

ABILITY HOUSING

building strong communities
where everyone has a home

Mission:

To build strong communities where everyone has a home

Vision:

A society where housing is a right, not a privilege; and all individuals have safe, affordable housing in vibrant communities

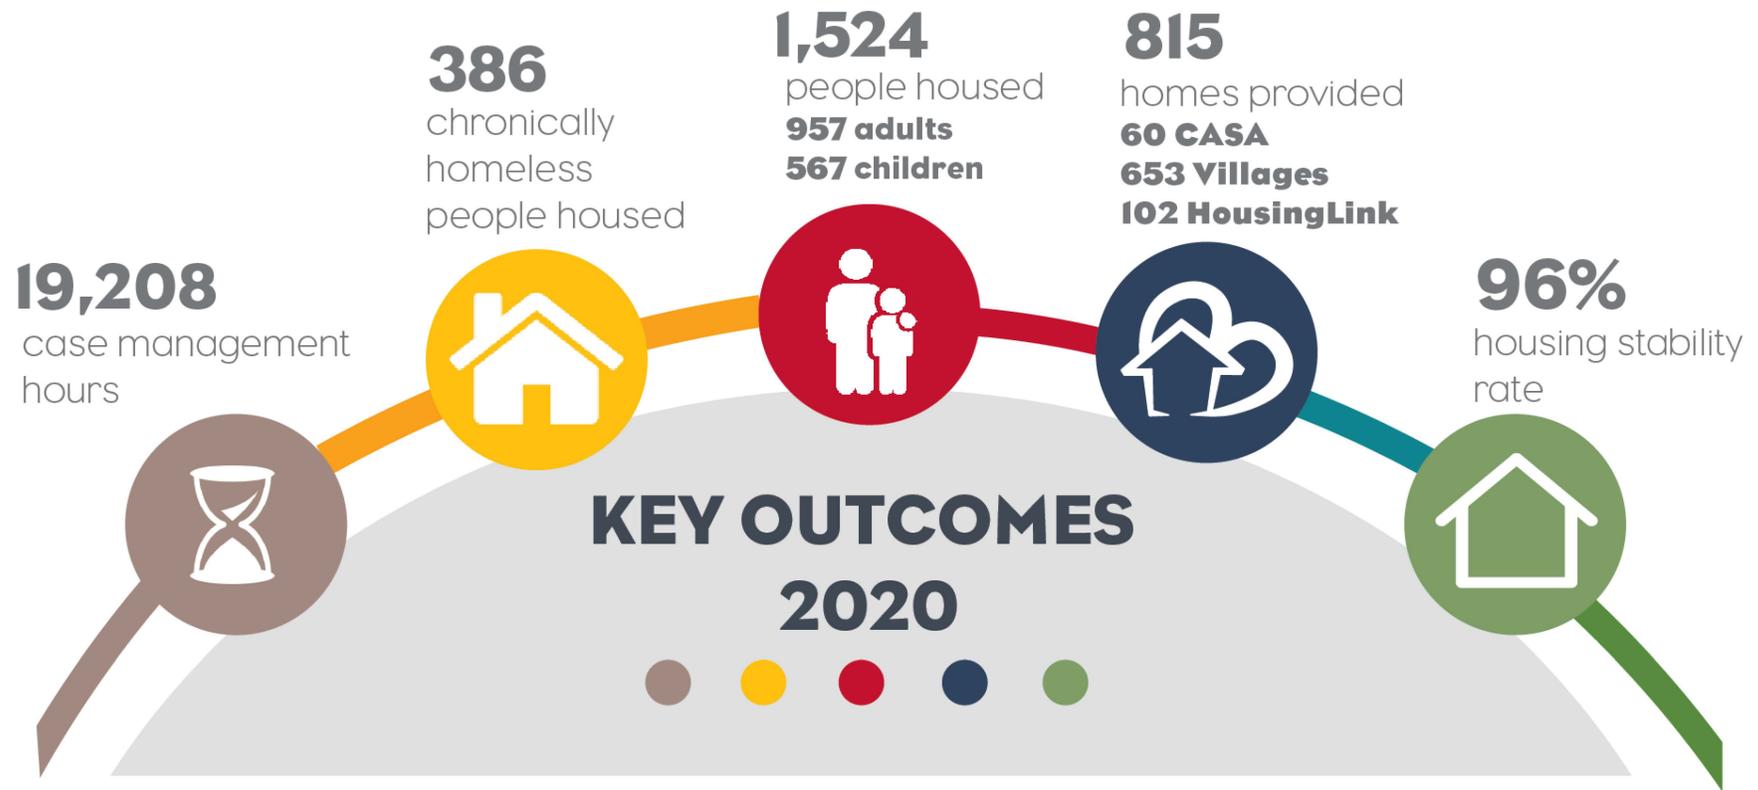

Throughout its history, Ability Housing has developed rental housing the market can't or won't provide... can't because the rents households can afford are too low to be provided by the market; won't because other types of housing development are more profitable.

Ability Housing provides...

- high quality affordable housing to families, seniors, veterans, individuals, and adults with a disability
- resident services
- individualized support services for formerly homeless residents

All properties are operated to foster residents' increased resiliency and economic mobility

Priscilla Farrell-St. Louis is a single mother to her two girls (Nyliah 8 and Kalynah 4) who lives at Ability Housing's Oakland Terrace property.

Priscilla began attending employment workshops hosted at Oakland Terrace with Goodwill Industries in October of 2021. She is now working towards her goal of having her cosmetology license reinstated. Since engaging with Goodwill, Priscilla enrolled in a program at Florida State College at Jacksonville where she can utilize financial aid from FAFSA to pay for classes.
