8. Comments/suggestions for improvement:

- Great job!
- There needs to be more conversation about after receiving the grant, such as when we will actually receive the contract, what is required to process funding, etc. A lot of hinderances this year.
- The speakers were engaging and informational. Hybrid is appreciated! Instead of live Q&A, consider having people send in questions by X date and sending out answers at once to save time and repetition.
- I appreciated the very focused Q&A so it wasn't just specific to one organization but more generalized. And to get to meet the Chief, Council and staff who work hard to help nonprofits serve JAX.
- Thank you for all you do! The meeting was very organized.
