LETTER OF TRANSMITTAL

OFFICE OF THE MAYOR

ALVIN BROWN
MAYOR

CITY HALL SUITE 400
117 W. DUVAL STREET
JACKSONVILLE, FL 32202

April 30, 2015

Dear Friends:

I am proud to present the City of Jacksonville's Comprehensive Annual Financial Report for Fiscal Year 2013/2014. A tremendous amount of work, from across multiple city departments, went into creating this fiscal guide, and we trust you will find it informative.

As mayor, my goals continue to center around increased accountability and responsibility within our city government through careful stewardship of taxpayer resources. It has been an honor to work with City Council, other elected officials and city employees to reduce the size of local government while overcoming the financial challenges of recent years without raising taxes. The numbers included in the Comprehensive Annual Financial Report reflect sacrifice, teamwork and vision, all aiming to restore economic security and vitality here in Jacksonville. This document details the financial status of our city government while reflecting our continued commitment to the highest standards of financial management and accountability. I remain dedicated to making local government both effective and efficient, insisting that taxpayers get the best return on their investment.

Let us measure Jacksonville for its great potential as we work together to make our city a catalyst for distinctive economic growth. Sound fiscal management is an enormous part of that equation, and we must scrutinize every opportunity to protect our resources, form partnerships and promote Jacksonville. Working side by side, I remain confident that our best days are ahead.

Sincerely,

A handwritten signature in black ink that reads "Alvin Brown". The signature is written in a cursive, flowing style.

Alvin Brown
Mayor

(This page is intentionally left blank.)

April 30, 2015

The Honorable Mayor Alvin Brown
Members of the City Council
Citizens of Jacksonville

INTRODUCTION

The Comprehensive Annual Financial Report (CAFR) of the City of Jacksonville, Florida (the City) for the fiscal year ended September 30, 2014 is hereby submitted.

The financial reporting entity includes all funds of the consolidated government of the City of Jacksonville and Duval County, as well as all of its component units. Component units are legally separate organizations for which the City is financially accountable and, for financial statement purposes, are either blended with the activities of the City or discretely presented.

Responsibility for both the accuracy of the data and the completeness and fairness of its presentation, including all disclosures, rests with the City. Management believes the data, as presented, is accurate in all material respects. It is presented in a manner designed to set forth the financial position and the results of operations of the City on a government-wide and fund basis. Disclosures necessary to enable the reader to gain an understanding of the City's financial activities are included.

As part of the independent audit process, the Chief Financial Officer issues a letter of representations that attests to his responsibility to establish and maintain effective internal control over financial reporting among other things. The letter also acknowledges his responsibility for the design and implementation of programs and controls to provide reasonable assurance that fraud is prevented and detected. Management acknowledges that they have no knowledge of misstatements in the financial statements of the City or of any fraud or suspected fraud that could have a material effect on the financial statements.

The City's Independent Auditor, McGladrey, LLP, issued an opinion letter as required by City Charter, Section 5.11; Chapter 166.241, Florida Statutes and Chapter 10.550 Rules of the Florida Auditor General, which is contained in the Financial Section of this document. McGladrey, based on its audit and the reports of component unit auditors, has opined that the financial statements present fairly, in all material respects, the financial position and changes in financial position of the City as of and for the year ended September 30, 2014.

Generally Accepted Accounting Principles (GAAP) requires that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of

Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it.

The City of Jacksonville's MD&A can be found immediately following the report of the independent certified public accountants.

PROFILE OF THE CONSOLIDATED GOVERNMENT

Governmental Framework

The City of Jacksonville was consolidated with Duval County in 1968 to streamline government and eliminate the cost of duplicative City and County services. Four municipalities were not consolidated: Atlantic Beach, Jacksonville Beach, Neptune Beach and Baldwin. The City has entered into interlocal agreements with the unconsolidated entities to provide cost effective services to residents in unconsolidated Duval County.

The City operates under a strong Mayor/City Council form of government. The 19-member City Council is made up of 14 district council members and 5 at-large council members. These 20 elected officials stand for election every four years (having no mid-term elections) and are subject to a two-term limitation.

The Charter of the Consolidated Government of the City of Jacksonville provides for three branches: Executive, Legislative and Judicial. The Executive branch includes the Office of the Mayor and Constitutional officers: Sheriff, Tax Collector, Property Appraiser, Supervisor of Elections and the Duval County School Board. The Legislative branch includes the City Council and a group of standing committees. There is also a Council Auditor and Council Secretary. The Judicial branch includes: the Circuit Court, County Court, Clerk of the Circuit Court, State Attorney, Public Defender and Medical Examiner.

Certain governmental entities are organized as independent authorities and/or commissions in city government, which include:

- Jacksonville Aviation Authority (JAA)
- Jacksonville Electric Authority (JEA- electric, water and wastewater utilities)
- Jacksonville Port Authority (JPA)
- Jacksonville Transportation Authority, (JTA- operates the mass transit system)
- Jacksonville Children's Commission (JCC)
- Jacksonville Public Library

Each authority/commission is subject to annual budget submission to the City and approval by the City Council.

BUDGET AND GOVERNMENTAL FUNDS

Florida Law, the City Charter and the City's Ordinance Code establish provisions that regulate the City's budget, tax levies and appropriations. The Mayor is required to submit a proposed budget to the City Council by July 15th of each year that is balanced and identifies revenues and other financial resources that are anticipated to be available for appropriations. The Mayor also makes recommendations for appropriations, expenditures and uses of financial resources, and otherwise presents concise policy direction and guidance for the continuing financial operation of the City. Prior to the beginning of each new fiscal year, the City Council adopts, by ordinance, a balanced budget.

The City's accounting system is organized and operated on a fund basis. A fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts. The types of funds to be used are determined by generally accepted governmental accounting principles, and the number of individual funds established is determined by sound financial administration and the statutory and ordinance requirements of the Council.

BUDGET APPROPRIATIONS
FY 2013-2015

<u>Fund Types</u>	<u>FY 2015</u>	<u>FY 2014</u>	<u>FY 2013</u>	Change from FY 2014 to <u>FY 2015</u>	Change from FY 2013 to <u>FY 2014</u>

CAPITAL BUDGET

Capital Improvement Program (CIP) and Debt Affordability Model

The City annually approves a 5-year Capital Improvement Program (CIP) that anticipates a specific level of borrowing and is financially feasible. Concurrent with the submission of the 5-year CIP, the City reviews its Debt Affordability Model which a) looks backward 5 years to compare history; b) measures the City's performance against self-imposed ratio targets and maximum/minimum limits; c) compares the City to national Aa/AA category norms; and d) projects the City's performance within targets/limits for the next 5 years.

Capital Improvement Plan

The Capital Improvement Plan identifies the following:

<u>Program Area</u>	<u>FY 14/15</u>	<u>FY 15/16</u>	<u>FY 16/17</u>	<u>FY 17/18</u>	<u>FY 18/19</u>
Environmental/ Ash Remediation	\$12,328,000	\$10,000,000	\$5,500,000	\$ 5,500,000	\$ 1,500,000
Environmental/ Quality of Life	11,457,656	1,250,000	1,500,000	-	-
Government Facilities	7,219,500	2,500,000	2,175,000	2,000,000	1,800,000
Parks	12,961,592	21,425,000	14,400,000	15,800,000	9,950,000
Public Safety	8,651,440	3,600,000	15,828,000	12,228,000	27,914,000
Roads/Infrastructure/ Transportation	55,790,300	49,746,406	36,000,000	36,000,000	25,000,000
Sub-Total	\$108,408,488	\$88,521,406	\$75,403,000	\$71,528,000	\$66,164,000
Solid Waste	49,677,000				
Drainage*	19,081,652	21,926,000	16,000,000	12,500,000	9,000,000
Total	\$177,167,140	\$110,447,406	\$91,403,000	\$84,028,000	\$75,164,000

* Most Drainage projects are budgeted within enterprise funds.

Status of Ongoing Major Projects

Pollution Remediation and Ash Site Settlement

During 2004-2005, the City was able to settle a long-standing class action suit regarding land value diminution and personal injury that arose out of a solid waste practice, prior to the early 1970's, of using incinerator ash mixed with soil as fill in low lying areas. The City agreed to pay \$25 million and to allow the plaintiffs to pursue the City's then-insurance providers related thereto. In FY 2009, the City issued variable debt from the Banking Fund and is amortizing the remaining \$22.5 million over a 12 year period.

The City also negotiated (and finalized a settlement agreement in the fall of 2007) with the U.S. Environmental Protection Agency (EPA) regarding cleanup, which will involve removing two feet of soil around the homes and related park land, putting down a protective mesh, and replacing the removed top cover with new soil in an area that includes more than 1,300 homes. The current estimate for remediation totaling approximately \$164.0 million is accrued as a liability at the end of FY2014.

Better Jacksonville Plan

The Better Jacksonville Plan, which is mostly complete, is a comprehensive undertaking by the City to provide: road, transportation and infrastructure improvements, park and environmental improvements, economic development and public facilities. The Plan was approved by the City in July 2000. Improvements include projects such as: road resurfacing, drainage, sidewalks, bike paths and landscaping, safety improvements at grade crossings, environmental land preservation, parks, and environmental clean-up.

Major projects included improvements to the Jacksonville Zoo and Cecil Field, construction of a new main library and library branch improvements, an arena, a baseball park and a county courthouse.

FUTURE PROSPECTS: ECONOMIC ENVIRONMENT AND MAYORAL PRIORITIES

ECONOMIC ENVIRONMENT: JACKSONVILLE MSA

Jacksonville was founded in 1832 and consolidated with Duval County in 1968, and has an estimated city/county population of 890,066 living within an 840.1 square mile area. Within Duval County there are four separate municipalities (Jacksonville Beach, Neptune Beach, Atlantic Beach and Baldwin) representing a population of 43,272 within 15.9 square miles. The Jacksonville Metropolitan Statistical Area (MSA) consists of five counties: Duval, Clay, St. Johns, Nassau and Baker, which have a total estimated population of 1,394,624.

Selected Economic and Statistical Data

The combined City/County exhibits the following characteristics:

	ECONOMIC SNAPSHOT			FLORIDA	<i>Future Trends</i>
	<u>2014</u>	<u>2013</u>	<u>2012</u>	<u>2014</u>	
Population (in thousands)	890.0	876.0	870.0	19,507	Positive
Assessed Valuation (in billions)	43.1	43.7	45.9	1,822	Positive
Dollar Value of Building Permits (in millions)	1,067.0	1,016.1	764.5	N/A	Positive
Employment MSA (in thousands)	517.0	509.8	500.6	8,458	Positive
Unemployment Rate	6.0%	6.4%	8.2%	5.8%	Positive
Median Family Income	47,876	43,835	45,995	47,886	Positive

Discussion: The consolidated city of Jacksonville is the most populated city in Florida based on the 2010 Census. It is anticipated that the city’s population will grow significantly over the next few years reflecting the general economic recovery, in-migration of businesses and the growth of the port due to increased local economic activity.

Assessed valuation has decreased but appears to have bottomed out. Value of building permits improved once again indicating a recovery in housing and economic growth for the city. It is difficult to forecast the rate of economic improvement but we do anticipate an improvement in assessed values in the near to mid-term future.

Unemployment continues to decline and MSA employment continues to increase; both very positive trends.

INDUSTRY SEGMENTS

<u>Segment</u>	<u>% of Total</u>
Trade, Transportation, and Utilities	20.92
Professional and Business Services	16.00
Education and Health Services	15.05
Leisure and Hospitality	11.96
Government	11.88
Financial Activities	9.69
Construction	5.06
Manufacturing	4.43
Other Services	3.50
Information	1.45
Mining and Logging	0.06

Bureau of Labor Statistics November, 2014

Discussion: Jacksonville enjoys a broad base of non-agricultural employment. Downtown Jacksonville is the business, cultural and entertainment center of Duval County. It is the home of more than 3,800 residents and over 1,100 businesses with more than 48,000 employees including 80 corporate or regional headquarters and three Fortune 500 companies.

Jacksonville's central location with access to road, rail, sea and air transportation has made it the international hub of the Southeast. The city is located within 600 miles of two-thirds of the 50 million consumers in the southeastern United States.

The Jacksonville Port Authority (Jaxport) is one of the largest ports on the South Atlantic seaboard and is the third largest container port in Florida. Approximately 1,846 vessels used Jaxport facilities in 2014. The port is expected to remain a major source of economic growth as the expanded Panama Canal opens.

Financial services, trade, transportation and utilities are also significant employers in Jacksonville. It is anticipated that these segments will also grow as the port grows.

10 LARGEST EMPLOYERS IN JACKSONVILLE, FLORIDA

<u>Name of Employer</u>	<u>Product or Service</u>	<u>Employees</u>
Naval Air Station Jacksonville	U.S. Navy	25,240
Duval County Public Schools	Public Education	14,480
Naval Station Mayport	U.S. Navy	9,000
Baptist Health	Hospital	8,270
Bank of America Merrill Lynch	Banking and Investments	8,000
City of Jacksonville	Municipal Government	7,713
Florida Blue	Health Insurance	6,500
Citi	Consumer Finance	5,000
Mayo Clinic	Multi-Specialty Health Care	4,970
United Parcel Services	Logistics	4,100

Discussion: The above table indicates that more than 87% of those employed by the largest employers are from four segments: military (36.7%), medical (21.2%) public education (15.5%) and banking/financial services (13.9%). It is anticipated that all of these segments will continue to grow top line revenue and hire new employees.

MAYORAL PRIORITIES

Mayor Alvin Brown has identified the following priorities and continues to work toward these goals:

- Reforms to the Police and Fire and General Employee Pension Systems.
- Streamline city government to make it as effective and efficient as possible
- Partner with the business community to grow jobs and the local economy
- Build a better education system and improve our public schools
- Continue making Jacksonville the most military and veteran friendly city in the nation
- Enhance our quality of life and create the best urban park system in America

Mayor Brown's agenda has been crafted to take Jacksonville to the next level, with key programs that address the city's most chronic financial needs, efficiency and effectiveness of government, and pension reform. These priorities build upon the existing relationship with the military and recognize the need for economic growth and jobs. It is understood that the future of Jacksonville is inextricably bound to education and the city's quality of life. Government cannot do all this alone. It will require continued partnerships with the business community and outreach to residents for Jacksonville to reach its highest potential.

Financial Policies

Achieving Mayor Brown's goals will require fiscal discipline. His administration is committed to the following goals:

- Actively manage the City's financial affairs by:
 - Controlling operating costs
 - Rebidding contracts
 - Managing the City's debt level and cost
 - Investing to ensure safety, liquidity and conservation of principal

- Invest in the City’s Infrastructure
- Build Reserves
- Pension Reform remains the most important financial objective.

Here are a few examples of noteworthy achievements to save taxpayers money:

- The FY 2014 Budget was balanced despite decreased revenues by cutting costs and eliminating positions as needed.
- During the past four years, the City refinanced bonds at lower interest rates which saved Jacksonville taxpayers \$140.7 million present value. The present value savings will be realized over the life of the bonds.
- The City continues to reduce the cost of government through increased efficiency.

Growth/Future Prospects

Jacksonville is the gateway to Florida and to world trade on the east coast. It is also an important location for the country’s military and our nation’s defense. Jacksonville is ideally positioned to benefit from economic recovery and expansion due to its diverse economic base, expressway system, rail service and the port.

DEBT AND INVESTMENT ACTIVITIES

Debt Administration

The City’s Debt Management Policy promotes effective and efficient management of the City’s debt program. It provides a framework for the structuring and monitoring of debt issuances and emphasizes prudent long-term financial planning. The Policy establishes a Debt Oversight Committee and a Debt Affordability model which uses measures accepted within the credit community. The City's sound financial condition is evidenced by the continuation of its long-held high-grade bond ratings on indebtedness from the major credit rating services.

<u>Debt Administration – Ratings</u>	Moody's	S&P	Fitch
Issuer Credit Rating	Aa2	AA	AA+
Excise Tax Revenue Bonds	Aa2	AA-	AA+
BJP Sales Tax Bonds	A1	A	A+
BJP Transportation Bonds	A1	AA-	AA-
JEA Water & Sewer	Aa2	AA	AA
JAA	A2	A	A

Investment Performance – Both Active and Major Pension Programs

The City is of the opinion that the interest of its citizens can best be served by actively managing City funds through the assumption of a prudent level of risk. Investment objectives (in order of priority) are: safety of capital, liquidity and income realization in excess of stated benchmarks. The City’s Investment Policy also establishes an Investment Committee to help manage the funds.

Benchmarks for the General Employee and Police and Fire Pension funds are calculated by Summit Strategies while the Operating Portfolio Policy Benchmark is derived from BNY Mellon custody reporting data.

The previous schedule provides the investment performance for the City's Active Portfolio (bond only), the City Retirement Systems (covering both General employees and Corrections Officers) and the Police and Firefighter Pension Plan.

LONG-TERM FINANCIAL POSITION

Jacksonville will benefit from the recovering economy and the growth of the region. The administrations' commitment to efficient and effective government, conservative investment policies and careful debt management will provide for a prosperous city over the long run.

REPORTING ACHIEVEMENT

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Jacksonville for its Comprehensive Annual Financial Report for the fiscal year ended September 30, 2013. The Certificate of Achievement is a prestigious national award, recognizing conformance with the highest standards for the preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report, whose contents conform to program standards. Such comprehensive annual financial reports must satisfy both accounting principles generally accepted in the United States and applicable legal requirements.

A Certificate of Achievement is valid for one year only. The City of Jacksonville has received this certificate for 34 consecutive years. We believe our current report continues to conform to the Certificate of Achievement program requirements, and we are submitting it to the GFOA for their review.

ACKNOWLEDGMENTS

The extensive effort of preparation and distribution of this report fulfills the Department of Finance's goal of full disclosure of the City's finances. We are committed to issuing reports that are informative and meet the highest standards of governmental accounting and financial reporting. Reports that meet these standards provide the reader with an opportunity to make more informed judgments about the government's financial position and changes in financial position.

The 2014 Comprehensive Annual Financial Report represents our commitment to this goal and could not have been prepared without the efficient and dedicated efforts of the entire staff of the Department of Finance (Accounting, Budget, Risk Management and Treasury Divisions), who devoted many hours to compiling and assembling the report. We also wish to express our appreciation to all other City personnel who have contributed to its preparation. In addition, we thank the City's independent certified public accountants, McGladrey, LLP and the Office of the Council Auditor, for their efforts and professional conduct throughout the audit engagement.

Special acknowledgment is due to Mayor Alvin Brown, Council President Clay Yarborough, Councilman Richard Clark, Finance Committee Chair, and the remaining members of the City Council for their strong and effective leadership and continued support in the coordination and planning of the financial affairs of the City of Jacksonville.

Respectfully Submitted,

A handwritten signature in black ink that reads "C. Ronald Belton". The signature is written in a cursive style with a prominent initial "C" and a long, sweeping underline.

Independent Auditor's Report

The Honorable Mayor and Members of the City Council
City of Jacksonville, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the City of Jacksonville, Florida (the "City"), as of and for the year ended September 30, 2014, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of JEA, which represents 88%, 77%, and 88%, respectively, of the assets, net position, and revenues of the aggregate discretely presented component units. We also did not audit the Police and Fire Rescue Pension Plan Trust Fund which represents 34%, 37%, and 25% of the assets, fund balance/net position, and revenue/additions, respectively, of the aggregate remaining fund information. Those statements were audited by other auditors, whose reports have been furnished to us, and our opinion insofar as it relates to the amounts included for JEA and Police and Fire Rescue Pension Plan Trust Fund, is based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the City, as of September 30, 2014, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of a Matter

As discussed in note 18 B, as of October 1, 2013 the City implemented the provisions of Governmental Accounting Standards Board (GASB) Statement No. 65 and the City's pensions plans adopted the provisions of GASB Statement 67. As a result of these changes in accounting principles, the beginning net position of the governmental activities, the business-type activities, the Solid Waste Disposal fund, Everbank Field, the Jacksonville Retirement System and the Police and Fire Pension fund have been restated. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that management's discussion and analysis, the schedule of revenue, expenditures and changes in fund balance – budget and actual (budgetary basis) – general fund, and the other post employment benefits and pension schedules as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Supplemental Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, combining and individual fund statements and schedules, other supplemental information and the statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund statements and schedules, and other supplemental information are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and the other auditors. In our opinion, based on our audit, and the reports of other auditors, the combining and individual fund statements and schedules, and other supplemental information are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory section and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

McGladrey LLP

**MANAGEMENT'S DISCUSSION
AND ANALYSIS**

MANAGEMENT'S DISCUSSION AND ANALYSIS

The City of Jacksonville's discussion and analysis is designed to provide an objective and easy to read overview of the City's financial activities focusing on significant financial issues, as well as identifying material deviations from the financial plan (the approved budget), changes in the City's financial position (its ability to address the next and subsequent year challenges), and individual fund issues or concerns.

The Management's Discussion and Analysis (MD&A) is designed to focus on the current year's activities, resulting changes and currently known facts. The information contained within this MD&A should be considered only as a part of the City's Comprehensive Annual Financial Report (CAFR).

Financial Highlights

- The City's General Fund operations had total revenues of \$1 billion in fiscal year 2014, a 9.5% increase over fiscal year 2013.
- Property tax revenues experienced a \$58.4 million, 13.2% increase. This increase as well as the increases in sales/tourist taxes and earnings on investments are strong indicators of an improved economy.
- The \$11.4 million increase in intergovernmental revenues is primarily due to increases in state shared revenues. Operating grants and contributions decreased \$14.5 million.
- Total governmental activities revenues increased by \$123.1 million in fiscal year 2014, an 8.6% increase, as compared to fiscal year 2013.
- There were decreases in general government, transportation and interest expenses, increases of \$42.7 million in public safety, \$6.2 million in human services and culture and recreation, and \$5.4 million in economic environment.
- Total governmental activity expenses increased \$29.1 million or 2.1%.

Additional information that explains these financial highlights may be found on following pages of this report.

City Highlights

Fiscal year 2014 had a number of positive outcomes. Some of the impact and improvements were as follows:

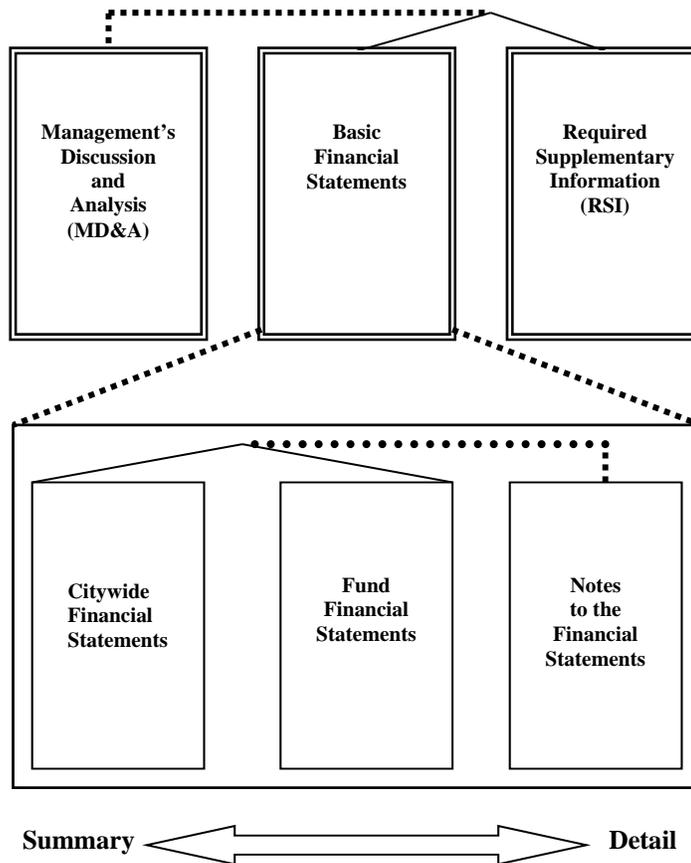

- The total fund balance for the General Fund increased by \$7.1 million for a total of \$182.3 million.
- Progress was made on pension reform. This process will continue into fiscal year 2015.
- The City neared completion on the improvements in the City owned EverBank Field. EverBank Field is one of Jacksonville's most important economic development assets. The improvements will make the City's National Football League stadium a world-class facility and enhance the fan experience.
- The Navy continues to invest in Jacksonville bases with a new runway being constructed at NAS Jax
- There has been a decrease in the unemployment rate, an increase in sales tax revenues and an improved economy in Jacksonville.
- General Electric will locate its subsidiary company at Cecil Field which will improve the marketability of this office park.

OVERVIEW OF THE BASIC FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the City of Jacksonville's basic financial statements. As indicated in the following graphic (Figure A-1), the City's basic financial statements are comprised of three components: 1) citywide basic financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains supplementary and statistical information in addition to the basic financial statements themselves.

Figure A-1

COMPONENTS OF THE ANNUAL FINANCIAL REPORT

Citywide Basic Financial Statements

The citywide basic financial statements are designed to provide readers with a broad overview of the City of Jacksonville's finances, in a manner similar to a private-sector business.

The focus of the Statement of Net Position is designed to be similar to bottom line results for the City and its governmental and business-type activities. This statement combines and consolidates governmental funds' current financial resources (short-term spendable resources) with capital assets and long term obligations. The Statement of Activities distinguishes functions of the City of Jacksonville that are principally supported by taxes and intergovernmental revenues (governmental activities such as: police, fire, public works, recreation, and general administration) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities such as: solid waste, stormwater, sports complex, motor vehicle and public parking).

Component Units are other governmental units over which the City can exercise influence and/or may be obligated to provide financial subsidy. The City of Jacksonville's component units are as follows: Jacksonville Electric Authority (JEA), Jacksonville Transportation Authority (JTA), Jacksonville Port Authority (JPA), and Jacksonville Housing Finance Authority. Separate financial statements are published by JEA, JTA, and JPA. With the passage of ordinance 2012-212-E, Article 24 of the City Charter, Chapter 92-341, Laws of Florida, the Jacksonville Economic Development Commission (JEDC) was repealed and the Office of Economic Development was created within the Office of the Mayor. Beginning in fiscal year 2013, related JEDC financial information is presented as part of the primary government. JEDC operations were previously reported as a discretely presented component unit. The transfer of beginning fund balance is presented as a Special Item in the financial statements. With the fiscal year 2013 implementation of Governmental Accounting Standards Board (GASB) 61 – The Financial Reporting Entity: Omnibus an amendment of GASB Statements No. 14 and No. 34, the Jacksonville Aviation Authority (JAA) and Downtown Vision, Inc. (DVI) no longer meet the requirements of a component unit. The focus of the statements is on the primary government and the presentation allows the user to address the relationship with the Component Units.

The two statements (Statement of Net Position and Statement of Activities) demonstrate how the City's net position has changed. Increases or decreases in net position are good indicators of whether the City's financial health is improving or deteriorating over time. Other non-financial factors such as changes in the City's property tax base are important considerations to assess the City's overall financial condition.

Fund Financial Statements

A fund is a grouping of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. Traditional users of governmental financial statements will find the Fund Financial Statements presentation more familiar. The focus is on Major Funds, rather than fund types, which provides detailed information about the most significant funds. The City of Jacksonville, like other state and local governments, uses funds to ensure and demonstrate compliance with financial requirements imposed by law, bond covenants and local administrative and legislative actions. All of the City's funds can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the citywide basic financial statements. However, unlike the citywide basic financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements. Since the focus of governmental funds is narrower than that of the citywide basic financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the citywide basic financial statements.

This allows readers to better understand the long-term impact of the government's near-term financing decisions.

Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Governmental fund information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Special Bonded Debt Obligations Fund and Better Jacksonville Plan Special Bonded Debt Obligations Fund, all of which are considered to be major funds. Information from other non-major funds is combined into a single, aggregated presentation.

Proprietary Funds

Proprietary funds provide the same type of information as the business-type activities in the citywide basic financial statements, only in more detail. The proprietary fund financial statements can be found in the Fund Financial Statements section of this report.

The City of Jacksonville maintains two major types of proprietary funds.

Enterprise funds are used to report the same functions presented as business-type activities in the citywide basic financial statements. The City uses enterprise funds to report separate information on operations such as the Solid Waste Disposal Fund, the EverBank Field Fund, the Veteran's Memorial Arena Fund and the Stormwater Services Fund which are all major funds. The Baseball Stadium, Performing Arts, Convention Center, Equestrian Center, Motor Vehicle Inspection, Mayport Ferry, The Ritz Theater and Public Parking are non-major enterprise funds.

The internal service funds are used to account for activities that provide goods and services to the City's other programs and activities. Since the internal service funds predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the citywide basic financial statements.

Fiduciary Funds

The City of Jacksonville is the trustee, or fiduciary, for trusts such as the City employee's retirement plans. Because of a trust arrangement, these assets can be used only for the trust beneficiaries. The City is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the City of Jacksonville's fiduciary activities are reported in a separate statement of fiduciary net position and a statement of changes in fiduciary net position. These activities are excluded from the citywide basic financial statements because the assets cannot be used to support or finance the City's programs or operations. The Fiduciary Funds Statement of Changes in Net Position can be found in the Fund Financial Statement section of this report.

Notes to the Financial Statements

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the citywide and fund financial statements. The notes can be found as a part of the Basic Financial Statements section of this report.

Other Information

This report additionally includes required supplementary information (RSI) containing budgetary comparisons with related notes and the progress of the City's employee pension obligations and other post-employment obligations.

The combined statements in connection with non-major governmental and enterprise funds, internal service funds, fiduciary funds and nonmajor component units are presented following the required supplemental information.

Additional statistical information is presented to give report users a better historical perspective and assist in assessing current financial status and trends of the governmental unit.

Economic data is presented to allow a broader understanding of the economic and social environment in which the City government operates.

CITYWIDE FINANCIAL ANALYSIS

The net position may serve over time as a useful indicator of the government's financial position.

As of September 30, 2014, the City of Jacksonville is able to report positive balances in overall net position (See Table A-1).

Table A-1
Summary Statement of Net Position
(In Thousands)
as of September 30, 2014 and September 30, 2013

	Governmental Activities		Business Type Activities		Total Primary Government	
	2014	2013	2014	2013	2014	2013
Cash and Investments	\$ 873,309	\$ 870,665	\$ 73,267	\$ 75,536	946,576	946,201
Current and Other Assets	228,422	224,483	62,559	62,466	290,981	286,949
Capital Assets	2,722,103	2,764,758	482,137	439,340	3,204,240	3,204,098
Total assets	<u>3,823,834</u>	<u>3,859,906</u>	<u>617,963</u>	<u>577,342</u>	<u>4,441,797</u>	<u>\$ 4,437,248</u>
Deferred Outflow of Resources	13,000	14,915	239	359	13,239	15,274
Current Liabilities	236,187	227,975	37,998	17,766	274,185	245,741
Non-current Liabilities	2,789,227	2,893,526	373,137	376,386	3,162,364	3,269,912
Total liabilities	<u>3,025,414</u>	<u>3,121,501</u>	<u>411,135</u>	<u>394,152</u>	<u>3,436,549</u>	<u>3,515,653</u>
Deferred Inflow of Resources	-	-	72	90	72	90
Net position						
Net investment in capital assets	918,659	895,899	161,999	128,001	1,080,658	1,023,900
Restricted for:						
State and Federal Grants	47,259	45,025	-	-	47,259	45,025
Capital Projects	-	-	-	1,852	-	1,852
Permanent Fund non-expendable	123	123	-	-	123	123
Other participant's equity	3,248	2,398	-	-	3,248	2,398
Unrestricted	(157,869)	(190,125)	44,996	53,606	(112,873)	(136,519)
Total net position	<u>\$ 811,420</u>	<u>\$ 753,320</u>	<u>\$ 206,995</u>	<u>\$ 183,459</u>	<u>1,018,415</u>	<u>\$ 936,779</u>

The largest portion of the City's net position reflects its substantial capital assets, net of related debt. This displays the City's commitment to investing in assets that have useful lives in excess of the life of the debt issues used to finance the assets.

The negative unrestricted net position in the governmental activities is primarily due to non-asset related debt which is a liability of the City, issued for various capital projects that belong to other entities.

The City issued non-asset related debt:

- for the Jacksonville Transportation Authority for state highway projects within the City
- for the Jacksonville Port Authority for their port terminal facilities
- to finance improvements at Shands-Jacksonville – a large regional hospital serving the City's citizens, including its indigent population
- to provide economic development incentives to entice developers to invest in downtown and other targeted areas of the City using Tax Increment District funds to provide a dedicated revenue source for payment of the debt
- for other projects within the City, such as pollution remediation, etc.

On the following page, Table A-2 provides a summary comparison of the City's operations for the 2013 and 2014 fiscal year ends.

Table A-2 Statement of Activities (In Thousands) as of September 30, 2014 and September 30, 2013

Governmental activities:

The City's governmental activities revenues increased \$123.1 million from 2013 to 2014 (see Table A-2) and consists of:

- Property tax revenues reflected a \$58.4 million increase primarily due to the increased millage rate from 10.0353 mills to 11.4419 mills.
- The increases in sales/tourist taxes, earnings on investments as well as the property tax are clear indications of an improving economy in Jacksonville.
- Intergovernmental revenues increased \$11.4 million is due to an increase in shared revenues.
- Contributions from JEA increased \$2.5 million in fiscal year 2014.
- The increase of \$14.2 million in miscellaneous revenues is due to a \$13.5 million Shipyard settlement.
- In fiscal year 2013 a onetime \$8.9 million adjustment was made to reduce ambulance billing revenues due to a review of historic collections. This represents the increase of \$8.3 million in fines & charges for services in fiscal year 2014.
- The decrease in operating grant revenues of \$14.5 is representative of phased out grants in ARRA, Homeland Security, Neighborhood Stabilization, CDBG and SHIP projects.
- The Jacksonville Zoo completed capital improvements to their Tiger Exhibit for \$10.9 million in fiscal year 2014 which is the largest portion of the increase in capital grant revenues.

Increases in governmental activities expenses were \$29.1 million in fiscal year 2014 due to the following:

- Public Safety expense increased \$42.7 million primarily due to a \$39.2 million increase in salaries and benefits of this increase contribution to the Police & Fire Pension Fund was \$26 million, or 67.2%.
- Interest on long term debt decreased by \$10.5 million due to decreased interest rates resulting from bond refunding on outstanding debt made over the past two years.

Business Type activities:

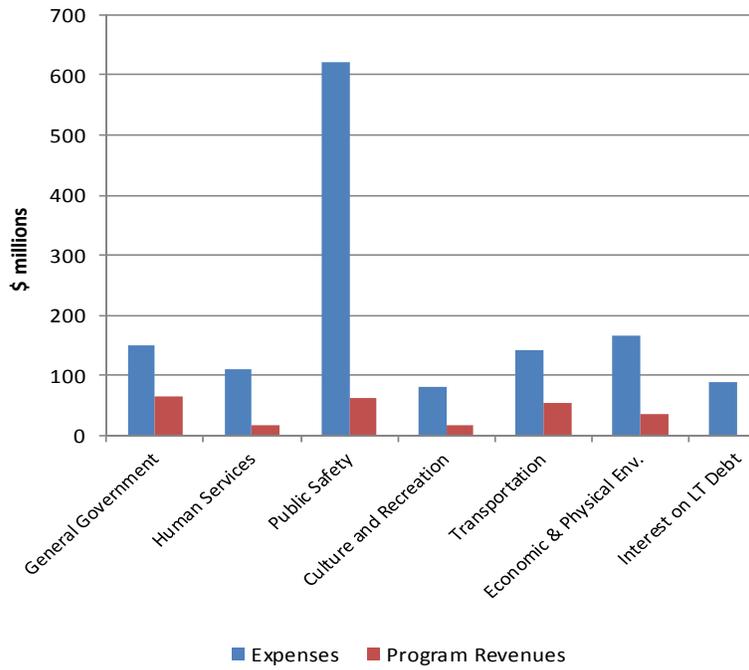

The City's business type revenues increased \$3.8 million in fiscal year 2014:

- The increase of \$1 million in sales and tourist taxes is an indication of an improving economy.
- Earnings on investments increased \$1.7 million due to higher interest rates earned on investment portfolios during the fiscal year.
- The Ritz Theater operations were moved to business type activities in fiscal year 2014 and had revenues of \$1 million.

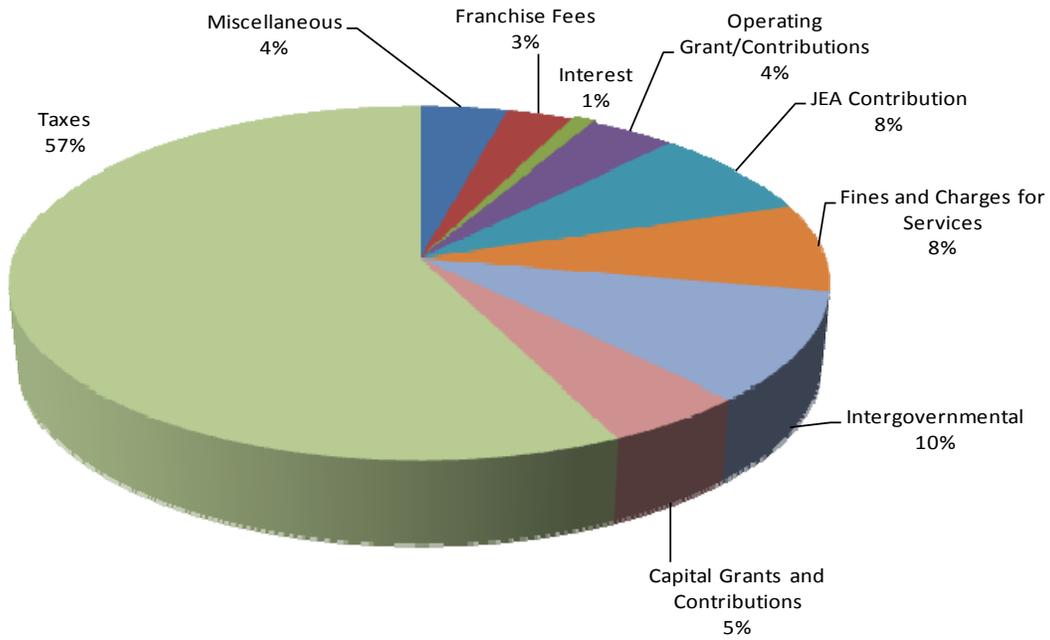

Business type activities total expenses decreased \$8.3 million in fiscal year 2014:

- Solid Waste's expenditures decreased \$12.6 million due to landfill closure/post-closure liability decreases in fiscal year 2014.
- EverBank Field had increased expenses of \$2.4 million in addition to the major improvements. There were other smaller increases in Parking, Stormwater, Veterans Memorial Arena, Baseball Stadium, Performing Arts Center, Convention Center, and Equestrian Center.

FINANCIAL ANALYSIS OF THE CITY GOVERNMENT'S FUNDS

As noted earlier, the City of Jacksonville uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds: The focus of the City's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of fiscal year 2014. The City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

All non-major funds of each governmental fund type with legally adopted annual budgets are included in the Combining Schedule of Revenue, Expenditures, and Changes in Fund Balance – Budget and Actual, which can be found in the Combining Individual Fund Statements and Schedules. The General Fund and Major Special Revenue Fund Schedule of Revenues, Expenditures, and Changes in Fund Balances - Budget and Actual is included as Required Supplementary Information following the Notes to the Financial Statements.

The General Fund is the chief operating fund of the City. At the end of the current fiscal year, the unassigned fund balance of the General Fund was \$90.5 million. The General Fund's total fund balance was \$182.3 million, with \$50.2 million committed by City Council as an emergency reserve. The City's Reserve Policy for the General Fund is covered by Section 106.107 of the City's municipal code. The policy requires that the emergency reserve shall not be used except as initiated by the Mayor through written communication to City Council, explaining the emergency, with subsequent approval by two-thirds votes of all City Council members. The Emergency Reserve can be used to address unanticipated non-reimbursed expenditures arising out of a hurricane, tornado, other major weather related events, and/or other massive infrastructure failures or disasters, whether man made or caused by nature. Under normal circumstances, the City would first elect to utilize the Operating Reserve before considering use of its Emergency Reserve.

Key factors affecting changes in major funds and fund balance in fiscal year 2014 operations are as follows:

General Fund:

- Property taxes account for approximately 50% of the General Fund revenue and increased by \$56.8 million, 13.2% increase over the previous fiscal year. Interest revenue increased \$3.1 million due to a higher return in fiscal year 2014. General Fund revenues had an overall increase of \$88.2 million and an overall increase in expenditures of \$39.3 million as compared to fiscal year 2013.

Special Bonded Debt – Better Jacksonville Plan Obligations (BJP):

- Under the Interlocal Agreement, the City and JTA agreed to pledge a ½ cent sales tax and constitutional gas tax to the payment of the BJP bonds. Outstanding long term BJP debt principal payments increased \$5.2 million for fiscal year 2014 due to the aggressive refunding of debt in fiscal year 2012 and 2013. The City redeemed a total of \$46 million in BJP bonds with a decrease in interest and other fiscal charges of \$1.4 million.

Special Bonded Debt – Obligations:

- Outstanding long term Special Obligation debt principal payments increased \$1 million for fiscal year 2014 due to the aggressive refunding of debt in fiscal year 2013. The City redeemed a total of \$40 million in Special Obligation bonds with a decrease of \$4.6 million in interest and other fiscal charges.

Proprietary Funds: The City's proprietary funds provide the same type of information found in the government-wide business-type activities financial statements, but in more detail. Solid Waste, Stormwater Services, EverBank Field and the Veteran's Memorial Arena are reported as major proprietary funds in fiscal year 2014.

General Fund Budgetary Highlights:

- Utility service taxes, community service taxes, local business taxes and licenses, permits and fees revenues were under budget a total of \$5.4 million. Property taxes, intergovernmental, other revenues, charges for services and interest earnings were over budget \$14 million. Total actual revenues for fiscal year 2014 were \$8.6 million in excess of the final budget.
- Total general fund actual expenditures for fiscal year 2014 were \$86.5 million under final budget with \$50.4 million, more than half, related to the budgeted but unused emergency reserve.
- Additional savings were due to salary and benefit costs and departmental and non-departmental operating cost savings due to the Administration's strong efforts toward cost reductions.
- Basic public safety costs, fire & rescue and office of the sheriff, continue to increase and account for \$585.2 million of expenditure budget which takes up 60% of total budgeted revenues

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The City of Jacksonville's investment in capital assets for its governmental and business-type activities as of September 30, 2014, amounts to \$3.2 billion net of accumulated depreciation. Although there was less than \$1 million increase from fiscal year 2013, there was a decrease in governmental capital assets due to the depreciation charges on the large number of completed projects. The primary reason for the increase in business type capital assets is major impact of the EverBank Field improvements in fiscal year 2014. The investment in capital assets includes land, buildings and improvements, furniture and equipment, infrastructure, and construction in progress (see Table A-3). With the primary focus on the completion of road, building and drainage projects in fiscal year 2013. The sports complex improvements, the State Attorney courthouse, road projects, and Stormwater drainage projects became the focus in fiscal year 2014. Additional information on the City of Jacksonville's capital assets can be found in the Notes to the Financial Statements, Footnote 6 of this report.

Total	<u>\$121.3</u>	<u>\$65.9</u>	<u>\$55.4</u>

Debt Administration

Debt Service Funds account for the accumulation of resources for and the payment of, interest and principal on most general governmental obligations. Individual debt service funds are described below.

The Special Bonded Debt Obligations Fund accounts for the accumulation of resources for, and the payment of, principal and interest on the City's special and limited bonded obligations payable solely from and secured by a lien upon and pledge of the revenues under the respective bond ordinances.

The Special Bonded Debt - Better Jacksonville Plan Obligations Fund accounts for the accumulation of resources for and the payment of, principal and interest on the City's special bonded obligations payable, which are related to the Better Jacksonville Plan.

The Other Non-Bonded Debt Obligations Fund accounts for the accumulation of resources for and the payment of, principal and interest on other non-bonded debt obligations including the U. S. Government Guaranteed Notes Payable (HUD 108 loans).

At year-end, the City had \$2.7 billion in bonds and notes outstanding as shown in Table A-4. Additional information on the City of Jacksonville's long term-debt can be found in Notes to the Financial Statements, Footnote 8 of this report.

New indebtedness of the City of Jacksonville consists of:

Closing Date	Par Amount	Source	Primary Use
July 2014	\$ 24,225,000	Commercial Paper	Stadium Improvements

The only indebtedness issued during fiscal year 2014 was for the "interim financing" of improvements to EverBank Field, which hosts the NFL's Jacksonville Jaguars. It is anticipated that the interim financing will be refunded with long-term debt during calendar year 2015.

During fiscal year 2014, the City redeemed a combined \$115.3 million in principal amount of bonds and notes, for a net reduction of \$91.1 million in long-term debt. The City has reduced the overall bonded indebtedness over the prior three fiscal years by a total of \$317 million from \$2.856 billion to \$2.539 billion.

The City continued to enjoy low rates on its variable rate debt. The expiring liquidity facility on the Capital Projects Revenue Bonds, Series 2008A was extended until July 18, 2016. The expiring liquidity facility on the Transportation Revenue Bonds, Series 2008A was extended until October 23, 2015.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The State of Florida, by constitution, does not have a state personal income tax and therefore the State operates primarily using sales, gasoline and corporate income taxes. Local governments (cities, counties and school boards) primarily rely on property and a limited array of permitted other taxes (sales, gasoline, utilities services, etc.) and fees (franchise, occupational license, etc.) for their governmental activities. There are a limited number of state-shared revenues and recurring and non-recurring (one-time) grants from both the state and federal governments.

Other Economic Factors:

- The unemployment rate for the City of Jacksonville is 6%, at the end of fiscal year 2014, a .8% improvement over 2013. This compares favorably to the state's average unemployment rate (5.8%) and the national average unemployment rate of 5.9% as of September, 2014.
- Jacksonville has the largest Empowerment Zone in the nation.
- Jacksonville has a major port, is home to the National Football League's (NFL) Jacksonville Jaguars, is the insurance and financial center of Florida and is the site of key U.S. Navy bases.

Budget Highlights for fiscal 2014-2015:

- The City of Jacksonville has adopted the following priorities:
 - Partner with Business to Grow Jobs and the local economy.
 - Make government as effective and efficient as possible.
 - Making Jacksonville the most military friendly city in America.
 - Welcoming all to the City of Jacksonville.
 - Enhance the quality of life.

Achieving these priorities will require fiscal discipline and innovative approaches.

- The millage rate for the City of Jacksonville was increased from 10.0353 mills in 2012 to 11.4419 mills in 2013 which impacted the fiscal year 2014 revenues.

CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of the City's finances and to demonstrate the City's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Department of Finance, Accounting Division, 117 West Duval Street, Suite 375, Jacksonville, Florida 32202, or call (904) 630-1250.

**FUND FINANCIAL
STATEMENTS**

(This page is intentionally left blank.)

MAJOR GOVERNMENTAL FUNDS:

GENERAL FUND

The **General Fund** is the principal fund of the City and is used to account for all activities not included in other funds. The General Fund accounts for the normal recurring activities of the City (i.e, police, fire, public works, courts, general government, etc.). These activities are funded principally by property taxes, intergovernmental revenues, and licenses and fees.

DEBT SERVICE FUNDS

The Special Bonded Debt Obligations Fund accounts for the accumulation of resources for, and the payment of, principal and interest on the City's special and limited bonded obligations, which are payable solely from and secured by a lien upon and pledge of the revenues under the respective bond ordinances.

The Special Bonded Debt - Better Jacksonville Plan Obligations Fund accounts for the accumulation of resources for, and the payment of, principal and interest on the City's special bonded obligations payable, which are related to the Better Jacksonville Plan.

City of Jacksonville, Florida
Reconciliation of the Governmental Funds Balance Sheet
to the Statement of Net Position
September 30, 2014
(in thousands)

Total fund balances- governmental funds	\$	580,894
---	----	---------

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds		2,722,103
---	--	-----------

Long term liabilities - liabilities are not due and payable in the current period and are not reported in the funds:

Bonds and notes payable	(2,266,698)	
Unamortized bond discounts	2,538	
Unamortized bond premium	(136,888)	
Unamortized loss on advance refunding of debt	985	

Total bonds and notes payable		(2,400,063)
-------------------------------	--	-------------

* Certain assets and liabilities reported in governmental activities are not financial resources and therefore are not reported in the funds:

Matured Notes and Bonds payable accrual at the fund level	87,014	
Compensated absences	(59,323)	
Matured Interest payable	(3,562)	
Estimated liability for self insured losses-current	(23,838)	
Estimated liability for self insured losses-long-term	(79,045)	
Other post employment benefits (OPEB) liability	(50,039)	
Accrued liability for pollution remediation	(163,919)	
Amounts due to independent agencies or other governments	(13,567)	
Amounts earned but not available	180	

Total		(306,099)
-------	--	-----------

Internal service funds are used by management to charge the costs of certain activities, such as fleet maintenance and insurance, to individual funds. The Capital Assets and Long term liabilities are consolidated with the governmental funds on an entity-wide basis. This amount represents the net of Current Assets and Current Liabilities of the Internal Service Funds.

214,585

Net position of governmental activities	\$	811,420
---	----	---------

* Exception - The City deposits amounts in debt service funds to pay unmatured payables early in the following year.

See accompanying notes.

City of Jacksonville, Florida
Reconciliation of the Statement of Revenues, Expenditures,
and Changes in Fund Balances of Governmental Funds to the Statement of Activities
For The Year Ended September 30, 2014
(in thousands)

Net change in fund balances- total governmental funds: \$ (6,571)

Amounts reported for governmental activities in the statement of activities are different because:
Certain assets and liabilities reported in governmental activities are not current financial resources or do not require the use of current financial resources.

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. Also, certain capital assets are contributed to the City upon completion, requiring recognition of capital contributions not reported in the funds.

Capital assets acquired by use of financial resources	74,453	
Capital assets contributed by developers and other	22,365	
Current year depreciation	(133,910)	
Loss on disposition of assets	(1,028)	
		(38,120)

Governmental funds report certain bond transactions as sources or uses. However, in the statement of activities these transactions are reported over the life of the debt as expenses.

Amortization of bond discounts	(161)	
Amortization of bond premium	10,159	
Amortization - loss on refunding	(412)	
		9,586

Repayment of bond principal is an expenditure in governmental funds, but the repayment results in a reduction of long-term liabilities in the statement of net position. Issuing debt provides current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position.

Principal repayment	88,070	
		88,070

Some revenues and expenses reported in the statement of activities did not require the use of or provide current financial resources and therefore are not reported in governmental funds:

Increase in compensated absences payable	(646)	
Net effect in reversal of interest accrual	3,046	
Increase in other post employment benefits	(7,964)	
Decrease of accrual for pollution remediation	37	
Net effect of internal Banking fund	271	
Amounts earned but not available for revenue recognition at the fund level	180	
		92,580

Internal service funds are used to charge the cost of certain activities to individual funds. The net revenue (expense) and transfers are reported with governmental activities.

Operating loss	(4,835)	
Investment revenue (loss)	3,819	
Interest expense	(719)	
Other non-operating revenue	5,939	
Transfers in, net	6,007	
		10,211

Change in Net Position - Governmental Activities \$ 58,100

See accompanying notes.

MAJOR ENTERPRISE FUNDS:

Enterprise Funds account for operations that are financed and operated in a manner similar to private business enterprises and where the costs of providing goods or services to the general public are recovered primarily through user charges; or where the City has decided that determination of net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes. Individual major enterprise funds are described below.

The Solid Waste Disposal Fund accounts for collection, recycling and disposal of commercial and residential garbage services throughout the city, including the operation of three municipally owned landfill sites, two of which are closed.

The EverBank Field Fund accounts for events held at the stadium including National Football League and college football games, concerts and other activities.

The Veterans Memorial Arena Fund accounts for events held at the arena including concerts, college basketball games, and other entertainment events such as the circus, ice skating, gymnastics, professional wrestling and motor sports.

The Storm Water Services Fund accounts for the storm water utility financed by service charges, to be used to pay the expenses of constructing and maintaining the storm water management system.

FIDUCIARY FUND LEVEL STATEMENTS

PENSION TRUST FUNDS are funds administered by independent boards for which the City performs a fiduciary role under a defined benefit, defined contribution and disability programs. The participant's retirement annuity is based on a statutory formula using such factors as age, average salary, length of service and others.

PRIVATE PURPOSE TRUST FUND is used to report all trust arrangements, other than those properly reported in pension trust funds, under which principal and income benefit individuals. The City reports its James Brady Disabled Scholarship, Michael Jackson Music Scholarship, J.B. Smith Memorial Scholarship, and Lex Hester Memorial Scholarship funds as private purpose trusts.

AGENCY FUNDS are funds which hold monies in an agency capacity for various government units, individuals or funds.

COMPONENT UNITS

Component Units are legally separate organizations for which the primary government is financially accountable. Financial accountability is defined as the appointment of a voting majority of the component unit's governing body with certain exceptions, and either (a) the ability to impose will by the primary government; or (b) the potential for the organization to provide financial benefits to, or impose financial burdens on the primary government. Financial accountability may also be determined if the component unit is fiscally dependent on the City and a potential financial benefit / burden relationship exists.

MAJOR COMPONENT UNITS:

The JEA manages and operates an electric utility system and a water and sewer utility system in the Consolidated City of Jacksonville/Duval County area.

The Jacksonville Transportation Authority is responsible for construction, improvement, and maintenance of the Jacksonville Expressway System and operation of the City's mass transit systems, including bus and automated skyway express throughout Duval County.

The Jacksonville Port Authority manages and operates the City's marine port facilities.

COMPONENT UNITS THAT DO NOT ISSUE A SEPARATE REPORT:

The Jacksonville Housing Finance Authority provides money for loans and technical assistance for construction and rehabilitation of housing to alleviate a shortage of housing and capital for investment in housing in Jacksonville.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the City of Jacksonville, Florida (the City) conform to accounting principles generally accepted in the United States (GAAP) as applicable to governments. The following is a summary of the more significant policies. Notes 1C. through 19 are note disclosures of the primary government with significant disclosures for major component units incorporated within. Additional significant component unit disclosures are presented in Note 16.

A. Basis of Presentation:

The accompanying financial statements of the City have been prepared in conformity with GAAP as prescribed by the Governmental Accounting Standards Board (GASB). GASB is the accepted standard-setting body for establishing governmental accounting and financial reporting principles for units of local government.

B. Financial Reporting Entity:

The City is a consolidated city/county political entity created by Chapter 67-1320 of the Laws of Florida. When consolidation occurred on October 1, 1968, all existing municipalities, authorities and public agencies within Duval County, except for the Duval County School Board, were merged into a single new corporate and political entity also known as the City of Jacksonville. At the same time, however, the cities of Jacksonville Beach, Atlantic Beach, Neptune Beach and the Town of Baldwin elected to retain local autonomy for certain municipal purposes and were reconstituted as separate and distinct urban service districts. The consolidated city government, which is comprised of an elected City Council (19 members) and mayor, provides, under the administration of the appointed chief administrative officer, services to 890,066 residents living in an 840.1 square-mile area.

To conform to the traditional county organization of government in the State of Florida, the City retained the offices of the Sheriff, Property Appraiser, Tax Collector, Supervisor of Elections, and Clerk of the Circuit Court, which are also elected by the citizenry. These officers are considered to be not only county officers, but also officers of the consolidated government, and therefore are considered as part of the primary government. The three beach cities and the Town of Baldwin continue to function as separate municipal governments.

This report includes all funds, departments, agencies, boards and commissions, and other organizational units that are administered by the mayor and/or controlled by or dependent upon the City Council as set forth in the City Charter. The City, a primary government, has also considered for inclusion all potential component units for which it may be financially accountable and other organizations for which the nature and significance of their relationship with the City are such that exclusion would cause the City's financial statements to be misleading or incomplete. In GASB codification section 2100 Defining the Financial Reporting Entity, the GASB has set forth criteria to be considered in determining financial accountability.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

B. Financial Reporting Entity: (continued)

These criteria include appointing a voting majority of an organization's governing body and (1) the ability of the City to impose its will on that organization; or (2) the potential for the organization to provide specific financial benefits to or impose specific financial burdens on the City. Additionally, an entity may also meet the criteria for inclusion if the organization is fiscally dependent on the City and the potential financial benefits/burden relationship mentioned above exists.

As required by GAAP, these financial statements present the City of Jacksonville (the primary government) and its component units. The City has identified and included within the financial reporting entity, as its component units, legally separate organizations for which the City is financially accountable or for which a significant relationship with the City exists such that exclusion would cause the City's financial statements to be misleading or incomplete.

The Jacksonville Public Library Board and the Downtown Investment Authority (DIA) are classified as dependent special districts. Per GASB codification section 2100, the Library Board and DIA are not considered component units as they are not legally separate organizations. Therefore, these activities are included as part of the primary government.

Blended Component Unit. There is one component unit, which is legally separate from the City, but is so intertwined with the City that it is, in substance, the same as the City. It is reported as part of the City and blended into the appropriate funds.

The **Jacksonville Police and Fire Pension Board of Trustees**, created under Article 22 of the City Charter, provides retirement services and benefits to eligible employees of the Office of the Sheriff and the Department of Fire and Rescue. The City appoints two members of the five-member board; one member is a police officer; one member is a firefighter; and the remaining member is appointed by the other four members. As sponsor, the City has the ability to modify the plan and to approve the defined benefit contribution to the Police and Fire Pension Board of Trustees in the City's annual budget. The Police and Fire Pension Board of Trustees issues separate financial statements on the fund, which may be obtained from its administrative office at One West Adams Street, Suite 100, Jacksonville, Florida 32202-3616. These transactions are blended in the Fiduciary Funds.

Discrete Component Units. These component units are entities that are legally separate from the City, but are financially accountable to the City, or whose relationships with the City are such that exclusion would cause the City's financial statements to be misleading or incomplete. The component units are reported separately to emphasize that they are legally separate from the primary government and are governed by separate boards. The footnotes include financial data for these entities. Each component unit listed below has a September 30 fiscal year end.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

B. Financial Reporting Entity: (continued)

Major Component Units

JEA (formerly known as the Jacksonville Electric Authority) was created by Chapter 67-1569 of the Laws of Florida to own, manage, and operate an electric utility system and a water and sewer utility system in Jacksonville and any or all counties adjacent thereto. The governing body of the JEA consists of seven members appointed by the mayor and confirmed by the City Council. The City has the ability to impose its will on JEA, manifested principally through formal budgetary approval. The JEA engages only in business-type activities and issues separate financial statements, which may be obtained from its administrative office in the JEA Plaza at 21 West Church Street, Jacksonville, Florida 32202.

The **Jacksonville Port Authority (JPA)** was created by Chapter 2001-319 of the Laws of Florida to operate, manage, and control the publicly owned seaport and ancillary facilities located within Duval County and outside such boundary lines. The governing body of the JPA consists of seven members, four of whom are appointed by the mayor and confirmed by the City Council, and three of whom are appointed by the governor. The City can impose its will on the JPA through modification and approval of its budgets, which ensures strong accountability to the local constituent citizenry. The JPA engages only in business-type activities and issues separate financial statements. Requests for information may be addressed to the chief financial officer, Jacksonville Port Authority, P.O. Box 3005, Jacksonville, FL 32206-0005.

The **Jacksonville Transportation Authority (JTA)** is a public body politic and corporate agency of the State of Florida under Chapter 349 of the Florida Statutes. The governing body of the JTA consists of seven members, three of whom are appointed by the governor of Florida, three of whom are appointed by the mayor and confirmed by the City Council, and the seventh member is the district engineer of the Florida Department of Transportation.

The JTA is empowered to construct, improve, operate and lease the Jacksonville Expressway System. The JTA is, however, fiscally dependent upon the City under Section 14 of the City Charter through approval of its budgets, which ensures strong accountability to the local constituent citizenry. Additionally, a financial burden relationship exists through the provisions of an interlocal agreement.

The JTA engages in both governmental and business-type activities and issues separate financial statements, which may be obtained from its administrative office at 121 West Forsyth Street, Suite 200, Jacksonville, Florida 32202.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)
B. Financial Reporting Entity: (continued)

Component Units that do not issue a separate report

The **Jacksonville Housing Finance Authority (JHOFA)**, formerly known as the Duval County Housing Finance Authority (DCHFA), was created by City Ordinance 2003-1058, to alleviate a shortage of housing and capital investment for the people of Duval County, pursuant to Florida Statutes, Section 159.604. The mayor appoints three of the five board members. The City has the ability to impose its will on the JHOFA. The JHOFA operates in conjunction with the Jacksonville Housing Commission, also created by Ordinance 2003-1058, and has the rights and duties necessary under Florida Statutes, Chapter 159, Part IV, to preserve outstanding debt, issue new debt and to shield the City from financial liability. The bonds issued and outstanding are included in Note 8K. Conduit Debt. The JHOFA engages only in governmental activities. There are no separately issued financial statements for the JHOFA, whose financial activity is accounted for by the City. The JHOFA financial statements are presented in the financial section of the City report.

Non-major Component Units

The **Jacksonville Health Facilities Authority (JHFA)**, created under Chapter 490 of the City Ordinance Code pursuant to Chapter 154 Part III, Laws of Florida, provides appropriate additional means to assist in the development, improvement and maintenance of the public health. The JHFA provides a method for the financing and refinancing, on a tax-exempt basis, of projects on behalf of private corporations and organized not-for-profits that are authorized by law to provide hospital or nursing home services, thus providing facilities at favorable interest costs with a resultant decrease in health care costs for the users of health facilities within the City. All five members are appointed by the City Council, and the City is able to impose its will on the JHFA.

The bonds issued by the JHFA are special limited obligations of the JHFA and the principal and interest are payable from rental payments. The principal and interest on the bonds shall never constitute an indebtedness of the City of Jacksonville, Duval County, the State of Florida or any municipality or political subdivision thereof. Accordingly, the bonds issued and outstanding are included in Note 8K Conduit Debt. During the fiscal year presented, JHFA had no financial transactions or assets and liabilities to report. Therefore, there are no separately issued financial statements for JHFA.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)
B. Financial Reporting Entity: (continued)

Related Organizations

The **Jacksonville Housing Authority (JHA)** is governed by a seven member board, whose members are appointed by the mayor and confirmed by City Council. However, the City does not have the ability to impose its will on JHA. The City cannot remove appointed members from the JHA Board at will. JHA managers are appointed by the JHA Board of Directors. The Board approves the operating budget and amendments to the budget. The City does not exercise influence in JHA management or operations. It does not approve JHA budgets, and does not provide or collect major revenues of the JHA. Accordingly, the financial activities of the JHA are not included in the City's financial statements.

The **Duval County Research and Development Authority (Authority)** is governed by a five member board whose members are appointed by the City Council. However, the City does not have the ability to impose its will on the Authority. The City does not exercise influence over the management or operations of the Authority and is not financially accountable for the actions of the Authority. Accordingly, the financial activities of the Authority are not included in the City's financial statements.

Jointly Governed Organization

The **North Florida Transportation Planning Organization (TPO)** is an independent regional transportation planning agency for Duval, Clay, Nassau and St. Johns counties. The mayor, three Jacksonville City council members and various other leaders of the other affiliated communities and transportation agencies, make up the 15 member board, with five members being non-voting.

The City does not have an ongoing financial interest or responsibility to the TPO. However, since the board includes members from each of the governments that created it, the TPO is considered a jointly governed organization of the City.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

C. Basic Financial Statements:

The basic financial statements include both citywide and fund level statements. The City, as the primary government, is reported separately from its component units. The citywide statements report on all of the activities of the City and its component units except those that are fiduciary in nature.

Statements for fiduciary activities, such as employee pension plans, are presented in a separate section of this report. Both the citywide and fund level statements classify primary activities of the City as either governmental activities, which are primarily supported by taxes and intergovernmental revenues, or business type activities, which are primarily supported by user fees and charges.

The citywide statement of net position reports all assets, deferred outflows of resources, liabilities, and deferred inflow of resources of the City, including both long-term assets and long-term debt and other obligations. The statement of activities reports the degree to which direct expenses of City functions are offset by program revenues, which include program specific grants and charges for services provided by a specific function. Direct expenses are those that are clearly identifiable with a specific function or program. The net cost of these programs is funded from general revenues such as taxes, intergovernmental revenue and interest earnings.

The fund level statements report on governmental, proprietary and fiduciary fund activities. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund level financial statements.

Since the fund level statements for governmental activities are presented using a different measurement focus and basis of accounting than the citywide statements governmental column (as discussed under Basis of Accounting in this summary of significant accounting policies), a reconciliation is presented on the page following each governmental fund financial statement that briefly explains the adjustments necessary to convert the fund level statements into the citywide governmental column presentations.

As a general rule, the effect of interfund activity has been eliminated from the citywide financial statements.

D. Fund Structure:

The City's accounts are maintained in accordance with the principles of fund accounting to ensure compliance with limitations and restrictions placed on the use of resources available to it. Under fund accounting, individual funds are established for the purpose of carrying on activities or attaining objectives in accordance with specific regulations, restrictions or limitations. Each individual fund is a self-balancing set of accounts recording assets, liabilities and residual equities or balances and revenues, expenditures / expenses and changes therein. For financial statement presentation, funds with similar characteristics, including those component units referenced above, are grouped into generic classifications as required by GAAP. A brief description of these classifications follows:

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. Fund Structure: (continued)

Governmental Funds. These funds report transactions related to resources received and used for those services traditionally provided by city/county government. The following are major governmental funds used by the City:

General Fund - The General Fund is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.

Debt Service Funds:

The Special Bonded Debt – Better Jacksonville Plan Obligations Fund accounts for the accumulation of resources for, and the payment of, principal and interest on the City’s special bonded obligations payable, which are related to the Better Jacksonville Plan.

The Special Bonded Debt Obligations Fund accounts for the accumulation of resources for, and the payment of, principal and interest on the City’s special and limited bonded obligations, which are payable solely from and secured by a lien upon and pledge of the revenues under the respective bond ordinances.

Other Non-major Governmental Funds:

This is the aggregate of all of the non-major governmental funds.

Proprietary Funds. These funds report transactions related to activities similar to those found in the private sector. Major proprietary funds include:

The Solid Waste Disposal Fund accounts for the collection, recycling, and disposal of commercial and residential garbage services throughout the City, including the operation of three municipally owned landfill sites, two of which are closed.

The EverBank Field Fund accounts for events held at the stadium including National Football League and college football games, concerts and other activities.

The Storm Water Services Fund accounts for the storm water utility financed by service charges, to be used for paying for costs of constructing and maintaining the storm water management system.

The Veterans Memorial Arena Fund accounts for events held at the arena including concerts, college basketball games, and other entertainment events such as the circus, ice skating, gymnastics, professional wrestling and motor sports.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. Fund Structure: (continued)

Other Non-major Enterprise - This is the aggregate of all of the non-major enterprise funds.

Proprietary funds distinguish operating revenues and expenses from non-operating revenues and expenses. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the funds' principal ongoing operation. The principal operating revenues for the City's proprietary funds are charges to customers for sales and services. Operating expenses include direct expenses of providing the goods or services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

In addition, the City reports the following fund types:

Internal Service Funds - These funds account for services provided primarily to various departments of the City and to other governmental agencies. Since these funds principally service City departments, internal service fund statements are consolidated into the governmental activities column in the citywide presentation. These activities are fleet management, copy center, data processing, legal, various risk management activities, public works, and internal banking fund. Services provided to other governmental agencies are not considered to be material.

Private-purpose Trust Funds - These funds account for resources legally held in trust for the benefit of individuals pursuing higher education in music and urban studies. Earnings on invested resources may be used to support these activities but no expenditure may be made from the principal of these funds.

Pension Trust Funds - These funds account for the activities of the Jacksonville Retirement System and the Police and Fire Pension funds, which accumulate resources for pension benefit payments for qualified employees.

Permanent Fund - This fund is used to account for activities of the City relative to cemetery maintenance at specified locations. Fund resources are restricted. Only earnings on invested resources may be used to support these activities.

Agency Funds - These custodial funds account for monies held as an agent for other governmental units or individuals. The City utilizes several agency funds including the Treasurer Fund to clear cash received and disbursed, the Tax Collector Fund accounts for the collection of all taxes, revenues and other cash, the Clerk of the Circuit Court Fund accounts for revenues collected by the court system, the Plat Deposits Fund accounts for collateral to insure the completion of public improvements, the Duval County School Readiness Coalition Fund accounts for similar collections, the Florida Retirement System Fund accounts for a multiple-employer, cost-sharing defined benefit plan for certain City employees who elected to remain with the State of Florida Retirement System, and the Sheriffs Fund accounts for deposits held in accordance with statutes for civil action, safeguarding of monetary evidence, and inmate funds.

NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

E. Basis of Accounting:

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The citywide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary and fiduciary pension trust fund financial statements. Agency funds are accounted for using the full accrual basis of accounting. Agency funds are custodial in nature (i.e., assets equal liabilities) and do not measure the results of operations. Under this method, revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenue in the year in which they are levied for. Grants and similar items are recognized as revenue when all eligibility requirements imposed by the provider are met.

Governmental fund financial statements are reported using a current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus only current assets, current liabilities, deferred outflow of resources, and deferred inflow of resources generally are included on the balance sheet. Operating statements of these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Major revenues that are determined to be susceptible to accrual include property taxes, taxpayer-assessed tax revenues including sales and utilities services taxes, state shared revenue, intergovernmental revenue, charges for services and investment income. Generally, the City considers a 60-day availability period for revenue recognition. Federal and state grants collected on a reimbursement basis are recognized as revenue when reimbursable expenditures are made, and the City considers amounts received within one year as available. Ambulance billings also have a one year availability period.

Expenditures are recorded when the related fund liability is incurred, except for items that are not planned to be liquidated with expendable available resources. The City records an accrual for debt service liabilities and expenditures by providing financial resources to a debt service fund for payment of liabilities that will mature early in the following year. Exceptions to the general modified accrual expenditure recognition criteria include capital lease obligations that are recognized when paid, and payments for compensated absences, pension, OPEB (other post employment benefits), pollution remediation obligations, and claims and judgments that are recognized when due.

The City's policy is to use restricted resources first, then unrestricted resources, when both are available for use to fund an activity.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

F. Cash, Cash Equivalents, and Investments:

Cash, cash equivalents and investments and related accrued investment earnings are reported in the financial statements as “Equity in cash and investments” under the City’s “pooling” concept (See Note 3). All monies that are not legally restricted to separate administration are pooled together for investment purposes, while each individual fund and/or account is maintained on a daily transaction basis by the City Treasurer. Cash in escrow with fiscal agents is not included in the Statement of Cash Flows ending balances, as the funds have been sent to trustee entities to be held for payment of bond principal and interest. Investment earnings are distributed in accordance with the participating funds’ relative percentage of investments. All fund types deposit monies into the equity in cash and investment pool of the City. The Proprietary Fund types use this pool as a demand deposit account, and accordingly all amounts in the pool are considered cash and cash equivalents for purposes of the Statement of Cash Flows. Operating and Pension Trust investments are stated at fair value, generally based on quoted market prices except as disclosed herein. Securities traded on national or international exchanges are valued at the last reported sales price at current exchange rates. The fair value of real estate investments are based on independent appraisals or estimates of fair value as provided by third party fund managers. Investments that do not have an established market are reported at estimated fair value as provided by third party fund managers. Increases and decreases in the fair value of investments are reported as investment income. The City of Jacksonville’s swap policy allows for the use of interest rate swaps and other financial instruments to manage the City’s financial exposure. This policy went into effect on October 1, 2003 and was revised on August 9, 2011. While the City is authorized to utilize interest rate swaps to manage the interest rate risk associated with various assets, no investment interest rate swaps were used during the reporting period.

G. Receivables:

Receivables are stated net of estimated allowances for uncollectible amounts, which are determined based on past collection experience and current economic conditions, to the net realizable values. Types of receivables include amounts that are principally due from the State of Florida for state-shared revenues, mortgage, loan, and other receivables that have arisen in the ordinary course of business.

Certain receivables and some mortgage receivables are related to loans made for economic development purposes. Repayment of these loans is contingent upon a number of economic factors that are outside of the control of the City. Due to the uncertainty over the ultimate collectability of these amounts, an allowance has been recorded in the amount equal to the balance of the receivable.

H. Inventories:

Inventories of materials and supplies are determined by both physical counts and through perpetual inventory systems stated at cost, which approximates market, using the average weighted costing method. Reported inventories in governmental funds are included within nonspendable fund balance because it is not in spendable form. In proprietary fund types, inventories are expended when consumed.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

I. Capital Assets:

All purchased capital assets are recorded at cost when historical records are available and at estimated cost when no historical records exist. Donated capital assets are valued at their estimated fair market value on the date received. Generally, capital assets costing \$1,000 or more and having a useful life of more than one year are capitalized. Infrastructure is capitalized based on the accumulated amounts charged to specific capital projects on an annual basis. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Capital assets are reported in the applicable governmental or business-type column in the citywide financial statements, and in the Proprietary Fund Level Statements.

Depreciation on all capital assets is calculated using the straight line method over the following useful lives:

Infrastructure - Other	12 - 50 years
Infrastructure - Bridges	100 years
Buildings and improvements	12 - 45 years
Furniture, equipment and library books	3 - 10 years
Software Development	10 years

The City capitalizes collections, such as artwork. The City has a collection of artwork in various sites throughout the interior and exterior of its public facilities. The value of the art is expected to either remain the same or increase over time, so it is not depreciated. Software development is capitalized if over a threshold of \$30,000.

J. Contributions:

Contributions in the form of cash and capital assets to the governmental activities of the City are recognized on the Statement of Activities as revenues in the period they are received. Contributions of capital assets, primarily completed infrastructure from developers, are recognized at the fair value at the date of donation. All contributions are reported on the Statement of Activities as program revenues, with operating contributions reported separately from capital contributions.

K. Interfund Activity:

Interfund activity within and among the City's three fund categories (governmental, proprietary, and fiduciary) are classified as reciprocal interfund activity and nonreciprocal interfund activity.

Reciprocal interfund resources flow between funds with an expectation of repayment and are reported as interfund receivable and payables.

Nonreciprocal interfund activities are flows of assets between funds without an equivalent flow of assets in return or without a requirement for repayment and are reported as transfers in governmental funds in the other financing sources section as well as after the non-operating revenues and expenses section in proprietary funds.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

L. Restricted Assets:

Assets are reported as restricted in the citywide Statement of Net Position and the enterprise fund level statements when constraints are placed on net position use. The constraints are either: (1) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (2) imposed by law or through constitutional provisions or enabling legislation.

M. Compensated Absences:

City employees may accumulate earned personal leave benefits (compensated absences) at various rates within limits specified in collective bargaining agreements. This liability reflects amounts attributable to employee services already rendered, cumulative, probable for payment, and reasonably estimated in conformity with GASB Statement No. 16, Accounting for Compensated Absences.

Compensated absences liabilities are accrued when incurred in the citywide financial statements, and the proprietary and fiduciary fund level financial statements. No expenditure is reported in the governmental funds for these amounts until the payment is made. No liability is recorded for nonvesting, accumulated sick pay benefits. Compensated absences liability is determined based on current rates of pay.

N. Risk Financing:

Pursuant to Florida Statute 768.28 "Sovereign Immunity" the City is self-insured for general and automobile liability for state tort claims in excess of \$200,000 per person, and \$300,000 per occurrence. The City has an excess liability policy that provides coverage for general liability at limits of \$5 million per occurrence with a policy aggregate limit of \$5 million, except \$1 million per occurrence for Automobile Liability (Effective 10/1/2013). These limits are subject to a \$1.5 million self-insured retention for the City and all other participating entities. The excess policy includes statutory coverage for worker's compensation benefits including a \$50 million aggregate limit for communicable disease and employer's liability with \$1 million in the aggregate with a self-insured retention per occurrence of \$1.25 million with a \$500,000 otherwise recoverable (aggregate/corridor deductible) excess of \$1.5 million. The City continues to purchase a miscellaneous policy for Out-of State Automobile Liability for JSO with \$1 million in coverage and without a self-insured retention. The liability for self-insured losses is based on individual case estimates for reported claims, historical loss data and valuations performed by independent actuaries at September 30, 2014, for incurred but not yet reported claims, claims development, and unallocated loss adjustment expenses. The liability for self-insured losses is accounted for in the Self-Insurance Fund (internal service fund) that pays for claims made against the City.

O. Pension Costs:

Substantially all permanent, full-time employees of the City are covered under two city sponsored defined benefit pension plans and a city sponsored defined contribution plan. Employer contributions are recorded as pension expenditure/expenses when the related payroll is accrued based on an actuarially determined rate in accordance with GASB Statement No. 27, Accounting for Pensions by State and Local Governments.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

P. Landfill Closure and Postclosure Care Costs:

The City recognizes municipal solid waste landfill closure and postclosure care costs under the State of Florida's Solid Waste Management Act of 1988, regulations of the Federal Environmental Protection Agency (EPA), and GASB Statement No. 62, Codification of Accounting and Financial Reporting Guidance contained in pre-November 30, 1989 FASB and AICPA pronouncements. For those landfills that stopped accepting solid waste prior to final implementation of the 1988 Act and EPA regulations, the total cost of municipal solid waste landfill (MSWLF) closure is recognized as a deferred charge in the Solid Waste Disposal Enterprise Fund. The City issued bonds to pay for closure costs on closed landfills. Post-closure care costs on closed landfills are recorded as a liability based on engineer's estimates. The City Council establishes rates that are designed to recover costs and believes it is reasonable to assume that such rates, which will recover the costs, can be charged to and collected from customers. The City intends to recover these MSWLF costs through future operating revenues of the Solid Waste Disposal Enterprise Fund. Accordingly, MSWLF costs are recognized as expenses each year to match the flow of revenue and bonds principal payments, thereby reducing the deferred charge. Expenses for closure and postclosure care costs are recorded each year and the liability is adjusted to the engineer's estimate. MSWLF closure and postclosure care costs incurred for landfills accepting solid waste after final implementation of the 1988 Act and EPA regulations are recognized as an expense. A liability is recorded based upon the landfill capacity used during that year applied to the engineer's estimate of closure and postclosure care costs. (See Note 13C.)

Q. Long-Term Obligations:

In the city-wide financial statements, and proprietary funds in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary funds statement of net position.

Special obligation bonds, which are supported by certain pledged revenues (other than ad valorem taxes), do not constitute a debt of the City and the City is not obligated to pay the bonds except from revenues pledged for such debt payments.

Each governmental fund that has long-term liabilities, such as, compensated absences and pension liabilities are responsible for liquidating the same.

Non Asset Bonds are created when the City issues debt and either (a) constructs an asset that will become the asset of another entity (e.g. State of Florida); (b) contributes proceeds to another entity (e.g. Shands Jacksonville Hospital) to participate in a construction project; or (c) provides an economic incentive to a development or redevelopment project. Part of the Better Jacksonville Plan (BJP) referendum was to make improvements to state roads and/or interchanges with / between state roads.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Q. Long-Term Obligations: (continued)

While these projects enhance traffic movements in and around Jacksonville, the constructed assets and the future maintenance responsibility are transferred to the Florida Department of Transportation. Additionally, under the BJP program, the City provided for non-capital expenditures, such as septic tank remediation and ash clean up, from debt proceeds, which will not result in a capital asset of the City. The City has also provided grants to Shands Jacksonville Hospital, a provider of health care for indigents, from debt proceeds. The City and/or its Community Redevelopment Authority (CRA) districts, to encourage target development, will enter into incentive agreements (including grants and loans) that are in some instances designed to be repaid by either the CRA's tax increment revenues and/or the developer.

R. Categories and Classification of Fund Balance:

Fund balance is classified using a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds. Under GASB 54, fund balance categories include Nonspendable, Restricted, Committed, Assigned, and Unassigned. These classifications reflect not only the nature of funds, but also provide clarity to the level of constraint placed upon fund balance. Fund balance can have different levels of restraint, such as external versus internal compliance requirements. Unassigned fund balance is a residual classification within the General Fund. The General Fund should be the only fund that reports a positive unassigned balance. In all other funds, unassigned is limited to negative residual fund balance. For further details of the various fund balance classifications refer to Note 19.

S. Bond Discounts, Premiums and Issuance Costs:

In the fund financial statements, governmental funds recognize bond discounts, premiums and issuance costs in the current period. The face amount of debt issued and bond premiums are reported as other financing sources while discounts on debt issuance is reported as other financing uses. Issuance costs, whether or not withheld from the debt proceeds received, are reported as debt service expenditures.

In the city-wide financial statements and for proprietary funds, material bond discounts and/or premiums are deferred and amortized as a component of interest expense over the term of the bonds using the straight-line method, which approximates the effective interest method. Issuance costs are expensed in the period in which they are incurred.

T. Deferred Loss on Debt Refundings:

Losses resulting from advance refundings of debt in the city-wide and proprietary fund statements are deferred and amortized, using a straight-line method, which approximates the effective interest method, over the shorter of the life of the new debt or the remaining life of the old debt. The amount deferred is reported as a component of Deferred Outflows in the accompanying financial statements and is expensed and reported as a component of interest expense.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

U. Use of Estimates:

The preparation of financial statements, in accordance with GAAP, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amount of revenue and expenses during the reporting period. Actual results could differ from those estimates.

V. Reclassifications:

Certain 2013 amounts have been reclassified to conform to the 2014 presentation. Additionally, amounts in the separately issued financial statements of component units have been reclassified to conform to the presentation of the primary government.

W. Summarized Comparative Information:

The basic financial statements include certain prior-year summarized comparative information in total but not at the level of detail required for a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the City's financial statements for the year ended September 30, 2013, from which the summarized information was derived. Limited 2013 comparative information was adjusted for comparability on some of the financial statements.

X. Prepaids:

Prepaid items consist of certain costs that have been paid prior to the end of the fiscal year, but represent items that are applicable to future accounting periods. These amounts do not constitute available spendable resources even though they are a component of current assets. Prepaids are processed using the consumption method.

Y. Accounting Pronouncements:

In fiscal year 2014, the City adopted new statements of financial accounting standards issued by the GASB:

- Statement No. 65, Items Previously Reported as Assets and Liabilities
- Statement No. 67, Financial Reporting for Pension Plans – an amendment to GASB Statement No. 25

Statement No. 65 establishes accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities. The adoption of GASB 65 resulted in a restatement in beginning net position. (See Note 18B).

Statement No. 67 provides additional note disclosure and schedule requirements for Pension Plans, reported as Pension Trust Funds, which are included in Note 9 and related Requires Supplemental Schedule section of the report. The adoption of GASB 67 resulted in a restatement in beginning net position of the Police and Fire Pension Fund. (See Note 18B)

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)
Y. Accounting Pronouncements: (continued)

Significant Unadopted Standards

GASB Statement No. 68, Accounting and Financial Reporting for Pensions, an amendment of GASB Statement No. 27, was issued June 2012. The Statement is intended to improve accounting and financial reporting by state and local governments for pensions. The provisions of this Statement will be effective for the City beginning with fiscal year ending September 30, 2015. The adoption of this statement will require the City to record a liability at the government-wide level and in its proprietary funds for the unfunded portion of its pension plans which are discussed in Note 9 and for the City's portion of any unfunded obligation of the Florida Retirement System. The full effect of this change has not yet been determined.

2. BUDGETARY DATA

The City presents a Budgetary Comparison Schedule for the General Fund as Required Supplementary Information. For this reporting period, no special revenue funds met the major fund criteria. The City's budgetary comparison reporting and Notes to Required Supplementary Information containing descriptions of the City's budgetary policies and processes are included in the Required Supplementary Information section of this report.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

3. CASH, INVESTMENTS AND SECURITIES LENDING

A. Cash on Deposit

The City maintains a cash and investment pool that is available for use by all funds except for monies legally restricted to separate administration (i.e., pension plan custodians and deferred compensation plan administrators). The “Equity in pooled cash and investments” on the City Wide Financial Statements, consists of cash and investments owned by each fund and defined as resources that can be liquidated without delay or penalty. Cash and investments held separately where contractual arrangements and bond covenants require such arrangements, are classified as “restricted assets.” Investment earnings are allocated to the individual funds monthly, based on the funds’ weighted average daily cash and investment balance.

CASH and INVESTMENTS		
September 30, 2014		<i>(in thousands)</i>

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

3. CASH, INVESTMENTS AND SECURITIES LENDING (continued)

A. Cash on Deposit (continued)

1. Custodial Credit Risk

As of September 30, 2014, primary government deposits in financial institutions totaled \$122.2 million. Monies on deposit with financial institutions in the form of demand deposit accounts, time deposit accounts and certificates of deposit are defined as public deposits. All of the City's public deposits are held in qualified public depositories pursuant to State of Florida Statutes, Chapter 280, "Florida Security for Public Deposits Act", and covered by federal depository insurance. For amounts in excess of such federal depository insurance the Act provides that all qualified public depositories are required to pledge eligible collateral having a market value equal to or greater than the average daily or monthly balance of all public deposits, times the depository's collateral pledging level. The pledging level may range from 50% to 125% depending upon the depository's financial condition and establishment period. The Public Deposit Security Trust Fund has a procedure to allocate and recover losses in the event of a default or insolvency. When public deposits are made in accordance with Chapter 280, no public depositor is liable for any loss thereof. Any losses to public depositors are covered by applicable deposit insurance, sales of securities pledged as collateral and, if necessary, assessments against other qualified public depositories of the same type as the depository in default.

B. Investments and Investment Practices

1. General Operating Investments

The City's operating fund investment guidelines are defined by City Ordinance Code Section 110, Part 2 and a written Investment Policy (the "Policy") as approved by City Council. The Policy establishes a diversified investment strategy, both by type of investment and by manager, a minimum credit quality, and duration limitations. An internal Investment Committee has oversight, within Policy limits, of the implementation and direction of investment strategies. The Policy is reviewed annually for any adjustments due to changes or developments within the investment markets that may provide enhanced investment and/or risk management opportunities. The City's Pension Funds and Component units maintain their own investment policies.

Other than operating cash invested overnight through the City's zero balance sweep accounts, all invested cash is managed by third-party money managers. Performance benchmarks for the Portfolio are established in the Investment Policy and performance benchmarks for each of the specific third party managers are established by the Investment Committee. The Policy defines the Average Duration and Compliance Categories for investments. Compliance Category limits are stated as a percentage of the 2013-14 Normal Portfolio Balance of \$849 million, which is defined by Ordinance as the average total portfolio balance for the proceeding twelve months.

CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014

3. CASH, INVESTMENTS AND SECURITIES LENDING (continued)

B. Investments and Investment Practices (continued)

1. General Operating Investments (continued)

Performance and compliance reports are submitted to the Investment Committee monthly, and to the Finance Committee quarterly. The City employs an independent investment custodian who takes direction from the money managers and independently settles all trades. The custodian provides performance and compliance reporting at both the portfolio level and by individual manager.

The following schedule reports portfolio compliance at year end, as well as the maximum exposure for each compliance category during the year. Certain compliance categories include assets also measured in another compliance category, i.e., “US Government” issued treasury bonds are also appropriately included in the “US Government plus agencies” category. As a result, the amounts reported as year-end compliance exposures exceed the portfolio balance at year end in aggregate.

Operating Fund
Compliance Guideline Characteristics

2. Pension Plan Investments

The City's two separate defined benefit pension plans are the Jacksonville Retirement System and the Police and Fire Pension Plan. Investments in the City's two plans are governed by state statute and locally adopted investment policies. These policies establish investment objectives and guidelines for the portfolio as a whole, for each individual manager, as well as by instrument and issuer. The following schedules are presented for only the Jacksonville Retirement System and Police and Fire Pension Fund investments:

Jacksonville Retirement System

3. Interest Rate Risk

Interest rate risk is controlled primarily through duration, which is a measure that approximates the change in value of a bond, or bond portfolio, for a given change in interest rates. In general, shorter duration measures are less sensitive to interest rate shifts, while longer durations are more sensitive. To limit the portfolio volatility associated with changes in interest rates, the City's Investment Policy Statement restricts the average duration of the overall portfolio to a range of 0.75 – 5.00 years, of which, no more than 7.5% of the individual securities in the portfolio can have a duration greater than 8.5 years. This guideline applies to all investment types underlying the portfolio including, but not limited to, government, agency, corporate, international, and mortgage backed securities, as referenced in Section 3. B. 1.

NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

**3. CASH, INVESTMENTS AND SECURITIES LENDING
B. Investments and Investment Practices (continued)**

4. Credit Quality

The Operating and Pension portfolios measure credit quality of the fixed income holdings contained therein using Moody’s rating schedule. Within the Operating Portfolio, the City’s Investment Policy Statement is designed to control credit risk by requiring both, minimum amounts that must be invested in the highest quality U.S. Government securities, as well as a maximum limit of 9.0% of the normal portfolio balance in non-investment grade securities. This is reported and monitored monthly by the Investment Committee and staff. Credit Quality for the Pension Plan is reported on a quarterly basis and is monitored by the Pension Board of Trustees, staff to the board, and by the plan’s consultant. Credit Quality reports are provided on the overall portfolios to illustrate the credit risk at fiscal-year end.

Operating Portfolio		Credit Quality September 30, 2014	
		General Employee Pension Plan	Police and Fire Pension Fund
Quality Breakdown	Portfolio (%)	Portfolio (%)	Portfolio (%)
Aaa	40%	42%	56%
Aa1-Aa3	3%	3%	2%
A1-A3	12%	16%	13%
Baa1-Baa3	21%	17%	14%
Ba1-Ba3	5%	3%	8%
Other	0%	0%	7%
Commingled	19%	19%	0%
	100%	100%	100%

Ratings definitions:

- Treasury – United States Treasury Securities
- Agency – Government Agency Securities
- Aaa (AAA) – Highest Investment Grade Quality Rating
- Aa1–Aa3 (AA+ to AA-) – Medium Investment Grade Quality Rating
- A1-A3 (A+ to A-) – Medium Low Investment Grade Quality Rating
- Baa1-Baa3 (BBB+ to BBB-) – Lowest Investment Grade Quality Rating
- Ba1-Ba3 (BB+ to BB-) – Highest Non-investment Grade Quality Rating
- Commingled – Securities that are not applicable to Quality Ratings - they represent predominantly mutual funds that are listed and valued as a whole, not individual holdings, as well as minor exposure to non-investment grade securities.

5. Custodial Credit Risk

The custodial relationship for General Investments and Pension plans are governed by written agreements that are executed by all parties and specifies that, all securities owned and cash held by the City or its Pension plans shall be held in the City's, or its nominee's, name in an account separate from all other accounts maintained by the custodian and shall at all times, while in the custody of the Custodian, be designated as an asset of the City or Pension Trust funds.

3. CASH, INVESTMENTS AND SECURITIES LENDING

B. Investments and Investment Practices (continued)

6. Foreign Currency

The City has nominal exposure to foreign currencies due to investments in non-U.S. markets implemented through our money managers' portfolios. Foreign currencies will fluctuate relative to the U.S. dollar, but it is believed that the diversification benefits outweigh potential risks. Given the limited exposure, foreign currency risk is considered minor.

C. Securities Lending

The City participates in securities lending with both its Operating and Pension portfolios. The City has a contract with its custodian, The Bank of New York Mellon (the City's Operating Portfolio and the Jacksonville Retirement System) that allows the custodian, acting as agent, to lend securities held in the portfolios with the intent of generating additional interest income. The transactions are designed to be invisible to our third party money managers and are reviewed by staff on an ongoing basis. The market for securities lending was developed to provide temporary access to a large portfolio of securities for broker/dealers who might have a need to borrow specific instruments. Securities are loaned against collateral that may include cash, U.S government securities and irrevocable letters of credit. Securities are loaned against collateral valued at a minimum of 102% of the market value of the securities plus any accrued interest. If the broker/dealer fails to return the security upon request, the custodian, acting as agent, will utilize the collateral to replace the security borrowed.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

**3. CASH, INVESTMENTS AND SECURITIES LENDING
C. Securities Lending (continued)**

The securities loaned are on a rolling daily basis and the cash collateral can be deposited and/or withdrawn from the investment on a daily basis. The weighted average duration of the collateralized loans at September 30, 2014 was 66 days for the City's Operating Portfolio and 114 days for the Jacksonville Retirement System.

As a result of market disruptions, caused by the financial crisis of 2008-2009, those managing the collateral pool of assets have shifted their strategy to maintain a target allocation that closely represents a portfolio managed to money market guidelines as contained in 2a-7 of the SEC Investment Company Act of 1940. Rule 2a-7 of the act restricts the quality, maturity, and diversity of investments by money market funds. While the Securities Lending portfolio is not subject to this rule, the managers see these guidelines as a conservative approach that will serve to reduce the overall risk profile of invested collateral funds.

The transaction establishes a rebate interest rate (assuming cash collateral), which is due back to the broker/dealer upon return of the security. The cash is then invested short-term and the City and the custodian share in the incremental return available above the rebated interest rate. The short-term fixed income instruments can be invested in high quality, dollar-denominated fixed income instruments, with a policy dollar-weighted, average maturity limit of less than thirty days. The City, as a program participant, assumes the risk that (a) the overnight investment will not equal or exceed the rebate interest rate; (b) the overnight investment will experience a loss in fair value (i.e., principal); and (c) the collateral will not be sufficient if the borrower fails to return the security back to the lending bank. As noted above, cash collateral is invested in short-term income instruments. When non-cash collateral is provided the collateral must be obligations issued or guaranteed by the U.S. Government or its agencies and instrumentalities. The City cannot pledge or sell these obligations in the absence of a default by the borrower. The net asset value of the collateral may fluctuate and potentially subject the City to credit risk if the above-mentioned 102% daily adjusted collateral were to fall below 100%. As of September 30, 2014, the City of Jacksonville maintained a sufficient 102.6% collateral on loaned securities. During the fiscal year ended September 30, 2014; Securities Lending net income was \$471 thousand (\$62 thousand Operating, \$409 thousand Jacksonville Retirement System).

The City periodically reviews the custodian's practices to insure fair distribution of lending opportunities as well as risk evaluation of prospective broker/dealer borrowers. For accounting purposes, the Statements of Net Position and Changes in Net Position reflect the increase in assets, liabilities, interest income and expense associated with securities lending activity.

NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

5. PROPERTY TAXES

A. Ad Valorem Property Taxes:

Property tax collections are governed by Chapter 197, Florida Statutes. The Duval County Tax Collector bills and collects all property taxes levied within the consolidated city/county. Discounts of 4, 3, 2, and 1% are allowed for early payment in November, December, January, and February, respectively. The total millage rate levied by the City was 11.44190 for the fiscal year ended September 30, 2014.

The Florida Constitution, as amended under Article VII, Section 4, limits the increase in homestead property valuations for ad valorem tax purposes to a maximum of the lesser of (i) three percent (3%) of the assessment for the prior year, or (ii) the percent change in the Consumer Price Index for the preceding calendar year. The first tax year in which the limitations of these constitutional provisions applied was January 1, 1995. Calendar year 1995 is the base year upon which assessed just value of the homestead property is determined.

B. Property Tax Calendar:

The Tax Collector remits collected taxes at least monthly to the City. The City recognizes property tax revenue as it is received from the Tax Collector since virtually all taxes levied will be collected through the tax collection process within the fiscal year levied for. The calendar of events is as follows:

January 1	Property taxes are based on assessed value at this date as determined by the Duval County Property Appraiser.
July 1	Assessment roll approved by the state.
September 30	Millage resolution approved by the City Council.
October 1	Beginning of fiscal year for which taxes have been levied.
November 30	Last day for 4% maximum discount.
April 1	Unpaid property taxes become delinquent.
May 31	Tax certificates are sold by the Duval County Tax Collector. This is the first lien date on the properties.

Transfers between funds are made in the normal course of operations and are for the operational support of the fund receiving the transfer. In fiscal year 2014 transfers in support of Debt Service funds were 58% of total transfers. A large portion of the transfers out of the General Fund was in support of Non-Major Governmental funds including the Jacksonville Childrens Commission, Community Service Grants and Cecil Field Commerce Center. Transfers from the General Fund include support of Major Enterprise funds, Storm Water and EverBank Field. Other support from the General Fund include transfers to Tax Increment in support of debt service and transfers for Capital Improvement Projects. Non-Major Enterprise funds which include the Baseball Stadium, the Performing Arts Center, the Convention Center, the Equestrian Center, the Ritz Theatre and the Mayport Ferry also received support from the General Fund.

NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

7. INTERFUND RECEIVABLES, PAYABLES, ADVANCES, AND TRANSFERS (continued)

During fiscal year 1999, the self-insurance fund advanced \$14,000,000 to the capital projects fund for the purpose of fulfilling City obligations under a redevelopment agreement for a new 900-room hotel with substantial convention and business spaces. The total capital investment for the project was \$126.0 million. The City Council passed an ordinance to treat the funding from the self-insurance fund as a loan which will be repaid from general fund revenues commencing on May 1, 2000 in equal annual installments over 20 years, plus simple interest of 4.4%. The balance of this advance was \$4,710,896 at September 30, 2014.

In fiscal year 2003, the City passed an ordinance to enter into a redevelopment agreement with Vestcor Companies and its subsidiaries for the redevelopment of the Lynch Building as a City historic landmark. In fiscal year 2003, the City used internal self-insurance funds, in an amount of \$17,816,000, to provide permanent financing for the Lynch Building project. The self-insurance fund will be repaid on an annual basis with funds from the Northbank Downtown Tax Increment District. The terms of the repayment are a 30-year amortization, with a 20-year term at a fixed interest rate of 6% per year. Annual payments are \$1,294,313 which includes both principal and interest with a balloon payment of \$8,290,400 at the end of the 20-year period. The balance of the loan at September 30, 2014 was \$11,878,149 which is recorded in the Self Insurance Fund as other receivables noncurrent.

Vestcor will repay the City an amount of \$17,816,000 to the Downtown Economic Development fund as created by ordinance 2000-1079-E. The terms of the repayment is a 40-year amortization, with a 20-year term at a fixed interest rate of 1.525% per year. Annual principal and interest payments were initially scheduled for \$595,248, but were reduced to interest-only payments for the three year period beginning March 1, 2010. The deferred principal payments were added to the balloon payment. A second modification agreement (Ordinance 2014-280) allowing suspension of half of the principal payments for a period of three years from October 2013 to September 2016 was approved by Council. Deferred principal payments have been added to the balloon payment which is now \$12,159,285 due on July 1, 2023. The balance of the loan at September 30, 2014 was \$15,183,503 which is recorded in the Office of Economic Development within the General Fund.

The City’s Covenant Bond program allows for the issuance of debt which has both a stated maturity date and a designated maturity date. The stated maturity date is the initial maturity as the bond was sold, whereas the designated maturity date reflects the City’s intended maturity after a series of rolls/refundings. At each stated maturity the City can retire the maturing amount in whole or in part, or refund the maturing bonds as a part of its annual capital borrowing into another stated maturity, variable rate debt, or fixed rate debt amortized to maturity as determined by then market conditions. There can be no assurance that the stated debt maturities can be revised in accordance with management’s intended plan.

A comparison of the stated maturity debt and designated maturity debt outstanding at fiscal year end are shown in the tables below (in thousands).

8. LONG-TERM OBLIGATIONS (continued)

D. Reconciliation of debt issued to financial reporting classifications:

Certain of the City’s bonds issued in a single transaction are for assets acquired or constructed for both governmental and business-type activities. As a result, the financial statements report debt outstanding and the related debt service for that combined transaction in both governmental and business-type activities in the relative proportion of the cost of the underlying assets acquired or constructed. When individual business-type revenues are not sufficient to pay for operations inclusive of allocated debt service, interfund transfers are made in amounts to address the shortfall. The following table shows the original combined issue amount and where the debt is reported (in thousands).

Bond Series	Original Amount Issued	Outstanding debt reported in		Total Amount Outstanding
		Governmental Activities	Business-type Activities	
Excise Tax Revenue Bonds:				
Series 2005A	\$ 44,820	\$ 40,090	\$ 2,000	\$ 42,090
Series 2009B	29,010	12,030	4,930	16,960
Series 2009C	23,730	710	10,205	10,915
Capital Projects Revenue Bonds:				
Series 2008A	67,285	59,362	208	59,570
Series 2008B	67,285	59,362	208	59,570

8. LONG-TERM OBLIGATIONS (continued)

E. Pledged Revenues:

The City has formally committed to secure certain debt issued by the City with specific future revenues. A summary of those debt issues and the related pledged revenues follows. The detailed listing of individual series by pledge source is included in Note 8A.

	<u>Range of remaining term</u>	<u>Approximate future principal and interest</u>	<u>Current year revenue received</u>	<u>Current year principal and interest</u>	<u>Principal and interest as % of revenue</u>
Excise Taxes:	2015 - 2034	\$291,234,799	\$124,430,126	\$29,423,705	23.65%
Local Government					
1/2 Cent Sales Tax:	2018	\$42,852,739	\$81,240,214	\$11,881,613	14.63%
JEA Charter Revenues					
(Capital Project Bonds):	2034	\$164,965,560	\$109,187,538	\$7,116,191	6.52%
(Better Jacksonville)					
Transportation Sales Tax:	2022 - 2037	\$788,848,111	\$82,718,849	\$44,979,156	54.38%
Better Jacksonville					
(Infrastructure) Sales Tax:	2021 - 2030	\$821,418,456	\$71,929,782	\$46,871,093	65.16%
with SIB Loans:	2021 - 2030	\$873,495,155	\$71,929,782	\$53,319,893	74.13%
Sports Facilities Capital					
Improvement Revenues:	2030	\$166,713,650	\$20,180,742	\$10,161,475	50.35%

Excise Taxes - Bonds have been issued to fund citywide capital projects, and are supported by a pledge against the proceeds of the Utilities Services Taxes and the Occupational License Taxes.

Local Government 1/2 Cent Sales Tax - Bonds have been issued to fund the River City Renaissance program and various citywide capital improvements, and are supported by a pledge against the proceeds of the local government half-cent sales tax.

JEA Charter Revenues (Capital Project Bonds) - Bonds have been issued to fund drainage and general capital programs, and are supported by a pledge against the JEA Contribution, which is annually appropriated to the City from available Electric and Water & Sewer revenues.

(Better Jacksonville) Transportation Sales Tax - Bonds have been issued to fund acquisition and construction of road, bridge, drainage and other transportation projects, and are supported by a pledge against the discretionary half-cent Transportation Sales Tax and Gas Tax.

Better Jacksonville (Infrastructure) Sales Tax - Bonds have been issued to fund the acquisition and construction of capital projects constituting part of the Better Jacksonville Plan, and are supported by a pledge against the discretionary half-cent Infrastructure Sales Tax.

Sports Facilities Capital Improvement Revenues - Bonds have been issued to fund renovations to the Municipal Stadium, and are supported by a pledge against the proceeds of Franchise Fees, 15% of the Communications Services Taxes, Sports Facility Sales Tax Rebates, Convention Development Taxes and the Sports Facilities Tourist Development Taxes.

NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

8. LONG-TERM OBLIGATIONS (continued)

F. New Indebtedness Issued:

On July 21, 2014, the City closed on the sale of \$24,225,000 Commercial Paper Notes, Series A, with a coupon at fiscal year end of 0.09% with a maturity date of December 1, 2014. The issuance provided net proceeds of \$23,933,060 after payment of cost of issuance totaling \$291,940.

G. Demand Bonds Issued by the City:

Each series of demand bonds listed below meets the criteria for inclusion as long term debt of the City.

\$154,535,000 Transportation Revenue Bonds, Series 2008A:

Bond Terms - The Series 2008A Transportation Bonds (the Bonds) are uninsured variable rate demand bonds which mature and are remarketed every seven days at a reset interest rate.

Liquidity Agreement Terms - Liquidity for the Bonds is provided by a Standby Bond Purchase Agreement (the Agreement) with JPMorgan Chase Bank (the Bank) dated April 1, 2008 and expiring July 18, 2016.

Terms of Take Out - The Agreement contains a mandatory purchase provision requiring the Bank to purchase the Bonds if the Agreement is not replaced or renewed by the expiration date. If the Bonds were to be purchased by the Bank, then the City would be required to amortize the balance of the Bonds (\$127,360,000 as of the current termination date) over 12 equal quarterly installments beginning 180 days after the date of purchase.

As of September 30, 2014, there were no advances outstanding or bank bonds held under this Agreement.

\$67,285,000 Capital Projects Bonds, Series 2008A:

Bond Terms - The Series 2008A Capital Projects Bonds (the Bonds) are uninsured variable rate demand bonds which mature and are remarketed every seven days at a reset interest rate.

Liquidity Agreement Terms - Liquidity for the Bonds is provided by a Letter of Credit and Reimbursement Agreement (the Agreement) with the Bank of America (the Bank) dated July 1, 2008 and expiring July 15, 2016.

Terms of Take Out - The Agreement contains a mandatory purchase provision requiring the Bank to purchase the Bonds if the Agreement is not replaced or renewed by the expiration date. If either i) the Bonds were to be purchased by the Bank or ii) the Bank extends an advance to the City under the Letter of Credit, then the City would be required to amortize the balance of the Bonds (\$56,095,000 as of the current termination date) over 10 equal semi-annual installments beginning 6 months after the date of purchase or advance.

As of September 30, 2014, there were no advances outstanding or bank bonds held under this Agreement.

NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

8. LONG-TERM OBLIGATIONS (continued)

H. Non-Asset Debt:

The City has issued debt for the benefit of its component units or other public use entities where the asset acquired or constructed will not be owned by the primary government. An expense is recorded by the City instead of a capital asset on the citywide statements, while the debt remains as a liability of the City. The following is a listing of the outstanding debt in the Governmental Activities that was issued for non-asset backed debt (in thousands):

Series 1993	Jacksonville Port Authority	\$	2,551
Series SR 2012C bonds	Shands Jacksonville Medical Center		39,725
Series SR 2012E bonds	Jacksonville Port Authority		34,340

8. LONG-TERM OBLIGATIONS (continued)

I. Defeased Debt:

The City has defeased certain serial bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the City's financial statements.

As of September 30, 2014, the City had legally defeased the following bond maturities (in thousands):

<u>Issue</u>	<u>Refunded by</u>	<u>Principal Balance at September 30, 2014</u>	<u>Investment Balance with Escrow Agent at September 30, 2014 (a)</u>
Sales Tax Revenue Bonds, Series Series 1996 (RCR)	Cash Refunded on October 10, 2002	\$14,535	\$14,884
Special Revenue Bonds, Series 2009C	Special Revenue Refunding Bonds, Series 2013A	\$13,750	\$14,384
Special Revenue Bonds, Series 2010A	Special Revenue Refunding Bonds, Series 2013A	\$10,840	\$11,368
Special Revenue Bonds, Series 2010B	Special Revenue Refunding Bonds, Series 2013C	\$15,410	\$16,169
Special Revenue Bonds, Series 2011B	Special Revenue Refunding Bonds, Series 2013C	\$7,000	\$7,514

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

8. LONG-TERM OBLIGATIONS (continued)

J. Derivative Instrument Payments and Hedged Debt:

The City has entered into two interest rate swaps structured as integrated hedges with the same amortization as the bonds resulting in synthetic fixed rate debt in the Better Jacksonville Plan financing. For purposes of credit, the swaps are secured by a pledge on the City’s transportation sales tax and constitutional gas tax with a lien on parity to the bonds. The counterparty does not have the right to terminate these transactions unless a termination event occurs. The City retains the right to terminate the swap agreements at any time.

The City computed the actual synthetic rate for both swaps for the year ended September 30, 2014 by adding the net swap payments to the variable rate interest paid and dividing by the notional amount and determined that the actual synthetic rate fell within 90 to 111 percent of the swap fixed rate. Using the synthetic instrument method as detailed in GASB 53, the swap is deemed an effective hedging instrument and hedge accounting is applied. As a result the accumulated change in fair value of the hedging instrument is included in governmental activities as a deferred outflow of resources and offsets the fair value of the swap liability.

The swap agreements require the City to post cash collateral when the negative market value of the swap exceeds \$25 million equal to the residual exposure. A lower credit rating will also increase the amount of collateral required. The table below summarizes the key elements of the swaps as of September 30, 2014. The fair values were obtained by the counter-parties’ mark-to-market reports submitted to the City.

	SIFMA Index	67% LIBOR
	Transportation Revenue Refunding Bonds, Series 2008B ⁽¹⁾	Transportation Revenue Refunding Bonds, Series 2008B ⁽¹⁾
Bond Series	Wells Fargo (Aa3)	Wells Fargo (Aa3)
Counterparty (Rating)	July 1, 2003	September 30, 2004
Effective Date	October 1, 2020	October 1, 2027
Maturity Date	\$30,950,000	\$61,000,000
Notional Amount Outstanding	0.058%	0.107%
Variable Rate Received ⁽²⁾	4.010%	3.455%
Fixed Rate Paid	\$911,227	\$591,323
Change in Fair Value - Current Year	(\$3,589,716)	(\$8,425,422)
Underlying Fair Value at Fiscal Year End	(\$1,223,236)	(\$2,042,305)
Net Swap Interest		

(1) On May 14, 2008, the Series 2008B bonds refunded the Series 2003 Transportation Revenue Bonds and Series 2004A Transportation Revenue Bonds. The 2008B bonds were issued as uninsured variable rate demand bonds, which were remarketed every 7 days. On October 23, 2012, the 2008B bonds were converted to a new Index Rate mode bearing interest at the rate of 67% of LIBOR plus an applicable spread. The 2008B bonds will not maintain liquidity support during the Index Rate mode period (initially three years).

(2) Weighted average of rates throughout the fiscal year.

Credit Risk - As of September 30, 2014, the City was not exposed to credit risk (the risk of economic loss due to a counterparty default on the swap agreements) because each swap had a negative fair value. However, should interest rates change and the fair values of the swaps become positive, the City would then be exposed to credit risk in the amount of the swap’s fair value.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

8. LONG-TERM OBLIGATIONS (continued)

J. Derivative Instrument Payments and Hedged Debt (continued)

Basis Risk - Basis risk is the exposure of the issuer to the difference between the floating rate paid on a variable rate bond and the floating rate received from the swap counterparty. This may occur when the floating rate on the bonds is based on a different index than that is used under the swap agreement. This basis mismatch may result in a revenue shortfall when the variable rate payment received from the swap counterparty is less than the variable rate payment due on the bonds.

As of September 30, 2014, the City has two floating-to-fixed rate swaps outstanding. The agreement dated January 23, 2003 (the “2003 Swap”) provides that the City receive a variable rate payment based on the SIFMA index. The agreement dated August 23, 2004 (the “2004 Swap”) provides that the City receive a variable rate payment of 67% of the one month LIBOR rate. On October 1, 2012, the City’s outstanding bonds related to the two swaps were converted to a variable Index Rate mode based on 67% of the one month LIBOR rate plus a spread. Therefore, the City is exposed to basis risk on the 2003 Swap. The City is currently not exposed to basis risk on the 2004 Swap.

Market Risk - As of September 30, 2014, the swaps expose the City to market risk (the risk of loss due to the pricing of the swap under the current economic environment) because each swap currently has a negative fair value. If the swaps were to be terminated under the current economic conditions, the City would be liable to the counterparty for a make-whole payment in the amount equal to the negative fair value.

Using rates as of September 30, 2014 and assuming the rates are unchanged for the remaining term of the bonds, the following table shows the debt service requirements and net swap payments for the City’s hedged variable rate bonds.

Fiscal Year Ending 9/30	Variable-Rate Bonds			Swap Interest Payments			Total Bonds and Swaps
	Principal	Interest	Total	Fixed Pay	Var. Received	Net Pay	
2015	\$ 5,695	\$ 674	\$ 6,369	\$ 3,136	\$ 72	\$ 3,064	\$ 9,433
2016	5,955	632	6,587	2,914	68	2,846	9,433
2017	8,915	589	9,504	2,587	62	2,525	12,029
2018	8,990	525	9,515	2,248	55	2,193	11,708
2019	9,285	460	9,745	1,896	49	1,847	11,592
2020-2024	32,945	1,384	34,329	5,373	159	5,214	39,543
2025-2029	21,320	394	21,714	1,112	34	1,078	22,792
2030-2034	-	-	-	-	-	-	-
	<u>\$93,105</u>	<u>\$4,658</u>	<u>\$97,763</u>	<u>\$19,266</u>	<u>\$499</u>	<u>\$18,767</u>	<u>\$116,530</u>

The above chart is based upon actual rates as of September 30, 2014. The bond and swap rates as of fiscal year end were as follows:

City of Jacksonville \$47,775,000 Transportation Revenue Bonds, Series 2003 (refunded by the Series 2008B bonds):

- The 35-day Index Rate reset was 0.724%
- The BMA rate for swap receipts was 0.041%

City of Jacksonville \$80,275,000 Transportation Revenue Refunding Bonds, Series 2004A (refunded by the Series 2008B bonds):

- The 35-day Index Rate reset was 0.724%
- The 67% of LIBOR rate for swap receipts was 0.104%

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

8. LONG-TERM OBLIGATIONS (continued)

K. Conduit Debt:

The City issued certain conduit debt in the form of industrial development revenue bonds (IDB's) and private activity bonds (PAB's) to provide financial assistance to private-sector entities for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest. Conduit debt refers to certain limited-obligation revenue bonds or similar debt instruments issued by the City for the express purpose of providing capital financing for a specific nongovernmental third party. Although conduit debt bears the name of the City as issuer, it is collateralized by the resources provided by the loan with the third party on whose behalf they are issued. The City acts solely as a conduit issuer with respect to the debt.

Conduit debt is collateralized by the property financed and is payable solely from payments received on the underlying mortgage loans. Upon repayment of the IDB's and PAB's, ownership of the acquired facilities transfers to the private-sector entity on whose behalf the bonds were issued. None of the assets or revenues of the City are pledged to the payment of IDB's or PAB's and under the constitution and laws of Florida, the City may not legally pledge any of its revenues or assets to the payment thereof. Neither the City, the state, nor any political subdivision thereof is obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements.

As of September 30, 2014, the City had \$232,138,649 IDB's and PAB's total principal outstanding. From time to time, certain issues of such conduit debt may be in default or under investigation as to tax-exempt status of interest on such debt, however, this has no effect on the City's financial position.

As of September 30, 2014, the City had a total of \$77,445,000 in conduit debt consisting of Jacksonville Housing Finance Authority (JHOFA), formerly Duval County Housing Finance Authority (DCHFA), Single Family and Multi-Family Bonds outstanding. The amount of Single Family Housing Revenue Bonds outstanding was \$6,565,000. The amount of Multi-Family Housing Bonds outstanding was \$70,890,000. Refunding of previous issues make up \$23,695,000 of the total amount outstanding.

As of September 30, 2014, additional conduit debt includes \$992,105,068 Jacksonville Health Facilities Authority (JHFA) Bonds outstanding.

CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014

9. PENSION PLANS

The City's pension plans adopted GASB Statement No. 67, Financial reporting for Pension Plans – an amendment of GASB Statement No. 25, Financial reporting for Pension Plans required for fiscal periods beginning after June 15, 2013 in fiscal 2014. This Statement modifies financial reporting by state and local government pension plans that present pension trust funds. The City plans to adopt GASB Statement No. 68, Accounting and Financial Reporting for Pension – an amendment of GASB Statement No. 27, required for fiscal periods beginning after June 15, 2014, in fiscal 2015. This Statement modifies accounting and financial reporting by state and local governments for pensions. Accordingly, disclosures required for the City's pension plans are presented in accordance with GASB Statement No. 67, and disclosures required for employers regarding pension plans are presented in accordance with GASB Statement No. 27.

A. Summary of Significant Accounting Policies

- (1) **Basis of Accounting** – The City's pension trust financial statements are prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. Employer contribution benefit payments and refunds are recognized when due and payable in accordance with the terms of each plan. The Florida Constitution and the Division of Retirement requires plan contributions be made annually in amounts determined by an actuarial valuation stated as a percent of covered payroll or in dollars. The Florida Division of Retirement reviews and approves the City's actuarial report to ensure compliance with actuarial standards.
- (2) **Method Used to Value Investments** – Investments are reported at fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. The fair value of real estate investments is based on independent appraisals or estimates of fair value as provided by third party fund managers. Investments that do not have an established market are reported at estimated fair value as provided by third party fund managers. Investments are managed by third party money managers while cash and securities are generally held by the City's independent custodian. The City receives a monthly reconciliation of any material differences in pricing by the custodian and manager.

B. Plan Description

- (1) **Plan Administration** - The City sponsors two public employee retirement systems (PERS) administered by separate pension boards of trustees that provide retirement, death and disability benefits: the City of Jacksonville Retirement System (JRS) and the Police and Fire Pension Plan. The JRS arises out of Chapter 16 of the City Charter, Chapter 120 of Ordinance Code of the City of Jacksonville, and Chapter 112, Part VII, Florida Statutes. The City Council is responsible for establishing or amending the pension plan provisions. The Police and Fire Plan is administered independently by a five-member board. Substantially all employees of the City participate in one of these two plans with less than 1% of City employees participating in the State of Florida Retirement System.

The JRS is a single employer, contributory defined benefit pension plan with a defined contribution alternative. JRS includes both the General Employees Retirement Plan (GERP) and the Corrections Officers Retirement Plan (CORP). Effective October 1, 2009, the City added an employee choice defined contribution alternative to the defined benefit plan for all members of the GERP. The City hired a third party administrator to assist employees with the management of their individual accounts within a number of investment options including model portfolios. All full-time City employees, the employees of JEA, JHA and the employees of TPO are eligible to participate in the GERP upon employment.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

9. PENSION PLANS (continued)

B. Plan Description (continued)

(1) Plan Administration (continued)

All certified corrections officers employed by the City are eligible to participate in the CORP upon employment. There are no separately issued financial statements for the City of Jacksonville Retirement System.

(2) The Jacksonville Retirement System is administered by a nine (9) member Board of Trustees. The Board is comprised of the following officers:

1. The Chief Administrative Officer of the City or designee;
2. The Chief Financial Officer or designee;
3. The Chief Human Resources Officer;
4. The Chairperson of the General Employees' Pension Advisory Committee;
5. The Chairperson of the Corrections Officers' Advisory Committee;
6. A GERP retiree chosen by the Retired Employees' Association;
7. A retired corrections officer chosen from the Corrections Officers' Advisory Committee
8. Two citizens appointed by the City Council with professional experience in finance, investments, economics, pension management, pension administration and/or accounting.

The General Employees' Advisory Committee consists of seven (7) members. Six (6) members are elected from among the active contributing participants of the GERP and one (1) member is a retiree elected by the Retired Employees Association. Committee members are elected in even years for a two (2) year term. The Advisory Committee performs all fact finding duties for retirement benefit applications, recommends approval or denial of benefits and reviews all applications to participate in the GERP to the Board of Trustees.

The Corrections Officers Advisory Committee consists of five (5) members who must be active contributing members of the CORP. Committee members are elected in even years for a two (2) year term. The Advisory Committee performs all fact finding duties for retirement benefit applications, recommends approval or denial of benefits and all applications to participate in the CORP to the Board of Trustees.

The Police and Fire Pension Plan is a single-employer contributory defined benefit pension plan covering all full-time certified police officers and firefighters employed by the City of Jacksonville Sheriff's Office and Fire and Rescue Department, respectively. The separately issued financial statements for the Police and Fire Pension Plan are available from the Police and Fire Pension Fund, located at One West Adams Street, Suite 100, Jacksonville, FL 32202.

**CITY OF JACKSONVILLE, FLORIDA
 NOTES TO FINANCIAL STATEMENTS
 FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

9. PENSION PLANS (continued)

B. Plan Description (continued)

(3) **Plan Membership** – Pension plan membership consisted of the following:

	Jacksonville Retirement System		
	General	Corrections	Police
	Employee	Officers	and Fire
	Pension Plan	Pension Plan	Pension Plan
Membership:	As of 10/1/2013	As of 10/1/2013	As of 10/1/2013
Retirees and beneficiaries currently receiving benefits	4,896	148	2,123
Deferred Retirement Option (DROP) participants	NA	126	542
Terminated employees vested, not yet receiving benefits	78	1	60
Active employment plan members:			
Vested	3,339	328	1,852
Non-vested	1,800	303	298
Total plan membership	10,113	906	4,875

(4) **Plan Benefits Provided** - The GERP is open to employees of the JEA, JHA (Jacksonville Housing Authority), TPO (North Florida Transportation Planning Authority), and City of Jacksonville, other than police officers and firefighters. Appointed officials and permanent employees not in the civil service system may opt to become members of the Retirement System. Elected officials are members of the Florida Retirement System Elected Officer Class. Participation in the Retirement System is mandatory for all full time employees of the City who otherwise meet the requirements for participation. Members of the GERP are eligible to retire with a normal pension benefit upon achieving one of the following:

- (a) Completing thirty (30) years of credited service, regardless of age;
- (b) Attaining age fifty-five (55) with twenty (20) years of credited service; or
- (c) Attaining age sixty-five (65) with five (5) years of credited service.
- (d) There is no mandatory retirement age.

Upon reaching one of the three conditions for retirement described above, a member is entitled to a retirement benefit of two and one-half (2.5) percent of final average compensation, multiplied by the number of years of credited service, up to a maximum benefit of eighty (80) percent of final monthly compensation. A time service retirement benefit is payable bi-weekly to commence upon the first payday coincident with or next payday following the member’s actual retirement and will continue until death.

Each member and survivor is entitled to a cost of living adjustment (“COLA”). The COLA consists of a three (3) percent increase of the retiree’s or survivor’s pension benefits, which compounds annually. The COLA commences in the first full pay period of April occurring at least 4.5 years (and no more than 5.5 years) after retirement. In addition, there is a supplemental benefit. The supplemental benefit is equal to five dollars (\$5) multiplied by the number of years of credited service. This benefit may not exceed one-hundred and fifty dollars (\$150) per month.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

9. PENSION PLANS (continued)

B. Plan Description (continued)

(4) Plan Benefits Provided (continued) -

The Corrections Officers' Retirement Plan is open solely to corrections officer employees of the City. Participation in the Retirement System is mandatory for all full time corrections officers of the City who otherwise meet the requirements for participation. Members of the Corrections Officers' Retirement Plan are eligible to retire with a full pension benefit upon achieving one of the following:

- (e) completing twenty (20) years of service, regardless of age; or
- (f) attaining age sixty-five (65) with five (5) years of service.
- (g) There is no mandatory retirement age.

Upon reaching one of the above described conditions required for a time service retirement. A member's time service retirement benefit is calculated as follows:

- (h) The first twenty (20) years of credited service are multiplied by three (3) percent of final monthly compensation, up to a maximum of sixty (60) percent of final monthly compensation.
- (i) For service time beyond twenty (20) years of credited service, the number of years and months in excess of twenty (20) years is multiplied by two (2) percent of final monthly compensation, up to a maximum of twenty (20) percent of final monthly compensation.

A member's time service retirement benefit may not exceed eighty (80) percent of final monthly compensation. A time service retirement is payable on a bi-weekly basis and will continue until death.

Each member and survivor is entitled to a cost of living adjustment ("COLA"). The COLA consists of a three (3) percent annual increase of the retiree's or survivor's pension benefits, which compounds annually. In addition, there is a supplement. The supplement is equal to five dollars (\$5) multiplied by the number of years of credited service. This benefit may not exceed one-hundred and fifty dollars (\$150) per month.

The Deferred Retirement Option Program ("DROP") is a program in which a member defers receipt of normal retirement benefits while continuing employment with the City. Upon electing to participate in the DROP, a member must submit forms prescribed by the Board including (1) a written election to participate in the DROP; and (2) a selection of DROP participation and retirement dates. If you elect to participate in the DROP, you must terminate your employment with the City of Jacksonville and retire from service no later than the end of the DROP participation period you designate. Upon the effective date of participating in the DROP, a member's years of service and final monthly compensation become frozen for purposes of determining pension benefits. Additional service beyond the date of DROP participation no longer accrues any additional benefits under the Retirement System.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

9. PENSION PLANS (continued)

B. Plan Description (continued)

(5) **Contributions** - The Florida Constitution requires plan contributions be made annually in amounts determined by an actuarial valuation in either dollars or as a percentage of payroll. The Florida Division of Retirement reviews and approves the City’s actuarial report to ensure compliance with actuarial standards and appropriateness for funding purposes.

**PENSION CONTRIBUTIONS
(in thousands)**

	Jacksonville Retirement System		
	General	Corrections	Police
	Employee Pension Plan	Officers Pension Plan	and Fire Pension Plan
Required Employee Contribution Rate	8%	8%	7%
Employee Contributions for Fiscal Year Ended 2014	\$20,961	\$2,253	\$11,584
Required Employer Contribution Rate	28.21%	49.93%	110.85%
Employee Contributions for Fiscal Year Ended 2014	\$70,754	\$12,779	\$150,520
Pension base covered payroll for Fiscal Year 2013	\$265,405	\$27,871	\$134,521

C. Pension Investments

(1) **Investment Policy** - The purpose of the City of Jacksonville Retirement System Board and the Police and Fire Pension Board is to provide long-term benefits to the Plans’ participants and their beneficiaries. It is the Board’s intention that the investment policies be sufficiently specific to be meaningful but adequately flexible to be practical. The investment objective is to preserve the purchasing power of assets and earn a reasonable real rate of return (after inflation) over the long term while minimizing, to the extent reasonable, the short-term volatility of returns. After a thorough review of the expected risk and return of various asset mixes, the Boards of Trustees have established the following target asset allocations for all assets of the City of Jacksonville Retirement System and Police and Fire Pension Fund as indicated in the table below:

Asset Class	Jacksonville	Police & Fire
	Retirement System	Pension Fund
	Target	Target
Domestic equity	35%	35%
International equity	20%	20%
Fixed Income	19%	22%
Real estate	25%	15%
MLPs/Energy		8%
Cash	1%	0%
Total	100%	100%

There were no changes in the investment policy in the current year. There are no individual investments in JRS or PFPF Systems that exceed 5% of plan assets at September 30, 2014.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

9. PENSION PLANS (continued)

C. Pension Investments (continued)

(2) **Rate of Return** – The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested. For the year ended September 30, 2014 the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 11.52% for the Jacksonville Retirement System and 10.73% for the Police and Fire Pension Fund.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (net of investments expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plans’ target asset allocations as of October 1, 2013 are summarized below:

Asset Class	Jacksonville	Police & Fire
	Retirement System	Pension Fund
	Long-Term Expected	Long-Term Expected
	Real Rate of Return	Real Rate of Return
Domestic equity	6.45%	5.40%
International equity	6.95%	5.50%
Fixed Income	1.65%	1.30%
Real estate	4.25%	4.50%
MLPs/Energy		5.50%
Cash	0.85%	1.40%

D. City of Jacksonville Retirement System: Financial Information

(1) **The Statement of Fiduciary Net Position** – Jacksonville Retirement System – for the year ended September 30, 2014 is as follows (in thousands):

<u>ASSETS</u>	
Equity in cash and investments.....	\$ 30,547
Receivables	6,042
Investments, at fair value	1,985,157
Capital assets, net of depreciation.....	9
Securities Lending Collateral.....	74,569
TOTAL ASSETS.....	2,096,324
<u>LIABILITIES</u>	
Obligations Under Securities Lending Agreement.....	74,572
Accounts payable and accrued liabilities.....	1,990
Accrued Compensated Absences.....	21
TOTAL LIABILITIES.....	76,583
NET POSITION HELD IN TRUST FOR	
PENSION BENEFITS.....	\$ 2,019,741

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

9. PENSION PLANS (continued)

D. City of Jacksonville Retirement System: Financial Information (continued)

(2) **The Statement of Changes in Fiduciary Net Position** – Jacksonville Retirement System for the year ended September 30, 2014 is as follows (in thousands):

<u>ADDITIONS</u>	
Contributions:	
Employer.....	\$ 84,371
Plan Member.....	24,109
Total contributions.....	<u>\$ 108,480</u>
Other additions.....	337
Investment income.....	210,721
Securities Lending.....	409
TOTAL ADDITIONS.....	<u>319,947</u>
 <u>DEDUCTIONS</u>	
Benefits payments.....	158,250
Refunds of contributions.....	27,904
Administrative expenses.....	893
TOTAL DEDUCTIONS.....	<u>187,047</u>
Net change in net position.....	132,900
 NET POSITION, BEGINNING OF YEAR, AS RESTATED.....	
	<u>1,886,841</u>
 NET POSITION, END OF YEAR.....	<u><u>\$ 2,019,741</u></u>

The above summarized information excludes the defined contribution plan which is addressed in section H. of this note.

(3) **DROP Benefits** - The deferred monthly retirement benefits accrue in the Corrections Officers’ Pension Plan on behalf of the member, plus interest compounded monthly, for the time of DROP participation. The interest paid on the DROP balance accrues at the same rate as the investment portfolio held by the Retirement System. In addition, the Corrections Officers Pension Plan will deduct two (2) percent deduction from base pay and service raise of DROP participants as their member contributions instead of the normal eight (8) percent deduction. Upon termination of employment, the member will receive the total DROP benefits and begin to receive the previously determined normal retirement benefits. The money that accumulates during DROP participation may be distributed in four different manners: (1) the DROP account may be distributed by lump sum, in which all accrued DROP benefits are paid directly to the DROP participant; (2) the DROP benefits may be distributed by direct rollover, in which all DROP benefits are paid to the custodian of an eligible retirement plan as defined in Section 402(c)(8)(B) of the Internal Revenue Code; (3) the DROP benefits may be distributed in a partial lump sum, in which only a portion of the accrued DROP benefits are distributed, with the remaining amount rolled over to a qualified plan; (4) or by monthly distribution paid in bi-weekly amounts, but not to exceed 90 days following actual retirement . The balance of the DROP benefits held in trust for the DROP Participants totaled \$14,849,657 as of September 30, 2014.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

9. PENSION PLANS (continued)

E. City of Jacksonville Retirement System: Net Pension Liability

(1) **Net Pension Liability:** The components of the net pension liability of the City as of September 30, 2014 were as follows:

	Net Pension Liability		
	Jacksonville Retirement System		
	General Employee Pension Plan	Corrections Officers Pension Plan	Police and Fire Pension Plan
Net Pension Liability (in millions):			
Total pension liability	\$ 2,525	\$ 291	\$ 2,876
Plan fiduciary net position	<u>\$ 1,848</u>	<u>\$ 163</u>	<u>\$ 1,473</u>
Net pension liability	\$ 677	\$ 128	\$ 1,403
Net position as a % of total pension liability	73.19%	55.98%	51.22%

Actuarial Methods and Assumptions:

Date of last actuarial valuation	October 1, 2013	October 1, 2013	October 1, 2013
Experience period	Oct 2007 - Sep 2012	Oct 2007 - Sep 2012	Oct 2006 - Sep 2011
Inflation	3.0%	3.0%	2.5%
Salary increases (Long-Term Payroll Inflation)	3.0%	3.0%	4.0%
Investment Rate of Return	7.75%	7.75%	7.00%
Discount Rate	7.75%	7.75%	7.00%
Mortality Tables in use	RP-2000	RP-2000	RP-2000

(2) **Discount Rate:** The projection of cash flows used to determine the discount rate assumed plan member contributions are made at their applicable contribution rates and that the employer’s contributions will be made at rates equal to the actuarially determined contribution rates. Based on these assumptions the Plans’ fiduciary net positions are projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on the Plans’ investments was applied to all periods of projected benefit payments to determine the total pension liability. Cash flow projections were run for a 120-year period.

(3) **Sensitivity of the net pension liability to changes in the discount rate:** The following presents the net pension liabilities of the Plans, calculated using the discount rate and what the Plans’ net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate.

	Net Pension Liability					
	<i>(in millions)</i>					
	Discount Rate	General Employee pension plan	Discount Rate	Corrections Officers pension plan	Discount Rate	Police and Fire pension Plan
1% Decrease	6.75%	961	6.75%	168	6.00%	1,870
Current Rate	7.75%	677	7.75%	128	7.00%	1,403
1% Increase	8.75%	437	8.75%	96	8.00%	1,021

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

9. PENSION PLANS (continued)

F. Trend Information and Plan Overviews:

(1) Trend information gives an indication of whether the actuarial value of plan assets is increasing or decreasing, including the funding progress, over time in relation to the actuarial accrued liability for benefits. Historical trend information for all three plans, on a year-by-year basis, is included in the accompanying Required Supplemental Information. The annual pension costs for the fiscal year ended September 30, 2014 were \$96.5 and \$149.1 million for JRS and PFPF respectively. Trend information for each of the City's three plans is as follows:

**EMPLOYER CONTRIBUTIONS
(in thousands)**

Year-end Date	Annual Pension Cost	Percentage Contributed *	Net Pension Obligation (Asset)
General Employees Pension Plan			
9/30/2012	57,471	87%	5,198
9/30/2013	66,730	83%	16,536
9/30/2014	81,567	87%	27,103
Corrections Officers Pension Plan			
9/30/2012	11,847	76%	1,706
9/30/2013	12,910	83%	3,872
9/30/2014	14,939	91%	18,797
Police and Fire Pension Plan			
9/30/2012	90,278	100%	-
9/30/2013	122,020	100%	-
9/30/2014	149,159	100%	-

* The Florida Constitution requires plan contributions be made annually in amounts determined by an actuarial valuation stated as a percent of covered payroll. For Fiscal Years 2012, 2013 and 2014 the City made 100% of the required contribution as a percentage of actual payroll for both General Employees and Corrections Officers Pension Plans.

**FUNDING PROGRESS
(in thousands)**

Valuation Date	Actuarial Value of Assets	Actuarial Accrued Liability	Unfunded Actuarial Accrued Liability	Funded Ratio	Annual Covered Payroll	Unfunded Actuarial Liability as % of Covered Payroll

Contributions made	(71,000)	(13,522)
Increase in net pension obligation (asset)	10,567	1,417
Net pension obligation (asset) beginning of year	16,536	3,872
Net pension obligation end of year	27,103	5,289

Note: Police & Fire Pension Plan did not have a net pension obligation or asset as of fiscal year end.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

9. PENSION PLANS (continued)

G. Police and Fire Pension Plan

- (1) Net Position available for benefits are designated pursuant to an agreement between the Police and Fire Pension Plan Board of Trustees and the City effective April 1, 2000, and codified at section 121.306, Jacksonville City Code, include two actuarially computed components, the City Budget Stabilization Account (CBSA) and the Enhanced Benefit Account (EBA). The CBSA, which has a balance of \$45.9 million as of September 30, 2014, was established for the purpose of cushioning actuarial losses in the base benefits fund and giving the City greater flexibility in its funding of the Plan. The EBA, which has a balance of \$33.2 million as of September 30, 2014, was established to hold any remaining State premium tax refunds not assigned to offset City contribution requirements. The base benefits fund consists of the remaining assets pledged to provide fund benefits.
- (2) During the fiscal year, the Plan received a remittance from the State of Florida in the amount of \$10.1 million pursuant to Chapters 175 and 185, Florida Statutes. Such remittances, which are reported as State insurance contributions in the Statement of Changes in Fiduciary Net Position, are generally earmarked for the purpose of offsetting City contribution requirements and providing for enhanced benefits to public safety pension plans throughout the State of Florida. The remittances received by the Plan are governed by State law, City Code and the Restated Agreement between the Plan and the City.

H. Defined Contribution Plan

The City has, by ordinance a Defined Contribution (DC) plan within the Jacksonville Retirement System for GEPP participants as an employee choice alternative to the DB plans. Both employer and employee contributions to the DC plan stated as a percentage of pay were 7.7% and totaled \$1.8 and \$1.8 million for the 2013-14 fiscal year. Employer contributions totaling \$4.1 million were transferred in to the DC plan for participants that converted to DC from DB. Employees vest in the employer contributions to the plan at 25% after two years, and 25% per year thereafter until fully vested after five years of service. Employees can electively change from the DC plan to the DB plan, or vice versa, up to three times within their first five years of participation. Net transfers from participants to the DC plan from the DB plan totaled \$4 million.

CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014

9. PENSION PLANS (continued)

I. Florida Retirement System

- (1) Plan Description - The City also participates in the Florida Retirement System (FRS), a multiple-employer cost-sharing retirement system which covers less than 1% of the City's full-time employees. FRS is a defined-benefit contributory retirement plan, administered by the State of Florida, Division of Retirement. The City payroll for employees covered by FRS was \$2.8 million during the fiscal year; the City's total payroll for all employees was \$423.1 million.

The System provides vesting of benefits after six years of creditable service. Members are eligible for normal retirement after they have met one of the following; (1) after 30 years of service regardless of age; (2) six years of service and age 62; or (3) 25 years special risk service (age 55 if not continuous). Early retirement may be taken any time after completing six years of service; however, there is a 5% benefit reduction for each year prior to normal retirement. Benefits are computed on the basis of age, average final compensation and service credit. Average final compensation is the average of the five highest years of earnings. The System also provides death and disability benefits. Benefits are established by state statutes.

- (2) A. Employer Contributions – For the fiscal years ended September 30, 2014, 2013, and 2012, the City contributed \$735,000, \$411,000, and \$321,000 respectively, to the System for covered employees. For the Fiscal year ended September 30, 2014, the contributions represented less than 1% of the System's total contributions required by all participating employers of 3.0 billion (unaudited). Contributions in fiscal years 2013 and 2012 were also less than 1% of the total contributions required by all participating employers, which amount to approximately \$2.4 and \$2.3 billion per year (unaudited).

B. Employee Contributions: Effective July 1, 2011 the Senate Bill 2100 – Pension Reform was passed, requiring a 3% Employee Contribution for all Plans except DROP. Total employee contributions from October, 1, 2013 to September 30, 2014 were \$67,653.

The City has contributed 100% of the annual required contribution for each of the last three years.

The funding methods and the determination of benefits payable are provided in various Acts of the State Legislature. These Acts require that employers make actuarially determined contributions at the rates in effect at September 30, 2014, of 7.37% for regular members, 19.82% for special risk members, 43.24% for elected county officials, 21.14% for senior management, and 12.28% for DROP Plan members.

- (3) Trend Information - Ten-year historical trend information showing the System's progress in accumulating sufficient assets to pay benefits when due is presented in the System's June 30, 2014 annual financial report. The report may be obtained from the State of Florida, Department of Management Services, Division of Retirement P.O. Box 9000, Tallahassee, Florida 32315-9000.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

10. POST EMPLOYMENT BENEFITS OTHER THAN PENSION (OPEB)

Plan Description: The City provides retirees with the option to purchase health insurance from the City's single employer, experience-rated health insurance contract plan (Plan) that provides medical benefits to active and eligible retirees at the City's group rate as mandated by Florida Statute 112.0801 and therefore has an implicit rate subsidy benefit for the retirees' participation. As of the valuation date, the Plan had approximately 6,993 active participants and 1,213 retirees receiving benefits. The Plan does not issue a separate publicly available financial report.

Funding Policy: To date, the City has followed a pay-as-you-go funding policy, contributing only those amounts necessary to provide for its portion of current year benefit costs and expenses plus any addition to the reserve for accrued costs incurred but not yet reported, as determined as part of the insurance contract. The contribution requirements of Plan members are established by the City. The City pays any remaining required amounts after contributions of plan members are taken into account. Currently, retired members pay the full premium associated with the coverage elected; no direct City subsidy is currently applicable; however, there is an implicit cost discussed below. Spouses and other dependents are also eligible for coverage, and the member is responsible for payment of the applicable premiums. Plan members contributed \$4.7 million in premiums for fiscal year 2014, representing 35.3% of the total fiscal year 2014 OPEB cost.

State of Florida law prohibits the City from separately rating retirees and active employees. The City therefore assigns to both groups equal, blended-rate premiums. Although both groups are assigned the same blended-rate premiums, GAAP requires the actuarial liabilities to be calculated using age-adjusted premiums approximating claim costs for retirees separate from active members. The use of age-adjusted premiums results in the full expected retiree obligation recognized in this disclosure.

Annual OPEB Cost and Net OPEB obligation: The City's annual other post-employment benefit cost (expense) is calculated based on the annual required contribution of the employer (ARC).

The City has elected to calculate the ARC and related information using the Entry Age Normal Salary Based Cost Method. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs each year and to amortize any unfunded actuarial liability (or funding excess) over a period not to exceed 30 years on an open basis. It is calculated assuming a level percentage of projected payroll. Annual requirements include a 3% general inflation rate assumption, a 4.5% discount rate, compounded annually, based on assumptions that the plan will be unfunded. The annual health care cost trend rate was assumed at 7% at September 30, 2014 grading down by 0.5% each year until an ultimate health care cost trend rate is reached in 2018 of 5.0%. The projected salary increase assumption is 4% per year.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

10. POST EMPLOYMENT BENEFITS OTHER THAN PENSION (OPEB) (continued)

The actuarial accrued liability (AAL) was determined as of September 30, 2014, based on the above assumptions and cost method, and applied to member data current at September 30, 2014. Liabilities were developed based on age adjusted costs for retirees currently receiving Plan benefits as of September 30, 2014, with an AAL calculated to be \$131 million, which is unfunded (or 0% funded). The annual covered payroll is \$340 million, resulting in an unfunded AAL of 38.5%. The actuarial calculations reflect a long-term perspective using methods and assumptions that are designed to reduce short-term volatility in AAL and actuarial value of assets. The Plan provisions affecting the valuation were those in effect on September 30, 2014. The calculations are based on the benefits provided under the terms of the substantive plan in effect at the time of each valuation and on the pattern of sharing of costs between the employer and plan members to that point.

OPEB Government Accounting Standards Board (GASB) 45 results are not based on the assumption that all members terminate service as of the valuation date, but rather on the assumption that the various forces of decrement-future disablement, future mortality, future termination of employment, and future retirement-continue to be operative.

Plan Obligation: (in thousands)	2014
Annual Required City Contribution (ARC)	\$ 12,982
Interest on Plan Obligation	1,954
Adjustment to ARC	(1,658)
Annual Plan Retiree Cost	\$ 13,278
Contributions Made	(4,691)
Change in Plan Obligation	8,587
Plan Obligation Beginning of Year	43,429
Plan Obligation End of Year	<u>\$ 52,016</u>

At fiscal year-end 2014, the City accrued \$50 million in the Governmental Activities Statement of Net Position, \$1.8 million in the Business-Type Activities Statement of Net Position, \$15,000 in the Jacksonville Housing Finance Authority (JHFA), discretely presented component unit.

The City’s annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for 2014 and the preceding years are as follows: (in thousands)

Fiscal Year Ended	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
9/30/2012	10,856	44.9%	34,266
9/30/2013	13,238	30.8%	43,429
9/30/2014	13,278	35.3%	52,016

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

10. POST EMPLOYMENT BENEFITS OTHER THAN PENSION (OPEB) (continued)

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information (RSI) following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

11. DEFERRED COMPENSATION PROGRAM

The City offers its employees a deferred compensation program created in accordance with Internal Revenue Code (IRC) Section 457 and Chapter 112.215, Florida Statutes. During the year ended September 30, 1999, the City complied with the requirements of subsection (g) of IRC Section 457 and, accordingly, all assets and income of the plan are held in trust for the exclusive benefit of the participants and their beneficiaries. Pursuant to the provisions of GASB Statement No. 32, Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans, the financial statements do not display deferred compensation balances in an Agency Fund.

12. RISK FINANCING

The City is exposed to various risks of loss related to torts, theft, damage to and destruction of assets, errors and omission; injuries to employees and natural disasters. The Risk Management Division (“Division”) administers the public liability (general liability and automobile liability) and workers’ compensation self-insurance program (“Program”) covering the activities of the City general government, JEA, Jacksonville Housing Authority, Jacksonville Port Authority, and the Jacksonville Aviation Authority.

The Program’s self-insurance fund provides coverage for the workers’ compensation and tort liability of the city, its officers, employees, or agents. It is established pursuant to Jacksonville City Ordinance, Chapter 128. The Program is a combination of self-insurance, coupled with a layer of excess coverage to mitigate aberrant and substantial unexpected losses.

While the City self-insures for automobile liability and automobile first party property damage, general liability and workers’ compensation; it transfers its risk through the purchase of insurance for its other exposures. As a result of various contractual requirements, the City procures several miscellaneous general liability policies. The following schedule indicates the major categories of policies purchased to transfer risk. The City also purchases Watercraft (P&I)/Hull, Wharfinger Liability, Fine Arts, Out of State Automobile Liability, and General Liability (Rails to Trail, Power Lines Easement, Riverwalk, and Voting Precincts) to transfer risk. The following policies are subject to sublimits, policy aggregates (where applicable) terms, conditions and exclusions as noted in the policies. Coverages are applicable to specific entities named as a named insured.

Out of State Automobile Liability	\$ 1,000,000	-
Rails to Trail General Liability	\$ 3,000,000	\$ 1,000
Power Lines Easement General Liability	\$ 2,000,000	\$ 500
Riverwalk General Liability	\$ 5,000,000	\$ 5,000
Voting Precincts General Liability	\$ 1,000,000	\$ 500

(1) Starr Insurance Company discontinued their Florida Municipal Package and issued non-renewal notices to all insureds. Starr Municipal Package included General Liability, Police Professional and Worker's Compensation Coverage. Effective 10/1/2013, the City afforded coverage through Lloyd's of London Brit program. The Casualty Package includes, but is not limited to, General Liability, Law Enforcement Liability, Public Officials/Employment Liability, Automobile and a Workers' Compensation Buffer Layer. N.Y. Marine and General Liability is providing Excess Worker's Compensation Coverage which includes a retention of \$1.5 million with a \$500,000 Otherwise Recoverable/Corridor Deductible excess of \$1.5 million per occurrence.

(2) The property policy deductible for named windstorm losses is equal to 5% of total values of the locations involved in the occurrence, Named Storm (applying once to each combined Wind and Flood loss from the same Named Storm) subject to a minimum deductible of \$500,000 and maximum of \$25 million per occurrence, inclusive of the maximum deductible apply to Duval County Unified Courthouse \$5 million, Jacksonville Municipal Stadium \$5 million, Times Union Center for the Performing Arts \$3.5 million, Main Library \$3.5 million, Jacksonville Veterans Memorial Arena \$2.5 million and Ed Ball Building \$2.5 million. The affected locations individual maximum deductibles are inclusive of the \$25 million Named Storm deductible. The policy also has \$25,000 deductibles that apply to Jacksonville Port Authority Equipment Floater, Fine Arts (Excess over other collected insurance) and Property in Transit and Electronic Data Program Equipment and Media. The policy includes Service Interruption coverage with a 24 hours waiting period.

(3) Crime coverage affords a \$5 million Employee Theft/ Faithful Performance except \$3 million each for Forgery or Alteration, Inside the Premises (Theft of Money and Securities), Inside Premises (Robbery or Safe Burglary of Other Property), Outside the Premises, Computer Fraud, Funds Transfer Fraud and Money Orders and Counterfeit Money. Employee Theft Deductibles (as applicable) is \$75,000 except all other with a \$25,000 deductible applicable a per loss or occurrence basis.

(4) Aircraft physical damage deductibles are for aircrafts not in motion or in motion: (1) \$1,000 is for rotor wings not in motion and \$250 fixed wings; 5% of hull not to exceed \$25,000 value for rotor wings in motion and \$1,000 fixed wings (varies per schedule). Watercraft physical damage deductibles are in the range of \$100 to \$55,000. These deductibles are based upon the vessel value.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

12. RISK FINANCING (continued)

The Division performs the following functions internally: loss prevention, workers' compensation claims, general liability and automobile liability claims, purchase of insurance for its other exposures, and related management activities.

Annually, as of September 30, the Program has a third party actuary review of the claim history for all open claim years. The actuary projects the ultimate claim payment obligation (including the incurred but not reported claims and claim development) for each year's claim experience and the probable loss fund cost for the New Year. The City's Self-Insurance Program liability is established at the expected confidence level on a 3% discounted basis in the amount of \$95,168,000 for General and Automobile Liability, and Workers' Compensation. Actuarial ULAE projections of \$7,715,000 on a 3% discounted basis at the expected confidence level of 55% are not included.

The probable loss fund estimate is used to budget the self-insurance fund for general liability, automobile liability, and workers' compensation. As an internal service fund, charges are billed to the various funds and component units of the City. If an adjustment is necessary to increase the reported fund liability to reflect the actuary's estimated ultimate claim payment, then the self-insurance fund will either draw upon its accumulated net assets and/or initiate a year-end billing to the city itself and component units of the City. Projected ultimate claims payment experience is as of the end of each fiscal year, even though some payments may not be made until a later date.

The City maintains separate fiscal year accounting, which allows any excess revenues available to be returned to the City itself, and component units and the accumulation of an operating reserve authorized by the City of Jacksonville Ordinance Code Section 106.106. As of September 30, 2014, the City has available excess revenues in the Self-Insurance fund of \$3,222 (in thousands) and an operating reserve in the amount of \$305 (in thousands) for a combined net position of \$3,527 (in thousands).

13. OTHER REQUIRED INDIVIDUAL FUND AND COMPLIANCE DISCLOSURES

A. Compliance with Finance Related Legal and Contractual Provisions:

In the opinion of management, the City has no violations of finance related legal and contractual provisions.

B. Fund Deficits:

The following individual funds had a fund deficit at September 30, 2014, (in thousands):

	<u>Net Position</u>
Capital Project Funds	
Better Jacksonville Plan	(\$14,048)

The Better Jacksonville Plan has experienced a shortfall of dedicated Sales Tax Revenue collections due to the economic downturn and subsequent slow recovery. Expenditures exceeded anticipated revenues in the short term. The deficit is expected to be eliminated through improving Sales Tax collections in the near future.

Enterprise Funds	
Veterans Memorial Arena	(\$1,837)

The Veterans Memorial Arena fund incurred expenditures in excess of revenues during the fiscal year that will be funded by future operations and additional debt service transfers for Arena asset financing.

(The remainder of this page is intentionally left blank.)

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

13. OTHER REQUIRED INDIVIDUAL FUND AND COMPLIANCE DISCLOSURES

C. Landfill Closure and Postclosure Care Costs:

The State of Florida's Solid Waste Management Act of 1988 and regulations of the U.S. Environmental Protection Agency (EPA) and the State of Florida Department of Environmental Protection (FDEP) require the City to be responsible for constructing and maintaining the final landfill cover, monitoring ground water and methane gas, and continuing leachate management 30 years after its municipally owned landfills stop accepting solid waste and are closed. The estimated total costs of municipal solid waste landfill (MSWLF) closure and post closure (long-term) care costs reported by the City are based upon professional consulting engineers' studies prepared annually pursuant to rules promulgated by EPA and FDEP. However, existing EPA and FDEP closure and long-term regulations may change which might require the City to revise its MSWLF cost estimates used in the future.

MSWLF costs, for open landfills, are recognized in accordance with GASB Statement No. 18, Accounting for Municipal Solid Waste Landfill Closure and Post Closure Care Costs. A liability of the Solid Waste Disposal Enterprise Fund is recorded based upon landfill capacity used at fiscal year-end and a current operating expense of the Fund in the fiscal year in which the MSWLF costs are recovered through earned, operating revenue. Expenses for closure and long-term care costs are funded from future operating revenues of the Solid Waste Disposal fund and bond proceeds. As noted in Note 1. P, the application of SFAS No. 71 resulted in certain costs being capitalized and amortized to later periods. The City obtained bond proceeds to support closure and long-term care cost for North and East landfills and Picketville Waste Site. At September 30, 2014 the deferred balance of the capitalized cost is \$6.1 million, which during the year the City amortized \$2.5 million.

Active Landfill – Trail Ridge

The closure and long-term liability for Trail Ridge as of September 30, 2014 is \$43.5 million which represents a decrease of \$12.4 million compared to the preceding year. This decrease resulted from adjustments for inflation and current annual closure and long-term care cost estimates. The percentage of landfill capacity used is estimated to be 80%, with an estimated remaining life of 30 years.

Inactive Landfills – North and East

North and East landfills closed October 1999 and April 1992, respectively. The long-term liability for North and East as of September 30, 2014 is \$3.8 million for 4 years and \$408 thousand for 1 year, respectively. When compared to the preceding year, the liability balances decreased \$1.3 million in aggregate, due to adjustments for current annual closure cost estimates and costs paid for performing and monitoring closure work.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

**13. OTHER REQUIRED INDIVIDUAL FUND AND COMPLIANCE DISCLOSURES
C. Landfill Closure and Long-term Care Costs: (continued)**

Annually, the City is required by Chapter 62-701.630 of the Florida Administrative Code, to accumulate resources for payment of closure and long-term care cost. The City is in compliance with these requirements. As of September 30, 2014 \$25,805,159, which includes \$1,010,243 for accelerated payments, have been accumulated for payment of closure and long-term care cost (see summary below). Accelerated payments are payments in excess of the required financial assurance balances that are held in reserves for contingencies and are used to offset future operational cost.

	<u>Trail Ridge</u>	<u>North</u>	<u>East</u>	<u>Total</u>
Current cost of closure	\$ 23,430,770	\$ -	\$ -	\$ 23,430,770
Annual cost of long-term care	-	955,681	408,465	1,364,146
Accelerate funds above state minimum	<u>1,010,243</u>	<u>-</u>	<u>-</u>	<u>1,010,243</u>
Total balance in escrow account	<u><u>24,441,013</u></u>	<u><u>\$ 955,681</u></u>	<u><u>408,465</u></u>	<u><u>25,805,159</u></u>

14. LESSOR OPERATING LEASE

A. Jacksonville Jaguars, Inc. - The City has entered into a lease dated September 7, 1993, pursuant to which the City leases EverBank Field, a City owned stadium, and adjacent practice facilities to the Jacksonville Jaguars, Inc. (Jaguars) for a period of 30 years from the first National Football League (NFL) regular season play in 1995; Amendment 5, executed September 6, 2002, extends the lease an additional five years. The City uses the Everbank Field enterprise fund to record the stadium, practice facilities, other related capital assets, and all the related revenues and expenses from use of the stadium and practice facilities under this lease agreement.

The lease entitles the Jaguars to use the stadium on game days, for practices and summer training camp, and for the period necessary before game days. During other periods of time, the City has the right to use the stadium, except for certain administrative spaces, training facilities, suites, and other areas that are for the exclusive use of the Jaguars.

For the first five years, rent is deferred in the amount of \$250,000 per year; in years 6-10 rent is \$500,000 per year; in years 11-20 \$1,000,000; and in the final 15 years \$1.25 million, including the lease extension. Amendment 8, executed January 2006, reduced the total Jaguars rent obligations by \$8,600,000, which was provided through rental reductions in the amount of \$1,433,333 for six payments beginning with the November 2005 payment through the June 2008 payment.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

**14. LESSOR OPERATING LEASE (continued)
A. Jacksonville Jaguars, Inc. (continued)**

Amendment 8 also reduces supplemental lease obligations, with the City's acceptance of payment from the Jaguars in the amount of \$10,197,891 for the full satisfaction of amounts due for Super Bowl net revenues. Rents from years 11 through the end of the lease are subject to escalation based on one-half of any increase in the Consumer Price Index, but not to exceed 2.5% per year.

In addition, the Jaguars are obligated to pay supplemental rent in an amount equal to the annual debt service incurred by the City for certain costs of renovation of \$53.1 million requested by the Jaguars over a 30 year period with interest computed on a tax-exempt basis; inclusive of Amendment 7 executed May 27, 2004.

The lease generally permits the City to retain revenues from City events at the stadium, with some exceptions. Amendment 8 outlines provisions for advertising revenue generated from electronic signage for different stadium functions. The City is required to provide electricity, water and sewer services for the stadium at its expense. The City must maintain the stadium and all leasehold improvements. Per Amendment 8, the City agreed to provide \$1,000,000 for additional electronic signs. The City is required to pay for game day personnel, excluding concessions, on the days of Jaguar games. Amendment 8 gives the Jaguars the responsibility to provide concessions to all events within the concessions area. The Jaguars retain all net revenues from concessions and similar sales on NFL game days. The lease obligates the Jaguars to maintain its franchise at the stadium in Jacksonville and to not relocate unless it pays the City certain guaranteed amounts.

Amendment 9 outlines a revenue sharing agreement for the stadium naming rights and provides the parameters for the marketing of the stadium name. Also, Amendment 9 details additional advertising rights and allows for certain fixed signage at the stadium. However, the subsequent naming rights agreement with EverBank eliminated the City participation in revenue generated from the stadium naming rights.

Amendment 10 outlines the accepted procedures for the use of the City established Sports Complex Capital Maintenance Fund. The agreement allows the Jaguars to advance fund certain capital, repair and maintenance projects at the stadium and receive reimbursement from the City. Amendment 10 also establishes the procedures for the creation of the related capital improvement plan.

Amendment 12 outlines provisions of various improvements to the stadium, including new video boards, renovations and improvements to the North End Zone (NEZ), and stadium Wi-Fi improvements. Total project improvements cost over \$60 million, with the City financing approximately \$44 million.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

**14. LESSOR OPERATING LEASE (continued)
A. Jacksonville Jaguars, Inc. (continued)**

A summary of scheduled lease payments is as follows:

<u>Year</u>	<u>Payment</u>
2015	3,960,040
2016	4,768,677
2017	4,749,626
2018	4,734,719
2019	4,718,763
2020 - 2024	20,242,264
2025 - 2029	31,100,431
2030	3,074,554

The Jaguars Operating Lease is subject to the rental provisions of GASB #13 – Accounting for Operating Leases with Scheduled Rent Increases.

The Base Rental associated with the startup of operations and the initial capital costs for transforming the stadium to an NFL stadium has deferred rents for the first five years and then scheduled rent increases throughout the term of the lease, Amendment #8 in FY2005 providing rental credits of \$2,866,666 in FY2006, FY2007, and FY2008, which reduced the rental payment in each of those years. Paragraph 6 of GASB #13 states that “Sometimes an operating lease with scheduled rent increases contains payment requirements in a particular year or years that are artificially low when viewed in the context of earlier or later payment requirements.” This occurred with the base rental of the Jaguars contract. Paragraph 6 guidance states that the operating lease transactions should be measured utilizing one of two measures, with Paragraph 6a being “The operating lease transactions may be measured on a straight-line basis over the lease term.” The City has recorded a deferred rent receivable of \$10,860,721 due to the application of GASB #13 based on the difference in the actual rent paid and the calculated straight line rent.

In analyzing the lease, there are two conditions that could affect the collection of the deferred rent receivables. The lease has been modified twelve times since the original agreement, providing for rent reduction as noted in amendment #8. Based on this history of amending the lease, there is uncertainty and a potential for other rental reductions or deferments which could put the collection of the deferred rent receivables at risk. Additionally, the lease has several paragraphs concerning early termination of the contract and provides the City of Jacksonville reasonable liquidated damages in the circumstance of the Jaguars leaving the City. This termination provision, in effect, makes the rental collection subject to a year by year basis. The City has an offsetting allowance for the entire \$10,860,721 deferred rent receivables. As payments are made, the deferred receivables and allowance are adjusted accordingly.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

14. LESSOR OPERATING LEASE (continued)

B. Shands Jacksonville

Under an agreement with a not-for-profit corporation, Shands Jacksonville, also known as University of Florida Health (UFHealth), the City leases to Shands certain capital assets, principally land and buildings, over a term to September 30, 2027 with an option to renew for an additional forty years to 2067 at \$1 per year. In addition, Shands is to be a full service hospital in support of the indigent care programs of the City of Jacksonville and Duval County under the agreement. Shands is to maintain, in good condition, and make improvements and betterments to the Hospital as necessary over the life of the lease. At termination of the lease, all leased property shall revert to the City as a general government asset.

15. LITIGATION, CONTINGENCIES, AND COMMITMENTS

A. Litigation:

The City is named as party in legal proceedings which occur in the normal course of government operations. Such litigation includes, but is not limited to, claims asserted against the City arising from alleged torts, including claims under the public liability in the Self Insurance Fund, alleged breaches of contract, condemnation proceedings and other alleged violations of state or federal laws.

The City self-insures itself through general liability and workers compensation programs for most claims asserted against the City. For all amounts that are probable of loss the City records an estimated liability in the Self Insurance internal service fund. For amounts where it is not possible at the present time to estimate the ultimate outcome or liability, if any, to the City for the proceedings no accrual is recorded. It is the City's opinion that the ultimate liability in these litigation matters, if any, that have not been accrued, is not expected to have a material adverse effect on the City's financial position.

B. Grants and Contracts:

The City participates in various federal and state assisted grant programs that are subject to review and audit by the grantor agencies. Entitlement to these resources is generally conditional upon compliance with the terms and conditions of grant agreements and applicable federal and state regulations, including the expenditure of resources for allowable purposes. Any disallowance resulting from a federal or state audit may become a liability of the City. All City agencies and departments are required to comply with various federal regulations issued by the U.S. Office of Management and Budget if such agency or department is a recipient of a federal grant, contract or their sponsored agreement. Certain agencies and departments may not be in total compliance with these regulations. Failure to comply may result in questions concerning eligibility of related direct and indirect charges pursuant to such agreements. It is believed that the ultimate disallowance pertaining to these regulations, if any, will be immaterial to the overall financial condition of the City.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

15. LITIGATION, CONTINGENCIES, AND COMMITMENTS (continued)

C. Self-Insurance:

Through the City's Risk Management Division, the City maintains an insurance and self-insurance program (See Note 12). The Division administers the public liability (general liability and automobile liability) and workers' compensation self-insurance program covering the activities of the city general government, JEA, Jacksonville Housing Authority, Jacksonville Port Authority, and Jacksonville Aviation Authority under the City's Ordinance Code Chapter 128. The City purchases commercial insurance for workers' compensation claims with a \$1.25 million self-insured retention, a \$250 thousand buffer and a \$500 thousand aggregate corridor deductible for claims in excess of \$1.5 million. The buffer and corridor allow for a lower City exposure despite marketplace demands for the City to have a self-insured retention much higher than \$1.25 million. Under the laws of the State of Florida, the City has sovereign immunity for state tort claims in excess of \$200,000 per person, and \$300,000 per occurrence. The City retains coverage on all other types of insurance including real and tangible property. The self-insured programs of the City, which are included in the Self-Insurance Internal Service Fund, are funded on a dollar-for-dollar basis determined actuarially for the estimated losses for claim development and incurred but not reported claims, and unallocated loss adjustment expenses. Claims are reserved on ultimate probable cost basis.

D. Pollution Remediation:

Governmental Accounting Standards Board Statement No. 49 Accounting and Financial Reporting for Pollution Remediation Obligations (GASB 49) provides accounting and financial reporting for pollution remediation obligations. While GASB 49 does not require the City to search for pollution, it does require the City to reasonably estimate and report a remediation liability when any of the following obligating events has occurred:

- The City is compelled to take remediation action because pollution creates an imminent endangerment to public health,
- The City is in violation of pollution prevention,
- The City is named, or has evidence that it will be named as responsible party by a regulator,
- The City is named, or has evidence that it will be named in a lawsuit to enforce cleanup, or
- The City commences or legally obligates itself to conduct pollution remediation activities.

The City recorded a pollution remediation liability as of September 30, 2014 of approximately \$164 million (See Note 8. C for schedule) using the expected cash flow technique. Under this technique, the City estimated a reasonable range of potential outlays and multiplied those outlays by their probability of occurring. However, this liability could change over time due to changes in cost of goods and services, changes in remediation technology, or changes in laws and regulations governing the remediation efforts. The following paragraphs provide further details on the more significant sites.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

**15. LITIGATION, CONTINGENCIES, AND COMMITMENTS (continued)
D. Pollution Remediation: (continued)**

Whitehouse Waste Oil Pits Superfund Site

The US Environmental Protection Agency (USEPA) identified the City as a potential responsible party (PRP) at the *Whitehouse Waste Oil Pits Superfund Site* in western Duval County. The City and other (PRPs) participated in the USEPA's Pilot Allocation Project which resulted in the USEPA assuming as much as 65% of the liability at the site, with the City being allocated less than 10% of the liability.

The USEPA estimates \$20 million site costs, with the City paying approximately \$2 million over the life of the project (which includes a 30 year operations and maintenance period). Site work was substantially complete in October 2006 when operations and maintenance work began. The PRPs have more than \$1.9 million on deposit to fund operations and maintenance; however until USEPA officially declares the remedial action complete, the prospect for additional work remains. In January 2008, the City met with adjacent property owners to negotiate the purchase of additional private property to account for the location of the remedial berm. Negotiations are ongoing, with the estimated additional purchase within the limits of the remaining funds contributed by PRPs. The City and other PRPs settled with the USEPA which had sought reimbursement of its cost of a removal action in 1995, regarding the Bill Johns Waste Oil Site.

The City's liability is based on contracting with the waste oil service to empty used oil collection points operated under a recycling grant from the State. Florida Department of Environmental Protection (FDEP) has submitted a demand to the PRPs to assess the site further to determine the extent of contamination that may remain after the removal action. The liability to FDEP is being assessed, but the site may be eligible for the state-funded cleanup program, relieving the City of any financial exposure. Because of the uncertainty of this event, no accrual has been recorded.

Ash Sites

The City has identified four sites that were used for incinerator ash waste. The common practice during the 1950s and 1960s was to incinerate garbage and then mix the residual ash waste with other soil and use it as fill dirt. The City and the USEPA signed an agreement in 1999 to develop a plan to remediate the four sites. In order to make the sites and surrounding areas safe from a variety of residual pollutants, the City has proposed to the EPA a plan to clean up the areas by removing the top two feet of soil, placing a barrier, and then replacing the topsoil with untainted dirt. The project is estimated to take several years to complete once started and a cost estimate of \$75.4 million has been accrued based on the City's estimate used in its five year capital project plan.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

15. LITIGATION, CONTINGENCIES, AND COMMITMENTS (continued)

D. Pollution Remediation: (continued)

Other Sites

FDEP had identified five sites of potential liability the City is responsible for. These sites are: *Burke St. Lime Pitts, Doe Boy Dump Site, Gold Merit/Pope Plan, Confederate Park, and Southside Incinerator Site.*

These projects, which are estimated to take several years to complete once started, have an estimated cost of \$50.2 million, which has been accrued by the City and included in the City's five year capital projects plan. Various other remediation sites exist within the City and \$36 million has been accrued for their estimated liability based on their inclusion in the City's five year capital projects plan.

The liability for *Picketville Waste Dump Site* at September 30, 2014, of \$0.3 million is based on the most recent estimate by the Federal Government of the City's allocated share of the clean-up and long term care cost of the site under a Participation Agreement and Consent Decree with the USEPA. The City was identified as a responsible party, sharing 65% of the total clean-up costs.

E. Garage Development Agreement:

The City entered into agreements for a private developer to construct and operate three parking garages. Two of the garages are to support the sports complex and the other is to support a new courthouse site. The current agreement provides an operating subsidy to support debt service, operating deficits, required reserves, and percentage return of equity, totaling approximately \$4 million per year. Associated therewith, the City has options to buyout the current business arrangement, refinance the related non-city debt and assume operational control thereof.

Grant Projects	2,645
River City Renaissance Project	141
Total Non-Major Funds	<u>64,212</u>
TOTAL ENCUMBRANCES	<u>\$ 76,850</u>

*The Better Jacksonville Plan Construction Project Fund accounts for funds associated with the \$2.25 billion improvement plan. Council appropriated funds for the plan in its entirety at the inception, while funding sources including dedicated sales tax and debt issues are secured as needed. Multi-year contracts are encumbered and funding sources are obtained as construction occurs.

The encumbrances are recorded within fund balance based on the source of funds as restricted, committed, or assigned as appropriate.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

16. MAJOR DISCRETELY PRESENTED COMPONENT UNITS - ADDITIONAL DISCLOSURE

During fiscal year 2014, the City had financial transactions with its discretely presented component units classified as follows for financial reporting purposes:

A. JEA:

Contribution - On October 1, 1968, the City turned its electrical department over to the newly created JEA. Additionally, on June 1, 1997, the JEA assumed the operation and all related assets and liabilities of the water and sewer system from the City. The JEA is required by the City Charter to contribute annually to the General Fund of the City an amount not to exceed 5.513 mills per kilowatt per hour sold and at a rate of 2.149 mills per cubic feet of water sold. For the fiscal year ended September 30, 2014 these contributions total \$109,187,538. Such contributions to the City's General Fund are for the use of the public right-of-way in connection with its electric distribution system and its water sewer distribution and collection system and are based on calculations contained within section 21.07 of the City Charter.

Franchise Fees - Effective April 1, 2008, the City enacted a 3% franchise fee from designated revenues of the Electric and Water and Sewer Utility systems. The ordinance authorizes JEA to pass through these fees to its electric and water and sewer funds. For the year ended September 30, 2014, the City received from JEA \$29,264,768 and \$9,753,252 of its electric and water and sewer funds.

B. Jacksonville Transportation Authority (JTA) :

Local Option One-Half Cent Sales Tax - On August 11, 1989, Jacksonville citizens voted for the removal of all tolls from county/city bridges and certain roads and replaced the revenue with a local option one-half cent sales tax that provides a permanent funding source for the construction and maintenance of the City's roads and bridges; the operation and maintenance of the bus system and the refinancing of existing bonds issued for the construction of such bridges and roads. All collections from the one-half cent sales tax are statutorily required to be remitted to the JTA. Accordingly, the City remitted all collections from the one-half cent sales tax to the JTA in the amount of \$74.3 million in fiscal year 2014. Such collection and payment by the City of this local option one-half cent sales tax is recorded in the Transportation Special Revenue fund as revenue and a transportation expenditure in the equal amount. The JTA reports the transfer from the City as sales tax revenue.

In fiscal year 2000, the City and the JTA entered into an interlocal agreement for the purpose of jointly exercising the separate powers of each to the maximum extent allowable by the law in the development, scheduling, financing, planning, permitting, design, construction, and implementation of a \$750 million Road, Bridge and Drainage Capital Improvement Work Program. The term of the agreement commenced on October 1, 2000 and continues in effect until all of the bonds have been duly paid in full or defeased in accordance with their terms. The City and JTA agreed to pledge the Sales Tax and the Constitutional Gas Tax for the payment of bonds issued to implement the program.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

16. MAJOR DISCRETELY PRESENTED COMPONENT UNITS - ADDITIONAL DISCLOSURE (continued)

B. Jacksonville Transportation Authority (JTA): (continued)

Monies available above debt service would be collected in a pay-as-you-go fund to assist with the payment of program expenditures. The City is making available the Local Option Gas Tax for the operation of the JTA's Mass Transit Division. In relation to the Road, Bridge and Drainage Capital Improvement Work Program, projects completed by JTA were to be funded by Sales Tax revenues, JTA has recorded an inter-governmental receivable and the City has recorded a long-term inter-governmental payable to JTA in the amount of \$13.5 million to be paid out of Sales Tax collections prior to the end of the program agreement.

C. Jacksonville Port Authority (JPA):

Interlocal Agreement - In connection with a major port and marine facilities capital improvement project (the "Project"), the City and the JPA entered into an Interlocal Agreement upon the issuance of \$43,605,140 Excise Taxes Revenue Bonds, Series 1993 (the "1993 Bonds"). Subsequent to this transaction, the parties entered into an Amended and Restated Interlocal Agreement in conjunction with the issuance of \$57,150,000 Excise Taxes Revenue Bonds, Series 1996B (the "1996B Bonds"). The 1996B Bonds were refunded by the Excise Taxes Revenue Refunding Bonds, Series 2001A (the "2001A Bonds"). The 1993 Bonds were partially refunded by the Excise Taxes Revenue Refunding and Improvement Bonds, Series 2003C (the "2003C Bonds"). The 2003C Bonds were partially refunded by the Special Revenue Refunding Bonds, Series 2012E (the "2012E" Bonds, and together with the 1993 Bonds, 2001A Bonds and 2003C Bonds, the "Bonds").

Under the Amended and Restated Interlocal Agreement, the City agreed to issue the Bonds to finance the Project, and the JPA, in consideration therefore, agreed to reimburse the City for debt service payments on the Bonds from certain revenues allocated to the JPA. Any insufficiency in the extent of such revenues allocated to the JPA under the Amended and Restated Interlocal Agreement or any amendments to the Amended and Restated Interlocal Agreement does not affect in any manner any obligation of the City pursuant to the terms of the Bonds.

The amended and restated Interlocal Agreement is not for the benefit of the holders of the Bonds and the JPA has no obligation under that Amended and Restated Interlocal Agreement to any third party bondholder. The revenues allocated to the JPA are not pledged as security for the Bonds.

The Amended and Restated Interlocal Agreement provides for the allocation of three sources of revenue (collectively referred to as the "Pledged Revenues") by the City to the JPA. The first source of revenue relates to the allocation of half of the increased revenues in the Telecommunications Tax, which is 85% of the Communication Services Tax (the "Authority Allocation No. 1"). The second source of revenue relates to the amount calculated by multiplying one quarter (.25) mills by the gross kilowatt hours (as defined in Article 21 of the City Charter) sold by JEA during the twelve month period ending May 31 of the prior fiscal year (the "Authority Allocation No. 2").

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

16. MAJOR DISCRETELY PRESENTED COMPONENT UNITS - ADDITIONAL DISCLOSURE (continued)

C. Jacksonville Port Authority (JPA): (continued)

The third source of revenues relates to the \$800,000 annual contribution remitted by the City to the JPA as described in Section 5(a) of the JPA act. Such Pledged Revenues are to be applied by the City to the payment of debt service on the Bonds for such fiscal year prior to being paid to the JPA.

For the fiscal year ended September 30, 2014, the amount of Pledged Revenues in excess of the debt service requirements of the Bonds was \$5.56 million with a total of \$6.08 million being distributed to JPA.

In previous years, the City expended \$43.1 million on the Project from proceeds of the 1993 Bonds for the benefit of the JPA under the Amended and Restated Interlocal Agreement, which completed the 1993 Bond Program. In previous years, the City expended \$64 million on the Project from proceeds (inclusive of investment earnings) of the 1996B Bonds for the benefit of the JPA under the Interlocal Agreement. The City accounted for these expenditures in the Capital Projects Funds. The City does not capitalize these capital outlay expenditures. The capital assets related to these projects are owned by JPA and these amounts are noted earlier as Non-Asset Debt of the City in Note 8H.

17. SUBSEQUENT EVENTS

On November 19, 2014, the City closed on the issuance of its Special Revenue Bonds, Series 2014 (the "2014 Bonds"). The 2014 Bonds currently refunded the Excise Taxes Revenue Bonds, Series 2005A and partially refunded prior bonds for economic savings, as well as provided financing for \$43 million in city-wide capital projects.

Also on November 19, 2014, the City closed on its Commercial Paper Notes, Series A to fund \$19.2 million in stadium improvements at EverBank Field. The issuance of commercial paper was the final tranche of financing related to the approved stadium improvements.

During November 2014, JEA replaced two standby bond purchase agreements relating to Variable Rate Electric System Subordinated Revenue Bonds, 2000 Series A and 2000 Series F-1 with stated expiration dates of November 15, 2017 and June 25, 2018.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

18. NET POSITION:

The government-wide and business-type fund financial statements utilize a net position presentation. Net position is categorized as net investment in capital assets, restricted, and unrestricted.

Net Investment in Capital Assets - is intended to reflect the portion of net position that is associated with capital assets less outstanding capital asset related debt. The net related debt is the debt less the outstanding liquid assets and any associated unamortized cost.

Restricted Net Position – are assets that have third-party (statutory, bond covenant or granting agency) limitations on their use externally imposed by creditors or imposed by law through constitutional provision or enabling legislation. The City would typically use restricted assets first, as appropriate opportunities arise, but reserves the right to selectively defer the use thereof to a future project or replacement equipment acquisition.

Unrestricted Net Position – have no third party limitation on their use, and consists of all net position that do not meet the definition of the other two components, and any net deficits that exist.

While the Unrestricted Net Position balance is a single number in accordance with GASB Statement 34, the impact of non-asset debt will reduce the year-end discretionary balance available to the government.

A. Additional Disclosure:

However, in the City’s case, given that a portion of these non-asset bonds/loans reported in the Governmental Activities column have a dedicated revenue source (to amortize the debt over time) the year-end available portion of the Net Position to the City is greater than is apparent. The following schedule illustrates these differences (000s):

Governmental Unrestricted Net Position (per statement – page 22)	\$ (158,049)
Impact of Better Jacksonville Plan’s (BJP) bond financed capital expenditures incurred by component units and other entities.	239,059
Economic Incentives to be repaid by TIF revenue and/or Developer	27,480
Governmental - Unrestricted NetPosition (adjusted for dedicated revenue funded portions)	<u><u>\$ 108,490</u></u>

Because the BJP program has dedicated sales tax revenue sources which will be used to repay the related debt service and either the CRA’s tax increment financing (TIF) revenue or the Developer repayments are anticipated to address the related debt service principal and all or a portion of the interest, the Government Unrestricted Net Position (adjusted for dedicated revenue funded portions of non-assets debt) more truly reflect the General Government’s available (although partially tentatively targeted) portion of net position.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

18. NET POSITION: (continued)

B. Restatement due to a change in accounting principle:

With the fiscal year 2014 implementation of Governmental Accounting Standards Board (GASB) Statement 65 – Items Previously Reported as Assets and Liabilities, debt issue costs that were previously amortized over the life of the underlying debt, were expensed in total, and resulted in a restatement of beginning net position due to a change in accounting principle in the financial statements which resulted in these costs being expensed when incurred.

Net Position (in thousands)	Total Governmental Activities	Total Business Type Activities
Net position, beginning as previously reported	776,835	184,454
Restatement	(23,515)	(995)
Net position, beginning as restated	<u>\$ 753,320</u>	<u>\$ 183,459</u>

Restatement	(116)	(879)
Net position, beginning as restated	<u>\$ 17,866</u>	<u>\$ 48,218</u>

With the fiscal year 2014 implementation of Governmental Accounting Standards Board (GASB) Statement 67 – Financial Reporting for Pension Plans – an amendment of GASB No. 25, the removal of the Deferred Retirement Option Program (DROP) liability resulted in a restatement of beginning net position due to a change in accounting principle in the fiduciary funds financial statements.

Net Position (in thousands)	Pension Trust Funds		
	Jacksonville		
	Retirement System	Police and Fire	Total
Net position, beginning as previously reported	1,877,733	1,045,531	2,923,264
Restatement	14,917	247,399	262,316
Net position, beginning as restated	<u>\$ 1,892,650</u>	<u>\$ 1,292,930</u>	<u>\$ 3,185,580</u>

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

19. FUND BALANCE DISCLOSURE:

In accordance with Governmental Accounting Standards Board Statement 54, Fund Balance Reporting and Governmental Fund Type Definitions, the City classifies governmental fund balances as follows:

Nonspendable - includes fund balance amounts that cannot be spent either because it is not in spendable form or because of legal or contractual requirements.

Spendable Fund Balance

- Restricted – includes fund balance amounts that are constrained for specific purposes which are externally imposed by providers, such as creditors or amounts constrained due to constitutional provisions or enabling legislation.
- Committed – includes fund balance amounts that are constrained for specific purposes that are internally imposed by the government through formal action of the highest level of decision making authority, City Council, through the issuance of an ordinance. Commitments may only be changed through the same type of formal action that created the commitment.
- Assigned – includes spendable fund balance amounts that are intended to be used for specific purposes that are neither considered restricted or committed. Fund Balance may be assigned through the following: 1) The Director of Finance is authorized by City Council to assign amounts for a specific purpose. (2) The City Council has authorized the Director of Finance, in coordination with the Council Auditor, to recapture excess fund balance that isn't restricted or committed and transfer the excess to the General Fund – General Service District. Excess fund balance that is not recaptured is classified as assigned by the Director of Finance to be used for the purpose of the subfund.
- Unassigned - includes residual positive fund balance within the General Fund that has not been classified within the other above mentioned categories. Unassigned fund balance may also include negative balances for any governmental fund if expenditures exceed amounts restricted or committed for those specific purposes.

The City uses restricted amounts to be spent first when both restricted and unrestricted fund balance is available unless there are legal documents/contracts that prohibit doing this, such as in grant agreements requiring dollar for dollar spending. Additionally, the City would first use committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made, with the exception of the emergency reserve established by the City Council. Under normal circumstances, the City would first elect to utilize the Operating Reserve (Unassigned fund balance in the General Fund) before considering use of its Emergency Reserve.

**CITY OF JACKSONVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

19. FUND BALANCE DISCLOSURE: (continued)

The City Council established an emergency reserve policy and fund beginning with the fiscal year 2006 budget and amended with Ordinance 2010-852-E, which added “The Emergency Reserve can be used to address unanticipated non-reimbursed expenditures arising out of a hurricane, tornado, other major weather related events, and/or other massive infrastructure failures or other disasters, whether man made or caused by nature.” The emergency reserve is contained as a separate subfund within the General Fund and is included in each annual budget. The emergency reserve shall not be used except as initiated by the mayor through written communication to the City Council, explaining the emergency, and requires approval by two-thirds vote of all City Council members. The emergency reserve will be classified as committed fund balance.

The City does not have a formal minimum fund balance policy. However, the City’s Ordinance Code addresses various targeted reserve positions and the Administration calculates targets and actuals to report the results annually to City Council.

A schedule of City fund balances is provided in the following pages.

CITY OF JACKSONVILLE, FLORIDA
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014

1. BUDGETARY DATA

The City uses the following procedures in establishing the budgetary data reflected in the financial statements.

A. The City adopts its budget in accordance with Chapters 129 and 200, Florida Statutes, the City Charter and Municipal Ordinance Code.

(1) The Mayor's Proposed Budget is presented to the City Council on the second Tuesday in July; the budget ordinance, millage levy ordinance and related resolutions are introduced.

(2) During the first Council meeting in September, public hearings are held on both the budget and the millage rate. Following the public hearings, the Council adopts a tentative budget and tentative millage rate. A final budget and millage is adopted by full Council, and is effective on October 1.

The City presents a Budgetary Comparison Schedule as Required Supplementary Information for the General Fund and each major special revenue fund with a legally adopted budget. For the Fiscal Year 2014, no special revenue funds met the criteria to be reported as a major fund. The City has opted to make this presentation in the format and classifications of the budget document. These schedules report actual expenditures using generally accepted accounting principles as well as expenditures on the budgetary basis, which include amounts encumbered for future spending.

B. The City adopts annual budgets for the General Fund, certain Special Revenue Funds, and Proprietary Funds. The City reports Budgetary Comparisons for its General Fund and Major Special Revenue Funds in the Required Supplementary Information section of the report. None of these funds had an excess of expenditures over appropriations for the year ended September 30, 2014. Proprietary Fund budgets are adopted for management control purposes. The City is not required to include Budgetary Comparisons for Proprietary Funds in this report. Project or program budgets, which may not coincide with the City's fiscal year, or which may exceed a single annual period, are adopted by separate ordinance for most Special Revenue Funds and Capital Project Funds. Budgets are not formally adopted for Debt Service Funds as internal spending controls are set by compliance with bond covenants. The Special Revenue Funds which are not annually budgeted include the following: Public Safety, Community Development Block Grant, Job Training Partnership Act Grant, Maintenance Parks and Recreation, Metropolitan Planning Organization, Other Federal, State and Local Grants, Better Jacksonville Trust Fund, Housing and Neighborhoods, State Housing Initiative Partnership, Non-Budgeted General Government, Clerk of Court, and American Recovery & Reinvestment Act.

CITY OF JACKSONVILLE, FLORIDA
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014

1. BUDGETARY DATA (continued)

C. Level of Budgetary Control - Expenditures may not exceed appropriations and are controlled in the following manner:

- (1)** The budget is adopted by ordinance which sets the legal level of control at the fund level by department.
- (2)** The City adopted more stringent administrative policies that control expenditures at the major category (Personal Services, Operating Expense, Capital Outlay, Debt Service) level within divisions within individual funds.
- (3)** The City, additionally, adopted a Municipal Ordinance Code Policy that provides transfer authority to the mayor, without City Council approval, within an individual fund if the total transferred funds for a specific purpose, project or issue is under \$500,000 during the fiscal year. These transfers are reported to the Finance Committee on a quarterly basis.

D. Supplemental Appropriations - The City Council may, through passage of an ordinance, amend the budget in any manner permissible under state and local law, with one exception. Bond covenants, trust and agency agreements, and certain clauses of ordinances in effect may restrict certain budgetary items in terms of amount or use.

In certain instances the City may supplement the appropriations in a fund due to unexpected high levels of receipts or under estimates of carry forward balances. Supplemental appropriations to the Fiscal Year 2014 Annual Budget Ordinance were made throughout the year, the effects of which were not material.

E. All appropriations in annually budgeted funds, except for amounts corresponding to outstanding encumbrances, lapse at year-end or at the close of the authorizing project/program, unless specifically carried forward by ordinance.

F. Formal budgetary integration is used as a management control device for all funds of the City, except certain Debt Service Funds as explained in Note to RSI 1.C.

G. The City's Annual Financial Plan, or published budget document, may be obtained from the City's Budget Office located at 117 West Duval Street, Suite 325, Jacksonville, Florida 32202.

H. The Clerk of Court special revenue fund budget is not approved by the City. The Court subfund is submitted and approved by the State and is based on the State's July 1st to June 30th fiscal year. The Court's Public Modernization Trust subfund and Child Support Enforcement Trust subfund are not budgeted. This special revenue fund does not meet the annually budgeted criteria.

 CITY OF JACKSONVILLE RETIREMENT SYSTEM
 FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014**

**NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
 GENERAL EMPLOYEES RETIREMENT PLAN**

As of September 30, 2014

Valuation date	October 1, 2013
Methods and used assumptions to determine contribution rates:	
Actuarial cost method	Entry Age Normal Cost Method
Amortization method	Level percent of payroll, using 2.62% annual increases*
Remaining amortization period	All new bases are amortized over 30 years. Effective period of 26 years remaining as of October 1, 2013
Asset valuation method	Market value of assets less unrecognized returns in each of the last five years. Unrecognized return is equal to the difference between the actual market return and the expected return on the market value, and is recognized over a five-year period, further adjusted, if necessary, to be within 20% of the market value.
Actuarial assumptions:	
Investment rate of return	7.75%, including inflation, net of pension plan investment expense
Inflation rate	3.00%*
Projected salary increases	3.00% - 6.00%, of which 3.00% is the Plan's long-term payroll inflation assumption
Cost-of-living adjustments	The Plan provisions contain a 3.00% COLA.
Mortality:	
<i>Pre-retirement</i>	RP-2000 Employee Mortality Table, set forward one year and projected to 2013 with Scale BB
<i>Healthy annuitants</i>	RP-2000 Annuitant Mortality Table, set forward one year and projected to 2013 with Scale BB
<i>Disabled annuitants</i>	RP-2000 Disabled Retiree Mortality Table

*¹The Fund's payroll inflation assumption is 3.00%. However, based on Part VII, Chapter 112.64(5)(a) of Florida Statutes, an assumption of 2.62% was used for amortization purposes in the October 1, 2013 valuation.

2006	38,230	36,124	2,106	134,694	26.82%
2005	35,929	27,176	8,753	130,392	20.84%

* Contribution deficiency (excess) is assigned to the City Budget Stabilization Account

Valuation date: Actuarially determined contribution rates are calculated as of October 1, two years prior to the end of the fiscal year in which contributions are reported.

Methods used to determine contribution rates:

Actuarial cost method:	Individual entry age
Amortization method:	Constant percentage of payroll increasing 3.25% annually; Closed 21 years
Remaining amortization period:	21 Years
Asset valuation method:	Market Value
Inflation:	2.5%
Salary increases:	4.0%, including inflation
Investment rate of return:	7.0%, including inflation Cost of living adjustments:
Mortality Table in use:	RP-2000, Combined Healthy Mortality Table, separate by sex, Projection Scale AA to valuation
Age differences for spouses:	Females are assumed to be 3 years younger than males
Percent married:	Assume 75% of active employees are married, use tax reported status for inactives

POST EMPLOYMENT BENEFITS OTHER THAN PENSION (OPEB)
SEPTEMBER 30, 2014**

(in thousands)

<u>Valuation Date</u>	<u>Actuarial Accrued Liability (AAL)</u>	<u>Actuarial Value of Assets</u>	<u>Unfunded AAL (UAAL)</u>	<u>Percentage Funded</u>	<u>Annual Covered Payroll</u>	<u>UAAL as Percentage of Payroll</u>
10/1/2011	\$126,200	\$0	\$126,200	0.00%	\$362,400	34.8%
10/1/2012	\$129,127	\$0	\$129,127	0.00%	\$340,431	37.9%
10/1/2013	\$129,127	\$0	\$131,003	0.00%	\$339,933	38.5%

Actuarial Assumptions provided in the notes to the financial statements. The City is not funding the AAL.

The decrease in Actuarial Accrued Liability (AAL) from fiscal years 2012 to 2013 and 2014 were due to the following:

- (a) A 4.5% discount rate was used in fiscal year 2012, 2013, and 2014.
- (b) Used marginally lower participation assumptions based on actual data provided by the City.
- (c) The other key assumption was the treatment of retirees who are not eligible for Medicare.

Based on the information provided by the City's health insurance carrier, fiscal years 2012, 2013, and 2014 assumed that 10% of the current retirees would not be eligible for Medicare.

(This page is intentionally left blank.)

NON-MAJOR GOVERNMENTAL FUNDS:

SPECIAL REVENUE FUNDS

Special Revenue Funds account for the proceeds of specific revenue sources (other than expendable trusts and major capital projects) that are legally restricted to expenditure for specific purposes as described below.

The Concurrency Management Fund provides funding for maintenance and update of the Concurrency Management System which is the basis for ensuring compliance with the 2010 Comprehensive Plan.

The Air Pollution Control and Monitoring Fund receives revenue from licenses and fees, and contributions from the federal government to monitor and control environmental problems related to the air quality in Jacksonville.

Tourism Development Fund collects revenues from tourist and convention development taxes to fund tourism programs sponsored by the Tourist Development Council through the City.

The Clerk of the Circuit Court Fund receives revenue collected on behalf of the state and City by the courts system for various judgments, fines, bonds, fees and licenses, and other miscellaneous amounts. The Fund includes Public Records Modernization activity which receives revenues from a service charge authorized by Florida Statute 28.24(15)(d) to be held in trust and used exclusively for equipment, personnel training, and technical assistance in modernizing the official public records system of the Clerk's office.

The Transportation Fund accounts for revenue from the City's six cent local option gas tax, the state-shared 5th and 6th cent gas tax, and the one-half cent local option sales tax used to fund major road and related capital infrastructure construction and maintenance and the City's mass transit and automated skyway express system operations.

The Budgeted General Government Fund accounts for numerous smaller accounts whose revenues are dedicated to a variety of specific purposes.

The Public Safety Fund funds specific public safety programs through user fees and intergovernmental revenue for emergency management planning and disaster medical services provided by the Office of the Sheriff and the City Department of Fire and Rescue.

The Emergency 9-1-1 Fund receives revenues from a fee added to the telephone bill of telephone customers that may be used for system operations and improvements.

The Tax Increment Districts Fund receives a distribution of ad valorem tax revenue levied and collected in the City's four tax increment districts used to promote future commercial business development that expands property tax base values in the City's core downtown areas and the northwest region.

The Jacksonville Children's Commission Fund receives City funds, and various grants, to serve as the community coalition for children. The autonomous board has the ongoing responsibility of improving the lives of Jacksonville's children by serving as the central focus for the evaluation, planning and distribution of funds for children's services that are consistent with City programs and goals.

The American Recovery & Reinvestment Act Fund accounts for resources received from the American Recovery Act (ARRA) of 2009. The funding supports the City's efforts to address crime and public safety, energy efficiency and environmental quality, infrastructure and transportation improvements, and job creation and workforce development.

The Community Development Block Grant Fund receives monies from the federal government in the form of community development block grants made available to specific targeted areas of Jacksonville to assist in rehabilitation and revitalization in support of the area's future economic growth and stability.

The Job Training Partnership Act Grant Fund accounts for direct federal assistance to the Private Industry Council of Jacksonville in providing employment and training services to the economically disadvantaged and displaced citizens of Jacksonville through cooperative efforts with local private sector businesses.

The Maintenance, Parks and Recreation Fund receives revenues from user fees and charges from parks and recreation facilities that are dedicated to parks maintenance and improvements, and acquisition of new recreational facilities.

The Metropolitan Planning Organization Fund receives funds from the Federal Highway Department and the Federal Urban Mass Transportation Administration, and the Florida Department of Transportation for planning the future of Jacksonville's metropolitan area, principally in the area of transportation.

The Other Federal, State and Local Grants Fund records all other miscellaneous grants administered by the City from federal, state and local sources not specifically accounted for by other funds covering diverse programs such as: day care, adult homemaker, beach erosion, base conversion and redevelopment, economic capital development, aids treatment care, senior services and nutrition, crime prevention and drug abuse, teenage pregnancy and childhood development, foster grandparents, and waste tire disposal.

The Better Jacksonville Plan Trust Fund receives revenue from the half-cent infrastructure sales tax. All monies placed into this trust are appropriated for Debt Service requirements and contributions to the Better Jacksonville Capital Projects Fund.

Housing and Neighborhoods was designated as the housing agency for Affordable Housing, State Housing Initiative Partnership funds, and all other matters related to housing, with the exception of those matters which fall within the responsibility of the Jacksonville Housing Authority.

The State Housing Initiative Partnership Fund accounts for revenue collected by the Clerk of the Circuit Court on certain property transactions in Duval county passed from the State earmarked for housing assistance and financial incentive programs to increase the availability of affordable housing in Jacksonville including down payment assistance, home owner repair and rehabilitation and acquisition of existing single family dwellings for home ownership.

The Non-Budgeted General Government Fund accounts for numerous smaller funds whose revenues are dedicated to a variety of specific purposes.

DEBT SERVICE FUNDS

Debt Service Funds account for the accumulation of resources for, and the payment of, interest and principal on most general governmental obligations. Individual debt service funds are described below.

The Other Non-Bonded Debt Obligations Fund accounts for the accumulation of resources for, and the payment of, principal and interest on other non-bonded debt obligations.

CAPITAL PROJECTS FUNDS

Capital Projects Fund account for financial resources segregated for the construction or acquisition of major capital facilities (other than those financed by proprietary funds and fiduciary funds). Descriptions of individual funds in this fund type follow.

The General Projects Fund receives monies appropriated from the General Fund and other sources including proceeds from non-bonded debt for general capital improvements.

The Better Jacksonville Plan Construction Projects Fund receives revenues from the two local option sales tax programs and proceeds from the sale of bonded debt issued by the City to fund projects under the Better Jacksonville Plan.

The Bond Projects Fund receives proceeds from the sale of bonded debt issued by the City to fund major capital improvement projects.

The Grant Projects Fund accounts for monies received by the City under various federal, state and local grants restricted to expenditure of specific capital improvements funded under the grant program.

The River City Renaissance Project Fund accounts for proceeds of a comprehensive capital improvement initiative (the "River City Renaissance") for projects concerning the environment, children, health and social services, economic development, neighborhoods and downtown, parks and recreation, and the arts.

PERMANENT FUND

The Permanent Fund is used to report resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes that benefit the government or its citizenry. The City accounts for its Cemetery Maintenance Funds as a Permanent Fund.

NON-MAJOR ENTERPRISE FUNDS:

Enterprise Funds account for operations that are financed and operated in a manner similar to private business enterprises and where the costs of providing goods or services to the general public are recovered primarily through user charges; or where the City has decided that determination of net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes. Individual non-major enterprise funds are described below.

The Public Parking System Fund accounts for the City's on-street, off-street, and parking garage facility operations, including revenue collection and enforcement.

The Motor Vehicle Inspection Fund accounts for the operations of the City's motor vehicle inspection stations.

The Mayport Ferry Fund - account for the operations associated with the St. Johns River (Mayport) Ferry service.

The Baseball Stadium Fund accounts for events held at the stadium including professional minor league and college baseball games.

Times Union Center for the Performing Arts (Performing Arts) Fund - accounts for events held at the center such as the symphony, FCCJ performing arts series, dance recitals and concerts.

The Prime Osborn Convention Center (Convention Center) Fund accounts for events held at the center such as gate and trade shows, banquets, meetings and other.

The Equestrian Center Fund accounts for events held at the center including horse shows and competitions, rodeos and concerts.

The Sports Complex Capital Fund accounts for maintenance and upkeep for municipal stadium, baseball stadium, and arena.

The Ritz Theater Fund accounts for the operations of the Ritz Theater and Museum public entertainment facilities.

INTERNAL SERVICE FUNDS

Internal Service Funds account for the financing of goods and services provided by one City department or agency to other City departments or agencies on a cost-reimbursement basis. Descriptions of individual funds in this category are presented below.

The Fleet Management Fund accounts for the operation of the City's fleet of police cars, fire and rescue vehicles, public works and public utilities trucks, and many other types of on- and off-road automotive equipment.

The Copy Center Fund accounts for the operation of the centralized copy center, mail and messenger service functions for City agencies.

The Public Works Fund accounts for costs of the operation, maintenance, utilities, and security of public buildings.

The Information Technologies Fund accounts for centralized information management and computer services that include data processing, central telephone and network communications, and other voice/data electronic media services.

The Legal Fund accounts for centralized legal services to all City departments and agencies through the Office of General Counsel.

The Self-Insurance Fund accounts for centralized risk management and safety and loss prevention services to all City departments that are self-insured for workers' compensation, public, and general and vehicle liability.

The Group Health Fund accounts for employee health and life insurance premiums and manages third party health care contracts to all City employees.

The Insured Programs Fund accounts for providing all forms of property and casualty, commercial liability and other types of coverage to City departments.

The Banking Fund accounts for commercial paper issued for short intermediate life assets such as personal computers, vehicles, application software, equipment, etc.

FIDUCIARY FUNDS

Fiduciary Funds account for assets held by the City in a trustee capacity or as an agent for individuals, private organizations, other governmental units and/or other funds. Below are descriptions of the generic fund types within this category and specific funds within each fund type.

PENSION TRUST FUNDS are funds administered by independent boards for which the City performs a fiduciary role under a defined benefit, defined contribution and disability programs. The participant's retirement annuity is based on a statutory formula utilizing such factors as age, average salary, length of service and others. The City has two pension trust funds as described below.

The Jacksonville Retirement System Fund includes resources accumulated to pay present and future retirement annuities to eligible employees of the City except for sworn officers of the Office of the Sheriff and the firefighters in the Department of Fire and Rescue.

The Police and Fire Pension Trust Fund accounts for a single employer, contributory defined benefit plan for City police officers and firefighters.

AGENCY FUNDS are funds which hold monies in an agency capacity for various government units, individuals or funds. Individual fund descriptions follow.

The Treasurer Fund is the clearing fund used to account for all cash received and disbursed on behalf of the City's payroll.

The Tax Collector Fund accounts for assets and liabilities from the collection of all taxes, revenues and other cash amounts on behalf of the City and various of its agencies, authorities, organizations, individuals, and funds.

Clerk of the Circuit Court accounts for assets and liabilities from revenues collected on behalf of the state and the city by the court system for various judgments, fines, bonds, fees and licenses and other miscellaneous amounts.

Plat Deposits Fund accounts for the deposits placed with the City as collateral to insure the completion of improvements in the event of default by a developer or failure by the developer to complete improvements within the time specified by the ordinance approving the Final Plat.

The Duval County School Readiness Coalition Fund accounts for the assets and liabilities from revenues collected on behalf of the Duval County School Readiness Coalition from the State, pursuant to Florida Statute 411.01, to provide comprehensive programs of readiness services to children.

The Florida Retirement System Fund accounts for a multiple-employer, cost-sharing defined benefit plan for certain City employees who elected to remain with the State of Florida Retirement System.

The Office of the Sheriff accounts for deposits held in accordance with statutes for civil action, safeguarding of monetary evidence, and inmate funds.

COMPONENT UNITS

Component Units are legally separate organizations for which the primary government is financially accountable. Financial accountability is defined as the appointment of a voting majority of the component unit's governing body with certain exceptions, and either (a) the ability to impose will by the primary government; or (b) the potential for the organization to provide financial benefits to, or impose financial burdens on the primary government. Financial accountability may also be determined if the component unit is fiscally dependent on the City and the potential financial benefit/burden relationship mentioned above exists.

COMPONENT UNITS THAT DO NOT ISSUE A SEPARATE REPORT:

The Jacksonville Housing Finance Authority provides money for loans and technical assistance for construction and rehabilitation of housing to alleviate a shortage of housing and capital for investment in housing in Jacksonville.

The par amount of bonds allocated to the other operations were determined prorata based on the project funding at the time of closing, and must be combined to determine the total amount of bonds outstanding for that bond series.

(a) The above rates represent assumed rates on variable rate debt for coverage analysis or other purposes.

(b) The taxable rates are subsidized under the Build America Bond program.

(c) \$148,505 of Banking Fund projects remain authorized, but unfunded (see Note 17).

(d) \$19,176 of "interim financing" for stadium improvements at EverBank Field remain authorized, but unfunded (see Note 17).

Notes:

Net position was reallocated in 2005 to adjust for the consideration of outstanding non-asset backed bonds.

- (1) The City transferred \$404,898 of capital assets associated with the sports venues from governmental activities to business type activities.
- (2) The Pollution Remediation Liability of \$162,710, previously considered a liability of business type activities, was reclassified to a liability of governmental type activities.
- (3) 2013 amounts were adjusted for GASB 65 implementation.

(1) Centrally assessed property is primarily railroad property and private car line property, which must be separately assessed.

(2) Estimated actual values are the total "just" values or property subject to taxation, as defined by Section 193.011 of the Florida Statutes.

Note: The information in the schedule is presented to conform with the requirements of GASB statement 44. Prior to the change in format, real assessed values were presented in aggregate. Additionally, all assessed value columns were presented net of tax exempt property. The City is not able to present data in the current format prior to 2007. Additionally information presented for 2007 and 2008 differ from the original final tax roll due to subsequent Value Board Adjustment modifications.

(1) General Fund revenues are presented in more detail in the section titled Basic Financial Statements - Fund Level.

(2) Covenant Revenues are defined as revenues deposited to the credit of the City's General Fund derived from any source whatsoever that are legally available for the payment of the Special Revenue bond obligations, inclusive of operating transfers from other funds in to the General Fund, but exclusive of revenues derived from ad valorem taxation.

(3) The Series 2008 obligations were the first of the Special Revenue Bonds to be issued on September 28, 2008. The first interest payment date was April 1, 2009. Revenues and coverage is only presented from the first fiscal year in which principal and/or interest was paid.
