time staffers.

To recap the program:

Healthlink JAX, is a new initiative from the City of Jacksonville, offering uninsured Duval residents' **FREE** access to on-demand virtual doctor visits. The service is available 24/7, providing medical care, prescription refills, and connections to free local clinic resources. This saves our uninsured residents the time and money that going to an ER would entail, which many feel is their only option for care.

The services can be used by the entire family, and we offer translation services for over 240 languages.

I've attached one of our collateral pieces and here is a link to the City of Jacksonville website that has additional social media pieces: www.healthlinkjax.com

You mentioned your "Hot Schedules" messaging, one write-up some of our partners have put out for those types of systems is the below:

> ***If you're uninsured and need care, contact Healthlink JAX.***
>
> *This free, 24/7 service connects Duval County residents without health insurance to doctors via video call. Our doctors and care navigators are available to answer questions, treat illnesses, refill prescriptions, and guide patients to free clinic resources. Call **904-925-CARE (2273)** to get started.*

Looking forward to working together to make sure this program reaches those who need it most. If you need any physical collateral, posters or postcards please let me know, would be happy to supply. Happy to run thru the program on Zoom with anyone on your team that would like to dive deeper into it.

Talk soon and stay warm,

Erin

Good afternoon Reed.
Thank you again for your time this afternoon.
Here is some of the basic information about the Healthlink JAX program along with the City landing page. This should be a good start on giving you some information to share with your team and leaders to get the partnership moving forward.

We appreciate your willingness to be a part of the work and I am sure it will be beneficial to all of us.

Have a great rest of your week and open to having further discussions at your convenience.

Hi Captain Parramore,

Hope you are staying warm in this weather. It was great to talk to you last week and learn

more about PATH. I wanted to see if I can swing by the fire station Thursday morning to drop off more business sized cards. How many would help? 100? More than that?

Let me know if you have any questions in the meantime or if you need anything. Thanks!

-Erin

Hi Jen,

I'll be at our office downtown from 9am to 12pm this Friday, what would work best for you? And I can just pop downstairs and give it to you so you don't have to park if you'd like. Let me know what works, thanks!

Thank you Reed.
Good morning Drew. Glad to set up some time to speak with you and anyone else from the team about the Healthlink JAX program and how we can partner together to address some of the uninsured care patients that you are seeing.
Please let me know if there are any good times for a call or meeting.

Thanks

All,

Thank you for your time and explanation of the program. I am looping in my CFO, Drew Hartmann (Andrew.Hartmann@hcahealthcare.com and cc'd), who I believe you, Matt, met not too long ago and who oversees our Case Management team. Drew and I have had the opportunity to chat and he will take the lead going forward to see how we can best align.

Thanks

Reed

Good afternoon Reed.
Thank you again for your time this afternoon.
Here is some of the basic information about the Healthlink JAX program along with the City landing page. This should be a good start on giving you some information to share with your team and leaders to get the partnership moving forward.

We appreciate your willingness to be a part of the work and I am sure it will be beneficial to all of us.

Have a great rest of your week and open to having further discussions at your convenience.

Hi Reed,

I agree with Paul's comments. This is an exciting program that encompasses the public/private/not for profit approach that makes large scale projects most successful.

There is no doubt in my mind that HCA will benefit from a program like this and we look forward to the collaboration.

Hope to see you soon!

Thank you so much for the time this morning to talk about the Healthlink JAX program. We are excited for the partnership and ready to set up follow up meetings to build awareness of the program for your teams and to look for ways to more thoroughly create referral links so that it is easy for you to get your patients connected to the Healthlink JAX program when appropriate.
Keera and Gisselle.
Janice, Trey and Jonathan can connect with you to better understand your current processes and see how we can integrate and help your team.

We look forward to working with you all.

Thank you.

Drew, Keera and Gisselle
Thank you so much for the time this morning to talk about the Healthlink JAX program. We are excited for the partnership and ready to set up follow up meetings to build awareness of the program for your teams and to look for ways to more thoroughly create referral links so that it is easy for you to get your patients connected to the Healthlink JAX program when appropriate.
Keera and Gisselle.
Janice, Trey and Jonathan can connect with you to better understand your current processes and see how we can integrate and help your team.

We look forward to working with you all.

Thank you.

---

Hello Team,

Lynn and I are excited to see this collaboration between Healthlink Jax and HCA.

We appreciate you guys working together to make this program a huge success!

Talk to you all soon!
Sunil
