## Public Works Engineering and Construction Management -Construction Bid Forecast

	October, November, December 2025			
001350	Armsdale Road Sidewalk & Roadway Improvements	Furnishing all labor, materials, and equipment; and performing all operations necessary for the construction of the Armsdale Road sidewalk and roadway improvements.		
011213	Barrington Oaks Drainage Improvements	Furnishing all labor, materials, and equipment; and performing all operations necessary for the construction of the Barrington Oaks Drainage Improvements. This project will upgrade the existing stormwater system to alleviate flooding issues in the neighborhood.		
010574	Collins Road Sidewalks	Furnishing all labor, materials, and equipment; and performing all operations necessary for the construction of the Collins Road Sidewalks project. This project will include a new 6' sidewalk on the north side of Collins for approximately 1.5 miles.		
010984	Euclid Street Curb and Gutter	Furnishing all labor, materials, and equipment; and performing all operations necessary for the construction of Euclid Street Curb & Gutter. The intent of the project is to construct City Standard Curb & Gutter along one block of Euclid Street, between St. Johns Avenue and Woodmere Street. In addition to approximately 375 linear feet of curb & gutter, the project also includes milling & resurfacing and replacement of concrete driveways and walkways at the back		
010377	Frye Ave. W. Drainage Improvements	Furnishing all labor, materials, and equipment; and performing all operations necessary for the construction of Free Avenue Drainage Improvements. The project will install a new stormwater system to replace the current failing infrastructure. The project limits are from Frye Avenue, between 3704 and 3652, to the Williamson Creek outfall ditch.		

008252	Heritage Hills Embankment Repair Project	Furnishing all labor, materials, and equipment; and performing all operations necessary for the construction of the Heritage Hills Embankment project. The existing concrete ditch pavement has eroded and caused significant embankment erosion which will be repaired as part of this project.
010991	Mallory Street Drainage Improvements	Furnishing all labor, materials, and equipment; and performing all operations necessary for the construction of Mallory Street Drainage Improvements. This project will upgrade aging storm drain infrastructure and mitigate ponding in low-lying areas along Mallory Street. The scope includes roadway improvements featuring porous asphalt pavement to enhance infiltration and long-term drainage performance.
001206	McCoy's Creek Greenway	Furnishing all labor, materials, and equipment; and performing all operations necessary for the construction of McCoy's Creek Greenway. Work includes construction of a new shared use path, pedestrian bridges, boardwalks, park amenities, and landscaping along McCoy's Creek from Leland St. to Margaret St. The project length is approximately 1 mile.
001032	NB Bulkhead - Market & Courthouse	Furnishing all labor, materials, and equipment; and performing all operations necessary for the construction of a new bulkhead along Market St and Courthouse Dr.
010599	Oakleaf Village Pkwy at Merchants Way Turn Lane	Furnishing all labor, materials, and equipment; and performing all operations necessary for the construction of the Oakleaf Village Pkwy Turn Lane project. This project will build a dedicated right turn lane to reduce delay and keep the Level of Service adequate.
010626	Picketville Turn Widening	Furnishing all labor, materials, and equipment; and performing all operations necessary for the construction of the Picketville Turn Widening project. Three turns on Picketville Road will be widened to accommodate large trucks. This will allow trucks to take this alternate route.

	T	
007774	Seaton Creek Preserve	Furnishing all labor, materials, and equipment; and performing all operations necessary for the construction of the Seaton Creek Park project. This project will include new parking, picnic shelters, restroom and kayak launch.
000805	Southbank Riverwalk Extension & Floating Dock	Furnishing all labor, materials, and equipment; and performing all operations necessary for the construction of the SBRW Extension and Floating Dock project. This project will extend the riverwalk behind Baptist Hospital to the Fuller Warren bridge.
010389	West Side Blvd Drainage Improvement	Furnishing all labor, materials, and equipment; and performing all operations necessary for the construction of the West Side Blvd Drainage project. This project will include drainage restoration to reduce flooding.
January, February, March 2026		
010564	Boat Ramp at Beach Blvd and Pottsburg Creek	Furnishing all labor, materials, and equipment; and performing all operations necessary for the construction of the Boat Ramp at Beach Blvd & Pottsburg Creek project. This project will include a new boat ramp and bulkhead, parking area and drainage.
002588	Bowden Road Bike Improvements	Furnishing all labor, materials, and equipment; and performing all operations necessary for the construction of the Bowden Road Bike Improvement project. This project will add a bike lane on Bowden from Spring Park Rd to Tiger Hole Rd.

010202	Broward Road Widening	Furnishing all labor, materials, and equipment; and performing all operations necessary for the construction of the Broward Road Widening project. This project will include widening the road to 3 lanes, adding sidewalks and a pedestrian bridge.
010142	Burnett Park Drainage Improvements	Furnishing all labor, materials, and equipment; and performing all operations necessary for the construction of the Burnett Park Drainage project. This project will replace drainage pipes and regrade drainage ditches to alleviate flooding issues.
001312	Cedar Point Road Bridges	Furnishing all labor, materials, and equipment; and performing all operations necessary for the construction of the Cedar Point Road Bridges project. This project will include the widening of 2 existing bridges on Cedar Point Road.
010372	Davell Rd Drainage Improvements	Furnishing all labor, materials, and equipment; and performing all operations necessary for the construction of the Davell Rd Drainage Improvement project. This project will include drainage restoration to reduce flooding in the area.
000882	First Coast Pool	Furnishing all labor, materials, and equipment; and performing all operations necessary for the construction of the First Coast High School pool project. This project will include a new recreational pool, restrooms and lockers.
010143	Free Avenue Drainage Improvements	Furnishing all labor, materials, and equipment; and performing all operations necessary for the construction of Free Avenue Drainage Improvements. The project will improve the outfall from Free Avenue to a pond North of Hare Avenue.

	Furnishing all labor, materials, and equipment; and performing all operations necessary for the construction of the Lone Star Road Extension (Phase 2). This phase extends Lone Star Road
Lone Star Road Extension (Phase 2)	eastward with new stormwater systems, roadway construction, and pedestrian facilities. The project will also signalize the Mill Creek and Lone Star Road intersection to improve safety and traffic operations.
Old Middleburg Road - Phase 2	Furnishing all labor, materials, and equipment; and performing all operations necessary for the construction of Old Middleburg Rd - Phase 2. This project includes widening the road from 2 lanes to 4 or 5 lanes from Parman Rd to Argyle Forest Blvd.
Palmetto Leaves Soccer Fields	Furnishing all labor, materials, and equipment; and performing all operations necessary for the construction of the Palmetto Leaves Soccer Fields project. This project will include 2 new soccer fields, and restroom/concession building, parking lot and lighting.
Ricker Rd Reconstruction (Morse to OMR)	Furnishing all labor, materials, and equipment; and performing all operations necessary for the construction of the Ricker Road project. This project will include widening the road to 3 lanes with bicycle lanes, curb and gutter and sidewalks.
Sheridan Street Drainage Improvement	Furnishing all labor, materials, and equipment; and performing all operations necessary for the construction of Sheridan Street Drainage System Rehabilitation. This project addresses failed stormwater infrastructure as part of the City's DSR program. It includes underdrain replacement, drainage structure upgrades, and surface restoration.
Townsend Rd Sidewalk - South	Furnishing all labor, materials, and equipment; and performing all operations necessary for the construction of the Townsend Road Sidewalk project. This project will include a new 1 mile long sidewalk.
	Old Middleburg Road - Phase 2  Palmetto Leaves Soccer Fields  Ricker Rd Reconstruction (Morse to OMR)  Sheridan Street Drainage Improvement
