Independent Authorities – Five-Year Capital Improvement Plan

FIVE YEAR CAPITAL IMPROVEMENT PLAN

FIVE-YEAR CAPITAL IMPROVEMENT PLAN

INTRODUCTION

The Capital Improvement Plan (CIP) is a multi-year forecast of major capital buildings, infrastructure, and other needs. The City of Jacksonville has adopted in Jacksonville Municipal Code Chapter 106, Part 1 Section 106.109 Capital Improvement Funding a “Five-Year Capital Improvements Plan that is designed to be financially feasible and provides the funding source and amount of funding for the capital costs of each project, and the funding source and amount of funding for the anticipated post-construction operation costs of each project”. The Five-Year Capital Improvements Plan shall be filed and approved each fiscal year concurrently with the annual budget.

The proposed Capital Improvement Plan (CIP) for a five-year period, beginning October 1, 2026, through the fiscal year ending September 30, 2031, includes location, funding and expenses for projects with current fiscal year appropriations.

The CIP incorporates needs identified in the Capital Improvements Element (CIE) required under the Growth Management Act of 1985. The CIE focuses on anticipated infrastructure requirements based on service level standards and the land use plan adopted by the City Council to prevent deficiencies in level of services.

In addition to the needs identified in the CIE, the CIP includes other improvements not covered by the Growth Management Act such as Public Safety, Targeted Economic Development, Public Facilities (primarily public buildings), and Environmental factors.

Capital projects are budgeted on an “all years” basis, an accounting practice used for funds that may need to carry over from one fiscal year to the next for a defined purpose such as funding a specific capital project or a grant.

PROCESS

Chapter 122 of the Jacksonville Municipal Code requires that the CIP be prepared annually by the City of Jacksonville’s Finance Department through submittals received from various City departments, independent authorities, and agencies.

Departments complete a CIP request form with detailed project information and use a standardized matrix to score projects prior to submitting them to the Finance Department. The projects are then reviewed by the Departments of Public Works, Planning & Development, and Finance for reasonableness related to costs, operating budget and level of service impact. The Mayor’s Budget Review Committee (MBRC) makes the final recommendation of projects for the Mayor’s review and approval. The City Council then receives the Mayor’s Proposed Five-Year CIP with the Proposed Annual Budget in July. Once adopted by the City Council the first fiscal year of the CIP becomes the city’s Capital Improvement Budget for that year.

A typical capital project is planned and executed in the following phases:

Engineering & Design: These are costs incurred by the City to design a project in accordance with the scope of work set forth in the development phase. This includes professional consultant fees, legal and technical documentation, constructability review, data collection, advertising, assessment of alternatives related to project design, construction management services, and bid reviews.

Land Acquisition & Site Preparation: These costs are incurred by the City for the purchase of land, easements and right-of-way. This also includes purchase price, surveys, appraisals, environmental audit, permitting, legal costs, maps, charts, aerial photography, and other costs such as wetlands restoration.

Construction: This includes costs incurred by the City for all construction-related tasks required to place a project in service. This includes project construction contracts, professional and technical assistance, advertising, legal and technical documentation, costs, inspections, testing, and permitting.

Capital Equipment: This includes costs incurred by the City for all capital equipment related to the needs of the specific facility/project. This includes public safety, telecommunications and AV equipment.

Per Chapter 122, Part 6, Ordinance Code:

Capital Improvement Project. Excluded from the term and definition of Capital Improvement shall be all Community Redevelopment Area Projects. Capital Improvement Project *means* a planned undertaking of the City or an independent agency that leads to the acquisition, construction, or extension of the useful life of capital assets. Capital assets include things such as land, buildings, parks, streets, utilities, and other items of value from which the community derives benefit. To constitute a capital improvement project, the project must:

1. Have a total cost greater than \$100,000 and a useful life of more than ten years,
2. Be a one-time outlay, which is non-recurring in nature.
3. Add to, enhance the value of, or extend the life of the City's physical assets.
4. Major equipment purchases must be associated with a Capital Improvement Project and must meet the criteria in item 1 above to be included as a Capital Improvement Project.

Any project which meets the definition of a Capital Improvement Project must be included in the Capital Improvement Plan, regardless of funding source.

Excluded from the definition of Capital Improvement Projects are:

- i. City vehicular equipment purchases. Fleet appropriations are to be considered within the Operating Budget.
- ii. Expenditures for maintenance supplies and materials or replacement items which shall be budgeted as operating items.
- iii. Purchases involving ongoing debt service or lease/purchase costs which shall be budgeted in the Operating Budget.
- iv. All routine resurfacing of streets, recurring annual items and routine maintenance and repair.

(b) **Capital Improvement Plan.** The Capital Improvement Plan (CIP) is a comprehensive five-year plan of proposed capital improvement projects, intended to identify and balance the capital needs of the community within the fiscal capabilities and limitations of the city budget. It is a significant element of the annual budget process and intended to be binding on future years to fulfill the purposes set forth above. While the CIP is updated annually and subject to change as emergencies arise or projects are delayed by circumstances beyond our control, the annual focus primarily will be on the fifth year of the plan as new projects are added. The first year of the plan is the basis for actual appropriations authorized by the City Council for capital projects when adopting the Annual Budget. The remaining four years establish priorities for future capital improvement projects.

(c) **Capital Improvement Plan Budget.** Capital Improvement Plan Budget shall be submitted annually with the City Annual Budget and is the first year of the Capital Improvement Plan. The required elements of the Capital Improvement Plan Budget are set forth in Section 122.603(b), Ordinance Code.

PROPOSED FIVE-YEAR CIP

The proposed CIP contains 158 updated and/or new projects at \$1,231,913,805 for the next five years. This reflects a continued investment to provide for the health, safety and quality of life for our citizens. To assist in balancing and prioritizing needs across the City, departments identify projects by one of the following "Program Areas."

Drainage - Project that improves drainage conditions and reduces flooding

Environment/Quality of Life - Project that would promote or improve the environment for the citizens of Jacksonville (e.g. water treatment plants)

Parks - Project with buildings, grounds and/or recreational facilities within the park boundaries, also including the Preservation Project

Public Facilities – Project for facilities designated for primarily citizen use and includes facilities such as the county courthouse, arena and baseball park

Public Safety - Project relating to public safety including facilities

Roads/Infrastructure/Transportation – Project dedicated to expanding and widening roads; interchanges, overpasses and intersection improvements; and includes road resurfacing, sidewalks/bike paths, as well as landscaping/tree planting along road improvement projects

Targeted Economic Development – Project is used to stimulate growth and revitalization by providing grants and loans for infrastructure, public improvements, and project development

CAPITAL PROJECTS OPERATING IMPACT

The CIP is an integral element of the City's budgeting process. The cost of operating new or expanded facilities or infrastructure can be significant and will be included in the operating budget in the fiscal year when the assets become operational. In addition, the future operating impacts are incorporated into the five-year forecast that accompanies the Budget. More information can be found on the individual project sheets contained in this section on expenditures and operating impact related to each project.

CAPITAL GIFTS TO THE CITY

In 2024 legislation (2024-046-E) was passed to amend various sections in Ordinance Code Chapter 106 – Budget and Accounting Code – and Chapter 113 – Gifts to the City – to limit the use of monetary or non-monetary in-kind gifts or donations to the City for capital improvement projects or other purposes without City Council appropriation. Sec. 106.441 was amended to provide that the Mayor and the City Council are authorized to accept monetary or non-monetary (in-kind services) gifts, bequests and donations to the City. The amendment provides that no gift, donation, in-kind service or other donation, regardless of the amount, may be used to “alter, demolish, relocate, transform or in any way modify any City-owned or managed property, object, thing or anything else of substance without prior Council approval and appropriation.”

Chapter 113 was amended to add reference to procedures for the receipt of donations of in-kind goods or services for which the fair market value of the donation exceeds or is less than \$500,000, both of which contain a requirement that all in-kind donations shall be accepted only through resolution or (in certain cases where necessary due to conditional terms) ordinance approved by the Council.

RECURRING ANNUAL CAPITAL MAINTENANCE

The CIP annually includes various appropriations which meet and/or exceed all the required minimums set forth via 2015-428-E for recurring capital maintenance needs. A detailed list of those projects and proposed appropriations can be found in the following pages contained in this section.

FY26/27 Recurring Capital Maintenance Needs Comparison				
2015-428-E			FY 26/27 CIP	
Capital Maintenance Area	Suggested Minimum	Target	Project Name	Amount
Roadway Resurfacing	12,000,000	18,000,000	Roadway Resurfacing	\$31,130,000.00
			CDBG FY27 PW- Resurfacing (Right of Way and Stormwater Mai	\$4,817,180.00
			Total	\$35,947,180.00
Sidewalk Repair	2,000,000	3,000,000	Sidewalk Curb Construction & Repair	\$6,000,000.00
			Sidewalk Maintenance Construction	\$179,616.00
			Total	\$6,179,616.00
Sidewalk "New"	250,000	500,000	Sidewalk Construction - New	\$750,000.00
			Art Museum Drive Sidewalks	\$1,800,000.00
			Belvedere Street Sidewalks	\$500,000.00
			Brady Road Sidewalk	\$500,000.00
			CDBG FY27 Public Works - Sidewalks	\$200,000.00
			Cedar Point Sidewalk	\$500,000.00
			Trout River Blvd Sidewalk (New)	\$1,500,000.00
			Total	\$5,750,000.00
Drainage System Rehab (DSR)	6,000,000	6,000,000	Drainage System Rehab (DSR)	\$13,881,923.00
			Forest Trail Drainage	\$300,000.00
			Lobrano Court Drainage Improvement	\$500,000.00
			Seabreeze Drive Drainage Improvement	\$320,000.00
			Sedgemore Drive Drainage Improvement	\$350,000.00
			Woodside Street Underdrain Drainage Improvements	\$625,000.00
			Upstream Fishing Creek Drainage Improvements	\$600,000.00
			Hyde Park Road Drainage Improvements	\$112,201.00
			Natures Hollow Way Drainage Improvements	\$300,000.00
			Total	\$16,989,124.00
Facilities Capital Maintenance	1,500,000	3,500,000	Facilities Capital Maintenance - Gov't	\$1,500,000.00
			Public Buildings - Roofing	\$1,000,000.00
			Facilities Capital Maintenance Gov't - Assess & Remediation	\$500,000.00
			Total	\$3,000,000.00

FUNDING

The CIP is the city's financially feasible plan of capital projects. It includes project costs and schedules over a five-year period to meet the infrastructure needs of the City of Jacksonville and additional State of Florida growth management mandates.

The adopted FY26/27 Capital Improvement Plan (CIP) totals nearly \$587 million dollars for 132 projects. The FY2027-2031 adopted Capital Improvement Plan focuses efforts on repair and maintenance of city infrastructure needs, facilities and parks.

Solid Waste Capital Improvement Projects

Dept	Project Name	FY 25-26
SD	Environmental Compliance - County Wide	\$2,000,000
SD	Hema Road Dump	\$750,000
SD	Hollybrook Park Environmental Assessment and Remediation	\$2,000,000
SD	McCoy's Creek Waste Oil Petroleum Discharge	\$500,000
SD	Trail Ridge Landfill Const & Expansion - Trail Ridge Landfill Expansion	\$3,600,000
		\$8,850,000

Stormwater Capital Improvement Projects

Dept	Project Name	FY 25-26
SW	Upstream Fishing Creek Drainage Improvements	\$600,000
SW	Drainage System Rehabilitation - Drainage System Rehabilitation	\$7,881,923
SW	Forest Trail Drainage Improvements	\$300,000
SW	Hogan's Creek Stormwater Improvements	\$1,645,657
SW	Hyde Park Road Drainage Improvements	\$112,201
SW	Natures Hollow Way Drainage Improvements	\$300,000
SW	Stormwater Project Development & Feasibility Studies	\$250,000
SW	Stormwater Pump Stations - Capital Maintenance	\$150,000
		\$11,239,781

The following pages provide information on the various funding sources assigned to each project as adopted for fiscal year 2026/27 and beyond.

Pursuant to Section 122.603(a), if any project is removed, delayed, or the scope or budget for a project has substantially changed the CIP shall include an explanation.		
Projects Removed from CIP		
Council District	Project Name	Justification
COJ Building	Ed Ball Building Fire Marshal's Plan Review Office	Project no longer necessary. Alternative space identified for the required usage.
7	Dallas Graham Branch Replacement	Removing funding until Library Master Plan is completed.
7	Ritz Pocket Park	The project timing and design was not consistent with adjacent stakeholders.
Projects with Substantial Change		
Council District	Project Name	Justification
2	Alta Drive Bridge	Additional funding needed to complete the project to scope.
8	Angel Lakes Sidewalk & Drainage Improvements	Additional funding needed to complete the project to scope.
1	Arlington Road Bridge	Moving funding from FY28 to FY27 to better align with project timeline.
8	Armsdale Rd-Duval Rd Improvements	Additional funding needed to complete the project to scope.
7	Bay Street Pedestrian Safety Improvements	Appropriating revenue received as a private contribution.
4	Belfort Rd Widening	Additional funding needed to complete the project to scope.
7	Brentwood Library Replacement	Additional funding needed to complete the project to scope.
7	Brown Eastside Branch Replacement	Moving design funding to FY29 and reducing overall funding. This better align to the timeline of Library Master Plan being completed.
COJ Building	Building Inspection Buildout - Ed Ball	Increase in funding due to scope change to include additional work in the building.
12	Cecil Mega Site Rail Spur	Additional funding needed to complete the project to scope.
2	Cedar Point Road Bridges	Additional funding needed to complete the project to scope.
14	Collins Road / Blanding to Pine Verde	Moving funding out one year to better align with project timeline.
Downtown Project	Concourse Flooring Replacement - VVMA	Legends Global has reallocated this funding to support immediate building systems needs.
COJ Building	Combined 911 Comm Center Facility & Back	Reduction in funding due to lower project cost.
Countywide	Countywide Intersection Imp-Intersection	Increasing funding in FY28 to keep up with Countywide demand.
8	Dinsmore Area Sidewalks	Additional funding needed to complete the project to scope.
Countywide	Drainage System Rehabilitation - Drainage System Rehabilitation	Increasing funding to keep up with Countywide demand.
COJ Building	Ed Ball Chilled Water	Additional funding needed to complete the project to scope.
12	Equestrian Center - Mounted Unit Facility	Additional funding needed to complete the project to scope.
1	Fire Station #66 – New	Reduction in funding due to lower project cost.
10	Fire Station #67 – New	Reduction in funding due to lower project cost.
12	Forest Trail Drainage	Additional funding needed to complete the project to scope.
7	Hamilton St Box Culvert Extension/Sidewalk Connection	Additional funding needed to complete the project to scope.
13	Hopkins Creek Regional Stormwater Improvements	Additional funding needed to complete the project to scope.
7	James Weldon Johnson Park	Additional funding added to cover grant cost.
13	Jax Beach Pier	Increase in funding due to additional revenue becoming available to appropriate.
12	Logistics Lane Road Extension	Reduction in funding due to lower project cost.
10	Lonnie Miller Regional Park - Phase 2 Masterplan	Reduction in funding due to lower project cost.
Countywide	Major Outfall Ditch Restoration/Cleaning	Increasing funding to keep up with Countywide demand.
7,9	McCoy's Creek Branches	Moving funding from FY27 to FY28 to better align with project timeline. Also, increase in funding
5	Natures Hollow Way Drainage Improvements	Additional funding needed to complete the project to scope.
2,8	New Berlin Rd(Cedar Pt To Starrt/Pulsky)	Additional funding needed to complete the project to scope.
Downtown Project	Northbank Riverwalk - Northbank Bulkhead	Decreasing funding. There is unspent funding from previous CIPs to cover cost.
2	Oceanway Center - Oceanway Library Replacement	Additional funding needed to complete the project to scope.
Countywide	Pavement Markings	Increasing funding to keep up with Countywide demand.
13	Penman Road Complete Street	Additional funding needed to complete the project to scope.
7	Riverside Park - Duckpond	Additional funding needed to complete the project to scope.
Countywide	Roadway Resurfacing - Roadway Resurfacing	Increasing funding to keep up with Countywide demand.
Countywide	Sidewalk Construction New	Increasing funding to keep up with Countywide demand.
Countywide	Sidewalk Maintenance Construction	Increase in funding due to additional revenue becoming available to appropriate.
Countywide	Sidewalk-Curb Construction And Repair	Increasing funding to keep up with Countywide demand.
Countywide	St Johns River - St Johns River Bulkhead, Assess & Restore	Additional funding needed to complete the project to scope.
12	Taye Brown Regional Park Improvements	Increasing funding due to appropriating Solid Waste Mitigation fees.
Countywide	Traffic Calming	Increasing funding to keep up with Countywide demand.
Countywide	Traffic Signalization - Fiber Optic	Increasing funding to keep up with Countywide demand.
Countywide	Traffic Signalization-Countywide	Increasing funding to keep up with Countywide demand.
7	Veterans Community Center	Additional funding needed to complete the project to scope.
Countywide	Water-Wastewater System Fund	Increasing funding to keep up with Countywide demand.

Project Title	Combined 911 Comm Center Facility & Back	Council District(s)	12	Est. Completion Date	
Project Location	JSO/JFRD & Cecil Field	Project Number	001362	Capital Maint. Category	None
Department	Fire and Rescue	Mayor's Priority	Public Safety	APP/Vertical Construction	No
Program Area	Public Safety	Urban Core	No	Est. Useful Life	

Description or Scope

Design and construction of a new, state of the art emergency communications center and back-up (911, Police, and Fire/EMS) that will enable combined JSO/JFRD communications staff to provide calltaking and emergency dispatch service in Duval County. The need for approximately 12,000 square feet of space located near Fire Station #73 at Cecil Field with public safety communications specifications such as raised flooring, equipment cold rooms, proper training room, administrative offices, and structural strength to meet storm rating requirements will indicate new construction as well as some modifications to the existing facility.

Justification

JSO and JFRD Computer Aided Dispatch (CAD) systems will be replaced with a combined system by 2018. A central group of call takers will be trained to answer all types of 911 calls for entry into a single CAD system to modify the current procedure of transferring fire or medical callers from JSO to JFRD. A new, properly equipped back-up facility will house these technology advancements. The current facilities will also have modifications to adapt to the new technology.

Project Title	Fire Station #66 - New	Council District(s)	1	Est. Completion Date	2025
Project Location	Merrill Rd. and Hartsfield	Project Number	010985	Capital Maint. Category	None
Department	Fire and Rescue	Mayor's Priority	Public Safety	APP/Vertical Construction	Yes
Program Area	Public Safety	Urban Core	No	Est. Useful Life	50 years

Description or Scope

The project is the construction and staffing of a new fire station in the Merrill Rd. and Hartsfield community. A new Fire Engine and Rescue unit is included in this enhancement.

Justification

This project includes determining the proper location near Merrill Rd. and Hartsfield area, and subsequent purchase of a suitable property for the construction and staffing of a JFRD fire station. Build new Fire Station 66 as identified in the City's 2012-2016 Capital Improvement Program and Tri Data report to reduce response times for fire and EMS runs.

Project Title	Fire Station #77 - New	Council District(s)	12	Est. Completion Date	2029
Project Location	West of US-301 and in between Trail Ridge and I-10	Project Number		Capital Maint. Category	None
Department	Fire and Rescue	Mayor's Priority	Public Safety	APP/Vertical Construction	Yes
Program Area	Public Safety	Urban Core	No	Est. Useful Life	50 years

Description or Scope

This project is the construction and staffing of Fire Station #77. The new station will be staffed with an ALS engine company, an ALS ladder company, an ALS rescue unit, a tanker and a suppression district chief.

Justification

The 10,000 acre development where Fire Station 77 will be located is extreme western Duval County. The development will include thousands of homes, commercial businesses, schools and a hospital. The majority of this development is in an area that is rated an ISO Class 10. Projections show this is becoming one of the fastest growing areas of the county and the area demonstrates a need for adequate fire and EMS protection. Response times in areas of the development fall outside of NFPA 1710 recommendations. Constructing a fire station within this area will ensure response times are 8 minutes (480 seconds) or less 90 percent of the time in accordance with NFPA 171 standards. In the PUD, the developer has set aside a 2.5 acre parcel for fire station construction.

Project Location	711 Liberty Street	Project Number	011387	Capital Maint. Category	None
Department	Fire and Rescue	Mayor's Priority	Public Safety	APP/Vertical Construction	No
Program Area	Public Facilities	Urban Core	No	Est. Useful Life	30 years

Description or Scope
The Jacksonville Fire and Rescue Department has evaluated the potential acquisition and renovation of 711 N. Liberty Street to serve as a modernized administrative support and training facility. This initiative would supplement the departments existing facilities, which are currently operating at near capacity, while consolidating operations, improving efficiency and provide enhanced resources for personnel.

Justification
Acquiring 711 N. Liberty Street would provide: Dedicated training and education space ideal for classrooms, simulation rooms, continuing education facilities, and leadership development programs. Strategic downtown location due to its proximity to major roadways and civic buildings enhancing interagency coordination.Improved parking and traffic relief for JFRD headquarters and surrounding businesses. Centralize support services and expansion of our EMS and safety supply distributions.

Project Title	Acree Road Bridge Replacement	Council District(s)	8	Est. Completion Date	2024
Project Location	Acree Road	Project Number	002213	Capital Maint. Category	Maint., Upgrade and Replace
Department	Public Works	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Roads / Infrastructure / Transportation	Urban Core	No	Est. Useful Life	30 years

Description or Scope

Replacement of three timber bridges on Acree Road near the Duval County line.

Justification

The bridges are designated as Structurally Deficient by the FDOT and require replacement. Emergency maintenance and bridge closures in the past few years have shown these bridges to be near the end of their useful life.

Project Title	Arlington Road Bridge	Council District(s)	1	Est. Completion Date	2027
Project Location	Arlington Road (btw Arlington Expwy & Atlantic Blvd)	Project Number	010560	Capital Maint. Category	Maint., Upgrade and Replace
Department	Public Works	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Roads / Infrastructure / Transportation	Urban Core	No	Est. Useful Life	50 years

Description or Scope

Design and repair to washout portion of the approach roadway and sidewalk north of the bridge on Arlington Road North.

Justification

Repairs to the approach roadway and sidewalks will be preformed to improve public safety and mobility issues.

Project Title	Armsdale Rd-Duval Rd Improvements	Council District(s)	8	Est. Completion Date	
Project Location	Armsdale Rd	Project Number	001350	Capital Maint. Category	None
Department	Public Works	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Roads / Infrastructure / Transportation	Urban Core	No	Est. Useful Life	

Description or Scope

This project provides for the improvements on and long Armsdale Road, including sidewalks along Armsdale Road from Dunn Avenue to Duval Road and long sections of Duval road from Victoria Point Drive northeasterly to Armsdale Road, intersection improvements at Duval Road and Armsdale Road, 90-degree curvewarning enhancements on Armsdale Road, pedestrian crossing on Armsdale Road, and drainage as required for these improvements.

Justification

This project is needed to improve the safety of pedestrians and vehicles as well as provide drainage improvements within the project limits.

Project Title	Belfort Road Widening	Council District(s)	4	Est. Completion Date	2024
Project Location	Belfort Road	Project Number	010565	Capital Maint. Category	None
Department	Public Works	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Roads / Infrastructure / Transportation	Urban Core	No	Est. Useful Life	25 years

Description or Scope

This project will widen Belfort Road from 2 lanes to 4 lanes with a center turn lane from Southpoint Parkway to Gate Parkway, modify or replace the traffic signal installations at the Southpoint Parkway and Gate Parkway, and install traffic safety improvements on Belfort Road from A.C. Skinner Parkway to Gate Parkway.

Justification

The operational, widening and reconstruction improvements, and area wide strategies will accommodate the existing and future travel demand in the area. These improvements will reduce congestion, improve safety and operation, and allow for more efficient travel in the Belfort-Southside area.

Project Title	Brady Road Sidewalk	Council District(s)	6	Est. Completion Date	2029
Project Location	Orange Picker to Flynn Road	Project Number	011358	Capital Maint. Category	Sidewalk - New
Department	Public Works	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Roads / Infrastructure / Transportation	Urban Core	No	Est. Useful Life	15 years

Description or Scope

This allocation funds the construction of new sidewalks in accordance with the Pedestrian Safety Improvement Program criteria throughout Jacksonville on Orange Picker Road. Funding will be used for installation of new sidewalks that will help to address pedestrian safety and mobility issues. Project includes the construction of sidewalks from Orange Picker to Flynn Road.

Justification

Jacksonville is ranked highest for pedestrian fatalities among most populous cities in America. Improved sidewalks and ADA ramps will provide safer and more efficient pedestrian movement throughout Jacksonville. The new sidewalks and ADA compliant sidewalks will encourage companies to locate in Jacksonville.

Project Title	Cedar Point Road Bridges	Council District(s)	2	Est. Completion Date	
Project Location	Cedar Point Rd	Project Number	001312	Capital Maint. Category	None
Department	Public Works	Mayor's Priority		APP/Vertical Construction	
Program Area	Roads / Infrastructure / Transportation	Urban Core		Est. Useful Life	50 years

Description or Scope
Construction of bridge widenings with sidewalks for two bridges on Cedar Point Road Between Boney Road and Grover Road.

Justification
Funding will be used for widening two bridges to current FDOT Standards and installation of new sidewalks that will help to address public safety and mobility issues.

Project Title	Cedar Point Sidewalk	Council District(s)	2	Est. Completion Date	2027
Project Location	Cedar Point Road	Project Number	008819	Capital Maint. Category	Sidewalk - New
Department	Public Works	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Roads / Infrastructure / Transportation	Urban Core	No	Est. Useful Life	50 years

Description or Scope

Construct approx. 600 LF of sidewalk on Cedar Point Rd. in front of Bradley Pond Development.

Justification

The sidewalk will complete a missing segment along Cedar Point Rd. and connect to a publicly accessible multi-use trail through the Bradley Pond development. The construction of the sidewalk is part of the Bradly Pond PUD agreement. FDOT has funded the design of the sidewalk.

Department	Public Works	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Roads / Infrastructure / Transportation	Urban Core	No	Est. Useful Life	30 years

Description or Scope

Design & Construction to widen Chaffee Road from 2 lanes to 4 lanes with medians and auxiliary turn lanes from Normandy Blvd to I-10 as well as improvements identified in the NTPO study from Beaver Street to Old Plank Road.

Justification

Residential and Commercial development along Chaffee Road from Normandy Boulevard to Crystal Springs Road is rapidly increasing. Road and traffic control improvements are needed to provide a roadway that provides for the safe movement of traffic, bicyclists and pedestrians within this corridor.

Project Title	Countywide Bulkhead-Assessment, Repair, Replacement	Council District(s)	Countywide	Est. Completion Date	Ongoing
Project Location	Countywide	Project Number	001301	Capital Maint. Category	Maint., Upgrade and Replace
Department	Public Works	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Roads / Infrastructure / Transportation	Urban Core		Est. Useful Life	50 years

Description or Scope

This funds inspection/repair/replacement of the City's countywide bulkhead assets not limited to the St. Johns River. Funding will be used to evaluate and address failing bulkheads. Citywide bulkhead replacement (failures and poor countywide bulkheads). The scope of any specific bulkhead project funded within a CRA boundary shall be clearly defined at the time of identification of such project. This scope clarification is applicable to funds remaining from prior year, as well as current year appropriations, and future year budgeted funding.

Justification

This funds inspection/repair/replacement of the City's countywide bulkhead assets not limited to the St. Johns River. Funding will be used to evaluate and address failing bulkheads. Citywide bulkhead replacement (failures and poor countywide bulkheads).The CIP scope clarification is necessary to avoid conflict with CRA projects.

Project Title	Countywide Intersection Imp,Brge-Bridges	Council District(s)	Countywide	Est. Completion Date	Ongoing
Project Location	Countywide	Project Number	001131	Capital Maint. Category	Maint., Upgrade and Replace
Department	Public Works	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Roads / Infrastructure / Transportation	Urban Core		Est. Useful Life	25 years

Description or Scope

This allocation funds county-wide enhancements to City bridges. The enhancements are focused on City bridge improvements to ensure appropriate transportation operations throughout Jacksonville. The Public Works Department has developed a prioritization process to identify the most necessary needs. This project will also provide a funding source to address emergency repairs when necessary due to a bridge failure or traffic accident(s). The scope of any specific bridge project funded within a CRA boundary shall be clearly defined at the time of identification of such project. This scope clarification is applicable to funds remaining from prior year, as well as current year appropriations, and future year budgeted funding.

Justification

Adequately maintaining the City's bridge structures is a very important component of ensuring that our City's infrastructure is safe and reliable for the citizens of Jacksonville. The CIP scope clarification is necessary to avoid conflict with CRA projects.

Project Title	Countywide Intersection Imp-Intersection	Council District(s)	Countywide	Est. Completion Date	Ongoing
Project Location	Countywide	Project Number	001132	Capital Maint. Category	Intersection Improvements
Department	Public Works	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Roads / Infrastructure / Transportation	Urban Core		Est. Useful Life	20 years

Description or Scope

This allocation funds county-wide enhancements to City intersections. The enhancements are focused on City intersection capacity and safety improvements to ensure appropriate transportation operations throughout Jacksonville. The Public Works Department has developed a prioritization process to identify the most necessary needs. The scope of any specific intersection project funded within a CRA boundary shall be clearly defined at the time of identification of such project. This scope clarification is applicable to funds remaining from prior year, as well as current year appropriations, and future year budgeted funding.

Justification

Locations experiencing noticeable volumes of crashes may be improved with corrective measures that will mitigate targeted crash types and crash/conflict contributing factors. The work is usually minor and improvement plans are selected based on anticipated reduction in crashes or elimination of factors that contribute to crashes. It provides flexibility to address unforeseen needs rapidly, since the funding is already in place. The CIP scope clarification is necessary to avoid conflict with CRA projects.

Project Title	Dinsmore Area Sidewalks	Council District(s)	8	Est. Completion Date	TBD
Project Location	Dinsmore Area	Project Number	011020	Capital Maint. Category	Sidewalk - New
Department	Public Works	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Roads / Infrastructure / Transportation	Urban Core	No	Est. Useful Life	50 years

Description or Scope

Design and construction of sidewalks on one side of the following streets: Old Kings Rd. (Plummer Rd. to Acree Rd.) – 2 miles, Dunn Ave./Harrell St. (Old Kings to New Kings Rd.) – 0.5 miles.

Justification

Funding will be used for installation of new sidewalk to help address pedestrian safety and mobility issues in this neighborhood.

Project Title	Emerald Trail - Hogan's Creek to Riverwalk	Council District(s)	Downtown Project	Est. Completion Date	2029
Project Location	East of Main Street/South of Duval Street	Project Number	010801	Capital Maint. Category	None
Department	Public Works	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Roads / Infrastructure / Transportation	Urban Core	No	Est. Useful Life	20 years

Description or Scope
East of Main Street, this segment will extend the Hogan's Creek Greenway along the creek corridor to the south of Duval Street where the segment will create a loop connection on the east side of downtown with the Northbank Riverwalk and the TIAA Bank Field, Veterans Memorial Arena, and Baseball Grounds of Jacksonville sports venues.

Justification
Connects Hogan's Creek Greenway to the Northbank Riverwalk.

Project Title	Hamilton St Box Culvert Extension/Sidewalk Connection	Council District(s)	7	Est. Completion Date	TBD
Project Location	Hamilton Street	Project Number	011200	Capital Maint. Category	Sidewalk - New
Department	Public Works	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Roads / Infrastructure / Transportation	Urban Core	No	Est. Useful Life	15 years

Description or Scope

This allocation funds the extension of an existing box culvert and construction of new sidewalk in accordance with the Pedestrian Safety Improvement Program criteria throughout Jacksonville. Funding will be used for installation of new sidewalk to complete missing gaps that will help to address pedestrian safety and mobility issues.

Justification

Improved sidewalks will provide safer and more efficient pedestrian movement throughout Jacksonville.

Project Title	Hardscape - County Wide Maintenance & Repair	Council District(s)	Countywide	Est. Completion Date	Ongoing
Project Location	Countywide	Project Number	001255	Capital Maint. Category	Roadway Safety - Pedestrian C
Department	Public Works	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Roads / Infrastructure / Transportation	Urban Core		Est. Useful Life	10 years

Description or Scope

This allocation funds countywide repairs to the City's existing Hardscape features. These features include items found within the right-of-way that are considered to be specialty, including but not limited to: sidewalk pavers, textured crosswalks, stamped/colored asphalts, etc. The repairs are focused on system restoration to ensure that all components function in accordance with their intended purpose. The funding is projected to be used for continuing maintenance contract services. The scope of any specific project funded within a CRA boundary shall be clearly defined at the time of identification of such project. This scope clarification is applicable to funds remaining from prior year, as well as current year appropriations, and future year budgeted funding.

Justification

The City of Jacksonville currently has a backlog in hardscape repairs which could result in liability for citizen injuries. Improved paver sidewalks and crosswalk repairs will provide safer and more efficient pedestrian movement throughout Jacksonville. The CIP scope clarification is necessary to avoid conflict with CRA projects.

Project Title	I-10 to Ramona Outfall Ditch Restoration	Council District(s)	9, 12	Est. Completion Date	2028
Project Location	I-10 to Ramona Blvd	Project Number	011359	Capital Maint. Category	Drainage System Rehabilitatio
Department	Public Works	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Roads / Infrastructure / Transportation	Urban Core	No	Est. Useful Life	10 years

Description or Scope

The major outfall ditch conveyance channel would be modified to return the channel to its original capacity. Outfall ditch banks will be armored(where needed) to protect against future erosion.

Justification

Clearing and restoring the outfall ditch channel width and removing vegetative overgrowth will reestablish and maintain outfall capacity.

Project Title	Lobrano Court Drainage Improvements	Council District(s)	6	Est. Completion Date	2028
Project Location	Lobrano Court	Project Number	011360	Capital Maint. Category	Drainage System Rehabilitatio
Department	Public Works	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Roads / Infrastructure / Transportation	Urban Core	No	Est. Useful Life	15 years

Description or Scope

Project will repair damaged curb and gutter and driveways on Lobrano Court. The base material under the curb and gutter and asphalt is proposed to be recycled concrete aggregate. The modified base material will protect the curb and gutter and each driveway for a longer life expectancy.

Justification

The existing curb and gutter has been damaged by the high-water table. My Jax issue CARE 2013-5008860. Currently ranked #8 on the City's DSR ranking list.

Project Title	Main Street Bridge Pedestrian Ramp	Council District(s)	7	Est. Completion Date	TBD
Project Location	Main Street Bridge	Project Number	011201	Capital Maint. Category	None
Department	Public Works	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Roads / Infrastructure / Transportation	Urban Core	Yes	Est. Useful Life	25 years

Description or Scope

This project will enable and create a pedestrian ramp from the Main Street Bridge to the Riverwalk. This project expands upon the vehicle access ramp removal from Independent Dr. to the Main Street Bridge performed by FDOT by removing remaining bridge portions on the west side of the Main Street Bridge and completing other pedestrian infrastructure improvements along this portion of the Main Street Bridge. This scope clarification is applicable to funds remaining from prior year, as well as current year appropriations, and future year budgeted funding.

Justification

FDOT is removing the south bound on ramp to the Main Street Bridge. The new pedestrian ramp will encourage development at the Riverfront Plaza Site. The CIP scope clarification is necessary to avoid conflict with CRA projects.

Project Title	Monument Road Improvements	Council District(s)	1	Est. Completion Date	FY28
Project Location	Monument Road	Project Number		Capital Maint. Category	None
Department	Public Works	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Roads / Infrastructure / Transportation	Urban Core	No	Est. Useful Life	50 years

Description or Scope

This project will resurface, install raised medians, add bike lanes from Atlantic Blvd to Trednick Parkway, install dual EB left-turn lanes and NB receiving lanes at St. Johns Bluff Rd. Construct 1.1 miles of new sidewalk on Monument Rd from Regency Sq Blvd N to Lee Rd and 900 ft of sidewalk from Atlantic Blvd to Monument Rd as well as reconfigure the lane assignments at Trednick Parkway.

Justification

Recommended by the 2020 TPO Corridor Study for Monument Road from Atlantic Blvd to St. Johns Bluff Road to reduce delay and improve safety.

Project Title	Neptune Beach - Kings Rd Roundabout	Council District(s)	13	Est. Completion Date	
Project Location	Neptune Beach	Project Number	011361	Capital Maint. Category	None
Department	Public Works	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Roads / Infrastructure / Transportation	Urban Core		Est. Useful Life	

Description or Scope

Construct a new roundabout at the intersection of Kings Road and Florida Boulevard.

Justification

Improve traffic flow and pedestrian safety at the intersection of Kings Road and Florida Boulevard. This intersection is approximately 0.15 miles from the Neptune Beach Elementary School.

Project Title	New Berlin Rd(Cedar Pt To Starrt/Pulsky)	Council District(s)	2,8	Est. Completion Date	TBD
Project Location	New Berlin Road	Project Number	009015	Capital Maint. Category	Intersection Improvements
Department	Public Works	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Roads / Infrastructure / Transportation	Urban Core	No	Est. Useful Life	

Description or Scope

Traffic study and concept design for road improvement align New Berlin Road. The limits of the improvements are along New Berlin Road from Cedar Point Road to the intersection of Staratt Road and Pulaski Road.

Justification

This project is needed to align New Berlin Road and provide intersection improvements at a heavily traveled area where there is only a stop sign currently.

Project Title	Northbank Riverwalk - Northbank Bulkhead	Council District(s)	Downtown Project	Est. Completion Date	Beyond 5th Year
Project Location	Northbank Riverwalk in Downtown	Project Number	001032	Capital Maint. Category	Maint., Upgrade and Replace
Department	Public Works	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Roads / Infrastructure / Transportation	Urban Core	Yes	Est. Useful Life	25 years

Description or Scope

Our continuous inspection of the Northbank Riverwalk indicates a need to begin phasing the entire replacement of the bulkhead beginning at the Acosta Bridge through Metropolitan Park. Replacement of the bulkhead may require removal and replacement, or repairs to, the adjacent existing Riverwalk and funds may be used to construct new Riverwalk segments adjacent to new bulkhead sections. There is approximately 7,070 linear feet of bulkhead (including 1,400 linear feet at Met Park) and it is estimated that the complete replacement cost will be over \$31 million. Our plan is to phase the replacement over time. The scope does not include enhancements to the existing Riverwalk unless in conjunction with Bulkhead replacement. This scope clarification is applicable to prior year, as well as current year appropriations, and future year budgeted funding.

Justification

Replacement of this deteriorating bulkhead will reduce on-going maintenance costs and eliminate potential liabilities assigned to the City. Future years' funding will be required to continue the effort of completing this replacement task and ongoing City maintenance. The CIP scope clarification is necessary to avoid conflict with CRA projects.

Project Title	Overhead Pedestrian Signal – Duval Station Road	Council District(s)	8	Est. Completion Date	
Project Location	711 Duval Station Road	Project Number	011203	Capital Maint. Category	None
Department	Public Works	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Roads / Infrastructure / Transportation	Urban Core	No	Est. Useful Life	25 years

Description or Scope

There are at least 100+ high school and middle school students crossing Duval Station Rd every day. At the 4 lane approach there are sight distance concerns. To enhance the safety of this crossing, an overhead high intensity activated crosswalk is needed. The HAWK also known as a PHB (Pedestrian Hybrid Beacon) is expected to improve safety while minimizing vehicular delay.

Justification

Jacksonville is consistently listed as one of the most dangerous cities for pedestrians. This project will improve pedestrian safety.

Project Title	Overhead Pedestrian Signal -Golfair Blvd. & APR Academy	Council District(s)	10	Est. Completion Date	
Project Location	Golfair Blvd at Baldwin Avenue and A. Phillip Randolph Acad	Project Number		Capital Maint. Category	None
Department	Public Works	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Roads / Infrastructure / Transportation	Urban Core	No	Est. Useful Life	25 years

Description or Scope

Construction of a safe pedestrian crossing, (HAWK), for students walking to A. Phillip Randolph Academy on Golfair Blvd.

Justification

There is no safe crossing location on Golfair Blvd. for students walking to school. The school resource officer currently controls traffic to let students cross -the officer is not always available. Golfair is a busy 4 lane road with high speeds. The crossing was requested by the school.

Project Title	Penman Road Complete Street	Council District(s)	13	Est. Completion Date	Beyond 2025
Project Location	Penman Road	Project Number	010111	Capital Maint. Category	Roadway Safety - Pedestrian C
Department	Public Works	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Roads / Infrastructure / Transportation	Urban Core	No	Est. Useful Life	15 years

Description or Scope

Complete a "Complete Streets" study for Penman (Atlantic to Beach Blvd) which will address intersection, pedestrian and bicycle needs and improvements.

Justification

All three Beaches communities: Atlantic Beach, Neptune Beach and Jacksonville Beach have passed resolutions asking the City of Jacksonville to make Penman Road safer for pedestrians by pursuing complete streets projects.

Project Title	Railroad Crossings	Council District(s)	Countywide	Est. Completion Date	Ongoing
Project Location	Countywide	Project Number	001043	Capital Maint. Category	Railroad Crossings
Department	Public Works	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Roads / Infrastructure / Transportation	Urban Core	No	Est. Useful Life	15 years

Description or Scope

This allocation funds countywide railroad crossing maintenance. The City has long standing agreements with the major railroad companies that place the maintenance and repair cost of railroad crossings on the City. By agreement, the City has to have funds available at all times to pay for any work that may be deemed necessary by the railroads.

Justification

The City of Jacksonville has to be able to fulfill the obligation of the agreements in place with the railroads. The crossing improvements are safety related and are performed by the railroads.

Project Title	Resiliency Infrastructure Improvements	Council District(s)	Countywide	Est. Completion Date	
Project Location	Countywide	Project Number	010384	Capital Maint. Category	None
Department	Public Works	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Roads / Infrastructure / Transportation	Urban Core		Est. Useful Life	50 years

Description or Scope

It is important for public infrastructure to be adaptive to changing environmental conditions, it will be important to assess the ability of existing infrastructure to withstand current and future stresses, and to plan for the infrastructure's rehabilitation, relocation and/or replacement. In addition, public access to resilient related information and data assist with community engagement.

Justification

It will be critical that new capital infrastructure to be made so that the infrastructure is located and engineered/designed to withstand climate risks expected over the lifetime of the asset.

Project Title	Roadway Resurfacing - Roadway Resurfacing	Council District(s)	Countywide	Est. Completion Date	Ongoing
Project Location	Countywide	Project Number	001024	Capital Maint. Category	Roadway Resurfacing
Department	Public Works	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Roads / Infrastructure / Transportation	Urban Core		Est. Useful Life	25 years

Description or Scope

This allocation funds resurfacing of City roads throughout Jacksonville. The City is responsible for approximately 3,682 miles of paved centerline roadway. Resurfacing includes full milling and resurfacing, micro-surfacing and rejuvenation of City roadways. All of these treatments extend the lifespan of existing city roadways. Program Management Services for the Pavement Management program are also included in this project. A portion of this project is being funded by Community Development Block Grant (CDBG) grant funding. The scope of any specific resurfacing project funded within a CRA boundary shall be clearly defined at the time of identification of such project. This scope clarification is applicable to funds remaining from prior year, as well as current year appropriations, and future year budgeted funding.

Justification

The improved resurfaced roadways will provide safer and more efficient transportation throughout Jacksonville. The project will decrease operating budget in future years and maintenance efforts that will be required on the resurfaced roadways will be reduced resulting in cost savings for maintenance. Also the improved resurfaced roadways will result in lower damage claims for vehicles due to problems with the deteriorated roadway surface such as potholes. The resurfaced roadways will encourage companies to locate to Jacksonville. The CIP scope clarification is necessary to avoid conflict with CRA projects.

Project Title	Roadway Safety Project - Roadway Safety Project-Ped X-In	Council District(s)	Countywide	Est. Completion Date	Ongoing
Project Location	Countywide	Project Number	001008	Capital Maint. Category	Roadway Safety - Pedestrian C
Department	Public Works	Mayor's Priority	Public Safety	APP/Vertical Construction	No
Program Area	Roads / Infrastructure / Transportation	Urban Core		Est. Useful Life	15 years

Description or Scope

Improve existing pedestrian crossings and install pedestrian crossing at unmarked sites on City right of way. Some locations may require pavement markings and signage and other locations may require Rectangular Rapid Flashing Beacons (RRFB).

Justification

The City is currently ranked high in pedestrian fatalities. Mid-block crossings and unmarked crossings pose a challenge to elementary and middle school age children as well as seniors. Site prioritization recognizes the need for pedestrian crossings at elementary and middle school student walkways and at senior living areas with bus stops.

Project Title	Roadway Sign Stripe And Signal	Council District(s)	Countywide	Est. Completion Date	Ongoing
Project Location	Countywide	Project Number	001022	Capital Maint. Category	Maint., Upgrade and Replace
Department	Public Works	Mayor's Priority	Public Safety	APP/Vertical Construction	No
Program Area	Roads / Infrastructure / Transportation	Urban Core		Est. Useful Life	10 years

Description or Scope

This project supports the Traffic Engineering Division's county-wide effort to re-stripe and re-sign deficient roadways. Additional efforts include signal repair and replacement or enhancement of traffic signal equipment.

Justification

Roadways that lack or are missing lane lines/lane control markings (arrows, etc.) are difficult to traverse with opposing traffic. Drivers are exposed to side swipe and off set head on collisions. Turns and curves are critical segments that require clear lane delineation. Repair of signalized intersections is critical in providing traffic control during weekday peak periods. Signs are replaced as reflectivity is reduced. Regulatory signs and school zones are critical locations. Signs useful life: 10 years, Signal useful life: 8 years, Striping useful life: 6 years.

Project Title	Seabreeze Drive Drainage Improvement	Council District(s)	13	Est. Completion Date	TBD
Project Location	Seabreeze Drive	Project Number	011363	Capital Maint. Category	Drainage System Rehabilitatio
Department	Public Works	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Roads / Infrastructure / Transportation	Urban Core	No	Est. Useful Life	50 years

Description or Scope

Install three check valves in existing storm pipes to prevent high tide from the intracoastal back-flowing up the pipes and flooding the neighborhood.

Justification

High tides from the intracoastal are causing flooding in the neighborhood and into some houses. A check valve would solve the flooding from the tides, but flooding could potentially still occur during large storm events.

Project Title	Sedgemoore Drive Drainage Improvements	Council District(s)	6	Est. Completion Date	TBD
Project Location	Sedgemoore Drive	Project Number	011034	Capital Maint. Category	Drainage System Rehabilitatio
Department	Public Works	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Roads / Infrastructure / Transportation	Urban Core	No	Est. Useful Life	25 years

Description or Scope
Repair damaged residential roadway along Sedgemoore Drive and Halethorpe Drive.

Justification
Reduces major roadway flooding on Sedgemoore and Halethorpe Drive. The existing asphalt roadway has been damaged by the high water table and severe cracking and potholes. CARE issue 2018-189464. Currently ranked #15 on the City's DSR ranking list.

Project Title	Sidewalk Construction - New	Council District(s)	Countywide	Est. Completion Date	Ongoing
Project Location	Countywide	Project Number	001305	Capital Maint. Category	Sidewalk - New
Department	Public Works	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Roads / Infrastructure / Transportation	Urban Core		Est. Useful Life	25 years

Description or Scope

This allocation funds the construction of new sidewalks in accordance with the Pedestrian Safety Improvement Program criteria throughout Jacksonville. Funding will be used for installation of new sidewalks to complete missing gaps that will help to address pedestrian safety and mobility issues. The scope of any specific project funded within a CRA boundary shall be clearly defined at the time of identification of such project. This scope clarification is applicable to funds remaining from prior year, as well as current year appropriations, and future year budgeted funding.

Justification

Improved sidewalks and ADA ramps will provide safer and more efficient pedestrian movement throughout Jacksonville. The new sidewalks and ADA compliant sidewalks will encourage companies to locate to Jacksonville. The CIP scope clarification is necessary to avoid conflict with CRA projects.

Project Title	Sidewalk Maintenance Construction	Council District(s)	Countywide	Est. Completion Date	
Project Location	Countywide	Project Number	001207	Capital Maint. Category	Sidewalk - Repair
Department	Public Works	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Roads / Infrastructure / Transportation	Urban Core	No	Est. Useful Life	

Description or Scope

The scope of any specific sidewalk project funded within a CRA boundary shall be clearly defined at the time of identification of such project. This scope clarification is applicable to funds remaining from prior year, as well as current year appropriations, and future year budgeted funding.

Justification

Creation of a sidewalk fund to accept Developer contributions in lieu of sidewalk construction. The CIP scope clarification is necessary to avoid conflict with CRA projects.

Project Title	Sidewalk-Curb Construction And Repair	Council District(s)	Countywide	Est. Completion Date	Ongoing
Project Location	Countywide	Project Number	001118	Capital Maint. Category	Sidewalk - Repair
Department	Public Works	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Roads / Infrastructure / Transportation	Urban Core		Est. Useful Life	10 years

Description or Scope

Construction and repair of existing Sidewalks and curbs. The scope of any specific sidewalk or curb project funded within a CRA boundary shall be clearly defined at the time of identification of such project. This scope clarification is applicable to funds remaining from prior year, as well as current year appropriations, and future year budgeted funding.

Justification

The City of Jacksonville currently has a very large backlog in sidewalk repairs which could result in liability for citizen injuries. Improved sidewalks and ADA ramps will provide safer and more efficient pedestrian movement throughout Jacksonville. The repaired and new sidewalks and ADA compliant sidewalks will encourage companies to locate to Jacksonville. The CIP scope clarification is necessary to avoid conflict with CRA projects.

Project Title	St Johns River - St Johns River Bulkhead, Assess & Restore	Council District(s)	Countywide	Est. Completion Date	Ongoing
Project Location	Countywide	Project Number	001218	Capital Maint. Category	Maint., Upgrade and Replace
Department	Public Works	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Roads / Infrastructure / Transportation	Urban Core		Est. Useful Life	50 years

Description or Scope

This funds inspection/repair/replacement of the City's countywide bulkhead assets. Previous years' funding has been utilized to inventory and assess 557 Structures throughout Jacksonville. They have been assessed as being either in excellent, good, poor, or failing conditions to allow for a prioritization of improvement. Previous years' allocations have also funded the repair/replacement of the highest priority structures (those identified as Failure & Poor condition - 86 Structures) and continual funding supports ongoing inspections in order to update the project prioritization list and address the next group of highest priority structures.

Justification

Extending bulkhead life and/or replacement of deteriorated bulkheads will reduce on going maintenance costs and eliminate potential liabilities assigned to the City. Future years' funding will be required to continue the effort of maintaining the City's bulkhead infrastructure.

Project Title	Stadium Parking Milling, Resurfacing and Pipe De-Silting	Council District(s)	Downtown Project	Est. Completion Date	2028
Project Location	1 Everbank Stadium Drive	Project Number		Capital Maint. Category	None
Department	Public Works	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Roads / Infrastructure / Transportation	Urban Core	No	Est. Useful Life	

Description or Scope

This work will consist of stripping and resurfacing of all existing, paved (as of the execution date hereof) surface parking lots consisting of Lots A, C, D, E, J, M, N, P and Z on the Stadium Site. Also, the removal, mitigation and / or remediation of silting in the storm waterpipes beneath the Stadium Site.

Justification

This work is needed to complete the stadium infrastructure as outlined in 2024-904-E.

Project Title	Sunbeam Road Underdrain Replacement Project – Phase 2	Council District(s)	5	Est. Completion Date	TBD
Project Location	Sunbeam Road	Project Number	011365	Capital Maint. Category	Drainage System Rehabilitatio
Department	Public Works	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Roads / Infrastructure / Transportation	Urban Core	No	Est. Useful Life	25 years

Description or Scope

Replace the existing underdrain and any failing roadway elements for a segment of Sunbeam Rd that is roughly 600 LF.

Justification

The existing underdrains in Sunbeam Rd. are failing. This is causing portions of the roadway, sidewalk, and curb to sink and become uneven.

Project Title	Traffic Calming	Council District(s)	Countywide	Est. Completion Date	Ongoing
Project Location	Countywide	Project Number	001121	Capital Maint. Category	Traffic Calming
Department	Public Works	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Roads / Infrastructure / Transportation	Urban Core		Est. Useful Life	

Description or Scope

The project is a Countywide project to help alleviate traffic. This funding will be used to calm traffic in areas throughout the county where speed humps and other traffic calming devices can be implemented.

Justification

Traffic calming in desired neighborhoods to slow motorized traffic, enhance safe pedestrian crossings and help position parked vehicles away from corners to provide better sight distance. This project will install curb extensions, shorten pedestrian crossing distances and provide area for landscaping.

Project Title	Traffic Signal –NEW -University Blvd. and Edenfield Rd.	Council District(s)	1	Est. Completion Date	
Project Location	University Blvd. and Edenfield Rd.	Project Number		Capital Maint. Category	None
Department	Public Works	Mayor's Priority	Infrastructure	APP/Vertical Construction	
Program Area	Roads / Infrastructure / Transportation	Urban Core		Est. Useful Life	

Description or Scope
Install a new traffic signal.

Justification
Traffic data shows that a new traffic signal is warranted. The signal will reduce congestion and reduce severe crashes. A new traffic signal is warranted and will improve safety.

Project Title	Traffic Signalization - Fiber Optic	Council District(s)	Countywide	Est. Completion Date	Ongoing
Project Location	Countywide	Project Number	010405	Capital Maint. Category	Maint., Upgrade and Replace
Department	Public Works	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Roads / Infrastructure / Transportation	Urban Core		Est. Useful Life	20 years

Description or Scope

The project will provide communications to the traffic signals along selected City arterials. A communication link to a traffic signal controller will allow for remote assessment of signal issues, provide automated warning for power outages, allow for video capability, and remote real time observation of the intersection and corridor.

Justification

A communication link to a traffic signal controller will allow for remote assessment of signal issues, provide automated warning for power outages, allow for video capability, and remote real time observation of the intersection and corridor. Fiber communications will allow for a more rapid assessment and reduced labor costs.

Department	Public Works	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Roads / Infrastructure / Transportation	Urban Core		Est. Useful Life	15 years

Description or Scope

The purpose of this project is to provide funding for signalization of intersections. When the Traffic Engineering Division deems that an intersection meets the criteria for signalization, these funds will provide the resources to design and install the necessary traffic signals.

Justification

Traffic Engineering Division deems that an intersection meets the criteria for signalization and these funds are needed for the installation.

Project Title	Traffic Street Lights	Council District(s)	Countywide	Est. Completion Date	Ongoing
Project Location	Countywide	Project Number	001062	Capital Maint. Category	Traffic Street Lights
Department	Public Works	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Roads / Infrastructure / Transportation	Urban Core		Est. Useful Life	

Description or Scope

Countywide effort to provide funding for lighting projects. The scope of any specific project funded within a CRA boundary shall be clearly defined at the time of identification of such project. Traffic street lights for Forsyth and Adams included in the CRA project are expressly excluded. This scope clarification is applicable to funds remaining from prior year, as well as current year appropriations, and future year budgeted funding.

Justification

Rust prevention. The CIP scope clarification is necessary to avoid conflict with CRA projects.

Project Title	Trout River Blvd Sidewalk (New)	Council District(s)	10	Est. Completion Date	TBD
Project Location	Trout River Blvd	Project Number	011204	Capital Maint. Category	Sidewalk - New
Department	Public Works	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Roads / Infrastructure / Transportation	Urban Core	No	Est. Useful Life	15 years

Description or Scope

This allocation funds the construction of new sidewalks in accordance with the Pedestrian Safety Improvement Program criteria throughout Jacksonville on Trout River Blvd. Funding will be used for installation of new sidewalks that will help to address pedestrian safety and mobility issues. Project includes the construction of sidewalks from Old Kings Road to New Kings Road (Approximately 3,300 ft) and includes a railroad pedestrian crossing.

Justification

Jacksonville is ranked highest for pedestrian fatalities among most populous cities in America. Improved sidewalks and ADA ramps will provide safer and more efficient pedestrian movement throughout Jacksonville. The new sidewalks and ADA compliant sidewalks will encourage companies to locate in Jacksonville.

Project Title	Widening of Lane Avenue North	Council District(s)	9	Est. Completion Date	FY26
Project Location	Lane Ave North	Project Number	011016	Capital Maint. Category	None
Department	Public Works	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Roads / Infrastructure / Transportation	Urban Core	No	Est. Useful Life	

Description or Scope

Widening of Lane Avenue North from 5th to 12th Street. The intent is to take it from two lanes to five lanes. This project includes engineering, permitting, right-of-way acquisition and construction.

Justification

This will relieve traffic congestion and safety issues due to the increase of tractor trailer traffic in the area.

Project Title	Woodside Street Underdrain Drainage Improvements	Council District(s)	9	Est. Completion Date	TBD
Project Location	Woodside Street	Project Number	011366	Capital Maint. Category	None
Department	Public Works	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Roads / Infrastructure / Transportation	Urban Core	No	Est. Useful Life	25 years

Description or Scope

Project will construct underdrain and cleanouts along both sides of Woodside Street which will be connected to the existing City system on Line Street. Installs appx. 2200 LF of 6 inch underdrain pipe, repairs pavement and repairs sidewalk.

Justification

Reduces major roadway flooding along Woodside Street. This project was developed in response to a CARE/My JAX issue.

Project Title	Jax Ash Site Pollution Remediation	Council District(s)	7, 10	Est. Completion Date	Beyond 5 Years
Project Location	Lonnie Miller, 5th and Cleveland, Forest Street, Browns Du	Project Number	000564	Capital Maint. Category	None
Department	Public Works	Mayor's Priority	Health	APP/Vertical Construction	No
Program Area	Environmental / Quality of Life	Urban Core	No	Est. Useful Life	30 years

Description or Scope

The ash remediation program is a Superfund Site composed of four areas of the City where municipal solid waste was burned in an incinerator as a method of treatment to render the material inert prior to disposal. The incinerator ash was deposited in areas of Jacksonville in the early to mid 1900's and consists of approximately 3,700+ sites in four areas: Browns Dump, Forest Street, 5th and Cleveland and Lonnie Miller. Due to the inefficient technology of the time, the solid waste materials were not rendered inert and resulted to contain elevated levels of heavy metals and poly nuclear aromatic hydrocarbons above federal regulatory levels. The approved remediation method is to excavate the upper two feet of soil, replace with clean backfill, place institutional and engineering controls on the parcel. The ash is used as daily cover for the Trail Ridge Landfill. The program is overseen by the EPA and administered by the Solid Waste Division.

Justification

EPA Consent Order, court ordered legal action called a Record of Decision.

Project Title	Charles Webb Wesconnett Regional Library Roof Replace	Council District(s)	9	Est. Completion Date	TBD
Project Location	6887 103rd Street	Project Number	011367	Capital Maint. Category	Facilities Capital Maintenance
Department	Public Works	Mayor's Priority	Other/Maintenance	APP/Vertical Construction	No
Program Area	Public Facilities	Urban Core	No	Est. Useful Life	30 years

Description or Scope

This project will replace the flat roof sections with an upgraded single-ply system that will protect the facility from leaks and water intrusion.

Justification

The flat roof sections are currently experiencing leaks in multiple areas. Repairing the leaks and damages caused is becoming more and more difficult due to the age and condition of the roof. The current flat roof sections have exceeded their useful life and needs replacing.

Project Title	Ed Ball Building Fire Marshal's Plan Review Office	Council District(s)	COJ Building	Est. Completion Date	2026
Project Location	214 N Hogan St	Project Number	011199	Capital Maint. Category	None
Department	Public Works	Mayor's Priority	Public Safety	APP/Vertical Construction	No
Program Area	Public Facilities	Urban Core	No	Est. Useful Life	

Description or Scope

This project is to convert a portion of the Ed Ball 2nd Floor into an improved Fire Marshal's Plan Review Office.

Justification

The renovation will allow the Fire Marshal to bring all his review staff into one area. This will lead to more efficient reviews through improved and increased collaboration.

Project Title	Ed Ball Chilled Water	Council District(s)	COJ Building	Est. Completion Date	TBD
Project Location	214 N Hogan St	Project Number	010971	Capital Maint. Category	None
Department	Public Works	Mayor's Priority	Other/Maintenance	APP/Vertical Construction	No
Program Area	Public Facilities	Urban Core	No	Est. Useful Life	TBD

Description or Scope

The Ed Ball building has a chiller plant that produces its own chilled water for the air conditioning of the building. This project will fund the elimination of the chiller plant and the conversion of the building's current chilled water system to utility supplied chilled water.

Justification

The current chiller plant equipment is past it's useful life. Conversion to utility supplied chilled water will reduce operations, maintenance and utility costs for the building and eliminate the need for replacement costs for chilled water equipment.

Project Title	Ed Ball Parking Garage Elevator Modernization	Council District(s)	COJ Building	Est. Completion Date	
Project Location	238 W Monroe St	Project Number		Capital Maint. Category	None
Department	Public Works	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Public Facilities	Urban Core	No	Est. Useful Life	20 years

Description or Scope
Elevator Modernization

Justification
This building has two elevator cars and the supporting equipment is original and becoming obsolete. This is making repairs very costly with parts very difficult to source.

Department	Public Works	Mayor's Priority	Other/Maintenance	APP/Vertical Construction	No
Program Area	Public Facilities	Urban Core	No	Est. Useful Life	Varies

Description or Scope

Capital maintenance and emergency repairs to include hazardous material assessment/abatement, repairs under \$100,000, and downtown core routine maintenance on major equipment.

Justification

Without funding to address special, emergency or hazardous materials projects, the amount of deferred maintenance in the City will continue to increase.

Project Title	Facilities Capital Maintenance-Govt - Facilities Cap Assess	Council District(s)	Countywide	Est. Completion Date	Ongoing
Project Location	Countywide	Project Number	001257	Capital Maint. Category	Facilities Capital Maintenance
Department	Public Works	Mayor's Priority	Other/Maintenance	APP/Vertical Construction	No
Program Area	Public Facilities	Urban Core	No	Est. Useful Life	Varies

Description or Scope

This project will focus on assessing and remediating air quality improvements in building system components in facilities throughout the county.

Justification

This funding will allow us to properly maintain systems so that they run efficiently and provide a clean environment in city facilities.

Project Title	Florida Theatre - Facility Improvements	Council District(s)	Downtown Project	Est. Completion Date	FY28
Project Location	128 E Forsyth Street	Project Number	008966	Capital Maint. Category	Facilities Capital Maintenance
Department	Public Works	Mayor's Priority	Arts, Culture, and Enter	APP/Vertical Construction	No
Program Area	Public Facilities	Urban Core	No	Est. Useful Life	

Description or Scope

Funds for this project will be used for upgrading the stage lighting system, sound system, digital projection system, assistive listening system, theatre seating, repairs and restoration to the plaster and paint in the auditorium, replacing the HVAC system, restoring the marquee and canopy, improvements to the bathrooms, roof replacement, elevator upgrades and flooring repairs. This funding reflects the City's 50% partnership with the Florida Theater Performing Arts Center, Inc. (FTPAC). FTPAC will be contributing the remaining 50% for a total partnership contribution of \$5M over the 5 year period.

Justification

The equipment, fixtures, systems and building components are original to the facility and past it's useful life. Furthermore these repairs/upgrades will allow the theatre to meet the needs and demands of today's market and be sustainable with it's operations.

Project Title	JSO Warehouse Consolidation	Council District(s)	COJ Building	Est. Completion Date	2027
Project Location	1357 West Beaver Street	Project Number	011386	Capital Maint. Category	None
Department	Public Works	Mayor's Priority	Public Safety	APP/Vertical Construction	No
Program Area	Public Facilities	Urban Core		Est. Useful Life	

Description or Scope

Consolidating several JSO evidence/equipment warehouses and/or JSO offices around Jacksonville into one centrally located property.

Justification

Due to overcapacity and decline of the current JSO locations, this new site offers a much better maintained, all-encompassing, and centralized complex to accomplish the agency's mission.

Project Title	Mandarin Branch Library Roof Replacement	Council District(s)	6	Est. Completion Date	TBD
Project Location	3330 Kori Road	Project Number	011369	Capital Maint. Category	Facilities Capital Maintenance
Department	Public Works	Mayor's Priority	Other/Maintenance	APP/Vertical Construction	No
Program Area	Public Facilities	Urban Core	No	Est. Useful Life	30 years

Description or Scope

This project will replace the flat roof section with an upgraded single-ply system that will protect the facility from leaks and water intrusion.

Justification

The flat roof section is currently experiencing leaks in multiple areas. Repairing the leaks and damages caused is becoming more and more difficult due to the age and condition of the roof. The current flat roof section has exceeded its useful life and needs replacing.

Project Title	Public Buildings - Roofing	Council District(s)	Countywide	Est. Completion Date	Ongoing
Project Location	Countywide	Project Number	001016	Capital Maint. Category	Facilities Capital Maintenance
Department	Public Works	Mayor's Priority	Other/Maintenance	APP/Vertical Construction	No
Program Area	Public Facilities	Urban Core	No	Est. Useful Life	20 years

Description or Scope
Funds existing roofing contract that allows for roofing repairs and maintenance to all COJ roofs experiencing leaks.

Justification
The importance of having funding in place for this project protects the building's envelope, one of the most critical building components. If this project is not funded, minor issues in the building's envelope could grow into a much larger concern very quickly making a facility uninhabitable.

Project Title	Drainage System Rehabilitation – DSR General Capital Proj	Council District(s)	Countywide	Est. Completion Date	Ongoing
Project Location	Countywide	Project Number	010622	Capital Maint. Category	Drainage System Rehabilitatio
Department	Public Works	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Drainage	Urban Core		Est. Useful Life	Ongoing

Description or Scope

This allocation funds countywide improvements to the City's stormwater drainage system. The improvements are focused on system restoration to ensure that all components function in accordance with their intended purpose. Components such as failed drainage lines and structures make up the majority of these improvements. The funding is projected to be used for continuing maintenance contract services.

Justification

The improved drainage systems will allow the system components to function in accordance with their intended purpose and reduce flooding throughout Jacksonville.

Project Title	Hopkins Creek Regional Stormwater Improvements	Council District(s)	13	Est. Completion Date	TBD
Project Location	Hopkins Creek at Florida Blvd and Forest Ave	Project Number	010814	Capital Maint. Category	Drainage System Rehabilitatio
Department	Public Works	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Drainage	Urban Core	No	Est. Useful Life	25 years

Description or Scope

Replacement of undersized culverts at Florida Blvd, primary ingress and egress routes for all three Beaches communities with Florida Boulevard being one of the primary transportation corridors for eastern Duval County. The Engineering and Design phase will consider options for raising the roads and improving the hydraulic capacity of Hopkins Creek at the existing culvert crossings.

Justification

The existing culverts were constructed by the City of Jacksonville in 2004. With sea level rise and more intense storm events, overtopping at these locations will become more frequent creating a safety hazard and impacting pedestrian and vehicle connectivity for Duval County residents. These culverts also create a bottleneck in the regional drainage system, contributing to inundation of properties in both Atlantic Beach and Neptune Beach. the culverts must be replaced in conjunction with each other in order to relieve upstream flooding.

Project Title	Major Outfall Ditch Restoration/Cleaning	Council District(s)	Countywide	Est. Completion Date	Ongoing
Project Location	Countywide	Project Number	010120	Capital Maint. Category	Drainage System Rehabilitatio
Department	Public Works	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Drainage	Urban Core		Est. Useful Life	25 years

Description or Scope
The City of Jacksonville has 209 miles of major outfall ditches. The outfall drain major drainage basins throughout the county. Proactive restoration is needed to ensure these outfalls can help to minimize flooding during major storm events.

Justification
Proactive restoration/cleaning of major outfall ditches helps to minimize flooding and damage to properties during major storm events.

Project Title	Underdrain Replacements	Council District(s)	Countywide	Est. Completion Date	Ongoing
Project Location	Countywide	Project Number	009017	Capital Maint. Category	Drainage System Rehabilitatio
Department	Public Works	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Drainage	Urban Core		Est. Useful Life	15 years

Description or Scope

Underdrain is a drainage system installed under a road to collect and transport subsurface groundwater. These buried conduits are usually wrapped in geotextile fabric which allow water to enter the underdrain while keeping sediments out. Underdrain is installed to keep the groundwater (protect) from coming in contact with the roadway subgrade and base.

Justification

After many years of operating underdrain systems loose their effectiveness by becoming clogged and no longer capture groundwater. Once this occurs the roadway useful life becomes compromised and shorted.

Project Title	Brentwood Branch Replacement	Council District(s)	7	Est. Completion Date	TBD
Project Location	3750 Springfield Blvd	Project Number	010566	Capital Maint. Category	None
Department	Public Libraries	Mayor's Priority	Infrastructure	APP/Vertical Construction	Yes
Program Area	Public Facilities	Urban Core	No	Est. Useful Life	50 years

Description or Scope

To replace the Brentwood Branch Library with a library in the same area. The new library would focus on serving children and teens as well as adult learners, and provide career services. The building would be sustainably constructed for energy savings. For adults an e-classroom would be a pivotal area of the building providing free training and classes. For children and teens, the space would be STEAM focused. Programs offered free by the library teach people how to apply for work, provide employment resources, teach computer skills and resume writing, and support student learning.

Justification

This building is well beyond its useful life as was determined in the library's Capacity Plan. It was opened in 1930 as a movie theater and converted into a library in 1961. The unique layout has a multi story/mezzanine which is inefficient and expensive to operate as a library. The building also has asbestos flooring, wood rot inside the walls from long term water damage, aging bathrooms that are not able to be fully cleaned, inefficient staff spaces, inefficient HVAC, and insufficient power and data for computer demands.

Project Title	Brown Eastside Branch Replacement	Council District(s)	7	Est. Completion Date	TBD
Project Location	To be determined	Project Number		Capital Maint. Category	None
Department	Public Libraries	Mayor's Priority	Arts, Culture, and Enter	APP/Vertical Construction	Yes
Program Area	Public Facilities	Urban Core	No	Est. Useful Life	50 years

Description or Scope

Replace the Brown Eastside Branch Library with a new 20,000 square foot library in the same area. The new library would focus on serving children and teen's as well as adult learners. For children and teens, the space would be literacy and reading focused. Programs offered free by the library teach people how to read, how to apply for work, provide employment resources, teach computer skills and resume writing, and support student learning.

Justification

This building is well beyond its useful life as determined in the Library's Capacity Plan. The building is situated on 0.51 acres and was opened in 1961, with an addition in 1992. There was a parking lot renovation in 2005 as part of BJP. The 3381sf of space is inefficient to operate as a library. The building has inadequate staff workspace, aging bathrooms and insufficient power/data for computer demands. The mechanical equipment and communications rooms are too small for the housed equipment. Expandability: Additions do not appear feasible, due to the small size of the site and the limited on-site parking.

Project Title	Main Library - Collaborative Spaces	Council District(s)	7	Est. Completion Date	
Project Location	303 N. Laura Street	Project Number	000754	Capital Maint. Category	Facilities Capital Maintenance
Department	Public Libraries	Mayor's Priority	Arts, Culture, and Enter	APP/Vertical Construction	No
Program Area	Public Facilities	Urban Core	No	Est. Useful Life	50 years

Description or Scope

Transform the space at Main Library 4th Floor to Collaborative Work Centers - 4,000sf of interactive furnishings to provide access to knowledge, reserch, and collaborations for students or professionals. JPL intends to apply for applicable construction grants to offset/match the cost of construction for this project, where possible.

Justification

Libraries throughout the country are transforming themselves from places where people consume information and obtain knowledge to places where they create information and put knowledge to work. These new spaces will amplify and complement smaller-scale spaces which are already being developed and they will bring together resources for small business owners and entrepreneurs in a way that has not been done before. The Collaborative Spaces project promotes economic development by bringing people together to connect, learn, and decide by providing collaborative ways to conduct business, teach, and learn. A delay in the funding of this project would keep us from providing cutting edge experiences which promotes innovative growth.

Project Title	Master Plan - Libraries	Council District(s)	Countywide	Est. Completion Date	
Project Location	Countywide	Project Number	011379	Capital Maint. Category	None
Department	Public Libraries	Mayor's Priority	Arts, Culture, and Enter	APP/Vertical Construction	No
Program Area	Public Facilities	Urban Core	No	Est. Useful Life	

Description or Scope

The master plan is focused on assessment of current locations, identification of location expansion and opportunities for new ways of serving customers. An adaptable and flexible master plan focused on not only areas in Jacksonville/Duval County in need of a library branch but also on the needs of existing facilities.

Justification

The Jacksonville community continues to grow, having added 200,000 since the last time the Library system created a facility master plan in 2011. As new housing has been added, more people have taken up residence in neighborhoods that are more than 2-3 miles from an existing library. Additionally, the evolution of library services has created opportunities to address spatial needs in better ways to accommodate literacy, lifelong learning, and overall enrichment.

Project Title	Oceanway Center - Oceanway Library Replacement	Council District(s)	2	Est. Completion Date	2026
Project Location	12210 New Berlin Rd	Project Number	000761	Capital Maint. Category	None
Department	Public Libraries	Mayor's Priority	Infrastructure	APP/Vertical Construction	Yes
Program Area	Public Facilities	Urban Core	No	Est. Useful Life	50 years

Description or Scope

Construct a 30,000 sq ft library complete with library materials, computers, children's area, teen area, community meeting rooms, study rooms, computer labs, wireless internet, and drive up book drop. The Oceanway area is an underserved area for JPL. The projected usage of this location would be 300,000 visits per year. Other than the lockers at Oceanway Community Center, the closest library (Highlands Branch) to this area is over 10 miles away.

Justification

This area serves the third largest Naval fleet concentration in the United States-Mayport, and the major economic engine of the City -JAXPORT. This area is expected to grow 35% in the next 10 years. The Oceanway Branch Library would promote job growth and enhance the quality of life, support economic development and job creation. A library is also an educational hub for homework, study and life-long learning that is in demand by the constituents of NE Jacksonville. This is the fastest growing segment of Jacksonville which has no convenient access to library services.

Project Title	MOSH Building Relocation & Park Design	Council District(s)	Downtown Project	Est. Completion Date	TBD
Project Location	Near the Jacksonville Fire Museum and the USS Orleck nava	Project Number	010994	Capital Maint. Category	None
Department	Parks, Recreation & Community Services	Mayor's Priority	Economy	APP/Vertical Construction	Yes
Program Area	Public Facilities	Urban Core	No	Est. Useful Life	25 years

Description or Scope

This project will include the construction of certain Museum Improvements on a 2.5-acre "Museum Parcel" to be leased by the DIA to MOSH. The Museum Improvements include those certain improvements comprising a new museum of science and history to be constructed on the Museum Parcel in accordance with the Minimum Requirements, together with associated parking, driveways, and private outdoor exhibits spaces to be constructed on the Museum Parcel.

Justification

To provide additional public uses for this river front property.

Department	Parks, Recreation & Community Services	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Parks / Preservation Land / Wetland	Urban Core	No	Est. Useful Life	20 years

Description or Scope

This project is a countywide project intended to be used for maintenance, upgrades, and repairs associated with existing parks in Duval county. Projects such as fencing replacement, playground replacement, gym floor surfacing, field renovation, restroom renovations, safety lighting, trail repairs, and drainage improvements. The scope of any specific park project funded within a CRA boundary shall be clearly defined at the time of identification of such project. This scope clarification is applicable to funds remaining from prior year, as well as current year appropriations, and future year budgeted funding.

Justification

This project is a countywide project intended to be used for maintenance, upgrades, and repairs associated with existing parks in Duval County. Projects such as fencing replacement, playground replacement, gym floor surfacing, field renovation, restroom renovations, safety lighting, trail repairs, and drainage improvements. The CIP scope clarification is necessary to avoid conflict with CRA projects.

Project Title	Riverfront Plaza	Council District(s)	Downtown Project	Est. Completion Date	
Project Location	2 W Independent Drive	Project Number	009031	Capital Maint. Category	None
Department	Parks, Recreation & Community Services	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Parks / Preservation Land / Wetland	Urban Core	Yes	Est. Useful Life	

Description or Scope

This project will provide funding to study concept hardscape and greenscape, design and site prep work in conjunction with Downtown Investment Authority needed at 2 West Independent Drive for future development of two developable sites. This project provides funding to design and construct a destination riverfront park at the former Jacksonville Landing site in conjunction with a Downtown Investment Authority CRA private development project. Design of the restaurant at Hogan Street and design and construction of any restaurant on the development pad at Hogan on the riverfront is excluded from the scope of this project. This scope clarification is applicable to funds remaining from prior year, as well as current year appropriations, and future year budgeted funding.

Justification

To provide additional public uses for this river front property. The CIP scope clarification is necessary to avoid conflict with CRA projects.

Project Title	Riverside Park - Duckpond	Council District(s)	7	Est. Completion Date	
Project Location	753 Park Street	Project Number	007608	Capital Maint. Category	Park Capital Maintenance
Department	Parks, Recreation & Community Services	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Parks / Preservation Land / Wetland	Urban Core	No	Est. Useful Life	

Description or Scope

The duck pond needs to be refurbished to function so water systems can function and algal blooms would be limited. The duck and geese populations create an unsafe and odiferous environment for park users. This project would include the design and construction of redesign.

Justification

This is needed to continue to provide excellent recreational facilities to the citizens.

Description or Scope

This project will provide funding to design a new park at the approximately 9-acre riverfront park bounded by Catherine Street, Bay Street, and Hogan's Creek which is governed by Florida Recreation Development Assistance Program restrictions. In addition, this project will provide construction funding for that park as well as the recreational park components, including the pier removals and improvements, designed by the CRA on the adjacent unrestricted lands. This scope clarification is applicable to funds remaining from prior year, as well as current year appropriations, and future year budgeted funding.

Justification

Provide park space and revitalization to downtown. The CIP scope clarification is necessary to avoid conflict with CRA projects.

Project Title	Cecil Mega Site Rail Spur	Council District(s)	12	Est. Completion Date	
Project Location	Cecil Commerce Center	Project Number	010668	Capital Maint. Category	None
Department	Office of Economic Development	Mayor's Priority	Economy	APP/Vertical Construction	No
Program Area	Roads / Infrastructure / Transportation	Urban Core	No	Est. Useful Life	

Description or Scope

Construction of a new, 3-mile rail spur into the 600-acre City-owned Mega Site, at Cecil Commerce Center. The project would include clearing of vegetation and installation of rail spur and needed drainage infrastructure. The rail spur right-of-way is all owned by the City of Jacksonville. The new rail spur would be partially constructed on the former rail bed utilized by the U.S. Navy, when they occupied the former NAS Cecil Field.

Justification

The City successfully applied for and was awarded a Florida Job Growth Grant Fund Public Infrastructure Grant in the amount of \$5.5 million. Cecil Commerce Center is a master planned 6000-acre industrial park owned by the City of Jacksonville. The Cecil Commerce Center is located in a City-designated Distressed Area and Federal Empowerment Zone. The construction of the new rail spur will allow the City to better market the 600-acre tract of land, located at Cecil Commerce Center. The subject parcel has been certified as a "Mega Site" by McCallum Sweeney, an industry leader in industrial development assessments. CSX has had the Cecil Mega Site on their "Select Site" list, which helps with marketing the site to large industrial users that need rail access to a Class 1 rail line. The total project cost is estimated at \$8 million, with \$5.5 million DEO grant and \$2.5 million City contribution.

Project Title	Logistics Lane Road Extension	Council District(s)	12	Est. Completion Date	2025
Project Location	Cecil Commerce Center	Project Number	010699	Capital Maint. Category	None
Department	Office of Economic Development	Mayor's Priority	Economy	APP/Vertical Construction	No
Program Area	Roads / Infrastructure / Transportation	Urban Core	No	Est. Useful Life	30 years

Description or Scope
Construction of an extension of approximately one quarter (1/4) of a mile to the Logistics Lane roadway, commencing from the current cul-de-sac and extending the southeast corner of the Project Parcel. The road extension will comprise two lanes and will be constructed in a manner similar to the current specifications and condition of Logistics Lane. Estimated cost is \$3 million.

Justification
Extension of Logistics Lane to the southeast corner of the Mega Site Parcel at Cecil Commerce Center. The road extension will comprise two lanes and will be constructed in a manner similar to the current specifications and condition of Logistics Lane.

Project Title	Cecil Commerce Center - Wetlands	Council District(s)	12	Est. Completion Date	
Project Location	Cecil Commerce Center	Project Number	010674	Capital Maint. Category	None
Department	Office of Economic Development	Mayor's Priority	Economy	APP/Vertical Construction	No
Program Area	Environmental / Quality of Life	Urban Core	No	Est. Useful Life	

Description or Scope

Reclaiming and filling of previously permitted and future permitted wetlands on the Mega Site at Cecil Commerce Center.

Justification

The previously permitted remediation of wetland areas on the Mega Site required to be done by September 30th, per the existing permit with the US Army Corp of Engineers (USACOE). Wetlands have been partially filled in accordance with this permit; however, some wetlands must be re-permitted and filled due to growth overtime and St. Johns River Water Management District permit requirements.

Project Location	1000 Water St	Project Number	002696	Capital Maint. Category	Facilities Capital Maintenance
Department	ASM	Mayor's Priority	Arts, Culture, and Enter	APP/Vertical Construction	No
Program Area	Public Facilities	Urban Core	No	Est. Useful Life	

Description or Scope

Building wide projects, repairs and replacements such as Building Automation, boilers, chillers, building signage & graphics, concrete repairs, cooling towers, data infrastructure, digital signage, door replacements, electrical equipment, elevator and escalator modernization, exposed structural steel, food service development, food service equipment replacements, glass, lighting retrofits, misc. mechanical equipment replacements, parking lot resealing, plumbing equipment replacements, pumps, motors, roof replacements, exterior video signage, VFD's and water heaters.

Justification

Majority of major building systems are from 1986. Units are running ineffectively and inefficiently and have exceeded their useful life. Replacement will provide energy savings opportunities and improve guest satisfaction while visiting the venue.

Project Title	Concourse Flooring Replacement - VVMA	Council District(s)	Downtown Project	Est. Completion Date	2026
Project Location	300 A. Philip Randolph Blvd	Project Number	010981	Capital Maint. Category	None
Department	ASM	Mayor's Priority	Arts, Culture, and Enter	APP/Vertical Construction	No
Program Area	Public Facilities	Urban Core	No	Est. Useful Life	20 years

Description or Scope
Replacement of concourse floor.

Justification
The arena has started the first portion of this project with stripping the existing floor and grinding down the surface. The flooring in the arena was original to the building and this upgrade will prove to be more health conscious, modern, and easier to maintain.

Department	ASM	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Public Facilities	Urban Core	No	Est. Useful Life	20 years

Description or Scope

This project removes existing turf to add field options and bleachers. This will include but is not limited to pouring slab, permanent court flooring, installing goals/nets, retractable bleachers, conversion equipment, storage and temporary turf. This will also include restrooms and adjusted access points.

Justification

This will expand the use options of the flex field.

Project Title	Freight Elevator Modernization - VVMA	Council District(s)	Downtown Project	Est. Completion Date	2027
Project Location	300 A Philip Randolph Blvd	Project Number	011348	Capital Maint. Category	Facilities Capital Maintenance
Department	ASM	Mayor's Priority	Other/Maintenance	APP/Vertical Construction	No
Program Area	Public Facilities	Urban Core		Est. Useful Life	

Description or Scope
This project will replace the following for both the large and small freight elevators: Hoist Motor, Rope Gripper, Governor and Traction Ropes, Electrical Components.

Justification
Replaces and modernizes freight elevators for the Arena allowing us to proactively meet code compliance before the new standard is in place for 2028.

Project Title	HVAC Upgrades and Replacements - VVMA	Council District(s)	Downtown Project	Est. Completion Date	2027
Project Location	300 A Philip Randolph Blvd	Project Number	011347	Capital Maint. Category	Facilities Capital Maintenance
Department	ASM	Mayor's Priority	Other/Maintenance	APP/Vertical Construction	No
Program Area	Public Facilities	Urban Core		Est. Useful Life	15 years

Description or Scope

Replaces 1C1 (Makeup Air Unit) and Dehumidifiers (DAU). Includes purchase and installation of variable frequency drives and tie in to building automation system for longevity, control, and energy saving. Current spend is an additional \$10k+ annually for emergency repairs outside of normal maintenance and preventative maintenance practices and contracts.

Justification

The HVAC system and many components are original to the building. Commercial HVAC systems have a life expectancy of 12-15 years. HVAC and Mechanical experts (DOE and ACCA) state that replacing HVAC systems around 10-12 years can improve operating and energy costs.

Department	ASM	Mayor's Priority	Arts, Culture, and Enter	APP/Vertical Construction	No
Program Area	Public Facilities	Urban Core	No	Est. Useful Life	

Description or Scope

Replace finishes such as flooring, walls, ceilings, toilet partitions, upholstery and fixtures in main concourses, meeting rooms, ballrooms, public restrooms and general spaces throughout.

Justification

General age of spaces (over 30 years old) have original finishes. New finishes will increase guest experience, generating a positive experience for our clients and make the venues more attractive when competing against alternate local venues.

Project Title	Ritz Theatre Improvements - Building Systems - Ritz Theatr	Council District(s)	Downtown Project	Est. Completion Date	
Project Location	829 N Davis St	Project Number	002695	Capital Maint. Category	Facilities Capital Maintenance
Department	ASM	Mayor's Priority	Arts, Culture, and Enter	APP/Vertical Construction	No
Program Area	Public Facilities	Urban Core	No	Est. Useful Life	

Description or Scope

Building wide projects, repairs and replacements such as Building Automation, concrete repairs, Digital signage, door replacements, electrical equipment, exposed structural steel, food service equipment replacements, interior finishes, lighting retrofits, misc. mechanical equipment replacements, parking lot resealing, plumbing equipment replacements, pumps, motors, roof replacements, exterior video signage, stage finishes, stage sound and lights, water heaters and waterproofing.

Justification

Units are running ineffectively and inefficiently and will have exceeded their useful life at time of scheduled replacements. Replacements will provide energy savings opportunities and improve guest satisfaction while visiting the venue.

Description or Scope

This project focuses on the cleanup of various contaminated sites throughout the city. These dump sites are subject to a Memorandum of Understanding between the City of Jacksonville and the Florida Department of Environmental Protection to assess and remediate unlined dumps and any other contaminated sites the City owns or is designated as the Principal Responsible Party of cleanup. Examples of locations include the Imeson Landfill, Hema Road, Linden Avenue, Burke Street Pond and Springfield Park.

Justification

Sites are being assessed and/or remediated according to FDEP and/or EPA regulatory requirements.

Description or Scope

This project is a group of parcels located along the Ribault River across from the Gold Merit/Pope Place project the City is currently conducting remediation on. The project consists of one City owned parcel of approximately 20-acres in size and 15 private parcels where solid waste and other contaminated debris was dumped.

Justification

The project is a old dump site that was discovered during the assessment of the Gold Merit Pope Place project that is located directly across the Ribault River from the Hema Road Site. The GMPP site is one of the dump sites that was part of the MOU with the FDEP for identifying, ranking, assessing and eventually cleanup of the uncontrolled dumps sites located across Duval County. The City entered into a Consent Decree OGC Number 16-1452 with the FDEP to assess and remediate the site. The site assessment has been completed, the FDEP as reviewed and approved the assessment and the opinion of probable cost of cleanup has been prepared by the environmental consultant. The City intends to bid this project in FY24-25 as a design build project since a significant portion of the debris lies within the 100 flood plain that would allow consultants considerable leeway in determining how to remediate the site without releasing impacted sediments and soils into the Ribault River.

Project Title	Hollybrook Park Environmental Assessment and Remediation	Council District(s)	9	Est. Completion Date	
Project Location	210 Hollybrook Ave.	Project Number	011008	Capital Maint. Category	None
Department	Solid Waste Disposal	Mayor's Priority	Health	APP/Vertical Construction	No
Program Area	Environmental / Quality of Life	Urban Core	No	Est. Useful Life	20 years

Description or Scope

This project is the continuation of the Burke Street Pond assessment and cleanup pursuant to the consent Decree OGC Case Number 00-1899 between the City and the Florida Department of Environmental Protection. The pond area and all associated assessment work have been remediated and cleared by the FDEP. The Consent Decree stipulates the City is required to continue the assessment and if necessary, the cleanup of the immediately adjacent parcel to the south of the pond site.

Justification

The Site assessment and cleanup is being conducted in accordance with the requirements of OGC Case Number 00-1899 between the City and the FDEP. The site requires cleanup due to exceedances of heavy metals in both soils and groundwater and poly nuclear aromatic carbons in soils. Additionally significant amounts of buried solid waste debris including incinerator ash materials have been found and mapped across the site to depths at least 10-feet below grade and piled above grade surface to heights of 10-15 feet. The proposed McCoy's Creek Flood plain enhancement project for the north branch runs through the property, and as such, that project cannot proceed until the HollybrookePark site is assessed and remediated. A cleanup grant from NOAA greater than \$5 million for the creek portion of the McCoy's Creek project has been received by the City's partner, Groundwork Jacksonville, and as such, that project funding is in jeopardy until this site is completed.

Project Title	McCoy's Creek Waste Oil Petroleum Discharge	Council District(s)	7, 9, 12	Est. Completion Date	
Project Location	Petroleum materials identified in McCoys Creek between St	Project Number	010993	Capital Maint. Category	None
Department	Solid Waste Disposal	Mayor's Priority	Health	APP/Vertical Construction	No
Program Area	Environmental / Quality of Life	Urban Core	No	Est. Useful Life	20 years

Description or Scope

This project focuses on the assessment and remediation of petroleum impacted soils and sediments discovered within the McCoy's Creek flood plain improvement project. During excavation activities for the flood plain improvement project, spoil materials were transported to an off-site borrow pit located off MIA-POW Parkway. The owner of the borrow pit informed the City that a fish kill at the borrow pit prompted them to have their environmental consultant collect soils samples of the borrow materials from the McCoy's Creek project. Petroleum, pesticides and PCBs were detected in the sample test results with several contaminant parameters above the Soil Cleanup Target Levels Cleanup levels that requires the owner/operator of the site to notify the FDEP of a discharge under Chapter 62-781, Florida Administrative Codes. Subsequent testing of additional spoil materials and the soils within the area of the McCoy's Creek project footprint found similar contaminant parameters and concentration levels. An area approximately 400 feet in length and 100 feet in width down to 8-9 feet in depth has been identified as impacted with petroleum waste oil.

Justification

Based on the test results, a Discharge Notification was sent to the FDEP and the FDEP has assigned a facility ID# to the site. Assessment and cleanup will be required. This area is critical path item for excavation for the flood plain improvement project.

Project Title	Trail Ridge Landfill Const & Expansion - Trail Ridge Landfill	Council District(s)	12	Est. Completion Date	Beyond 5th Year
Project Location	5110 US Highway 301 S	Project Number	001404	Capital Maint. Category	None
Department	Solid Waste Disposal	Mayor's Priority	Health	APP/Vertical Construction	No
Program Area	Environmental / Quality of Life	Urban Core	No	Est. Useful Life	33 years

Description or Scope

This project focuses on the design and permitting for the next five years of the landfill expansion that coincides with the 20-year solid waste operation permit the City received from the Florida Department of Environmental Protection. Following the 20 year CIP schedule that is based on the actual operating conditions at the facility, the construction schedule overlaps year to year for design and permitting, followed by construction and operation and then closure for the lower terraces of the landfill as the disposal units are vertically and horizontally filled with waste and parts of the landfill reach terminal permitted elevations. The construction and closure sequence proceeds from south to north. The closure design for 50-acres that spans the Disposal Units 1-5 into Disposal Unit 6 is on-going. Disposal Unit 7 has been constructed and is in progress of being filled with waste. One-half of the 50-acre closure will be done in FY24-25 and the remaining acreage will be closed in FY25-26.

Justification

The landfill serves as the only source of cost-effective disposal of Class 1 waste in Duval County and by Ordinance 386, Class 1 waste must go to the Class 1 landfill owned by the City. The FDEP permit requires a sequential design, permitting, disposal operations and closure for the expansion area.

Description or Scope

Design and construction of drainage improvements from the outfall of the Regional Pond at 5875 118th Street, across Nancy Drive and north to Ortega Farms Boulevard.

Justification

Funding will be used to improve drainage and alleviate flooding issues on residential properties along the entire outfall.

Project Title	Drainage System Rehabilitation - Drainage System Rehabili	Council District(s)	Countywide	Est. Completion Date	Ongoing
Project Location	Countywide	Project Number	001031	Capital Maint. Category	Drainage System Rehabilitatio
Department	Storm Water Services	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Drainage	Urban Core		Est. Useful Life	Ongoing

Description or Scope

This allocation funds countywide improvements to the City's stormwater drainage system. The improvements are focused on system restoration to ensure that all components function in accordance with their intended purpose. Components such as failed drainage lines and structures make up the majority of these improvements. The funding is projected to be used for continuing maintenance contract services.

Justification

The improved drainage systems will allow the system components to function in accordance with their intended purpose and reduce flooding throughout Jacksonville.

Project Title	Forest Trail Drainage Improvements	Council District(s)	12	Est. Completion Date	2028
Project Location	Forest Trail Road	Project Number	010583	Capital Maint. Category	Drainage System Rehabilitatio
Department	Storm Water Services	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Drainage	Urban Core	No	Est. Useful Life	25 years

Description or Scope

This project will significantly upgrade the drainage systems in the area, to alleviate the existing flooding issues.

Justification

Forest Trail Road and surrounding areas experience significant flooding during heavier rainstorms.

Project Title	Hogan's Creek Stormwater Improvements	Council District(s)	7	Est. Completion Date	TBD
Project Location	Hogan's Creek	Project Number	011382	Capital Maint. Category	None
Department	Storm Water Services	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Drainage	Urban Core	Yes	Est. Useful Life	20 years

Description or Scope

This project will design and implement a stormwater treatment plan for Hogan's Creek to help address the creek's water quality and lack of treatment. This would also help to decrease fecal coliform contamination and promote recreational access and utilization. This system could include the use of "flexflow" to protect downstream public health and improve aquatic biology in Hogan's Creek and potentially the St. Johns River.

Justification

Protect downstream public health and improve aquatic biology in Hogan's Creek and potentially the St. Johns River.

Project Title	Hyde Park Road Drainage Improvements	Council District(s)	9	Est. Completion Date	
Project Location	Hyde Park Rd. between San Juan Ave. and Hyde Park Haven.	Project Number	011211	Capital Maint. Category	Drainage System Rehabilitatio
Department	Storm Water Services	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Drainage	Urban Core	No	Est. Useful Life	

Description or Scope

This project addresses residential street flooding on Hyde Park Road by installing new stormwater inlets and a pipe system, which will be connected to the existing FDOT stormwater drainage network on San Juan Avenue.

Justification

This project was initiated in response to MyJax issue #220601-000782 and is currently on the City's DSR Priority Ranking list.

Project Title	Natures Hollow Way Drainage Improvements	Council District(s)	5	Est. Completion Date	
Project Location	Drainage ditch behind properties along Brighton Dr. from Sa	Project Number	011208	Capital Maint. Category	Drainage System Rehabilitatio
Department	Storm Water Services	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Drainage	Urban Core	No	Est. Useful Life	

Description or Scope

Repair the existing drainage ditch that is eroding onto private property.

Justification

This project was developed in response to CARE 2017-5003477 and MyJax Issue 240430-001122. The existing ditch is eroding and causing issues on the neighboring private properties. This issue is currently on the City's DSR priority ranking list.

Project Title	Stormwater Project Development & Feasibility Studies	Council District(s)	Countywide	Est. Completion Date	Ongoing
Project Location	Countywide	Project Number	008252	Capital Maint. Category	Drainage System Rehabilitatio
Department	Storm Water Services	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Drainage	Urban Core		Est. Useful Life	

Description or Scope

This allocation funds engineering studies that will evaluate various potential drainage projects throughout the City to determine which ones have cost effective solutions, define what the solutions are, identify what issues will need to be resolved and prepare project cost estimates.

Justification

Public Works has prepared a prioritized listing of drainage/flooding issues that need to be addressed. Feasibility studies can determine if a drainage problem has a cost effective solution and provide a scope and cost.

Project Title	Stormwater Pump Stations - Capital Maintenance	Council District(s)	Countywide	Est. Completion Date	Ongoing
Project Location	Countywide	Project Number	008976	Capital Maint. Category	Drainage System Rehabilitatio
Department	Storm Water Services	Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Drainage	Urban Core		Est. Useful Life	10 years

Description or Scope

This allocation funds countywide stormwater pump replacements and capital maintenance. The City currently has 12 pump stations countywide. Each pump station has multiple pumps present with some pump stations having as many as 4 pumps present. The funding is projected to be used for the replacement of deteriorated pumps and capital maintenance and repair as needed.

Justification

The City of Jacksonville utilizes pump stations countywide. The pumps have to be operable to keep the pump stations working. The pump stations convey stormwater and prevent flooding.

* Projects are on current closure memos, and are going through the clean-up process.

The following projects have Description Scope and/or Jusitification changes:

Project Title:	Police Memorial Bldg - Maint & Upgrades	Council District(s):	COJ Building
Project Location:	501 E Bay St	Project Number:	007236
Department:	Public Works	Program Area:	Public Facilities
Ordinance No.:		BT No.:	
		Useful Life:	10-20 years
		Project Completion Date:	Ongoing

Original Description or Scope:

The facility and its infrastructure are over 30 years old. Additionally this facility experiences heavy use on a daily basis, as such the wear and tear tends to be greater than that of a traditional government facility. Major issues which will be addressed with these funds are: phased in replacement of all air handling units, replacement of the backup chiller for the 911 call center, replacement of the HVAC controls with a building automation system, and replacement of the cooling tower used to provide chilled water to the air handlers which air condition the facility.

Revised Description or Scope:

This project is for maintenance, repairs, and necessary upgrades to the aging Police Memorial Building. Additionally, this funding is to be used to relocate the existing PMB chillers to St James City Hall.

Original Justification:

It is vital that we properly maintain this facility since it is an integral part of maintaining public safety.

Revised Justification:

Much of the PMB infrastructure is aging and needs attention. However, the St James City Hall chillers have reached the end of their useful life and the current PMB chillers, only a few years old, will replace them.

Council District(s): 7

Project Number: 010578

Program Area: Roads/Infrastructure/Transportation

Project Completion Date: 2028

Original Description or Scope:

This project is for the conversion of portions of Monroe Street from one-way to two-way where feasible, and bike-ped enhancements in other portions including sidewalk enhancements, dedicated bike lanes, etc.. This project includes, but is not limited to, signals, pavement markings, on-street parking devices, sidewalk enhancements and curb relocation where appropriate. This scope clarification is applicable to funds remaining from prior year, as well as current year appropriations, and future year budgeted funding.

Revised Description or Scope:

This project is for improvements to Monroe Street implementing a Complete Streets approach. This will include bicycle and pedestrian enhancements such as sidewalk enhancements, dedicated bike lanes, etc. The project will include signals, pavement markings, on-street parking, sidewalks, landscaping, and curb relocation, where appropriate.

Original Justification:

Returning this street to two-way operation will help to create a more complete street, improve pedestrian safety and promote street level business. The CIP scope clarification is necessary to avoid conflict with CRA projects.

Revised Justification:

Numerous recent residential developments throughout the near north core of downtown are bringing more non-vehicular users to downtown. In addition, the new University of Florida Jacksonville Campus will be located along Monroe Street. Upgrading Monroe from a one-way, vehicle-focused corridor to a Complete Street will better serve the current and coming residents and users in downtown. This east-west bicycle facility will connect to the Hogan Street and Liberty Street bicycle facilities currently in design.

Council District(s): COJ Building

Project Number: 011225

Program Area: Public Facilities

Project Completion Date:

This project will provide miscellaneous renovations to the first-floor area occupied by the Building Inspection Division. Renovations will include, but may not be limited to, painting, electrical work, and conference room improvements.
--

This project will provide miscellaneous renovations to the first and second floor area occupied by the Building Inspection Division. Renovations will include, but may not be limited to, painting, electrical work and conference room improvements.

The current first floor facility needs to be updated to keep up with the demands of the Division.

The current first and second floor facility needs to be updated to keep up with the demands of the Division.
--
