INDEPENDENT AUDITORS' REPORT

The Honorable Mayor and Members of the City Council
City of Jacksonville, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the City of Jacksonville, Florida (the "City"), as of and for the year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of JEA, which represents approximately 83%, 80%, and 85%, respectively, of the assets, net position, and revenues of the aggregate discretely presented component units. We also did not audit the financial statements of Jacksonville Transportation Authority which represents approximately 7%, 8%, and 10%, respectively, of the assets, net position, and revenues of the aggregate discretely presented component units. We also did not audit the financial statements of Jacksonville Port Authority, which represents approximately 10%, 12%, and 5%, respectively, of the assets, net position, and revenues of the aggregate discretely presented component units. Those statements were audited by other auditors whose reports have been furnished to us, and our opinion insofar as it relates to the amounts included for JEA, Jacksonville Transportation Authority and Jacksonville Port Authority, is based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the City, as of September 30, 2021, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that management's discussion and analysis, the schedule of revenue, expenditures and changes in fund balance – budget and actual (budgetary basis) – general fund, and other postemployment benefits and pension schedules as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The schedules of expenditures of federal awards and expenditures of state financial assistance, which are required by the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles,*

and Audit Requirements for Federal Awards (Uniform Guidance) and Chapter 10.550, Rules of the Auditor General, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The schedules of expenditures of federal awards and expenditures of state financial assistance are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and the other auditors. In our opinion, based on our audit and the reports of the other auditors, the schedules of expenditures of federal awards and expenditures of state financial assistance are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 29, 2022, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. That report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Honorable Mayor and Members of the City Council
City of Jacksonville, Florida

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Jacksonville, Florida (the "City") as of and for the year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated December 29, 2022. Our report includes a reference to other auditors who audited the financial statements of JEA, Jacksonville Transportation Authority and Jacksonville Port Authority, as described in our report on the City's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may

exist that have not been identified. We did identify certain deficiencies in internal control described in the accompanying *Schedule of Findings and Questioned Costs* as items 2021-001, 2021-002, and 2021-003 that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

City's Response to Findings

The City's response to the findings identified in our audit is described in the accompanying *Schedule of Findings and Questioned Costs*. The City's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**MANAGEMENT'S DISCUSSION
AND ANALYSIS**

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

The City of Jacksonville's discussion and analysis is designed to provide an objective and easy to read overview of the City's financial activities focusing on significant financial issues, as well as identifying material deviations from the financial plan (the approved budget), changes in the City's financial position (its ability to address the next and subsequent year challenges), and individual fund issues or concerns.

The Management's Discussion and Analysis (MD&A) is designed to focus on the current year's activities, resulting changes and currently known facts. The information contained within this MD&A should be considered only as a part of the City's Annual Comprehensive Financial Report (ACFR).

Financial Highlights

- The City's General Fund operations had total revenues of \$1.4 billion in fiscal year 2021.
- Due primarily to rising home values and new construction, property tax revenues in the General Fund experienced a \$52.8 million, 7.6% increase. There were also increases in revenues related to intergovernmental revenues, charges for services and other revenues.
- Decreases in revenues in the General Fund included \$11.8 million for Interest earnings on short term cash and \$1.0 million for Utility and Communications service taxes.
- General Fund total increase in revenues was \$83.4 million in fiscal year 2021.
- General Fund total expenses decreased by \$17.3 million, 1.4%, primarily due to decreased spending in General Government and Human Services, while Public Safety spending increased.
- Total citywide governmental activities revenues decreased by \$52.4 million in fiscal year 2021, a 2.5% decrease from fiscal year 2020.
- Total citywide governmental activity expenses decreased \$46.8 million in fiscal year 2021, a 2.2% decrease from fiscal year 2020.

Additional information that explains these financial highlights may be found on following pages of this report.

City Highlights

Fiscal Year 2021 had a number of positive outcomes. Some of the impacts and improvements were as follows:

- The City implemented a new Enterprise-wide Resource Planning system on March 1st, 2020. Three weeks later, we were challenged with federal and state stay-at-home orders and the need to protect our employees and citizens from the impacts of the COVID-19 pandemic. This pandemic created difficulties in migrating business practices to the new system and led to delays in closing the fiscal year 2020. Those challenges continued into FY 2021, however substantial progress has been made. We are proud of the work our employees have done to continue through this difficult time, with nearly-all employees having been called back to full-time work in the office much sooner than employees in other industries who continued to work remotely.
- In addition to the swiftly implemented and administered CARES Act programs from FY 2020 which positively impacted the financial well-being of our citizens, we designed use of the first \$171 million tranche ARPA Funds to bolster the strength of the local government, address some of our community's pressing needs, and shore up financial impacts resulting from the pandemic. While some funding was allocated to recurring items, our primary focus was on one-time needs. Among the many items we addressed in with the first tranche some of the most notable were as follows: \$50 million to septic tank phaseout, \$31 million for premium payments and a part of the raises to government employees, \$10.2 million for economic assistance to our municipalities and Port, and several million each for aid to affordable housing providers, our special events venues, and materials and supplies for public health and safety. As with last year's recognition of the hard work of our employees to implement the very positively impactful CARES Act programs, we again would like to recognize the efforts of our employees to administer the ARPA funding in an efficient and positively impactful way for our citizens and their government.

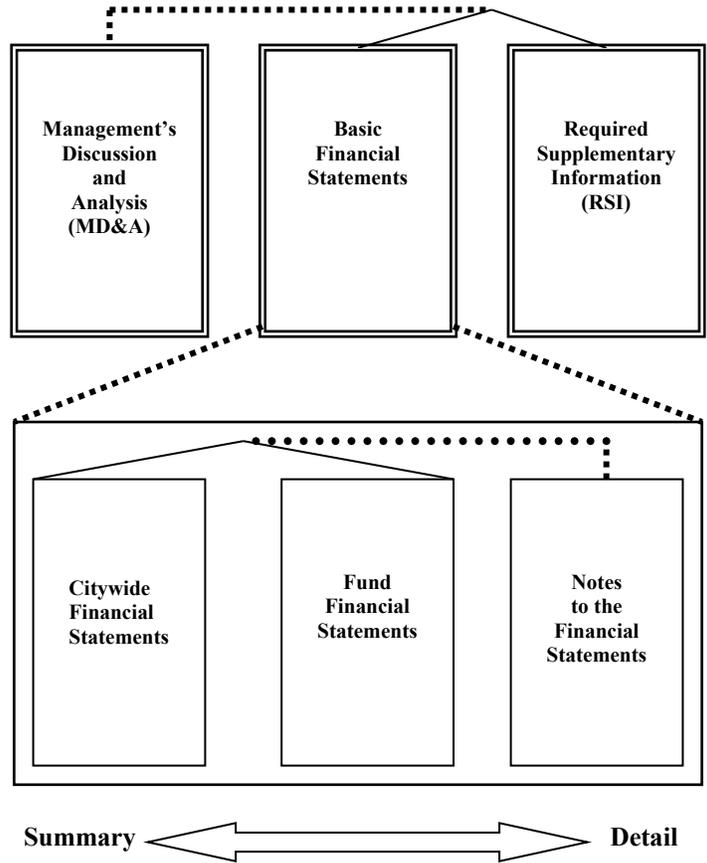

- In an effort to continue to improve the safety of our citizens, we broke ground on two new fire stations, onboarded three new classes of firefighters, and made further progress modernizing our fleet of first-responder vehicles.
- We approved 14 economic development projects that will result in a projected 1,716 jobs and approximately \$449 million in new private capital investments. Two projects are located in Northwest Jacksonville.
- We allocated an additional \$200,000 to the Facade Renovation Grant Program to assist businesses in economically distressed areas. As of FYE 21, 55 projects were complete and over \$300,000 was disbursed for the program.
- The Jacksonville Film & Television Office permitted 73 film, television and digital media productions that resulted in 1,065 hirings and nearly \$2 million direct economic impact.
- We approved four Septic Tank and Sewer Connection Grant agreements, allowing small businesses in Northwest Jacksonville to repair/replace failing septic systems or connect to JEA sanitary sewer service. As of FYE 21, eight projects were complete and approximately \$277,425 was disbursed for the program.
- In Fiscal Year 2021, part of the approved financial request for the COPS Grant was allocated to the funding of the Co-Responder Program. This program partners a police officer with a licensed mental health professional who respond together on calls for service involving mental health and homeless population issues. This grant added an additional 40 Police Officer positions to the streets of Jacksonville.
- The Jacksonville Sheriff's secured and began the agency-wide rollout of the TASER 7®. This tool is used for officer and citizen safety and provides enhanced capabilities compared to the previous model issued to officers. Additionally, this updated equipment meets compliance regulations and is required due to end of life / warranties of the previously issued equipment. While the project began in 2021, it is anticipated to be ongoing for a minimum of two years as tools are acquired, distributed, and sworn personnel are trained.
- The JSO Aviation Unit responded to approximately 3,000 calls for service and logged roughly 1,600 flight hours. In October 2021, they took delivery of two 2021 Bell 407GX1 aircrafts. The acquisition of the aircrafts will enhance efficiency, safety, aerial assessments during natural disasters and special operation missions. The new aircrafts will also participate in community events such as school tours, youth camp, young aviator meet and greets and other community events. These events allow citizens to have one-on-one interactions with the pilot(s) while observing the aircraft(s).

OVERVIEW OF THE BASIC FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the City of Jacksonville’s basic financial statements. As indicated in the following graphic (Figure A-1), the City’s basic financial statements are comprised of three components: 1) citywide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains supplementary and statistical information in addition to the basic financial statements themselves.

Figure A-1

COMPONENTS OF THE ANNUAL FINANCIAL REPORT

Citywide Basic Financial Statements

The citywide basic financial statements are designed to provide readers with a broad overview of the City of Jacksonville’s finances, in a manner similar to a private-sector business.

The focus of the Statement of Net Position is designed to be similar to bottom line results for the City and its governmental and business-type activities. This statement combines and consolidates governmental funds, current financial resources (short-term spendable resources) with capital assets and long-term obligations. The Statement of Activities distinguishes functions of the City of Jacksonville that are principally supported by taxes and intergovernmental revenues (governmental activities such as: police, fire, public works, recreation, and general administration) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities such as: solid waste, Stormwater, sports complex, motor vehicle and public parking).

Component Units are other governmental units over which the City can exercise influence and/or may be obligated to provide financial subsidy. The City of Jacksonville's component units are as follows: Jacksonville Electric Authority (JEA), Jacksonville Transportation Authority (JTA), Jacksonville Port Authority (JPA), and Jacksonville Housing Finance Authority. Separate financial statements are published by JEA, JTA, and JPA. The focus of the statements is on the primary government and the presentation allows the user to address the relationship with the Component Units.

The two statements (Statement of Net Position and Statement of Activities) demonstrate how the City's net position has changed. Increases or decreases in net position are good indicators of whether the City's financial health is improving or deteriorating over time. Other non-financial factors such as changes in the City's property tax base are important considerations to assess the City's overall financial condition.

Fund Financial Statements

A fund is a grouping of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. Traditional users of governmental financial statements will find the Fund Financial Statements presentation more familiar. The focus is on Major Funds, rather than fund types, which provides detailed information about the most significant funds. The City of Jacksonville, like other state and local governments, uses funds to ensure and demonstrate compliance with financial requirements imposed by law, bond covenants and local administrative and legislative actions. All of the City's funds can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the citywide basic financial statements. However, unlike the citywide basic financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements. Since the focus of governmental funds is narrower than that of the citywide basic financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the citywide basic financial statements. This allows readers to better understand the long-term impact of the government's near-term financing decisions.

Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Governmental fund information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Special Bonded Debt Obligations Fund and Better Jacksonville Plan Special Bonded Debt Obligations Fund, all of which are considered to be major funds. Information from other non-major funds is combined into a single, aggregated presentation.

Proprietary Funds

Proprietary funds provide the same type of information as the business-type activities in the citywide basic financial statements, only in more detail. The proprietary fund financial statements can be found in the Fund Financial Statements section of this report.

The City of Jacksonville maintains two types of proprietary funds.

Enterprise funds are used to report the same functions presented as business-type activities in the citywide basic financial statements. The City uses enterprise funds to report separate information on operations such as Solid Waste Disposal, Stormwater Services and City Venues which are all major funds. The Sports Complex Capital, Motor Vehicle Inspection, Public Parking and Equestrian Center are non-major enterprise funds.

The internal service funds are used to account for activities that provide goods and services to the City's other programs and activities. Since the internal service funds predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the citywide basic financial statements.

Fiduciary Funds

The City of Jacksonville is the trustee, or fiduciary, for trusts such as the City employee's retirement plans. Because of a trust arrangement, these assets can be used only for the trust beneficiaries. The City is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the City of Jacksonville's fiduciary activities are reported in a separate statement of fiduciary net position and a statement of changes in fiduciary net position. These activities are excluded from the citywide basic financial statements because the assets cannot be used to support or finance the City's programs or operations. The Fiduciary Funds Statement of Changes in Net Position can be found in the Fund Financial Statement section of this report.

Notes to the Financial Statements

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the citywide and fund financial statements. The notes can be found as a part of the Basic Financial Statements section of this report.

Other Information

This report additionally includes required supplementary information (RSI) containing budgetary comparisons with related notes and the progress of the City's employee pension obligations and other post-employment obligations.

The combined statements in connection with non-major governmental and enterprise funds, internal service funds, fiduciary funds and non-major component units are presented following the required supplemental information.

Additional statistical information is presented to give report users a better historical perspective and assist in assessing current financial status and trends of the governmental unit.

Economic data is presented to allow a broader understanding of the economic and social environment in which the City government operates.

CITYWIDE FINANCIAL ANALYSIS

The net position may serve over time as a useful indicator of the government's financial position. The City's net position decreased \$43 million due primarily to an increase of \$116 million in the net pension liability and \$209 million in current liabilities, with an offsetting increase of \$258 million in total assets. The negative \$2.6 billion unrestricted net position is primarily due to the \$3.1 billion Net Pension Liability (See Table A-1).

Other Purposes	69,066	51,009	-	-	69,066	51,009
Unrestricted (deficit)	<u>(2,697,696)</u>	<u>(2,377,836)</u>	<u>120,360</u>	<u>115,458</u>	<u>(2,577,336)</u>	<u>(2,262,378)</u>
Total net position	<u>\$ (1,226,148)</u>	<u>\$ (1,179,251)</u>	<u>\$ 371,164</u>	<u>\$ 367,579</u>	<u>\$ (854,984)</u>	<u>(\$ 811,672)</u>

The largest portion of the City's net position reflects its substantial capital assets, net of related debt. This displays the City's commitment to investing in assets that have useful lives in excess of the life of the debt issues used to finance the assets. The net pension liability is expected to increase until FY2030 when an additional dedicated ½ cent sales tax begins to fund the pension liability.

Along with the unfunded pension liability, the negative unrestricted net position in the governmental activities also includes non-asset related debt, which is a liability of the City, issued for various capital projects that belong to other entities.

The City issued non-asset related debt:

- To finance improvements at Shands-Jacksonville – a large regional hospital serving the City's citizens, including its indigent population.
- To finance improvements for both students and the public at Edwards Waters College – an important HBCU located in Downtown Jacksonville.
- To finance dredging of Millers Creek to provide better access for nearby neighborhoods.
- To finance dredging of Wills Branch to relieve drainage and flooding issues.

On the following page, Table A-2 provides a summary comparison of the City's operations for the 2021 and 2020 fiscal year ends.

Governmental activities:

The City's governmental activities revenues decreased \$52.4 million from 2020 to 2021 (see Table A-2) and consists of:

- Property tax revenues reflected a \$56.3 million increase which continues as a clear indication of a strong economy in Jacksonville.
- The \$24.0 million increase in intergovernmental revenues is primarily due to increases in contributions from component units.
- The increase of \$29.2 million in sales and tourist taxes reflects the positive rebound from the pandemic.
- The increase of \$31.9 million in fines & charges for services is due the lessening impact of COVID-19.
- Capital grants/contributions increased by \$12.5 million while another \$14.8 million increase was realized from miscellaneous revenue sources.
- Operating grant/contributions had a decrease of \$179.9 million primarily due to most of CARES Act funding from the U.S. Department of Treasury being recognized in the prior year, while most of the ARPA funding will be recognized in FY22.
- The decrease of \$36.0 million in earnings on investments is a result of poorer performance of the pooled cash investments in fiscal year 2021.

Governmental activities expenses decreased by \$43.0 million in fiscal year 2021 primarily due to the following:

- Public Safety expenses increased by \$48.2 million.
- Transportation expenses increased by \$49.5 million while economic & physical environment expenses decreased by \$51.7 million. Cultural and recreational expenses decreased by \$7.6 million.
- Interest on long term debt decreased by \$15.0 million.
- Human services expenses decreased by \$24.0 million.

Business Type activities:

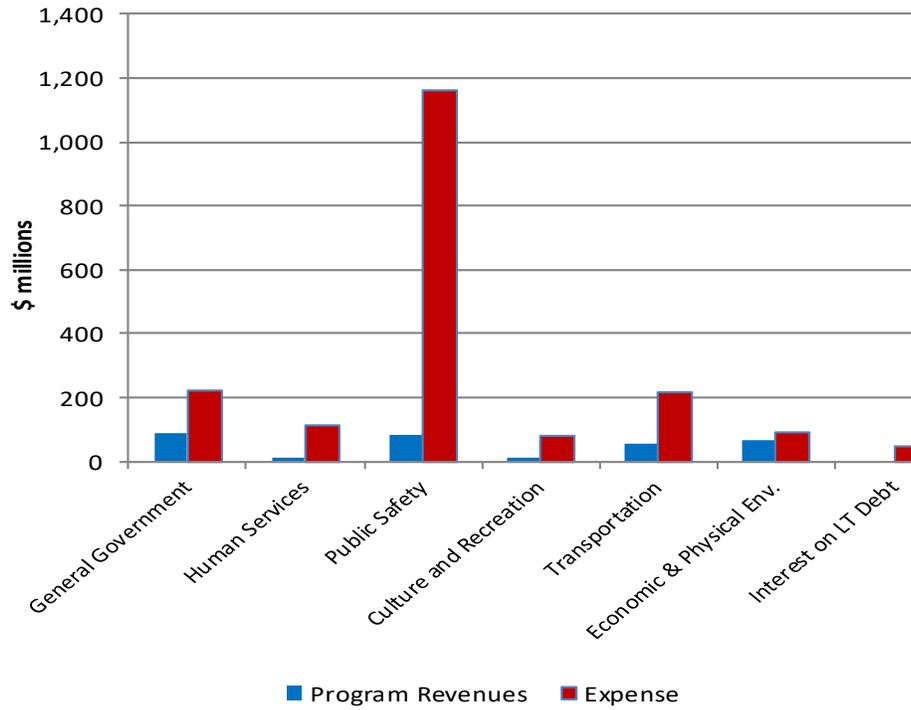

The City's business type revenues decreased \$5.2 million in fiscal year 2021:

- Sales and tourist taxes increased by \$2.3 million.
- Interest earnings decreased \$4.6 million due to poorer performance of pooled cash investments.
- Miscellaneous revenues also decreased by \$2.5 million.

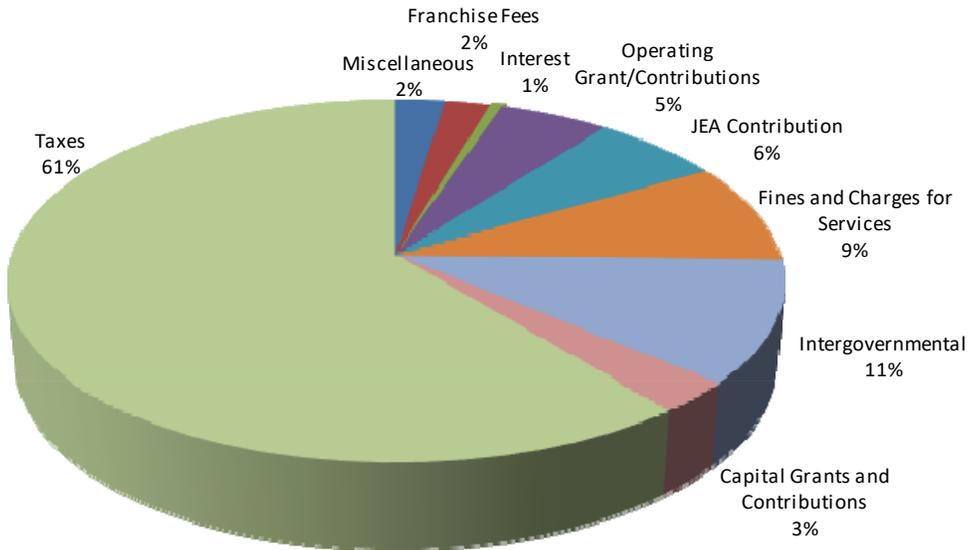

Business type activities total expenses decreased \$3.8 million in fiscal year 2021:

- Expenses increased \$1.3 million in Solid Waste.
- Expenses decreased in the City Venues by \$2.9 million, and in Stormwater Services by \$2.1 million.

FINANCIAL ANALYSIS OF THE CITY GOVERNMENT'S FUNDS

As noted earlier, the City of Jacksonville uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds: The focus of the City's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of fiscal year 2021. The City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

All non-major funds of each governmental fund type with legally adopted annual budgets are included in the Combining Schedule of Revenue, Expenditures, and Changes in Fund Balance – Budget and Actual, which can be found in the Combining Individual Fund Statements and Schedules. The General Fund and Major Special Revenue Fund Schedule of Revenues, Expenditures, and Changes in Fund Balances - Budget and Actual is included as Required Supplementary Information following the Notes to the Financial Statements.

The General Fund is the chief operating fund of the City. At the end of the current fiscal year, the unassigned fund balance of the General Fund was \$266.3 million. The General Fund's total fund balance was \$406.1 million, with \$66.0 million committed by City Council as an emergency reserve. The City's Reserve Policy for the General Fund is covered by Section 106.107 of the City's municipal code. The policy requires that the emergency reserve shall not be used except as initiated by the Mayor through written communication to City Council, explaining the emergency, with subsequent approval by two-thirds votes of all City Council members. The Emergency Reserve can be used to address unanticipated non-reimbursed expenditures arising out of a hurricane, tornado, other major weather-related events, and/or other massive infrastructure failures or disasters, whether man made or caused by nature. Under normal circumstances, the City would first elect to utilize the Operating Reserve before considering use of its Emergency Reserve.

Key factors affecting changes in major funds and fund balance in fiscal year 2021 operations are as follows:

General Fund:

- Property taxes account for 56.1% of the General Fund revenue and increased by \$52.8 million, 7.6% increase over the previous fiscal year. Interest revenue decreased \$11.8 million due to a lower return in fiscal year 2021. General Fund revenues had an overall increase of \$83.3 million and an overall decrease in expenditures of \$17.3 million as compared to fiscal year 2020. The millage rate for the City of Jacksonville remained the same from fiscal year 2020 to 2021 at 11.4419.

Public Safety:

- This fund is used to track emergency incidents. FY2021 was most notable for CARES Act funding and the ARP Act funding. While FEMA has not yet approved obligating funds for COVID-19 Disaster Account funding, we anticipate reimbursement for emergency protective measures. The City has spent \$46.8 million in expenditures for Hurricane Matthew, \$74.2 million for Hurricane Irma and \$6.0 million for Hurricane Dorian; through 9/30/21, the FEMA has reimbursed \$80.6 million. We expect 75% reimbursement for Matthew and Dorian and 90% reimbursement for Irma. The City received \$167.1 million in direct funding from the US Treasury for the CARES Act and had expended \$142.8 million through 9/30/21. The City also received \$171.8 million in direct funding from the US Treasury for SLFRF funding under round one of the American Recovery Plan (ARP) Act and had expended \$10.1 million through 9/30/21. Round 1 was appropriated to a variety of impacted areas and programs as detailed in our submissions to the U.S. Treasury through our required reports. We received another \$171 million in round 2 funding in FY 2022.

Special Bonded Debt – Better Jacksonville Plan Obligations (BJP):

- Bonds payable on BJP Special Bonded Debt Obligations decreased by \$89.5 million in fiscal year 2021 due to refunding activities and year-over-year differences in the amortization schedule. During fiscal year 2021, the City redeemed a total of \$62.7 million in BJP bonds. Interest and other fiscal charges decreased by \$6.6 million due to refunding activities and lower overall outstanding BJP debt.

Special Bonded Debt – Obligations:

- Bonds payable on Special Bonded Debt Obligations decreased by \$28.8 million in fiscal year 2021 due to refunding activities and year-over-year differences in the amortization schedule. Interest and other fiscal charges decreased by \$2.7 million due to refunding activities and lower overall outstanding debt.

Proprietary Funds: The City’s proprietary funds provide the same type of information found in the government-wide business-type activities financial statements, but in more detail. Solid Waste, Storm Water Services and City Venues are reported as major proprietary funds in fiscal year 2021.

General Fund Budgetary Highlights:

- Property tax revenues exceeded budget by \$10.7 million, utility service taxes exceeded budget by \$0.9 million, and community service taxes exceeded budget by \$1.0 million. Interest was under budget by \$2.2 million, fines & forfeitures exceeded budget by \$0.7 million and licenses, and permits and fees were under budget by \$0.2 million. Intergovernmental, and charges for services were over budget a total of \$38.8 million. Total actual revenues for fiscal year 2021 were \$49.7 million over the final budget.
- Total general fund actual expenditures for fiscal year 2021 were \$122.0 million under final budget with \$64.9 million related to the budgeted but unused emergency reserve.
- Additional savings were due to salary and benefit costs and departmental and non-departmental operating cost savings due to the Administration’s strong efforts toward cost reductions.
- Fire & rescue and the office of the sheriff accounted for \$782.2 million of the general fund expenditures, which was 64.6% of the General Fund’s total expenditures.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The City of Jacksonville’s investment in capital assets for its governmental and business-type activities as of September 30, 2021, amounts to \$3.3 billion net of accumulated depreciation. The investment in capital assets includes land, buildings and improvements, furniture and equipment, infrastructure, and construction in progress, other assets include public art and purchased/internally developed software (see Table A-3).

The primary focus was on fleet additions, sports complex improvements and drainage projects in fiscal year 2021. The business type infrastructure decrease was due to the sale of a parking garage.

Additional information on the City of Jacksonville’s capital assets can be found in the Notes to the Financial Statements, Footnote 6 of this report.

Debt Administration

Debt Service Funds account for the accumulation of resources for and the payment of interest and principal on most general governmental obligations. Individual debt service funds are described below.

The Special Bonded Debt Obligations Fund accounts for the accumulation of resources for, and the payment of, principal and interest on the City's special and limited bonded obligations payable solely from and secured by a lien upon and pledge of the revenues under the respective bond ordinances.

The Special Bonded Debt - Better Jacksonville Plan Obligations Fund accounts for the accumulation of resources for and the payment of principal and interest on the City's special bonded obligations payable, which are related to the Better Jacksonville Plan.

The Other Non-Bonded Debt Obligations Fund accounts for the accumulation of resources for and the payment of principal and interest on other non-bonded debt obligations including the U. S. Government Guaranteed Notes Payable (HUD 108 loans).

At the end of fiscal year 2021, the City of Jacksonville had \$2.3 billion in bonds and notes outstanding as shown in Table A-4. Additional information on the City's long-term debt can be found in Notes to the Financial Statements, Note 8, of this report.

New indebtedness of the City of Jacksonville consists of:

Closing Date	Par Amount	Source	Primary Use
Oct. 2020	155,040,000	Transportation Revenue Bonds	Refinancing
Aug. 2021	16,530,000	BJP Special Revenue Bonds	Refinancing
Sep. 2021	97,900,000	Special Revenue Bonds	Project Funding & Refinancing
Sep. 2021	7,300,000	Commercial Paper Notes	Project Funding

On October 29, 2020, the City closed on the sale of \$155.04 million Taxable Transportation Refunding Revenue Bonds, Series 2020. The 2020 bonds have a true interest cost of 1.62%, an average coupon rate of 1.57% with no mandatory sinking schedule and a maturity date of October 1, 2031. The proceeds of the 2020 bonds were used to refund the City's Transportation Revenue Bonds, Series 2012A maturing in years 2023 through 2031. The issuance provided net proceeds of \$155.04 million, which is inclusive of underwriter's discount and cost of issuance totaling \$1.00 million. The refunding of the Taxable Transportation Refunding Revenue Bonds, Series 2020 resulted in net PV savings of \$20.99 million and a decrease in aggregate debt service in the amount of \$35.14 million.

On August 12, 2021, the City closed on a \$16.53 million bank loan referred to as the Better Jacksonville Sales Tax Refunding Revenue Bond, Series 2021. The 2021 loan has a true interest cost of .43%, an average coupon rate of .43% with no mandatory sinking schedule and a maturity date of October 1, 2023. The proceeds of the 2021 loan were used to refund the City's outstanding Better Jacksonville Sales Tax Refunding Revenue Bonds, Series 2011. The agreement provided net proceeds of \$16.53 million, which is inclusive of the cost of issuance totaling \$50k. The refunding of the Better Jacksonville Sales Tax Refunding Revenue Bonds, Series 2011 resulted in net PV savings of \$1.07 million and a decrease in aggregate debt service in the amount of \$1.08 million.

On September 22, 2021, the City closed on the sale of \$97.90 million Special Revenue Bonds, Series 2021A. The 2021A bonds have a true interest cost of 1.92%, an average coupon rate of 4.52% with no mandatory sinking schedule and a maturity date of October 1, 2041. The proceeds of the 2021A bonds were used to finance and refinance the acquisition and construction of certain capital equipment and improvements for the City (\$90.50 million) and to fix out a portion of the City's outstanding commercial paper debt (\$29.80 million). The issuance provided net proceeds of \$121.05 million, which is inclusive of underwriter's discount and cost of issuance totaling \$753k.

On September 28, 2021, the City closed on the sale of Commercial Paper Notes in the amount of \$7.30 million for the purposes of funding short-term projects, and interim funding for long-term projects, with an initial interest rate of .07%.

During fiscal year 2021, the City issued \$276.8 million of bonds and notes and refunded or retired a combined \$388.9 million in principal amount of bonds and notes, resulting in a net increase of Debt Outstanding of \$112.1 million. Since the end of fiscal year 2015, the City has reduced outstanding bonds and notes by a total of \$454.0 million.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The State of Florida, by constitution, does not have a state personal income tax and therefore the State operates primarily using sales, gasoline and corporate income taxes. Local governments (cities, counties and school boards) primarily rely on property and a limited array of permitted other taxes (sales, gasoline, utilities services, etc.) and fees (franchise, occupational license, etc.) for their governmental activities. There are a limited number of state-shared revenues and recurring and non-recurring (one-time) grants from both the state and federal governments.

Other Economic Factors:

- The unemployment rate for the City of Jacksonville was 3.7% at the end of fiscal year 2021.
- The population of the City of Jacksonville at the end of fiscal year 2021 was 1,016.8 thousand.
- Jacksonville has the largest Empowerment Zone in the nation.
- Jacksonville has a major port, is home to the National Football League's (NFL) Jacksonville Jaguars, is the insurance and financial center of Florida and is the site of key U.S. Navy bases.

Budget Highlights for fiscal year 2022

- The FY 2022 budget is a continuation of prudent budgeting that addresses the needs of the community while also increasing reserves, which have grown to approximately \$281.0 million unassigned and roughly \$66.0 million in emergency reserves through FYE 9/30/2021.
- The City is benefitting by a growing economy, expanding population base, and strong economic activity.
- The \$1.53 billion dollar balanced general fund budget addresses the critical needs of the city such as police, fire prevention, roads and bridges, parks, libraries and more.
- The Capital Improvement Plan includes \$412 million in FY22 authorizations including another \$20 million for capital improvements at our county hospital administered by UF Health, \$106 million for hydrology and resiliency projects, and other improvements to public facilities, roads, bridges, and parks.
- Debt is down \$585 million since July 1, 2015, which allows for the continued investment in public infrastructure while maintaining reasonable debt levels over time.
- FY 2022 will have pre-programmed raises for employees as new collective bargaining agreements were negotiated.

CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of the City's finances and to demonstrate the City's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Department of Finance, Accounting Division, 117 West Duval Street, Suite 375, Jacksonville, Florida 32202, or call (904) 255-5261.

**FUND FINANCIAL
STATEMENTS**

(This page is intentionally left blank.)

MAJOR GOVERNMENTAL FUNDS:

GENERAL FUND

The **General Fund** is the principal fund of the City and is used to account for all activities not included in other funds. The General Fund accounts for the normal recurring activities of the City (i.e, police, fire, public works, courts, general government, etc.). These activities are funded principally by property taxes, intergovernmental revenues, and licenses and fees.

DEBT SERVICE FUNDS

The Special Bonded Debt Obligations Fund accounts for the accumulation of resources for, and the payment of, principal and interest on the City's special and limited bonded obligations, which are payable solely from and secured by a lien upon and pledge of the revenues under the respective bond ordinances.

The Special Bonded Debt - Better Jacksonville Plan Obligations Fund accounts for the accumulation of resources for, and the payment of, principal and interest on the City's special bonded obligations payable, which are related to the Better Jacksonville Plan.

SPECIAL REVENUE FUNDS

The Other Federal, State and Local Grants Fund records all other miscellaneous grants administered by the City from federal, state and local sources not specifically accounted for by other funds covering diverse programs such as: day care, adult homemaker, beach erosion, base conversion and redevelopment, economic capital development, aids treatment care, senior services and nutrition, crime prevention and drug abuse, teenage pregnancy and childhood development, foster grandparents, and waste tire disposal.

City of Jacksonville, Florida
Reconciliation of the Governmental Funds Balance Sheet
to the Statement of Net Position
September 30, 2021
(in thousands)

Total fund balances- governmental funds \$ 1,017,489

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities 2,696,530
are not financial resources and therefore are not reported in the funds

Long term liabilities - liabilities are not due and payable in the current period and are not reported in the funds:

Bonds and notes payable	(1,815,411)	
Unamortized bond discounts	1,411	
Unamortized bond premium	(211,239)	
Unamortized loss on advance refunding of debt	7,339	

Total bonds and notes payable (2,017,900)

Net pension liability	(3,107,155)	
Pension related deferred inflow of resources	(105,513)	
Pension related deferred outflow of resources	432,704	
Pension Receivable	4,521	

(2,775,443)

* Certain assets, liabilities, deferred inflow of resources, and deferred outflow of resources reported in governmental activities are not financial resources and therefore are not reported in the funds:

Matured notes and bonds payable accrual at the fund level	72,744	
Compensated absences	(131,134)	
Estimated liability for self insured losses	(148,532)	
Other post employment benefits (OPEB) liability	(416,420)	
OPEB related deferred inflow of resources	(36,997)	
OPEB related deferred outflow of resources	169,496	
Accrued liability for pollution remediation	(88,293)	
Deferred gain on refunding	(9,423)	
Amounts earned but not available	180	

Total (588,379)

Internal service funds are used by management to charge the costs of certain activities, such as fleet maintenance and insurance, to individual funds. The Capital Assets and Long term liabilities are consolidated with the governmental funds on an entity-wide basis. This amount represents the net of Current Assets and Current Liabilities of the Internal Service Funds.

441,555

Net position of governmental activities \$ (1,226,148)

* Exception - The City deposits amounts in debt service funds to pay unmatured payables early in the following year.

See accompanying notes.

City of Jacksonville, Florida
Reconciliation of the Statement of Revenues, Expenditures,
and Changes in Fund Balances of Governmental Funds to the Statement of Activities
For The Year Ended September 30, 2021
(in thousands)

Net change in fund balances- total governmental funds:	\$	6,435
<p>Amounts reported for governmental activities in the statement of activities are different because: Certain assets and liabilities reported in governmental activities are not current financial resources or do not require the use of current financial resources.</p>		
<p>Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. Also, certain capital assets are contributed to the City upon completion, requiring recognition of capital contributions not reported in the funds.</p>		
Capital assets acquired by use of financial resources		157,090
Current year depreciation		(103,019)
		54,071
<p>Governmental funds report certain bond transactions as sources or uses. However, in the statement of activities these transactions are reported over the life of the debt as expenses.</p>		
Amortization of bond discounts	(161)	
Amortization of bond premium	17,415	
Amortization -gain on refunding	218	
Amortization - loss on refunding	(620)	
	16,852	
<p>Repayment of bond principal is an expenditure in governmental funds, but the repayment results in a reduction of long-term liabilities in the statement of net position. Issuing debt provides current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position.</p>		
Long-term debt issued	(171,570)	
Long-term debt retired	282,539	
	110,969	
<p>Some revenues and expenses reported in the statement of activities did not require the use of or provide current financial resources and therefore are not reported in governmental funds:</p>		
Decrease in compensated absences payable		11,831
Increase in other post employment benefits		(41,391)
Decrease of accrual for pollution remediation		1,028
Net effect of internal loans		(45,781)
Increase in net pension liability		(118,173)
Change in deferred outflow and inflow of resources related to pension		(42,307)
		(106,972)
<p>Internal service funds are used to charge the cost of certain activities to individual funds. The net revenue (expense) and transfers are reported with governmental activities.</p>		
Operating gain (loss)		(4,032)
Investment revenue (loss)		1,948
Interest expense		(749)
Other non-operating revenue		6,560
Transfers out, net		(4,158)
		(431)
Change in Net Position - Governmental Activities	\$	(46,897)

See accompanying notes.

MAJOR ENTERPRISE FUNDS:

Enterprise Funds account for operations that are financed and operated in a manner similar to private business enterprises and where the costs of providing goods or services to the general public are recovered primarily through user charges; or where the City has decided that determination of net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes. Individual major enterprise funds are described below.

The Solid Waste Disposal Fund accounts for collection, recycling and disposal of commercial and residential garbage services throughout the city, including the operation of three municipally owned landfill sites, two of which are closed.

The City Venues Fund accounts for events held at TIAA Bank Field, Veterans Memorial Arena, the Baseball Field, Times Union Center for the Performing Arts, Prime Osborn Convention Center, and Ritz Theater.

The Storm Water Services Fund accounts for the storm water utility financed by service charges, to be used to pay the expenses of constructing and maintaining the storm water management system.

FIDUCIARY FUND LEVEL STATEMENTS

PENSION TRUST FUNDS are funds administered by independent boards for which the City performs a fiduciary role under a defined benefit, defined contribution and disability programs. The participant's retirement annuity is based on a statutory formula using such factors as age, average salary, length of service and others.

PRIVATE PURPOSE TRUST FUND is used to report all trust arrangements, other than those properly reported in pension trust funds, under which principal and income benefit individuals. The City reports its James Brady Disabled Scholarship, Michael Jackson Music Scholarship, J.B. Smith Memorial Scholarship, and Lex Hester Memorial Scholarship funds as private purpose trusts.

CUSTODIAL FUNDS account for fiduciary activities that are not required to be presented as pension trust funds or private purpose trust funds.

COMPONENT UNITS

Component Units are legally separate organizations for which the primary government is financially accountable. Financial accountability is defined as the appointment of a voting majority of the component unit's governing body with certain exceptions, and either (a) the ability to impose will by the primary government; or (b) the potential for the organization to provide financial benefits to, or impose financial burdens on the primary government. Financial accountability may also be determined if the component unit is fiscally dependent on the City and a potential financial benefit / burden relationship exists.

MAJOR COMPONENT UNITS:

The JEA manages and operates an electric utility system and a water and sewer utility system in the Consolidated City of Jacksonville/Duval County area.

The Jacksonville Transportation Authority is responsible for construction, improvement, and maintenance of the Jacksonville Expressway System and operation of the City's mass transit systems, including bus and automated skyway express throughout Duval County.

The Jacksonville Port Authority manages and operates the City's marine port facilities.

NON MAJOR COMPONENT UNIT:

The Jacksonville Housing Finance Authority provides money for loans and technical assistance for construction and rehabilitation of housing to alleviate a shortage of housing and capital for investment in housing in Jacksonville.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the City of Jacksonville, Florida (the City) conform to accounting principles generally accepted in the United States (GAAP) as applicable to governments. The following is a summary of the more significant policies. Notes 1C through 19 are note disclosures of the primary government with significant disclosures for major component units incorporated within. Additional significant component unit disclosures are presented in Note 16.

A. Basis of Presentation:

The accompanying financial statements of the City have been prepared in conformity with GAAP as prescribed by the Governmental Accounting Standards Board (GASB). GASB is the accepted standard-setting body for establishing governmental accounting and financial reporting principles for units of local government.

B. Financial Reporting Entity:

The City is a consolidated city/county political entity created by Chapter 67-1320 of the Laws of Florida. When consolidation occurred on October 1, 1968, all existing municipalities, authorities and public agencies within Duval County, except for the Duval County School Board, were merged into a single new corporate and political entity also known as the City of Jacksonville. At the same time, however, the cities of Jacksonville Beach, Atlantic Beach, Neptune Beach and the Town of Baldwin elected to retain local autonomy for certain municipal purposes and were reconstituted as separate and distinct urban service districts. The consolidated city government, which is comprised of an elected City Council (19 members) and mayor, provides, under the administration of the appointed chief administrative officer, services to 1,016,809 residents living in an 840.1 square-mile area.

To conform to the traditional county organization of government in the State of Florida, the City retained the offices of the Sheriff, Property Appraiser, Tax Collector, Supervisor of Elections, and Clerk of the Circuit Court, which are also elected by the citizenry. These officers are considered to be not only county officers, but also officers of the consolidated government, and therefore are considered as part of the primary government. The three beach cities and the Town of Baldwin continue to function as separate municipal governments.

This report includes all funds, departments, agencies, boards and commissions, and other organizational units that are administered by the mayor and/or controlled by or dependent upon the City Council as set forth in the City Charter. The City, a primary government, has also considered for inclusion all potential component units for which it may be financially accountable and other organizations for which the nature and significance of their relationship with the City are such that exclusion would cause the City's financial statements to be misleading or incomplete. In GASB codification section 2100 Defining the Financial Reporting Entity, the GASB has set forth criteria to be considered in determining financial accountability.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)
B. Financial Reporting Entity: (continued)

These criteria include appointing a voting majority of an organization's governing body and (1) the ability of the City to impose its will on that organization; or (2) the potential for the organization to provide specific financial benefits to or impose specific financial burdens on the City. Additionally, an entity may also meet the criteria for inclusion if the organization is fiscally dependent on the City and the potential financial benefit/burden relationship mentioned above exists.

As required by GAAP, these financial statements present the City of Jacksonville (the primary government) and its component units. The City has identified and included within the financial reporting entity, as its component units, legally separate organizations for which the City is financially accountable or for which a significant relationship with the City exists such that exclusion would cause the City's financial statements to be misleading or incomplete.

The Jacksonville Public Library Board and the Downtown Investment Authority (DIA) are classified as dependent special districts. Per GASB codification section 2100, the Library Board and DIA are not considered component units as they are not legally separate organizations. Therefore, these activities are included as part of the primary government.

Blended Component Unit. Blended component units, which are legally separate from the City, but are so intertwined with the City that they are, in substance, the same as the City. The Community Redevelopment Agencies (CRAs) are reported as part of the City and blended into the governmental funds.

Community Redevelopment Agencies (CRAs) JIA, KingSoutel Crossing, Renew Arlington, Southside and Northbank Downtown are blended component units that are reported within the Tax Increment Districts special revenue fund. The City serves as the Board for JIA, KingSoutel Crossing, and Renew Arlington CRAs. The Downtown Investment Authority serves as the Board for Southside and Northbank Downtown. The CRAs are blended because City Council has an operational responsibility and because of the existence of a financial benefit/burden relationship. The CRAs issue a separate report that may be obtained from the City. Requests for information may be addressed to the City Comptroller, City of Jacksonville, 117 West Duval Street, Suite 375, Jacksonville, Florida 32202.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)
B. Financial Reporting Entity: (continued)
Component Unit Reported as a Fiduciary Fund.

The **Jacksonville Police and Fire Pension Board of Trustees**, created under Article 22 of the City Charter, provide retirement services and benefits to eligible employees of the Office of the Sheriff and the Department of Fire and Rescue. The City appoints two members of the five-member board; one member is a police officer; one member is a firefighter; and the remaining member is appointed by the other four members. As sponsor, the City has the ability to modify the plan and to approve the defined benefit contribution to the Police and Fire Pension Board of Trustees in the City's annual budget. The Police and Fire Pension Board of Trustees issues separate financial statements on the fund, which may be obtained from its administrative office at One West Adams Street, Suite 100, Jacksonville, Florida 32202-3616. These transactions are recorded in the Pension Trust Funds within the Fiduciary Funds financial statements.

Discrete Component Units. These component units are entities that are legally separate from the City, but are financially accountable to the City, or whose relationships with the City are such that exclusion would cause the City's financial statements to be misleading or incomplete. The component units are reported separately to emphasize that they are legally separate from the primary government and are governed by separate boards. The footnotes include financial data for these entities. Each component unit listed below has a September 30 fiscal year end.

Major Component Units

JEA (formerly known as the Jacksonville Electric Authority) was created by Chapter 67-1569 of the Laws of Florida to own, manage, and operate an electric utility system and a water and sewer utility system in Jacksonville and any or all counties adjacent thereto. The governing body of the JEA consists of seven members appointed by the mayor and confirmed by the City Council. The City has the ability to impose its will on JEA, manifested principally through formal budgetary approval. The JEA engages only in business-type activities and issues separate financial statements, which may be obtained from its administrative office in the JEA Plaza at 21 West Church Street, Jacksonville, Florida 32202.

The **Jacksonville Port Authority (JPA)** was created by Chapter 2001-319 of the Laws of Florida to operate, manage, and control the publicly owned seaport and ancillary facilities located within Duval County and outside such boundary lines. The governing body of the JPA consists of seven members, four of whom are appointed by the mayor and confirmed by the City Council, and three of whom are appointed by the governor. The City can impose its will on the JPA through modification and approval of its budgets, which ensures strong accountability to the local constituent citizenry. The JPA engages only in business-type activities and issues separate financial statements. Requests for information may be addressed to the chief financial officer, Jacksonville Port Authority, P.O. Box 3005, Jacksonville, FL 32206-0005.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)
B. Financial Reporting Entity: (continued)

The **Jacksonville Transportation Authority (JTA)** is a public body politic and corporate agency of the State of Florida under Chapter 349 of the Florida Statutes. The governing body of the JTA consists of seven members, three of whom are appointed by the governor of Florida, three of whom are appointed by the mayor and confirmed by the City Council, and the seventh member is the district two secretary of the Florida Department of Transportation.

The JTA is empowered to construct, improve, operate, and lease the Jacksonville Expressway System. The JTA is, however, fiscally dependent upon the City under Section 14 of the City Charter through approval of its budgets, which ensures strong accountability to the local constituent citizenry. Additionally, a financial burden relationship exists through the provisions of an interlocal agreement.

The JTA engages in both governmental and business-type activities and issues separate financial statements, which may be obtained from its administrative office at 121 West Forsyth Street, Suite 200, Jacksonville, Florida 32202.

Non-major Component Units

The **Jacksonville Housing Finance Authority (JHFA)** was established pursuant to Chapter 52, Jacksonville Municipal Code, to alleviate a shortage of housing and capital investment for the people of Duval County, pursuant to Florida Statutes, Section 159.604. The City appoints all seven of the board members. The City has the ability to impose its will on the JHFA. The JHFA operates in conjunction with the Jacksonville Housing Commission, also created by Ordinance 2003-1058, and has the rights and duties necessary under Florida Statutes, Chapter 159, Part IV, to preserve outstanding debt, issue new debt and to shield the City from financial liability. The bonds issued and outstanding are included in Note 8J Conduit Debt. The JHFA engages only in governmental activities. There are no separately issued financial statements for the JHFA, whose financial activity is accounted for by the City. The JHFA financial statements are presented in the financial section of the City report.

The **Jacksonville Health Facilities Authority**, created under Chapter 490 of the City Ordinance Code pursuant to Chapter 154 Part III, Laws of Florida, provides appropriate additional means to assist in the development, improvement, and maintenance of the public health. The Health Facilities Authority provides a method for the financing and refinancing, on a tax-exempt basis, projects on behalf of private corporations and organized not-for-profits that are authorized by law to provide hospital or nursing home services, thus providing facilities at favorable interest costs with a resultant decrease in health care costs for the users of health facilities within the City. All five members are appointed by the City Council, and the City has the ability to impose its will on the Health Facilities Authority.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)
B. Financial Reporting Entity: (continued)

The bonds issued by the Health Facilities Authority are special limited obligations of the Health Facilities Authority and the principal and interest are payable from rental payments. The principal and interest on the bonds shall never constitute an indebtedness of the City of Jacksonville, Duval County, the State of Florida or any municipality or political subdivision thereof. Accordingly, the bonds issued and outstanding are included in Note 8J Conduit Debt. During the fiscal year presented, the Health Facilities Authority had no financial transactions or assets and liabilities to report. Therefore, there are no separately issued financial statements.

Related Organizations

The **Jacksonville Housing Authority (JHA)** is governed by a seven-member board, whose members are appointed by the mayor and confirmed by City Council. However, the City does not have the ability to impose its will on JHA. The City cannot remove appointed members from the JHA Board at will. JHA managers are appointed by the JHA Board of Directors. The Board approves the operating budget and amendments to the budget. The City does not exercise influence in JHA management or operations. It does not approve JHA budgets and does not provide or collect major revenues of the JHA. Accordingly, the financial activities of the JHA are not included in the City's financial statements.

The **Duval County Research and Development Authority (Authority)** is governed by a five-member board whose members are appointed by the City Council. However, the City does not have the ability to impose its will on the Authority. The City does not exercise influence over the management or operations of the Authority and is not financially accountable for the actions of the Authority. Accordingly, the financial activities of the Authority are not included in the City's financial statements.

Jointly Governed Organization

The **North Florida Transportation Planning Organization (TPO)** is an independent regional transportation planning agency for Duval, Clay, Nassau, and St. Johns counties. The mayor, three Jacksonville City council members, and various other leaders of the other affiliated communities and transportation agencies make up the board. There are currently 15 voting board members and five non-voting members.

The City does not have an ongoing financial interest or responsibility to the TPO. However, since the board includes members from each of the governments that created it, the TPO is considered a jointly governed organization of the City.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

C. Basic Financial Statements:

The basic financial statements include both citywide and fund level statements. The City, as the primary government, is reported separately from its component units. The citywide statements report on all of the activities of the City and its component units except those that are fiduciary in nature.

Statements for fiduciary activities, such as employee pension plans, are presented in a separate section of this report. Both the citywide and fund level statements classify primary activities of the City as either governmental activities, which are primarily supported by taxes and intergovernmental revenues, or business type activities, which are primarily supported by user fees and charges.

The citywide statement of net position reports all assets, deferred outflows of resources, liabilities, and deferred inflow of resources of the City, including both long-term assets and long-term debt and other obligations. The statement of activities reports the degree to which direct expenses of City functions are offset by program revenues, which include program specific grants and charges for services provided by a specific function. Direct expenses are those that are clearly identifiable with a specific function or program. The net cost of these programs is funded from general revenues such as taxes, intergovernmental revenue, and interest earnings.

The fund level statements report on governmental, proprietary, and fiduciary fund activities. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund level financial statements.

Since the fund level statements for governmental activities are presented using a different measurement focus and basis of accounting than the citywide statements governmental column (as discussed under Basis of Accounting in this summary of significant accounting policies), a reconciliation is presented on the page following each governmental fund financial statement that briefly explains the adjustments necessary to convert the fund level statements into the citywide governmental column presentations.

As a general rule, the interfund activity has been eliminated from the citywide financial statements to avoid the doubling effect of internal service activity. However, functional expenses remain for services provided, and any remaining net resource is reported as program revenue.

D. Fund Structure:

The City's accounts are maintained in accordance with the principles of fund accounting to ensure compliance with limitations and restrictions placed on the use of resources available to it. Under fund accounting, individual funds are established for the purpose of carrying on activities or attaining objectives in accordance with specific regulations, restrictions, or limitations. Each individual fund is a self-balancing set of accounts recording assets, liabilities and residual equities or balances and revenues, expenditures / expenses, and changes therein.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)
D. Fund Structure: (continued)

For financial statement presentation, funds with similar characteristics, including those component units referenced above, are grouped into generic classifications as required by GAAP. A brief description of these classifications follows:

Governmental Funds. These funds report transactions related to resources received and used for those services traditionally provided by city/county government. The following are major governmental funds used by the City:

General Fund - The General Fund is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.

Debt Service Funds:

The Special Bonded Debt – Better Jacksonville Plan Obligations Fund accounts for the accumulation of resources for, and the payment of, principal and interest on the City’s special bonded obligations payable, which are related to the Better Jacksonville Plan.

The Special Bonded Debt Obligations Fund accounts for the accumulation of resources for, and the payment of, principal and interest on the City’s special and limited bonded obligations, which are payable solely from and secured by a lien upon and pledge of the revenues under the respective bond ordinances.

Special Revenue Fund:

The Other Federal, State and Local Grants Fund records all other miscellaneous grants administered by the City from federal, state and local sources not specifically accounted for by other funds

Other Non-major Governmental Funds:

This is the aggregate of all of the non-major governmental funds.

Proprietary Funds. These funds report transactions related to activities similar to those found in the private sector. Major proprietary funds include:

The Solid Waste Disposal Fund accounts for the collection, recycling, and disposal of commercial and residential garbage services throughout the City, including the operation of three municipally owned landfill sites, two of which are closed.

The City Venues Fund accounts for events held at TIAA Bank Field, Daily’s Place, Veterans Memorial Arena, the Baseball Stadium, Times Union Center for the Performing Arts, Prime Osborn Convention Center, and Ritz Theater.

The Storm Water Services Fund accounts for the storm water utility financed by service charges, to be used for paying for costs of constructing and maintaining the storm water management system.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)
D. Fund Structure: (continued)

Other Non-major Enterprise - This is the aggregate of all of the non-major enterprise funds.

Proprietary funds distinguish operating revenues and expenses from non-operating revenues and expenses. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the funds' principal ongoing operation. The principal operating revenues for the City's proprietary funds are charges to customers for sales and services. Operating expenses include direct expenses of providing the goods or services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

In addition, the City reports the following fund types:

Internal Service Funds - These funds account for services provided primarily to various departments of the City and to other governmental agencies. Since these funds principally service City departments, internal service fund statements are consolidated into the governmental activities column in the citywide presentation. These activities are fleet management, copy center, information technologies, legal, risk management activities, group health, public works, and the internal debt management fund. Services provided to other governmental agencies are not considered to be material.

Private-purpose Trust Funds - These funds account for resources legally held in trust for the benefit of individuals pursuing higher education in music and urban studies. Earnings on invested resources may be used to support these activities but no expenditure may be made from the principal of these funds.

Pension Trust Funds - These funds account for the activities of the Jacksonville Retirement System, the Defined Contribution Plans, and the Police and Fire Pension funds, which accumulate resources for pension benefit payments for qualified employees.

Permanent Fund - This fund is used to account for activities of the City relative to cemetery maintenance at specified locations and supporting the Art in Public Places program. Fund resources are restricted. Only earnings on invested resources may be used to support these activities.

Custodial Funds - These funds account for fiduciary activities that are not required to be presented as pension trust funds or private purpose trust funds. The Tax Collector Fund accounts for the collection of all taxes, revenues and other cash, the Clerk of the Circuit Court Fund accounts for revenues collected by the court system, and the Sheriffs Fund accounts for deposits held in accordance with statutes for civil action, safeguarding of monetary evidence, and inmate funds.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

E. Basis of Accounting:

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The citywide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary and fiduciary pension trust fund financial statements. Custodial funds are accounted for using the full accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenue in the year in which they are levied for. Grants and similar items are recognized as revenue when all eligibility requirements imposed by the provider are met.

Governmental fund financial statements are reported using a current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus only current assets, current liabilities, deferred outflow of resources, and deferred inflow of resources generally are included on the balance sheet. Operating statements of these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Major revenues that are determined to be susceptible to accrual include property taxes, taxpayer-assessed tax revenues including sales and utilities services taxes, state shared revenue, intergovernmental revenue, charges for services and investment income. Generally, the City considers a 60-day availability period for revenue recognition. Federal and state grants collected on a reimbursement basis are recognized as revenue when reimbursable expenditures are made, and the City considers amounts received within one year as available. Ambulance billings also have a one-year availability period.

Expenditures are recorded when the related fund liability is incurred, except for items that are not planned to be liquidated with expendable available resources. The City records an accrual for debt service liabilities and expenditures by providing financial resources to a debt service fund for payment of liabilities that will mature early in the following year. Exceptions to the general modified accrual expenditure recognition criteria include capital lease obligations that are recognized when paid, and payments for compensated absences, pension, OPEB (other post-employment benefits), pollution remediation obligations, and claims and judgments that are recognized when due.

The City's policy is to use restricted resources first, then unrestricted resources, when both are available for use to fund an activity.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

F. Cash, Cash Equivalents, and Investments:

Cash, cash equivalents and investments and related accrued investment earnings are reported in the financial statements as “Equity in cash and investments” under the City’s “pooling” concept (See Note 3). All monies, which are not legally restricted to separate administration, are pooled together for investment purposes while each individual fund and/or account is maintained on a daily transaction basis by the City Treasurer. Cash in escrow with fiscal agents is not included in the Statement of Cash Flows ending balances as the funds have been sent to trustee entities to be held for payment of bond principal and interest. Investment earnings are distributed in accordance with the participating funds’ relative percentage of investments. All fund types deposit monies into the equity in cash and investment pool of the City. The Proprietary Fund types use this pool as a demand deposit account, and accordingly all amounts in the pool are considered cash and cash equivalents for purposes of the Statement of Cash Flows. Operating and Pension Trust investments are stated at fair value, generally based on quoted market prices except as disclosed herein. Securities, traded on national or international exchanges are valued at the last reported sales price at current exchange rates. The fair value of real estate investments is based on independent appraisals or estimates of fair value as provided by third party fund managers. Investments that do not have an established market are reported at estimated fair value as provided by third party fund managers. Increases and decreases in the fair value of investments are reported as investment income. The City of Jacksonville’s swap policy allows for the use of interest rate swaps and other financial instruments to manage the City’s financial exposure. This policy went into effect on October 1, 2003 and was revised on August 9, 2011. While the City is authorized to utilize interest rate swaps to manage the interest rate risk associated with various assets, no investment interest rate swaps were used during the reporting period.

G. Receivables:

Receivables are stated net of estimated allowances for uncollectible amounts, which are determined based on past collection experience and current economic conditions, to the net realizable values. Types of receivables include amounts that are principally due from the State of Florida for state-shared revenues, mortgage, loan, and other receivables that have arisen in the ordinary course of business.

Certain receivables and some mortgage receivables are related to loans made for economic development purposes. Repayment of these loans is contingent upon several economic factors that are outside of the control of the City. Due to the uncertainty over the ultimate collectability of these amounts, an allowance has been recorded in the amount equal to the balance of the receivable.

H. Inventories:

Inventories of materials and supplies are determined by both physical counts and through perpetual inventory systems stated at cost, which approximates market, using the average weighted costing method. Reported inventories in governmental funds are included within nonspendable fund balance because it is not in spendable form. In proprietary fund types, inventories are expended when consumed.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

I. Capital Assets:

All purchased capital assets are recorded at cost when historical records are available and at estimated cost when no historical records exist. Donated capital assets are valued at their acquisition value on the date received. Generally, capital assets costing \$1,000 or more and having a useful life of more than one year are capitalized. Infrastructure is capitalized based on the accumulated amounts charged to specific capital projects on an annual basis. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Capital assets are reported in the applicable governmental or business-type column in the citywide financial statements, and in the Proprietary Fund Level Statements.

Depreciation on all capital assets is calculated using the straight-line method over the following useful lives:

Infrastructure - Other	12 - 50 years
Infrastructure - Bridges	100 years
Buildings and improvements	12 - 45 years
Furniture, equipment and library books	3 - 10 years
Software Development	10 years

The City capitalizes collections, such as artwork. The City has a collection of artworks in various sites throughout the interior and exterior of its public facilities. The value of the art is expected to either remain the same or increase over time, so it is not depreciated. Software development is capitalized if over a threshold of \$30,000.

J. Contributions:

Contributions in the form of cash and capital assets to the governmental activities of the City are recognized on the Statement of Activities as revenues in the period they are received. Contributions of capital assets, primarily completed infrastructure from developers, are recognized at the fair value at the date of donation. All contributions are reported on the Statement of Activities as program revenues, with operating contributions reported separately from capital contributions.

K. Interfund Activity:

Interfund activity within and among the City's three fund categories (governmental, proprietary, and fiduciary) are classified as reciprocal interfund activity and nonreciprocal interfund activity.

Reciprocal interfund resources flow between funds with an expectation of repayment and are reported as interfund receivable and payables.

Nonreciprocal interfund activities are flows of assets between funds without an equivalent flow of assets in return or without a requirement for repayment and are reported as transfers in governmental funds in the other financing sources section as well as after the non-operating revenues and expenses section in proprietary funds.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

L. Restricted Assets:

Assets are reported as restricted in the Citywide Statement of Net Position and the enterprise fund level statements when constraints are placed on net position use. The constraints are either: (1) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (2) imposed by law or through constitutional provisions or enabling legislation.

M. Compensated Absences:

City employees may accumulate earned personal leave benefits (compensated absences) at various rates within limits specified in collective bargaining agreements. This liability reflects amounts attributable to employee services already rendered, cumulative, probable for payment, and reasonably estimated in conformity with GASB Statement No. 16, Accounting for Compensated Absences.

Compensated absences liabilities are accrued when incurred in the citywide financial statements, and the proprietary and fiduciary fund level financial statements. No expenditure is reported in the governmental funds for these amounts until the payment is made. No liability is recorded for nonvesting, accumulated sick pay benefits. Compensated absences liability is determined based on current rates of pay.

N. Risk Financing:

Pursuant to Florida Statute 768.28 “Sovereign Immunity” the City is self-insured for general and automobile liability for state tort claims in excess of \$200,000 per person, and \$300,000 per occurrence. The City has a package excess liability policy, which provides coverage for general liability at limits of \$5 million per occurrence with a policy aggregate limit of \$5 million and \$1 million per occurrence for Automobile Liability. These limits are subject to a \$1.5 million self-insured retention for the City and all other participating entities. The City continues to purchase a miscellaneous policy for Out-of State Automobile Liability for JSO, JFRD, JAA and the Department of Neighborhood’s Animal Care and Protective Services Division with \$1 million in coverage, without a self-insured retention, for those instances where vehicles from these insureds must cross state lines.

The City has an excess worker’s compensation policy with a self-insured retention of \$1.5 million per occurrence and includes unlimited statutory coverage for worker’s compensation benefits, with exception of a \$50 million aggregate limit for communicable disease and a \$1 million limit for employer’s liability. The liability for self-insured losses is based on individual case estimates for reported claims, historical loss data and valuations performed by independent actuaries as of September 30, 2021, for incurred but not yet reported claims, claims development, and unallocated loss adjustment expenses. The liability for self-insured losses is accounted for in the Self-Insurance Fund (internal service fund) that pays for claims made against the City.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Effective January 1, 2015 the City elected to move from a fully insured plan to a self-funded arrangement for its group health coverage. The City obtained stop-loss insurance with a \$550,000 specific deductible. The deductible was increased to \$600,000 in 2017, \$650,000 in 2018, \$700,000 in 2019 and 2020, and \$800,000 in 2021. In 2018 the City introduced a new health plan option with a separate administrator and stop loss coverage. The stop loss deductible under that option was \$250,000 in 2018 and \$325,000 in 2019, 2020, and 2021. Once a claim exceeds this threshold, the City is reimbursed for any excess expenses. The plan is funded by contributions from the City and employees. These funds reside in an internal service fund which is used exclusively for Employee Benefits. Florida statutes require a safe harbor threshold be maintained in plan reserves. See Note 12 for additional risk financing disclosure.

O. Pension Costs:

Substantially all permanent, full-time employees of the City are covered under two city sponsored defined benefit pension plans and a city sponsored defined contribution plan. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense and fiduciary net position, the City and the Pension plans use the same basis for reporting as outlined in the notes to the financial statements. Employer contributions made subsequent to the measurement date and before the fiscal year end are recorded as deferred outflow of resources. Investments are reported at fair value.

P. Landfill Closure and Postclosure Care Costs:

The City recognizes municipal solid waste landfill closure and postclosure care costs under the State of Florida's Solid Waste Management Act of 1988, regulations of the Federal Environmental Protection Agency (EPA), and GASB Statement No. 62, Codification of Accounting and Financial Reporting Guidance contained in pre-November 30, 1989 FASB and AICPA pronouncements. For those landfills that stopped accepting solid waste prior to final implementation of the 1988 Act and EPA regulations, the total cost of municipal solid waste landfill (MSWLF) closure is recognized as a prepaid expense in the Solid Waste Disposal Enterprise Fund. The City issued bonds to pay for closure costs on closed landfills. Post-closure care costs on closed landfills are recorded as a liability based on engineer's estimates. The City Council establishes rates that are designed to recover costs and believes it is reasonable to assume that such rates, which will recover the costs, can be charged to and collected from customers. The City intends to recover these MSWLF costs through future operating revenues of the Solid Waste Disposal Enterprise Fund. Accordingly, MSWLF costs are recognized as expenses each year to match the flow of revenue and bonds principal payments, thereby reducing the deferred charge. Expenses for closure and postclosure care costs are recorded each year and the liability is adjusted to the engineer's estimate. MSWLF closure and postclosure care costs incurred for landfills accepting solid waste after final implementation of the 1988 Act and EPA regulations are recognized as an expense. A liability is recorded based upon the landfill capacity used during that year applied to the engineer's estimate of closure and postclosure care costs. (See Note 13C.)

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Q. Long-Term Obligations:

In the city-wide financial statements, and proprietary funds in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary funds statement of net position.

Special obligation bonds, which are supported by certain pledged revenues (other than ad valorem taxes), do not constitute a debt of the City and the City is not obligated to pay the bonds except from revenues pledged for such debt payments.

Each governmental fund that has long-term liabilities, such as, compensated absences and pension liabilities are responsible for liquidating the same.

Non Asset Bonds are created when the City issues debt and either (a) constructs an asset which will become the asset of another entity (e.g. State of Florida), (b) contributes proceeds to another entity (e.g. Shands Jacksonville Hospital) to participate in a construction project, or (c) provides an economic incentive to a development or redevelopment project. Part of the Better Jacksonville Plan (BJP) referendum was to make improvements to state roads and/or interchanges with/between state roads. While these projects enhance traffic movements in and around Jacksonville, the constructed assets and the future maintenance responsibility are transferred to the Florida Department of Transportation.

Additionally, under the BJP program, the City provided for non-capital expenditures, such as septic tank remediation and ash clean up, from debt proceeds, which will not result in a capital asset of the City. The City has also provided grants to Shands Jacksonville Hospital, a provider of health care for indigents, from debt proceeds. The City and/or its Community Redevelopment Authority (CRA) districts, to encourage target development, will enter into incentive agreements (including grants and loans) which are, in some instances, designed to be repaid by either the CRA's tax increment revenues and/or the developer.

R. Categories and Classification of Fund Balance:

Fund balance is classified using a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds. Under GASB 54, fund balance categories include Nonspendable, Restricted, Committed, Assigned, and Unassigned. These classifications reflect not only the nature of funds, but also provide clarity to the level of constraint placed upon fund balance. Fund balance can have different levels of restraint, such as external versus internal compliance requirements. Unassigned fund balance is a residual classification within the General Fund. The General Fund should be the only fund that reports a positive unassigned balance. In all other funds, unassigned is limited to negative residual fund balance. For further details of the various fund balance classifications refer to Note 19.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

S. Bond Discounts, Premiums and Issuance Costs:

In the fund financial statements, governmental funds recognize bond discounts, premiums and issuance costs in the current period. The face amount of debt issued and bond premiums are reported as other financing sources while discounts on issuance is reported as other financing uses. Issuance costs, whether or not withheld from the debt proceeds received, are reported as debt service expenditures.

In the city-wide financial statements and for proprietary funds, material bond discounts and/or premiums are deferred and amortized as a component of interest expense over the term of the bonds using the straight-line method, which approximates the effective interest method. Issuance costs are expensed in the period in which they are incurred.

T. Deferred Loss on Debt Refundings:

Losses resulting from advance refundings of debt in the city-wide and proprietary fund statements are deferred and amortized, using a straight-line method, which approximates the effective interest method, over the shorter of the life of the new debt or the remaining life of the old debt. The amount deferred is reported as a component of Deferred Outflows in the accompanying financial statements and is expensed and reported as a component of interest expense.

U. Use of Estimates:

The preparation of financial statements, in accordance with GAAP, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amount of revenues and expenses during the reporting period. Actual results could differ from those estimates.

V. Reclassifications:

Certain 2020 amounts have been reclassified to conform to the 2021 presentation. Additionally, amounts in the separately issued financial statements of component units have been reclassified to conform to the presentation of the primary government.

W. Summarized Comparative Information:

The basic financial statements include certain prior year summarized comparative information in total but not at the level of detail required for a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the City's financial statements for the year ended September 30, 2020, from which the summarized information was derived. Limited 2020 comparative information was adjusted for comparability on some of the financial statements.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

X. Prepaids:

Prepaid items consist of certain costs that have been paid prior to the end of the fiscal year but represent items that are applicable to future accounting periods. These amounts do not constitute available spendable resources even though they are a component of current assets. Prepaids are processed using the consumption method.

Y. Accounting Pronouncements:

In fiscal year 2021, the City adopted new statement of financial accounting standards issued by the GASB:

- GASB Statement No. 84, *Fiduciary Activities*
- GASB Statement No. 90, Majority Equity Interests – an amendment of GASB Statements No. 14 and No. 61
- GASB Statement No. 93, Replacement of Interbank Offered Rates

GASB Statement No. 84, *Fiduciary Activities*, clarifies the definition and criteria for identifying fiduciary activities. The statement also identifies fiduciary fund types, clarifies the presentation of fiduciary fund financial statements, and provides additional guidance in liability recognition. As a result, the City reclassified some fund categories and reports fiduciary custodial fund types. Additionally, implementing this standard resulted in the restatement of beginning net position in the Fiduciary statements (see Note 18B).

GASB Statement No. 90, Majority Equity Interests – an amendment of GASB Statements No. 14 and No. 6. improves reporting for majority equity interest in legally separate organizations and improves reporting for certain component units. The statement defines equity interest and provides guidance on the accounting of related investments.

GASB Statement No. 93, Replacement of Interbank Offered Rates addresses accounting and financial reporting issues resulting from the replacement of the interbank offer rate (IBOR).

(The remainder of this page is intentionally left blank.)

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)
Y. Accounting Pronouncements: (continued)

The Governmental Accounting Standards Board has issued the following statements that will become effective in the future.

- GASB Statement No. 87, Leases
- GASB Statement No. 89, Accounting for Interest Cost Incurred before the End of a Construction Period
- GASB Statement No. 91, Conduit Debt Obligations
- GASB Statement No. 92, Omnibus 2020 (certain provisions effective in the future)
- GASB Statement No. 94, Public-Private and Public-Public Partnerships and Availability Payment Arrangements
- GASB Statement No. 96, Subscription-Based Information Technology Arrangements
- GASB Statement No. 97, Certain Component Unit Criteria and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans – an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32 (certain provisions effective in the future)
- GASB Statement No. 99, Omnibus 2022
- GASB Statement No. 100, Accounting Changes and Error Corrections—an amendment of GASB Statement No. 62
- GASB Statement No. 101, Compensated Absences

The City is currently evaluating the effects that these statements will have on its future financial statements.

2. BUDGETARY DATA

The City presents a Budgetary Comparison Schedule for the General Fund as Required Supplementary Information. For this reporting period, the Other Federal, State and Local Grants Fund special revenue fund met the criteria of a major fund but is not annually budgeted. No other special revenue funds met the major fund criteria. The City’s budgetary comparison reporting and Notes to Required Supplementary Information containing descriptions of the City’s budgetary policies and processes are included in the Required Supplementary Information section of this report.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

3. CASH, INVESTMENTS AND SECURITIES LENDING

A. Cash on Deposit

The City maintains a cash and investment pool that is available for use by all funds except for monies legally restricted to separate administration (i.e. pension plan custodians and deferred compensation plan administrators). The “Equity in Cash and Investments” on the City Wide Financial Statements, consists of cash and investments owned by each fund and defined as resources that can be liquidated without delay or penalty. Cash and investments held separately where contractual arrangements and bond covenants require such arrangements, are classified as “restricted assets.” Investment earnings are allocated to the individual funds monthly based on the funds’ weighted average daily cash and investment balance.

At September 30, 2021, primary government deposits in financial institutions totaled \$463.2 million. Monies on deposit with financial institutions in the form of demand deposit accounts, time deposit accounts and certificates of deposit are defined as public deposits. All of the City’s public deposits are held in qualified public depositories pursuant to State of Florida Statutes, Chapter 280, “Florida Security for Public Deposits Act”, and covered by federal depository insurance. For amounts in excess of such federal depository insurance the Act provides that all qualified public depositories are required to pledge eligible collateral having a market value equal to or greater than the average daily or monthly balance of all public deposits, times the depository’s collateral pledging level. The pledging level may range from 50% to 125% depending upon the depository’s financial condition and establishment period. The Public Deposit Security Trust Fund has a procedure to allocate and recover losses in the event of a default or insolvency. When public deposits are made in accordance with Chapter 280, no public depositor is liable for any loss thereof. Any losses to public depositors are covered by applicable deposit insurance, sales of securities pledged as collateral and, if necessary, assessments against other qualified public depositories of the same type as the depository in default.

B. Investments and Investment Practices

1. a. General Operating Investments

The City’s operating fund investment guidelines are defined by City Ordinance Code Section 110, Part 2 and a written Investment Policy (the “Policy”) as approved by City Council. The Policy establishes a diversified investment strategy, both by type of investment and by manager, a minimum credit quality, and duration limitations. An internal Investment Committee has oversight, within Policy limits, of the implementation and direction of investment strategies. The Policy is reviewed annually for any adjustments due to changes or developments within the investment markets that may provide enhanced investment and/or risk management opportunities. The City’s Pension Funds and Component units maintain their own investment policies.

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

3. CASH, INVESTMENTS AND SECURITIES LENDING (continued)

B. Investments and Investment Practices (continued)

1. a. General Operating Investments (continued)

Other than operating cash invested overnight through the City's zero balance sweep accounts, all invested cash is managed by third-party money managers. Performance benchmarks for the Portfolio are established in the Investment Policy and performance benchmarks for each of the specific third party managers are established by the Investment Committee. The Policy defines the Average Duration and Compliance Categories for investments. Compliance Category limits are stated as a percentage of the Fiscal Year 2020 Normal Portfolio Balance of \$1.37 billion, which is defined by Ordinance as the average total portfolio balance for the proceeding twelve months.

Performance and compliance reports are prepared for the Investment Committee monthly. The City employs an independent investment custodian who takes direction from the money managers and independently settles all trades. The custodian provides performance and compliance reporting at both the portfolio level and by individual manager.

The following schedule reports portfolio compliance at year end, as well as the maximum exposure for each compliance category during the year. Certain compliance categories include assets also measured in another compliance category, i.e. "US Government" issued treasury bonds are also appropriately included in the "US Government plus agencies" category. As a result, the amounts reported as year-end compliance exposures exceed the portfolio balance at year end in aggregate.

b. General Operating Investments - Fair Value Measurements

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs and valued with the market approach valuation technique; Level 3 inputs are significant unobservable inputs.

** Composed of Taxable Municipals, Non-US Bonds, Other Short Term Bonds, and Cash/Interest/Pending trades as of 9/30/21.

The City has the following recurring fair value measurements as of September 30, 2021:

- Corporate Stock (Common) – Valued using the primary exchange closing price.
- Corporate Stock (Preferred) – Valued using prevailing market bids and based upon calculations that reflect the expected price to an investor in an orderly transaction.
- Registered Investment Co. – Valued at the daily closing net asset value (NAV) as reported by the fund. Short term fixed income investment funds (security maturities that do not exceed one year) may be valued using book value.
- U.S. Government Securities – Short term US government fixed income securities (with maturities that do not exceed one year) are valued using book value. Securities with maturities greater than one year are valued using prevailing market bids and based upon calculations that reflect the expected price to an investor in an orderly transaction.
- Corporate Debt Instruments – Short term corporate debt securities (with maturities that do not exceed one year) are valued using book value. Securities with maturities greater than one year are valued using prevailing market bids or a measurable market close and are based upon calculations that reflect the expected price to an investor in an orderly transaction.
- Common/Collective Trusts – Valued based on an appraisal or calculated and assigned by a general or managing partner of the vehicle in which the investment is held.

2. a. Pension Plan Investments

The City's two separate defined benefit pension plans are the Jacksonville Retirement System and the Police and Fire Pension Plan. Investments in the City's two plans are governed by state statute and locally adopted investment policies. These policies establish investment objectives and guidelines for the portfolio as a whole, for each individual manager, as well as by instrument and issuer. The following schedules are presented for only the Jacksonville Retirement System and Police and Fire Pension Fund investments:

3. CASH, INVESTMENTS AND SECURITIES LENDING (continued)

B. Investments and Investment Practices (continued)

3. Interest Rate Risk

Interest rate risk is controlled primarily through duration, which is a measure that approximates the change in value of a bond, or bond portfolio, for a given change in interest rates. In general, shorter duration measures are less sensitive to interest rate shifts, while longer durations are more sensitive. To limit the portfolio volatility associated with changes in interest rates, the City’s Investment Policy Statement restricts the average duration of the overall portfolio to a range of 0.75 – 5.00 years, of which, no more than 7.5% of the individual securities in the portfolio can have a duration greater than 8.5 years. This guideline applies to all investment types underlying the portfolio including, but not limited to, government, agency, corporate, international, and mortgage-backed securities, as referenced in Section 3. B. 1.

4. Credit Quality

The Operating and Pension portfolios measure credit quality of the fixed income holdings contained therein using Moody’s rating schedule. Within the Operating Portfolio, the City’s Investment Policy Statement is designed to control credit risk by requiring both, minimum amounts that must be invested in the highest quality U.S. Government securities, as well as a maximum limit of 9.0% of the normal portfolio balance in non-investment grade securities. This is reported and monitored monthly by the Investment Committee and staff. Credit Quality for the Pension Plan is reported on a quarterly basis and is monitored by the Pension Board of Trustees, staff to the board, and by the plan’s consultant. Credit Quality reports are provided on the overall portfolios to illustrate the credit risk at fiscal-year end.

Operating Portfolio		Credit Quality September 30, 2021	
		General Employee Pension Plan	Police and Fire Pension Fund
Quality Breakdown	Portfolio (%)	Portfolio (%)	Portfolio (%)
Aaa	45.8%	27.7%	15.4%
Aa1-Aa3	5.1%	0.3%	1.8%
A1-A3	10.4%	4.2%	8.9%
Baa1-Baa3	14.6%	16.6%	23.0%
Ba1-Ba3	2.5%	0.3%	5.9%
Other	8.4%	-1.1%	45.0%
Commingled	13.3%	52.0%	0.0%
	100%	100%	100%

Ratings definitions:

Treasury – United States Treasury Securities (Included in Aaa)

Agency – Government Agency Securities (Included in Aaa)

Aaa (AAA) – Highest Investment Grade Quality Rating

Aa1–Aa3 (AA+ to AA-) – Medium Investment Grade Quality Rating

A1-A3 (A+ to A-) – Medium Low Investment Grade Quality Rating

Baa1-Baa3 (BBB+ to BBB-) – Lowest Investment Grade Quality Rating

Ba1-Ba3 (BB+ to BB-) – Highest Non-investment Grade Quality Rating

Commingled – Securities that are not applicable to Quality Ratings - they predominantly represent mutual funds that are listed and valued as a whole, not individual holdings, as well as minor exposure to non-investment grade securities.

NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

3. CASH, INVESTMENTS AND SECURITIES LENDING (continued)

B. Investments and Investment Practices (continued)

5. Custodial Credit Risk

The custodial relationship for General Investments and Pension plans are governed by written agreements that are executed by all parties and specifies that, all securities owned and cash held by the City or its Pension plans shall be held in the City's, or its nominee's, name in an account separate from all other accounts maintained by the custodian and shall at all times, while in the custody of the Custodian, be designated as an asset of the City or its Pension Trust.

6. Foreign Currency

The City has nominal exposure to foreign currencies due to investments in non-U.S. markets implemented through our money managers' portfolios. Foreign currencies will fluctuate relative to the U.S. dollar, but it is believed that the diversification benefits outweigh potential risks. Given the limited exposure, foreign currency risk is considered minor.

C. Securities Lending

The City participates in securities lending with both its Operating and Pension portfolios. The City has a contract with its custodian, The Bank of New York Mellon (the City's Operating Portfolio and the Jacksonville Retirement System) that allows the custodian, acting as agent, to lend securities held in the portfolios with the intent of generating additional interest income. Securities are loaned against collateral valued at a minimum of 102% of the fair value of the securities plus any accrued interest. If the broker/dealer fails to return the security upon request, the custodian, acting as agent, will utilize the collateral to replace the security borrowed.

The securities loaned are on a rolling daily basis and the cash collateral can be deposited and/or withdrawn from the investment on a daily basis. The weighted average duration of the collateralized loans at September 30, 2021, was 80 days for the City's Operating Portfolio and 108 days for the Jacksonville Retirement System.

NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

3. CASH, INVESTMENTS AND SECURITIES LENDING (continued)

C. Securities Lending (continued)

The net asset value of the collateral may fluctuate and potentially subject the City to credit risk if the above-mentioned 102% daily adjusted collateral were to fall below 100%. As of September 30, 2021, the City of Jacksonville maintained a sufficient 102% collateral on loaned securities. During the fiscal year ended September 30, 2021; Securities Lending net income was \$108.3 thousand (\$27.3 thousand Operating, \$81.0 thousand Jacksonville Retirement System).

The City reviews the custodian's securities lending operations on a monthly basis to ensure the appropriate risk/return trade-off. For accounting purposes, the Statements of Net Position and Changes in Net Position reflect the increase in assets, liabilities, interest income and expense associated with securities lending activity.

5. PROPERTY TAXES

A. Ad Valorem Property Taxes:

Property tax collections are governed by Chapter 197, Florida Statutes. The Duval County Tax Collector bills and collects all property taxes levied within the consolidated city/county. Discounts of 4, 3, 2, and 1% are allowed for early payment in November, December, January, and February, respectively. The total millage rate levied by the City was 11.44190 for the fiscal year ended September 30, 2021.

The Florida Constitution, as amended under Article VII, Section 4, limits the increase in homestead property valuations for ad valorem tax purposes to a maximum of the lesser of (i) three percent (3%) of the assessment for the prior year, or (ii) the percent change in the Consumer Price Index for the preceding calendar year. The first tax year in which the limitations of these constitutional provisions applied was January 1, 1995. Calendar year 1995 is the base year upon which assessed just value of the homestead property is determined. For non-homesteaded property, increases are capped at 10% of the previous year's assessed value, regardless of market value changes. This process is referred to as "recapture" and was enacted into law in 2009. It does not apply to any millage levied by the School Board. (Section 193.1555 FS)

B. Property Tax Calendar:

The Tax Collector remits collected taxes at least monthly to the City. The City recognizes property tax revenue as it is received from the Tax Collector since virtually all taxes levied will be collected through the tax collection process within the fiscal year levied. The calendar of events is as follows:

January 1	Property taxes are based on assessed value at this date as determined by the Duval County Property Appraiser.
July 1	Assessment roll approved by the state.
September 30	Millage resolution approved by the City Council.
October 1	Beginning of fiscal year for which taxes have been levied.
November 30	Last day for 4% maximum discount.
April 1	Unpaid property taxes become delinquent.
May 31	Tax certificates are sold by the Duval County Tax Collector by this date. This is the first lien date on the properties.

Transfers between funds are made in the normal course of operations and are for the operational support of the fund receiving the transfer. In fiscal year 2021, transfers in support of Debt Service Funds were approximately 50% of total transfers. A large portion of the transfers out of the General Fund was in support of Non-Major Governmental funds, the largest being Special Revenue funds. Transfers from the General Fund include support of Major Enterprise funds, including the City Venues, Solid Waste, and Special Bonded Debt. Internal Service funds which include Fleet, Information Technologies, and Self Insurance received support from the General Fund.

7. INTERFUND RECEIVABLES, PAYABLES, ADVANCES, AND TRANSFERS (continued)

In fiscal year 2003, the City passed an ordinance to enter into a redevelopment agreement with Vestcor Companies and its subsidiaries for the redevelopment of the Lynch Building as a City historic landmark. In fiscal year 2003, the City used internal self-insurance funds, in an amount of \$17,816,000, to provide permanent financing for the Lynch Building project. The self-insurance fund will be repaid on an annual basis with funds from the Northbank Downtown Tax Increment District. The terms of the repayment are a 30-year amortization, with a 20-year term at a fixed interest rate of 6% per year. Annual payments are \$800,000 which includes both principal and interest. The balance of the loan at September 30, 2021 \$8,462,417.32 which is recorded in the Self Insurance Fund as other receivables noncurrent.

Vestcor will repay the City an amount of \$17,816,000 to the Downtown Economic Development fund as created by ordinance 2000-1079-E. The terms of the repayment is a 40-year amortization, with a 20-year term at a fixed interest rate of 1.525% per year. Annual principal and interest payments were initially scheduled for \$595,248 but were reduced to interest-only payments for the three-year period beginning March 1, 2010. The deferred principal payments were added to the balloon payment. A second modification agreement (Ordinance 2014-280) allowing suspension of half of the principal payments for a period of three years from October 2013 to September 2016 was approved by Council. Deferred principal payments have been added to the balloon payment which is now \$12,125,133 due on August 1, 2023. The balance of the loan at September 30, 2021 was \$12,899,749 which is recorded in the Downtown Economic Development Fund.

The City’s Covenant Bond program allows for the issuance of debt which has both a stated maturity date and a designated maturity date. The stated maturity date is the initial maturity as the bond was sold, whereas the designated maturity date reflects the City’s intended maturity after a series of rolls/refundings. At each stated maturity the City can retire the maturing amount in whole or in part or refund the maturing bonds as a part of its annual capital borrowing into another stated maturity, variable rate debt, or fixed rate debt amortized to maturity as determined by then market conditions. There can be no assurance that the stated debt maturities can be revised in accordance with management’s intended plan. As of September 30, 2021, the City had retired all of its previously outstanding debt of this type.

8. LONG-TERM OBLIGATIONS (continued)

D. Reconciliation of Debt Issued with Financial Reporting Classifications:

Certain of the City’s bonds issued in a single transaction are for assets acquired or constructed for both governmental and business-type activities. As a result, the financial statements report debt outstanding and the related debt service for that combined transaction in both governmental and business-type activities in the relative proportion of the cost of the underlying assets acquired or constructed. When individual business-type revenues are not sufficient to pay for operations inclusive of allocated debt service, inter-fund transfers are made in amounts to address the shortfall. The following table shows the original combined issue amount and where the debt is reported (in thousands).

Bond Series	Original Amount Issued	Outstanding debt reported in		Total Amount Outstanding
		Governmental Activities	Business-type Activities	
BJP Infrastructure Sales Tax Revenue Bonds:				
Series 2012	280,050	142,580	41,480	184,060
Series 2012A	114,890	41,095	73,795	114,890
Special Revenue Bonds:				
Series 2014	100,160	93,517	1,713	95,230

8. LONG-TERM OBLIGATIONS (continued)

E. Pledged Revenues:

The City has formally committed to secure certain debt issued by the City with specific future revenues. A summary of those debt issues and the related pledged revenues follows. The detailed listing of individual series by pledge source is included in Note 8A.

	Range of remaining term	Approximate future principal and interest	Current year revenue received	Current year principal and interest	Principal and interest as % of revenue
Better Jacksonville					
Transportation Sales Tax:	2023 - 2038	476,031,020	115,750,880	31,265,612	27.0%
Better Jacksonville					
Infrastructure Sales Tax:	2024 - 2031	477,812,443	103,852,666	45,696,118	44.0%
with SIB Loans:	2022 - 2031	484,767,042	103,852,666	52,141,718	50.2%
Sports Facilities Capital					
Improvement Revenues:	2031	95,695,500	47,033,981	10,081,000	21.4%

Better Jacksonville Transportation Sales Tax - Bonds have been issued to fund acquisition and construction of road, bridge, drainage and other transportation projects, and are supported by a pledge against the discretionary half-cent Transportation Sales Tax and Gas Tax.

Better Jacksonville Infrastructure Sales Tax - Bonds have been issued to fund the acquisition and construction of capital projects constituting part of the Better Jacksonville Plan, and are supported by a pledge against the discretionary half-cent Infrastructure Sales Tax.

Sports Facilities Capital Improvement Revenues - Bonds have been issued to fund renovations to the Municipal Stadium, and are supported by a pledge against the proceeds of Franchise Fees, 15% of the Communications Services Taxes, Sports Facility Sales Tax Rebates, Convention Development Taxes and the Sports Facilities Tourist Development Taxes.

8. LONG-TERM OBLIGATIONS (continued)

F. New Indebtedness Issued:

On October 29, 2020, the City closed on the sale of \$155.04 million Taxable Transportation Refunding Revenue Bonds, Series 2020. The 2020 bonds have a true interest cost of 1.62%, an average coupon rate of 1.57% with no mandatory sinking schedule and a maturity date of October 1, 2031. The proceeds of the 2020 bonds were used to refund the City's Transportation Revenue Bonds, Series 2012A maturing in years 2023 through 2031. The issuance provided net proceeds of \$155.04 million, which is inclusive of underwriter's discount and cost of issuance totaling \$1.00 million. The refunding of the Taxable Transportation Refunding Revenue Bonds, Series 2020 resulted in net PV savings of \$20.99 million and a decrease in aggregate debt service in the amount of \$35.14 million.

On August 12, 2021, the City closed on a \$16.53 million bank loan referred to as the Better Jacksonville Sales Tax Refunding Revenue Bond, Series 2021. The 2021 loan has a true interest cost of .43%, an average coupon rate of .43% with no mandatory sinking schedule and a maturity date of October 1, 2023. The proceeds of the 2021 loan were used to refund the City's outstanding Better Jacksonville Sales Tax Refunding Revenue Bonds, Series 2011. The agreement provided net proceeds of \$16.53 million, which is inclusive of the cost of issuance totaling \$50k. The refunding of the Better Jacksonville Sales Tax Refunding Revenue Bonds, Series 2011 resulted in net PV savings of \$1.07 million and a decrease in aggregate debt service in the amount of \$1.08 million.

On September 22, 2021, the City closed on the sale of \$97.90 million Special Revenue Bonds, Series 2021A. The 2021A bonds have a true interest cost of 1.92%, an average coupon rate of 4.52% with no mandatory sinking schedule and a maturity date of October 1, 2041. The proceeds of the 2021A bonds were used to finance and refinance the acquisition and construction of certain capital equipment and improvements for the City (\$90.50 million) and to fix out a portion of the City's outstanding commercial paper debt (\$29.80 million). The issuance provided net proceeds of \$121.05 million, which is inclusive of underwriter's discount and cost of issuance totaling \$753k.

On September 28, 2021, the City closed on the sale of Commercial Paper Notes in the amount of \$7.30 million for the purposes of funding short-term projects, and interim funding for long-term projects, with an initial interest rate of .07%.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

8. LONG-TERM OBLIGATIONS (continued)

G. Additional Debt Disclosures, including Direct Borrowing and Direct Placements:

The City has authorized the issuance of its commercial paper notes in the aggregate principal amount of up to \$150,000,000 outstanding at any one time; however, such amount is limited to the capacity of an applicable credit facility. On September 8, 2021, the City amended and extended its existing letter of credit with Bank of America, N.A. (the “Credit Facility Provider”), the sole credit facility supporting its commercial paper program. The letter of credit supports the issuance of \$100,000,000 in principal amount of commercial paper notes. The letter of credit has a stated expiration date of September 8, 2023, subject to reduction and earlier termination in accordance with its terms. The commercial paper notes are payable from certain excise taxes and the local government half cent sales taxes received by the City and are issued on a junior and subordinate basis to certain outstanding and future senior lien debt issued by the City and payable from excise taxes or local government half cent sales taxes.

As of September 30, 2021, \$32,300,000 in commercial paper notes were outstanding. In the event of a default under the reimbursement agreement governing the letter of credit, the Credit Facility Provider may reduce the stated amount of the letter of credit to the amount then outstanding under the letter of credit, issue a final drawing notice which would terminate the letter of credit 15 days after receipt thereof, or seek enforcement under the authorizing ordinance by law or equity, by suit, action or mandamus, or other proceeding, including the right to appoint a receiver to enforce and compel performance under the ordinance.

8. LONG-TERM OBLIGATIONS (continued)

H. Non-Asset Debt:

The City has issued debt for the benefit of its component units or other public use entities where the asset acquired or constructed will not be owned by the primary government. An expense is recorded by the City instead of a capital asset on the citywide statements, while the debt remains as a liability of the City. The following is a listing of the outstanding debt in the Governmental Activities that was issued for non-asset backed debt (in thousands):

<u>Debt Type</u>	<u>Entity or Purpose</u>	<u>Amount</u>
<u>Special Revenue Bonds</u>		
Special Revenue Refunding Bonds, Series 2012C	Shands Jacksonville Medical Center	23,715

8. LONG-TERM OBLIGATIONS (continued)

I. Defeased Debt:

The City has defeased certain serial bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the City’s financial statements.

As of September 30, 2021, the City had legally defeased the following bond maturities (in thousands):

Issue	Refunded by	Principal Balance at September 30, 2021	Investment Balance with Escrow Agent at September 30, 2021 (a)
Special Revenue Bonds, Series 2011A	Taxable Special Revenue and Refunding Bonds, Series 2020C	82,695	84,751
Special Revenue Bonds, Series 2010B	Cash Defeased	15,420	15,806
Special Revenue Bonds, Series 2011B	Cash Defeased	15,425	15,811
Better Jacksonville Sales Tax Refunding Revenue Bonds, Series 2011	Better Jacksonville Sales Tax Refunding Revenue Bonds, Series 2021	24,140	24,744

CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021

8. LONG-TERM OBLIGATIONS (continued)

J. Conduit Debt:

The City issued certain conduit debt in the form of industrial development revenue bonds (IDB's) and private activity bonds (PAB's) to provide financial assistance to private-sector entities for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest. Conduit debt refers to certain limited-obligation revenue bonds or similar debt instruments issued by the City for the express purpose of providing capital financing for a specific nongovernmental third party. Although conduit debt bears the name of the City as issuer, it is collateralized by the resources provided by the loan with the third party on whose behalf they are issued. The City acts solely as a conduit issuer with respect to the debt.

Conduit debt is collateralized by the property financed and is payable solely from payments received on the underlying mortgage loans. Upon repayment of the IDB's and PAB's, ownership of the acquired facilities transfers to the private-sector entity on whose behalf the bonds were issued. None of the assets or revenues of the City are pledged to the payment of IDB's or PAB's and under the constitution and laws of Florida, the City may not legally pledge any of its revenues or assets to the payment thereof. Neither the City, the state, nor any political subdivision thereof is obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements.

As of September 30, 2021, the City had \$98,285,850 IDB's and PAB's total principal outstanding. From time to time, certain issues of such conduit debt may be in default or under investigation as to tax-exempt status of interest on such debt, however, this has no effect on the City's financial position.

As of September 30, 2021, the City had a total of \$225,393,076 in conduit debt consisting of Jacksonville Housing Finance Authority, formerly Duval County Housing Finance Authority Single Family and Multi-Family Bonds outstanding. The amount of Single-Family Housing Revenue Bonds outstanding was \$0. The amount of Multi-Family Housing Bonds outstanding was \$225,393,076. Refunding of previous issues make up \$0 of the total amount outstanding.

As of September 30, 2021, outstanding conduit debt includes \$403,357,055 Jacksonville Health Facilities Authority Bonds outstanding.

CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021

9. A. PENSION PLANS

The City's pension plans adopted GASB Statements No. 67, Financial Reporting for Pension Plans, No. 68, Accounting and Financial Reporting for Pensions, No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date—an amendment of GASB Statement No. 68, No. 73, Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68 and No. 82 Pension Issues - and amendment of GASB Statements No. 67, No. 68 and No. 73. These Statements modify financial reporting by state and local government pension plans that present pension trust funds. Accordingly, disclosures required for the City's pension plans are presented in accordance with GASB Statement No. 67, and disclosures required for employers regarding pension plans are presented in accordance with GASB Statement No. 68 as modified by GASB Statement No. 71, GASB No. 73 and GASB Statement No. 82, Pension Issues – an amendment of GASB Statements 67, 68 and 73 required for fiscal periods beginning after June 15, 2016.

1. Summary of Significant Accounting Policies

- a) **Basis of Accounting** – The City's pension trust financial statements are prepared using the accrual basis of accounting. Contributions, benefit payments and refunds are recognized when due and payable in accordance with the terms of each plan. The Florida Constitution and the Division of Retirement requires plan contributions be made annually in amounts determined by an actuarial valuation stated as a percent of covered payroll or in dollars. The Florida Division of Retirement reviews and approves the City's actuarial report to ensure compliance with actuarial standards.
- b) **Method Used to Value Investments** – Investments are reported at fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. The fair value of real estate investments is based on independent appraisals or estimates of fair value as provided by third party fund managers. Investments that do not have an established market are reported at estimated fair value as provided by third party fund managers. Investments are managed by third party money managers while cash and securities are generally held by the City's independent custodian. The City receives a monthly reconciliation of any material differences in pricing by the custodian and manager.

2. Plan Description

- a) **Plan Administration** - The City sponsors two public employee retirement systems (PERS) administered by separate pension boards of trustees that provide retirement, death and disability benefits: the City of Jacksonville Retirement System (JRS) and the Police and Fire Pension Plan. The JRS arises out of Chapter 16 of the City Charter, Chapter 120 of Ordinance Code of the City of Jacksonville, and Chapter 112, Part VII, Florida Statutes. The City Council is responsible for establishing or amending the pension plan provisions. The Police and Fire Pension Plan (PFPF) is administered independently by a five-member board. Substantially all employees of the City participate in one of these two plans with less than 1% of City employees participating in the State of Florida Retirement System.

The JRS is a multiple employer cost sharing, contributory defined benefit pension plan with a defined contribution alternative. JRS includes both the General Employees' Retirement Plan (GERP) and the Corrections Officers' Retirement Plan (CORP). Effective October 1, 2009, the City added an employee choice defined contribution alternative to the defined benefit plan for all members of the GERP. The City hired a third-party administrator to assist employees with the management of their individual accounts within a number of investment options including model portfolios.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

9. A. PENSION PLANS (continued)

2. Plan Description (continued)

a) Plan Administration (continued)

All full-time employees of the City, JEA (Jacksonville Electric Authority), JHA (Jacksonville Housing Authority) and NFTPO (North Florida Transportation Planning Authority) were eligible to participate in GERP.

All certified Corrections Officers employed by the City were eligible to participate in the CORP upon employment. There are no separately issued financial statements for the City of Jacksonville Retirement System.

As of September 30, 2017, the City's pension plans in JRS and the PFPF were closed to new employees in favor of the defined contribution plan. This was the result of pension reform efforts that included the creation of a Pension Liability Surtax to fund underfunded defined benefit pensions, passage of a local referendum in Fiscal Year 2016 to approve the Surtax, and adoption of legislation by the City Council in April 2017 to approve the reform plans and dedicate the Surtax as a funding source for the City's three defined benefit pension plans. The Pension Liability Surtax will go into effect after the termination of the Local Infrastructure Sales Surtax, which will occur no later than December 31, 2030, and will remain in effect until the earlier of December 31, 2060, or when it is determined by actuarial report to the Florida Department of Management Services that the funding level of each of the City's three defined benefit pension plans are expected to reach or exceed a 100% funding level in that year.

- b) The Jacksonville Retirement System's defined benefit pension plans are administered by a nine (9) member Board of Trustees. The Board is comprised of the following officers:
- i. The Chief Administrative Officer of the City or designee;
 - ii. The Chief Financial Officer or designee;
 - iii. The Chief Human Resources Officer;
 - iv. The Chairperson of the General Employees' Pension Advisory Committee;
 - v. The Chairperson of the Corrections Officers' Pension Advisory Committee;
 - vi. A GERP retiree chosen by the Retired Employees' Association;
 - vii. A retired corrections officer chosen by the Corrections Officers' Advisory Committee.
 - viii. Two citizens appointed by the City Council with professional experience in finance, investments, economics, pension management, pension administration and/or accounting.

The General Employees' Pension Advisory Committee consists of seven (7) members. Six (6) members are elected from among the active contributing participants of the GERP and one (1) member is a retiree elected by the Retired Employees Association. Committee members are elected in even years for a two (2) year term. The Pension Advisory Committee performs all fact-finding duties for retirement benefit applications, recommends approval or denial of benefits and reviews all applications to participate in the GERP to the Board of Trustees.

The Corrections Officers' Pension Advisory Committee consists of five (5) members who must be active contributing members of the CORP. Committee members are elected in even years for a two (2) year term. The Corrections Officers' Pension Advisory Committee performs all fact-finding duties for retirement benefit applications, recommends approval or denial of benefits and all applications to participate in the CORP to the Board of Trustees.

 NOTES TO FINANCIAL STATEMENTS
 FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

9. A. PENSION PLANS (continued)

3. The Police and Fire Pension Plan is a single-employer contributory defined benefit pension plan covering all full-time certified police officers and firefighters employed by the City of Jacksonville Sheriff’s Office and Fire and Rescue Department, respectively. The separately issued financial statements for the PFPF are available from the Police and Fire Pension Fund, located at One West Adams Street, Suite 100, Jacksonville, FL 32202.

4. Plan Membership

Pension plan membership consisted of the following:

Pension Membership

	Jacksonville Retirement System		
	General	Corrections	Police
	Employee's	Officers'	and Fire
	Pension Plan	Pension Plan	Pension Plan
Membership:	As of 10/1/2020	As of 10/1/2020	As of 10/1/2020
Retirees and beneficiaries currently receiving benefits	5,218	349	3,011
Deferred retirement option (DROP) participants	-	58	56
Terminated employees vested, not yet receiving benefits	156	17	83
Active employment plan members	3,663	471	2,236
Total plan membership	9,037	895	5,386

5. Plan Benefits Provided:

- a) **General Employee Retirement Plan** was closed for new employees of the City of Jacksonville, JEA (Jacksonville Electric Authority), JHA (Jacksonville Housing Authority) and NFTA (North Florida Transportation Planning Authority) - other than police officers and firefighters hired after October 1, 2017. Appointed officials and permanent employees not in the civil service system may opt to become members of the Retirement System. Elected officials are members of the Florida Retirement System - Elected Officer Class. Participation in the Retirement System was mandatory for all full-time employees of the City who otherwise meet the requirements for participation. Members of the GERP are eligible to retire with a normal pension benefit upon achieving one of the following:
- i. Completing thirty (30) years of credited service, regardless of age;
 - ii. Attaining age fifty-five (55) with twenty (20) years of credited service; or
 - iii. Attaining age sixty-five (65) with five (5) years of credited service.
 - iv. There is no mandatory retirement age.

Upon reaching one of the three conditions for retirement described above, a member is entitled to a retirement benefit of two and one-half (2.5) percent of final average compensation, multiplied by the number of years of credited service, up to a maximum benefit of eighty (80) percent of final monthly compensation. A time service retirement benefit is payable bi-weekly to commence upon the first payday coincident with or next payday following the member’s actual retirement and will continue until death.

Each member and survivor is entitled to a cost-of-living adjustment (“COLA”). The COLA consists of a three (3) percent increase of the retiree’s or survivor’s pension benefits, which compounds annually. The COLA commences in the first full pay period of April occurring at least 4.5 years (and no more than 5.5 years) after retirement. In addition, there is a supplemental benefit. The supplemental benefit is equal to five dollars

NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

9. A. PENSION PLANS (continued)

5. Plan Benefits Provided (continued)

a) General Employee Retirement Plan (continued)

(\$5) multiplied by the number of years of credited service. This benefit may not exceed one-hundred and fifty dollars (\$150) per month.

b) **The Corrections Officers' Retirement Plan** was closed to all new hires after October 1, 2017. It consists solely of Corrections Officer employees of the City. Participation in the Retirement System was mandatory for all full time Corrections Officers of the City who otherwise meet the requirements for participation. Members of the Corrections Officers' Retirement Plan are eligible to retire with a full pension benefit upon achieving one of the following:

- i. completing twenty (20) years of service, regardless of age; or
- ii. attaining age sixty-five (65) with five (5) years of service.
- iii. There is no mandatory retirement age.

Upon reaching one of the above-described conditions required for a time service retirement.

A member's time service retirement benefit is calculated as follows:

- i. The first twenty (20) years of credited service are multiplied by three (3) percent of final monthly compensation, up to a maximum of sixty (60) percent of final monthly compensation.
- ii. For service time beyond twenty (20) years of credited service, the number of years and months in excess of twenty (20) years is multiplied by two (2) percent of final monthly compensation, up to a maximum of twenty (20) percent of final monthly compensation.

A member's time service retirement benefit may not exceed eighty (80) percent of final monthly compensation. A time service retirement is payable on a bi-weekly basis and will continue until death.

Each member and survivor is entitled to a cost-of-living adjustment ("COLA"). The COLA consists of a three (3) percent annual increase of the retiree's or survivor's pension benefits, which compounds annually. In addition, there is a supplemental benefit equal to five dollars (\$5) multiplied by the number of years of credited service. This benefit may not exceed one-hundred and fifty dollars (\$150) per month.

The Deferred Retirement Option Program ("DROP") is a program in which a member defers receipt of normal retirement benefits while continuing employment with the City. If a member elects to participate in the DROP, they must terminate their employment with the City of Jacksonville and retire from service no later than the end of the DROP participation period previously designated. Upon the effective date of participating in the DROP, a member's years of service and final monthly compensation become frozen for purposes of determining pension benefits. Additional service beyond the date of DROP participation no longer accrues any additional benefits under the Retirement System.

The deferred monthly retirement benefits accrue in the Corrections Officers' Pension Plan on behalf of the member, plus interest compounded monthly, for the time of DROP participation. The interest paid on the DROP balance accrues at the same rate as the investment portfolio held by the Retirement System. In addition, the Corrections Officers' Pension Plan will deduct two (2) percent from base pay and any service raise of DROP

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS

9. A. PENSION PLANS (continued)

5. Plan Benefits Provided (continued)

b) The Corrections Officers' Retirement Plan (continued)

participants as their member contributions instead of the normal ten (10) percent deduction. Upon termination of employment, the member will receive the total DROP benefits and begin to receive the previously determined normal retirement benefits. The money that accumulates during DROP participation may be distributed in accordance with the criteria set forth in Municipal Code Section 120. The balance of the DROP benefits held in trust for DROP Participants totaled \$11.9 million as of September 30, 2021.

- c) **The Police and Fire Pension** plan which provides retirement, disability and death benefits for Police Officers and Firefighters was closed to new hires after October 1, 2017. Retirement benefits are calculated as 3 percent of the employee's final 2-year average salary times the employee's years of service up to 20 years and 2 percent thereafter (80 percent maximum benefit). Employees with 5 or more years of continuous service are eligible to retire at 20 years from the date of employment. Benefits are increased 3 percent annually after retirement.

Employees are eligible for non-duty related death and disability benefits after 10 years of service and for duty-related death and disability benefits upon hire. Terminated vested employees have the option to withdraw their contributions, while non-vested terminated employees must withdraw their contributions.

In April 2017, the City Council passed legislation dedicating a Pension Liability Surtax as a funding source for the General Employees' Retirement Plan, Corrections Officers' Plan and the Police and Fire Pension Plan. The benefits that were modified in 2015, impacting both existing employees and new hires were repealed by the new legislation. The bill deleted the definition of Group I and Group II members (hired before and after the effective date of Ordinance 2015-304-E) and provides that no employee hired on or after October 1, 2017 is eligible for membership in the Police and Fire defined benefit pension plan. All new hires must be a member of the defined contribution plan. The employee contribution rate to the defined benefit pension is increased from 8% to 10% of salary and the employer contribution is set as the actuarially determined Employer Contribution as provided in relevant statutes and ordinances. For a full breakdown of the new benefit package please see City Ordinance Code Section 121, Part 2.

For a full description of benefits provided by PFPF, refer to the separately issued financial statements for the Police and Fire Pension Plan that are available from the Police and Fire Pension Fund, located at One West Adams Street, Suite 100, Jacksonville, FL 32202.

d) Florida Retirement System

Plan Description - The City also participates in the Florida Retirement System (FRS), a multiple-employer cost-sharing retirement system which covers less than 1% of the City's full-time employees. FRS is a defined-benefit contributory retirement plan, administered by the State of Florida, Division of Retirement. The System provides vesting of benefits after six years of creditable service. Members are eligible for normal retirement after they have met one of the following: (1) after 30 years of service regardless of age; (2) six years of service and age 62; or (3) 25 years special risk service (age 55 if not continuous). Early retirement may be taken any time after completing six years of service; however, there is a 5% benefit reduction for each year prior to normal retirement. Benefits are computed on the

9. A. PENSION PLANS (continued)

5. Plan Benefits Provided (continued)

d) Florida Retirement System (continued) -

basis of age, average final compensation, and service credit. Average final compensation is the average of the five highest years of earnings. The System also provides death and disability benefits. Benefits are established by state statutes.

The funding methods and the determination of benefits payable are provided in various Acts of the State Legislature. These Acts require that employers make actuarially determined contributions at the rates in effect as of October 1, 2020, of 3.44% for regular members, 7.60% for special risk members, 37.39% for elected county officials, 19.18% for senior management, and 8.26% for DROP Plan members.

For a full description of benefits and historical trend information showing the progress in accumulating sufficient assets to pay benefits when due, is presented in the Florida State Retirement System's June 30, 2020 annual financial report. The report may be obtained from the State of Florida, Department of Management Services, Division of Retirement P.O. Box 9000, Tallahassee, Florida 32315-9000.

e) Jacksonville Beach Firefighters' Retirement Plan –

Effective November 19, 2019, the City of Jacksonville entered into an agreement with the City of Jacksonville Beach to provide advanced life support and fire services to residents and businesses of Jacksonville Beach. The Jacksonville Beach firefighters became employees of the City of Jacksonville. At that time, the Jacksonville Beach Firefighters' Retirement Plan was closed to new members. Each firefighter in active service on the effective date was given the opportunity to individually elect to continue participating in the Jacksonville Beach Firefighters' Retirement Plan or join the City of Jacksonville's defined contribution retirement plan. Those who elected to continue participating in the Jacksonville Beach Firefighters' Retirement Plan must continue to make legally required contributions and accrue service benefits under the Plan for as long as they are employed as certified firefighters by the City of Jacksonville.

The City of Jacksonville Beach will continue to be the plan administrator and is responsible for the unfunded actuarial accrued liability as determined by the plan actuary as of November 22, 2019. The City of Jacksonville Beach agreed to pay the unfunded liability (representing a fixed contractual obligation) at that time totaling \$5,318,174 into the Plan over a 10-year period. Annual contributions towards the unfunded liability are \$707,653 including interest. The City of Jacksonville is responsible for paying the total required contribution to the Jacksonville Beach Firefighters' Pension Plan and estimated annual employee contributions attributable to services rendered after November 23, 2019.

Jacksonville Beach Firefighter Plan is supported by member contributions, property insurance premium tax monies received from the State pursuant to Chapters 175 Florida Statutes, Local Employers' contributions (from the cities of Jacksonville and Jacksonville Beach), and investment income from Retirement System assets.

 NOTES TO FINANCIAL STATEMENTS
 FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

9. A. PENSION PLANS (continued)

5. Plan Benefits Provided (continued)

e) Jacksonville Beach Firefighters' Retirement Plan (continued)

Plan Description –

Members are eligible for normal retirement after they have met one of the following: (1) Thirty years of service and any age; (2) Twenty-five years of service and age 52; or (3) Ten years of service and age 55. Pension benefit is 3% for each year of service. Additional provisions include cost of living increase and death benefits .

For a full description of benefits and historical trend information showing the progress in accumulating sufficient assets to pay benefits when due, is presented in the City of Jacksonville Beach's September 30, 2021 annual report. The report may be obtained from the City of Jacksonville Beach, 11 North Third Street, Jacksonville Beach, FL 32250.

6. Contributions - The Florida Constitution requires plan contributions be made annually in amounts determined by an actuarial valuation in either dollars or as a percentage of payroll. The Florida Division of Retirement reviews and approves the City's actuarial reports to ensure compliance with actuarial standards and appropriateness for funding purposes.

**Pension Contributions
 (in thousands)**

	Jacksonville Retirement System		
	General Employees' Pension Plan	Corrections Officers' Pension Plan	Police and Fire Pension Plan
Required Employee Contribution Rate	10%	10%	10%
Employee Contributions for Fiscal Year Ended 2021	\$29,116	\$3,341	\$19,118
Required Employer Contribution Rate	33.40%	61.47%	83.27%
Employer Contributions for Fiscal Year Ended 2021	\$77,269	\$15,061	\$134,725

*Reserves were allocated to the City to be used to offset the Required Employer Contribution amount. The reserve balance was approximately \$16.3 million as of October 1, 2020. The City used \$13,750,947 in December 2020 as part of the advanced required Employer Contribution.

7. Pension Investments

a) **Investment Policy** - The purpose of the City of Jacksonville Retirement System Board and the Police and Fire Pension Board is to administer long-term benefits to the Plans' participants and their beneficiaries. It is the Board's intention that the investment policies be sufficiently specific to be meaningful but adequately flexible to be practical. The investment objective is to preserve the purchasing power of assets and earn a reasonable real rate of return (after inflation) over the long term while minimizing, to the extent reasonable, the short-term volatility of returns. After a thorough review of the expected

9. A. PENSION PLANS (continued)

7. Pension Investments (continued)

a) Investment Policy (continued)

risk and return of various asset mixes, the Boards of Trustees have established the following target asset allocations for all assets of the City of Jacksonville Retirement System and Police and Fire Pension Fund as indicated in the table below:

Asset Class	Jacksonville Retirement System Target	Police & Fire Pension Fund Target
Domestic equity	30.0%	37.0%
International equity	23.0%	20.0%
Fixed Income	20.0%	20.0%
Real estate	15.0%	13.0%
Diversifying Assets/Private Investments*	12.0%	10.0%
Total	100%	100%

*Inclusive of MLPs, Private Equity, and Private Credit

The investment policy statement for the Jacksonville Retirement System was ratified on July 1, 2021. There are no individual investments in JRS or PFPF Systems that exceed 5% of plan assets on September 30, 2021.

- b) **Rate of Return** – The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested. For the year ended September 30, 2021, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 21.32% for the Jacksonville Retirement System and 23.15% for the Police and Fire Pension Fund.

The long-term expected rate of return on pension plan investments is determined annually by the Board of Trustees of each plan. In determining the long-term expected rate of return, each Board considers the most up-to-date long-term capital markets assumptions of its investment consultant. The long-term capital market assumptions for each major asset class considered by both pension boards as of September 30, 2021, are summarized below:

Asset Class	Long-Term Expected Arithmetic Rate of Return
Large/Mid Cap Domestic Equity	7.25%
Small Cap Domestic Equity	8.50%
Developed Large/Mid Cap International Equity	9.00%
Emerging Markets Equity	11.25%
Core Fixed Income	2.50%
Global Fixed Income	1.75%
High Yield Fixed Income	7.50%
Emerging Market Debt (Hard Currency)	7.00%
Core Real Estate	5.75%
Non Core Real Estate	7.75%
MLPs	11.75%
Private Equity	10.00%
Private Credit	9.00%

NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

9. A. PENSION PLANS (continued)

8. Pension Plans: Net Pension Liability

a) The components of the net pension liability as of September 30, 2021 were as follows:

	Net Pension Liability		
	<i>(in millions)</i>		
	Jacksonville Retirement System		
	General Employee's Pension Plan	Corrections Officers' Pension Plan	Police and Fire Pension Plan
Net Pension Liability (in millions): 10/01/2021			
Total pension liability	\$ 3,390	\$ 481	\$ 4,254
Plan fiduciary net position	<u>2,005</u>	<u>240</u>	<u>2,020</u>
Net pension liability	\$ 1,385	\$ 241	\$ 2,234
Net position as a % of total pension liability	59.16%	49.92%	47.49%

Actuarial Methods and Assumptions:

Date of last actuarial valuation	October 1, 2020	October 1, 2020	October 1, 2020
Experience period	5 years	5 years	
Inflation	2.50%	2.50%	2.25%
Salary increases (Long-Term Payroll Inflation)	2.50%	2.50%	varied
Investment Rate of Return	6.80%	6.80%	6.90%
Discount Rate	6.80%	6.80%	6.90%
			PUB-2010
			Headcount Weighted
Mortality Tables in use	FRS Non-Special Risk Scale MP2018	FRS Special Risk Scale MP2018	Safety Healthy Employee

b) **Discount Rate:** The projection of cash flows used to determine the discount rate assumes plan member contributions are made at their applicable contribution rates and that the employer's contributions will be made at rates equal to the actuarially determined contribution rates. Based on these assumptions the Plans' fiduciary net positions are projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on the Plans' investments was applied to all periods of projected benefit payments to determine the total pension liability. Cash flow projections were run for a 120-year period.

c) **Sensitivity of the net pension liability to changes in the discount rate:** The following presents the net pension liabilities of the Plans, calculated using the discount rate and what the Plans' net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate.

	Net Pension Liability					
	<i>(in millions)</i>					
	General Employees' pension plan		Corrections Officers' pension plan		Police and Fire pension plan	
	Discount Rate	Net Pension Liability*	Discount Rate	Net Pension Liability	Discount Rate	Net Pension Liability
1% Decrease	5.80%	808	5.80%	310	5.90%	2,852
Current Rate	6.80%	627	6.80%	241	6.90%	2,233
1% Increase	7.80%	475	7.80%	185	7.90%	1,734

*Net Pension Liability represents the City of Jacksonville portion only.

Net Pension Liability	\$ 626,624	\$ 240,659	\$ 2,233,461

Notes to Schedule:

Change of Assumptions:

Jacksonville Retirement System: As of September 30, 2019, the assumed investment return was lowered from 7.00% to 6.90%. The mortality assumptions were changed from being based on the FRS mortality tables used in the July 1, 2018 FRS actuarial valuation for the nonspecial risk personnel to the FRS mortality tables used in the July 1, 2019 FRS actuarial valuation. The set forward used to adjust for the plan's experience for healthy pre- and post-retirement lives was changed from 2.5 years to 2.0 years with the adoption of the new base table. The mortality improvement scale was changed from scale BB to scale MP2018 in conjunction with this change.

Police & Firefighters' Pension: The investment return assumption was lowered from 7.0% to 6.9%.- The mortality assumption was updated to the current mortality assumption being used by the Florida Retirement System, which was updated effective July 1, 2019 by the FRS, as required by Florida Statutes. - Based on the Experience Study dated October 22, 2020, new salary increase rates, retirement rates, separation rates, disability rates, survivor rates and surviving spouse age differences were adopted to reflect observed experience over the 6-year experience study period reviewed.

C. DEFINED CONTRIBUTION PLANS

The City has, by ordinance established a Defined Contribution plan within the Jacksonville Retirement System for the general employee participants of the City of Jacksonville, Jacksonville Electric Authority, and the Jacksonville Housing Authority, as an alternative to the Defined Benefit plan. In April 2017, the City Council passed legislation that provides that no employee hired on or after October 1, 2017, is eligible for membership in the defined benefit pension plans. This legislation established a defined contribution retirement system which shall include a General Employees' Defined Contribution Plan (GEDC) and a Public Safety Defined Contribution Plan (PSDC) to include Police, Fire and Corrections employees. All provisions of these Defined Contribution Plans are administered and managed by the City.

Contributions to the GEDC plan, stated as a percentage of pay, were 8 percent for plan members and 12 percent for the employer. Contributions to the PSDC plan, stated as a percentage of pay, were 10 percent for plan members and 25 percent for the employer. A portion of the Member contributions of both Defined Contribution plans, equal to 0.3 percent, is used to fund disability and survivor benefits in the GEDC and PSDC. The City shall contribute such additional sums, as necessary, to fund the disability and survivor benefits on a sound actuarial basis. Employees vest in the employer contributions to the plan at 25% after two years, and 25% per year thereafter until fully vested after five years of service. Members may make additional contributions on an after-tax basis, to the extent permitted by law. Members may also rollover to the GEDC/PSDC plan benefits accrued in other qualified plans consistent with the then prevailing provisions of the Internal Revenue Code.

Total contributions were \$41.7 million for the 2020-21 fiscal year. Contributions totaling \$11.5 million was transferred into the DC plan for participants that converted from DB to DC in addition to employer and employee contributions. Employer Pension Expense totaled \$27.3 million comprised of employer contributions and investment management fees net of participant forfeitures in the amount of \$1.5 million.

NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

9. D. UNFUNDED PENSION LIABILITY

The City recorded its unfunded pension liability in the City-wide Governmental Activities financial statements. There was not an allocation of this liability to the proprietary funds/Business-type Activities or fiduciary funds as there is not an expectation that those type funds/activities will be paying or raising rates to pay for the unfunded liability.

Police and Fire Pension and Corrections Pension are governmental fund activities, so their entries are recorded in the City-wide Governmental Activities financial statements as well.

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

10. POST EMPLOYMENT BENEFITS OTHER THAN PENSION (OPEB)

Implementation of GASB #75:

The Government Accounting Standards Board (GASB) issued GASB #75 in June 2015 to replace GASB #45, with an effective date for fiscal years beginning after June 15, 2017, thus the City's FY2018 reporting year.

Summary of GASB #75 versus GASB #45 key changes:

- 1) The City must now recognize the total OPEB liability, as opposed to an amortized portion of the liability (the Net OPEB Obligation).
- 2) The annual OPEB expense replaces the Annual Required Contribution (ARC), with faster recognition than what was previously required.
- 3) The entry age normal cost method is required to determine the liability.
- 4) The discount rate is based on employer's assets and calculation of Actuarial Determined Contribution (ADC) if prefunding. If the plan is unfunded, the 20-year tax exempt municipal bond yield is used.
- 5) Enhanced disclosures of historical contributions, funding status, and basis for actuarial assumptions are required.
- 6) Description of any benefit and assumption changes is required as well as expanded Notes and Required Supplementary Information (RSI).

Plan Description: The City provides retirees with two options to purchase health insurance, both of which are single employer, experience-rated health insurance contract plans that provide medical benefits to active and eligible retirees at the City's group rate as mandated by Florida Statute 112.0801. During a recent plan change, effective 1/1/2020, members of the Jacksonville Sheriff's Office and the Jacksonville Fire and Rescue Department, including their retirees, left the City's health plan (COJ Plan) to participate in the newly formed health plan, the Jacksonville Police Officers & Fire Fighters Health Insurance Trust (JPOFFHIT Plan). As a result, the OPEB liability pertaining to the JPOFFHIT members were spun-off into a new JPOFFHIT plan members-only actuarial valuation for FYE 2020 and onward.

The State of Florida law prohibits the City from separately rating retirees and active employees. The City therefore assigns to both groups equal, blended-rate premiums. Although both groups are assigned the same blended rate premiums, GAAP requires the actuarial liabilities to be calculated using age-adjusted premiums approximating claim costs for retirees separate from active members. This requirement delineates the City's implicit cost (rate) subsidy benefit and obligation for the retirees' participation.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

**10. POST EMPLOYMENT BENEFITS OTHER THAN PENSION (OPEB)
(continued)**

Funding Policy: The City follows a pay-as-you-go policy, contributing only those amounts necessary to provide for its portion of current year benefit costs and expenses plus any addition to the reserve for accrued costs incurred but not yet reported, as determined as part of the insurance contracts. Because the City is on pay-as-you-go, the OPEB entries are recorded in the Governmental Activities Statement of Net Position and Statement of Activities. Since the implicit cost subsidy is the only OPEB benefit and the pay-as-you-go system provides no funding to a trust, any administration costs are paid by the general fund and are considered immaterial. The contribution requirements for members are established by the City. Retired members pay the full premium at the Group rate for the coverage elected. No direct City subsidy is currently applicable; however, as discussed in the Plan Description paragraph above, an implicit cost (rate) subsidy is applicable. .

Retired members of the COJ Plan contributed \$2,207,000 in premiums for FY2021, representing 18.0% of the total FY2021 COJ Plan OPEB cost. The following table displays the estimated retiree premiums for 20- year cash flow purposes:

FY2021	\$	2,207,000	FY2031	\$	5,732,000
FY2022	\$	2,487,000	FY2032	\$	5,979,000
FY2023	\$	3,256,000	FY2033	\$	6,131,000
FY2024	\$	3,550,000	FY2034	\$	6,187,000
FY2025	\$	3,984,000	FY2035	\$	6,286,000
FY2026	\$	4,359,000	FY2036	\$	6,407,000
FY2027	\$	4,670,000	FY2037	\$	6,465,000
FY2028	\$	4,953,000	FY2038	\$	6,687,000

OPEB Expenses:

	<u>FY2021</u>	<u>FY2020</u>
Total COJ Plan OPEB Expenses	\$12,149,000	(\$191,599,205)
Total JPOFFHIT Plan OPEB Expenses	\$30,924,000	\$216,728,000

Actuarial Assumptions and Methods:

- 1) Measurement Date September 30, 2021
- 2) Discount Rate 2.21% - (BOY), 2.26% (EOY) – Bond Buyer 20-Bond GO Index.
- 3) Salary Increase Rate 3.5% per annum
- 4) Valuation Date and Census Data Valuation date of October 1, 2021, based on the census provided by the City as of September 2021.
- 5) Marriage Rate The assumed number of eligible dependents is based on the current proportions of single and family contracts in the census provided.
- 6) Spouse Age Spouse dates of birth were provided by the City. Where this information is missing, male spouses are assumed to be three years older than female spouses.
- 7) Medicare Eligibility All current and future retirees are assumed to be eligible for Medicare at age 65.
- 8) Actuarial Cost Method Entry Age Normal based on level percentage of projected salary
- 9) Amortization Method Experience/Assumptions gains and losses are amortized over a closed period of 10.3 years for the COJ Plan and 9.0 years for the HPOFFHIT Plan, starting the current fiscal year, equal to the average remaining service of active and inactive plan members (who have no future service).

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

**10. POST EMPLOYMENT BENEFITS OTHER THAN PENSION (OPEB)
(continued)**

Actuarial Assumptions and Methods: (continued)

10) Plan Participation Percentage That 60% of future pre 65 retirees will participate in the pre-65 medical plan and 15% (30% for those hired prior to 1/1/1987) continue upon Medicare eligibility. This assumes that a one-time irrevocable election to participate is made at retirement.

11) Mortality Rates Pub-2010 generational table scaled using MP-20 and applied on a gender specific basis.

12) Health Care Cost Trend Rate
The health care cost trend assumptions are used to project the cost of health care in future years. The following annual trends are based on the HCA Consulting trend study and are applied on a select and ultimate basis. Select trends are reduced 0.25% each year until reaching the ultimate trend rate.

<u>Expense Type</u>	<u>Select</u>	<u>Ultimate</u>
Pre-Medicare Medical and Rx Benefits	7.0%	4.0%
Medicare Benefits	6.0%	4.0%
Stop Loss Fees	7.0%	4.0%
Administrative Fees	4.0%	4.0%

13) Per Capita Health Care Cost Trend Rate
Expected annual claim costs were developed using 24 months of historical claim experience through October 2021. The age 60 and age 70 claim costs are as follows:

<u>Rate Tier</u>	<u>Age 60</u>	<u>Age 70 (Medicare)</u>	<u>(Non-Medicare)</u>
HMO 48	\$ 14,328	\$ 9,230	\$ 18,808
HDHP 65	\$ 8,024	\$ 5,266	\$ 10,533
PPO	\$ 16,033	\$ 9,953	\$ 21,046
Future Retirees	\$ 14,038	\$ 8,978	\$ 18,428

14) Non-Claim Expenses
Non-claim expenses are based on the current amounts charged per retired employee as of 2021. The amounts are provided in the table below and are trended at the levels shown in the “Health Care Cost Trend Rate” table in (12) above.

<u>Rate Tier</u>	<u>Age 60</u>
Administrative Fee	\$27.67
Stop Loss Fee	\$ 9.16

**CITY OF JACKSONVILLE, FLORIDA
 NOTES TO FINANCIAL STATEMENTS
 FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

**10. POST EMPLOYMENT BENEFITS OTHER THAN PENSION (OPEB)
 (continued)**

Actuarial Assumptions and Methods: (continued)

15) Plan Election Percentage

Future eligible retirees are assumed to elect coverage based on the following percentages:

<u>Rate Tier</u>	<u>Age 60</u>
HMO 48	70%
HDHP 65	10%
PPO	20%

16) Age-Based Morbidity

The assumed per capita health claim costs are adjusted to reflect expected increases related to age and gender. These increases are based on a 2013 Society of Actuaries study.

17) Termination and Retirement Age

For the COJ Plan, the rate of withdrawal for reasons other than death and retirement has been developed from the Florida Retirement System Actuarial Valuation as of July 1, 2020, City of Jacksonville Correctional Officer Retirement System Valuation as of October 1, 2020, and the City of Jacksonville General Employees Retirement Plan Valuation as of October 1, 2020. The annual termination probability is dependent on an employee’s age, gender, and years of service.

For the JPOFFHIT Plan, the rate of withdrawal for reasons other than death and retirement has been developed from are based on the City of Jacksonville Police & Fire Pension Fund Actuarial Valuation as of October 1, 2020. The annual termination probability is dependent on an employee’s age, gender, and years of service.

Sensitivity to the City’s net OPEB liability to changes in the healthcare cost trend rates:

COJ Plan

	<u>1% Decrease</u>	<u>Current</u>	<u>1% Increase</u>
Net OPEB liability	\$76,559,000	\$88,963,000	\$104,220,000

JPOFFHIT Plan

	<u>1% Decrease</u>	<u>Current</u>	<u>1% Increase</u>
Net OPEB liability	\$286,993,000	\$327,457,000	\$377,270,000

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

**10. POST EMPLOYMENT BENEFITS OTHER THAN PENSION (OPEB)
(continued)**

Sensitivity to the City's net OPEB liability to changes in the discount rate:

COJ Plan

	<u>1% Decrease</u>	<u>Current</u>	<u>1% Increase</u>
Net OPEB liability	\$77,846,000	\$88,963,000	\$102,663,000

JPOFFHIT Plan

	<u>1% Decrease</u>	<u>Current</u>	<u>1% Increase</u>
Net OPEB liability	\$288,081,000	\$327,457,000	\$376,934,000

Notes to the OPEB RSI:

No assets are held in trust to pay OPEB benefits.

Trend rates were reset to 7.0% (6.0% for Medicare) and graded down by 0.25% until reaching an ultimate of 4.0% based on current Healthcare Analytics (HCA) consulting trend study; current economic environment suggests a longer period until reaching the ultimate rate.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

11. DEFERRED COMPENSATION PROGRAM

The City offers its employees a deferred compensation program created in accordance with Internal Revenue Code (IRC) Section 457 and Chapter 112.215, Florida Statutes. During the year ended September 30, 1999, the City complied with the requirements of subsection (g) of IRC Section 457 and, accordingly, all assets and income of the plan are held in trust for the exclusive benefit of the participants and their beneficiaries. Pursuant to the provisions of GASB Statement No. 32, Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans, the financial statements do not display deferred compensation balances.

12. RISK FINANCING

A. Public Liability and Workers Compensation:

The City is exposed to various risks of loss related to torts, theft, damage to and destruction of assets, errors and omission, injuries to employees and natural disasters. The Risk Management Division (“Division”) administers the self-insured public liability (general liability and automobile liability) and workers’ compensation coverages (the “Program”). The Program covers the activities of the City general government and the JEA, Jacksonville Housing Authority, Jacksonville Port Authority, and the Jacksonville Aviation Authority (“Members”).

Jacksonville’s City Ordinance, Chapter 128, establishes the Program’s self-insurance fund. The Program is a combination of self-insurance, coupled with certain layers of excess coverage to mitigate aberrant and substantial unexpected losses.

The City does transfer some risk through the purchase of insurance for its other exposures. The City purchases Watercraft, Wharfingers Liability, Out of State Automobile Liability, Aviation, Terrorism, Crime, Property and other certain General Liability policies (Rails to Trails, Power Lines Easement, Riverwalk, and Voting Precincts) to transfer risk. These policies are subject to sublimits, policy aggregates (where applicable) terms, conditions and exclusions as noted in the policies. Coverages are applicable to specific entities listed as named insureds. The attached schedule indicates the major categories of coverage transferred to insurers.

Riverwalk General Liability	\$ 5,000,000	\$ 5,000
Voting Precincts General Liability	\$ 1,000,000	\$ 500
Special Events Policy - FL/GA Game, Jazz Fest, WON, Veterans Day	\$ 1,000,000	
Cyber, Security & Privacy Coverage	\$ 3,000,000	\$ 1,000,000

(1) The Self-Insurance Program is comprised of three policies: An Excess Workers' Compensation policies from Safety National Casualty Corporation, which includes a retention of \$1.5 million. A buffer Workers' Compensation policy with Fortegra Specialty which a \$250,000 limit of coverage for the purpose of reducing the \$1,500,000 Safety National retention by \$250,000. A Casualty Package provided by Gemini Insurance Company, which includes General Liability, Law Enforcement Liability, Public Officials/Employment Practices Liability and Automobile Liability. The Self-Insurance Program covers the City government and its Members (JEA, JPA, JHA and JAA).

(2) The property policy has a \$100,000 "all other peril" deductible per occurrence. For loss associated with events that are "Named Windstorm", the deductible is equal to 5% of the total insured values and applied separately to Building(s) and their associated Contents subject to a minimum deductible of \$250,000 and maximum of \$25,000,000 per occurrence. The policy also has \$25,000 deductibles that apply to Jacksonville Port Authority Equipment Floater (equipment valued \$1 Mil or less), Property in Transit and Electronic Data Program Equipment and Media. Fine Arts (Excess over other collected insurance) is subject to \$1,000 deductible. The policy includes Service Interruption coverage with a 24 hours waiting period.

(3) Crime coverage affords a \$5 million Employee Theft/ Faithful Performance with a deductible of \$50,000 and \$75,000, respectively, all other Coverage limits are \$3 million each for Forgery or Alteration, Inside the Premises (Theft of Money and Securities), Inside Premises (Robbery or Safe Burglary of Other Property), Outside the Premises, Computer Fraud, Funds Transfer Fraud and Money Orders and Counterfeit Money; all with a \$5,000 deductible applicable per loss.

(4) Aircraft physical damage deductibles are: (1) for aircrafts not in motion, \$1,000 for rotor wings and \$250 fixed wings; (2) for aircraft in motion, 5% of the hull scheduled value, not to exceed \$25,000 for rotor wings and \$1,000 fixed wings.

(5) Watercraft physical damage deductibles is 1% of the hull scheduled value or \$250 per occurrence for trailers.

In the past three (3) years, none of the listed commercial policies have incurred a loss that resulted in a settlement amount in excess of the policy limit.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

12. RISK FINANCING (continued)

A. Public Liability and Workers Compensation: (continued)

Annually, as of September 30, the Program has a third party actuary review the claim history for all open claim years. The actuary projects the ultimate claim payment obligation (including the incurred but not reported claims and claim development) for each year's claim experience and the probable loss fund cost for the new fiscal year. The City uses in-house defense counsel for General and Automobile Liability and outside defense counsel for Workers' Compensation. The City's Self-Insurance Program liability is established at the expected confidence level on a four percent (4%) discounted basis in the amount of \$135,664,000 for General Liability, Automobile Liability and Workers' Compensation. Actuarial also projects \$9,130,000 of unallocated loss adjustment expenses on a four percent (4%) discounted basis at the expected confidence level.

The probable loss fund estimate is used to budget the self-insurance fund for general liability, automobile liability, and workers' compensation. As an internal service fund, charges are billed to the various funds and component units of the City. If an adjustment is necessary to increase the reported fund liability to reflect the actuary's estimated ultimate claim payment, then the self-insurance fund will either draw upon its accumulated net assets and/or initiate a year-end billing to the City itself and component units of the City.

The City's practice of cash funding the projected ultimate claims payment is intended to temporarily accumulate net assets, which can be used to meet changes in estimates over time. Projected ultimate claims payment experience is as of the end of each fiscal year, even though some payments may not be made until a later date.

The City maintains separate fiscal year accounting, which allows any excess revenues available for return via a dividend formula in Ord. Code. Sec. 128.311, to the City itself and component units, and the accumulation of a Self-Insurance Operating Reserve authorized by the City of Jacksonville Ordinance Code Section 128.312. As of September 30, 2021, the City has a surplus in the Self-Insurance fund of \$6,923,765 and a Self-Insurance Operating Reserve for \$9,053,404 for a combined unrestricted net asset surplus of \$15,977,169. In the Supplemental Section of the City's Annual Comprehensive Financial Report, is a trend information schedule for general/auto liability and workers' compensation, entitled "Schedule of Self-Insurance Ten Year Claims Development Information," which reflects the claims paid and liability projection development of each of the most recent ten years as of September 30, 2021

(The remainder of this page is intentionally left blank.)

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

12. RISK FINANCING (continued)

B. Self-Insured Health Plan:

Effective January 1, 2015 the City elected to move from a fully insured plan to a self-funded arrangement for its group health coverage. The primary driver of this decision was the prohibitive cost of commercial health insurance. The City historically utilized Florida Blue as the third party administrator which provides claims adjudication services, provider network contracting and maintenance, and other valuable services. Florida Blue pays claims as they are incurred and bills the City monthly. In order to better manage the risk, the City has contracted for stop-loss insurance with a \$800,000 specific deductible in 2021. Once a claim exceeds this threshold, the City is reimbursed for any excess expenses. In 2018, the City added a new health plan option, UF Health, administered by Integra Administrative Group. The UF Health plan has its own stop loss with a deductible \$325,000 for 2021.

The plan is funded by contributions from the City and employees. These funds reside in an internal service fund which is used exclusively for Employee Benefits. The beginning balance of this fund as of January 1, 2015 was \$6,479,716. The City received a pro-share settlement from Florida Blue of \$1,547,615. This was the result of superior claims performance that the City experienced in CY2013 and CY2014 as a fully insured health plan. The City received a pharmacy rebate, from Florida Blue, of \$1,961,600 for the CY2017, \$2,443,997 for CY2018, \$3,792,902 for CY2019, and \$2,077,584 for CY 2020.

Incurred but not reported (IBNR) claims were estimated at \$3,738,357 as of September 30, 2021 and are recorded as a liability on the Statement of Net Position. Changes in the reported liability since January 1, 2015 resulted from the following:

Fiscal Year Ended	Beginning Balance	Claims and Changes in Estimates	Claim and Expense Payments	Ending Balance
2015	\$0	\$57,049,414	\$52,850,908	\$4,198,505
2016	\$4,198,505	\$74,958,235	\$74,912,875	\$4,243,865
2017	\$4,243,865	\$73,669,055	\$73,152,818	\$4,760,102
2018	\$4,760,102	\$80,379,534	\$80,209,535	\$4,930,101
2019	\$4,930,101	\$81,168,970	\$80,709,545	\$5,389,526
2020	\$5,389,526	\$74,996,473	\$77,078,091	\$3,307,908
2021	\$3,307,908	\$76,076,928	\$75,646,480	\$3,738,356

As of September 30, 2021 the operating gain was \$24,136,689. The Florida state statutes require a safe harbor threshold to be maintained in plan reserves. This threshold for FY 2021 is \$8,632,793 and the City has plan reserves of \$30,616,406.

**CITY OF JACKSONVILLE, FLORIDA
 NOTES TO FINANCIAL STATEMENTS
 FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

13. OTHER REQUIRED INDIVIDUAL FUND AND COMPLIANCE DISCLOSURES

A. Compliance with Finance Related Legal and Contractual Provisions:

In the opinion of management, the City has no violations of finance related legal and contractual provisions.

B. Fund Deficits:

The following individual funds had a fund deficit at September 30, 2021, (in thousands):

	<u>Fund Deficit</u>
Governmental Funds	
Public Safety	(23,490)
Community Development Block Grant	(1,964)
Internal Service Funds	
Copy Center	(17)
Legal	(37)

The Public Safety fund had a deficit balance due to the excess expenditures resulting from previous Hurricanes and Tropical Storms. The State and Federal share of these expenditures are anticipated to be reimbursed through the Public Assistance program once all work is completed and the Federal Emergency Management Agency (FEMA) and Florida Department of Emergency Management (FDEM) have completed their review and approval of the projects.

The Community Development Block Grant Fund is anticipated to be reimbursed for spending in accordance with the terms of the grant program.

The City monitors internal service billings, including rates, to ensure appropriate funding for operations. It is anticipated that future billings will cover expenses and eliminate the fund deficit in the Copy Center and Legal Internal Service Funds.

C. Landfill Closure and Postclosure Care Costs:

The State of Florida's Solid Waste Management Act of 1988 and regulations of the U.S. Environmental Protection Agency (EPA) and the State of Florida Department of Environmental Protection (FDEP) require the City to be responsible for constructing and maintaining the final landfill cover, monitoring ground water and methane gas, and continuing leachate management 30 years after its municipally owned landfills stop accepting solid waste and are closed. The estimated total costs of municipal solid waste landfill (MSWLF) closure and post closure (long-term) care costs reported by the City are based upon professional consulting engineers' studies prepared annually pursuant to rules promulgated by the EPA and FDEP. However, existing EPA and FDEP closure and long-term regulations may change which might require the City to revise its MSWLF cost estimates used in the future.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

**13. OTHER REQUIRED INDIVIDUAL FUND AND COMPLIANCE DISCLOSURES
C. Landfill Closure and Long-term Care Costs: (continued)**

Expenses for closure and long-term care costs are funded from future operating revenues of the Solid Waste Disposal fund and bond proceeds. As noted in Note 1. P, the application of SFAS No. 71 resulted in certain costs being capitalized and amortized to later periods. The City obtained bond proceeds to support closure and long-term care cost for North and East landfills and Picketville Waste Site. At September 30, 2021 the prepaid balance of the capitalized cost is \$0.

Active Landfill – Trail Ridge

The closure and long-term liability for Trail Ridge as of September 30, 2021 is \$38.3 million which represents an increase of \$1,766,344 compared to the preceding year. This increase resulted from adjustments for inflation and current annual closure and long-term care cost estimates. The percentage of landfill capacity used is estimated to be 90.63%, with an estimated life of 32 years for the constructed landfill disposal units 1-6.

Inactive Landfills – North and East

North and East landfills closed October 1999 and April 1992, respectively. Post closure care requirements have been met for both closed landfills.

Annually, the City is required by Chapter 62-701.630 of the Florida Administrative Code, to accumulate resources for payment of closure and long-term care cost. The City is in compliance with these requirements. Due to inflationary increases over the years for costs expended on closing the landfill, costs exceeded the revenue derived from tonnage filling the landfill. The revenue rate structure had not changed in many years and did not keep up with inflation. The City decided to implement a three-phase strategy to address the problem. In FY2017, the City’s General Fund initiated a \$9 million loan to the landfill closure/post closure sub fund as Phase 1. In FY2018, the City implemented Phase 2 and made permanent transfers of \$9 million to firm up the previous amount loaned. Phase 3 will address a rate review for the landfill closure/post closure revenue projections vs. cost projections, in order to keep the sub fund compliant with the Florida Administrative Code. Ordinance 2021-592-E increased fees to the host fee for the closure fund portion which increased the rate of \$1.98 per ton to \$2.11 per ton in the closure escrow account. As of September 30, 2021, \$23.4 million, which includes \$5.6 million for accelerated payments, have been accumulated for payment of closure and long-term care cost (see summary below). Accelerated payments are payments in excess of the required financial assurance balances that are held in reserves for contingencies and are used to offset future operational cost.

	Trail Ridge
Current Cost of Closure	17,802,231
Annual Cost of long-term care	-
Accerlerated funds above state minimum	5,630,379
Total balance in escrow account	\$ 23,432,610

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

14. LESSOR OPERATING LEASE

A. Jacksonville Jaguars, LLC. - The City entered into a lease dated September 7, 1993, pursuant to which the City leases TIAA Bank Field, a City owned stadium, and adjacent practice facilities to the Jacksonville Jaguars, Inc. (Jaguars) for a period of 30 years from the first National Football League (NFL) regular season play in 1995; Amendment 5, executed September 6, 2002, extends the lease an additional five years. The City uses the City Venues enterprise fund to record the stadium, practice facilities, other related capital assets, and all the related revenues and expenses from use of the stadium and practice facilities under this lease agreement.

The lease entitles the Jaguars to use the stadium on game days, for practices and summer training camp, and for the period necessary before game days. During other periods of time, the City has the right to use the stadium, except for certain administrative spaces, training facilities, suites, and other areas that are for the exclusive use of the Jaguars.

For the first five years, rent is deferred in the amount of \$250,000 per year; in years 6-10 rent is \$500,000 per year; in years 11-20 \$1,000,000; and in the final 15 years \$1.25 million, including the lease extension. Amendment 8, executed January 2006, reduced the total Jaguars rent obligations by \$8,600,000, which was provided through rental reductions in the amount of \$1,433,333 for six payments beginning with the November 2005 payment through the June 2008 payment.

Amendment 8 also reduces supplemental lease obligations, with the City's acceptance of payment from the Jaguars in the amount of \$10,197,891 for the full satisfaction of amounts due for Super Bowl net revenues. Rents from years 11 through the end of the lease are subject to escalation based on one-half of any increase in the Consumer Price Index, but not to exceed 2.5% per year.

In addition, the Jaguars are obligated to pay supplemental rent in an amount equal to the annual debt service incurred by the City for certain costs of renovation of \$53.1 million requested by the Jaguars over a 30-year period with interest computed on a tax-exempt basis; inclusive of Amendment 7 executed May 27, 2004.

The lease generally permits the City to retain revenues from City events at the stadium, with some exceptions. Amendments 8 and 12 outline provisions for advertising revenue generated from electronic signage for different stadium functions. The City is required to provide electricity, water and sewer services for the stadium at its expense. The City must maintain the stadium and all leasehold improvements. Per Amendment 8, the City agreed to provide \$1,000,000 for additional electronic signs. The City is required to pay for game day personnel, excluding concessions, on the days of Jaguar games. Amendment 8 gives the Jaguars the responsibility to provide concessions to all events within the concessions area. The Jaguars retain all net revenues from concessions and similar sales on NFL game days. The lease obligates the Jaguars to maintain its franchise at the stadium in Jacksonville and to not relocate unless it pays the City certain guaranteed amounts.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

**14. LESSOR OPERATING LEASE (continued)
A. Jacksonville Jaguars, LLC. (continued)**

Amendment 9 outlines a revenue sharing agreement for the stadium naming rights and provides the parameters for the marketing of the stadium name. Also, Amendment 9 details additional advertising rights and allows for certain fixed signage at the stadium. However, the subsequent naming rights agreement with TIAA Bank eliminated the City participation in revenue generated from the stadium naming rights.

Amendment 10 outlines the accepted procedures for the use of the City established Sports Complex Capital Maintenance Fund. The agreement allows the Jaguars to advance fund certain capital, repair and maintenance projects at the stadium and receive reimbursement from the City. Amendment 10 also establishes the procedures for the creation of the related capital improvement plan.

Amendment 12 outlines provisions of various improvements to the stadium, including new video boards, renovations and improvements to the North End Zone (NEZ), and stadium Wi-Fi improvements. Total project improvements cost over \$60 million, with the City financing approximately \$44 million. Amendment 13 clarifies or modifies miscellaneous provisions of the lease, and outlines certain rights of the City and Jaguars with regards to the electric signage included in the improvements of Amendment 12.

Amendment 14 outlines provisions of various improvements, including stadium club and south end zone improvements, and the addition of a covered football field practice facility and outdoor amphitheater. Total project improvements cost over \$90 million, with the City financing approximately \$45 million.

Amendment 15 outlines provisions of various improvements, including the construction of the Sports Performance Center. Total cost is \$120 million, split evenly between the City and JLL with JLL responsible for all overruns.

Additional agreement modifications include a 2019 rental payment reduction of \$342,847 to allow for improvements to the practice field.

A summary of scheduled lease payments is as follows:

<u>Year</u>	<u>Payment</u>
2022	3,885,526
2023	3,886,040
2024	3,885,242
2025	4,362,322
2026	6,660,077
2027 -2030	23,152,586

**CITY OF JACKSONVILLE, FLORIDA
 NOTES TO FINANCIAL STATEMENTS
 FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

**14. LESSOR OPERATING LEASE (continued)
 A. Jacksonville Jaguars, LLC. (continued)**

The Jaguars Operating Lease is subject to the rental provisions of GASB #13 – Accounting for Operating Leases with Scheduled Rent Increases.

The Base Rental associated with the startup of operations and the initial capital costs for transforming the stadium to an NFL stadium has deferred rents for the first five years and then scheduled rent increases throughout the term of the lease, Amendment #8 in FY2005 providing rental credits of \$2,866,666 in FY2006, FY2007, and FY2008, which reduced the rental payment in each of those years. Paragraph 6 of GASB #13 states that “Sometimes an operating lease with scheduled rent increases contains payment requirements in a particular year or years that are artificially low when viewed in the context of earlier or later payment requirements.” This occurred with the base rental of the Jaguars contract. Paragraph 6 guidance states that the operating lease transactions should be measured utilizing one of two measures, with Paragraph 6a being “The operating lease transactions may be measured on a straight-line basis over the lease term.” The City has recorded a deferred rent receivable of \$6,039,704 due to the application of GASB #13 based on the difference in the actual rent paid and the calculated straight line rent.

In analyzing the lease, there are two conditions that could affect the collection of the deferred rent receivables. The lease has been modified multiple times since the original agreement, providing for rent reduction as noted in amendment #8. Based on this history of amending the lease, there is uncertainty and a potential for other rental reductions or deferrals which could put the collection of the deferred rent receivables at risk.

Additionally, the lease has several paragraphs concerning early termination of the contract and provides the City of Jacksonville reasonable liquidated damages in the circumstance of the Jaguars leaving the City. This termination provision, in effect, makes the rental collection subject to a year by year basis. The City has an offsetting allowance for the entire \$6,039,704 deferred rent receivables. As payments are made, the deferred receivables and allowance are adjusted accordingly.

The summary of the leased asset value is as follows:

Cost of leased assets	\$440,281,898
Accumulated depreciation	<u>(158,542,778)</u>
Carrying value of leased assets	\$281,731,120

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

14. LESSOR OPERATING LEASE (continued)

B. Shands Jacksonville:

Under an agreement with a not-for-profit corporation, Shands Jacksonville, also known as University of Florida Health (UF Health), the City leases to Shands certain capital assets, principally land and buildings, over a term to September 30, 2067 with an option to renew for an additional thirty years to 2097 at \$1 per year. In addition, Shands is to operate in full support of the indigent care programs of the Duval County, FL, under the agreement. Shands is to maintain, in good condition, and make improvements and betterments to the Hospital as necessary over the life of the lease. At termination of the lease, all leased property shall revert to the City as a general government asset.

15. LITIGATION, CONTINGENCIES, AND COMMITMENTS

A. Litigation:

The City is named as party in legal proceedings which occur in the normal course of government operations. Such litigation includes, but is not limited to, claims asserted against the City arising from alleged torts, including claims under the public liability in the Self Insurance Fund, alleged breaches of contract, condemnation proceedings and other alleged violations of state or federal laws.

The City self-insures itself through general liability and workers compensation programs for most claims asserted against the City. For all amounts that are probable of loss the City records an estimated liability in the Self Insurance internal service fund. For amounts where it is not possible at the present time to estimate the ultimate outcome or liability, if any, to the City for the proceedings no accrual is recorded. It is the City's opinion that the ultimate liability in these litigation matters, if any, that have not been accrued, is not expected to have a material adverse effect on the City's financial position.

B. Grants and Contracts:

The City participates in various federal and state assisted grant programs that are subject to review and audit by the grantor agencies. Entitlement to these resources is generally conditional upon compliance with the terms and conditions of grant agreements and applicable federal and state regulations, including the expenditure of resources for allowable purposes. Any disallowance resulting from a federal or state audit may become a liability of the City. All City agencies and departments are required to comply with various federal regulations issued by the U.S. Office of Management and Budget if such agency or department is a recipient of a federal grant, contract or their sponsored agreement. Certain agencies and departments may not be in total compliance with these regulations. Failure to comply may result in questions concerning eligibility of related direct and indirect charges pursuant to such agreements. It is believed that the ultimate disallowance pertaining to these regulations, if any, will be immaterial to the overall financial condition of the City.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

15. LITIGATION, CONTINGENCIES, AND COMMITMENTS (continued)

C. Self-Insurance:

Through the City's Risk Management Division, the City maintains an insurance and self-insurance program (See Note 12). Under the laws of the State of Florida, the City has sovereign immunity for state tort claims in excess of \$200,000 per person and \$300,000 per occurrence. The City retains coverage on all other types of major exposures including real and tangible property. The self-insured programs of the City, which are included in the Self-Insurance Internal Service Fund, are funded on a dollar-for-dollar basis determined actuarially for the estimated losses for claim development and incurred but not reported claims, and unallocated loss adjustment expenses. Claims are reserved on ultimate probable cost basis.

D. Pollution Remediation:

Governmental Accounting Standards Board Statement No. 49 Accounting and Financial Reporting for Pollution Remediation Obligations (GASB 49) provides accounting and financial reporting for pollution remediation obligations. While GASB 49 does not require the City to search for pollution, it does require the City to reasonably estimate and report a remediation liability when any of the following obligating events has occurred:

- The City is compelled to take remediation action because pollution creates an imminent endangerment to public health,
- The City is in violation of pollution prevention,
- The City is named, or has evidence that it will be named as responsible party by a regulator,
- The City is named, or has evidence that it will be named in a lawsuit to enforce cleanup, or
- The City commences or legally obligates itself to conduct pollution remediation activities.

The City recorded a pollution remediation liability as of September 30, 2021 of approximately \$88.2 million (See Note 8. C for schedule) using the expected cash flow technique. Under this technique, the City estimated a reasonable range of potential outlays and multiplied those outlays by their probability of occurring. However, this liability could change over time due to changes in cost of goods and services, changes in remediation technology, or changes in laws and regulations governing the remediation efforts. The following paragraphs provide further details on the more significant sites.

Whitehouse Waste Oil Pits Superfund Site

The US Environmental Protection Agency (USEPA) identified the City as a potential responsible party (PRP) at the *Whitehouse Waste Oil Pits Superfund Site* in western Duval County. The City and other (PRPs) participated in the USEPA's Pilot Allocation Project which resulted in the USEPA assuming as much as 65% of the liability at the site, with the City being allocated less than 10% of the liability.

15. LITIGATION, CONTINGENCIES, AND COMMITMENTS (continued)
D. Pollution Remediation: (continued)

The USEPA estimates \$20 million site costs, with the City paying approximately \$2 million over the life of the project (which includes a 30 year operations and maintenance period). Site work was substantially complete in October 2006 when operations and maintenance work began. The PRPs have more than \$1.9 million on deposit to fund operations and maintenance; however until USEPA officially declares the remedial action complete, the prospect for additional work remains. In January 2008, the City met with adjacent property owners to negotiate the purchase of additional private property to account for the location of the remedial berm. The City and other PRPs settled with the USEPA which had sought reimbursement of its cost of a removal action in 1995, regarding the Bill Johns Waste Oil Site.

The City's liability is based on contracting with the waste oil service to empty used oil collection points operated under a recycling grant from the State. The remedial action was completed in late 2006 and early 2007 and following approval of the Remedial Action Report (May 2007), the site was approved for the 30 year long term Operations and Maintenance of the facility. The PRP are responsible for the long term O&M costs for the total 30 year period. We are currently in year 16 of the 30 year period.

Ash Sites

The City has identified four sites that were used for incinerator ash waste. The common practice during the 1950s and 1960s was to incinerate garbage and then mix the residual ash waste with other soil and use it as fill dirt. The City and the USEPA signed an agreement in 1999 to develop a plan to remediate the four sites. In order to make the sites and surrounding areas safe from a variety of residual pollutants, the City has proposed to the EPA a plan to clean up the areas by removing the top two feet of soil, placing a barrier, and then replacing the topsoil with untainted dirt. The project is estimated to take several years to complete once started and a cost estimate of \$30.5 million has been accrued based on the City's estimate used in its five year capital project plan. As of September 30, 2021, the Ash Sites accumulated approximately \$195.74 million of expenditures.

Other Sites

FDEP identified other sites of potential liability the City is responsible for. These sites include: *Doe Boy Dump Site, Gold Merit/Pope Plan, and Confederate Park.*

These projects, which are estimated to take several years to complete once started, have an estimated cost of \$17.8 million, which has been accrued by the City and included in the City's five year capital projects plan. Various other remediation sites exist within the City and \$40 million has been accrued for their estimated liability based on their inclusion in the City's five year capital projects plan.

**CITY OF JACKSONVILLE, FLORIDA

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

15. LITIGATION, CONTINGENCIES, AND COMMITMENTS (continued)

D. Pollution Remediation: (continued)

The *Picketville Waste Dump Site* future costs are dependent upon information received from the USEPA and FDEP for the final groundwater monitoring report. The City has completed its long-term O&M responsibilities. However, groundwater impacts above regulatory levels were still present in the last samples for the final report. The City recommended continued groundwater monitoring in lieu of additional assessment and/or remediation. The City awaits a response from the USEPA and FDEP on this matter.

E. Garage Development Agreement:

The City entered into agreements for a private developer to construct and operate three parking garages. Two of the garages are to support the sports complex and the other is to support a new courthouse site. The current agreement provides an operating subsidy to support debt service, operating deficits, required reserves, and percentage return of equity, totaling approximately \$4 million per year. Associated therewith, the City has options to buyout the current business arrangement, refinance the related non-city debt and assume operational control thereof.

15. LITIGATION, CONTINGENCIES, AND COMMITMENTS (continued)

H. Tax Abatements:

The City administers the following tax abatement programs.

Name of Program	Recaptured Enhanced Value (REV) Grant	Qualified Target Industry
Purpose of program	Designed to bring new capital investment and development or redevelopment to a project site to support a new business or to expand an existing business, thus resulting in the creation of new full time jobs.	To attract greater private sector investment, to expand the opportunity for individuals to gain high wage employment, and to lower the overall unemployment rate in Duval County by providing jobs at above average wage levels in the county.
Tax being abated	Real and/or Tangible Personal Property Tax	Corporate Income Tax, Sales Tax, Ad valorem Tax, Insurance Premium Tax, Intangible Personal Property Tax, Excise Tax, State Communication Service Tax
Authority under which abatement agreements are entered into	Part 2, Chapter 26, City of Jacksonville Ordinance Code and Ordinance 2016-382-E (Public Investment Policy), Florida Statutes 125.045 County Economic Development Powers	Florida Statute 288.106 Tax refund program for qualified target industry businesses
Eligibility criteria	The company is required to be on a Targeted Industry Category. The company must create at least 10 new full time jobs with wages greater than or equal to 100% of the State of Florida average wage, or greater than or equal to 60% of Duval County's average annual wage. The company must commit a minimum of \$3 million private capital investment.	The company is required to be in a Targeted Industry Category. The company must create at least 10 new full time jobs with an average annual wage that is at least 115% of the State, Metropolitan Statistical Area, or local average wages.
How recipient taxes are reduced	As refunds on real and personal property taxes paid by the project above the base year.	As refunds on corporate income, sales, ad valorem, intangible personal property, insurance premium, and certain other taxes.
How amount of abatements is determined	Utilizing a "base year" assessed property value for the project, a certain percentage of the City's portion of the incremental increase in ad valorem taxes on real and /or tangible personal property paid by the project above the base year amount is available. In general, the standard grants will be up to 50% of the increment up to 10 years. They are capped at a maximum amount. The percentage and length of time is negotiated between parties. Higher percentages or timeframes may be awarded for projects with high volumes of job creation and capital investment.	Pre-approved applicants receive tax refunds of \$3,000 per net new Florida full time equivalent job created. For businesses paying 150% of average annual wage, add \$1,000 per job; for businesses paying 200% of the average wage, add \$2,000 per job. The agreement is between the State of Florida's Department of Economic Opportunity (DEO) and the company. The State agency reviews and audits information provided by the Company and sends an invoice to the City of Jacksonville. The City then sends 20% Local Financial Support to the State, who subsequently pays the Company.
Provision for recapturing abated taxes	N/A	N/A
Amount being abated for the year ended September 30, 2021	Office of Economic Development	Office of Economic Development
	\$7,217,730	\$568,851
	Downtown Investment Authority	Downtown Investment Authority
	\$2,151,923	N/A

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

16. MAJOR DISCRETELY PRESENTED COMPONENT UNITS - ADDITIONAL DISCLOSURE

During fiscal year 2021, the City had financial transactions with its discretely presented component units classified as follows for financial reporting purposes:

A. JEA:

Contribution - On October 1, 1968, the City turned its electrical department over to the newly created JEA. Additionally, on June 1, 1997, the JEA assumed the operation and all related assets and liabilities of the water and sewer system from the City. The JEA is required by the City Charter to contribute annually to the General Fund of the City an amount not to exceed 5.513 mills per kilowatt per hour sold and at a rate of 2.149 mills per cubic feet of water sold. For the fiscal year ended September 30, 2021 these contributions total \$120,012,250. Such contributions to the City's General Fund are for the use of the public right-of-way in connection with its electric distribution system and its water sewer distribution and collection system and are based on calculations contained within section 21.07 of the City Charter.

Franchise Fees - Effective April 1, 2008, the City enacted a 3% franchise fee from designated revenues of the Electric and Water and Sewer Utility systems. The ordinance authorizes JEA to pass through these fees to its electric and water and sewer funds. For the year ended September 30, 2021, the City received from JEA \$28,759,787 and \$10,886,085 of its electric and water and sewer funds.

B. Jacksonville Transportation Authority (JTA):

Local Option One-Half Cent Sales Tax - On August 11, 1989, Jacksonville citizens voted for the removal of all tolls from county/city bridges and certain roads and replaced the revenue with a local option one-half cent sales tax that provides a permanent funding source for the construction and maintenance of the City's roads and bridges; the operation and maintenance of the bus system and the refinancing of existing bonds issued for the construction of such bridges and roads. All collections from the one-half cent sales tax are statutorily required to be remitted to the JTA. Accordingly, the City remitted all collections from the one-half cent sales tax to the JTA in the amount of \$107 million in fiscal year 2021. Such collection and payment by the City of this local option one-half cent sales tax is recorded in the Transportation Special Revenue fund as revenue and a transportation expenditure in the equal amount. The JTA reports the transfer from the City as sales tax revenue.

In fiscal year 2000, the City and the JTA entered into an interlocal agreement for the purpose of jointly exercising the separate powers of each to the maximum extent allowable by the law in the development, scheduling, financing, planning, permitting, design, construction, and implementation of a \$750 million Road, Bridge and Drainage Capital Improvement Work Program. The term of the agreement commenced on October 1, 2000 and was to continue in effect until all of the bonds were paid in full or defeased in accordance with their terms. The City and JTA agreed to pledge the Sales Tax and the Constitutional Gas Tax for the payment of bonds issued to implement the program.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

16. MAJOR DISCRETELY PRESENTED COMPONENT UNITS - ADDITIONAL DISCLOSURE (continued)

B. Jacksonville Transportation Authority (JTA): (continued)

Any funds available above debt service would be collected in a pay-as-you-go fund to assist with the payment of program expenditures. In addition, the City made available revenues from the Local Option Gas Tax for the operation of the JTA's Mass Transit Division.

Beginning September 1, 2016, a new interlocal agreement between the City and JTA went into effect. The Sales Tax and Constitutional Gas Tax continue to be pledged for the program's debt service. Any Sales Tax revenues available above debt service are returned to JTA and may be used for certain transportation-related purposes as defined by the agreement. Revenues from the Constitutional Gas Tax are to be used for debt service only if the Sales Tax revenues are insufficient. Any Constitutional Gas Tax revenues available above debt service are split equally between the City and JTA. In addition, the new interlocal agreement provides that five-sixths of the Local Option Gas Tax be made available to JTA for the development, construction, operation and/or maintenance of certain roadway projects managed by JTA as identified in the agreement's exhibits.

C. Jacksonville Port Authority (JPA):

Interlocal Agreement - In connection with a major port and marine facilities capital improvement project (the "Project"), the City and the JPA entered into an Interlocal Agreement upon the issuance of \$43,605,140 Excise Taxes Revenue Bonds, Series 1993 (the "1993 Bonds"). Subsequent to this transaction, the parties entered into an Amended and Restated Interlocal Agreement in conjunction with the issuance of \$57,150,000 Excise Taxes Revenue Bonds, Series 1996B (the "1996B Bonds"). The 1996B Bonds were refunded by the Excise Taxes Revenue Refunding Bonds, Series 2001A (the "2001A Bonds"). The 1993 Bonds were partially refunded by the Excise Taxes Revenue Refunding and Improvement Bonds, Series 2003C (the "2003C Bonds"). The 2003C Bonds were partially refunded by the Special Revenue Refunding Bonds, Series 2012E (the "2012E" Bonds, and together with the 1993 Bonds, 2001A Bonds and 2003C Bonds, the "Bonds").

Under the Amended and Restated Interlocal Agreement, the City agreed to issue the Bonds to finance the Project, and the JPA, in consideration therefore, agreed to reimburse the City for debt service payments on the Bonds from certain revenues allocated to the JPA. Any insufficiency in the extent of such revenues allocated to the JPA under the Amended and Restated Interlocal Agreement or any amendments to the Amended and Restated Interlocal Agreement does not affect in any manner any obligation of the City pursuant to the terms of the Bonds.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

16. MAJOR DISCRETELY PRESENTED COMPONENT UNITS - ADDITIONAL DISCLOSURE (continued)

C. Jacksonville Port Authority (JPA): (continued)

The amended and restated Interlocal Agreement is not for the benefit of the holders of the Bonds and the JPA has no obligation under that Amended and Restated Interlocal Agreement to any third party bondholder. The revenues allocated to the JPA are not pledged as security for the Bonds.

The Amended and Restated Interlocal Agreement provides for the allocation of three sources of revenue (collectively referred to as the “Pledged Revenues”) by the City to the JPA. The first source of revenue relates to the allocation of half of the increased revenues in the Telecommunications Tax, which is 85% of the Communication Services Tax (the “Authority Allocation No. 1”). The second source of revenue relates to the amount calculated by multiplying one quarter (.25) mills by the gross kilowatt hours (as defined in Article 21 of the City Charter) sold by JEA during the twelve month period ending May 31 of the prior fiscal year (the “Authority Allocation No. 2”).

The third source of revenues relates to the \$800,000 annual contribution remitted by the City to the JPA as described in Section 5(a) of the JPA act. Such Pledged Revenues are to be applied by the City to the payment of debt service on the Bonds for such fiscal year prior to being paid to the JPA. The final payments on the last remaining bonds were made on October 1, 2020 so debt service has not been, and will no longer be, deducted from the payment as of that date.

In previous years, the City expended \$43.1 million on the Project from proceeds of the 1993 Bonds for the benefit of the JPA under the Amended and Restated Interlocal Agreement, which completed the 1993 Bond Program. In previous years, the City expended \$64 million on the Project from proceeds (inclusive of investment earnings) of the 1996B Bonds for the benefit of the JPA under the Interlocal Agreement.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

17. SUBSEQUENT EVENTS

On February 2, 2022, the City entered into an agreement to issue \$120,380,000 Special Revenue Bonds, Series 2022A for the purpose of refunding a portion of the City's outstanding Capital Improvement Refunding Revenue Bonds, Series 2012 and a portion of the City's outstanding Special Revenue Refunding Bonds, Series 2012C and pay the costs of issuance related to the Series 2022A Bonds. These bonds were issued on a forward basis and closed on July 7, 2022.

On April 19, 2022, the City issued its \$28,682,400 Taxable Special Revenue Bond, Series 2022B bonds to refinance the acquisition of the three parking garages owned and operated by Metropolitan Parking Solutions, LLC commonly known as the Courthouse Garage, the Arena Garage and the Sports Complex Garage, to finance the construction of certain capital equipment and improvements related to the Garages, and to pay the costs of issuance related to the Series 2022B bond. This issuance occurred in the form of a bank loan.

On May 5, 2022, the City entered into a rate lock agreement on its \$262,750,000 Better Jacksonville Sales Tax Refunding Revenue Bonds, Series 2022 for the purpose of refunding of the City's outstanding Better Jacksonville Sales Tax Refunding Revenue Bonds, Series 2012 and Better Jacksonville Sales Tax Refunding Revenue Bonds, Series 2012A, and to pay costs of issuance related to the 2022 Bonds. This issuance occurred in the form of a bank loan that on July 7, 2022.

On May 11, 2022, Moody's Investors Service upgraded to Aa2 from Aa3 the City's issuer rating, upgraded to Aa3 from A1 the city's non-ad valorem rating, and upgraded to Aa3 from A1 the city's transportation bonds. Moody's also affirmed the A1 rating on the city's Capital Improvement bonds and the Aa3 on the City's Better Jacksonville sales tax bonds.

(The remainder of this page is intentionally left blank)

**CITY OF JACKSONVILLE, FLORIDA
 NOTES TO FINANCIAL STATEMENTS
 FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

18. NET POSITION:

The government-wide and business-type fund financial statements utilize a net position presentation. Net position is categorized as net investment in capital assets, restricted, and unrestricted.

Net Investment in Capital Assets - is intended to reflect the portion of net position that is associated with capital assets less outstanding capital asset related debt. The net related debt is the debt less the outstanding liquid assets and any associated unamortized cost.

Restricted Net Position – are assets that have third-party (statutory, bond covenant or granting agency) limitations on their use externally imposed by creditors or imposed by law through constitutional provision or enabling legislation. The City would typically use restricted assets first, as appropriate opportunities arise, but reserves the right to selectively defer the use thereof to a future project or replacement equipment acquisition.

Unrestricted Net Position – have no third party limitation on their use, and consists of all net position that do not meet the definition of the other two components, and any net deficits that exist.

While the Unrestricted Net Position balance is a single number in accordance with GASB Statement 34, the impact of non-asset debt will reduce the year-end discretionary balance available to the government.

A. Additional Disclosure:

However, in the City’s case, given that a portion of these non-asset bonds/loans reported in the Governmental Activities column have a dedicated revenue source (to amortize the debt over time) the year-end available portion of the Net Position to the City is greater than is apparent. The following schedule illustrates these differences (000s):

Governmental Unrestricted Net Position (page 26)	\$ (2,679,196)
Impact of Better Jacksonville Plan's (BJP) bond financed capital expenditures incurred by component units and other entities.	59,881
Economic Incentives to be repaid by TIF revenue and/or Developer	13,129
Governmental - Unrestricted Net Position (adjusted for dedicated revenue funded portions)	\$ (2,606,186)

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

18. NET POSITION: (continued)
A. Additional Disclosure: (continued)

Because the BJP program has dedicated sales tax revenue sources which will be used to repay the related debt service and either the CRA’s tax increment financing (TIF) revenue or the Developer repayments are anticipated to address the related debt service principal and all or a portion of the interest, the Government Unrestricted Net Position (adjusted for dedicated revenue funded portions of non-asset debt) more truly reflect the General Government’s available (although partially tentatively targeted) portion of net position.

B. Restatement due to a change in accounting principle:

The fiscal year 2021 implementation of Governmental Accounting Standards Board (GASB) Statement No. 84, Fiduciary Activities, resulted in a restatement of beginning Fiduciary Fund net position due to a change in accounting principle. The statement requires the calculation of net position of Custodial funds. These funds were previously reported as Agency funds and did not carry a net position per previous standard guidance.

Net Position (in thousands)	<u>Fiduciary Custodial Funds</u>
Beginning as previously reported	-
Restatement	28,753
Beginning as restated	<u>\$ 28,753</u>

C. Restatement to governmental activities:

Effective November 19, 2019, the City of Jacksonville entered into an agreement with the City of Jacksonville Beach to provide advanced life support and fire services to residents and businesses of Jacksonville Beach. The Jacksonville Beach firefighters became employees of the City of Jacksonville. The terms of the agreement resulted in a positive \$2.8 million restatement to the beginning net position for Total Governmental Activities. Note 9 Pension Plans provides additional detail of the agreement.

The overstatement of accounts receivable and revenue in 2020 in the Other Federal State and Local Grants Fund was due to enterprise resource planning software implementation issues and resulted in a negative \$3.9 million restatement of net position.

Net Position (in thousands)	<u>Total Governmental Activities</u>
Beginning as previously reported	(1,178,262)
Restatement	(989)
Beginning as restated	<u>\$ (1,179,251)</u>

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

19. FUND BALANCE DISCLOSURE:

In accordance with Governmental Accounting Standards Board Statement 54, Fund Balance Reporting and Governmental Fund Type Definitions, the City classifies governmental fund balances as follows:

Nonspendable - includes fund balance amounts that cannot be spent either because it is not in spendable form or because of legal or contractual requirements.

Spendable Fund Balance

- Restricted – includes fund balance amounts that are constrained for specific purposes which are externally imposed by providers, such as creditors or amounts constrained due to constitutional provisions or enabling legislation.
- Committed – includes fund balance amounts that are constrained for specific purposes that are internally imposed by the government through formal action of the highest level of decision making authority, City Council, through the issuance of an ordinance. Commitments may only be changed through the same type of formal action that created the commitment.
- Assigned – includes spendable fund balance amounts that are intended to be used for specific purposes that are neither considered restricted or committed. Fund Balance may be assigned through the following: 1) The Director of Finance is authorized by City Council to assign amounts for a specific purpose. (2) The City Council has authorized the Director of Finance, in coordination with the Council Auditor, to recapture excess fund balance that isn't restricted or committed and transfer the excess to the General Fund – General Service District. Excess fund balance that is not recaptured is classified as assigned by the Director of Finance to be used for the purpose of the subfund.
- Unassigned - includes residual positive fund balance within the General Fund that has not been classified within the other above mentioned categories. Unassigned fund balance may also include negative balances for any governmental fund if expenditures exceed amounts restricted or committed for those specific purposes.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

19. FUND BALANCE DISCLOSURE: (continued)

The City uses restricted amounts first when both restricted and unrestricted fund balance is available unless there are legal documents/contracts that prohibit doing this, such as in grant agreements requiring dollar for dollar spending. Additionally, the City would first use committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made, with the exception of the emergency reserve established by the City Council. Under normal circumstances, the City would first elect to utilize the Operating Reserve (Unassigned fund balance in the General Fund) before considering use of its Emergency Reserve.

The City Council established an emergency reserve policy and fund beginning with the fiscal year 2006 budget and amended with Ordinance 2010-852-E, which added “The Emergency Reserve can be used to address unanticipated non-reimbursed expenditures arising out of a hurricane, tornado, other major weather related events, and/or other massive infrastructure failures or other disasters, whether man made or caused by nature.” The emergency reserve is contained as a separate subfund within the General Fund and is included in each annual budget. The emergency reserve shall not be used except as initiated by the mayor through written communication to the City Council, explaining the emergency, and requires approval by two-thirds vote of all City Council members. The emergency reserve will be classified as committed fund balance.

The City does not have a formal minimum fund balance policy. However, the City’s Ordinance Code addresses various targeted reserve positions and the Administration calculates targets and actuals to report the results annually to City Council.

A schedule of City fund balances is provided in the following pages.

CITY OF JACKSONVILLE, FLORIDA
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021

1. BUDGETARY DATA

The City uses the following procedures in establishing the budgetary data reflected in the financial statements.

A. The City adopts its budget in accordance with Chapters 129 and 200, Florida Statutes, the City Charter and Municipal Ordinance Code.

(1) The Mayor's Proposed Budget is presented to the City Council on the second Tuesday in July; the budget ordinance, millage levy ordinance and related resolutions are introduced.

(2) During the first Council meeting in September, public hearings are held on both the budget and the millage rate. Following the public hearings, the Council adopts a tentative budget and tentative millage rate. A final budget and millage is adopted by full Council, and is effective on October 1.

The City presents a Budgetary Comparison Schedule as Required Supplementary Information for the General Fund and each major special revenue fund with a legally adopted budget. For the Fiscal Year 2021, the Other Federal, State, and Local Grants Fund met the criteria to be reported as a major fund, but is not annually budgeted. The City has opted to make this presentation in the format and classifications of the budget document. These schedules report actual expenditures using generally accepted accounting principles as well as expenditures on the budgetary basis, which include amounts encumbered for future spending.

B. The City adopts annual budgets for the General Fund, certain Special Revenue Funds, and Proprietary Funds. The City reports Budgetary Comparisons for its General Fund and Major Special Revenue Funds in the Required Supplementary Information section of the report. None of these funds had an excess of expenditures over appropriations for the year ended September 30, 2021. Proprietary Fund budgets are adopted for management control purposes. The City is not required to include Budgetary Comparisons for Proprietary Funds in this report. Project or program budgets, which may not coincide with the City's fiscal year, or which may exceed a single annual period, are adopted by separate ordinance for most Special Revenue Funds and Capital Project Funds. Budgets are not formally adopted for Debt Service Funds as internal spending controls are set by compliance with bond covenants. The Special Revenue Funds which are not annually budgeted include the following: Public Safety, Community Development Block Grant, Job Training Partnership Act Grant, Maintenance Parks and Recreation, Other Federal, State and Local Grants, Better Jacksonville Trust Fund, Housing and Neighborhoods, State Housing Initiative Partnership, Non-Budgeted General Government, and Clerk of Court.

CITY OF JACKSONVILLE, FLORIDA
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021

1. BUDGETARY DATA (continued)

C. Level of Budgetary Control - Expenditures may not exceed appropriations and are controlled in the following manner:

- (1)** The budget is adopted by ordinance which sets the legal level of control at the fund level by department.
- (2)** The City adopted more stringent administrative policies that control expenditures at the major category (Personal Services, Operating Expense, Capital Outlay, Debt Service) level within divisions within individual funds.
- (3)** The City, additionally, adopted a Municipal Ordinance Code Policy that provides transfer authority to the mayor, without City Council approval, within an individual fund to include unique chart of account combinations if the total transferred funds for a specific purpose, project or issue is under \$500,000 during the fiscal year. These transfers are reported to the Finance Committee on a quarterly basis.

D. Supplemental Appropriations - The City Council may, through passage of an ordinance, amend the budget in any manner permissible under state and local law, with one exception. Bond covenants, trust and agency agreements, and certain clauses of ordinances in effect may restrict certain budgetary items in terms of amount or use.

In certain instances the City may supplement the appropriations in a fund due to unexpected high levels of receipts or under estimates of carry forward balances. Supplemental appropriations to the Fiscal Year 2021 Annual Budget Ordinance were made throughout the year, the effects of which were not material.

- E.** All appropriations in annually budgeted funds, except for amounts corresponding to outstanding encumbrances, lapse at year-end or at the close of the authorizing project/program, unless specifically carried forward by ordinance.
- F.** Formal budgetary integration is used as a management control device for all funds of the City, except certain Debt Service Funds as explained in Note to RSI 1.C.
- G.** The City's Annual Financial Plan, or published budget document, may be obtained from the City's Budget Office located at 117 West Duval Street, Suite 325, Jacksonville, Florida 32202.
- H.** The Clerk of Court special revenue fund budget is not approved by the City. The Court fund is submitted and approved by the State and is based on the State's July 1st to June 30th fiscal year.

Notes to Schedule:

Change of Assumptions:

As of September 30, 2019 the assumed investment return was lowered from 7.00% to 6.90%.

As of September 30, 2019 the mortality assumptions were changed from being based on the FRS mortality tables used in the July 1, 2018 FRS actuarial valuation for the special risk personnel to the FRS mortality tables used in the July 1, 2019 FRS actuarial valuation for special risk personnel. The set forward used to adjust for the plan's experience was changed for healthy pre- and post-retirement lives was changed from 2.5 years to 2.0 years with the adoption of the new base table. The mortality improvement scale was changed from scale BB to scale MP2018 in conjunction with this change.

As of September 30, 2020 the assumed investment return was lowered from 6.90% to 6.80%.

FLORIDA RETIREMENT SYSTEM

The total pension liability for each cost-sharing defined benefit plan was determined using the individual entry age actuarial cost method. Inflation increases for both plans is assumed at 2.40%. Payroll growth, including inflation, for both plans is assumed at 3.25%. Both the discount rate and the long-term expected rate of return used for FRS Pension Plan investments is 6.80%.

JACKSONVILLE BEACH FIREFIGHTERS

Assumption changes for the 9/30/19 measurement date include lowering the investment rate of return from 7.5% to 7.0%

CITY OF JACKSONVILLE RETIREMENT SYSTEM
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

**NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
GENERAL EMPLOYEES RETIREMENT PLAN**

Valuation date	October 1, 2020
Methods and used assumptions to determine contribution rates:	
Actuarial cost method	Entry Age Normal Cost Method
Amortization method	Level percent of payroll, using 1.5% annual increases
Remaining amortization period	All new bases amortized over 27 years, will be further reduced by one year each successive year.
Asset valuation method	Fair value of assets less unrecognized returns in each of the last five years. Unrecognized return is equal to the difference between the actual market return and the expected return on the fair value, and is recognized over a five-year period, further adjusted, if necessary, to be within 20% of the fair value.
Actuarial assumptions:	
Investment rate of return	6.80%, including inflation, net of pension plan investment expense
Inflation rate	2.50%
Projected salary increases	1.50% used for unfunded liability amounts based on a Florida Statutes requirement that the assumption may not exceed average annual growth for the preceding ten years; 2.50% is the Plan's long-term payroll inflation assumption.
Cost-of-living adjustments	The Plan provisions contain a 3.00% COLA.
Mortality:	
<i>Pre-retirement</i>	FRS pre-retirement mortality tables for personnel other than special risk and K-12 instructional personnel, set forward 2 years, projected generationally from 2010 with Scale MP2018
<i>Healthy annuitants</i>	FRS healthy post-retirement mortality tables for personnel other than special risk and K-12 instructional personnel, set forward 2 years, projected generationally from 2010 with Scale MP2018.
<i>Disabled annuitants</i>	FRS disabled mortality tables for personnel other than special risk, with no set forward, projected generationally from 2010 with Scale MP2018. The FRS tables for personnel other than special risk and K-12 instructional personnel, set forward 2 years, reasonably reflect the healthy annuitant mortality experience of the General Employees Retirement Plan as of the measurement date. The FRS disabled mortality tables for personnel other than special risk reasonably reflect the disabled annuitant mortality experience as of the measurement date.

2012	73,729	70,599	3,130	133,611	52.84%

* Contribution deficiency (excess) is assigned to the City Budget Stabilization Account

Valuation date: October 1, 2020

Methods used to determine contribution rates:

- Actuarial Cost Method: Entry Age Normal Cost
- Amortization method: Level Percent of Payroll, Closed
- Remaining amortization period: 27 Years
- Asset valuation method: 5-year smoothed market
- Inflation: 2.5%
- Salary increases: A range of 2.75% to 11.50% depending on complete years of service, including inflation.
- Investment rate of return: 6.90%
- Retirement Age: Experience-based table of rates that are specific to the type of eligibility condition.
- Mortality : MortalityPUB-2010 Headcount Weighted Safety Healthy Employee Mortality Table (for pre-retirement mortality) and the PUB-2010 Headcount Weighted Safety Healthy Retiree Mortality Table (for post-retirement mortality), with separate rates for males and females and ages set forward one year, with mortality improvements projected to all future years after 2010 using Scale MP-2018. For males, the base mortality rates for both pre-retirement and post-retirement mortality are based on the Below Median Healthy tables. These are the same rates currently in use for Special Risk Class members of the Florida

Other: This schedule is presented for the requirement to show information for 10 years. However, until a full 10-year trend is compiled, the City will present information for the years for which information is available.

Notes to Required Schedules:

- 1) The City does not accumulate assets in a trust to pay related benefits.
- 2) Significant changes in assumptions that affect trends in the amounts reported:
 - a) The discount rate was updated from 2.21% to 2.26%.
 - b) The retirement and termination rates were updated to the rates from the City of Jacksonville Correctional Officer Retirement System Valuation as of October 1, 2020, the City of Jacksonville General Employee Retirement Plan Valuation as of October 1, 2020, and the Florida Retirement System Actuarial Valuation as of July 1, 2020.
 - c) Trend rates were reset to 7.0% (6.0% for Medicare and graded down by 0.25% until reaching an ultimate of 4.0% based on current Healthcare Analytics (HCA) consulting trend study; current economic environment suggests a longer period until reaching the ultimate rate.
 - d) The mortality assumption was updated from Scale MP-2019 to MP-2020 to reflect the Society of Actuaries' recent mortality study.

SCHEDULE OF CHANGES IN THE CITY'S NET OPEB LIABILITY AND RELATED RATIOS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

	<u>FY2021</u>	<u>FY2020</u>
Total OPEB Liability		
Service cost	\$ 15,844,688	\$ 10,507,028
Interest	\$ 5,396,475	\$ 4,191,742
Changes of benefit terms	\$ -	\$ -
Differences between expected and actual experience	\$ 69,664,625	\$ -
Changes in assumptions	\$ 11,336,741	\$ 18,031,436
Plan change (1/1/2020)		\$ 201,346,437
Benefit payments	\$ (6,250,523)	\$ (2,611,660)
Net change in total OPEB liability	\$ 95,992,006	\$ 231,464,984
Total OPEB liability - beginning	\$ 231,464,984	\$ -
Total OPEB liability - ending (a)	\$ 327,456,990	\$ 231,464,984
 Plan fiduciary net position		
Contributions - employer	\$ 6,250,523	\$ 2,611,660
Net investment income	\$ -	\$ -
Benefit payments	\$ (6,250,523)	\$ (2,611,660)
Administrative expense	\$ -	\$ -
Net change in plan fiduciary net position	\$ -	\$ -
Plan fiduciary net position - beginning	\$ -	\$ -
Plan fiduciary net position - ending (b)	\$ -	\$ -
 City's net OPEB liability - ending (a) - (b)	\$ 327,456,990	\$ 231,464,984
 Plan fiduciary net position as a percentage of the total OPEB liability	0.0%	0.0%
 Covered payroll	\$ 433,771,559	\$ 261,444,000
 City net OPEB liability as a percentage of covered employee payroll	75.5%	88.5%

Other: This schedule is presented for the requirement to show information for 10 years. However, until a full 10-year trend is compiled, the City will present information for the years for which information is available.

Notes to Required Schedules:

- 1) The City does not accumulate assets in a trust to pay related benefits.
- 2) Significant changes in assumptions that affect trends in the amounts reported:
 - a) The discount rate was updated from 2.21% to 2.26%.
 - b) The retirement and termination rates were updated to the rates from the City of Jacksonville Police and Fire Pension Fund Actuarial Valuation as of October 1, 2020.
 - c) Trend rates were reset to 7.0% (6.0% for Medicare and graded down by 0.25% until reaching an ultimate of 4.0% based on current Healthcare Analytics (HCA) consulting trend study; current economic environment suggests a longer period until reaching the ultimate rate.
 - d) The mortality assumption was updated from Scale MP-2019 to MP-2020 to reflect the Society of Actuaries' recent mortality study.

 NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
 POST EMPLOYMENT BENEFITS OTHER THAN PENSION (OPEB)
 OTHER THAN POLICE & FIRE
 FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

Actuarial Assumptions and Methods:

- | | |
|-----------------------------------|--|
| 1) Measurement Date: | September 30, 2021. |
| 2) Discount Rate: | 2.21% (BOY), 2.26% (EOY) – Bond Buyer 20-Bond GO Index. |
| 3) Salary Increase Rate: | 3.5% per annum. |
| 4) Valuation Date and Census Data | Valuation date of October 1, 2021, based on the census provided by the City as of September 2021. |
| 5) Marriage Rate | The assumed number of eligible dependents is based on the current proportions of single and family contracts in the census provided. |
| 6) Spouse Age | Spouse dates of birth were provided by the City. Where this information is missing, male spouses are assumed to be three years older than female spouses. |
| 7) Medicare Eligibility | All current and future retirees are assumed to be eligible for Medicare at age 65. |
| 8) Actuarial Cost Method | Entry Age Normal based on level percentage of projected salary. |
| 9) Amortization Method | Experience/Assumptions gains and losses are amortized over a closed period of 10.3 years starting October 1, 2021, equal to the average remaining service of active and inactive plan members (who have no future service). |
| 10) Plan Participation Percentage | That 60% of future pre 65 retirees will participate in the pre-65 medical plan and 15% (30% for those hired prior to 1/1/1987) continue upon Medicare eligibility. This assumes that a one-time irrevocable election to participate is made at retirement. |
| 11) Mortality Rates | Pub-2010 generational table scaled using MP-20 and applied on a gender specific basis. |

 POST EMPLOYMENT BENEFITS OTHER THAN PENSION (OPEB)
 OTHER THAN POLICE & FIRE
 FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

Actuarial Assumptions and Methods: (continued)

12) Health Care Cost Trend Rate

The health care cost trend assumptions are used to project the cost of health care in future years. The following annual trends are based on the HCA Consulting trend study and are applied on a select and ultimate basis. Select trends are reduced 0.25% each year until reaching the ultimate trend rate.

<u>Expense Type</u>	<u>Select</u>	<u>Ultimate</u>
Pre-Medicare Medical and Rx Benefits	7.0%	4.0%
Medicare Benefits	6.0%	4.0%
Stop Loss Fees	7.0%	4.0%
Administrative Fees	4.0%	4.0%

13) Per Capita Health Care Cost Trend Rate

Expected annual claim costs were developed using 24 months of historical claim experience through October 2021. Recent claims did not suggest adjustments for COVID-19 were necessary for future claims cost projections. The age 60 and age 70 claim costs are as follows:

<u>Rate Tier</u>	<u>Age 60</u>	<u>Age 70 (Medicare)</u>	<u>(Non-Medicare)</u>
HMO 48	\$ 14,328	\$ 9,230	\$ 18,808
HDHP 65	\$ 8,024	\$ 5,266	\$ 10,533
PPO	\$ 16,033	\$ 9,953	\$ 21,046
Future Retirees	\$ 14,038	\$ 8,978	\$ 18,428

14) Non-Claim Expenses

Non-claim expenses are based on the current amounts charged per retired employee as of 2021. The amounts are provided in the table below and are trended at the levels shown in the “Health Care Cost Trend Rate” table in (12) above.

<u>Rate Tier</u>	<u>Age 60</u>
Administrative Fee	\$27.67
Stop Loss Fee	\$ 9.16

15) Plan Election Percentage

Future eligible retirees are assumed to elect coverage based on the following percentages:

<u>Rate Tier</u>	<u>Age 60</u>
HMO 48	70 %
HDHP 65	10 %
PPO	20 %

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021**

Actuarial Assumptions and Methods: (continued)

16) Age Based Morbidity

The assumed per capita health claim costs are adjusted to reflect expected increases related to age and gender. These increases are based on a 2013 Society of Actuaries study.

17) Termination and Retirement Age

The rate of withdrawal for reasons other than death and retirement has been developed from the Florida Retirement System Actuarial Valuation as of July 1, 2020, City of Jacksonville Correctional Officer Retirement System Valuation as of October 1, 2020, and the City of Jacksonville General Employees Retirement Plan Valuation as of October 1, 2020. The annual termination probability is dependent on an employee's age, gender, and years of service.

**Notes to Schedule of
Expenditures of Federal Awards
And State Financial Assistance**

City of Jacksonville, Florida
Notes to Schedule of Expenditures of Federal Awards and State Financial Assistance
For the fiscal year end September 30, 2021

Note 1. Basis of Presentation

The accompanying schedules of expenditures of federal awards and state financial assistance includes certain federal and state grant activity of the City of Jacksonville, Florida (the “City”) for the year ended September 30, 2021. The schedules do not include the federal and state grant activity of the City’s discretely presented component units the JEA, Jacksonville Port Authority, and the Jacksonville Transportation Authority, which received approximately \$30.9 million, and \$108.9 million, respectively. Federal and state grant activity for the discretely presented component units is reported on separately. Because the Schedules present only a selected portion of the operations of the City, they are not intended to and do not present the financial position, changes in net position or cash flows of the City. The City’s reporting entity is defined in Note 1 of the City’s basic financial statements.

Note 2. Basis of Accounting

The schedules are presented using the modified accrual basis of accounting for grants which are accounted for in governmental funds and on the accrual basis of accounting for grants which are accounted for in proprietary funds. Such expenditures are recognized following the cost principles in Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), wherein certain types of expenditures are not allowable or are limited as to reimbursement. The information in these schedules is presented in accordance with the requirements of the Uniform Guidance, Audits of States, Local Governments, and Non-Profit Organizations and Chapter 10.500, Rules of the Auditor General. Therefore, some amounts presented in these schedules may differ from amounts presented in, or used in the preparation of, the basic financial statements.

Note 3. Program Clusters

The Uniform Guidance defines a cluster of programs as a grouping of closely related programs that share common compliance requirements. Accordingly, federal programs and related CFDA numbers reported within the schedule of expenditures include the Child Nutrition Cluster 10.559, CDBG-Entitlement Cluster 14.218, Highway Planning & Construction Cluster 20.205, Aging Cluster 93.044, 93.045 and 93.053, and the Foster Grandparent/Senior Companion Cluster 94.011 and 94.016.

Note 4. Indirect Cost

The City has not elected to use the 10% de minimis indirect cost rate.

Note 5. FEMA Expenditures

Expenditures for CDFA No. 97.036 Disaster Grants – Public Assistance, include \$722,270.37 expended in the prior fiscal year that had not been obligated (approved) by the Federal Emergency Management Agency as of September 30, 2021.

(This page is intentionally left blank.)

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND STATE PROJECT; AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE; REQUIRED BY THE UNIFORM GUIDANCE AND CHAPTER 10.550, RULES OF THE AUDITOR GENERAL OF THE STATE OF FLORIDA

To the Honorable Mayor and Members of the City Council
City of Jacksonville, Florida

Report on Compliance for Each Major Federal Program and State Project

We have audited the City of Jacksonville, Florida's (the "City") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* and the requirements described in the Florida Department of Financial Services State Projects Compliance Supplement that could have a direct and material effect on each of the City's major federal programs and state financial assistance projects for the year ended September 30, 2021. The City's major federal programs and state projects are identified in the summary of auditors' results section of the accompanying *Schedule of Findings and Questioned Costs*.

The City's basic financial statements include the operations of JEA, Jacksonville Transportation Authority and Jacksonville Port Authority, for which any federal or state grant activity is not included in the schedules of federal awards and state financial assistance. Our audit, described below, did not include the operations of JEA, Jacksonville Transportation Authority and Jacksonville Port Authority which received federal awards and state financial assistance of approximately \$2.5 million, \$108.9 million and \$30.9 million, respectively, because the component units engaged other auditors to perform an audit in accordance with the Uniform Guidance and Chapter 10.550, Rules of the Auditor General.

Management's Responsibility

Management is responsible for compliance with the requirements of federal and state laws, regulations, and the terms and conditions of its federal and state awards applicable to its federal programs and state projects.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the City's major federal programs and state projects based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), *Audits of States, Local Governments, and Non-Profit Organizations*; and Chapter 10.550, *Rules of the Auditor General*. Those standards, the Uniform Guidance and Chapter 10.550 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above

that could have a direct and material effect on a major federal program or state project occurred. An audit involves examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program and each major state project. However, our audit does not provide a legal determination of the City's compliance.

Opinion on Each Major Federal Program and State Project

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs and each of its major state projects for the year ended September 30, 2021.

Report on Internal Control Over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program and state project to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and state project and to test and report on internal control over compliance in accordance with the Uniform Guidance and Chapter 10.550, Rules of the Auditor General, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. However, as discussed below, we did identify certain deficiencies in internal control over compliance that we consider to be material weaknesses and significant deficiencies.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program or state project on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program or state project will not be prevented, or detected and corrected, on a timely basis. We consider the deficiency in internal control over compliance described in the accompanying *Schedule of Findings and Questioned Costs* as item 2021-004 to be a material weakness.

A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program or state project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider

the deficiencies in internal control over compliance described in the accompanying *Schedule of Findings and Questioned Costs* as items 2021-005 and 2021-006 to be significant deficiencies.

The City's response to the internal control over compliance findings identified in our audit is described in the accompanying *Schedule of Findings and Questioned Costs*. The City's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and Chapter 10.550, Rules of the Auditor General. Accordingly, this report is not suitable for any other purpose.

Carr, Riggs & Ingram, L.L.C.

**Schedule of Findings and Questioned Costs
For the Fiscal year ended September 30, 2021**

Part II – Financial Statement Findings

2021-001 ACCOUNTING SYSTEM IMPLEMENTATION

Condition: During the audit we found that financial records for most classes of transactions and account balances were not accurately completed on a timely basis. Financial reports were not in place to extract the financial information required and the financial information provided to us required material correcting entries to be made in the following areas:

- Cash
- Accounts Receivable
- Accrued Payroll
- Revenues

Criteria: Section 218.33, Florida Statutes, requires that local government entities follow uniform accounting practices and procedures including the use of proper accounting and fiscal management, which includes establishing and maintaining effective internal control to help ensure that appropriate goals and objectives are met and ensuring that management and financial information is reliable and properly reported.

Cause: The new accounting system was not designed and implemented effectively such that it was not functioning sufficiently to maintain up-to-date and accurate financial records for most classes of transactions and account balances.

Effect: Multiple material errors were found and the audit was not able to be completed by the state's initial deadline.

Recommendation: Enhance the understanding and user abilities of the accounting system through further training and consultation with software providers. Also, bring monthly close processes up to date and ensure that sub-ledgers reconcile accurately to the general ledger.

Management Response: The City of Jacksonville went live with our ERP systems conversion on March 1, 2020. Exactly 16 days later, we were hit with the devastating COVID-19 pandemic that sidelined our workforce and disrupted the conversion that was already expected to be a challenging process. Many large organizations struggle for years to regain their footing after a major systems conversion. In our case, the systems previously in place were more than 50 years old and in need of major upgrade. Negatively impacted by the pandemic, our conversion put the City six months behind in submitting its FY2020 reports.

We have implemented many process improvements since our systems conversion and the FY2020 audit, our first in the new system. Specifically in response to the FY2020 auditor recommendations, made in December 2021, the City took the following steps:

- 1) To address the recommendation for further training, we made the following improvements:
 - a. We added Oracle University licenses to our 2021-2022 budget and a City-wide Oracle 1Cloud training position to our 2022-2023 budget. This new position will have the responsibility of ensuring the effective and productive training of new and existing employees. They will connect existing employees with both 1) Oracle University content,

**Schedule of Findings and Questioned Costs
For the Fiscal year ended September 30, 2021**

- to which we have subscribed, related to their functions within the system and 2) our library of internally created content that we developed and added to the training materials library within the new ERP system. Our library of training materials is now an expansive online volume of function- and transaction-specific information. The training position will also be responsible for connecting newly assigned employees with subject matter experts (SMEs) in their areas, identifying additional training content needs and coordinating the further development of materials. Through the creation and centralization of training content, creation of Job Aids, and adding a facilitator to connect users with the appropriate content, we are confident these efforts will continue to enhance the already strengthened understanding our users have of their roles and responsibilities in the new system.
- b. In addition to the above training enhancements for new and existing staff, we have rewritten accounting division job descriptions to focus on modern accounting needs, by including modern ERP systems functions and experience requirements. We have been filling vacancies with a preference placed on candidates with cloud-based accounting ERP systems experience and have expanded the financial reporting systems team from four to a total of nine positions (seven FTEs and two part time employees). These systems-specific functions and job specs did not exist in 2020 or before.
- 2) To address the recommendation for further consultation with software providers, we made two major changes:
- a. We eliminated usage of the previous implementation consultant and instead hired Oracle Consulting directly. This change effectively eliminated the delays and partial answers we were seeing with the middle-man approach to implementation. From the date of the cut-over to Oracle Consulting in April of 2021, we began to see notable improvements in the timeliness and quality of answers to the problems we were experiencing through and after implementation.
 - b. We added Oracle Managed Care Solutions (MCS) to our suite of ongoing services. The benefit of Oracle MCS is that they serve as an extension of our internally developed systems experts' problem ticket resolution process, allowing them to elevate and resolve user experience problems directly at the source. In other words, MCS allows for direct elevation of tickets to Oracle software developers and experts to address issues promptly.
- 3) To address the recommendation to bring monthly close processes up to date and ensure that sub-ledgers reconcile accurately to the general ledger, we note the following:
- a. Despite the late start on this year's audit caused by the COVID-delayed 2020 reports, we have made up three of those months as we are hitting the revised deadline of 9/30/22 to submit the City's FY2021 ACFR.
 - b. Our monthly accounting processes caught back up to a live-closing basis for June 2022 which will ensure timely and accurate reporting going forward beginning with the 9/30/2022 ACFR, AFR, SEFA, and SESA.

These procedural and operational improvements made by the City since embarking on the challenging journey of converting to a new modern ERP system are efforts which will pay dividends for years to come in the areas of transparency and quality of financial reporting. We expect that these findings will be minimized in FY2022 and will be cleared by the FY2023 audit.

Schedule of Findings and Questioned Costs
For the Fiscal year ended September 30, 2021

2021-002 BANK RECONCILIATIONS

Condition: During the audit we found that the bank reconciliation was not accurately or timely completed and there were transactions which were not properly recorded in the general ledger or the bank reconciliation.

Criteria: Section 218.33, Florida Statutes, requires that local government entities follow uniform accounting practices and procedures including the use of proper accounting and fiscal management, which includes establishing and maintaining effective internal control to help ensure that appropriate goals and objectives are met and ensuring that management and financial information is reliable and properly reported.

Cause: The Treasury division was not able to complete the bank reconciliation in a timely and accurate manner due to general weaknesses in the system implementation and did not make appropriate entries or communicate errors to the Accounting division to account for transactions which had been processed and were identified when performing the bank reconciliation.

Effect: Material errors were identified between the bank reconciliation and related ledger accounts.

Recommendation: The Treasury division, Accounting division, and finance managers throughout the City should collaborate better to ensure the bank balances are being reconciled accurately and in a timely manner to an amount that matches the general ledger to bank statements.

Management Response: To address these weaknesses, we made the following four improvements:

- 1) The general weaknesses related to systems conversion were addressed through the steps highlighted in our responses to Finding 2021-001 above. These improvements led to the accounting months being closed in the system on a timely basis, which then allowed for a banking reconciliation to be performed on timely and accurate basis against those closed months. Live closing was restored beginning with the June 2022 month-end close process, and we have continued to close months on time since then. Our expectation will be that the audit of the FY2022 ACFR will reflect that this item has been substantially or fully addressed.
- 2) To address the communications weaknesses between Treasury and Accounting, we commenced weekly cash reconciliation meetings in May 2022 to ensure that any recording discrepancies or issues identified are addressed immediately so that when monthly closings occur the reconciliation process can occur more quickly and accurately.
- 3) We also reclassified positions within the Treasury Division to specifically add further reconciliation responsibility to newly assigned staff.
- 4) We adopted a standard set of monthly reconciliation procedures, with example job aid screenshots, to ensure that all steps are followed in the reconciling of monthly statements.

These four improvements have yielded positive results as we are now reconciling our monthly bank statements in a timely and accurate manner. These procedural and operational improvements made by the City since embarking on the challenging journey of converting to a new modern ERP system are efforts which will pay dividends for years to come in the areas of transparency and quality of financial reporting. We fully expect that these findings will be minimized in FY2022 and will be cleared by the FY2023 audit.

**Schedule of Findings and Questioned Costs
For the Fiscal year ended September 30, 2021**

2021-003 REPORTING OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE

Condition: During the audit we found material errors, omissions, and misclassifications on the Schedule of Expenditures of Federal Awards (SEFA) and the Schedule of Expenditures of State Financial Assistance (SESA), including incorrect reporting of amounts passed through to subrecipients.

Criteria: Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and Chapter 10.550, *Rules of the Auditor General* require complete and accurate reporting of the expenditures of federal awards and state financial assistance on the SEFA and SESA, respectively, which includes establishing and maintaining effective internal control to help ensure that such information is reliable and properly reported.

Cause: The new accounting system's grant and revenue modules had implementation challenges related to maintaining up-to-date and accurate financial records for certain grant transactions resulting in misclassification or other errors in recording grant revenues and expenditures. During the transition to the new accounting system, certain decentralized grant managers within the City maintained and reported grant expenditures on stand-alone schedules and ledgers outside of and unreconciled to the grant and revenue modules.

Effect: Multiple material errors were found in the SEFA and SESA, requiring the City to research and restate both schedules.

Recommendation: Continue to enhance the effectiveness of the grant and revenue modules of the new accounting system through further training and consultation with software providers. Also, ensure that sub-ledgers maintained by decentralized users related to grants are regularly reconciled to the grant module of the new accounting system.

Management Response: We have implemented many process and training improvements since our systems conversion as detailed in our responses to findings 001 and 002 which we expect to positively impact these findings in the FY 22 audit. We plan to continue to enhance City personnel understanding of and abilities within the grant and revenue modules of the new accounting system with further training specifically on these modules in consultation with Oracle, the provider of the software. We will also ensure that any ledgers maintained by decentralized users related to grants are regularly reconciled to the grant module of the new accounting system.

Schedule of Findings and Questioned Costs
For the Fiscal year ended September 30, 2021

Part III – Findings and Questioned Costs – Federal Programs

2021-004 – COVID-19: Emergency Rental Assistance Program

Federal Awarding Agency – U.S. Department of the Treasury

Assistance Listing Number – 21.023

FAIN – n/a

Award Year – n/a

Questioned costs – none

Criteria: 2 CFR Part 200 in general and 2 CFR section 200.332 require non-Federal entities to establish and maintain effective internal controls over Federal awards, including the requirements for allowable costs, cost principles, beneficiary eligibility, and subrecipient monitoring. The related compliance requirements are set in Section 501 of Division N of the Consolidated Appropriations Act, 2021, 2 CFR Part 200, Subpart E, Appendices III-V11, and sections 200.330, .331, and .501(h), federal awarding agency regulations, and the terms and conditions of the award.

Condition: Subrecipient monitoring controls related to monthly subrecipient reports and the final subrecipient expenditure reports were not documented in a manner that is reperformable.

Cause: The program was new and controls were done verbally and without clear documentation.

Effect: Individuals who are not eligible to receive the services funded by this grant may incorrectly be served by the subrecipient entities, allowable costs or cost principles may not have been followed by subrecipient entities, or subrecipients may not have been properly monitored for other compliance requirements.

Recommendation: We recommend that the City ensure that all controls for grants be documented in written procedures which should include the name or title of the positions responsible for each control (preparation, review, reconciliation, etc.) and that the performance of the controls be documented in a clear, reperformable manner including the name and date of each responsible individual and which specific control they performed over compliance for the grant.

Views of responsible officials: We will work with our departments to ensure that controls for grants are documented with written procedures. These procedures will include the title of the positions responsible for each control (preparation, review, reconciliation, etc.) and will require that the performance of the controls be documented in a clear, re-performable manner with the name of the responsible individuals, the specific control(s) they performed over compliance for the grant, and the date(s) the controls were performed.

Schedule of Findings and Questioned Costs
For the Fiscal year ended September 30, 2021

2021-005 – COVID-19: Housing Opportunities for Persons with AIDS

Federal Awarding Agency – U.S. Department of Housing and Urban Development

Assistance Listing Number – 14.241

FAIN – n/a

Award Year – 2020

Questioned costs – none

Criteria: 2 CFR Part 200 in general and 2 CFR section 200.332 require non-Federal entities to establish and maintain effective internal controls over Federal awards, including the requirements for beneficiary eligibility and subrecipient monitoring. The related compliance requirements are set in 2 CFR Part 200 sections 200.330, .331, and .501(h), 42 USC 12901-12912, the “CARES Act”, 24 CFR Parts 91 and 574, federal awarding agency regulations, and the terms and conditions of the award.

Condition: Subrecipient monitoring controls related to review of monthly subrecipient reports and annual subrecipient financial statements were not documented in a manner that is reperformable.

Cause: Subrecipient monitoring controls were not evidenced with clear documentation.

Effect: Individuals who are not eligible to receive the services funded by this grant may incorrectly be served by the subrecipient entities or subrecipients may not have been properly monitored for other compliance requirements.

Recommendation: We recommend that the City ensure that all controls for grants be documented in written procedures which should include the name or title of the positions responsible for each control (preparation, review, reconciliation, etc.) and that the performance of the controls be documented in a clear, reperformable manner including the name and date of each responsible individual and which specific control they performed over compliance for the grant.

Views of responsible officials: We will work with our departments to ensure that controls for grants are documented with written procedures. These procedures will include the title of the positions responsible for each control (preparation, review, reconciliation, etc.) and will require that the performance of the controls be documented in a clear, re-performable manner with the name of the responsible individuals, the specific control(s) they performed over compliance for the grant, and the date(s) the controls were performed.

Schedule of Findings and Questioned Costs
For the Fiscal year ended September 30, 2021

2021-006 – COVID-19: Emergency Solutions Grant Program

Federal Awarding Agency – U.S. Department of Housing and Urban Development

Assistance Listing Number – 14.231

FAIN – E-20-UC-12-0017

Award Year – 2020

Questioned costs – none

Criteria: 2 CFR Part 200 in general and 2 CFR section 200.306 require non-Federal entities to establish and maintain effective internal controls over Federal awards, including the requirements for matching. The related compliance requirements are set in 2 CFR sections 200.330, .331, and .501(h), 24 CFR Part 576, federal awarding agency regulations, and the terms and conditions of the award.

Condition: Internal controls related to review of monthly subrecipient reports to ensure compliance with matching requirements were not documented in a manner that is reperformable.

Cause: Internal controls over monthly subrecipient report review for matching compliance were not evidenced with clear documentation.

Effect: Subrecipients may not have met required matching compliance requirements.

Recommendation: We recommend that the City ensure that all controls for grants be documented in written procedures which should include the name or title of the positions responsible for each control (preparation, review, reconciliation, etc.) and that the performance of the controls be documented in a clear, reperformable manner including the name and date of each responsible individual and which specific control they performed over compliance for the grant.

Views of responsible officials: We will work with our departments to ensure that controls for grants are documented with written procedures. These procedures will include the title of the positions responsible for each control (preparation, review, reconciliation, etc.) and will require that the performance of the controls be documented in a clear, re-performable manner with the name of the responsible individuals, the specific control(s) they performed over compliance for the grant, and the date(s) the controls were performed.

Part IV – Findings and Questioned Costs – State Projects

There were no findings related to state projects.

**Summary Schedule of Prior Audit Findings
For the Year Ended September 30, 2021**

Prior Year Financial Statement Findings

2020-001 – ACCOUNTING SYSTEM IMPLEMENTATION: During the audit we found that financial records for most classes of transactions and accounts.

- Not Corrected, repeated as the substantially same finding in current year 2021-001.

2020-002 – BANK RECONCILIATIONS: During the audit we found that the bank reconciliation was not accurately completed and there were transactions which had already cleared the bank but were not properly recorded in the general ledger or the bank reconciliation.

- Not Corrected, repeated as the substantially same finding in current year 2021-002.

Prior Year Federal Programs Findings

2020-003 – Temporary Assistance for Needy Families Controls over Eligibility (previously reported as 2018-003 and 2019-001) CFDA Number 93.558; Contract Number HF152002 2020

- Corrected during fiscal year 2021.

2020-004 – Temporary Assistance for Needy Families Controls over Level of Effort (previously reported as 2018-004 and 2019-002) CFDA Number 93.558; Contract Number HF152002 2019 and HF152002 2020

- Corrected during fiscal year 2021.

Prior Year State Project Findings

There were no findings related to state projects in fiscal year 2020.

MANAGEMENT LETTER REQUIRED BY CHAPTER 10.550 OF THE RULES OF THE AUDITOR GENERAL

To the Honorable Mayor and members of the City Council
City of Jacksonville, Florida

Report on the Financial Statements

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Jacksonville, Florida (the “City”) as of and for the fiscal year ended September 30, 2021, which collectively comprise the City’s basic financial statements and have issued our report thereon date December 29, 2022. Our report on the basic financial statements included reference to the reports of other auditors. This management letter does not include the findings and recommendations of the other auditors that are reported on separately by those auditors.

Auditors’ Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance); and Chapter 10.550, Rules of the Auditor General. Our report includes a reference to other auditors who audited the financial statements of JEA, Jacksonville Transportation Authority, and Jacksonville Port Authority, discretely presented component units of the City.

Other Reporting Requirements

We have issued our Independent Auditors’ Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*; Independent Auditors’ Report on Compliance for Each Major Federal Program and State Project and Report on Internal Control over Compliance; Schedule of Findings and Questioned Costs; and Independent Accountants’ Reports on examinations conducted in accordance with AICPA Professional Standards, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports and schedule, which are dated December 29, 2022, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. If the audit findings in the preceding audit report are uncorrected, we are required to identify those findings that were also included in the second preceding audit report. Prior year findings 2020-001 and 2020-002, which were both new in fiscal year 2020, are repeated substantially in the same manner in 2021-001 and 2021-002, respectively. Prior year findings 2020-003 and 2020-004 are not repeated in the current year.

Official Title and Legal Authority

Section 10.554(1)(i)4, Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. This information is disclosed in Note 1 in the notes to the financial statements.

Financial Condition and Management

Sections 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the City has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the City did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the City as of September 30, 2021. It is management's responsibility to monitor the City's financial condition, and our financial condition assessment was based in part on representations made by management and review of financial information provided by same.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we recommend that the City continue efforts to improve its tracking, reconciliation, and analysis related to capital assets.

Special District Component Units

Section 10.554(1)(i)5.c., Rules of the Auditor General, requires, if appropriate, that we communicate the failure of a special district that is a component unit of a county, municipality, or special district, to provide the financial information necessary for proper reporting of the component unit within the audited financial statements of the county, municipality, or special district in accordance with Section 218.39(3)(b), Florida Statutes. In connection with our audit, we did not note any special district component units that failed to provide the necessary information for proper reporting in accordance with Section 218.39(3)(b), Florida Statutes.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

In connection with our audit, we noted an opportunity for the City to improve its process for maintaining documentation of internal control processes over grant compliance. We recommend the creation and regular update of written procedures for grant compliance including the identification of specific controls and the responsible individual for performing the control for each grant received by the City. Each control over compliance should be evidenced by clear documentation of who performed the control, what the control was, and the date it was performed.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, City Council, and applicable management, and appropriate audit agencies, and is not intended to be and should not be used by anyone other than these specified parties.

December 29, 2022

Below are corrective action plans for Audit Findings 2021-001, 2021-002, 2021-003, 2021-004, 2021-005, and 2021-006.

Part II – Financial Statement Findings

2021-001 Accounting System Implementation

Criteria: Section 218.33, Florida Statutes, requires that local government entities follow uniform accounting practices and procedures including the use of proper accounting and fiscal management, which includes establishing and maintaining effective internal control to help ensure that appropriate goals and objectives are met and ensuring that management and financial information is reliable and properly reported.

Condition: During the audit we found that financial records for most classes of transactions and account balances were not accurately completed on a timely basis. Financial reports were not in place to extract the financial information required and the financial information provided to us required material correcting entries to be made in the following areas: Cash, Accounts Receivable, Accrued Payroll and Revenues.

Cause: The new accounting system was not designed and implemented effectively such that it was not functioning sufficiently to maintain up-to-date and accurate financial records for most classes of transactions and account balances.

Effect: Multiple material errors were found and the audit was not able to be completed by the state's initial deadline.

Recommendation: Enhance the understanding and user abilities of the accounting system through further training and consultation with software providers. Also, bring monthly close processes up to date and ensure that sub-ledgers reconcile accurately to the general ledger.

Action Plan: The City of Jacksonville went live with our ERP systems conversion on March 1, 2020. Exactly 16 days later, we were hit with the devastating COVID-19 pandemic that sidelined our workforce and disrupted the conversion that was already expected to be a challenging process. Many large organizations struggle for years to regain their footing after a major systems conversion. In our case, the systems previously in place were more than 50 years old and in need of major upgrade. Negatively impacted by the pandemic, our conversion put the City six months behind in submitting its FY2020 reports.

We have implemented many process improvements since our systems conversion and the FY2020 audit, our first in the new system. Specifically in response to the FY2020 auditor recommendations, made in December 2021, the City took the following steps:

1) To address the recommendation for further training, we made the following improvements:

a. We added Oracle University licenses to our 2021-2022 budget and a City-wide Oracle 1Cloud training position to our 2022-2023 budget. This new position will have the responsibility of ensuring the effective and productive training of new and existing employees. They will connect existing employees with both 1) Oracle University content, to which we have subscribed, related to their functions within the system and 2) our library of internally created content that we developed and added to the training materials library within the new ERP system. Our library of training materials is now an expansive online volume of function- and transaction-specific information. The training position will also be responsible for connecting newly assigned employees with subject matter experts (SMEs) in their areas, identifying additional training content needs and coordinating the further development of materials. Through the creation and centralization of training content, creation of Job Aids, and adding a facilitator to connect users with the appropriate content, we are confident these efforts will continue to enhance the already strengthened understanding our users have of their roles and responsibilities in the new system.

b. In addition to the above training enhancements for new and existing staff, we have re-written accounting division job descriptions to focus on modern accounting needs, by including modern ERP systems functions and experience requirements. We have been filling vacancies with a preference placed on candidates with cloud-based accounting ERP systems experience and have expanded the financial reporting systems team from four to a total of nine positions (seven FTEs and two part time employees). These systems-specific functions and job specs did not exist in 2020 or before.

2) To address the recommendation for further consultation with software providers, we made two major changes:

a. We eliminated usage of the previous implementation consultant and instead hired Oracle Consulting directly. This change effectively eliminated the delays and partial answers we were seeing with the middle-man approach to implementation. From the date of the cut-over to Oracle Consulting in April of 2021, we began to see notable improvements in the timeliness and quality of answers to the problems we were experiencing through and after implementation.

b. We added Oracle Managed Care Solutions (MCS) to our suite of ongoing services. The benefit of Oracle MCS is that they serve as an extension of our internally developed systems experts' problem ticket resolution process, allowing them to elevate and resolve user experience problems directly at the source. In other words, MCS allows for direct elevation of tickets to Oracle software developers and experts to address issues promptly.

3) To address the recommendation to bring monthly close processes up to date and ensure that sub-ledgers reconcile accurately to the general ledger, we note the following:

a. Despite the late start on this year's audit caused by the COVID-delayed 2020 reports, we have made up three of those months as we are hitting the revised deadline of 9/30/22 to submit the City's FY2021 ACFR.

b. Our monthly accounting processes caught back up to a live-closing basis for June 2022 which will ensure timely and accurate reporting going forward beginning with the 9/30/2022 ACFR, AFR, SEFA, and SESA.

These procedural and operational improvements made by the City since embarking on the challenging journey of converting to a new modern ERP system are efforts which will pay dividends for years to come in the areas of transparency and quality of financial reporting. We expect that these findings will be minimized in FY2022 and will be cleared by the FY2023 audit.

Anticipated completion date of the plan - September 20, 2023

2021-002 Bank Reconciliations

Criteria: Section 218.33, Florida Statutes, requires that local government entities follow uniform accounting practices and procedures including the use of proper accounting and fiscal management, which includes establishing and maintaining effective internal control to help ensure that appropriate goals and objectives are met and ensuring that management and financial information is reliable and properly reported.

Condition: During the audit we found that the bank reconciliation was not accurately or timely completed and there were transactions which had already cleared the bank but were not properly recorded in the general ledger or the bank reconciliation.

Cause: The Treasury division was not able to complete the bank reconciliation in a timely and accurate manner due to general weaknesses in the system implementation and did not make appropriate entries or communicate errors to the Accounting division to account for transactions which had been processed and were identified when performing the bank reconciliation.

Effect: Material errors were identified between the bank reconciliation and related general ledger accounts.

Recommendation: The Treasury division, Accounting division, and finance managers throughout the City should collaborate better to ensure the bank balances are being reconciled accurately and in a timely manner to an amount that matches the general ledger to bank statements.

Action Plan: To address these weaknesses, we made the following four improvements:

- 1) The general weaknesses related to systems conversion were addressed through the steps highlighted in our responses to Finding 2021-001 above. These improvements led to the accounting months being closed in the system on a timely basis, which then allowed for a banking reconciliation to be performed on timely and accurate basis against those closed months. Live closing was restored beginning with the June 2022 month-end close process, and we have continued to close months on time since then. Our expectation will be that the audit of the FY2022 ACFR will reflect that this item has been substantially or fully addressed.
- 2) To address the communications weaknesses between Treasury and Accounting, we commenced weekly cash reconciliation meetings in May 2022 to ensure that any recording discrepancies or issues identified are addressed immediately so that when monthly closings occur the reconciliation process can occur more quickly and accurately.
- 3) We also reclassified positions within the Treasury Division to specifically add further reconciliation responsibility to newly assigned staff.
- 4) We adopted a standard set of monthly reconciliation procedures, with example job aid screenshots, to ensure that all steps are followed in the reconciling of monthly statements. These four improvements have yielded positive results as we are now reconciling our monthly bank statements in a timely and accurate manner.

These procedural and operational improvements made by the City since embarking on the challenging journey of converting to a new modern ERP system are efforts which will pay dividends for years to come in the areas

of transparency and quality of financial reporting. We fully expect that these findings will be minimized in FY2022 and will be cleared by the FY2023 audit.

Anticipated completion date of the plan - September 20, 2023

2021-003 Reporting of Expenditures of Federal Awards and State Financial Assistance

Criteria: Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and Chapter 10.550, Rules of the Auditor General require complete and accurate reporting of the expenditures of federal awards and state financial assistance on the SEFA and SESA, respectively, which includes establishing and maintaining effective internal control to help ensure that such information is reliable and properly reported.

Condition: During the audit we found material errors, omissions, and misclassifications on the Schedule of Expenditures of Federal Awards (SEFA) and the Schedule of Expenditures of State Financial Assistance (SESA), including incorrect reporting of amounts passed through to subrecipients.

Cause: The new accounting system’s grant and revenue modules had implementation challenges related to maintaining up-to-date and accurate financial records for certain grant transactions resulting in misclassification or other errors in recording grant revenues and expenditures. During the transition to the new accounting system, certain decentralized grant managers within the City maintained and reported grant expenditures on stand-alone schedules and ledgers outside of and unreconciled to the grant and revenue modules.

Effect: Multiple material errors were found in the SEFA and SESA, requiring the City to research and restate both schedules.

Recommendation: Continue to enhance the effectiveness of the grant and revenue modules of the new accounting system through further training and consultation with software providers. Also, ensure that sub-ledgers maintained by decentralized users related to grants are regularly reconciled to the grant module of the new accounting system.

Action Plan: We have implemented many process and training improvements since our systems conversion as detailed in our responses to findings 001 and 002 which we expect to positively impact these findings in the FY22 audit. We plan to continue to enhance City personnel understanding of and abilities within the grant and revenue modules of the new accounting system with further training specifically on these modules in consultation with Oracle, the provider of the software. We will also ensure that any ledgers maintained by decentralized users related to grants are regularly reconciled to the grant module of the new accounting system.

Part III – Findings and Questioned Costs – Federal Programs

2021-004 – COVID-19: Emergency Rental Assistance Program; Assistance Listing Number 21.023
U.S. Department of the Treasury; FAIN - n/a; Award Year - n/a; Questioned costs – none.

Criteria: 2 CFR Part 200 in general and 2 CFR section 200.332 require non-Federal entities to establish and maintain effective internal controls over Federal awards, including the requirements for allowable costs, cost principles, beneficiary eligibility, and subrecipient monitoring. The related compliance requirements are set

in Section 501 of Division N of the Consolidated Appropriations Act, 2021, 2 CFR Part 200, Subpart E, Appendices III-V11, and sections 200.330, .331, and .501(h), federal awarding agency regulations, and the terms and conditions of the award.

Condition: Subrecipient monitoring controls related to monthly subrecipient reports and the final subrecipient expenditure reports were not documented in a manner that is reperformable.

Cause: The program was new and controls were done verbally and without clear documentation.

Effect: Individuals who are not eligible to receive the services funded by this grant may incorrectly be served by the subrecipient entities, allowable costs or cost principles may not have been followed by subrecipient entities, or subrecipients may not have been properly monitored for other compliance requirements.

Recommendation: We recommend that the City ensure that all controls for grants be documented in written procedures which should include the name or title of the positions responsible for each control (preparation, review, reconciliation, etc.) and that the performance of the controls be documented in a clear, reperformable manner including the name and date of each responsible individual and which specific control they performed over compliance for the grant.

Action Plan: We will work with our departments to ensure that controls for grants are documented with written procedures. These procedures will include the title of the positions responsible for each control (preparation, review, reconciliation, etc.) and will require that the performance of the controls be documented in a clear, reperformable manner with the name of the responsible individuals, the specific control(s) they performed over compliance for the grant, and the date(s) the controls were performed.

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH SECTION 218.415, FLORIDA STATUTES

To the Honorable Mayor and members of the City Council
City of Jacksonville, Florida

We have examined the City of Jacksonville, Florida's (the "City") compliance with the requirements of Section 218.415, Florida Statutes, *Local Government Investment Policies*, during the year ended September 30, 2021. Management of the City is responsible for the City's compliance with the specified requirements. Our responsibility is to express an opinion on the City's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the City complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the City complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the City's compliance with specified requirements.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the examination engagement.

In our opinion, the City complied, in all material respects, with the requirements of Section 218.415, Florida Statutes, *Local Government Investment Policies*, for the year ended September 30, 2021.

This report is intended solely for the information and use of management and the State of Florida Auditor General, and is not intended to be and should not be used by anyone other than these specified parties.
