Program Strategy: Increasing Police Presence and Eliminating Crime

Program Summary:

Demolition and/or nuisance abatement of property safety/maintenance code violations, which contribute to severe blighting and unsafe conditions within neighborhoods and provide potential haven for criminal activity. Municipal Code Compliance Division cites unsafe structures, abandoned/junk vehicles, established residential/commercial minimum building standards violations, nuisance (overgrowth, trash, debris, etc.) conditions, and vacant/open structures, which require board-up. If owners fail to address unsafe structure and/or nuisance issues, provided funding assists with demolition and site clearance activities to correct code violations. DART (Drug Abatement Response Team): MCCD partners with Jacksonville Sheriff's Office, in addition to Jacksonville Fire and Rescue Division, Animal Care and Control, J.E.A., Community Services, and the Office of General Counsel, to inspect properties where reported criminal activity(-ies) occur. During DART "hits" or projects, MCCD may deem a structure as unsafe and subsequently condemn it; if negligent owners fail to correct violations, the city may ultimately arrange for abatement via demolition and/or heavy debris site clearance of nuisance conditions.

Program Overall Status:

As of February 28, 2013, Municipal Code Compliance Division has contracts for completion of or has completed 40 demolitions (12 complete/28 pending) and 47 site clearances (34 complete/13 pending within CPAC Zones 1 – Urban Core and Zone 5 – Northwest).

Successes:

Removal of unsafe structures and extreme nuisance conditions, which cause blighting influences and encourage/harbor criminal activities.
