All,

Thank you for your time and explanation of the program. I am looping in my CFO, Drew Hartmann (Andrew.Hartmann@hcahealthcare.com and cc'd), who I believe you, Matt, met not too long ago and who oversees our Case Management team. Drew and I have had the opportunity to chat and he will take the lead going forward to see how we can best align.

Thanks

Reed

Good afternoon Reed.
Thank you again for your time this afternoon.
Here is some of the basic information about the Healthlink JAX program along with the City landing page. This should be a good start on giving you some information to share with your team and leaders to get the partnership moving forward.

We appreciate your willingness to be a part of the work and I am sure it will be beneficial to all of us.

Have a great rest of your week and open to having further discussions at your convenience.

Hi Sonya,

It was great chatting with you about Healthlink JAX! I truly appreciate your willingness to help us bring this important program to your part-time staffers.

To recap the program:

Healthlink JAX, is a new initiative from the City of Jacksonville, offering uninsured Duval residents' **FREE** access to on-demand virtual doctor visits. The service is available 24/7, providing medical care, prescription refills, and connections to free local clinic resources. This saves our uninsured residents the time and money that going to an ER would entail, which many feel is their only option for care.

The services can be used by the entire family, and we offer translation services for over 240 languages.

I've attached one of our collateral pieces and here is a link to the City of Jacksonville website that has additional social media pieces: www.healthlinkjax.com

You mentioned your "Hot Schedules" messaging, one write-up some of our partners have put out for those types of systems is the below:

> ***If you're uninsured and need care, contact Healthlink JAX.***
>
> *This free, 24/7 service connects Duval County residents without health insurance to doctors via video call. Our doctors and care navigators are available to answer questions, treat illnesses, refill prescriptions, and guide patients to free clinic resources. Call **904-925-CARE (2273)** to get started.*

Looking forward to working together to make sure this program reaches those who need it most. If you need any physical collateral, posters or postcards please let me know, would be happy to supply. Happy to run thru the program on Zoom with anyone on your team that would like to dive deeper into it.

Talk soon and stay warm,

Erin

Hi Erin and Paul,

I would like to introduce you to Yolanda Hooper CEO of CSI Media and Events. She is providing an large healthy Living Symposium on April 5th 1- - 3:30. I have attached the flyer where you can find the details.

The event will be located downtown in the open area on Bay Street where City Hall used to be. She has partnered with Channel 4 and other organizations to make it a success and well attended. She is very much interested in having Healthlink JAX have a presence.

Yolanda,

Erin Harris and Paul Sapia are a part of the executive team at Healthlink JAX and will let you know of their availability to participate.

I will leave it to you all to connect on the subject.

Kind regards,

Lynn

Hello Erin and Paul,

It is a pleasure to have an opportunity to communicate our upcoming initiatives. We have two events approaching. Our goal is to provide education, knowledge, and resources to the community that they can incorporate into their everyday lifestyles to improve their health and increase longevity. The events are as follows:

Healthy Living Symposium
April 5, 2025 ~ 10am - 3:30pm
Queens Harbour Yacht & Country Club
1131 Queens Harbour Blvd
Jacksonville, FL 32202
Take Control of Your Life & Health
Highlights:
~Education ~Info Sessions ~Free Health Screenings ~Health & Lifestyle Resources ~Nutrition ~Vendors ~Speakers -Hors d' oeuvres ~Music ~Live Entertainment

Jacksonville Health & Lifestyle Festival
May 3, 2025 ~ 10am-4pm
Ford on Bay Park
288 E Bay St
Jacksonville, FL 32202
Promoting Healthy Lifestyles & Communities
~Health & Wellness ~Lifestyle ~Beauty ~Fitness ~Nutrition ~Pet Health & Care ~Kid Zone
A Day of Free Health Screenings & Services, Vendors, Food & Fun, Fitness, Pet Life, Music & Entertainment

After hearing about the services of HealthLink JAX from Lynn, I would love to have a leader speak and share information at the Healthy Living Symposium on this service, along with discuss involvement in the Jacksonville Health & Life Festival.

I see the email regarding being scheduled for a prior event on April 5th. I look forward to hearing back.

Thank you,

Hello Erin and Cindy,
Arlene and I want to thank you Lynn for the introduction. We are very pleased that you are interested in participating at the Jax Community Fair on April 19th.

We have a couple of options for you to review:
1. To become a sponsor of the event which would include your logo on all of our event promotions, videos, social media, and a space in the main hallway where all attendees will have to walk through. https://form.jotform.com/242705332995159
2. Become a Networking vendor which would place you inside de Banquet hall or in the Board of trustees room where the opening ceremony and entertainment will take place. With this option you may order additional promotions, to create your own package.
https://form.jotform.com/243007437743152

Please click on the links above to review the packages, and let me know if you have any questions.

Best regards,

Arlene Ortiz, ***Founder***

Hi Alyssa,

I had one edit for the 12/24 post - could we add "free" before "24/7 virtual care" on the visual.

Everything else looks good to me.

Thanks,

Hi Alyssa,

I had one edit for the 12/24 post - could we add "free" before "24/7 virtual care" on the visual.

Everything else looks good to me.

Thanks,
Sydney Reid, MBA
Marketing Coordinator

Hi Alyssa,

I had one edit for the 12/24 post - could we add "free" before "24/7 virtual care" on the visual.

Everything else looks good to me.

Thanks,
Sydney Reid, MBA
Marketing Coordinator

Hi Dr. Joshi & Lynn,

Hope you both had a great weekend. Attached you will find the storyboard for our 30 second explainer video on Healthlink JAX. This eye catching animation will help people understand the use case of receiving care where and when they need it.

The two edits we will incorporate into this would be adjusting slide 7 to state "24/7" in that line and we would animate the end frame to bring in the COJ seal.

We are looking to start production in the next day or so to be ready by mid-December.

Let me know if you approve/have any feedback and we'll get this into production.

Thanks!

-Erin

Hi Dr. Joshi & Lynn,

Hope you both had a great weekend. Attached you will find the storyboard for our 30 second explainer video on Healthlink JAX. This eye catching animation will help people understand the use case of receiving care where and when they need it.

The two edits we will incorporate into this would be adjusting slide 7 to state "24/7" in that line and we would animate the end frame to bring in the COJ seal.

We are looking to start production in the next day or so to be ready by mid-December.

Let me know if you approve/have any feedback and we'll get this into production.

Thanks!

-Erin

Good morning, everyone,
As promised, here's the link to Dr. Joshi's interview on What's Health Got To Do With It?, which aired and was posted this weekend. Thanks again for doing this, Dr. Joshi, and for putting the program in context with Maria's story – I think that added a lot to it.

Thank you again, Dr. Joshi, for agreeing to do the interview with the podcast today.
For the larger group, the episode will air on December 14th, which includes on the radio, on podcast platforms, and on the station's website. I've attached two photos in case anyone needs them. For those who don't know, the gentleman in the grey vest is Dr. Joe Sirven, the podcast host.

Thank you,

Good morning, everyone,

Just passing along the link to Paul's interview on What the Health Just Happened? The show has provided the recording files to us for free use, which we intend to do on social media soon and potentially in the future for evergreen content.

The next interview will be for Dr. Joshi on Monday at noon at WJCT's studios for the What's Health Got To Do With It? podcast. Dr. Joshi, I've attached suggested, high-level questions to get the conversation with Dr. Sirven going. If you're OK with those, I'll send them over to him and his producer. I'll be on-site to staff the interview and to take pictures for social media purposes.

If you have any questions in the meantime, please reach out to us.

Thank you,

Hi all,

I wanted to provide some updates on Paul's appearance on the "What the Health Just Happened" podcast. The radio version will air this Saturday 11/9 at 7:00pm on 104.5 WOKV then the podcast episode will be released on 11/11. He will email over the full video and audio to us after it has been posted for promotional use. We intend to promote it on the Healthlink JAX social channels.

The host, Eric Ross also shared that he recorded an episode yesterday with the UNF Brooks College of Health who shouted out Paul, Dr. Thompson, Telescope and gave another HealthLink Jax plug.

Great job @Paul Sapia on the episode, we are looking forward to seeing it. Thanks all!

Hey Dr. Joshi, Phil, and Heather,
Just keeping you updated on our pitching efforts regarding Healthlink Jax. We're continuing to follow-up with the "What's Health Got to Do With It?" podcast, Health News Florida, and have also reached out to Kent Justice to see if we can have both Dr. Joshi and Dr. Thompson on *This Week in*

Jacksonville. Additionally, Paul will be on the "What the Health Just Happened?" podcast next week.

We did have one follow-up item regarding the initial introductory press conference: is that announcement press conference video recording readily available somewhere and/or living on a site? Would just like to have that for our records and potential dissemination to interested parties.

Thank you for any assistance you can provide and I hope you all are having a great week.

Thanks for doing that interview this morning, Dr. Joshi…I think it turned out really well. Here's the link for it.

Heather, among the additional opportunities that we'd like to pursue immediately are as follows:

- This Week in Jacksonville with Kent Justice (News4Jax)
- This Week in the 904 with Emily Turner (ActionNewsJax)
- What's Health Got To Do With It? (WJCT)
- Health News Florida (NPR)

If you're good with those, we can pitch and follow-up with their availability.

Hello all,

It turns out that they aren't going to interview that patient tomorrow. They will plan to do a story with patients soon.

In the meantime, if we can have a list of patients who are willing to talk, that would be great!

I will be going on The Morning Show tomorrow to discuss Healthlink Jax with a Q/A segment.

I have cc'd Heather as well.

Lets keep the momentum going!

Thank you,
Sunil

Hi Sunil,

Hope you're Tuesday is going well. I wanted to loop in Chris Obarski from Dalton concerning the News4Jax interviews this week. He's been connecting with Heather Schatz to keep her updated on press surrounding HLJ. Would you mind sharing details on the news story so we can have Dalton assist with you any efforts here?

Paul and I are still reaching out to patients and we'll let you know if there are others out there.

Chris- Below is the patient we referred Sunil to that would be willing to chat.

Patient for News4Jax

Kraig Johnson (M, 62 yo)

904-705-5558

He said he would be willing to talk about his experience. We also referred him the day of his visit on 10/8 to JaxCareConnect.

Good morning, everyone,
Just passing along the link to Paul's interview on What the Health Just Happened? The show has provided the recording files to us for free use, which we intend to do on social media soon and potentially in the future for evergreen content.

The next interview will be for Dr. Joshi on Monday at noon at WJCT's studios for the What's Health Got To Do With It? podcast. Dr. Joshi, I've attached suggested, high-level questions to get the conversation with Dr. Sirven going. If you're OK with those, I'll send them over to him and his producer. I'll be on-site to staff the interview and to take pictures for social media purposes.

If you have any questions in the meantime, please reach out to us.

Thank you,

Hi all,

I wanted to provide some updates on Paul's appearance on the "What the Health Just Happened" podcast. The radio version will air this Saturday 11/9 at 7:00pm on 104.5 WOKV then the podcast episode will be released on 11/11. He will email over the full video and audio to us after it has been posted for promotional use. We intend to promote it on the Healthlink JAX social channels.

The host, Eric Ross also shared that he recorded an episode yesterday with the UNF Brooks College of Health who shouted out Paul, Dr. Thompson, Telescope and gave another HealthLink Jax plug.

Great job @Paul Sapia on the episode, we are looking forward to seeing it. Thanks all!

Hey Dr. Joshi, Phil, and Heather,
Just keeping you updated on our pitching efforts regarding Healthlink Jax. We're continuing to follow-up with the "What's Health Got to Do With It?" podcast, Health News Florida, and have also reached out to Kent Justice to see if we can have both Dr. Joshi and Dr. Thompson on *This Week in Jacksonville*. Additionally, Paul will be on the "What the Health Just Happened?" podcast next week.

We did have one follow-up item regarding the initial introductory press conference: is that announcement press conference video recording readily available somewhere and/or living on a site? Would just like to have that for our records and potential dissemination to interested parties.

Thank you for any assistance you can provide and I hope you all are having a great week.

Great! I actually created and produced What's Health Got to Do With It for three years, so let me know if you need any help with them. Also, Health News Florida usually re-airs that program, so maybe check on that before pitching them separately.

Only other thing I'd reiterate especially for the other talk shows is that they need to stay on topic.

Thanks for doing that interview this morning, Dr. Joshi…I think it turned out really well. Here's the link for it.

Heather, among the additional opportunities that we'd like to pursue immediately are as follows:

- This Week in Jacksonville with Kent Justice (News4Jax)
- This Week in the 904 with Emily Turner (ActionNewsJax)
- What's Health Got To Do With It? (WJCT)
- Health News Florida (NPR)

If you're good with those, we can pitch and follow-up with their availability.

Hello all,

It turns out that they aren't going to interview that patient tomorrow. They will plan to do a story with patients soon.

In the meantime, if we can have a list of patients who are willing to talk, that would be great!

I will be going on The Morning Show tomorrow to discuss Healthlink Jax with a Q/A segment.

I have cc'd Heather as well.

Lets keep the momentum going!

Thank you,
Sunil

Hi Sunil,

Hope you're Tuesday is going well. I wanted to loop in Chris Obarski from Dalton concerning the News4Jax interviews this week. He's been connecting with Heather Schatz to keep her updated on press surrounding HLJ. Would you mind sharing details on the news story so we can have Dalton assist with you any efforts here?

Paul and I are still reaching out to patients and we'll let you know if there are others out there.

Chris- Below is the patient we referred Sunil to that would be willing to chat.

Patient for News4Jax

Kraig Johnson (M, 62 yo)

904-705-5558

He said he would be willing to talk about his experience. We also referred him the day of his visit on 10/8 to JaxCareConnect.

Good morning, everyone,
Just passing along the link to Paul's interview on What the Health Just Happened? The show has provided the recording files to us for free use, which we intend to do on social media soon and potentially in the future for evergreen content.

The next interview will be for Dr. Joshi on Monday at noon at WJCT's studios for the What's Health Got To Do With It? podcast. Dr. Joshi, I've attached suggested, high-level questions to get the conversation with Dr. Sirven going. If you're OK with those, I'll send them over to him and his producer. I'll be on-site to staff the interview and to take pictures for social media purposes.

If you have any questions in the meantime, please reach out to us.

Thank you,

chris obarski

Sounds great, Phil. I'll meet Dr. Joshi over at WJCT's studios next Monday at noon for an interview with the What's Health Got To Do With It? podcast with Dr. Joseph Sirven. We'll keep this thread updated with any additional requests as they come in.

Hope everyone had a great weekend.

Hi all,

I wanted to provide some updates on Paul's appearance on the "What the Health Just Happened" podcast. The radio version will air this Saturday 11/9 at 7:00pm on 104.5 WOKV then the podcast episode will be released on 11/11. He will email over the full video and audio to us after it has been posted for promotional use. We intend to promote it on the Healthlink JAX social channels.

The host, Eric Ross also shared that he recorded an episode yesterday with the UNF Brooks College of Health who shouted out Paul, Dr. Thompson, Telescope and gave another HealthLink Jax plug.

Great job @Paul Sapia on the episode, we are looking forward to seeing it. Thanks all!

Hey Dr. Joshi, Phil, and Heather,
Just keeping you updated on our pitching efforts regarding Healthlink Jax. We're continuing to follow-up with the "What's Health Got to Do With It?" podcast, Health News Florida, and have also reached out to Kent Justice to see if we can have both Dr. Joshi and Dr. Thompson on *This Week in Jacksonville*. Additionally, Paul will be on the "What the Health Just Happened?" podcast next week.

We did have one follow-up item regarding the initial introductory press conference: is that announcement press conference video recording readily available somewhere and/or living on a site? Would just like to have that for our records and potential dissemination to interested parties.

Thank you for any assistance you can provide and I hope you all are having a great week.

Great! I actually created and produced What's Health Got to Do With It for three years, so let me know if you need any help with them. Also, Health News Florida usually re-airs that program, so maybe check on that before pitching them separately.

Only other thing I'd reiterate especially for the other talk shows is that they need to stay on topic.

Thanks for doing that interview this morning, Dr. Joshi…I think it turned out really well. Here's the link for it.

Heather, among the additional opportunities that we'd like to pursue immediately are as follows:

- This Week in Jacksonville with Kent Justice (News4Jax)
- This Week in the 904 with Emily Turner (ActionNewsJax)
- What's Health Got To Do With It? (WJCT)
- Health News Florida (NPR)

If you're good with those, we can pitch and follow-up with their availability.

Hello all,

It turns out that they aren't going to interview that patient tomorrow. They will plan to do a story with patients soon.

In the meantime, if we can have a list of patients who are willing to talk, that would be great!

I will be going on The Morning Show tomorrow to discuss Healthlink Jax with a Q/A segment.

I have cc'd Heather as well.

Lets keep the momentum going!

Thank you,
Sunil

Hi Sunil,

Hope you're Tuesday is going well. I wanted to loop in Chris Obarski from Dalton concerning the News4Jax interviews this week. He's been connecting with Heather Schatz to keep her updated on press surrounding HLJ. Would you mind sharing details on the news story so we can have Dalton assist with you any efforts here?

Paul and I are still reaching out to patients and we'll let you know if there are others out there.

Chris- Below is the patient we referred Sunil to that would be willing to chat.

Patient for News4Jax

Kraig Johnson (M, 62 yo)

904-705-5558

He said he would be willing to talk about his experience. We also referred him the day of his visit on 10/8 to JaxCareConnect.

Sounds great, Phil. I'll meet Dr. Joshi over at WJCT's studios next Monday at noon for an interview with the What's Health Got To Do With It? podcast with Dr. Joseph Sirven. We'll keep this thread updated with any additional requests as they come in.

Hope everyone had a great weekend.

Hi all,

I wanted to provide some updates on Paul's appearance on the "What the Health Just Happened" podcast. The radio version will air this Saturday 11/9 at 7:00pm on 104.5 WOKV then the podcast episode will be released on 11/11. He will email over the full video and audio to us after it has been posted for promotional use. We intend to promote it on the Healthlink JAX social channels.

The host, Eric Ross also shared that he recorded an episode yesterday with the UNF Brooks College of Health who shouted out Paul, Dr. Thompson, Telescope and gave another HealthLink Jax plug.

Great job @Paul Sapia on the episode, we are looking forward to seeing it. Thanks all!

Hey Dr. Joshi, Phil, and Heather,
Just keeping you updated on our pitching efforts regarding Healthlink Jax. We're continuing to follow-up with the "What's Health Got to Do With It?" podcast, Health News Florida, and have also reached out to Kent Justice to see if we can have both Dr. Joshi and Dr. Thompson on *This Week in*

Jacksonville. Additionally, Paul will be on the "What the Health Just Happened?" podcast next week.

We did have one follow-up item regarding the initial introductory press conference: is that announcement press conference video recording readily available somewhere and/or living on a site? Would just like to have that for our records and potential dissemination to interested parties.

Thank you for any assistance you can provide and I hope you all are having a great week.

Great! I actually created and produced What's Health Got to Do With It for three years, so let me know if you need any help with them. Also, Health News Florida

usually re-airs that program, so maybe check on that before pitching them separately.

Only other thing I'd reiterate especially for the other talk shows is that they need to stay on topic.

Thanks for doing that interview this morning, Dr. Joshi…I think it turned out really well. Here's the link for it.

Heather, among the additional opportunities that we'd like to pursue immediately are as follows:

- This Week in Jacksonville with Kent Justice (News4Jax)
- This Week in the 904 with Emily Turner (ActionNewsJax)
- What's Health Got To Do With It? (WJCT)
- Health News Florida (NPR)

If you're good with those, we can pitch and follow-up with their availability.

Hello all,

It turns out that they aren't going to interview that patient tomorrow. They will plan to do a story with patients soon.

In the meantime, if we can have a list of patients who are willing to talk, that would be great!

I will be going on The Morning Show tomorrow to discuss Healthlink Jax with a Q/A segment.

I have cc'd Heather as well.

Lets keep the momentum going!

Thank you,
Sunil

Hi Sunil,

Hope you're Tuesday is going well. I wanted to loop in Chris Obarski from Dalton concerning the News4Jax interviews this week. He's been connecting with Heather Schatz to keep her updated on press surrounding HLJ. Would you mind sharing details on the news story so we can have Dalton assist with you any efforts here?

Paul and I are still reaching out to patients and we'll let you know if there are others out there.

Chris- Below is the patient we referred Sunil to that would be willing to chat.

Patient for News4Jax

Kraig Johnson (M, 62 yo)

904-705-5558

He said he would be willing to talk about his experience. We also referred him the day of his visit on 10/8 to JaxCareConnect.

Good morning, everyone,
Just passing along the link to Paul's interview on What the Health Just Happened? The show has provided the recording files to us for free use, which we intend to do on social media soon and potentially in the future for evergreen content.

The next interview will be for Dr. Joshi on Monday at noon at WJCT's studios for the What's Health Got To Do With It? podcast. Dr. Joshi, I've attached suggested, high-level questions to get the conversation with Dr. Sirven going. If you're OK with those, I'll send them over to him and his producer. I'll be on-site to staff the interview and to take pictures for social media purposes.

If you have any questions in the meantime, please reach out to us.

Thank you,

Hi all,

I wanted to provide some updates on Paul's appearance on the "What the Health Just Happened" podcast. The radio version will air this Saturday 11/9 at 7:00pm on 104.5 WOKV then the podcast episode will be released on 11/11. He will email over the full video and audio to us after it has been posted for promotional use. We intend to promote it on the Healthlink JAX social channels.

The host, Eric Ross also shared that he recorded an episode yesterday with the UNF Brooks College of Health who shouted out Paul, Dr. Thompson, Telescope and gave another HealthLink Jax plug.

Great job @Paul Sapia on the episode, we are looking forward to seeing it. Thanks all!

Hey Dr. Joshi, Phil, and Heather,
Just keeping you updated on our pitching efforts regarding Healthlink Jax. We're continuing to follow-up with the "What's Health Got to Do With It?" podcast, Health News Florida, and have also reached out to Kent Justice to see if we can have both Dr. Joshi and Dr. Thompson on *This Week in Jacksonville*. Additionally, Paul will be on the "What the Health Just Happened?" podcast next week.

We did have one follow-up item regarding the initial introductory press conference: is that announcement press conference video recording readily

available somewhere and/or living on a site? Would just like to have that for our records and potential dissemination to interested parties.

Thank you for any assistance you can provide and I hope you all are having a great week.

Great! I actually created and produced What's Health Got to Do With It for three years, so let me know if you need any help with them. Also, Health News Florida usually re-airs that program, so maybe check on that before pitching them separately.

Only other thing I'd reiterate especially for the other talk shows is that they need to stay on topic.

Thanks for doing that interview this morning, Dr. Joshi…I think it turned out really well. Here's the link for it.

Heather, among the additional opportunities that we'd like to pursue immediately are as follows:

- This Week in Jacksonville with Kent Justice (News4Jax)
- This Week in the 904 with Emily Turner (ActionNewsJax)
- What's Health Got To Do With It? (WJCT)
- Health News Florida (NPR)

If you're good with those, we can pitch and follow-up with their availability.

Hello all,

It turns out that they aren't going to interview that patient tomorrow. They will plan to do a story with patients soon.

In the meantime, if we can have a list of patients who are willing to talk, that would be great!

I will be going on The Morning Show tomorrow to discuss Healthlink Jax with a Q/A segment.

I have cc'd Heather as well.

Lets keep the momentum going!

Thank you,
Sunil

Hi Sunil,

Hope you're Tuesday is going well. I wanted to loop in Chris Obarski from Dalton concerning the News4Jax interviews this week. He's been connecting with Heather Schatz to keep her updated on press surrounding HLJ. Would you mind sharing details on the news story so we can have Dalton assist with you any efforts here?

Paul and I are still reaching out to patients and we'll let you know if there are others out there.

Chris- Below is the patient we referred Sunil to that would be willing to chat.

Patient for News4Jax

Kraig Johnson (M, 62 yo)

904-705-5558

He said he would be willing to talk about his experience. We also referred him the day of his visit on 10/8 to JaxCareConnect.

Good morning, everyone,
Just passing along the link to Paul's interview on What the Health Just Happened? The show has provided the recording files to us for free use, which we intend to do on social media soon and potentially in the future for evergreen content.

The next interview will be for Dr. Joshi on Monday at noon at WJCT's studios for the What's Health Got To Do With It? podcast. Dr. Joshi, I've attached suggested, high-level questions to get the conversation with Dr. Sirven going. If you're OK with those, I'll send them over to him and his producer. I'll be on-site to staff the interview and to take pictures for social media purposes.

If you have any questions in the meantime, please reach out to us.

Thank you,

Great! I actually created and produced What's Health Got to Do With It for three years, so let me know if you need any help with them. Also, Health News Florida usually re-airs that program, so maybe check on that before pitching them separately.

Only other thing I'd reiterate especially for the other talk shows is that they need to stay on topic.

Thanks for doing that interview this morning, Dr. Joshi…I think it turned out really well. Here's the link for it.

Heather, among the additional opportunities that we'd like to pursue immediately are as follows:

- This Week in Jacksonville with Kent Justice (News4Jax)
- This Week in the 904 with Emily Turner (ActionNewsJax)
- What's Health Got To Do With It? (WJCT)
- Health News Florida (NPR)

If you're good with those, we can pitch and follow-up with their availability.

Hello all,

It turns out that they aren't going to interview that patient tomorrow. They will plan to do a story with patients soon.

In the meantime, if we can have a list of patients who are willing to talk, that would be great!

I will be going on The Morning Show tomorrow to discuss Healthlink Jax with a Q/A segment.

I have cc'd Heather as well.

Lets keep the momentum going!

Thank you,
Sunil

Hi Sunil,

Hope you're Tuesday is going well. I wanted to loop in Chris Obarski from Dalton concerning the News4Jax interviews this week. He's been connecting with Heather Schatz to keep her updated on press surrounding HLJ. Would you mind sharing details on the news story so we can have Dalton assist with you any efforts here?

Paul and I are still reaching out to patients and we'll let you know if there are others out there.

Chris- Below is the patient we referred Sunil to that would be willing to chat.

Patient for News4Jax

Kraig Johnson (M, 62 yo)

904-705-5558

He said he would be willing to talk about his experience. We also referred him the day of his visit on 10/8 to JaxCareConnect.

Good morning, everyone,
Just passing along the link to Paul's interview on What the Health Just Happened? The show has provided the recording files to us for free use, which we intend to do on social media soon and potentially in the future for evergreen content.

The next interview will be for Dr. Joshi on Monday at noon at WJCT's studios for the What's Health Got To Do With It? podcast. Dr. Joshi, I've attached suggested, high-level questions to get the conversation with Dr. Sirven going. If you're OK with those, I'll send them over to him and his producer. I'll be on-site to staff the interview and to take pictures for social media purposes.

If you have any questions in the meantime, please reach out to us.

Thank you,

Hi all,

I wanted to provide some updates on Paul's appearance on the "What the Health Just Happened" podcast. The radio version will air this Saturday 11/9 at 7:00pm on 104.5 WOKV then the podcast episode will be released on 11/11. He will email over the full video and audio to us after it has been posted for promotional use. We intend to promote it on the Healthlink JAX social channels.

The host, Eric Ross also shared that he recorded an episode yesterday with the UNF Brooks College of Health who shouted out Paul, Dr. Thompson, Telescope and gave another HealthLink Jax plug.

Great job @Paul Sapia on the episode, we are looking forward to seeing it. Thanks all!

Hey Dr. Joshi, Phil, and Heather,
Just keeping you updated on our pitching efforts regarding Healthlink Jax. We're continuing to follow-up with the "What's Health Got to Do With It?" podcast, Health News Florida, and have also reached out to Kent Justice to see if we can have both Dr. Joshi and Dr. Thompson on *This Week in Jacksonville*. Additionally, Paul will be on the "What the Health Just Happened?" podcast next week.

We did have one follow-up item regarding the initial introductory press conference: is that announcement press conference video recording readily

available somewhere and/or living on a site? Would just like to have that for our records and potential dissemination to interested parties.

Thank you for any assistance you can provide and I hope you all are having a great week.

Hello all,

It turns out that they aren't going to interview that patient tomorrow. They will plan to do a story with patients soon.

In the meantime, if we can have a list of patients who are willing to talk, that would be great!

I will be going on The Morning Show tomorrow to discuss Healthlink Jax with a Q/A segment.

I have cc'd Heather as well.

Lets keep the momentum going!

Thank you,
Sunil

Thank you again, Dr. Joshi, for agreeing to do the interview with the podcast today.
For the larger group, the episode will air on December 14th, which includes on the radio, on podcast platforms, and on the station's website. I've attached two photos in case anyone needs them. For those who don't know, the gentleman in the grey vest is Dr. Joe Sirven, the podcast host.

These look good. I'd like for them to touch on the amt of money we've saved since implementing this program – can you add a question that gets at that?
Also, we just launched Get Covered Jax, so can you add in one about that after the last one, since the programs complement each other?
Thanks!

Good morning, everyone,
Just passing along the link to Paul's interview on What the Health Just Happened? The show has provided the recording files to us for free use, which we intend to do on social media soon and potentially in the future for evergreen content.

The next interview will be for Dr. Joshi on Monday at noon at WJCT's studios for the What's Health Got To Do With It? podcast. Dr. Joshi, I've attached suggested, high-level questions to get the conversation with Dr. Sirven going. If you're OK with those, I'll send them over to him and his producer. I'll be on-site to staff the interview and to take pictures for social media purposes.

If you have any questions in the meantime, please reach out to us.

Thank you,

Hi all,

I wanted to provide some updates on Paul's appearance on the "What the Health Just Happened" podcast. The radio version will air this Saturday 11/9 at 7:00pm on 104.5 WOKV then the podcast episode will be released on 11/11. He will email over the full video and audio to us after it has been posted for promotional use. We intend to promote it on the Healthlink JAX social channels.

The host, Eric Ross also shared that he recorded an episode yesterday with the UNF Brooks College of Health who shouted out Paul, Dr. Thompson, Telescope and gave another HealthLink Jax plug.

Great job @Paul Sapia on the episode, we are looking forward to seeing it. Thanks all!

Hey Dr. Joshi, Phil, and Heather,
Just keeping you updated on our pitching efforts regarding Healthlink Jax. We're continuing to follow-up with the "What's Health Got to Do With It?" podcast, Health News Florida, and have also reached out to Kent Justice to see if we can have both Dr. Joshi and Dr. Thompson on *This Week in Jacksonville*. Additionally, Paul will be on the "What the Health Just Happened?" podcast next week.

We did have one follow-up item regarding the initial introductory press conference: is that announcement press conference video recording readily available somewhere and/or living on a site? Would just like to have that for our records and potential dissemination to interested parties.

Thank you for any assistance you can provide and I hope you all are having a great week.

Thanks for doing that interview this morning, Dr. Joshi…I think it turned out really well. Here's the link for it.

Heather, among the additional opportunities that we'd like to pursue immediately are as follows:

- This Week in Jacksonville with Kent Justice (News4Jax)
- This Week in the 904 with Emily Turner (ActionNewsJax)
- What's Health Got To Do With It? (WJCT)
- Health News Florida (NPR)

If you're good with those, we can pitch and follow-up with their availability.

These look good. I'd like for them to touch on the amt of money we've saved since implementing this program – can you add a question that gets at that?
Also, we just launched Get Covered Jax, so can you add in one about that after the last one, since the programs complement each other?
Thanks!

Good morning, everyone,
Just passing along the link to Paul's interview on What the Health Just Happened? The show has provided the recording files to us for free use, which we intend to do on social media soon and potentially in the future for evergreen content.

The next interview will be for Dr. Joshi on Monday at noon at WJCT's studios for the What's Health Got To Do With It? podcast. Dr. Joshi, I've attached suggested, high-level questions to get the conversation with Dr. Sirven going. If you're OK with those, I'll send them over to him and his producer. I'll be on-site to staff the interview and to take pictures for social media purposes.

If you have any questions in the meantime, please reach out to us.

Thank you,

Hi all,

I wanted to provide some updates on Paul's appearance on the "What the Health Just Happened" podcast. The radio version will air this Saturday 11/9 at 7:00pm on 104.5 WOKV then the podcast episode will be released on 11/11. He will email over the full video and audio to us after it has been posted for promotional use. We intend to promote it on the Healthlink JAX social channels.

The host, Eric Ross also shared that he recorded an episode yesterday with the UNF Brooks College of Health who shouted out Paul, Dr. Thompson, Telescope and gave another HealthLink Jax plug.

Great job @Paul Sapia on the episode, we are looking forward to seeing it. Thanks all!

Hey Dr. Joshi, Phil, and Heather,
Just keeping you updated on our pitching efforts regarding Healthlink Jax. We're continuing to follow-up with the "What's Health Got to Do With It?" podcast, Health News Florida, and have also reached out to Kent Justice to see if we can have both Dr. Joshi and Dr. Thompson on *This Week in Jacksonville*. Additionally, Paul will be on the "What the Health Just Happened?" podcast next week.

We did have one follow-up item regarding the initial introductory press conference: is that announcement press conference video recording readily

available somewhere and/or living on a site? Would just like to have that for our records and potential dissemination to interested parties.

Thank you for any assistance you can provide and I hope you all are having a great week.

Great! I actually created and produced What's Health Got to Do With It for three years, so let me know if you need any help with them. Also, Health News Florida usually re-airs that program, so maybe check on that before pitching them separately.

Only other thing I'd reiterate especially for the other talk shows is that they need to stay on topic.

Thanks for doing that interview this morning, Dr. Joshi…I think it turned out really well. Here's the link for it.

Heather, among the additional opportunities that we'd like to pursue immediately are as follows:

- This Week in Jacksonville with Kent Justice (News4Jax)
- This Week in the 904 with Emily Turner (ActionNewsJax)
- What's Health Got To Do With It? (WJCT)
- Health News Florida (NPR)

If you're good with those, we can pitch and follow-up with their availability.

Hello all,

It turns out that they aren't going to interview that patient tomorrow. They will plan to do a story with patients soon.

In the meantime, if we can have a list of patients who are willing to talk, that would be great!

I will be going on The Morning Show tomorrow to discuss Healthlink Jax with a Q/A segment.

I have cc'd Heather as well.

Lets keep the momentum going!

Thank you,
Sunil

Hi Sunil,

Hope you're Tuesday is going well. I wanted to loop in Chris Obarski from Dalton concerning the News4Jax interviews this week. He's been connecting with Heather Schatz to keep her updated on press surrounding HLJ. Would you mind sharing details on the news story so we can have Dalton assist with you any efforts here?

Paul and I are still reaching out to patients and we'll let you know if there are others out there.

Chris- Below is the patient we referred Sunil to that would be willing to chat.

Patient for News4Jax

Kraig Johnson (M, 62 yo)

904-705-5558

He said he would be willing to talk about his experience. We also referred him the day of his visit on 10/8 to JaxCareConnect.

Good morning, everyone,
Just passing along the link to Paul's interview on What the Health Just Happened? The show has provided the recording files to us for free use, which we intend to do on social media soon and potentially in the future for evergreen content.

The next interview will be for Dr. Joshi on Monday at noon at WJCT's studios for the What's Health Got To Do With It? podcast. Dr. Joshi, I've attached suggested, high-level questions to get the conversation with Dr. Sirven going. If you're OK with those, I'll send them over to him and his producer. I'll be on-site to staff the interview and to take pictures for social media purposes.

If you have any questions in the meantime, please reach out to us.

Thank you,

chris obarski

Sounds great, Phil. I'll meet Dr. Joshi over at WJCT's studios next Monday at noon for an interview with the What's Health Got To Do With It? podcast with Dr. Joseph Sirven. We'll keep this thread updated with any additional requests as they come in.

Hope everyone had a great weekend.

Hi all,

I wanted to provide some updates on Paul's appearance on the "What the Health Just Happened" podcast. The radio version will air this Saturday 11/9 at 7:00pm on 104.5 WOKV then the podcast episode will be released on 11/11. He will email over the full video and audio to us after it has been posted for promotional use. We intend to promote it on the Healthlink JAX social channels.

The host, Eric Ross also shared that he recorded an episode yesterday with the UNF Brooks College of Health who shouted out Paul, Dr. Thompson, Telescope and gave another HealthLink Jax plug.

Great job @Paul Sapia on the episode, we are looking forward to seeing it. Thanks all!

Hey Dr. Joshi, Phil, and Heather,
Just keeping you updated on our pitching efforts regarding Healthlink Jax. We're continuing to follow-up with the "What's Health Got to Do With It?" podcast, Health News Florida, and have also reached out to Kent Justice to see if we can have both Dr. Joshi and Dr. Thompson on *This Week in Jacksonville*. Additionally, Paul will be on the "What the Health Just Happened?" podcast next week.

We did have one follow-up item regarding the initial introductory press conference: is that announcement press conference video recording readily available somewhere and/or living on a site? Would just like to have that for our records and potential dissemination to interested parties.

Thank you for any assistance you can provide and I hope you all are having a great week.

Great! I actually created and produced What's Health Got to Do With It for three years, so let me know if you need any help with them. Also, Health News Florida usually re-airs that program, so maybe check on that before pitching them separately.

Only other thing I'd reiterate especially for the other talk shows is that they need to stay on topic.

Thanks for doing that interview this morning, Dr. Joshi…I think it turned out really well. Here's the link for it.

Heather, among the additional opportunities that we'd like to pursue immediately are as follows:

- This Week in Jacksonville with Kent Justice (News4Jax)
- This Week in the 904 with Emily Turner (ActionNewsJax)
- What's Health Got To Do With It? (WJCT)
- Health News Florida (NPR)

If you're good with those, we can pitch and follow-up with their availability.

Hello all,

It turns out that they aren't going to interview that patient tomorrow. They will plan to do a story with patients soon.

In the meantime, if we can have a list of patients who are willing to talk, that would be great!

I will be going on The Morning Show tomorrow to discuss Healthlink Jax with a Q/A segment.

I have cc'd Heather as well.

Lets keep the momentum going!

Thank you,
Sunil

Hi Sunil,

Hope you're Tuesday is going well. I wanted to loop in Chris Obarski from Dalton concerning the News4Jax interviews this week. He's been connecting with Heather Schatz to keep her updated on press surrounding HLJ. Would you mind sharing details on the news story so we can have Dalton assist with you any efforts here?

Paul and I are still reaching out to patients and we'll let you know if there are others out there.

Chris- Below is the patient we referred Sunil to that would be willing to chat.

Patient for News4Jax

Kraig Johnson (M, 62 yo)

904-705-5558

He said he would be willing to talk about his experience. We also referred him the day of his visit on 10/8 to JaxCareConnect.

Sounds great, Phil. I'll meet Dr. Joshi over at WJCT's studios next Monday at noon for an interview with the What's Health Got To Do With It? podcast

with Dr. Joseph Sirven. We'll keep this thread updated with any additional requests as they come in.

Hope everyone had a great weekend.

Hi all,

I wanted to provide some updates on Paul's appearance on the "What the Health Just Happened" podcast. The radio version will air this Saturday 11/9 at 7:00pm on 104.5 WOKV then the podcast episode will be released on 11/11. He will email over the full video and audio to us after it has been posted for promotional use. We intend to promote it on the Healthlink JAX social channels.

The host, Eric Ross also shared that he recorded an episode yesterday with the UNF Brooks College of Health who shouted out Paul, Dr. Thompson, Telescope and gave another HealthLink Jax plug.

Great job @Paul Sapia on the episode, we are looking forward to seeing it. Thanks all!

Hey Dr. Joshi, Phil, and Heather,
Just keeping you updated on our pitching efforts regarding Healthlink Jax. We're continuing to follow-up with the "What's Health Got to Do With It?" podcast, Health News Florida, and have also reached out to Kent Justice to see if we can have both Dr. Joshi and Dr. Thompson on *This Week in Jacksonville*. Additionally, Paul will be on the "What the Health Just Happened?" podcast next week.

We did have one follow-up item regarding the initial introductory press conference: is that announcement press conference video recording readily available somewhere and/or living on a site? Would just like to have that for our records and potential dissemination to interested parties.

Thank you for any assistance you can provide and I hope you all are having a great week.

Great! I actually created and produced What's Health Got to Do With It for three years, so let me know if you need any help with them. Also, Health News Florida usually re-airs that program, so maybe check on that before pitching them separately.

Only other thing I'd reiterate especially for the other talk shows is that they need to stay on topic.

Thanks for doing that interview this morning, Dr. Joshi…I think it turned out really well. Here's the link for it.

Heather, among the additional opportunities that we'd like to pursue immediately are as follows:

- This Week in Jacksonville with Kent Justice (News4Jax)
- This Week in the 904 with Emily Turner (ActionNewsJax)
- What's Health Got To Do With It? (WJCT)
- Health News Florida (NPR)

If you're good with those, we can pitch and follow-up with their availability.

Hello all,

It turns out that they aren't going to interview that patient tomorrow. They will plan to do a story with patients soon.

In the meantime, if we can have a list of patients who are willing to talk, that would be great!

I will be going on The Morning Show tomorrow to discuss Healthlink Jax with a Q/A segment.

I have cc'd Heather as well.

Lets keep the momentum going!

Thank you,
Sunil

Hi Sunil,

Hope you're Tuesday is going well. I wanted to loop in Chris Obarski from Dalton concerning the News4Jax interviews this week. He's been connecting with Heather Schatz to keep her updated on press surrounding HLJ. Would you mind sharing details on the news story so we can have Dalton assist with you any efforts here?

Paul and I are still reaching out to patients and we'll let you know if there are others out there.

Chris- Below is the patient we referred Sunil to that would be willing to chat.

Patient for News4Jax

Kraig Johnson (M, 62 yo)

904-705-5558

He said he would be willing to talk about his experience. We also referred him the day of his visit on 10/8 to JaxCareConnect.

Good morning, everyone,
Just passing along the link to Paul's interview on What the Health Just Happened? The show has provided the recording files to us for free use, which we intend to do on social media soon and potentially in the future for evergreen content.

The next interview will be for Dr. Joshi on Monday at noon at WJCT's studios for the What's Health Got To Do With It? podcast. Dr. Joshi, I've attached suggested, high-level questions to get the conversation with Dr. Sirven going. If you're OK with those, I'll send them over to him and his producer. I'll be on-site to staff the interview and to take pictures for social media purposes.

If you have any questions in the meantime, please reach out to us.

Thank you,

Hi all,

I wanted to provide some updates on Paul's appearance on the "What the Health Just Happened" podcast. The radio version will air this Saturday 11/9 at 7:00pm on 104.5 WOKV then the podcast episode will be released on 11/11. He will email over the full video and audio to us after it has been posted for promotional use. We intend to promote it on the Healthlink JAX social channels.

The host, Eric Ross also shared that he recorded an episode yesterday with the UNF Brooks College of Health who shouted out Paul, Dr. Thompson, Telescope and gave another HealthLink Jax plug.

Great job @Paul Sapia on the episode, we are looking forward to seeing it. Thanks all!

Hey Dr. Joshi, Phil, and Heather,
Just keeping you updated on our pitching efforts regarding Healthlink Jax. We're continuing to follow-up with the "What's Health Got to Do With It?" podcast, Health News Florida, and have also reached out to Kent Justice to see if we can have both Dr. Joshi and Dr. Thompson on *This Week in Jacksonville*. Additionally, Paul will be on the "What the Health Just Happened?" podcast next week.

We did have one follow-up item regarding the initial introductory press conference: is that announcement press conference video recording readily available somewhere and/or living on a site? Would just like to have that for our records and potential dissemination to interested parties.

Thank you for any assistance you can provide and I hope you all are having a great week.

Great! I actually created and produced What's Health Got to Do With It for three years, so let me know if you need any help with them. Also, Health News Florida usually re-airs that program, so maybe check on that before pitching them separately.

Only other thing I'd reiterate especially for the other talk shows is that they need to stay on topic.

Thanks for doing that interview this morning, Dr. Joshi…I think it turned out really well. Here's the link for it.

Heather, among the additional opportunities that we'd like to pursue immediately are as follows:

- This Week in Jacksonville with Kent Justice (News4Jax)
- This Week in the 904 with Emily Turner (ActionNewsJax)
- What's Health Got To Do With It? (WJCT)
- Health News Florida (NPR)

If you're good with those, we can pitch and follow-up with their availability.

Hello all,

It turns out that they aren't going to interview that patient tomorrow. They will plan to do a story with patients soon.

In the meantime, if we can have a list of patients who are willing to talk, that would be great!

I will be going on The Morning Show tomorrow to discuss Healthlink Jax with a Q/A segment.

I have cc'd Heather as well.

Lets keep the momentum going!

Thank you,
Sunil

Hi Sunil,

Hope you're Tuesday is going well. I wanted to loop in Chris Obarski from Dalton concerning the News4Jax interviews this week. He's been connecting with Heather Schatz to keep her updated on press surrounding HLJ. Would you mind sharing details on the news story so we can have Dalton assist with you any efforts here?

Paul and I are still reaching out to patients and we'll let you know if there are others out there.

Chris- Below is the patient we referred Sunil to that would be willing to chat.

Patient for News4Jax

Kraig Johnson (M, 62 yo)

904-705-5558

He said he would be willing to talk about his experience. We also referred him the day of his visit on 10/8 to JaxCareConnect.

Good morning, everyone,
Just passing along the link to Paul's interview on What the Health Just Happened? The show has provided the recording files to us for free use, which we intend to do on social media soon and potentially in the future for evergreen content.

The next interview will be for Dr. Joshi on Monday at noon at WJCT's studios for the What's Health Got To Do With It? podcast. Dr. Joshi, I've attached suggested, high-level questions to get the conversation with Dr. Sirven going. If you're OK with those, I'll send them over to him and his producer. I'll be on-site to staff the interview and to take pictures for social media purposes.

If you have any questions in the meantime, please reach out to us.

Thank you,

Great! I actually created and produced What's Health Got to Do With It for three years, so let me know if you need any help with them. Also, Health News Florida usually re-airs that program, so maybe check on that before pitching them separately.

Only other thing I'd reiterate especially for the other talk shows is that they need to stay on topic.

Thanks for doing that interview this morning, Dr. Joshi…I think it turned out really well. Here's the link for it.

Heather, among the additional opportunities that we'd like to pursue immediately are as follows:

- This Week in Jacksonville with Kent Justice (News4Jax)
- This Week in the 904 with Emily Turner (ActionNewsJax)
- What's Health Got To Do With It? (WJCT)
- Health News Florida (NPR)

If you're good with those, we can pitch and follow-up with their availability.

Hello all,

It turns out that they aren't going to interview that patient tomorrow. They will plan to do a story with patients soon.

In the meantime, if we can have a list of patients who are willing to talk, that would be great!

I will be going on The Morning Show tomorrow to discuss Healthlink Jax with a Q/A segment.

I have cc'd Heather as well.

Lets keep the momentum going!

Thank you,
Sunil

Hi Sunil,

Hope you're Tuesday is going well. I wanted to loop in Chris Obarski from Dalton concerning the News4Jax interviews this week. He's been connecting with Heather Schatz to keep her updated on press surrounding HLJ. Would you mind sharing details on the news story so we can have Dalton assist with you any efforts here?

Paul and I are still reaching out to patients and we'll let you know if there are others out there.

Chris- Below is the patient we referred Sunil to that would be willing to chat.

Patient for News4Jax

Kraig Johnson (M, 62 yo)

904-705-5558

He said he would be willing to talk about his experience. We also referred him the day of his visit on 10/8 to JaxCareConnect.

Thank you again, Dr. Joshi, for agreeing to do the interview with the podcast today.
For the larger group, the episode will air on December 14th, which includes on the radio, on podcast platforms, and on the station's website. I've attached two photos in case anyone needs them. For those who don't know, the gentleman in the grey vest is Dr. Joe Sirven, the podcast host.

Thank you,

Good morning, everyone,
Just passing along the link to Paul's interview on What the Health Just Happened? The show has provided the recording files to us for free use, which we intend to do on social media soon and potentially in the future for evergreen content.

The next interview will be for Dr. Joshi on Monday at noon at WJCT's studios for the What's Health Got To Do With It? podcast. Dr. Joshi, I've attached suggested, high-level questions to get the conversation with Dr. Sirven going. If you're OK with those, I'll send them over to him and his producer. I'll be on-site to staff the interview and to take pictures for social media purposes.

If you have any questions in the meantime, please reach out to us.

Thank you,

Hi all,

I wanted to provide some updates on Paul's appearance on the "What the Health Just Happened" podcast. The radio version will air this Saturday 11/9 at 7:00pm on 104.5 WOKV then the podcast episode will be released on 11/11. He will email over the full video and audio to us after it has been posted for promotional use. We intend to promote it on the Healthlink JAX social channels.

The host, Eric Ross also shared that he recorded an episode yesterday with the UNF Brooks College of Health who shouted out Paul, Dr. Thompson, Telescope and gave another HealthLink Jax plug.

Great job @Paul Sapia on the episode, we are looking forward to seeing it. Thanks all!

Hey Dr. Joshi, Phil, and Heather,
Just keeping you updated on our pitching efforts regarding Healthlink Jax. We're continuing to follow-up with the "What's Health Got to Do With It?" podcast, Health News Florida, and have also reached out to Kent Justice to see if we can have both Dr. Joshi and Dr. Thompson on *This Week in Jacksonville*. Additionally, Paul will be on the "What the Health Just Happened?" podcast next week.

We did have one follow-up item regarding the initial introductory press conference: is that announcement press conference video recording readily available somewhere and/or living on a site? Would just like to have that for our records and potential dissemination to interested parties.

Thank you for any assistance you can provide and I hope you all are having a great week.

Subject: HLJ- Interviews

Hi Sunil,

Hope you're Tuesday is going well. I wanted to loop in Chris Obarski from Dalton concerning the News4Jax interviews this week. He's been connecting with Heather Schatz to keep her updated on press surrounding HLJ. Would you mind sharing details on the news story so we can have Dalton assist with you any efforts here?

Paul and I are still reaching out to patients and we'll let you know if there are others out there.

Chris- Below is the patient we referred Sunil to that would be willing to chat.

Patient for News4Jax

Kraig Johnson (M, 62 yo)

904-705-5558

He said he would be willing to talk about his experience. We also referred him the day of his visit on 10/8 to JaxCareConnect.

Thank you again, Dr. Joshi, for agreeing to do the interview with the podcast today.
For the larger group, the episode will air on December 14th, which includes on the radio, on podcast platforms, and on the station's website. I've attached two photos in case anyone needs them. For those who don't know, the gentleman in the grey vest is Dr. Joe Sirven, the podcast host.

Thank you,

Good morning, everyone,
Just passing along the link to Paul's interview on What the Health Just Happened? The show has provided the recording files to us for free use, which we intend to do on social media soon and potentially in the future for evergreen content.

The next interview will be for Dr. Joshi on Monday at noon at WJCT's studios for the What's Health Got To Do With It? podcast. Dr. Joshi, I've attached suggested, high-level questions to get the conversation with Dr. Sirven going. If you're OK with those, I'll send them over to him and his producer. I'll be on-site to staff the interview and to take pictures for social media purposes.

If you have any questions in the meantime, please reach out to us.

Thank you,

Hi all,

I wanted to provide some updates on Paul's appearance on the "What the Health Just Happened" podcast. The radio version will air this Saturday 11/9 at 7:00pm on 104.5 WOKV then the podcast episode will be released on 11/11. He will email over the full video and audio to us after it has been posted for promotional use. We intend to promote it on the Healthlink JAX social channels.

The host, Eric Ross also shared that he recorded an episode yesterday with the UNF Brooks College of Health who shouted out Paul, Dr. Thompson, Telescope and gave another HealthLink Jax plug.

Great job @Paul Sapia on the episode, we are looking forward to seeing it. Thanks all!

Hey Dr. Joshi, Phil, and Heather,
Just keeping you updated on our pitching efforts regarding Healthlink Jax. We're continuing to follow-up with the "What's Health Got to Do With It?" podcast, Health News Florida, and have also reached out to Kent Justice to see if we can have both Dr. Joshi and Dr. Thompson on *This Week in Jacksonville*. Additionally, Paul will be on the "What the Health Just Happened?" podcast next week.

We did have one follow-up item regarding the initial introductory press conference: is that announcement press conference video recording readily available somewhere and/or living on a site? Would just like to have that for our records and potential dissemination to interested parties.

Thank you for any assistance you can provide and I hope you all are having a great week.

Thanks for doing that interview this morning, Dr. Joshi…I think it turned out really well. Here's the link for it.

Heather, among the additional opportunities that we'd like to pursue immediately are as follows:

- This Week in Jacksonville with Kent Justice (News4Jax)
- This Week in the 904 with Emily Turner (ActionNewsJax)
- What's Health Got To Do With It? (WJCT)
- Health News Florida (NPR)

If you're good with those, we can pitch and follow-up with their availability.

Good morning, everyone,
Just passing along the link to Paul's interview on What the Health Just Happened? The show has provided the recording files to us for free use, which we intend to do on social media soon and potentially in the future for evergreen content.

The next interview will be for Dr. Joshi on Monday at noon at WJCT's studios for the What's Health Got To Do With It? podcast. Dr. Joshi, I've attached suggested, high-level questions to get the conversation with Dr. Sirven going. If you're OK with those, I'll send them over to him and his producer. I'll be on-site to staff the interview and to take pictures for social media purposes.

If you have any questions in the meantime, please reach out to us.

Thank you,

chris obarski
senior public relations manager

Hi all,

I wanted to provide some updates on Paul's appearance on the "What the Health Just Happened" podcast. The radio version will air this Saturday 11/9 at 7:00pm on 104.5 WOKV then the podcast episode will be released on 11/11. He will email over the full video and audio to us after it has been posted for promotional use. We intend to promote it on the Healthlink JAX social channels.

The host, Eric Ross also shared that he recorded an episode yesterday with the UNF Brooks College of Health who shouted out Paul, Dr. Thompson, Telescope and gave another HealthLink Jax plug.

Great job @Paul Sapia on the episode, we are looking forward to seeing it. Thanks all!

Hey Dr. Joshi, Phil, and Heather,
Just keeping you updated on our pitching efforts regarding Healthlink Jax. We're continuing to follow-up with the "What's Health Got to Do With It?" podcast, Health News Florida, and have also reached out to Kent Justice to see if we can have both Dr. Joshi and Dr. Thompson on *This Week in Jacksonville*. Additionally, Paul will be on the "What the Health Just Happened?" podcast next week.

We did have one follow-up item regarding the initial introductory press conference: is that announcement press conference video recording readily available somewhere and/or living on a site? Would just like to have that for our records and potential dissemination to interested parties.

Thank you for any assistance you can provide and I hope you all are having a great week.

Great! I actually created and produced What's Health Got to Do With It for three years, so let me know if you need any help with them. Also, Health News Florida usually re-airs that program, so maybe check on that before pitching them separately.

Only other thing I'd reiterate especially for the other talk shows is that they need to stay on topic.

Thanks for doing that interview this morning, Dr. Joshi…I think it turned out really well. Here's the link for it.

Heather, among the additional opportunities that we'd like to pursue immediately are as follows:

- This Week in Jacksonville with Kent Justice (News4Jax)
- This Week in the 904 with Emily Turner (ActionNewsJax)
- What's Health Got To Do With It? (WJCT)
- Health News Florida (NPR)

If you're good with those, we can pitch and follow-up with their availability.

Hello all,

It turns out that they aren't going to interview that patient tomorrow. They will plan to do a story with patients soon.

In the meantime, if we can have a list of patients who are willing to talk, that would be great!

I will be going on The Morning Show tomorrow to discuss Healthlink Jax with a Q/A segment.

I have cc'd Heather as well.

Lets keep the momentum going!

Thank you,
Sunil

Hi Sunil,

Hope you're Tuesday is going well. I wanted to loop in Chris Obarski from Dalton concerning the News4Jax interviews this week. He's been connecting with Heather Schatz to keep her updated on press surrounding HLJ. Would you mind sharing details on the news story so we can have Dalton assist with you any efforts here?

Paul and I are still reaching out to patients and we'll let you know if there are others out there.

Chris- Below is the patient we referred Sunil to that would be willing to chat.

Patient for News4Jax

Kraig Johnson (M, 62 yo)

904-705-5558

He said he would be willing to talk about his experience. We also referred him the day of his visit on 10/8 to JaxCareConnect.

Hi Sunil,

Hope you're Tuesday is going well. I wanted to loop in Chris Obarski from Dalton concerning the News4Jax interviews this week. He's been connecting with Heather Schatz to keep her updated on press surrounding HLJ. Would you mind sharing details on the news story so we can have Dalton assist with you any efforts here?

Paul and I are still reaching out to patients and we'll let you know if there are others out there.

Chris- Below is the patient we referred Sunil to that would be willing to chat.

Patient for News4Jax

Kraig Johnson (M, 62 yo)

904-705-5558

He said he would be willing to talk about his experience. We also referred him the day of his visit on 10/8 to JaxCareConnect.

Good morning, everyone,
Just passing along the link to Paul's interview on What the Health Just Happened? The show has provided the recording files to us for free use, which we intend to do on social media soon and potentially in the future for evergreen content.

The next interview will be for Dr. Joshi on Monday at noon at WJCT's studios for the What's Health Got To Do With It? podcast. Dr. Joshi, I've attached suggested, high-level questions to get the conversation with Dr. Sirven going. If you're OK with those, I'll send them over to him and his producer. I'll be on-site to staff the interview and to take pictures for social media purposes.

If you have any questions in the meantime, please reach out to us.

Thank you,

Hi all,

I wanted to provide some updates on Paul's appearance on the "What the Health Just Happened" podcast. The radio version will air this Saturday 11/9 at 7:00pm on 104.5 WOKV then the podcast episode will be released on 11/11. He will email over the full video and audio to us after it has been posted for promotional use. We intend to promote it on the Healthlink JAX social channels.

The host, Eric Ross also shared that he recorded an episode yesterday with the UNF Brooks College of Health who shouted out Paul, Dr. Thompson, Telescope and gave another HealthLink Jax plug.

Great job @Paul Sapia on the episode, we are looking forward to seeing it. Thanks all!

Hey Dr. Joshi, Phil, and Heather,
Just keeping you updated on our pitching efforts regarding Healthlink Jax. We're continuing to follow-up with the "What's Health Got to Do With It?" podcast, Health News Florida, and have also reached out to Kent Justice to see if we can have both Dr. Joshi and Dr. Thompson on *This Week in Jacksonville*. Additionally, Paul will be on the "What the Health Just Happened?" podcast next week.

We did have one follow-up item regarding the initial introductory press conference: is that announcement press conference video recording readily available somewhere and/or living on a site? Would just like to have that for our records and potential dissemination to interested parties.

Thank you for any assistance you can provide and I hope you all are having a great week.

Subject: HLJ- Interviews

Hi Sunil,

Hope you're Tuesday is going well. I wanted to loop in Chris Obarski from Dalton concerning the News4Jax interviews this week. He's been connecting with Heather Schatz to keep her updated on press surrounding HLJ. Would you mind sharing details on the news story so we can have Dalton assist with you any efforts here?

Paul and I are still reaching out to patients and we'll let you know if there are others out there.

Chris- Below is the patient we referred Sunil to that would be willing to chat.

Patient for News4Jax

Kraig Johnson (M, 62 yo)

904-705-5558

He said he would be willing to talk about his experience. We also referred him the day of his visit on 10/8 to JaxCareConnect.

Good morning, everyone,
Just passing along the link to Paul's interview on What the Health Just Happened? The show has provided the recording files to us for free use, which we intend to do on social media soon and potentially in the future for evergreen content.

The next interview will be for Dr. Joshi on Monday at noon at WJCT's studios for the What's Health Got To Do With It? podcast. Dr. Joshi, I've attached suggested, high-level questions to get the conversation with Dr. Sirven going. If you're OK with those, I'll send them over to him and his producer. I'll be on-site to staff the interview and to take pictures for social media purposes.

If you have any questions in the meantime, please reach out to us.

Thank you,

Hi all,

I wanted to provide some updates on Paul's appearance on the "What the Health Just Happened" podcast. The radio version will air this Saturday 11/9 at 7:00pm on 104.5 WOKV then the podcast episode will be released on 11/11. He will email over the full video and audio to us after it has been posted for promotional use. We intend to promote it on the Healthlink JAX social channels.

The host, Eric Ross also shared that he recorded an episode yesterday with the UNF Brooks College of Health who shouted out Paul, Dr. Thompson, Telescope and gave another HealthLink Jax plug.

Great job @Paul Sapia on the episode, we are looking forward to seeing it. Thanks all!

Hey Dr. Joshi, Phil, and Heather,
Just keeping you updated on our pitching efforts regarding Healthlink Jax. We're continuing to follow-up with the "What's Health Got to Do With It?" podcast, Health News Florida, and have also reached out to Kent Justice to see if we can have both Dr. Joshi and Dr. Thompson on *This Week in Jacksonville*. Additionally, Paul will be on the "What the Health Just Happened?" podcast next week.

We did have one follow-up item regarding the initial introductory press conference: is that announcement press conference video recording readily available somewhere and/or living on a site? Would just like to have that for our records and potential dissemination to interested parties.

Thank you for any assistance you can provide and I hope you all are having a great week.

Great! I actually created and produced What's Health Got to Do With It for three years, so let me know if you need any help with them. Also, Health News Florida usually re-airs that program, so maybe check on that before pitching them separately.

Only other thing I'd reiterate especially for the other talk shows is that they need to stay on topic.

Thanks for doing that interview this morning, Dr. Joshi…I think it turned out really well. Here's the link for it.

Heather, among the additional opportunities that we'd like to pursue immediately are as follows:

- This Week in Jacksonville with Kent Justice (News4Jax)
- This Week in the 904 with Emily Turner (ActionNewsJax)
- What's Health Got To Do With It? (WJCT)
- Health News Florida (NPR)

If you're good with those, we can pitch and follow-up with their availability.

Hello all,

It turns out that they aren't going to interview that patient tomorrow. They will plan to do a story with patients soon.

In the meantime, if we can have a list of patients who are willing to talk, that would be great!

I will be going on The Morning Show tomorrow to discuss Healthlink Jax with a Q/A segment.

I have cc'd Heather as well.

Lets keep the momentum going!

Thank you,
Sunil

Sounds great, Phil. I'll meet Dr. Joshi over at WJCT's studios next Monday at noon for an interview with the What's Health Got To Do With It? podcast with Dr. Joseph Sirven. We'll keep this thread updated with any additional requests as they come in.

Hope everyone had a great weekend.

Hi all,

I wanted to provide some updates on Paul's appearance on the "What the Health Just Happened" podcast. The radio version will air this Saturday 11/9 at 7:00pm on 104.5 WOKV then the podcast episode will be released on 11/11. He will email over the full video and audio to us after it has been posted for promotional use. We intend to promote it on the Healthlink JAX social channels.

The host, Eric Ross also shared that he recorded an episode yesterday with the UNF Brooks College of Health who shouted out Paul, Dr. Thompson, Telescope and gave another HealthLink Jax plug.

Great job @Paul Sapia on the episode, we are looking forward to seeing it. Thanks all!

Hey Dr. Joshi, Phil, and Heather,
Just keeping you updated on our pitching efforts regarding Healthlink Jax. We're continuing to follow-up with the "What's Health Got to Do With It?" podcast, Health News Florida, and have also reached out to Kent Justice to see if we can have both Dr. Joshi and Dr. Thompson on *This Week in Jacksonville*. Additionally, Paul will be on the "What the Health Just Happened?" podcast next week.

We did have one follow-up item regarding the initial introductory press conference: is that announcement press conference video recording readily available somewhere and/or living on a site? Would just like to have that for our records and potential dissemination to interested parties.

Thank you for any assistance you can provide and I hope you all are having a great week.

Hi Sunil,

Hope you're Tuesday is going well. I wanted to loop in Chris Obarski from Dalton concerning the News4Jax interviews this week. He's been connecting with Heather Schatz to keep her updated on press surrounding HLJ. Would you mind sharing details on the news story so we can have Dalton assist with you any efforts here?

Paul and I are still reaching out to patients and we'll let you know if there are others out there.

Chris- Below is the patient we referred Sunil to that would be willing to chat.

Patient for News4Jax

Kraig Johnson (M, 62 yo)

904-705-5558

He said he would be willing to talk about his experience. We also referred him the day of his visit on 10/8 to JaxCareConnect.

Subject: HLJ- Interviews

Hi Sunil,

Hope you're Tuesday is going well. I wanted to loop in Chris Obarski from Dalton concerning the News4Jax interviews this week. He's been connecting with Heather Schatz to keep her updated on press surrounding HLJ. Would you mind sharing details on the news story so we can have Dalton assist with you any efforts here?

Paul and I are still reaching out to patients and we'll let you know if there are others out there.

Chris- Below is the patient we referred Sunil to that would be willing to chat.

Patient for News4Jax

Kraig Johnson (M, 62 yo)

904-705-5558

He said he would be willing to talk about his experience. We also referred him the day of his visit on 10/8 to JaxCareConnect.

Thank you again, Dr. Joshi, for agreeing to do the interview with the podcast today.
For the larger group, the episode will air on December 14th, which includes on the radio, on podcast platforms, and on the station's website. I've attached two photos in case anyone needs them. For those who don't know, the gentleman in the grey vest is Dr. Joe Sirven, the podcast host.

Thank you,

These look good. I'd like for them to touch on the amt of money we've saved since implementing this program – can you add a question that gets at that?
Also, we just launched Get Covered Jax, so can you add in one about that after the last one, since the programs complement each other?
Thanks!

Good morning, everyone,
Just passing along the link to Paul's interview on What the Health Just Happened? The show has provided the recording files to us for free use, which we intend to do on social media soon and potentially in the future for evergreen content.

The next interview will be for Dr. Joshi on Monday at noon at WJCT's studios for the What's Health Got To Do With It? podcast. Dr. Joshi, I've attached suggested, high-level questions to get the conversation with Dr. Sirven going. If you're OK with those, I'll send them over to him and his producer. I'll be on-site to staff the interview and to take pictures for social media purposes.

If you have any questions in the meantime, please reach out to us.

Thank you,

chris obarski

Hi all,

I wanted to provide some updates on Paul's appearance on the "What the Health Just Happened" podcast. The radio version will air this Saturday 11/9 at 7:00pm on 104.5 WOKV then the podcast episode will be released on 11/11. He will email over the full video and audio to us after it has been posted for promotional use. We intend to promote it on the Healthlink JAX social channels.

The host, Eric Ross also shared that he recorded an episode yesterday with the UNF Brooks College of Health who shouted out Paul, Dr. Thompson, Telescope and gave another HealthLink Jax plug.

Great job @Paul Sapia on the episode, we are looking forward to seeing it. Thanks all!

Hey Dr. Joshi, Phil, and Heather,
Just keeping you updated on our pitching efforts regarding Healthlink Jax. We're continuing to follow-up with the "What's Health Got to Do With It?" podcast, Health News Florida, and have also reached out to Kent Justice to see if we can have both Dr. Joshi and Dr. Thompson on *This Week in Jacksonville*. Additionally, Paul will be on the "What the Health Just Happened?" podcast next week.

We did have one follow-up item regarding the initial introductory press conference: is that announcement press conference video recording readily available somewhere and/or living on a site? Would just like to have that for our records and potential dissemination to interested parties.

Thank you for any assistance you can provide and I hope you all are having a great week.

Great! I actually created and produced What's Health Got to Do With It for three years, so let me know if you need any help with them. Also, Health News Florida usually re-airs that program, so maybe check on that before pitching them separately.

Only other thing I'd reiterate especially for the other talk shows is that they need to stay on topic.

Thanks for doing that interview this morning, Dr. Joshi…I think it turned out really well. Here's the link for it.

Heather, among the additional opportunities that we'd like to pursue immediately are as follows:

- This Week in Jacksonville with Kent Justice (News4Jax)
- This Week in the 904 with Emily Turner (ActionNewsJax)
- What's Health Got To Do With It? (WJCT)

- Health News Florida (NPR)

If you're good with those, we can pitch and follow-up with their availability.

Hello all,

It turns out that they aren't going to interview that patient tomorrow. They will plan to do a story with patients soon.

In the meantime, if we can have a list of patients who are willing to talk, that would be great!

I will be going on The Morning Show tomorrow to discuss Healthlink Jax with a Q/A segment.

I have cc'd Heather as well.

Lets keep the momentum going!

Thank you,
Sunil

Hello all,

It turns out that they aren't going to interview that patient tomorrow. They will plan to do a story with patients soon.

In the meantime, if we can have a list of patients who are willing to talk, that would be great!

I will be going on The Morning Show tomorrow to discuss Healthlink Jax with a Q/A segment.

I have cc'd Heather as well.

Lets keep the momentum going!

Thank you,
Sunil

Hi Sunil,

Hope you're Tuesday is going well. I wanted to loop in Chris Obarski from Dalton concerning the News4Jax interviews this week. He's been connecting with Heather Schatz to keep her updated on press surrounding HLJ. Would you mind sharing details on the news story so we can have Dalton assist with you any efforts here?

Paul and I are still reaching out to patients and we'll let you know if there are others out there.

Chris- Below is the patient we referred Sunil to that would be willing to chat.

Patient for News4Jax

Kraig Johnson (M, 62 yo)

904-705-5558

He said he would be willing to talk about his experience. We also referred him the day of his visit on 10/8 to JaxCareConnect.

Thank you again, Dr. Joshi, for agreeing to do the interview with the podcast today.
For the larger group, the episode will air on December 14th, which includes on the radio, on podcast platforms, and on the station's website. I've attached two photos in case anyone needs them. For those who don't know, the gentleman in the grey vest is Dr. Joe Sirven, the podcast host.

Thank you,

Good morning, everyone,
Just passing along the link to Paul's interview on What the Health Just Happened? The show has provided the recording files to us for free use, which we intend to do on social media soon and potentially in the future for evergreen content.

The next interview will be for Dr. Joshi on Monday at noon at WJCT's studios for the What's Health Got To Do With It? podcast. Dr. Joshi, I've attached suggested, high-level questions to get the conversation with Dr. Sirven going. If you're OK with those, I'll send them over to him and his producer. I'll be on-site to staff the interview and to take pictures for social media purposes.

If you have any questions in the meantime, please reach out to us.

Thank you,

Hi all,

I wanted to provide some updates on Paul's appearance on the "What the Health Just Happened" podcast. The radio version will air this Saturday 11/9 at 7:00pm on 104.5 WOKV then the podcast episode will be released on 11/11. He will email over the full video and audio to us after it has been posted for promotional use. We intend to promote it on the Healthlink JAX social channels.

The host, Eric Ross also shared that he recorded an episode yesterday with the UNF Brooks College of Health who shouted out Paul, Dr. Thompson, Telescope and gave another HealthLink Jax plug.

Great job @Paul Sapia on the episode, we are looking forward to seeing it. Thanks all!

Hi Sunil,

Hope you're Tuesday is going well. I wanted to loop in Chris Obarski from Dalton concerning the News4Jax interviews this week. He's been connecting with Heather Schatz to keep her updated on press surrounding HLJ. Would you mind sharing details on the news story so we can have Dalton assist with you any efforts here?

Paul and I are still reaching out to patients and we'll let you know if there are others out there.

Chris- Below is the patient we referred Sunil to that would be willing to chat.

Patient for News4Jax

Kraig Johnson (M, 62 yo)

904-705-5558

He said he would be willing to talk about his experience. We also referred him the day of his visit on 10/8 to JaxCareConnect.

Hi all,

I wanted to provide some updates on Paul's appearance on the "What the Health Just Happened" podcast. The radio version will air this Saturday 11/9 at 7:00pm on 104.5 WOKV then the podcast episode will be released on 11/11. He will email over the full video and audio to us after it has been posted for promotional use. We intend to promote it on the Healthlink JAX social channels.

The host, Eric Ross also shared that he recorded an episode yesterday with the UNF Brooks College of Health who shouted out Paul, Dr. Thompson, Telescope and gave another HealthLink Jax plug.

Great job @Paul Sapia on the episode, we are looking forward to seeing it. Thanks all!

Hey Dr. Joshi, Phil, and Heather,
Just keeping you updated on our pitching efforts regarding Healthlink Jax. We're continuing to follow-up with the "What's Health Got to Do With It?" podcast, Health News Florida, and have also reached out to Kent Justice to

see if we can have both Dr. Joshi and Dr. Thompson on *This Week in Jacksonville*. Additionally, Paul will be on the "What the Health Just Happened?" podcast next week.

We did have one follow-up item regarding the initial introductory press conference: is that announcement press conference video recording readily available somewhere and/or living on a site? Would just like to have that for our records and potential dissemination to interested parties.

Thank you for any assistance you can provide and I hope you all are having a great week.

Great! I actually created and produced What's Health Got to Do With It for three years, so let me know if you need any help with them. Also, Health News Florida

usually re-airs that program, so maybe check on that before pitching them separately.

Only other thing I'd reiterate especially for the other talk shows is that they need to stay on topic.

Thanks for doing that interview this morning, Dr. Joshi…I think it turned out really well. Here's the link for it.

Heather, among the additional opportunities that we'd like to pursue immediately are as follows:

- This Week in Jacksonville with Kent Justice (News4Jax)
- This Week in the 904 with Emily Turner (ActionNewsJax)
- What's Health Got To Do With It? (WJCT)
- Health News Florida (NPR)

If you're good with those, we can pitch and follow-up with their availability.

Good morning, everyone,
Just passing along the link to Paul's interview on What the Health Just Happened? The show has provided the recording files to us for free use,

which we intend to do on social media soon and potentially in the future for evergreen content.

The next interview will be for Dr. Joshi on Monday at noon at WJCT's studios for the What's Health Got To Do With It? podcast. Dr. Joshi, I've attached suggested, high-level questions to get the conversation with Dr. Sirven going. If you're OK with those, I'll send them over to him and his producer. I'll be on-site to staff the interview and to take pictures for social media purposes.

If you have any questions in the meantime, please reach out to us.

Thank you,

Hi all,

I wanted to provide some updates on Paul's appearance on the "What the Health Just Happened" podcast. The radio version will air this Saturday 11/9 at 7:00pm on 104.5 WOKV then the podcast episode will be released on 11/11. He will email over the full video and audio to us after it has been posted for promotional use. We intend to promote it on the Healthlink JAX social channels.

The host, Eric Ross also shared that he recorded an episode yesterday with the UNF Brooks College of Health who shouted out Paul, Dr. Thompson, Telescope and gave another HealthLink Jax plug.

Great job @Paul Sapia on the episode, we are looking forward to seeing it. Thanks all!

Hey Dr. Joshi, Phil, and Heather,
Just keeping you updated on our pitching efforts regarding Healthlink Jax. We're continuing to follow-up with the "What's Health Got to Do With It?" podcast, Health News Florida, and have also reached out to Kent Justice to see if we can have both Dr. Joshi and Dr. Thompson on *This Week in Jacksonville*. Additionally, Paul will be on the "What the Health Just

Happened?” podcast next week.

We did have one follow-up item regarding the initial introductory press conference: is that announcement press conference video recording readily available somewhere and/or living on a site? Would just like to have that for our records and potential dissemination to interested parties.

Thank you for any assistance you can provide and I hope you all are having a great week.

These look good. I'd like for them to touch on the amt of money we've saved since implementing this program – can you add a question that gets at that?
Also, we just launched Get Covered Jax, so can you add in one about that after the last one, since the programs complement each other?
Thanks!

Good morning, everyone,
Just passing along the link to Paul's interview on What the Health Just Happened? The show has provided the recording files to us for free use,

which we intend to do on social media soon and potentially in the future for evergreen content.

The next interview will be for Dr. Joshi on Monday at noon at WJCT's studios for the What's Health Got To Do With It? podcast. Dr. Joshi, I've attached suggested, high-level questions to get the conversation with Dr. Sirven going. If you're OK with those, I'll send them over to him and his producer. I'll be on-site to staff the interview and to take pictures for social media purposes.

If you have any questions in the meantime, please reach out to us.

Thank you,

chris obarski
senior public relations manager

Sounds great, Phil. I'll meet Dr. Joshi over at WJCT's studios next Monday at noon for an interview with the What's Health Got To Do With It? podcast with Dr. Joseph Sirven. We'll keep this thread updated with any additional requests as they come in.

Hope everyone had a great weekend.

Hi all,

I wanted to provide some updates on Paul's appearance on the "What the Health Just Happened" podcast. The radio version will air this Saturday 11/9 at 7:00pm on 104.5 WOKV then the podcast episode will be released on 11/11. He will email over the full video and audio to us after it has been posted for promotional use. We intend to promote it on the Healthlink JAX social channels.

The host, Eric Ross also shared that he recorded an episode yesterday with the UNF Brooks College of Health who shouted out Paul, Dr. Thompson, Telescope and gave another HealthLink Jax plug.

Great job @Paul Sapia on the episode, we are looking forward to seeing it. Thanks all!

Hey Dr. Joshi, Phil, and Heather,
Just keeping you updated on our pitching efforts regarding Healthlink Jax. We're continuing to follow-up with the "What's Health Got to Do With It?" podcast, Health News Florida, and have also reached out to Kent Justice to see if we can have both Dr. Joshi and Dr. Thompson on *This Week in Jacksonville*. Additionally, Paul will be on the "What the Health Just

Happened?” podcast next week.

We did have one follow-up item regarding the initial introductory press conference: is that announcement press conference video recording readily available somewhere and/or living on a site? Would just like to have that for our records and potential dissemination to interested parties.

Thank you for any assistance you can provide and I hope you all are having a great week.

Hi Sunil,

Hope you're Tuesday is going well. I wanted to loop in Chris Obarski from Dalton concerning the News4Jax interviews this week. He's been connecting with Heather Schatz to keep her updated on press surrounding HLJ. Would you mind sharing details on the news story so we can have Dalton assist with you any efforts here?

Paul and I are still reaching out to patients and we'll let you know if there are others out there.

Chris- Below is the patient we referred Sunil to that would be willing to chat.

Patient for News4Jax

Kraig Johnson (M, 62 yo)

904-705-5558

He said he would be willing to talk about his experience. We also referred him the day of his visit on 10/8 to JaxCareConnect.

Subject: HLJ- Interviews

Hi Sunil,

Hope you're Tuesday is going well. I wanted to loop in Chris Obarski from Dalton concerning the News4Jax interviews this week. He's been connecting with Heather Schatz to keep her updated on press surrounding HLJ. Would you mind sharing details on the news story so we can have Dalton assist with you any efforts here?

Paul and I are still reaching out to patients and we'll let you know if there are others out there.

Chris- Below is the patient we referred Sunil to that would be willing to chat.

Patient for News4Jax

Kraig Johnson (M, 62 yo)

904-705-5558

He said he would be willing to talk about his experience. We also referred him the day of his

visit on 10/8 to JaxCareConnect.

Just a reminder about Dr. Joshi's interview at noon today at WJCT for the podcast.

Here are those updated questions that I sent to the show last week. I'll meet you a little before noon at the studio, Dr. Joshi.

These look good. I'd like for them to touch on the amt of money we've saved since implementing this program – can you add a question that gets at that?
Also, we just launched Get Covered Jax, so can you add in one about that after the last one, since the programs complement each other?
Thanks!

Good morning, everyone,
Just passing along the link to Paul's interview on What the Health Just Happened? The show has provided the recording files to us for free use,

which we intend to do on social media soon and potentially in the future for evergreen content.

The next interview will be for Dr. Joshi on Monday at noon at WJCT's studios for the What's Health Got To Do With It? podcast. Dr. Joshi, I've attached suggested, high-level questions to get the conversation with Dr. Sirven going. If you're OK with those, I'll send them over to him and his producer. I'll be on-site to staff the interview and to take pictures for social media purposes.

If you have any questions in the meantime, please reach out to us.

Thank you,

Hi all,

I wanted to provide some updates on Paul's appearance on the "What the Health Just Happened" podcast. The radio version will air this Saturday 11/9 at 7:00pm on 104.5 WOKV then the podcast episode will be released on 11/11. He will email over the full video and audio to us after it has been posted for promotional use. We intend to promote it on the Healthlink JAX social channels.

The host, Eric Ross also shared that he recorded an episode yesterday with the UNF Brooks College of Health who shouted out Paul, Dr. Thompson, Telescope and gave another HealthLink Jax plug.

Great job @Paul Sapia on the episode, we are looking forward to seeing it. Thanks all!

Hey Dr. Joshi, Phil, and Heather,
Just keeping you updated on our pitching efforts regarding Healthlink Jax. We're continuing to follow-up with the "What's Health Got to Do With It?" podcast, Health News Florida, and have also reached out to Kent Justice to see if we can have both Dr. Joshi and Dr. Thompson on *This Week in Jacksonville*. Additionally, Paul will be on the "What the Health Just

Happened?” podcast next week.

We did have one follow-up item regarding the initial introductory press conference: is that announcement press conference video recording readily available somewhere and/or living on a site? Would just like to have that for our records and potential dissemination to interested parties.

Thank you for any assistance you can provide and I hope you all are having a great week.

Great! I actually created and produced What's Health Got to Do With It for three years, so let me know if you need any help with them. Also, Health News Florida usually re-airs that program, so maybe check on that before pitching them separately.

Only other thing I'd reiterate especially for the other talk shows is that they need to stay on topic.

Thanks for doing that interview this morning, Dr. Joshi…I think it turned out really well. Here's the link for it.

Heather, among the additional opportunities that we'd like to pursue immediately are as follows:

- This Week in Jacksonville with Kent Justice (News4Jax)
- This Week in the 904 with Emily Turner (ActionNewsJax)
- What's Health Got To Do With It? (WJCT)
- Health News Florida (NPR)

If you're good with those, we can pitch and follow-up with their availability.

Good morning, everyone,
Just passing along the link to Paul's interview on What the Health Just Happened? The show has provided the recording files to us for free use, which we intend to do on social media soon and potentially in the future for evergreen content.

The next interview will be for Dr. Joshi on Monday at noon at WJCT's studios for the What's Health Got To Do With It? podcast. Dr. Joshi, I've attached suggested, high-level questions to get the conversation with Dr. Sirven going. If you're OK with those, I'll send them over to him and his producer. I'll be on-site to staff the interview and to take pictures for social media purposes.

If you have any questions in the meantime, please reach out to us.

Thank you,

Hi all,

I wanted to provide some updates on Paul's appearance on the "What the Health Just Happened" podcast. The radio version will air this Saturday 11/9 at 7:00pm on 104.5 WOKV then the podcast episode will be released on 11/11. He will email over the full video and audio to us after it has been posted for promotional use. We intend to promote it on the Healthlink JAX social channels.

The host, Eric Ross also shared that he recorded an episode yesterday with the UNF Brooks College of Health who shouted out Paul, Dr. Thompson, Telescope and gave another HealthLink Jax plug.

Great job @Paul Sapia on the episode, we are looking forward to seeing it. Thanks all!

Hey Dr. Joshi, Phil, and Heather,
Just keeping you updated on our pitching efforts regarding Healthlink Jax. We're continuing to follow-up with the "What's Health Got to Do With It?" podcast, Health News Florida, and have also reached out to Kent Justice to see if we can have both Dr. Joshi and Dr. Thompson on *This Week in Jacksonville*. Additionally, Paul will be on the "What the Health Just Happened?" podcast next week.

We did have one follow-up item regarding the initial introductory press conference: is that announcement press conference video recording readily available somewhere and/or living on a site? Would just like to have that for our records and potential dissemination to interested parties.

Thank you for any assistance you can provide and I hope you all are having a great week.

Hi all,

I wanted to provide some updates on Paul's appearance on the "What the Health Just Happened" podcast. The radio version will air this Saturday 11/9 at 7:00pm on 104.5 WOKV then the podcast episode will be released on 11/11. He will email over the full video and audio to us after it has been posted for promotional use. We intend to promote it on the Healthlink JAX social channels.

The host, Eric Ross also shared that he recorded an episode yesterday with the UNF Brooks College of Health who shouted out Paul, Dr. Thompson, Telescope and gave another HealthLink Jax plug.

Great job @Paul Sapia on the episode, we are looking forward to seeing it. Thanks all!

Hi Sunil,

Hope you're Tuesday is going well. I wanted to loop in Chris Obarski from Dalton concerning the News4Jax interviews this week. He's been connecting with Heather Schatz to keep her updated on press surrounding HLJ. Would you mind sharing details on the news story so we can have Dalton assist with you any efforts here?

Paul and I are still reaching out to patients and we'll let you know if there are others out there.

Chris- Below is the patient we referred Sunil to that would be willing to chat.

Patient for News4Jax

Kraig Johnson (M, 62 yo)

904-705-5558

He said he would be willing to talk about his experience. We also referred him the day of his

visit on 10/8 to JaxCareConnect.

Good morning, everyone,
Just passing along the link to Paul's interview on What the Health Just Happened? The show has provided the recording files to us for free use, which we intend to do on social media soon and potentially in the future for evergreen content.

The next interview will be for Dr. Joshi on Monday at noon at WJCT's studios for the What's Health Got To Do With It? podcast. Dr. Joshi, I've attached suggested, high-level questions to get the conversation with Dr. Sirven going. If you're OK with those, I'll send them over to him and his producer. I'll be on-site to staff the interview and to take pictures for social media purposes.

If you have any questions in the meantime, please reach out to us.

Thank you,

Hi Sunil,

Hope you're Tuesday is going well. I wanted to loop in Chris Obarski from Dalton concerning the News4Jax interviews this week. He's been connecting with Heather Schatz to keep her updated on press surrounding HLJ. Would you mind sharing details on the news story so we can have Dalton assist with you any efforts here?

Paul and I are still reaching out to patients and we'll let you know if there are others out there.

Chris- Below is the patient we referred Sunil to that would be willing to chat.

Patient for News4Jax

Kraig Johnson (M, 62 yo)

904-705-5558

He said he would be willing to talk about his experience. We also referred him the day of his visit on 10/8 to JaxCareConnect.

These look good. I'd like for them to touch on the amt of money we've saved since implementing this program – can you add a question that gets at that?

Also, we just launched Get Covered Jax, so can you add in one about that after the last one, since the programs complement each other?
Thanks!

Good morning, everyone,
Just passing along the link to Paul's interview on What the Health Just Happened? The show has provided the recording files to us for free use, which we intend to do on social media soon and potentially in the future for evergreen content.

The next interview will be for Dr. Joshi on Monday at noon at WJCT's studios for the What's Health Got To Do With It? podcast. Dr. Joshi, I've attached suggested, high-level questions to get the conversation with Dr. Sirven going. If you're OK with those, I'll send them over to him and his producer. I'll be on-site to staff the interview and to take pictures for social media purposes.

If you have any questions in the meantime, please reach out to us.

Thank you,

Hi all,

I wanted to provide some updates on Paul's appearance on the "What the Health Just Happened" podcast. The radio version will air this Saturday 11/9 at 7:00pm on 104.5 WOKV then the podcast episode will be released on 11/11. He will email over the full video and audio to us after it has been posted for promotional use. We intend to promote it on the Healthlink JAX social channels.

The host, Eric Ross also shared that he recorded an episode yesterday with the UNF Brooks College of Health who shouted out Paul, Dr. Thompson, Telescope and gave another HealthLink Jax plug.

Great job @Paul Sapia on the episode, we are looking forward to seeing it. Thanks all!

Hey Dr. Joshi, Phil, and Heather,
Just keeping you updated on our pitching efforts regarding Healthlink Jax. We're continuing to follow-up with the "What's Health Got to Do With It?" podcast, Health News Florida, and have also reached out to Kent Justice to see if we can have both Dr. Joshi and Dr. Thompson on *This Week in Jacksonville*. Additionally, Paul will be on the "What the Health Just Happened?" podcast next week.

We did have one follow-up item regarding the initial introductory press conference: is that announcement press conference video recording readily available somewhere and/or living on a site? Would just like to have that for our records and potential dissemination to interested parties.

Thank you for any assistance you can provide and I hope you all are having a great week.

Great! I actually created and produced What's Health Got to Do With It for three years, so let me know if you need any help with them. Also, Health News Florida usually re-airs that program, so maybe check on that before pitching them separately.

Only other thing I'd reiterate especially for the other talk shows is that they need to stay on topic.

Thanks for doing that interview this morning, Dr. Joshi…I think it turned out really well. Here's the link for it.

Heather, among the additional opportunities that we'd like to pursue immediately are as follows:

- This Week in Jacksonville with Kent Justice (News4Jax)
- This Week in the 904 with Emily Turner (ActionNewsJax)
- What's Health Got To Do With It? (WJCT)
- Health News Florida (NPR)

If you're good with those, we can pitch and follow-up with their availability.

Hi all,

I wanted to provide some updates on Paul's appearance on the "What the Health Just Happened" podcast. The radio version will air this Saturday 11/9 at 7:00pm on 104.5 WOKV then the podcast episode will be released on 11/11. He will email over the full video and audio to us after it has been posted for promotional use. We intend to promote it on the Healthlink JAX social channels.

The host, Eric Ross also shared that he recorded an episode yesterday with the UNF Brooks College of Health who shouted out Paul, Dr. Thompson, Telescope and gave another HealthLink Jax plug.

Great job @Paul Sapia on the episode, we are looking forward to seeing it. Thanks all!

Hey Dr. Joshi, Phil, and Heather,
Just keeping you updated on our pitching efforts regarding Healthlink Jax. We're continuing to follow-up with the "What's Health Got to Do With It?" podcast, Health News Florida, and have also reached out to Kent Justice to see if we can have both Dr. Joshi and Dr. Thompson on *This Week in Jacksonville*. Additionally, Paul will be on the "What the Health Just Happened?" podcast next week.

We did have one follow-up item regarding the initial introductory press conference: is that announcement press conference video recording readily available somewhere and/or living on a site? Would just like to have that for our records and potential dissemination to interested parties.

Thank you for any assistance you can provide and I hope you all are having a great week.

Hi Sunil,

Hope you're Tuesday is going well. I wanted to loop in Chris Obarski from Dalton concerning the News4Jax interviews this week. He's been connecting with Heather Schatz to keep her updated on press surrounding HLJ. Would you mind sharing details on the news story so we can have Dalton assist with you any efforts here?

Paul and I are still reaching out to patients and we'll let you know if there are others out there.

Chris- Below is the patient we referred Sunil to that would be willing to chat.

Patient for News4Jax

Kraig Johnson (M, 62 yo)

904-705-5558

He said he would be willing to talk about his experience. We also referred him the day of his visit on 10/8 to JaxCareConnect.

Good morning, everyone,
Just passing along the link to Paul's interview on What the Health Just Happened? The show has provided the recording files to us for free use, which we intend to do on social media soon and potentially in the future for evergreen content.

The next interview will be for Dr. Joshi on Monday at noon at WJCT's studios for the What's Health Got To Do With It? podcast. Dr. Joshi, I've attached suggested, high-level questions to get the conversation with Dr. Sirven going. If you're OK with those, I'll send them over to him and his producer. I'll be on-site to staff the interview and to take pictures for social media purposes.

If you have any questions in the meantime, please reach out to us.

Thank you,

Hi Sunil,

Hope you're Tuesday is going well. I wanted to loop in Chris Obarski from Dalton concerning the News4Jax interviews this week. He's been connecting with Heather Schatz to keep her updated on press surrounding HLJ. Would you mind sharing details on the news story so we can have Dalton assist with you any efforts here?

Paul and I are still reaching out to patients and we'll let you know if there are others out there.

Chris- Below is the patient we referred Sunil to that would be willing to chat.

Patient for News4Jax

Kraig Johnson (M, 62 yo)

904-705-5558

He said he would be willing to talk about his experience. We also referred him the day of his visit on 10/8 to JaxCareConnect.

Good morning, everyone,
Just passing along the link to Paul's interview on What the Health Just Happened? The show has provided the recording files to us for free use, which we intend to do on social media soon and potentially in the future for evergreen content.

The next interview will be for Dr. Joshi on Monday at noon at WJCT's studios for the What's Health Got To Do With It? podcast. Dr. Joshi, I've attached suggested, high-level questions to get the conversation with Dr. Sirven going. If you're OK with those, I'll send them over to him and his producer. I'll be on-site to staff the interview and to take pictures for social media purposes.

If you have any questions in the meantime, please reach out to us.

Thank you,

Hey Dr. Joshi, Phil, and Heather,
Just keeping you updated on our pitching efforts regarding Healthlink Jax. We're continuing to follow-up with the "What's Health Got to Do With It?" podcast, Health News Florida, and have also reached out to Kent Justice to see if we can have both Dr. Joshi and Dr. Thompson on *This Week in Jacksonville*. Additionally, Paul will be on the "What the Health Just Happened?" podcast next week.

We did have one follow-up item regarding the initial introductory press conference: is that announcement press conference video recording readily available somewhere and/or living on a site? Would just like to have that for our records and potential dissemination to interested parties.

Thank you for any assistance you can provide and I hope you all are having a great week.

Great! I actually created and produced What's Health Got to Do With It for three years, so let me know if you need any help with them. Also, Health News Florida usually re-airs that program, so maybe check on that before pitching them separately.

Only other thing I'd reiterate especially for the other talk shows is that they need to stay on topic.

Thanks for doing that interview this morning, Dr. Joshi…I think it turned out really well. Here's the link for it.

Heather, among the additional opportunities that we'd like to pursue immediately are as follows:

- This Week in Jacksonville with Kent Justice (News4Jax)
- This Week in the 904 with Emily Turner (ActionNewsJax)
- What's Health Got To Do With It? (WJCT)
- Health News Florida (NPR)

If you're good with those, we can pitch and follow-up with their availability.

Hello all,

It turns out that they aren't going to interview that patient tomorrow. They will plan to do a story with patients soon.

In the meantime, if we can have a list of patients who are willing to talk, that would be great!

I will be going on The Morning Show tomorrow to discuss Healthlink Jax with a Q/A segment.

I have cc'd Heather as well.

Lets keep the momentum going!

Thank you,

Hey Dr. Joshi, Phil, and Heather,
Just keeping you updated on our pitching efforts regarding Healthlink Jax. We're continuing to follow-up with the "What's Health Got to Do With It?" podcast, Health News Florida, and have also reached out to Kent Justice to see if we can have both Dr. Joshi and Dr. Thompson on *This Week in Jacksonville*. Additionally, Paul will be on the "What the Health Just Happened?" podcast next week.

We did have one follow-up item regarding the initial introductory press conference: is that announcement press conference video recording readily available somewhere and/or living on a site? Would just like to have that for our records and potential dissemination to interested parties.

Thank you for any assistance you can provide and I hope you all are having a great week.

Thanks for doing that interview this morning, Dr. Joshi…I think it turned out really well. Here's the link for it.

Heather, among the additional opportunities that we'd like to pursue immediately are as follows:

- This Week in Jacksonville with Kent Justice (News4Jax)
- This Week in the 904 with Emily Turner (ActionNewsJax)
- What's Health Got To Do With It? (WJCT)
- Health News Florida (NPR)

If you're good with those, we can pitch and follow-up with their availability.

Hi all,

I wanted to provide some updates on Paul's appearance on the "What the Health Just Happened" podcast. The radio version will air this Saturday 11/9 at 7:00pm on 104.5 WOKV then the podcast episode will be released on 11/11. He will email over the full video and audio to us after it has been posted for promotional use. We intend to promote it on the Healthlink JAX social channels.

The host, Eric Ross also shared that he recorded an episode yesterday with the UNF Brooks College of Health who shouted out Paul, Dr. Thompson, Telescope and gave another HealthLink Jax plug.

Great job @Paul Sapia on the episode, we are looking forward to seeing it. Thanks all!

Hi all,

I wanted to provide some updates on Paul's appearance on the "What the Health Just Happened" podcast. The radio version will air this Saturday 11/9 at 7:00pm on 104.5 WOKV then the podcast episode will be released on 11/11. He will email over the full video and audio to us after it has been posted for promotional use. We intend to promote it on the Healthlink JAX social channels.

The host, Eric Ross also shared that he recorded an episode yesterday with the UNF Brooks College of Health who shouted out Paul, Dr. Thompson, Telescope and gave another HealthLink Jax plug.

Great job @Paul Sapia on the episode, we are looking forward to seeing it. Thanks all!

Hey Dr. Joshi, Phil, and Heather,
Just keeping you updated on our pitching efforts regarding Healthlink Jax. We're continuing to follow-up with the "What's Health Got to Do With It?" podcast, Health News Florida, and have also reached out to Kent Justice to see if we can have both Dr. Joshi and Dr. Thompson on *This Week in Jacksonville*. Additionally, Paul will be on the "What the Health Just Happened?" podcast next week.

We did have one follow-up item regarding the initial introductory press conference: is that announcement press conference video recording readily available somewhere and/or living on a site? Would just like to have that for our records and potential dissemination to interested parties.

Thank you for any assistance you can provide and I hope you all are having a great week.

Hi Sunil,

Hope you're Tuesday is going well. I wanted to loop in Chris Obarski from Dalton concerning the News4Jax interviews this week. He's been connecting with Heather Schatz to keep her updated on press surrounding HLJ. Would you mind sharing details on the news story so we can have Dalton assist with you any efforts here?

Paul and I are still reaching out to patients and we'll let you know if there are others out there.

Chris- Below is the patient we referred Sunil to that would be willing to chat.

Patient for News4Jax

Kraig Johnson (M, 62 yo)
904-705-5558

He said he would be willing to talk about his experience. We also referred him the day of his visit on 10/8 to JaxCareConnect.

Hi all,

I wanted to provide some updates on Paul's appearance on the "What the Health Just Happened" podcast. The radio version will air this Saturday 11/9 at 7:00pm on 104.5 WOKV then the podcast episode will be released on 11/11. He will email over the full video and audio to us after it has been posted for promotional use. We intend to promote it on the Healthlink JAX social channels.

The host, Eric Ross also shared that he recorded an episode yesterday with the UNF Brooks College of Health who shouted out Paul, Dr. Thompson, Telescope and gave another HealthLink Jax plug.

Great job @Paul Sapia on the episode, we are looking forward to seeing it. Thanks all!

Hello all,

It turns out that they aren't going to interview that patient tomorrow. They will plan to do a story with patients soon.

In the meantime, if we can have a list of patients who are willing to talk, that would be great!

I will be going on The Morning Show tomorrow to discuss Healthlink Jax with a Q/A segment.

I have cc'd Heather as well.

Lets keep the momentum going!

Thank you,
Sunil

Sounds great, Phil. I'll meet Dr. Joshi over at WJCT's studios next Monday at noon for an interview with the What's Health Got To Do With It? podcast with Dr. Joseph Sirven. We'll keep this thread updated with any additional requests as they come in.

Hope everyone had a great weekend.

Hi all,

I wanted to provide some updates on Paul's appearance on the "What the Health Just Happened" podcast. The radio version will air this Saturday 11/9 at 7:00pm on 104.5 WOKV then the podcast episode will be released on 11/11. He will email over the full video and audio to us after it has been posted for promotional use. We intend to promote it on the Healthlink JAX social channels.

The host, Eric Ross also shared that he recorded an episode yesterday with the UNF Brooks College of Health who shouted out Paul, Dr. Thompson, Telescope and gave another HealthLink Jax plug.

Great job @Paul Sapia on the episode, we are looking forward to seeing it. Thanks all!

Hey Dr. Joshi, Phil, and Heather,
Just keeping you updated on our pitching efforts regarding Healthlink Jax. We're continuing to follow-up with the "What's Health Got to Do With It?" podcast, Health News Florida, and have also reached out to Kent Justice to see if we can have both Dr. Joshi and Dr. Thompson on *This Week in Jacksonville*. Additionally, Paul will be on the "What the Health Just Happened?" podcast next week.

We did have one follow-up item regarding the initial introductory press conference: is that announcement press conference video recording readily

available somewhere and/or living on a site? Would just like to have that for our records and potential dissemination to interested parties.

Thank you for any assistance you can provide and I hope you all are having a great week.

Thanks for doing that interview this morning, Dr. Joshi…I think it turned out really well. Here's the link for it.

Heather, among the additional opportunities that we'd like to pursue immediately are as follows:

- This Week in Jacksonville with Kent Justice (News4Jax)
- This Week in the 904 with Emily Turner (ActionNewsJax)
- What's Health Got To Do With It? (WJCT)
- Health News Florida (NPR)

If you're good with those, we can pitch and follow-up with their availability.

Hello all,

It turns out that they aren't going to interview that patient tomorrow. They will plan to do a story with patients soon.

In the meantime, if we can have a list of patients who are willing to talk, that would be great!

I will be going on The Morning Show tomorrow to discuss Healthlink Jax with a Q/A segment.

I have cc'd Heather as well.

Lets keep the momentum going!

Thank you,
Sunil

Hi Sunil,

Hope you're Tuesday is going well. I wanted to loop in Chris Obarski from Dalton concerning the News4Jax interviews this week. He's been connecting with Heather Schatz to keep her updated on press surrounding HLJ. Would you mind sharing details on the news story so we can have Dalton assist with you any efforts here?

Paul and I are still reaching out to patients and we'll let you know if there are others out there.

Chris- Below is the patient we referred Sunil to that would be willing to chat.

Patient for News4Jax

Kraig Johnson (M, 62 yo)
904-705-5558

He said he would be willing to talk about his experience. We also referred him the day of his visit on 10/8 to JaxCareConnect.

Hi all,

I wanted to provide some updates on Paul's appearance on the "What the Health Just Happened" podcast. The radio version will air this Saturday 11/9 at 7:00pm on 104.5 WOKV then the podcast episode will be released on 11/11. He will email over the full video and audio to us after it has been posted for promotional use. We intend to promote it on the Healthlink JAX social channels.

The host, Eric Ross also shared that he recorded an episode yesterday with the UNF Brooks College of Health who shouted out Paul, Dr. Thompson, Telescope and gave another HealthLink Jax plug.

Great job @Paul Sapia on the episode, we are looking forward to seeing it. Thanks all!

Hey Dr. Joshi, Phil, and Heather,
Just keeping you updated on our pitching efforts regarding Healthlink Jax. We're continuing to follow-up with the "What's Health Got to Do With It?" podcast, Health News Florida, and have also reached out to Kent Justice to see if we can have both Dr. Joshi and Dr. Thompson on *This Week in Jacksonville*. Additionally, Paul will be on the "What the Health Just Happened?" podcast next week.

We did have one follow-up item regarding the initial introductory press conference: is that announcement press conference video recording readily available somewhere and/or living on a site? Would just like to have that for our records and potential dissemination to interested parties.

Thank you for any assistance you can provide and I hope you all are having a great week.

Subject: HLJ- Interviews

Hi Sunil,

Hope you're Tuesday is going well. I wanted to loop in Chris Obarski from Dalton concerning the News4Jax interviews this week. He's been connecting with Heather Schatz to keep her updated on press surrounding HLJ. Would you mind sharing details on the news story so we can have Dalton assist with you any efforts here?

Paul and I are still reaching out to patients and we'll let you know if there are others out there.

Chris- Below is the patient we referred Sunil to that would be willing to chat.

Patient for News4Jax

Kraig Johnson (M, 62 yo)
904-705-5558

He said he would be willing to talk about his experience. We also referred him the day of his visit on 10/8 to JaxCareConnect.

Hey Dr. Joshi, Phil, and Heather,
Just keeping you updated on our pitching efforts regarding Healthlink Jax. We're continuing to follow-up with the "What's Health Got to Do With It?" podcast, Health News Florida, and have also reached out to Kent Justice to see if we can have both Dr. Joshi and Dr. Thompson on *This Week in Jacksonville*. Additionally, Paul will be on the "What the Health Just Happened?" podcast next week.

We did have one follow-up item regarding the initial introductory press conference: is that announcement press conference video recording readily available somewhere and/or living on a site? Would just like to have that for our records and potential dissemination to interested parties.

Thank you for any assistance you can provide and I hope you all are having a great week.

Hey Dr. Joshi, Phil, and Heather,
Just keeping you updated on our pitching efforts regarding Healthlink Jax. We're continuing to follow-up with the "What's Health Got to Do With It?" podcast, Health News Florida, and have also reached out to Kent Justice to see if we can have both Dr. Joshi and Dr. Thompson on *This Week in Jacksonville*. Additionally, Paul will be on the "What the Health Just Happened?" podcast next week.

We did have one follow-up item regarding the initial introductory press conference: is that announcement press conference video recording readily available somewhere and/or living on a site? Would just like to have that for our records and potential dissemination to interested parties.

Thank you for any assistance you can provide and I hope you all are having a great week.

Thanks for doing that interview this morning, Dr. Joshi…I think it turned out really well. Here's the link for it.

Heather, among the additional opportunities that we'd like to pursue immediately are as follows:

- This Week in Jacksonville with Kent Justice (News4Jax)
- This Week in the 904 with Emily Turner (ActionNewsJax)
- What's Health Got To Do With It? (WJCT)
- Health News Florida (NPR)

If you're good with those, we can pitch and follow-up with their availability.

Hello all,

It turns out that they aren't going to interview that patient tomorrow. They will plan to do a story with patients soon.

In the meantime, if we can have a list of patients who are willing to talk, that would be great!

I will be going on The Morning Show tomorrow to discuss Healthlink Jax with a Q/A segment.

I have cc'd Heather as well.

Lets keep the momentum going!

Thank you,
Sunil

Hi all,

I wanted to provide some updates on Paul's appearance on the "What the Health Just Happened" podcast. The radio version will air this Saturday 11/9 at 7:00pm on 104.5 WOKV then the podcast episode will be released on 11/11. He will email over the full video and audio to us after it has been posted for promotional use. We intend to promote it on the Healthlink JAX social channels.

The host, Eric Ross also shared that he recorded an episode yesterday with the UNF Brooks College of Health who shouted out Paul, Dr. Thompson, Telescope and gave another HealthLink Jax plug.

Great job @Paul Sapia on the episode, we are looking forward to seeing it. Thanks all!

Hi Sunil,

Hope you're Tuesday is going well. I wanted to loop in Chris Obarski from Dalton concerning the News4Jax interviews this week. He's been connecting with Heather Schatz to keep her updated on press surrounding HLJ. Would you mind sharing details on the news story so we can have Dalton assist with you any efforts here?

Paul and I are still reaching out to patients and we'll let you know if there are others out there.

Chris- Below is the patient we referred Sunil to that would be willing to chat.

Patient for News4Jax

Kraig Johnson (M, 62 yo)

904-705-5558

He said he would be willing to talk about his experience. We also referred him the day of his visit on 10/8 to JaxCareConnect.

Hey Dr. Joshi, Phil, and Heather,
Just keeping you updated on our pitching efforts regarding Healthlink Jax. We're continuing to follow-up with the "What's Health Got to Do With It?" podcast, Health News Florida, and have also reached out to Kent Justice to see if we can have both Dr. Joshi and Dr. Thompson on *This Week in Jacksonville*. Additionally, Paul will be on the "What the Health Just Happened?" podcast next week.

We did have one follow-up item regarding the initial introductory press conference: is that announcement press conference video recording readily available somewhere and/or living on a site? Would just like to have that for our records and potential dissemination to interested parties.

Thank you for any assistance you can provide and I hope you all are having a great week.

Thanks for doing that interview this morning, Dr. Joshi…I think it turned out really well. Here's the link for it.

Heather, among the additional opportunities that we'd like to pursue immediately are as follows:

- This Week in Jacksonville with Kent Justice (News4Jax)
- This Week in the 904 with Emily Turner (ActionNewsJax)
- What's Health Got To Do With It? (WJCT)
- Health News Florida (NPR)

If you're good with those, we can pitch and follow-up with their

availability.

Good morning, everyone,

Just passing along the link to Paul's interview on What the Health Just Happened? The show has provided the recording files to us for free use, which we intend to do on social media soon and potentially in the future for evergreen content.

The next interview will be for Dr. Joshi on Monday at noon at WJCT's studios for the What's Health Got To Do With It? podcast. Dr. Joshi, I've attached suggested, high-level questions to get the conversation with Dr. Sirven going. If you're OK with those, I'll send them over to him and his producer. I'll be on-site to staff the interview and to take pictures for social media purposes.

If you have any questions in the meantime, please reach out to us.

Thank you,

chris obarski

Hi all,

I wanted to provide some updates on Paul's appearance on the "What the Health Just Happened" podcast. The radio version will air this Saturday 11/9 at 7:00pm on 104.5 WOKV then the podcast episode will be released on 11/11. He will email over the full video and audio to us after it has been posted for promotional use. We intend to promote it on the Healthlink JAX social channels.

The host, Eric Ross also shared that he recorded an episode yesterday with the UNF Brooks College of Health who shouted out Paul, Dr. Thompson, Telescope and gave another HealthLink Jax plug.

Great job @Paul Sapia on the episode, we are looking forward to seeing it. Thanks all!

Hey Dr. Joshi, Phil, and Heather,
Just keeping you updated on our pitching efforts regarding Healthlink Jax. We're continuing to follow-up with the "What's Health Got to Do With It?" podcast, Health News Florida, and have also reached out to Kent Justice to see if we can have both Dr. Joshi and Dr. Thompson on *This Week in*

Jacksonville. Additionally, Paul will be on the "What the Health Just Happened?" podcast next week.

We did have one follow-up item regarding the initial introductory press conference: is that announcement press conference video recording readily available somewhere and/or living on a site? Would just like to have that for our records and potential dissemination to interested parties.

Thank you for any assistance you can provide and I hope you all are having a great week.

Great! I actually created and produced What's Health Got to Do With It for three years, so let me know if you need any help with them. Also, Health News Florida

usually re-airs that program, so maybe check on that before pitching them separately.

Only other thing I'd reiterate especially for the other talk shows is that they need to stay on topic.

Thanks for doing that interview this morning, Dr. Joshi…I think it turned out really well. Here's the link for it.

Heather, among the additional opportunities that we'd like to pursue immediately are as follows:

- This Week in Jacksonville with Kent Justice (News4Jax)
- This Week in the 904 with Emily Turner (ActionNewsJax)
- What's Health Got To Do With It? (WJCT)
- Health News Florida (NPR)

If you're good with those, we can pitch and follow-up with their availability.

Hello all,

It turns out that they aren't going to interview that patient tomorrow. They will plan to do a story with patients soon.

In the meantime, if we can have a list of patients who are willing to talk, that would be great!

I will be going on The Morning Show tomorrow to discuss Healthlink Jax with a Q/A segment.

I have cc'd Heather as well.

Lets keep the momentum going!

Thank you,
Sunil

Hi Sunil,

Hope you're Tuesday is going well. I wanted to loop in Chris Obarski from Dalton concerning the News4Jax interviews this week. He's been connecting with Heather Schatz to keep her updated on press surrounding HLJ. Would you mind sharing details on the news story so we can have Dalton assist with you any efforts here?

Paul and I are still reaching out to patients and we'll let you know if there are others out there.

Chris- Below is the patient we referred Sunil to that would be willing to chat.

Patient for News4Jax

Kraig Johnson (M, 62 yo)

904-705-5558

He said he would be willing to talk about his experience. We also referred him the day of his visit on 10/8 to JaxCareConnect.

Hi all,

I wanted to provide some updates on Paul's appearance on the "What the Health Just Happened" podcast. The radio version will air this Saturday 11/9 at 7:00pm on 104.5 WOKV then the podcast episode will be released on 11/11. He will email over the full video and audio to us after it has been posted for promotional use. We intend to promote it on the Healthlink JAX social channels.

The host, Eric Ross also shared that he recorded an episode yesterday with the UNF Brooks College of Health who shouted out Paul, Dr. Thompson, Telescope and gave another HealthLink Jax plug.

Great job @Paul Sapia on the episode, we are looking forward to seeing it. Thanks all!

Hey Dr. Joshi, Phil, and Heather,
Just keeping you updated on our pitching efforts regarding Healthlink Jax. We're continuing to follow-up with the "What's Health Got to Do With It?" podcast, Health News Florida, and have also reached out to Kent Justice to see if we can have both Dr. Joshi and Dr. Thompson on *This Week in Jacksonville*. Additionally, Paul will be on the "What the Health Just Happened?" podcast next week.

We did have one follow-up item regarding the initial introductory press conference: is that announcement press conference video recording readily available somewhere and/or living on a site? Would just like to have that for our records and potential dissemination to interested parties.

Thank you for any assistance you can provide and I hope you all are having a great week.

Great! I actually created and produced What's Health Got to Do With It for three years, so let me know if you need any help with them. Also, Health News Florida usually re-airs that program, so maybe check on that before pitching them separately.

Only other thing I'd reiterate especially for the other talk shows is that they need to stay on topic.

Thanks for doing that interview this morning, Dr. Joshi…I think it turned out really well. Here's the link for it.

Heather, among the additional opportunities that we'd like to pursue immediately are as follows:

- This Week in Jacksonville with Kent Justice (News4Jax)
- This Week in the 904 with Emily Turner (ActionNewsJax)
- What's Health Got To Do With It? (WJCT)
- Health News Florida (NPR)

If you're good with those, we can pitch and follow-up with their availability.

Hello all,

It turns out that they aren't going to interview that patient tomorrow. They will plan to do a story with patients soon.

In the meantime, if we can have a list of patients who are willing to talk, that would be great!

I will be going on The Morning Show tomorrow to discuss Healthlink Jax with a Q/A segment.

I have cc'd Heather as well.

Lets keep the momentum going!

Thank you,
Sunil

Subject: HLJ- Interviews

Hi Sunil,

Hope you're Tuesday is going well. I wanted to loop in Chris Obarski from Dalton concerning the News4Jax interviews this week. He's been connecting with Heather Schatz to keep her updated on press surrounding HLJ. Would you mind sharing details on the news story so we can have Dalton assist with you any efforts here?

Paul and I are still reaching out to patients and we'll let you know if there are others out there.

Chris- Below is the patient we referred Sunil to that would be willing to chat.

Patient for News4Jax

Kraig Johnson (M, 62 yo)

904-705-5558

He said he would be willing to talk about his experience. We also referred him the day of his visit on 10/8 to JaxCareConnect.

Reviewing them now. But remind me again why we are tagging Atlantic Beach along with COJ (and not Jax beach or Neptune Beach)?

Hi Heather,

Atlantic Beach requested to be tagged in posts. We are currently working to get connected with JB and NB to do the same. The contacts have not been in but we are hopeful that after NYE we can connect on it.

Erin

Love this – thanks! Just made comments on the doc for tomorrow's posts so you can get them out and will review the others tomorrow.

Also, re the video from the presser – Matt is finalizing some edits Dr. Joshi had asked for and we will send it over as soon as it's ready.

EXTERNAL EMAIL: This email originated from a non-COJ email address. Do not click any links or open any attachments unless you trust the sender and know the content is safe.

Hi there!

We've outlined a number of posts to share on Healthlink JAX's social pages throughout the remainder of the month. Of course, as relevant, timely things occur we can slot in additional posts as needed, but wanted to go ahead and get a holistic review on some general promotional posts to ensure we have content ready and prepared throughout the month. Calendar is linked here for review.

Looking forward to your thoughts – there is a "Client Notes" column if you'd like to add direct feedback into the shared document, or can reply with any edits or revisions directly to this email.

Thank you!

Sounds good! Thanks!

They had an event Saturday, and he passed out the flyer. They have them monthly, so he can distribute postcards.
May I have some post cards to distribute at the Community Day on November 2nd at the Northside Church of Christ?

I plan to set up a booth.

Kind regards,

Lynn

Hi there!

We'd like to add a social post on Monday, sharing the What the Health Just Happened podcast that Paul was recently a part of, speaking about Healthlink JAX.

Below is copy for review:
Paul Sapia, Chief Population Health Officer at @Telescope Health, recently appeared on the 'What the Health Just Happened?' podcast to discuss Healthlink JAX, an initiative created in partnership with the @City of Jacksonville that aims to provide over 100,000 uninsured residents in Duval County with free, round-the-clock access to healthcare services.
Learn more about Healthlink JAX and catch the full episode here:

https://www.youtube.com/watch?v=cOVztA2D6nY

For visual purposes, we'll utilize a clip provided by the podcast for Facebook, linked here. For Instagram, however, we'll utilize the attached photo. We cannot use the same clip due to it being filmed horizontally, and all videos on Instagram are now shared vertically, as you see in Instagram reels.

If you'd like any edits, please let me know!

Hi there!

We'd like to add a social post on Monday, sharing the What the Health Just Happened podcast that Paul was recently a part of, speaking about Healthlink JAX.

Below is copy for review:
Paul Sapia, Chief Population Health Officer at @Telescope Health, recently appeared on the 'What the Health Just Happened?' podcast to discuss Healthlink JAX, an initiative created in partnership with the @City of Jacksonville that aims to provide over 100,000 uninsured residents in Duval County with free, round-the-clock access to healthcare services.
Learn more about Healthlink JAX and catch the full episode here:
https://www.youtube.com/watch?v=cOVztA2D6nY

For visual purposes, we'll utilize a clip provided by the podcast for Facebook, linked here. For Instagram, however, we'll utilize the attached photo. We cannot use the same clip due to it being filmed horizontally, and all videos on Instagram are now shared vertically, as you see in Instagram reels.

If you'd like any edits, please let me know!

Subject: HLJ Social Post - WTHJH podcast

Hi there!

We'd like to add a social post on Monday, sharing the What the Health Just Happened podcast that Paul was recently a part of, speaking about Healthlink JAX.

Below is copy for review:
Paul Sapia, Chief Population Health Officer at @Telescope Health, recently appeared on the 'What the Health Just Happened?' podcast to discuss Healthlink JAX, an initiative created in partnership with the @City of Jacksonville that aims to provide over 100,000 uninsured residents in Duval County with free, round-the-clock access to healthcare services.
Learn more about Healthlink JAX and catch the full episode here: https://www.youtube.com/watch?v=cOVztA2D6nY

For visual purposes, we'll utilize a clip provided by the podcast for Facebook, linked here. For Instagram, however, we'll utilize the attached photo. We cannot use the same clip due to it being filmed horizontally, and all videos on Instagram are now shared vertically, as you see in Instagram reels.

If you'd like any edits, please let me know!

Hi Alyssa,

Thanks for sending over. Please maintain the visual of a face-to-face telehealth appointment as that is how the patient will engage with the doctor. The copy is good for me but will allow the COJ team to weigh in.

Thanks!

Erin

Hi there!

We pushed out the second of the two posts I shared last week yesterday, so wanted to run a post by you all to share later this week.

Copy is below and the photo we'd like to use is attached. One question for clarification in photos, is it okay to use the visual of a face-to-face telehealth appointment? Or since the program is initially with a direct phone call would you prefer photos with people talking on the phone traditionally? Looking forward to your feedback – thank you!

A care navigator helps patients access care and community resources, ensuring they get the support they need.

Backed by a team of doctors and care navigators, Healthlink JAX and the @City of Jacksonville are providing #healthcare access day or night to those who are uninsured.

To see a doctor, call 904-925-CARE (2273) and visit our website to learn more: [LINK to landing page]

Hi there!

We pushed out the second of the two posts I shared last week yesterday, so wanted to run a post by you all to share later this week.

Copy is below and the photo we'd like to use is attached. One question for clarification in photos, is it okay to use the visual of a face-to-face telehealth appointment? Or since the program is initially with a direct phone call would you prefer photos with people talking on the phone traditionally? Looking forward to your feedback – thank you!

A care navigator helps patients access care and community resources, ensuring they get the support they need.

Hi Alyssa!

Could we get the phone number added to the graphic and include the numbers for CARE **(2273)** in the caption as well?

904-925-CARE (2273)

Thanks,
Sydney Reid, MBA
Marketing Coordinator

Hi there! Below is a social post with the attached graphic for review. We'd like to post on Thursday as posting during the height of the election will likely have our post lost in people's feeds.

Please let me know if you'd like any edits – thank you!

Healthlink JAX is a vital new service that's giving uninsured residents of Duval County access to free, 24/7 virtual healthcare provided in partnership with the @CityofJacksonville. Whether you're seeking treatment for an illness, need a prescription refill, or require preventive care, our doctors and care navigators are ready to assist you day or night.

Call 904-925-CARE or visit our website to access the care you deserve: https://healthlinkjax.com/

Hi Alyssa!

Could we get the phone number added to the graphic and include the numbers for CARE **(2273)** in the caption as well?

904-925-CARE (2273)

Thanks,
Sydney Reid, MBA
Marketing Coordinator

Subject: HLJ Social Post 11/7

Hi there! Below is a social post with the attached graphic for review. We'd like to post on Thursday as posting during the height of the election will likely have our post lost in people's feeds.

Please let me know if you'd like any edits – thank you!

Healthlink JAX is a vital new service that's giving uninsured residents of Duval County access to free, 24/7 virtual healthcare provided in partnership with the @CityofJacksonville. Whether you're seeking treatment for an illness, need a prescription refill, or require preventive care, our doctors and care navigators are ready to assist you day or night.

Call 904-925-CARE or visit our website to access the care you deserve: https://healthlinkjax.com/

Hi Alyssa,

Like the graphic but for the text can we adjust it to communicate it's a free program.

"Seeing a healthcare provider is now easier with Healthlink JAX. In partnership with the @City of Jacksonville, uninsured residents of Duval County can access a medical professional 24/7, completely free, no matter where they're located."

Hi Alyssa,

Like the graphic but for the text can we adjust it to communicate it's a free program.

"Seeing a healthcare provider is now easier with Healthlink JAX. In partnership with the @City of Jacksonville, uninsured residents of Duval County can access a medical professional 24/7, completely free, no matter where they're located."

Good morning,

Hope everyone is doing well today.

I wanted to follow up on a meeting request that I sent over for an in-person meeting on Wednesday, 11/13 from 3-5.

The location will be at the mayor's office. Can you please let me know if you will be able to join us. Parking is free in the library parking garage and at Duval & Main St.

Please let me know by Monday afternoon if you will be able to make it, and just respond to me so not everyone gets all the emails.

Thank you for your help with this and have a great Friday!

Hi Jenny,

Yes we will be having the same format on December 2nd at 11:15. I will be sending the questions to the group again this week (likely tonight) so everyone is prepared for the panel discussion!

Thank you all and talk to you soon!

We are pleased to inform you that the International Healthcare Symposium has been rescheduled to **Dec. 2-3, 2024**, at the UNF Adam W. Herbert University Center.

The program remains largely unchanged and I am confirming your participation on the following panel on MONDAY DECEMBER 2nd from 11:15am to 12:15pm:

11:15am	**Improving Access to Healthcare**	**Sunil Joshi, MD**	**Lynn Sherman Paul Sapia Rakshinda Fiaz Jenny O'Donnell**

I have attached a preliminary revised schedule for the Symposium.

We have over 300 registrants for each day and should have a great meeting!

Thank you SO MUCH for rescheduling your presentation as this would not be possible with all of your accommodation.

Good morning, Paul and Angela.

Thank you so much for the introduction and for your kind words, Paul.

It is great to meet you, Angela.

I am reaching out because the Nutrition and Dietetics (N&D) department would like to build a new Advisory Board that includes individuals who are committed to achieve the vision of the department and meet the needs of the workforce in the Jacksonville area. We believe that creating community partnerships are vital to fulfilling this commitment.

I would love the opportunity to meet via zoom or in person to further discuss this role and what it entails fully.

Should this invitation interest you, please let me know when would be a good time to connect for 30 minutes to discuss.

Thursday and Friday next week are good for me.

Thank you!

Subject: Introduction

Good morning Dr. Arikawa

I would like to introduce you to Angela Tenbroeck. I have known Angela for the past six or seven years and I have been incredibly impressed by the work she is doing with urban farming, agriculture and food policy. She is now working in the Mayor's office to help connect local farmers to the existing food infrastructure and help promote the positive impacts of eating locally grown foods.

I think she would be a good addition to the advisory board you are putting together for

UNF.

Angela, I am a big advocate for the work you do and for the potential impact an organization like UNF can have both locally and across the country. Dr. Arikawa has impressed me with the way she really is thinking creatively to get the UNF students engaged in community and build recognition

Angela, I am a big advocate for the work you do and for the potential impact an organization like UNF can have both locally and across the country. Dr. Arikawa has impressed me with the way she really is thinking creatively to get the UNF students engaged in community and build recognition

Good morning, Paul and Angela.

Thank you so much for the introduction and for your kind words, Paul.

It is great to meet you, Angela.

I am reaching out because the Nutrition and Dietetics (N&D) department would like to build a new Advisory Board that includes individuals who are committed to achieve the vision of the department and meet the needs of the workforce in the Jacksonville area. We believe that creating community partnerships are vital to fulfilling this commitment.

I would love the opportunity to meet via zoom or in person to further discuss this role and what it entails fully.

Should this invitation interest you, please let me know when would be a good time to connect for 30 minutes to discuss.

Thursday and Friday next week are good for me.

Thank you!

Andrea

Good morning Dr. Arikawa

I would like to introduce you to Angela Tenbroeck. I have known Angela for the past six or seven years and I have been incredibly impressed by the work she is doing with

urban farming, agriculture and food policy. She is now working in the Mayor's office to help connect local farmers to the existing food infrastructure and help promote the positive impacts of eating locally grown foods.
I think she would be a good addition to the advisory board you are putting together for UNF.

Angela, I am a big advocate for the work you do and for the potential impact an organization like UNF can have both locally and across the country. Dr. Arikawa has impressed me with the way she really is thinking creatively to get the UNF students engaged in community and build recognition

Hello Angela,
Here is some information about us:

Mission: The mission of the University of North Florida Nutrition and Dietetics department is to educate and inspire students of every level through leadership, scholarly pursuits, and community engagement.

Vision: The vision of the Department of Nutrition and Dietetics is to be at the forefront of nutrition and dietetics by transforming students into valued nutrition and healthcare leaders who contribute to communities around the world.

I am attaching our goals/strategic plan and the Advisory Board pledge document.

Please let me know if you have any questions.

Thank you.

Thank you Ashley.
We had a good Thanksgiving, I hope you and the family did as well.

Nice to meet you Johnna.
I would be glad to come out and learn more and see where there are integration points between your work and the Healthlink JAX program.
I am somewhat free next Thursday morning before 11 or between 10-2. I can also do Monday the 16th from 10:00-1:00.

Lynn, please let me know if that will work and if you would like me to include Jenny in the invite.

Subject: Introduction: Mayo Clinic Advanced Care at Home team

Hi Paul,

Hope you and your family had a wonderful Thanksgiving and are getting ready for the upcoming holiday season. I would like to introduce you to Johnna Palic who is our Operations Manager for our Advanced Care at Home team. Her and I were talking about telescope, but specifically Healthlink Jax. We have several programs within our Advance Care at Home, but specifically our Stat Care at Home Program that aligns with the work of Healthlink Jax and ability to continue to work together and our teams learn about the programs existing in Jacksonville to better serve the community and patients.

It would be great to get you, Jenny O'Donnel from Jax Care Connect and potentially Lynn

Sherman COJ out to Mayo Clinic's campus for a tour of our advanced care at home facility as well as a presentation from you all on HealthLink Jax to our team with Advanced Care at Home which will include some of our case managers. Copying Lynn on here as well to know the potential ask.

I will let the two of you take it from here, but please Johnna include me in the site visit and presentation.

Thank you so much for all each of you do!

Hope you and your family had a wonderful Thanksgiving and are getting ready for the upcoming holiday season. I would like to introduce you to Johnna Palic who is our Operations Manager for our Advanced Care at Home team. Her and I were talking about telescope, but specifically Healthlink Jax. We have several programs within our Advance Care at Home, but specifically our Stat Care at Home Program that aligns with the work of Healthlink Jax and ability to continue to work together and our teams learn about the programs existing in Jacksonville to better serve the community and patients.

It would be great to get you, Jenny O'Donnel from Jax Care Connect and potentially Lynn

Sherman COJ out to Mayo Clinic's campus for a tour of our advanced care at home facility as well as a presentation from you all on HealthLink Jax to our team with Advanced Care at Home which will include some of our case managers. Copying Lynn on here as well to know the potential ask.

I will let the two of you take it from here, but please Johnna include me in the site visit and presentation.

Thank you so much for all each of you do!

Hi Johnna, Ashley and Paul,

Of the days Paul selected, I am available 12/12 at 8 – 11:30.
I can also be available on 12/16 between 10 – 1:00.
If we need to look at additional options, let me know.

Paul-- Yes, please invite Jenny if she can make it.

Kind regards,

Lynn

Thank you Ashley.
We had a good Thanksgiving, I hope you and the family did as well.

Nice to meet you Johnna.
I would be glad to come out and learn more and see where there are integration points between your work and the Healthlink JAX program.
I am somewhat free next Thursday morning before 11 or between 10-2. I can also do Monday the 16th from 10:00-1:00.

Lynn, please let me know if that will work and if you would like me to include Jenny in the invite.

Thank you

It would be great to get you, Jenny O'Donnel from Jax Care Connect and potentially Lynn Sherman COJ out to Mayo Clinic's campus for a tour of our advanced care at home facility as well as a presentation from you all on HealthLink Jax to our team with Advanced Care at Home which will include some of our case managers. Copying Lynn on here as well to know the potential ask.

I will let the two of you take it from here, but please Johnna include me in the site visit and presentation.

Thank you so much for all each of you do!

Lynn,

Thank you so much for sharing! I'll work with our events team concerning the date. I also love the health fair opportunity at UNF and will keep an eye out for that flyer.

Appreciate you,

Erin

Subject: FW: Invitation to Firsthand 2nd Annual Wellness event

Hi Paul and Erin,

Just sharing this in case you are interested in having a booth See below for details.

I will be sending you another opportunity soon for April 19, so hold the date. A minority health fair primarily Hispanic at UNF. She is modifying the flyer now.
This event was very popular among the Hispanic community before 2020 and they are working on breathing life back into it.
They will bus people to UNF's Adam Herbert Conference Center.

Kind regards,

Lynn

Join Us Again for an Even Better Wellness Event!
Hello,
We would like to formally invite you to Firsthand's 2nd Annual Wellness Fest. We believe that a mobile cancer screening presence would be beneficial for community awareness. Our inaugural event had such a fantastic turnout and the incredible community connections we built, we're excited to announce our second annual wellness event!
Save the Date: April 12, 2025 10 AM - 2 PM Location: Riverside Park
We would be thrilled to have you join us again this year. Your presence made a huge impact, and we'd love to see you back!
We've taken all the valuable feedback from last year to heart and made some fantastic improvements:

- **Effortless Setup:** Volunteers will be on hand to help with setup and breakdown, making it easier for you.
- **Flexible Booth Spaces:** Set up upon arrival on a first-come, first-served basis for added convenience.

We're creating a dynamic marketing flyer for the community and would love to feature your logo and information. Please send them over as soon as possible to ensure you're included!
Remember, registration, participation, and admission are entirely **free of charge.** Please note that no alcohol or sales of any kind are permitted. You are more than welcome to invite additional organizations by sharing the vendor flyer. You are able to find **link to registration** here.
If you have any questions or concerns, don't hesitate to reach out. Thank you, and we look forward to seeing you at this year's event!

Thank you for the introduction Sunil!

Shannon,

If it's not too late to register, we would really love to participate at this event. Let me know what possible next steps would be if you are accepting additional exhibitors.

Thanks!

Hello Shannon,

I hope you are having a nice Monday. Our Health Link Jax partners are interested in participating in the upcoming JaxReady Fest!

Hopefully, it is not too late for them to register.

I have included Erin Harris of Telescope Health on this email.

Thank you!

Good Afternoon All,

The City of Jacksonville's Emergency Preparedness Division would like to thank everyone who attended today's 2025 JaxReady Fest Stakeholder Meeting. Your support is invaluable, and we are looking forward to another successful JaxReady Fest where we can all positively impact our community. We have attached the presentation to help you plan for the event.

If you are interested in registering your agency as an exhibitor for the 2025 JaxReady Fest, please complete the following form: https://jax.readyop.com/fs/4cCK/20a82e7b. The deadline to register as an exhibitor is **February 21, 2025**.

Hi Erin,

I've copied Tracye Polson on the email. She represents the Mayor's office with the homeless initiative and works directly with JFRD.

Tracye, Erin and Paul work with Telescope Health who serves as our telehealth partners with the Healthlink Jax initiative.

Tracye can access my calendar if you would like me to be present when you meet. I'll leave it to you all to set up a time to meet.

Kind regards,

Lynn

Hi Lynn,

Hope all is going well this week! I wanted to when your contact with the JFRD Homeless Program has time to meet and chat with us in January? Would love to get something on the books and look at ways to educate on HLJ with them.

Thanks again!

Erin

Good morning Tracye
Happy New Year! I hope you enjoyed your holidays and had some relaxing time off. I know we are all just coming back from a little break, so I wanted to confirm that we are still meeting this afternoon.
We look forward to seeing you.

Thanks

Hi Lynn,

Hope all is going well this week! I wanted to when your contact with the JFRD Homeless Program has time to meet and chat with us in January? Would love to get something on the books and look at ways to educate on HLJ with them.

Thanks again!

Erin

Good morning Tracye
Happy New Year! I hope you enjoyed your holidays and had some relaxing time off. I know we are all just coming back from a little break, so I wanted to confirm that we are still meeting this afternoon.
We look forward to seeing you.

Thanks

Paul Sapia, MHA

Hi Tracye,

I believe Paul and I are open on those dates. Let us know if you have some times on those days we can align our calendars with.

Looking forward to chatting and happy holidays!

-Erin

Hi Erin,

I've copied Tracye Polson on the email. She represents the Mayor's office with the homeless initiative and works directly with JFRD.

Tracye, Erin and Paul work with Telescope Health who serves as our telehealth partners with the Healthlink Jax initiative.

Tracye can access my calendar if you would like me to be present when you meet. I'll leave it to you all to set up a time to meet.

Kind regards,

Lynn

Hi Lynn,

Hope all is going well this week! I wanted to when your contact with the JFRD Homeless Program has time to meet and chat with us in January? Would love to get

something on the books and look at ways to educate on HLJ with them.

Thanks again!

Erin

Good Afternoon, Community Partners and Friends.

I am excited to invite you to join us in celebrating our **7th Anniversary Community Block Party** on **Saturday, April 12th, from 10 AM to 1 PM**. This event promises to be a fun-filled day for all, and we would love for you to be part of it!

Event Highlights:

- **Free Community Resources**
- **Live Music**
- **Kids Zone** featuring bouncy houses and games
- **Free Food**

If you're interested in securing a spot as a vendor, please reply to this email: Felicia.Gardner@inspiretoriseinc.org. We would be thrilled to have you join us and contribute to the success of this special event.

We look forward to hearing from you and celebrating together!

Respectfully Submitted,

Good afternoon,

Hope this email finds you well.

I realized today after putting our deck together for next week, that I sent the December notes to only Lynn and Dr. Tice. I wanted to be sure you have received them prior to our next meeting, 1/21.

Going forward you will have the meeting notes by end of the week of the meeting taking place.

Please review and let me know if you have any questions. Thank you and have a good day!

Heather Rogers
Executive Administrative Assistant to:
Dr. Kelli Tice, VP Medical Affairs & Chief Health Equity Officer

Thank you.
I will be on the call. I don't have a lot of information about Connect4Care at this point. I just wanted to show the team an example of what other communities have done when looking to build a community platform.

Subject: JTC Important Update

Good day Health (Equity) Workgroup:

I wanted to provide a couple of important updates.

1. The JTC steering committee met to discuss the use of the word "equity" in our workgroup titles (health equity and education equity). They would like our name to be changed to **Health Workgroup** and **Education Workgroup** respectively.

2. Lynn and I met after our discussion about the impact of recent ICE raids on access to critical community resources and health services. As an immediate solution, we are reaching out to the leads at all of our safety net organizations to encourage them to offer **HealthLink Jax** as an immediate interim virtual visit solution for their patients who are reluctant to come to clinic sites.

3. The Data workgroup is being stood up and we have an opportunity as a workgroup to ask for data we need, as well as identify the trends that should be monitored.

More to come.

Hello everyone,

I just wanted to share that our National AHA team just announced that they have partnered with Findhelp for our national heart.org website. I think my internet is struggling but I'm able to pull it up on my phone- www.heart.org/findhelp . Not sure if that means anything for our discussions but thought I'd share!

Kind regards,

Jessie Roush, MPH

Good afternoon Lynn.
I was curious what you thought about having a meeting with LISC? It has been a while since I connected with Dr. Cohen, and wondered if you thought it would be a good discussion to have with him and his team.
Please let me know if you think it would be a good idea and if you could connect us.

Thank you.

Dear Stephanie and Michelle,

I hope the New Year is off to a great start for you! The wonderful Robin Cartwright recently spoke to you about the City of Jacksonville's newest health initiative, Healthlink JAX. I'm so pleased to hear that Martin County has an interest in learning more about Healthlink JAX. It's an exciting program that we are passionate about, and we would love to help you explore how it might align with your community's needs.

To ensure you have all the resources and expertise needed, I'm connecting you with three key individuals who can provide valuable insights and answer any questions you have about the program:

- Dr. Sunil Joshi, Chief Health Officer, City of Jacksonville
- Lynn Sherman, Executive Director of Health Programs, City of Jacksonville
- Paul Sapia, Chief Population Health Officer, Telescope Health

They bring a wealth of knowledge, perspective, and will be great resources for your inquiries. Their emails are copied in.

Please don't hesitate to reach out to me if you need anything further.

Have a great week,

Erin

Dear Stephanie and Michelle,

I hope the New Year is off to a great start for you! The wonderful Robin Cartwright recently spoke to you about the City of Jacksonville's newest health initiative, Healthlink JAX. I'm so pleased to hear that Martin County has an interest in learning more about Healthlink JAX. It's an exciting program that we are passionate about, and we would love to help you explore how it might align with your community's needs.

To ensure you have all the resources and expertise needed, I'm connecting you with three key individuals who can provide valuable insights and answer any questions you have about the program:

- Dr. Sunil Joshi, Chief Health Officer, City of Jacksonville
- Lynn Sherman, Executive Director of Health Programs, City of Jacksonville
- Paul Sapia, Chief Population Health Officer, Telescope Health

They bring a wealth of knowledge, perspective, and will be great resources for your inquiries. Their emails are copied in.

Please don't hesitate to reach out to me if you need anything further.

Have a great week,

Erin

---

Hi Stephanie and Michelle,

We are excited that you are interested in learning more about Healthlink JAX to consider for your area.
We are happy to set aside some time to have a virtual conversation with you about it.

Sunil and I are available on 1/13 at 8:00 – 9:30 or 2:30

Let us know what works best for you. We can send additional times if needed.

Kind regards,

Lynn

Dear Stephanie and Michelle,

I hope the New Year is off to a great start for you! The wonderful Robin Cartwright recently spoke to you about the City of Jacksonville's newest health initiative, Healthlink JAX. I'm so pleased to hear that Martin County has an interest in learning more about Healthlink JAX. It's an exciting program that we are passionate about, and we would love to help you explore how it might align with your community's needs.

To ensure you have all the resources and expertise needed, I'm connecting you with three key individuals who can provide valuable insights and answer any questions you have about the program:

- Dr. Sunil Joshi, Chief Health Officer, City of Jacksonville
- Lynn Sherman, Executive Director of Health Programs, City of Jacksonville
- Paul Sapia, Chief Population Health Officer, Telescope Health

They bring a wealth of knowledge, perspective, and will be great resources for your inquiries. Their emails are copied in.

Please don't hesitate to reach out to me if you need anything further.

Have a great week,

Erin

Hi Johnna,

The pleasure was ours! Thank you so much for sharing all the amazing things Mayo is doing no to serve the needs of people and what you will do for the future of healthcare.
I'm excited by all the wonderful things you and Layne shared with us today.

We look forward to working with you through our Healthlink JAX Initiative and taking a broader tour when the weather warms up.

Kind regards,

Lynn

Good morning!

Thank you for your patience as I try to coordinate schedules on our end. We have a super busy end of year and a lot of PTO on our team, is there a few dates that might work in January for you that I could look up for our team?

Thank you Johnna
It was a pleasure meeting you and Layne this morning. I share Lynn's enthusiasm about the remarkable initiatives currently underway at Mayo and the exciting plans for the future. I look forward to exploring opportunities for collaboration with you and the Advanced Care at Home team. It would be great to get a more detailed tour once the weather warms up.

Have a great rest of your week.

Good morning Johnna
I just wanted to follow-up to see if you are still available on Thursday morning to meet with Lynn, Jennie and I. Please let us know and where you would like to meet.

Thank you

Paul Sapia, MHA
Chief Population Health Officer

Good morning Paul,

Thank you so much for following up.

It sounds like there may have been a technical hiccup, as I hadn't received any previous messages about this. I'm so glad you reached out here! I'd love to get a MHFA training(s) scheduled for your team and will be happy to coordinate with Sonia and Ariane to make it as smooth as possible.

To help us get everything squared away, would you mind sharing where the original request was sent (just so I can troubleshoot on my end and make sure it doesn't happen again)?

In the meantime, could you let me know:

- Approximately how many participants are expected?
- Whether you'd prefer a virtual or in-person training?
- If you have any ideal dates or timeframes in mind?

Once I have those details, I'll follow up with training format options and available dates. Looking forward to working together on this!

Good afternoon Mary and Lynn.

Our Healthlink JAX/Telescope nurse navigators, patient services representatives and some

of the team are interested in taking part in the Mental Health First Aid training. We have requested information on training and dates and have not heard anything back yet. Are you able to connect with Sonia and Ariane (copied) to get them information on the program? I have been trained and know how valuable that it will be for our team as we interact with the uninsured population and other partners.

Thank you for your help.

Good morning, Mary,
Thank you so much for your message! My name is **Sonia**, and I'm the **Project Manager** here at Telescope Health. I'll be working alongside **Ariane Coley**, our **Project Coordinator**, to coordinate MHFA training sessions for our team. We also serve as members of our **Educational Committee**, which helps facilitate internal training and development initiatives.
The original inquiries were submitted by **Lorna Brown**, our Clinical Nurse and fellow committee member, via the Mental Health Matters Jax website: https://www.jacksonville.gov/mentalhealthmattersjax. Hopefully, that helps troubleshoot the communication gap.
To answer your questions:

- We're expecting approximately **10–15 participants** for the **first training session**.
- Our team prefers a **virtual training** format.
- Ideally, we would love to get **our clinical team, and a few Patient Support Representatives trained this coming Monday**, if there's any flexibility or availability for a quick turnaround.
- We'd also like to explore the possibility of scheduling a **second session around mid-to-late April** so we can include the rest of our team.

Let us know what might be possible on your end, and we're excited to get this rolling.
Looking forward to working with you!

Good morning Paul,

Thank you so much for following up.

It sounds like there may have been a technical hiccup, as I hadn't received any previous messages about this. I'm so glad you reached out here! I'd love to get a MHFA training(s) scheduled for your team and will be happy to coordinate with Sonia and Ariane to make it as smooth as possible.

To help us get everything squared away, would you mind sharing where the original request was sent (just so I can troubleshoot on my end and make sure it doesn't happen again)?

In the meantime, could you let me know:

- Approximately how many participants are expected?
- Whether you'd prefer a virtual or in-person training?
- If you have any ideal dates or timeframes in mind?

Once I have those details, I'll follow up with training format options and available dates. Looking forward to working together on this!

Good afternoon Mary and Lynn.

Our Healthlink JAX/Telescope nurse navigators, patient services representatives and some of the team are interested in taking part in the Mental Health First Aid training. We have requested information on training and dates and have not heard anything back yet. Are you able to connect with Sonia and Ariane (copied) to get them information on the program? I have been trained and know how valuable that it will be for our team as we interact with the uninsured population and other partners.

Thank you for your help.

Paul Sapia, MHA

Hi all - the lovely Sonia and I were just able to connect via phone and are working out training details. Lynn and Paul, I will go ahead and take you out of this email thread so we aren't clogging up your inboxes. If you would like to remain on the thread - please do let me know!

On Thu, Mar 27, 2025 at 9:43 AM Sonia Lunar <SLunar@telescopehealth.com> wrote:

> Good morning, Mary,
> Thank you so much for your message! My name is **Sonia**, and I'm the **Project**

Manager here at Telescope Health. I'll be working alongside **Ariane Coley**, our **Project Coordinator**, to coordinate MHFA training sessions for our team. We also serve as members of our **Educational Committee**, which helps facilitate internal training and development initiatives.
The original inquiries were submitted by **Lorna Brown**, our Clinical Nurse and fellow committee member, via the Mental Health Matters Jax website: https://www.jacksonville.gov/mentalhealthmattersjax. Hopefully, that helps troubleshoot the communication gap.
To answer your questions:

- We're expecting approximately **10–15 participants** for the **first training session**.
- Our team prefers a **virtual training** format.
- Ideally, we would love to get **our clinical team, and a few Patient Support Representatives trained this coming Monday**, if there's any flexibility or availability for a quick turnaround.
- We'd also like to explore the possibility of scheduling a **second session around mid-to-late April** so we can include the rest of our team.

Let us know what might be possible on your end, and we're excited to get this rolling. Looking forward to working with you!
Kind regards,

Sonia Lunar
Project Manager

Good morning Paul,

Thank you so much for following up.

It sounds like there may have been a technical hiccup, as I hadn't received any previous messages about this. I'm so glad you reached out here! I'd love to get a MHFA training(s)

scheduled for your team and will be happy to coordinate with Sonia and Ariane to make it as smooth as possible.

To help us get everything squared away, would you mind sharing where the original request was sent (just so I can troubleshoot on my end and make sure it doesn't happen again)?

In the meantime, could you let me know:

- Approximately how many participants are expected?
- Whether you'd prefer a virtual or in-person training?
- If you have any ideal dates or timeframes in mind?

Once I have those details, I'll follow up with training format options and available dates. Looking forward to working together on this!

Good morning,

I have been on hold waiting to join the call. Can someone please relay to Joyce to let me in? Thanks in advance.

Regards,
Ann-Marie

Dear Dr. Husband and partners,

Thank you for your resourcefulness and engagement in support of Northwestern Elementary. I have heard from a few angles about the attendance challenges facing the school and am grateful we are all committed to leveraging our resources and engagement to help in any way we can.

Warm regards,

Rachael

Good morning JTC members,
I just received this list from the truancy officers who are trying to find out why at any given time 40-60% of the kids at Northwestern are not showing up to school – they lack basic hygiene products. The principal now has a washer/dryer to wash kids clothes☹. If there is anything your organization can do to help, please let me know and I will connect you with the principal or the Giving Closet which is housed there.
Thanks, Laureen

Good morning team,

Hope everyone is doing well today.

I wanted to send a quick email to ask, if you were in person last Friday for our JTC meeting, and may have taken any notes, please send to me. You can send me pictures of your notes and/or any documents.

I will combine your notes with Kelli's and then send them out to the group, so everyone has the same information.

If you should have any questions, please let me know. Thank you for your help with this and have a great day!

It's wonderful to see the response from so many people and organizations to this call for help.
Let me add that one of our Employee Resource Groups at Baptist has taken this on as their project for the season.
Happy Thanksgiving everyone!

Good morning JTC members,
I just received this list from the truancy officers who are trying to find out why at any given time 40-60% of the kids at Northwestern are not showing up to school – they lack basic hygiene products. The principal now has a washer/dryer to wash kids

clothes☹. If there is anything your organization can do to help, please let me know and I will connect you with the principal or the Giving Closet which is housed there. Thanks, Laureen

Good morning team,

Hope everyone is doing well today.

I wanted to send a quick email to ask, if you were in person last Friday for our JTC meeting, and may have taken any notes, please send to me. You can send me pictures of your notes

and/or any documents.

I will combine your notes with Kelli's and then send them out to the group, so everyone has the same information.

If you should have any questions, please let me know. Thank you for your help with this and have a great day!

Hi Laureen,

Interesting. Attendance continues to be an issue at Northwestern, but the need is much greater than clean clothes and deodorant. I'm at Northwestern Elementary almost every Wednesday afternoon, joined by three other women, facilitating a program for girls called Brave Hearts that addresses absenteeism by teaching life skills that include self-care and self-esteem. There are also multiple organizations, including My Village Project, involved with the school. They have a robust School Advisory Council. There are various reasons for the absenteeism rate, and one large one is kids having to walk up to 1.5 miles in an unsafe neighborhood. The school called each parent and learned that it was one of the primary reasons. All the other things you mentioned exist and should be addressed too.

Kind regards,

Lynn

Hi Laureen,

Thank you for making us aware of this incredible need. I am not sure if you and other partners are aware that through our volunteer and community engagement hub, we provide an opportunity for individuals and groups to complete virtual “Do-It-Yourself” projects, which includes kits such as hygiene and snacks. We get quite a few volunteers who sign up for those options throughout the year and usually distribute the kits through our Full Service Schools resource centers or other partners when we know of a need.

I will ask my team if we have recently received any hygiene kits that we can supply right away. I will also contact the FSS resource center that supports that neighborhood, which is the Ribault site to make the Coordinator aware of this critical need as well to get some support there.

Good morning team,

Hope everyone is doing well today.

I wanted to send a quick email to ask, if you were in person last Friday for our JTC meeting, and may have taken any notes, please send to me. You can send me pictures of your notes and/or any documents.

I will combine your notes with Kelli's and then send them out to the group, so everyone has the same information.

If you should have any questions, please let me know. Thank you for your help with this and have a great day!

Hi Laureen,

Interesting. Attendance continues to be an issue at Northwestern, but the need is much greater than clean clothes and deodorant. I'm at Northwestern Elementary almost every Wednesday afternoon, joined by three other women, facilitating a program for girls called Brave Hearts that addresses absenteeism by teaching life

skills that include self-care and self-esteem. There are also multiple organizations, including My Village Project, involved with the school. They have a robust School Advisory Council. There are various reasons for the absenteeism rate, and one large one is kids having to walk up to 1.5 miles in an unsafe neighborhood. The school called each parent and learned that it was one of the primary reasons. All the other things you mentioned exist and should be addressed too.

Kind regards,

Lynn

Hi Laureen,

Thank you for making us aware of this incredible need. I am not sure if you and other partners are aware that through our volunteer and community engagement hub, we provide an opportunity for individuals and groups to complete virtual “Do-It-Yourself” projects, which

includes kits such as hygiene and snacks. We get quite a few volunteers who sign up for those options throughout the year and usually distribute the kits through our Full Service Schools resource centers or other partners when we know of a need.

I will ask my team if we have recently received any hygiene kits that we can supply right away. I will also contact the FSS resource center that supports that neighborhood, which is the Ribault site to make the Coordinator aware of this critical need as well to get some support there.

Good morning JTC members,
I just received this list from the truancy officers who are trying to find out why at any given time 40-60% of the kids at Northwestern are not showing up to school – they lack basic hygiene products. The principal now has a washer/dryer to wash kids clothes☹. If there is anything your organization can do to help, please let me know and I will connect you with the principal or the Giving Closet which is housed there.
Thanks, Laureen

Good morning JTC members,
I just received this list from the truancy officers who are trying to find out why at any given time 40-60% of the kids at Northwestern are not showing up to school – they lack basic hygiene products. The principal now has a washer/dryer to wash kids clothes☹. If there is anything your organization can do to help, please let me know and I will connect you with the principal or the Giving Closet which is housed there.
Thanks, Laureen

Good morning team,

Hope everyone is doing well today.

I wanted to send a quick email to ask, if you were in person last Friday for our JTC meeting, and may have taken any notes, please send to me. You can send me pictures of your notes and/or any documents.

I will combine your notes with Kelli's and then send them out to the group, so everyone has the same information.

If you should have any questions, please let me know. Thank you for your help with this and have a great day!

Hi Laureen,

Interesting. Attendance continues to be an issue at Northwestern, but the need is much greater than clean clothes and deodorant. I'm at Northwestern Elementary almost every Wednesday afternoon, joined by three other women, facilitating a program for girls called Brave Hearts that addresses absenteeism by teaching life skills that include self-care and self-esteem. There are also multiple organizations, including My Village Project, involved with the school. They have a robust School Advisory Council. There are various reasons for the absenteeism rate, and one large one is kids having to walk up to 1.5 miles in an unsafe neighborhood. The school called each parent and learned that it was one of the primary reasons. All the other things you mentioned exist and should be addressed too.

Kind regards,

Lynn

Hi Laureen,

Thank you for making us aware of this incredible need. I am not sure if you and other partners are aware that through our volunteer and community engagement hub, we provide an opportunity for individuals and groups to complete virtual "Do-It-Yourself" projects, which includes kits such as hygiene and snacks. We get quite a few volunteers who sign up for those options throughout the year and usually distribute the kits through our Full Service Schools resource centers or other partners when we know of a need.

I will ask my team if we have recently received any hygiene kits that we can supply right away. I will also contact the FSS resource center that supports that neighborhood, which is the Ribault site to make the Coordinator aware of this critical need as well to get some support there.

Good morning JTC members,
I just received this list from the truancy officers who are trying to find out why at any given time 40-60% of the kids at Northwestern are not showing up to school – they lack basic hygiene products. The principal now has a washer/dryer to wash kids clothes☹. If there is anything your organization can do to help, please let me know and I will connect you with the principal or the Giving Closet which is housed there.
Thanks, Laureen

Good morning team,

Hope everyone is doing well today.

I wanted to send a quick email to ask, if you were in person last Friday for our JTC meeting, and may have taken any notes, please send to me. You can send me pictures of your notes and/or any documents.

I will combine your notes with Kelli's and then send them out to the group, so everyone has the same information.

If you should have any questions, please let me know. Thank you for your help with this and have a great day!

Hi Laureen,

Thank you for making us aware of this incredible need. I am not sure if you and other partners are aware that through our volunteer and community engagement hub, we provide an opportunity for individuals and groups to complete virtual "Do-It-Yourself" projects, which includes kits such as hygiene and snacks. We get quite a few volunteers who sign up for those options throughout the year and usually distribute the kits through our Full Service Schools resource centers or other partners when we know of a need.

I will ask my team if we have recently received any hygiene kits that we can supply right away. I will also contact the FSS resource center that supports that neighborhood, which is the Ribault site to make the Coordinator aware of this critical need as well to get some support there.

Coretta~

Good Morning Dr. Husband,

Thank you so much for sharing. I shared with my team and we absolutely want to donate. I will reach out to you separately. Also, reminded me of a relevant poem that relates to our work and thought I'd share. Happy Thursday everyone ♡

'Cause I Ain't Got a Pencil
I woke myself up
Because we ain't got an alarm clock
Dug in the dirty clothes basket,
Cause ain't nobody washed my uniform
Brushed my hair and teeth in the dark,
Cause the lights ain't on
Even got my baby sister ready,
Cause my mama wasn't home.
Got us both to school on time,
To eat us a good breakfast.
Then when I got to class the teacher fussed
Cause I ain't got no pencil.
By Joshua T. Dickerson

It's wonderful to see the response from so many people and organizations to this call for help.
Let me add that one of our Employee Resource Groups at Baptist has taken this on as their project for the season.
Happy Thanksgiving everyone!

Good morning team,

Hope everyone is doing well today.

I wanted to send a quick email to ask, if you were in person last Friday for our JTC meeting, and may have taken any notes, please send to me. You can send me pictures of your notes

and/or any documents.

I will combine your notes with Kelli's and then send them out to the group, so everyone has the same information.

If you should have any questions, please let me know. Thank you for your help with this and have a great day!

Dear Dr. Husband and partners,

Thank you for your resourcefulness and engagement in support of Northwestern Elementary. I have heard from a few angles about the attendance challenges facing the school and am grateful we are all committed to leveraging our resources and engagement to help in any way we can.

Warm regards,

Rachael

Subject: Northwestern Elementary

Good morning JTC members,
I just received this list from the truancy officers who are trying to find out why at any given time 40-60% of the kids at Northwestern are not showing up to school – they lack basic hygiene products. The principal now has a washer/dryer to wash kids clothes☹. If there is anything your organization can do to help, please let me know and I will connect you with the principal or the Giving Closet which is housed there.
Thanks, Laureen

Hi Lynn,

Can we block your calendar for Tuesday, November 12th from 12-2:30pm at Seasons52? I'll have Sydney put together an invite on Monday for your approval. Paul and I will work on an invite list to include who we have and then share with you and Michael Munz to see how we can have others join us.

Thanks!

I will be sending you an invite formally . I wanted to know if the city wold like to have a table at this event featuring the virtual healthcare access through Telescope(or any thing else you would like to feature). The event will be 11-3. Standard Feed and Seed is helping us produce this, will be family friendly with face painting, a bounce house , food, etc. Planning opening ceremony for 12 noon. Have not heard from Mayor's office , did send form you sent me and got acknowledgement of receipt. Can you find out if she is coming or does she have someone who would speak on her behalf for the City?

I think Paul can do the presentation on Healthlink Jax I can be there to answer any City related questions. The only other initiative we have that this group can share with citizens is 988. I'm happy to share that with your partners because I'm always surprised how many people are unaware of it that work with people who are challenged emotionally.

Good morning JTC members,
We would like to extend an opportunity on the agenda for you to share what is going on with your organization that can support the work of our agency partners. Jessie has already agreed to do that. We were thinking of a short panel presentation (5 -7 minutes) where you can talk about some of the resources or initiatives that you have that partners should know about to help residents especially right now. Please let me know if this is of interest as we finalize the agenda. Thanks, Laureen

Good morning JTC members,

We would like to extend an opportunity on the agenda for you to share what is going on with your organization that can support the work of our agency partners. Jessie has already agreed to do that. We were thinking of a short panel presentation (5 -7 minutes) where you can talk about some of the resources or initiatives that you have that partners should know about to help residents especially right now. Please let me know if this is of interest as we finalize the agenda. Thanks, Laureen

I think Paul can do the presentation on Healthlink Jax I can be there to answer any City related questions. The only other initiative we have that this group can share with citizens is 988. I'm happy to share that with your partners because I'm always surprised how many people are unaware of it that work with people who are challenged emotionally.

Kind regards,

Lynn

Hi Rakshinda,

I hope you have had a nice break! I apologize for not sending the correspondence to the correct address. Though I am disappointed that you will not be able to participate on Monday, but it is completely understandable. I hope that the procedure goes well and we will miss you.

For the rest of the team (Lynn, Paul and Jenny), I have sent a message to Cindy Funkhouser to see if she can participate on the panel. If we cannot find a replacement, we will go with the same questions and I will ask the 4th question generically to Jenny.

Thank you,
Sunil

Hello everyone,

I hope everyone had a restful break with family. Unfortunately, I never received the email confirming the rescheduled dates for December 2nd and 3rd. It seems the emails were sent to our general inbox. When the symposium was originally planned, I had communicated that all correspondence should be sent directly to my personal email.

Since I was unaware of the new dates, I scheduled a medical procedure for Monday, December 2nd, at 11:20 AM. I was away last week for the break and just caught up on my emails, only to realize the symposium is scheduled for Monday. Unfortunately, I cannot reschedule my doctor's appointment as there is no other availability, and this procedure is time-sensitive.

Hi Jenny,

Yes we will be having the same format on December 2nd at 11:15. I will be sending the questions to the group again this week (likely tonight) so everyone is prepared for the panel discussion!

Thank you all and talk to you soon!
Sunil

Hello team!

I hope everyone has been doing well!

I am excited for Monday's International Healthcare Symposium at UNF (December 2nd). Thank you for a being a part of this panel!!

Just a reminder that I am going to start by asking of each of you to introduce yourselves. Then we will go to the topics.

Here are some questions. The first 4 are directed to each of you. The next 5 are open to the group:

#1 to Lynn: Why do you think Healthlink Jax is needed and how will it improve access to care

#2 to Paul: Please describe the process of Healthlink Jax and how it works.

#3 to Jenny: Once a referral is made to Jax Care Connect what happens (patient health

advocate)

#4 to Rakshinda: How do you see Healthlink Jax impacting MASS clinic and the other clinics in the Duval Safety Net Collaborative?

#5 to the group: How are we going to promote Healthlink Jax to the targeted community?

#6 to the group: This is much more than just a program to reduce unnecessary ER visits. There are many other benefits for the uninsured patients who call 904-925-CARE, correct? (wrap around services)

#7 to the group: How do the hospitals benefit from a program like this?

#8 to the group: How does the rest of the community (even the insured) benefit from a program like Healhlink Jax (less occupied ER beds; tax payor savings for uncompensated care).

#9 to the group: This is a perfect example of a public, private and non-profit partnership. Why is it important to have these collaboratives?

Let me know if you have any concerns about these questions!

Thank you and see you all soon!

Happy Thanksgiving!

Sunil

Subject: Re: Questions for panel discussion

Hello team!

I hope everyone has been doing well!

I am excited for Monday's International Healthcare Symposium at UNF (December 2nd). Thank you for a being a part of this panel!!

Just a reminder that I am going to start by asking of each of you to introduce yourselves. Then we will go to the topics.

Here are some questions. The first 4 are directed to each of you. The next 5 are open to the group:

#1 to Lynn: Why do you think Healthlink Jax is needed and how will it improve access to care

#2 to Paul: Please describe the process of Healthlink Jax and how it works.

#3 to Jenny: Once a referral is made to Jax Care Connect what happens (patient health

advocate)

#4 to Rakshinda: How do you see Healthlink Jax impacting MASS clinic and the other clinics in the Duval Safety Net Collaborative?

#5 to the group: How are we going to promote Healthlink Jax to the targeted community?

#6 to the group: This is much more than just a program to reduce unnecessary ER visits. There are many other benefits for the uninsured patients who call 904-925-CARE, correct? (wrap around services)

#7 to the group: How do the hospitals benefit from a program like this?

#8 to the group: How does the rest of the community (even the insured) benefit from a program like Healhlink Jax (less occupied ER beds; tax payor savings for uncompensated care).

#9 to the group: This is a perfect example of a public, private and non-profit partnership. Why is it important to have these collaboratives?

Let me know if you have any concerns about these questions!

Thank you and see you all soon!

Happy Thanksgiving!

Sunil

Hi Rakshinda,

I hope you have had a nice break! I apologize for not sending the correspondence to the correct address. Though I am disappointed that you will not be able to participate on Monday, but it is completely understandable. I hope that the procedure goes well and we will miss you.

For the rest of the team (Lynn, Paul and Jenny), I have sent a message to Cindy Funkhouser to see if she can participate on the panel. If we cannot find a replacement, we will go with the same questions and I will ask the 4th question generically to Jenny.

Thank you,
Sunil

Hello everyone,

I hope everyone had a restful break with family. Unfortunately, I never received the email confirming the rescheduled dates for December 2nd and 3rd. It seems the emails were sent to our general inbox. When the symposium was originally planned, I had communicated that all correspondence should be sent directly to my personal email.

Since I was unaware of the new dates, I scheduled a medical procedure for Monday, December 2nd, at 11:20 AM. I was away last week for the break and just caught up on my emails, only to realize the symposium is scheduled for Monday. Unfortunately, I cannot reschedule my doctor's appointment as there is no other availability, and this procedure is time-sensitive.

Hello team!

I am excited for next week's International Healthcare Symposium at UNF. I am going to start by asking of each of you to introduce yourselves. Then we will go to the topics.

Here are some questions. The first 4 are directed to each of you. The next 5 are open to the group:

#1 to Lynn: Why do you think Healthlink Jax is needed and how will it improve access to care

#2 to Paul: Please describe the process of Healthlink Jax and how it works.

#3 to Jenny: Once a referral is made to Jax Care Connect what happens (patient health advocate)

#4 to Rakshinda: How do you see Healthlink Jax impacting MASS clinic and the other clinics in the Jax Care Connect Safety Net?

#5 to the group: How are we going to promote Healthlink Jax to the targeted community?

#6 to the group: This is much more than just a program to reduce unnecessary ER visits. There are many other benefits for the uninsured patients who call 904-925-CARE, correct? (wrap around services)

#7 to the group: How do the hospitals benefit from a program like this?

#8 to the group: How does the rest of the community (even the insured) benefit from a program like Healhlink Jax (less occupied ER beds; tax payor savings for uncompensated care).

#9 to the group: This is a perfect example of a public, private and non-profit partnership. Why is it important to have these collaboratives?

Thoughts? Please feel free to edit questions and topics and send back to me.

Thanks!

Sunil

Hi Rakshinda,

I hope you have had a nice break! I apologize for not sending the correspondence to the correct address. Though I am disappointed that you will not be able to participate on Monday, but it is completely understandable. I hope that the procedure goes well and we will miss you.

For the rest of the team (Lynn, Paul and Jenny), I have sent a message to Cindy Funkhouser to see if she can participate on the panel. If we cannot find a replacement, we will go with the same questions and I will ask the 4th question generically to Jenny.

Thank you,
Sunil

Hello everyone,

I hope everyone had a restful break with family. Unfortunately, I never received the email confirming the rescheduled dates for December 2nd and 3rd. It seems the emails were sent to our general inbox. When the symposium was originally planned, I had communicated that all correspondence should be sent directly to my personal email.

Since I was unaware of the new dates, I scheduled a medical procedure for Monday, December 2nd, at 11:20 AM. I was away last week for the break and just caught up on my emails, only to realize the symposium is scheduled for Monday. Unfortunately, I cannot reschedule my doctor's appointment as there is no other availability, and this procedure is time-sensitive.

Subject: Questions for panel discussion

Hello team!

I am excited for next week's International Healthcare Symposium at UNF. I am going to start by asking of each of you to introduce yourselves. Then we will go to the topics.

Here are some questions. The first 4 are directed to each of you. The next 5 are open to the group:

#1 to Lynn: Why do you think Healthlink Jax is needed and how will it improve access to care

#2 to Paul: Please describe the process of Healthlink Jax and how it works.

#3 to Jenny: Once a referral is made to Jax Care Connect what happens (patient health advocate)

#4 to Rakshinda: How do you see Healthlink Jax impacting MASS clinic and the other clinics in the Jax Care Connect Safety Net?

#5 to the group: How are we going to promote Healthlink Jax to the targeted community?

#6 to the group: This is much more than just a program to reduce unnecessary ER visits. There are many other benefits for the uninsured patients who call 904-925-CARE, correct? (wrap around services)

#7 to the group: How do the hospitals benefit from a program like this?

#8 to the group: How does the rest of the community (even the insured) benefit from a program like Healhlink Jax (less occupied ER beds; tax payor savings for uncompensated care).

#9 to the group: This is a perfect example of a public, private and non-profit partnership. Why is it important to have these collaboratives?

Thoughts? Please feel free to edit questions and topics and send back to me.

Thanks!

Sunil

Hi Rakshinda,

I hope you have had a nice break! I apologize for not sending the correspondence to the correct address. Though I am disappointed that you will not be able to participate on Monday, but it is completely understandable. I hope that the procedure goes well and we will miss you.

For the rest of the team (Lynn, Paul and Jenny), I have sent a message to Cindy Funkhouser to see if she can participate on the panel. If we cannot find a replacement, we will go with the same questions and I will ask the 4th question generically to Jenny.

Thank you,
Sunil

Hello everyone,

I hope everyone had a restful break with family. Unfortunately, I never received the email confirming the rescheduled dates for December 2nd and 3rd. It seems the emails were sent to our general inbox. When the symposium was originally planned, I had communicated that all correspondence should be sent directly to my personal email.

Since I was unaware of the new dates, I scheduled a medical procedure for Monday, December 2nd, at 11:20 AM. I was away last week for the break and just caught up on my emails, only to realize the symposium is scheduled for Monday. Unfortunately, I cannot reschedule my doctor's appointment as there is no other availability, and this procedure is time-sensitive.

Subject: Questions for panel discussion

Hello team!

I am excited for next week's International Healthcare Symposium at UNF. I am going to start by asking of each of you to introduce yourselves. Then we will go to the topics.

Here are some questions. The first 4 are directed to each of you. The next 5 are open to the group:

#1 to Lynn: Why do you think Healthlink Jax is needed and how will it improve access to care

#2 to Paul: Please describe the process of Healthlink Jax and how it works.

#3 to Jenny: Once a referral is made to Jax Care Connect what happens (patient health advocate)

#4 to Rakshinda: How do you see Healthlink Jax impacting MASS clinic and the other clinics in the Jax Care Connect Safety Net?

#5 to the group: How are we going to promote Healthlink Jax to the targeted community?

#6 to the group: This is much more than just a program to reduce unnecessary ER visits. There are many other benefits for the uninsured patients who call 904-925-CARE, correct? (wrap around services)

#7 to the group: How do the hospitals benefit from a program like this?

#8 to the group: How does the rest of the community (even the insured) benefit from a program like Healhlink Jax (less occupied ER beds; tax payor savings for uncompensated care).

#9 to the group: This is a perfect example of a public, private and non-profit partnership. Why is it important to have these collaboratives?

Thoughts? Please feel free to edit questions and topics and send back to me.

Thanks!
Sunil

Hello everyone,

I hope everyone had a restful break with family. Unfortunately, I never received the email confirming the rescheduled dates for December 2nd and 3rd. It seems the emails were sent to our general inbox. When the symposium was originally planned, I had communicated that all correspondence should be sent directly to my personal email.

Since I was unaware of the new dates, I scheduled a medical procedure for Monday, December 2nd, at 11:20 AM. I was away last week for the break and just caught up on my emails, only to realize the symposium is scheduled for Monday. Unfortunately, I cannot reschedule my doctor's appointment as there is no other availability, and this procedure is time-sensitive.

Hello team!

I hope everyone has been doing well!

I am excited for Monday's International Healthcare Symposium at UNF (December 2nd). Thank you for a being a part of this panel!!

Just a reminder that I am going to start by asking of each of you to introduce yourselves. Then we will go to the topics.

Here are some questions. The first 4 are directed to each of you. The next 5 are open to the group:

#1 to Lynn: Why do you think Healthlink Jax is needed and how will it improve access to care

#2 to Paul: Please describe the process of Healthlink Jax and how it works.

#3 to Jenny: Once a referral is made to Jax Care Connect what happens (patient health advocate)

#4 to Rakshinda: How do you see Healthlink Jax impacting MASS clinic and the other clinics in the Duval Safety Net Collaborative?

#5 to the group: How are we going to promote Healthlink Jax to the targeted community?

#6 to the group: This is much more than just a program to reduce unnecessary ER visits. There are many other benefits for the uninsured patients who call 904-925-CARE, correct? (wrap around services)

#7 to the group: How do the hospitals benefit from a program like this?

#8 to the group: How does the rest of the community (even the insured) benefit from a program like Healhlink Jax (less occupied ER beds; tax payor savings for uncompensated care).

#9 to the group: This is a perfect example of a public, private and non-profit partnership. Why is it important to have these collaboratives?

Let me know if you have any concerns about these questions!

Thank you and see you all soon!

Happy Thanksgiving!

Sunil

Hello everyone,

I hope everyone had a restful break with family. Unfortunately, I never received the email confirming the rescheduled dates for December 2nd and 3rd. It seems the emails were sent to our general inbox. When the symposium was originally planned, I had communicated that all correspondence should be sent directly to my personal email.

Since I was unaware of the new dates, I scheduled a medical procedure for Monday, December 2nd, at 11:20 AM. I was away last week for the break and just caught up on my emails, only to realize the symposium is scheduled for Monday. Unfortunately, I cannot reschedule my doctor's appointment as there is no other availability, and this procedure is time-sensitive.

Hi Jenny,

Great pick up! Yes, the Duval Safety Net Collaborative Clinics.

Thank you!

Sunil

Subject: Questions for panel discussion

Hello team!

I am excited for next week's International Healthcare Symposium at UNF. I am going to start by asking of each of you to introduce yourselves. Then we will go to the topics.

Here are some questions. The first 4 are directed to each of you. The next 5 are open to the group:

#1 to Lynn: Why do you think Healthlink Jax is needed and how will it improve access to care

#2 to Paul: Please describe the process of Healthlink Jax and how it works.

#3 to Jenny: Once a referral is made to Jax Care Connect what happens (patient health advocate)

#4 to Rakshinda: How do you see Healthlink Jax impacting MASS clinic and the other clinics in the Jax Care Connect Safety Net?

#5 to the group: How are we going to promote Healthlink Jax to the targeted community?

#6 to the group: This is much more than just a program to reduce unnecessary ER visits. There are many other benefits for the uninsured patients who call 904-925-CARE, correct? (wrap around services)

#7 to the group: How do the hospitals benefit from a program like this?

#8 to the group: How does the rest of the community (even the insured) benefit from a program like Healhlink Jax (less occupied ER beds; tax payor savings for uncompensated care).

#9 to the group: This is a perfect example of a public, private and non-profit partnership. Why is it important to have these collaboratives?

Thoughts? Please feel free to edit questions and topics and send back to me.

Thanks!
Sunil

Hi there, good questions! Sunil, just a note that it's not the JaxCareConnect Safety Net Clinics, rather Duval Safety Net Collaborative clinics.

Thanks!

This looks great Sunil.

Thank you for sending these out.

I also want to make sure we discuss the existing success of JaxCare Connect and how Healthlink JAX fits into the system that has been working at this for several years now.

Subject: Questions for panel discussion

Hello team!

I am excited for next week's International Healthcare Symposium at UNF. I am going to start by asking of each of you to introduce yourselves. Then we will go to the topics.

Here are some questions. The first 4 are directed to each of you. The next 5 are open to the group:

#1 to Lynn: Why do you think Healthlink Jax is needed and how will it improve access to care

#2 to Paul: Please describe the process of Healthlink Jax and how it works.

#3 to Jenny: Once a referral is made to Jax Care Connect what happens (patient health advocate)

#4 to Rakshinda: How do you see Healthlink Jax impacting MASS clinic and the other clinics in the Jax Care Connect Safety Net?

#5 to the group: How are we going to promote Healthlink Jax to the targeted community?

#6 to the group: This is much more than just a program to reduce unnecessary ER visits. There are many other benefits for the uninsured patients who call 904-925-CARE, correct? (wrap around services)

#7 to the group: How do the hospitals benefit from a program like this?

#8 to the group: How does the rest of the community (even the insured) benefit from a program like Healhlink Jax (less occupied ER beds; tax payor savings for uncompensated care).

#9 to the group: This is a perfect example of a public, private and non-profit partnership. Why is it important to have these collaboratives?

Thoughts? Please feel free to edit questions and topics and send back to me.

Thanks!

Sunil

Good afternoon Jennifer.
Thank you so much for coming by the office to meet with us today. I am excited about working with you and the team to provide help for our community. During the meeting we briefly discussed the Ride United program that provides free rides for people in need through the United Way.
I would like to introduce you to Coretta Hill who is the COO of the United Way of NE Fl and is managing the Ride United program. Erin and I had a meeting with the United Way team this afternoon and they are interested in speaking with you about how you can work together.

Coretta,
Captain Parramore is leading the PATH team which is helping the unhoused population in Jacksonville connect to shelters and other resources. I am sure there is an opportunity for you to help be another resource that they can refer into for people in need.

Thank you both for your partnership.

Hi Coretta,
Nice to meet you virtually as well.
I would love to meet with you and Emma in person. Are you both available morning time on 1/14 or after 2:30 that day?

Thank you,
Capt. Jennifer Parramore

Paul, thank you for the introduction. Dr. Parramore, it's nice to meet you virtually. I would love to schedule a meeting to learn more about your work. Brittny Woodard, our 211 Operations Supervisor, will join us. We can share the process and requirements for RIDE UNITED and look forward to developing a strategic partnership.

My colleague Emma McCabe will get us scheduled. Dr. Parramore are there others from your team you would like to join us?

Thank you again Paul for the connection.

Hi Sharyn,

I have attached our COI and Workers Comp forms for JaxReady Fest to cover Telescope Health/Healthlink JAX.

Let me know if you need anything else.

Thank you!

Hi Dr. Joshi and Lynn,

Wanted to pass along this patient testimonial that Baptist Social Responsibility received about HLJ. Sydney and I are currently putting together a running list of quotes from patients to send over this week.

Great Morning!

I just wanted to share a testimony that was sent to me yesterday evening from a new patient name Vernice Jones about her experience with HealthLink Jax. I ask her if I could share it, and she gave me the "yes".

Hi Dr. Joshi and Lynn,

Wanted to pass along this patient testimonial that Baptist Social Responsibility received about HLJ. Sydney and I are currently putting together a running list of quotes from patients to send over this week.

Great Morning!

I just wanted to share a testimony that was sent to me yesterday evening from a new patient name Vernice Jones about her experience with HealthLink Jax. I ask her if I could share it, and she gave me the "yes".

Good Evening Paul, Jessie and Lynn,
On behalf of Feeding Northeast FL, we want to thank you very much for being panelists at our first ever Agency Partnership Breakfast. As you may have noticed, our partner agencies were very eager to receive more information about the resources you shared. Please share the information you shared this morning so we can forward it to them tomorrow. Again, thank you for being our guests this morning and for your continued partnership!
Sincerely,
Team FNEFL

Happy New Year all.
I know we have talked about creating a common referral system that can be used by multiple organization to connect individuals to healthcare resources in the community. I have been doing some research on the topic and Detroit has set up the Connect4Care™: A Southeastern Michigan Community information exchange (CIE) - United Way for Southeastern Michigan program. There is also the Homepage - CIE San Diego. I think it would be interesting to look deeper into these and see if there is an opportunity to create something similar in Jacksonville.

Dear JTC Health Equity Committee,

As we close out this year, we want to take a moment to express our heartfelt gratitude for your commitment and tireless efforts on the Health Equity Committee. Your dedication to creating healthy change for Jacksonville is truly inspiring.

Balancing the demands of full-time work and personal responsibilities is no small feat, and yet you have consistently shown up, bringing your expertise, passion, and energy to this important mission. Your contributions have been invaluable in moving us closer to our 2024 and 2025 goals, paving the way for the transformative outcomes we aim to achieve by 2035.

Thank you for believing in this work and for being such an integral part of this journey. It's just the beginning! We are honored to serve alongside such a talented and committed group of individuals. We look forward to all that we will accomplish together in the year ahead.

Wishing you and your loved ones a joyful holiday season and a prosperous new year.

Good Evening Paul, Jessie and Lynn,
On behalf of Feeding Northeast FL, we want to thank you very much for being panelists at our first ever Agency Partnership Breakfast. As you may have noticed, our partner agencies were very eager to receive more information about the resources you shared. Please share the information you shared this morning so we can forward it to them tomorrow. Again, thank you for being our guests this morning and for your continued partnership!
Sincerely,
Team FNEFL

Hello Dr. Husband,

Thank you for the opportunity to speak- it was a great opportunity to inform our local community partners on some resources and also to see some of the wonderful people I have been working with over the last year Please feel free to share below:

The First Coast American Heart Association is addressing nutrition insecurity with our pantries in Baker, Clay, Duval, Nassau and St. John's counties. When possible we donate commercial refrigeration and other pantry equipment to support pantries' capacity to store and provide the healthier food options. We also work with pantries to set up small blood pressure hubs so that clients have increased access to blood pressure screening and free healthcare resources for our local safety net clinics through JaxCareConnect. Additionally, we can also work with pantries to provide health education via our local healthcare partners and their providers.

We are currently looking to support faith-based organizations, as well as community centers within Duval's Health Zone One (32202, 32204, 32206, 32208, 32209, and 32254), and our more rural communities in Nassau, Baker, and Clay counties to address historic CPR and cardiac arrest survival disparities amongst our communities of color, and out low-income and rural community members. If your organization is in need of AED/CPR certification support, or pantry support please reach out to Jessie Roush, Vice President of Health Strategies, at jessie.roush@heart.org. Even if your organization does not fall into one of the aforementioned categories it may be possible for us to support you.

Kind regards,

Jessie Roush, MPH

Happy New Year all.
I know we have talked about creating a common referral system that can be used by multiple organization to connect individuals to healthcare resources in the community. I have been doing some research on the topic and Detroit has set up the Connect4Care™: A Southeastern Michigan Community information exchange (CIE) - United Way for Southeastern Michigan program. There is also the Homepage - CIE San Diego. I think it would be interesting to look deeper into these and see if there is an opportunity to create something similar in Jacksonville.

Dear JTC Health Equity Committee,

As we close out this year, we want to take a moment to express our heartfelt gratitude for your commitment and tireless efforts on the Health Equity Committee. Your dedication to creating healthy change for Jacksonville is truly inspiring.

Balancing the demands of full-time work and personal responsibilities is no small feat, and yet you have consistently shown up, bringing your expertise, passion, and energy to this important mission. Your contributions have been invaluable in moving us closer to our 2024 and 2025 goals, paving the way for the transformative outcomes we aim to achieve by 2035.

Thank you for believing in this work and for being such an integral part of this journey. It's just the beginning! We are honored to serve alongside such a talented and committed group of individuals. We look forward to all that we will accomplish together in the year ahead.

Wishing you and your loved ones a joyful holiday season and a prosperous new year.

Good morning Paul,

The materials you sent will work nicely. IT is working to get them added to Epic so that we can include them in the applicable patient's After Visit Summary.

I am working with the TCC team to determine the best mechanism for your team to route established TCC patients back to us. I'll share more info once I have it.

I'll also get a meeting set up for you to share Telescope's offerings with our Case Management leadership and Post-acute Director. Who should I have my EA work with to schedule?

Have a great day!

Chirag

CAUTION! This email came from outside of the UF and UF Health networks. Exercise extra caution clicking links and opening attachments from any and all senders.

Good afternoon Chirag.
I just wanted to follow-up and make sure the documents I sent over are sufficient for your care transitions team. We would love to have the opportunity to speak to any of the leaders of that team or anyone else from the UF Health team that needs to hear about the program. I would also like to be able to connect with the Total Care Clinic team to ensure that we get the appropriate patients sent to, or back to, the TCC in a way that fits into their current workflows. It would be good for Janice and our patient services team to understand the referral process so that we integrate as seamlessly as possible.

Thank you again for reaching out and we are here to assist in any way we can.

Have a great evening.

Good morning,

UF Health Jacksonville would like to add Telescope to the available resources offered to unfunded patients without immediate ambulatory healthcare access that are seen at our facilities. After extensive internal workflow examination, in order to best align with existing practices that leverage our care transitions personnel's face-to-face interactions with patients, we plan to incorporate sharing of Telescope's offerings to said patients. Please provide informational pamphlets that can be distributed and reviewed with patients who would benefit from Telescope's service.

UF Health Jacksonville has a long history of providing healthcare for all patients regardless of socio-economic status. We are glad to have a partner in Telescope helping expand the positive impact we can have on their lives.

Thank you

Chirag

Ann-Marie, Patrick and Dr. Patel.
Thank you for taking the time to meet with us again about the potential partnership between Healthlink JAX and UF Health. I know there are still some internal questions and workflow discussions that you are looking at right now. I am here to assist you if you have any questions

now about our processes or how we integrate within the existing safety net clinics. We are excited to help address access to care barriers that people in our community face. I know that working collaboratively with all of the healthcare access points, we will be able to make a difference.

We look forward to partnering with you whenever you are ready.

Stay dry and have a great rest of your week.

Amanda, The pleasure was all mine! It was delightful meeting you. I appreciate the opportunity to learn more about your work at Nemours and look forward to you sharing the PATH program with our next Mental Health Committee meeting on December 16.

I want to e-introduce you to Paul Sapia, Chief Population Health Officer for Telescope Health. He is introducing people all over Duval County to Healthlink Jax and would happily schedule a time to share it with your team.

Paul, Amanda Lochrie is Chief of the Psychology Division at Nemours Children's Clinic. After sharing Healthlink Jax with her, she knows this is important information for her team of mental health counselors and psychologists to have.

Kind regards,

Lynn

My sincerest thank you for meeting with me today. I truly enjoyed meeting with you and learning about the important work that is happening in our city led by someone with such amazing experience and background in working with families in our medical system and community.

I wanted to share our annual report we published last summer with our initial data from our PATH program.

Looking forward to joining the mental health committee and getting to know key team players in this area and expanding our partnership with the COJ Mayor's office.

Sincerely,
Amanda

Good afternoon Chirag.
I just wanted to follow-up and make sure the documents I sent over are sufficient for your care transitions team. We would love to have the opportunity to speak to any of the leaders of that team or anyone else from the UF Health team that needs to hear about the program. I would also like to be able to connect with the Total Care Clinic team to ensure that we get the appropriate patients sent to, or back to, the TCC in a way that fits into their current workflows. It would be good for Janice and our patient services team to understand the referral process so that we integrate as seamlessly as possible.

Thank you again for reaching out and we are here to assist in any way we can.

Have a great evening.

Good morning,

UF Health Jacksonville would like to add Telescope to the available resources offered to unfunded patients without immediate ambulatory healthcare access that are seen at our facilities. After extensive internal workflow examination, in order to best align with existing practices that leverage our care transitions personnel's face-to-face interactions with patients, we plan to incorporate sharing of Telescope's offerings to said patients. Please provide informational pamphlets that can be distributed and reviewed with patients who would benefit from Telescope's service.

UF Health Jacksonville has a long history of providing healthcare for all patients regardless of socio-economic status. We are glad to have a partner in Telescope helping expand the positive impact we can have on their lives.

Thank you

Thank you all for your willingness to collaborate in helping ensure HealthLink Jax is a success. Ultimately we all share the same goal of providing high level preventative care to all citizens of Duval county, regardless of socio-economic status. In the process we will improve our region's health outcomes!

I am proud to call each of you colleagues.

Talk to you all soon!
Sunil

Good morning,

UF Health Jacksonville would like to add Telescope to the available resources offered to unfunded patients without immediate ambulatory healthcare access that are seen at our facilities. After extensive internal workflow examination, in order to best align with existing practices that leverage our care transitions personnel's face-to-face interactions with patients, we plan to incorporate sharing of Telescope's offerings to said patients. Please provide informational pamphlets that can be distributed and reviewed with patients who would benefit from Telescope's service.

UF Health Jacksonville has a long history of providing healthcare for all patients regardless of socio-economic status. We are glad to have a partner in Telescope helping expand the positive impact we can have on their lives.

Thank you

Chirag

Ann-Marie, Patrick and Dr. Patel.
Thank you for taking the time to meet with us again about the potential partnership between Healthlink JAX and UF Health. I know there are still some internal questions and workflow discussions that you are looking at right now. I am here to assist you if you have any questions now about our processes or how we integrate within the existing safety net clinics. We are excited to help address access to care barriers that people in our community face. I know that working collaboratively with all of the healthcare access points, we will be able to make a difference.

We look forward to partnering with you whenever you are ready.

Stay dry and have a great rest of your week.

Hello everyone,
Pleasure to meet the team and excited to partner for the City's initiatives. How can I assist with any ask on the project?

Chirag, Alyssa and I can work with your EA on any scheduling needs/next steps. We would like to send over a basic NDA/BAA; whom should we send this to?

Kind regards,

Ashley

Good morning Paul,

The materials you sent will work nicely. IT is working to get them added to Epic so that we can include them in the applicable patient's After Visit Summary.

I am working with the TCC team to determine the best mechanism for your team to route established TCC patients back to us. I'll share more info once I have it.

I'll also get a meeting set up for you to share Telescope's offerings with our Case Management leadership and Post-acute Director. Who should I have my EA work with to schedule?

Have a great day!

Chirag

Good afternoon Chirag.
I just wanted to follow-up and make sure the documents I sent over are sufficient for your care transitions team. We would love to have the opportunity to speak to any of the leaders of that team or anyone else from the UF Health team that needs to hear about the program. I would also like to be able to connect with the Total Care Clinic team to ensure that we get the appropriate patients sent to, or back to, the TCC in a way that fits into their current workflows. It would be good for Janice and our patient services team to understand the referral process so that we integrate as seamlessly as possible.

Thank you again for reaching out and we are here to assist in any way we can.

Have a great evening.

Ann-Marie, Patrick and Dr. Patel.
Thank you for taking the time to meet with us again about the potential partnership between Healthlink JAX and UF Health. I know there are still some internal questions and workflow discussions that you are looking at right now. I am here to assist you if you have any questions now about our processes or how we integrate within the existing safety net clinics. We are excited to help address access to care barriers that people in our community face. I know that working collaboratively with all of the healthcare access points, we will be able to make a difference.

We look forward to partnering with you whenever you are ready.

Stay dry and have a great rest of your week.

Good morning Paul,

The materials you sent will work nicely. IT is working to get them added to Epic so that we can include them in the applicable patient's After Visit Summary.

I am working with the TCC team to determine the best mechanism for your team to route established TCC patients back to us. I'll share more info once I have it.

I'll also get a meeting set up for you to share Telescope's offerings with our Case Management leadership and Post-acute Director. Who should I have my EA work with to schedule?

Have a great day!

Chirag

Good afternoon Chirag.
I just wanted to follow-up and make sure the documents I sent over are sufficient for your care transitions team. We would love to have the opportunity to speak to any of the leaders of that team or anyone else from the UF Health team that needs to hear about the program. I would also like to be able to connect with the Total Care Clinic team to ensure that we get the appropriate patients sent to, or back to, the TCC in a way that fits into their current workflows. It would be good for Janice and our patient services team to understand the referral process so that we integrate as seamlessly as possible.

Thank you again for reaching out and we are here to assist in any way we can.

Have a great evening.

Good morning,

UF Health Jacksonville would like to add Telescope to the available resources offered to unfunded patients without immediate ambulatory healthcare access that are seen at our facilities. After extensive internal workflow examination, in order to best align with existing practices that leverage our care transitions personnel's face-to-face interactions with patients, we plan to incorporate sharing of Telescope's offerings to said patients. Please provide informational pamphlets that can be distributed and reviewed with patients who would benefit from Telescope's service.

UF Health Jacksonville has a long history of providing healthcare for all patients regardless of socio-economic status. We are glad to have a partner in Telescope helping expand the positive impact we can have on their lives.

Thank you

Chirag

Good morning,

UF Health Jacksonville would like to add Telescope to the available resources offered to unfunded patients without immediate ambulatory healthcare access that are seen at our facilities. After

extensive internal workflow examination, in order to best align with existing practices that leverage our care transitions personnel's face-to-face interactions with patients, we plan to incorporate sharing of Telescope's offerings to said patients. Please provide informational pamphlets that can be distributed and reviewed with patients who would benefit from Telescope's service.

UF Health Jacksonville has a long history of providing healthcare for all patients regardless of socio-economic status. We are glad to have a partner in Telescope helping expand the positive impact we can have on their lives.

Thank you

Chirag

Ann-Marie, Patrick and Dr. Patel.
Thank you for taking the time to meet with us again about the potential partnership between Healthlink JAX and UF Health. I know there are still some internal questions and workflow discussions that you are looking at right now. I am here to assist you if you have any questions now about our processes or how we integrate within the existing safety net clinics. We are excited to help address access to care barriers that people in our community face. I know that working collaboratively with all of the healthcare access points, we will be able to make a difference.

We look forward to partnering with you whenever you are ready.

Stay dry and have a great rest of your week.

Chirag.
We are glad to be a part of the services offered to your patients. I have attached some of the informational documents for you to share and I have copied our Chief Marketing Officer in on the email to see if there are additional needs. We have postcard sized documents, business cards and can also provide information to you in case the team wants to do an email or text outreach post discharge or preventatively to frequent visitors to the ED.
I have also looped in Janice Ramirez who is our Operations leader and co-medical director. She will be able to assist with setting next steps with your case management/social work team to ensure that they understand the processes and we can work within their work flows to minimize any challenges.

Thank you for the email and we look forward to working with you and your team. Please let us know if there are others that you would like us to meet with to educate them on the program.

Ann-Marie, Patrick and Dr. Patel.
Thank you for taking the time to meet with us again about the potential partnership between Healthlink JAX and UF Health. I know there are still some internal questions and workflow discussions that you are looking at right now. I am here to assist you if you have any questions now about our processes or how we integrate within the existing safety net clinics. We are excited to help address access to care barriers that people in our community face. I know that working collaboratively with all of the healthcare access points, we will be able to make a difference.

We look forward to partnering with you whenever you are ready.

Stay dry and have a great rest of your week.

Good morning,

UF Health Jacksonville would like to add Telescope to the available resources offered to unfunded patients without immediate ambulatory healthcare access that are seen at our facilities. After extensive internal workflow examination, in order to best align with existing practices that leverage our care transitions personnel's face-to-face interactions with patients, we plan to incorporate sharing of Telescope's offerings to said patients. Please provide informational pamphlets that can be distributed and reviewed with patients who would benefit from Telescope's service.

UF Health Jacksonville has a long history of providing healthcare for all patients regardless of socio-economic status. We are glad to have a partner in Telescope helping expand the positive impact we can have on their lives.

Thank you

Chirag

Good morning Paul,

The materials you sent will work nicely. IT is working to get them added to Epic so that we can include them in the applicable patient's After Visit Summary.

I am working with the TCC team to determine the best mechanism for your team to route established TCC patients back to us. I'll share more info once I have it.

I'll also get a meeting set up for you to share Telescope's offerings with our Case Management leadership and Post-acute Director. Who should I have my EA work with to schedule?

Have a great day!

Chirag

CAUTION! This email came from outside of the UF and UF Health networks. Exercise extra caution clicking links and opening attachments from any and all senders.

Good afternoon Chirag.
I just wanted to follow-up and make sure the documents I sent over are sufficient for your care transitions team. We would love to have the opportunity to speak to any of the leaders of that team or anyone else from the UF Health team that needs to hear about the program. I would also like to be able to connect with the Total Care Clinic team to ensure that we get the appropriate patients sent to, or back to, the TCC in a way that fits into their current workflows. It would be good for Janice and our patient services team to understand the referral process so that we integrate as seamlessly as possible.

Thank you again for reaching out and we are here to assist in any way we can.

Have a great evening.

Amanda, The pleasure was all mine! It was delightful meeting you. I appreciate the opportunity to learn more about your work at Nemours and look forward to you sharing the PATH program with our next Mental Health Committee meeting on December 16.

I want to e-introduce you to Paul Sapia, Chief Population Health Officer for Telescope Health. He is introducing people all over Duval County to Healthlink Jax and would happily schedule a time to share it with your team.

Paul, Amanda Lochrie is Chief of the Psychology Division at Nemours Children's Clinic. After sharing Healthlink Jax with her, she knows this is important information for her team of mental health counselors and psychologists to have.

Kind regards,

Lynn

My sincerest thank you for meeting with me today. I truly enjoyed meeting with you and learning about the important work that is happening in our city led by someone with such amazing experience and background in working with families in our medical system and community.

I wanted to share our annual report we published last summer with our initial data from our PATH program.

Looking forward to joining the mental health committee and getting to know key team players in this area and expanding our partnership with the COJ Mayor's office.

Sincerely,
Amanda

Good morning HealthLink Jax team:

Please see the email and attachment from Angela Strain regarding an upcoming Mental

Health Fair OutEast. This may be an opportunity for HealthLink Jax to get some exposure with a community that is typically underserved.

Thanks so much!
Sunil

All,

Thank you for your time and explanation of the program. I am looping in my CFO, Drew Hartmann (Andrew.Hartmann@hcahealthcare.com and cc'd), who I believe you, Matt, met not too long ago and who oversees our Case Management team. Drew and I have had the opportunity to chat and he will take the lead going forward to see how we can best align.

Thanks

Reed

Good afternoon Reed.
Thank you again for your time this afternoon.
Here is some of the basic information about the Healthlink JAX program along with the City landing page. This should be a good start on giving you some information to share with your team and leaders to get the partnership moving forward.

We appreciate your willingness to be a part of the work and I am sure it will be beneficial to all of us.

Have a great rest of your week and open to having further discussions at your convenience.

Hello all,
This is a reminder that we will meet at Hicks Hall this Wednesday, 1/15 at 12 pm.
Since this is a lunch meeting, I thought it would be good for us to meet at the cafeteria next to the Meals on Wings kitchen.
The address for Hicks Hall is 4892 First Coast Tech Pkwy.
When you get into the building, go towards the left until you find the stairs to go to the second floor. The entrance to the cafeteria is adjacent to the stairs.
Lastly, the parking code is 279GFR. Please use this code at the parking kiosk found at the entrance of the building, otherwise you may get a ticket.
Agenda attached.
Looking forward to seeing you all.

Good afternoon Jennifer.
Thank you so much for coming by the office to meet with us today. I am excited about working with you and the team to provide help for our community. During the meeting we briefly discussed the Ride United program that provides free rides for people in need through the United Way.
I would like to introduce you to Coretta Hill who is the COO of the United Way of NE Fl and is managing the Ride United program. Erin and I had a meeting with the United Way team this afternoon and they are interested in speaking with you about how you can work together.

Coretta,
Captain Parramore is leading the PATH team which is helping the unhoused population in Jacksonville connect to shelters and other resources. I am sure there is an opportunity for you to help be another resource that they can refer into for people in need.

Thank you both for your partnership.

Dear Safety Net Clinic Leaders,

We recognize the challenges that safety net clinics face in providing care to our most vulnerable communities—challenges that have only intensified with the recent executive orders. Many patients may be fearful of seeking medical care due to concerns about immigration status and potential deportation. In these uncertain times, it is critical that we work together to ensure that all individuals, regardless of their circumstances, have access to the healthcare they need.

As an immediate solution, we are reaching out to the leaders of all our safety net organizations to encourage you to offer **HealthLink Jax** as an immediate interim virtual visit solution for your patients who are reluctant to come to clinic sites. As you know, HealthLink Jax is a valuable resource designed to connect uninsured and underinsured individuals to essential healthcare services, including primary care, specialty care, behavioral health, and social support services. HealthLink Jax can help remove barriers to care, ensuring that patients receive the services they need twenty-four hours a day in a safe and supportive environment.

Attached you will find collateral in English and Spanish again for your convenience. Together, we can continue to provide compassionate, equitable care to all members of our community.

Let us know if you have any questions.

On behalf of Mayor Deegan's Health Team and the Jacksonville Transformation Coalition Health Workgroup, thank you!

Lynn

As an immediate solution, we are reaching out to the leaders of all our safety net organizations to encourage you to offer **HealthLink Jax** as an immediate interim virtual visit solution for your patients who are reluctant to come to clinic sites. As you know, HealthLink Jax is a valuable resource designed to connect uninsured and underinsured individuals to essential healthcare services, including primary care, specialty care, behavioral health, and social support services. HealthLink Jax can help remove barriers to care, ensuring that patients receive the services they need twenty-four hours a day in a safe and supportive environment.

Attached you will find collateral in English and Spanish again for your convenience. Together, we can continue to provide compassionate, equitable care to all members of our community.

Let us know if you have any questions.

On behalf of Mayor Deegan's Health Team and the Jacksonville Transformation Coalition Health Workgroup, thank you!

Lynn

Hi All,

Thank you for joining us yesterday at the Healthlink JAX lunch and taking part in this important conversation on improving healthcare access for uninsured residents in our community. We are grateful for your time, insights, and commitment to supporting this new City of Jacksonville health initiative.

To keep the momentum going, we invite you to complete a brief survey using the link below. Your responses will help us understand your needs for program materials, address any additional questions, and discuss ways you can help spread the word about Healthlink JAX. Please feel free to forward this link to others in your organization who may also have valuable input.

Healthlink JAX Survey

Healthlink JAX Website & Marketing Materials

If you scroll to the bottom of the page you can see all the additional materials, you can download to print including our main flyer in English and Spanish along with social media pieces. I have also attached a flyer that we have geared towards men and our easy 1-2-3 Step image.

Healthlink JAX Website

Thank you again for your partnership in making Jacksonville a healthier place. Together we can

reach more people in need and ensure they have access to the care they deserve.

Dear JTC Health Equity Committee,

As we close out this year, we want to take a moment to express our heartfelt gratitude for your commitment and tireless efforts on the Health Equity Committee. Your dedication to creating healthy change for Jacksonville is truly inspiring.

Balancing the demands of full-time work and personal responsibilities is no small feat, and yet you have consistently shown up, bringing your expertise, passion, and energy to this important mission. Your contributions have been invaluable in moving us closer to our 2024 and 2025 goals, paving the way for the transformative outcomes we aim to achieve by 2035.

Thank you for believing in this work and for being such an integral part of this journey. It's just the beginning! We are honored to serve alongside such a talented and committed group of individuals. We look forward to all that we will accomplish together in the year ahead.

Wishing you and your loved ones a joyful holiday season and a prosperous new year.

Good Evening Paul, Jessie and Lynn,
On behalf of Feeding Northeast FL, we want to thank you very much for being panelists at our first ever Agency Partnership Breakfast. As you may have noticed, our partner agencies were very eager to receive more information about the resources you shared. Please share the information you shared this morning so we can forward it to them tomorrow. Again, thank you for being our guests this morning and for your continued partnership!
Sincerely,
Team FNEFL
