Program Strategy: Juvenile Prevention and Intervention Services

Program Summary:

The Neighborhood Accountability Board (NAB) serves as a dedicated diversionary program designed to provide consequences and services for youth, ages 10-17, issued a juvenile civil citation in some of Duval County's highest crime zip codes. The NAB represents a community based decision making process aimed at repairing harm brought on by crime. This process incorporates Restorative Justice principles. Upon completion of all assigned tasks, the Youth receives a Certificate of Completion from the NAB and no charges are filed and no delinquency record is ever created, thus not hindering the Youth from opportunities related to college admissions, military recruitment and employment in the future. The goals of the NAB are: to provide the victim and community the opportunity to converse with an offender in a safe and productive manner, to provide an opportunity for an offender to take responsibility and make amends, to provide community/citizen ownership of the justice system, to provide a timely, community response to repair harm and MOST IMPORTANTLY, to give youth the opportunity to avoid criminal prosecution for a first time misdemeanor offense.

Program Overall Status:

Month	New Client Hearings	Review Hearings	Closeouts	Total Active Cases

Total YTD (October 2015-Present):	54			

Successes:

1. As promised by Sheriff Williams, the issuance of civil citations has increased! We received 15 NAB eligible referrals from JSO and an additional 4 referrals from local schools!
2. The Jacksonville Times Union published an article in 5/22/16 paper explaining the NAB program and the struggles it is facing with referrals. We feel that the exposure is a positive thing for the program.
3. At the Juvenile Justice Advisory Board meeting, this writer made a brief presentation on the NABs.
4. A special guest from Jax Journey sat in at the Ribault NAB on 6/19/16.
5. On 5/26/16, the Jax Journey monthly meeting was held and a vote of the committee approved the continued funding of the program for 2016-2017 with the caveat that the program needs to meet goal numbers next year to maintain that funding.
6. There are currently 13 new cases scheduled to be seen at various NABs in the month of June.

Challenges:

1. No new challenges this month.
